The Views

by Cathy Hartrich

When I moved here almost 10 years ago, I came for the views. That was number one on my list of priorities. Little could I guess back then that our restaurant, lounge, and terrace as well as our golf club would carry this most significant name. And while we're still not quite ready to experience the new digs, the process and positive changes already made have been fruitful for our community.

If you have not experienced a Friday night Happy Hour, you've missed something wonderful. It's a gathering place where you may run into friends and neighbors that you haven't seen in years, listen to some really good music and chat about the latest happenings. Our Wine and Holiday Dinners have been amazing. Each and every one sold out, or at least the reservation lists say so. I have had the pleasure of hostessing most of these dinners, and I can tell you first hand that residents attending are extremely satisfied and highly recommend them. We have an amazing staff with Chris Sapp and Leif Wolcott at the helm. Executive Chef, Benjamin Hoffman, and his crew are truly blessing us with delicious and exceptional meals. The one discouraging thing is the number of no-shows. The Views has had to turn people away even though there were places still available. Please take the time to cancel your reservation if you are unable to attend, so that your neighbors on the waiting list will be able to enjoy the evening and The Views won't be wasting food. We're all having such a good time and enjoying outstanding offerings; let's not spoil it by being inconsiderate.

If you haven't taken the opportunity to visit The Views, stop by and say, "Hi" to Chris and Leif, and let them know what kind of dinners you'd like to see in the future. And if you have any catering needs, big or small, let The Views help make it a memorable occasion. It's St. Patrick's month, and we know how much fun it is to share that green drink with friends. Next year at this time we'll all be able to visit the newly-remodeled restaurant, lounge, and terrace. It seems like a lengthy process, but it's going to be terrific, and each of us will greatly enjoy The Views.

Volunteer for a committee

Every year about this time a very important process begins. That process is seeking new members for the many Association committees. As I did last year, I am once again asking the very talented pool of SCOV residents to please consider serving on one or more of your very valuable and productive committees.

If you haven't served on a committee or even if you have, it might be difficult for you to realize how much the committee structure means to SCOV. The Board and staff work hard and perform many tasks to help keep the community operating as well as possible. However, the investigations, evaluations and projects that the committees undertake equate to a significant portion of the Association's work. Simply put, without the committees there would be a need for a much larger staff (more expense to the homeowners) or the community would not be able to accomplish the volume of work that is presently undertaken.

Please consider being part of the solution and volunteer for one or more of our vital committees. In addition to ad hoc committees that the Board may appoint from time to time, the committees you are urged to consider joining are: Aquatic & Fitness Center, Ambassadors, Active Health, Architectural Review, Community Assistance, Community Directory, Consumer Referral, Election, Finance/Budget, Food and Beverage, Gift Shop, Golf Advisory, Government Affairs, Marketing, Neighborhood Pride, Nominating, Posse, Properties, and *Tipster* Editorial.

Now is your opportunity to get involved in shaping the future of your community. We urge members to complete and return the committee application form that will be found in the March *Tipster* or go to the Association website at www.scovaz.com to complete the form.

Depending on the number of responses, we may not be able to place each interested resident on a committee. Our goal, however, is to build a database of interested volunteers who can step into a committee assignment not only now but also in the future.

Building Connections

By Kate Cusumano

The Sun City Oro Valley Library is a favorite place to spend time, whether it's finding the perfect book or movie, finding like-minded friends, or volunteering behind the desk. What started out in 1988 with 35 paperbacks and a set of cookbooks in a closet-sized room, has evolved into the current 1500 square foot state-of-the-art facility in the Welcome Center. A major renovation completed in August 2015 brought the library into the 21st century with a computerized circulation system that allows residents to connect with the library catalog and put items on reserve from a computer or smart phone anywhere. Decorated with artwork crafted by SCOV residents, it is a vi-

sisting them finding books and videos and keeping the shelves in order. Several work in the library office at a myriad of jobs, including adding newly acquired items to the database, handling the large volume of donated books and videos, covering and processing new items for the shelf, and calling patrons about overdue. Donated materials that are not added to our collection are sold, traded at Bookmans, or passed on to other worthy organizations, such as the VA hospital, a woman's prison, and the public library. All told, about 300 hours are worked each month by library volunteers to keep things running efficiently in one of SCOV's most popular amenities.

brant place to get a movie recommendation or talk to a friend about a good book you've just read. The Library Lobby, decorated in a Western motif, has a leather couch and side chairs for reading comfort. On display are hundreds of current magazines and jigsaw puzzles donated by residents and available on the honor system.

Our 15,000 item collection of hardbacks, paperbacks, large print, audiobooks and videos holds mainly new titles that suit our active retirement community. You won't find anything on how to get your baby to sleep through the night, but you will find plenty of books on hiking, birding or gardening in Arizona, the history of the West, and nearly every title on the New York Times bestseller list. Librarian Kate Cusumano stays busy purchasing bestselling books, hit movies, and the latest season of popular television series that residents get hooked on. All of these items are purchased with money raised through direct donations, fundraising by an active Friends of the Library organization and the sale of donated items.

In a community that operates largely on volunteer power, the SCOV Library takes volunteering to new heights. A dedicated volunteer staff of around 50 residents works at the circulation desk, or behind the scenes in the back room, to keep the Library open five and a half days a week. Most work at the front desk, greeting fellow residents, checking items in and out, as-

Although small, our library successfully competes with an excellent local public library by offering a more personalized experience. Recently, SCOV resident Esther Zeis asked Kate if she would consider purchasing a book that wasn't already in our collection. "I'm number 17 on the waiting list with the public library, and I need it for my book club next month," she said. The book was a fairly recent publication with good reviews, and Kate agreed to buy it. Within three days, the book was in Esther's hands. It is this kind of neighbor to neighbor connection that makes our library stand out.

SCOV library patrons love to meet favorite authors, and the library makes this possible by bringing in five or six authors a year to speak and sign copies of their latest books. The Friends of the Library hosts another two authors at an annual Books and Authors Luncheon fundraiser. Past authors include locally beloved and bestselling author JA Jance, and Philip Caputo, a Pulitzer-prize winning journalist and author.

Studies show that reading reduces stress, enhances memory, sharpens analytical thinking skills and forges new connections in the brain. We can all use that, right? Stop by the library soon to check the bestseller list, find a good movie, peruse our book sale, chat with a friendly volunteer, sharpen your thinking skills, and form new connections. We'll be ready for you.

What You, as a Homeowner, Can Do About Landscape Maintenance in the Common Areas

One of the beautiful aspects of our community is the natural landscaping. As a resident of Sun City Oro Valley you enjoy the 1000 acres of Common Area land owned and cared for by the Association. The manager of our Common Area Maintenance crew is Mary Kaye Cunningham. Mary has worked for the Association since the very beginning. Her crew have many responsibilities with all this land to manage, one of which is to maintain most of the common area that abuts homeowner lots.

There is a maintenance schedule where a 5' buffer is maintained behind homeowner lots on our common area. It takes approximately 6 months for her staff to cover this area.

If you want landscaping done before the crew comes behind your lot you can participate in the Pre-Qualified Landscaper program. This is a program which qualifies landscapers who have gone through a process that informs them of what work is allowed in our common areas. It is the responsibility of the homeowner to interface with the Association and apply for the work to be done and to make sure the permit is properly displayed. If your favorite landscaper is not on the list, there is an application process for them to become qualified.

The scope of work that can be done, including trimming and removal of trees, may be found on our website under the *Members Services* > ? Section of our website. The applications need to be submitted to our Community Services Coordinator who is available during the work week from 9-11 AM.

Another type of common area maintenance the Association manages is for lots that qualify as a Golf Course View Lot. The services the Association provides behind these lots can be discussed with Mary Kaye by calling her at 917-8059 or emailing her at scvcm@suncityorovalley.com.

We all enjoy and appreciate the beautiful landscaping of our natural desert surroundings and our relationship between our homeowners and the Association. This is another excellent service provided and administered by the Association to enhance your property values.

Preparing for a Club Special Event

We have on file how clubs want rooms set up for regular meetings. Never assume everything will be ready for your event if you have not told

Coco Sullivan (917-8072) what you need. We find guest speakers are arriving who need a projector, sound system etc. It won't be there if a room set-up was not submitted to Coco. We want your presentations/events/parties to be a success, but if we are not told ahead of time what you need, it won't be ready. It is not the fault of the monitor if they don't receive a set-up sheet from Coco. SCOV is the only community that has monitors. In other communities club members set up and prepare everything. The club president/leader is the main contact for your club with Coco. Directions are taken only from this person. Let's communicate so that every event goes smoothly.

Some of the best movies of 2015 are now being released on DVD, which means that it is movie season in the Library. New releases of blockbuster movies, Academy Award nominated films, and the hottest television series are arriving weekly. Did you know that videos are easily put on reserve from home, or in person? It's a good idea to put items you want on hold, because when I know there is a high demand for an item, I buy extra copies.

A quick list of what's new: The latest in fiction by Debbie Macomber, J.D. Robb and Jeffrey Archer; *Scandalous Behavior* by Stuart Woods; Carly Simon's memoir in audio; *Spotlight*, *Trumbo* and *Steve Jobs* in video; *See Me* by Nicholas Sparks; and *Come Rain or Come Shine* by Jan Karon in large print. Do I Need Different Types of Exercise?

Different types of exercise benefits your health in different ways:

Aerobic activities like running, biking and swimming strengthen your heart and increase your endurance.

Strength training like weight lifting or resistance training builds muscle and bone mass, improves balance and prevents falls. It's one of the best counters to frailty in old age.

Flexibility exercises like stretching and yoga help prevent injury, enhance range of motion, reduce stiffness, and limit aches and pains.

At first, just focus on getting any kind of exercise, whatever it may be. As exercising becomes your habit, try adding variety. If you keep at it, the benefits of exercise will begin to pay off.

Architectural Review

Chair Lou Gard 520-825-4773 lougard@q.com
Second and Fourth Tuesday, 2 PM, WC3

SCOV is fast approaching its 30th anniversary and as you drive through the community, you see many homes with roof repairs or complete roof replacements going on. Many of you have had this work done, sometimes at considerable expense. The newest homes in SCOV are about 18 years old, the oldest in the 28/29 year old range. As these homes have sat in the blistering summer heat for all those years, the underlayment and plywood may have become degraded and may cause roof leaking to some degree.

As roof tiles are removed many, from 10 to 20 percent, may break due to age or the effects of the constant heat. It is becoming more difficult to find compatible roof tiles to match. Very few of the roof tiles originally used on our homes are being manufactured today. Small repairs can be done by putting closely matching tiles in an inconspicuous location on the roof. However, on a complete roof removal and replace (lift and relay) there may not be adequate replacement tiles available. This may force the homeowner to replace the complete roof with new tiles.

Election Committee

SCOV Voter Validation and Ballot Counting

March is the month when the Election Committee meets weekly to validate ballots. In February's Election Committee's *Tipster* article it was explained how the validation process is conducted. This month the process for counting the ballots is explained.

On Tuesday, March 22 at 8 AM, the Election Committee will gather in the Welcome Center to count the ballots submitted by eligible homeowners. The validated ballots have been placed in bundles of 25. The Election Committee is divided into counting teams of two. There are also two statisticians. The Election Committee knows how many votes they must account for in the election for the directors and each question. They also know the margins that are required for an initiative to pass. The counting teams begin by opening the bundles of 25 white red lettered ballot envelopes and making tallies on a tally sheet. They account for all 25 envelopes (votes).

Election Committee continues on page 8

Election Committee continued from page 7

Their tallies are then submitted to the statisticians who enter their votes into a master spreadsheet. Randomly, a vote batch is recounted to test for accuracy. There are new and veteran members on the committee. When there are questions, the veteran members usually are able to answer the questions.

Once all the ballots have been tallied and accounted for, the statisticians prepare the report to the management who reports to the Board and community on the vote. If this report is prepared before the Board meeting is over, the results will be announced during the Board meeting. If not, they will be posted on the doors, bulletin board and sent out on *In the Know*, and Bob Mariani's *This Week in SCOV* newsletter.

Residents are welcome to observe the validation process and count of the vote.

The new menu looks great. It offers some old favorites along with new choices. If you have a reservation for a special dinner and are unable to make it, please remember to call and cancel. There is always a waiting list, and this will allow someone else to take your place. Thanks to all the residents for your patience with crowds at Happy Hours, Sundays and Special Dinners. Your response to these events has been outstanding. It just shows how much we need the extra space of the newly planned lounge and patio. We can't wait to get this operational.

Friends of the Library

The Friends of the Library annual Books and Authors Luncheon has been sold out.

We had a very successful membership drive in January. If you missed the drive you can still become a member of the FOL by asking the volunteers at the desk in the library. Annual membership is \$15 pp and \$20 for a household. That money is used for library acquisitions and expenses. Donations of current books and DVDs are always welcome. There are shelves in the library lobby for a magazine swap and jigsaw puzzles.

General Manager Selection Committee

Chair Dick Brammell

The current GM (General Manager) Bob Mariani, of SCOV has announced he will be retiring on December 31, 2016. This gives the community time to search for a new GM. A committee has been assembled to begin the search.

Jo has always loved art. "After taking classes in watercolor, pastels, and Oriental brush painting, I decided to get back into making cards for sale instead of just for friends." She concentrates on making cards for all occasions using various techniques for creating pop-up cards, flip cards and coordinating packs of three smaller cards.

Rose says, "I work with copper, brass and German Silver as my starting point. I make earrings, bracelets and necklaces incorporating metal, glass, found treasures, rustic beads, gems, stones and disassembled vintage pieces, making statement jewelry that is tribal, western, dressy, fun and funky."

Recreational Opportunities in Oro Valley

We are an active community, and sometimes we have active visitors, including young ones! Not only are we blessed with magnificent views and wonderful weather, there are more recreational resources, programs/events, facilities and opportunities in our Oro Valley area than most of us are aware of.

Come learn about them from Oro Valley's Director of Parks and Recreation, Kristy Diaz-Trahan. What are they? Where are they? How can we participate? How can I find out more about them? Come and learn from Kristy. Monday, March 28, 1 PM, Activity Center/Navajo.

Remember to meet with Melissa Martin, Senator Flake's assistant, Tuesday, March 8, 10:30 AM, Activity Center/Kachina Lounge with issues for which you'd like help from your Senator in Washington.

Governing Documents Review Committee

The GDRC (Governing Documents Review Committee) is pleased to present revised Bylaws and CC&R documents for your approval in a July vote. The Board's charter for the GDRC asked that the governing documents be reviewed to assure compliance with Arizona law, alignment with current practices and readability for our community. The GDRC has revised the CC&R document to simplify text and focus on the practices related to property at SCOV. It has revised the Bylaws document to simplify text and focus on the procedures related to how the Association operates in the community at SCOV. Over 90% of the changes made in the documents were made to increase clarity or reduce duplications within and across documents. Legal compliance and up-dating practices were the next category of revision. The proposed documents are available for review on the SCOV website. Join us in a forum to hear about proposed changes to your Bylaws and CC&R documents.

It's Right Around the Corner

Spring is right around the corner, and here are spring cleaning reminders concerning personal yards:

- Trees must be trimmed up at least seven feet over sidewalks.
- Plants should not extend out over sidewalks, and frost damaged parts of shrubs and trees should be cut off and removed.
- Wildflowers are allowed until after they have bloomed, at which time they need to be removed.
- Cracks in driveways, sidewalks, and where the cement meets the asphalt in the street are the responsibility of homeowners to keep weed-free.
- Hedges, anywhere in the yard, are not to be over six feet tall. Note: A hedge is a fence or barrier formed by a line of closely spaced plants, performing a similar function to a screen wall or fence.
- Make sure your house number is visible from the street and that all lights in the fixture are lit, so it may be seen at night.

- Outside light bulbs are not to exceed 250 lumens per Oro Valley regulations.

Welcome spring. Thank you in advance for heeding the above and for continuing to take pride in your property.

A few years ago eight cars parked outside and eight garages were robbed after Posse patrols were over. Police investigation revealed only one car was broken into, it had a laptop computer in view. The other cars were unlocked. All eight cars had garage door openers in them.

Here are safety tips when you park your car outside. Lock your car. Don't leave any attractive asset, such as a phone, computer etc. visible in the car. Don't leave your garage door opener in the car. If you park on your driveway turn on your outside garage lights.

March 9, 12 and 16 will be our 18-Hole Men's Club Championship. The Nine-Hole men will begin their Club Championship on March 24. Please remember that Golf Now.com is not only available to outside guests; it is also available to residents of SCOV. It is internet-based and a chance for you to book a tee time online. There are limited times available, but you may find a time that is suitable for you.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 917-8063

March is the beginning of the golf course maintenance busy season. The weather starts to warm up into the 80s, and the chances of rain go down. These changes in weather lead to many new problems including heavy growth of grasses, increased wet and dry areas from compaction and Poa Annua seed production.

The warmer weather causes the soil temperatures to rise which releases more nutrients to the grass. The problem is the grass begins to grow faster than it can be mowed. This leads to higher fuel and labor costs for the increased mowing and cleaning grass clippings on the fairways and approaches. The warmer weather also starts the Poa Annua bloom on the fairways and approaches. One of the ways to slow the grass growth and Poa Annua is by spraying a growth regulator. This chemical offsets the price of continued mowing and allows the maintenance crew to concentrate on other areas of the course.

The biggest issue is the increase of dry and wet areas. These problem areas occur due to large amounts of play during the winter causing compaction as well as irrigating with higher quantities of water. Fairways have already been deep-tine aerified once in January, and will be done again in February and March. This process penetrates the soil about seven to nine inches, allowing water and air to the roots. The wet areas are alleviated by allowing the water to enter the soil, and the dry spots are less severe with the water reaching the roots.

We applaud the residents of SCOV.

The annual Shredding Day for SCOV residents will be held in April, after tax day. Watch for the flyer in the April *Tipster*. A new company was used last year to ensure better security. As before, no walk-ups. This is a policy of the shredding company and the dangers of walk-up customers being struck by a car are greatly increased with the added traffic. There will be no documents stacked on the ground. Only company employees will handle documents and only one line will be allowed in the truck area. Please, no plastic bags. Plastic bags will have to be emptied by company employees and will slow down the line.

The hours are 8:30 AM to 11 AM. All those in line by 11 AM will be serviced. Here are the general rules:

1. All documents should be in either paper bags or boxes, no plastic.
2. Traffic will only enter from Silverton. SCOV identification will be required.
3. No walk-ups. This is company policy and for security reasons.

Better security helps to protect you from identity theft.

Pres. Mellanie Herbert 825-2258
Wednesday, 9 AM, Catalina Vista/Art Studio

Our themed show in the Activity Center is down now but we reflect on the quality of our club's submittals to its hallowed walls. Our studio is bustling now, full of artists made up of the old guard, seasonal members and newbies who are doing some wonderful work. We constructively critique

our colleagues' works at 11 AM each Wednesday, at their request, with the intent to improve the piece. We are now preparing for our next theme show, *Collage and Mixed Media*, scheduled for display in the Activity Center in April. We again encourage all aspiring artists to drop in on Wednesdays and check us out. We're friendly, knowledgeable and enjoy interested visitors. Our works speak for themselves.

We invite the entire community to peruse our club's display of art works in the main display case at the Activity Center. We now have an ongoing head and torso class on Mondays at Noon. Stop by the studio on Mondays and revel in the art works being created therein. We encourage beginners and have experienced instructors who will work with you to create a lovely piece on your first try. Come join us. Here is a photo of Karen Petersen completing a superb sculpture which is ready to be baked. Many hours of work are required to produce such a piece but the results speak for themselves. Just beautiful, Karen.

At our March meeting we will discuss *The Children Act* by Ian McEwan. Fiona Maye is a judge who rules on cases in family court. She is known for her strong intelligence. But her judicial success hides her private sadness and home struggles. Meanwhile, she is tapped to try a time-sensitive case: Adam, a lovely 17-year-old boy, is refusing for religious reasons the medical treatment which may save his life, and his devout parents echo his wishes. Time is running out.

At our April meeting we will discuss *Epitaph* by Mary Doria Russell. An American *Iliad*, this meticulously researched historical novel is a sequel to the saga she began in *Doc*, following Wyatt Earp and Doc Holliday to Tombstone, Arizona and to the gunfight at the O.K. Corral. An impressively divided nation, with

wicked politics, an extremely partisan media and a president hated by half the residents. That was America.

Pres. Joan Kelley 734-255-9644
September-May, First Thursday, 1 PM, Artisan Center/Pottery

Thanks to all hands on deck, the move has been completed to the new space in the Ceramics Studio. All glazing operations are now separated from the raw clay operations as we continue to share space with former ceramic operations and fused glass kilns. Board meetings for small clubs are also held in this space so be sure to look at the calendar posted on the door to avoid disrupting these events.

Our membership continues to grow and the spaces for personal storage have been rearranged to accommodate this delightful dilemma and make the bucket room safe to navigate. With new faces there are continual introductions and social gatherings to get to know everyone. Helpful members take on new people to mentor and guide them to success. Many pots are coming from the kilns and the skills of members rise to new heights with each passing month.

The Pickleball Club has seen a lot of changes over the last month: voting in a new set of officers, acquiring a Tutor ball machine for practice and training and adopting a new schedule on a trial basis.

New officers are Pres., Steve Alverdes; Co-VPs, Jerry Moss and Joan Ellen Curtis; Treas., Renee Steinmetz; Sec., Bruce Miller.

The Tutor machine is available to members on a sign-out basis. It can be set up to deliver balls at different speeds and trajectories and is great for working on specific types of shots as well as general practice.

The new schedule is aimed at increasing opportunities for mixed-play and creating more time for beginner training sessions and ranked play. It will be in effect until hot weather arrives and we switch to the summer schedule, after which it will be re-evaluated and the club will decide whether to adopt it permanently.

Pilates

Mary Ayers 638-7916 scov.pilates@gmail.com
Monday, 3 PM, Thursday, 1:30 PM, AFC/Studio

The Joseph Pilates system of exercises has never been in such high demand. His exercises have been around now for 40 years. Fortunately, Sun City offers the Joseph Pilates classes here twice per week. People ask "Can the benefits of this Pilates method, which come from the strengthening and stretching exercises we do, really develop the body's core (abdomen and back muscles), increase spine mobility and build flexibility?" The answer is a definite "Yes". Additional benefits you'll see from taking our group mat classes will include better balance, more muscle tone and increased stamina. We have two instructors who are both very experienced in teaching the Joseph Pilates system to seniors. The cost is only \$8/class and the annual club dues are \$20 pp. Please feel free to stop by and watch one of our classes. Call Mary Ayers.

Poets Corner

Sharyn Rafieyan 825-6762 ssrafieyan@icloud.com
Monday, 9:30-11:30 AM, WCI

This winter, rather than importing an instructor to facilitate our meetings for the usual six weeks, members of the group have volunteered to take that role. Harvey Gardner, as our first leader, provided a plethora of enticing prompts to inspire us and suggested we respond to several in preparation for discussion. The following, titled *Macro & Micro* is his own response, a rather clever take on today's dating scene, something a number of us have discovered we are part of, at an unexpected age and stage in life:

"So this microbiologist goes on a blind date with an astrophysicist. Toying absentmindedly with the straws in their aperitifs they say nothing.

But closer examination reveals that they are studying one another through their unique lenses."
