What If...

by Debbie Arrett

At recent Unit Forums discussing the proposed renovation and expansion of the Aquatic & Fitness Center, I was often asked if the current proposal does not pass, what is Plan B. There is no Plan B.

That is not to say that the defined deficiencies of our current fitness facility would go away. I expect it would be the first item on the agenda waiting for the next Board. Most simply, the time-consuming process would have to start over again.

As with any Board initiative, there would be another ad hoc committee formed to study and research the community's needs to return to the Board with a recommendation. Over a hundred of your peers and neighbors have already volunteered thousands of hours to this project. None of us can expect those same people to put forth such a selfless effort for all of us again.

For an alternate plan to be considered, the Board would have to appropriate the funds necessary for an architect to provide the schematic, renderings and budget estimate – information needed for our members to make an informed vote. Burns-Wald Hopkins Shambach was paid \$15,000 to do so for the current proposed project.

The \$175,000 in donations pledged by 207 individuals and one club would be gone, as would the \$25,000 grant pledged by the Foundation. Their generosity allowed the Board to further reduce the one-time Special Assessment to \$767 with an option to make six annual payments of \$147.

I don't have a crystal ball, but I already see renewed commercial construction along Oracle and hear concerns about future inflation, all factors that would result in higher building costs. Considering all these points, a smaller expansion that would not meet the needs of Sun City Vistoso for the next 20-25 years, could result in a higher special assessment for every homeowner in the very near future.

It is my hope that our members understand the ne-

cessity and economic advantages of moving forward with this project now. Please join me in voting "FOR" the AFC project and the special assessment for the continued vitality and long term viability of Sun City Vistoso for years to come.

Bob Mariani - General Manager

Budget and Dues

by Bob Mariani

The budget process for fiscal year 2012-2013 is underway so I thought it a good time to review, not so much the process which I have done in the past, but what has transpired over the past few years.

Let's first look at the last four years of budgets and dues. The recent years have been a period of stability in that the dues have increased on average a moderate 3.1%. This level is slightly higher than the rate of inflation of 2.1% during the same period. Although management, the Finance and Budget Committee and the Board will have challenges in maintaining this moderate level of dues adjustment, the intent and direction is to continue on this course.

As I'm sure many of you have heard or read, the dues increased at a significantly higher rate in previous years. During a period of six years between 2002 and 2008, the dues increased on average approximately 14.5%, which was obviously far above the inflation rate. There is a very simple explanation for these increases. The fact is that the developer left the Association with a grossly under-funded asset reserve fund. Fortunately the General Manager and Board at that time were willing to make a difficult decision and increase dues in an effort to properly fund the asset reserves.

Prior to this era, the resident Board that served after Del Webb turned the Association over to the residents increased the dues on average 7.5%, again well above the inflation rate. Unfortunately I do not have precise data that explains these increases but can convey to you with confidence that increases of this level are somewhat typical after a developer transitions a community. The subsidies that developers generally provide while in control are no longer provided once the transition takes place.

The end result of this history is that Sun City Vistoso has annual dues that are very comparable to other large-scale communities and lower than most. Plus, unlike many other communities, is a very well maintained and financially sound organization.

ARC Architectural Review

Chair Susan Jakosa 609-6367, susanjakosa@gmail.com
Second and fourth Tuesdays, 1 PM, Vistoso Center/Yaqui

We Need New Members to Join our Committee

The Architectural Review Committee, currently comprised of 11 homeowners, continues to meet throughout the entire year. We review your planned outdoor projects, site satellite dishes and inspect homes after they are sold and in escrow.

At this time of year, we need new members to join our committee. This is your opportunity to get involved in our Association! ARC meets twice every month on the second and fourth Tuesdays and members serve for three years beginning May 1st. If you are interested in what we do, feel free to attend any of our meetings or give me a call. I'll be happy to answer any of your questions.

You can pick up a Serving on a Committee application in the Administration Office to apply for ARC or many other committees--all of which are important to Sun City Vistoso residents and our entire community.

Communication Committee

Leslie Platt 520-818-1963

By now, all homeowners should have received their ballots for the Association election. Two new Directors will be elected to the Association Board and we will vote on renovation and expansion of the Aquatics & Fitness Center (AFC). Forums and coffees have provided opportunities to get to know the candidates and the Communications Committee has worked diligently to provide you all the facts pertaining to the AFC initiative.

Monthly Tipster inserts have described the background and history leading to this proposal, updates as the project has progressed and answers to residents' questions. In addition, the Committee produced and delivered to each home an informative DVD and accompanying booklet. We also conducted 22 public forums, where we played the DVD and answered questions. This Tipster contains an insert summarizing why the Board of Directors has undertaken and supports this initiative. Before you vote, please take the time to be well informed.

Aluminum Can Donations: Put those aluminum cans to work for Sun City Vistoso. Deposit only empty, clean aluminum cans in the box outside the Social Hall kitchen. For safety reasons do not deposit unrinsed cans which attract bees and may become a hazard.

In February we delivered 540 pounds of aluminum cans which netted the CAC \$367. Fiscal year-to-date we have received a total of \$2,255.

The Loan Room, located at the end of the Cart Barn, provides equipment to help our community with medical needs, tables and chairs for parties, adult beds and children's items for visiting family and friends. The Loan

Room is open Tuesday and Thursday mornings from 8-9 AM. Reservations can be made at the Loan Room on Tuesdays and Thursdays or by telephone on Mondays, Wednesdays, and Fridays 8-9 AM by calling 917-8052 or 825-3711 ext 128. We have recently purchased several new card tables and a rolling knee walker. The Loan Room is funded through donations, profits from recycling your aluminum cans and the annual Pancake Breakfast. Come and visit to see what we have available to loan.

Election Committee

SCV Voter Validation and Ballot Counting

March is the month when the Election Committee meets weekly to validate ballots. In February's Election Committee's Tipster article it was explained how the validation process is conducted. This month the process for counting the ballots is explained.

On Tuesday, March 27, 8 AM the Election Committee will gather in the Vistoso Center/Apache room to count the ballots submitted by eligible homeowners. The validated ballots have been placed in bundles of 25. These bundles are removed from the locked ballot boxes (there are two boxes). The Election Committee is divided into teams of two. There are usually two statisticians. There is also a member that is distributing the ballots to the teams and filing the counted ballots back in the ballot box for storage according to the guidelines in the governing documents. The counting teams open the bundles of 25 white BAL-LOT envelopes and begin making their tallies on a tally sheet. They have to account for all 25 envelopes (votes) on their tally sheet. There are new and veteran members on the committee. When there are questions, the veteran members usually are able to answer the questions.

Once all the ballots have been tallied and accounted

for, the statisticians prepare the report to the Board on the vote. If this report is prepared before the Board meeting is over, the results will be announced during the Board meeting. If not, they will be posted on the doors, bulletin board and sent out on the ListServ.

Residents are welcome to observe the validation process and count of the vote.

Landscape

Bob Cratty 825-0157

Third Wednesday, 9 AM, Vistoso Center/Yaqui

Proposed Landscape Update of Lion's Head Fountain.

Rebeca Field, a landscape architect from the firm of Kimley-Horn, presented the plan for updating the landscape in the Mountain Vista area and its aging irrigation system to our Board of Directors at their February Study Session.

This presentation culminated a fourteen-month collaboration with our volunteer Landscape Common Area Subcommittee and common area Maintenance staff. You can view the presentation by going to the Landscape Committee's section of our community's web site or by using this link: http://www.suncity-vistoso.com/association/committees/Committeepdf/Landscape/Landscape_Plan_Mt_Vista_020912.pdf

Our top priority for this section of our community is to improve its appearance. Low or no-supple-

mental-water use plants were selected wherever appropriate. We chose plants that require relatively low maintenance.

Rebeca gave a synopsis of the design, focusing on how prominent areas of our community had been creatively enhanced to improve our image and for our own residents' enjoyment. These areas include the corner of Silverton and Rancho Vistoso, where little vegetation remains, the three driveway entrances to the Mountain Vista area, the café entrance and the lovely, but now tired, Lion's Head Fountain patio area.

Our deteriorating and leak-prone irrigation system was one of the subjects discussed following the presentation. Scott Parvin, our staff member who maintains our irrigation system, explained that this section of our irrigation requires considerable maintenance and needs to be replaced.

The next step is to put the project out for bid. Then there will be a process of value engineering to optimize what we are getting for our investment. If the Board votes in favor of proceeding, it is expected that all, or at least most, of the funding will come from asset reserve funds that have been set aside for this purpose.

Marketing and Publicity

Tut Tustison 825-9431

Fourth Thursday of the month, 1 PM, Vistoso Center/Yaqui

The marketing staff and the Marketing Committee are continuing to carry forward our diversity of distinct programs that promote our community as a great place to live, our golf course as an excellent place to play and our Café as a very desirable place to eat.

We are also reviewing each of our current activities to see how effective they have been, what their cost has been and how well they fit with our future strategy. This in-depth review process will be a key part of establishing our requested budget for next year.

Let's Think Spring

The following are outside spring cleaning reminders concerning personal yards:

- Make sure your house number is visible from the street and that all lights in the fixture are lit so it can be seen at night.
- Trees must be trimmed up at least six feet over sidewalks.
- Frost-damaged parts of shrubs and trees should be cut off and removed.
- Cracks in driveways, sidewalks, and where the cement meets the asphalt in the street are the responsibility of homeowners to keep weed free.
- Cactus, bushes and shrubs must not extend out over sidewalks.
- Hedges, anywhere in the yard, are not to be over six feet tall. Just what is a hedge? It is a fence or barrier formed by a line of closely spaced plants and performing a similar function to a screen wall or fence.

Thank you in advance for your hard work in heeding the above items and for continuing to take pride in your property.

A Historical SCV Perspective

So much time and energy has gone into bringing the Aquatic & Fitness Center project to the community for a vote. I recently received this information from a former Board member and felt it provided a good historical perspective on the work of the Association over the years. I would like to share it with you with permission from Cleo Wolf, SCV Board Directors (93-97).

"I have lived in Sun City Vistoso since 1990. During that time I have watched the community grow and change.

Did you know our beautiful library started in what is now the gym weight room with only a few donated books? Did you know all of the administrative offices were once housed in the dance studio? Did you know there was no computer lab or genealogy room? The Café was once a snack bar that served drinks and short orders mainly to golfers.

How did we get from there to where we are now?

It wasn't easy. Each improvement met with a vocal minority that said things were fine the way they were; the improvements cost too much for people on a fixed income. You know what they said. We are hearing the same things now.

I was on the Board of Directors when Del Webb turned the community over to the residents. There was a minimum amount in the Asset Reserve. Dues were kept artificially low, because it was a selling point. We needed to implement a true Asset Reserve fund and find a way to raise the dues. Before too much longer we needed to find a way to purchase and remodel the Administration Building, so we wouldn't have an empty building or some other business in the middle of our community.

Would we be better off if we had listened to the vocal minority and done nothing? I don't think so.

Times are no different now. We still need to keep moving forward with improvements - remodel when needed, add space as needed, change direction when needed.

This is what makes this community a desirable place to live even after 22 years. I know you will remember how we got where we are now and stand up for improving our community."

Strategic Projects Committee (SPC)

Chair Ted Hood 818-2281

Meets first Wednesday each month, 1:30 PM, Vistoso Center /Yaqui

At the February meeting of the Strategic Projects Committee (SPC), the committee took the following action; rescheduled a focus group on Board Committees until after February 21. Invitations to attend the focus group will be sent out to those committee chairs that might be affected by any proposed changes to the requirement for a Board Liaison to attend committee meetings. The SPC also accepted two new requests to review and recommend to the Board issues concerning protected views and, what opportunities, (using SCV media) those in opposition to Board actions could access. The SPC does not anticipate issuing reports on either of the new projects until late fall of this year.

Wii and We are Not Speaking French

Several years ago we purchased a Wii system located at the Desert Oasis. I know it is occasionally used by residents and guests. In local newspapers I have seen where several communities have established Wii bowling teams and have weekly competitions. Perhaps residents would like to form a Wii bowling league. The game is in place and ready for your fun. Don't forget there are other sports available to play. Be sure to call the Desert Oasis to reserve a time to play.

Carol Wittels - Library

March is sale month in the library. Buy two sale items and get one free of equal or less value. Don't pass up these special prices.

The library is in possession of a set of lost keys. They include two GM keys and two ILCO keys and were probably found in the parking lot. We found them in the book return.

Three new acquisitions are available now:

Behind the Beautiful Forevers by Katherine Boo (non-fiction). Annawadi is a slum separated from the Mumbai Airport and luxury hotels by a simple roadway and a wall. The lives of the people of the "new India" are vividly explored.

Every Man Dies Alone by Hans Fallada (non-fiction) is based on a true story, a recently translated masterpiece of WWII. A portrait of life in Berlin under the Nazis when a working class couple takes a stand after their only son is killed at the front.

American Dervish by Ayad Akhtar (fiction) is a debut novel about a midwestern American family of Pakistani heritage, who welcome into their home the mother's oldest friend, an independent, beautiful and intelligent Pakistani woman. This is a beautiful novel, written in the words of a 10 year old Pakistani American boy.

Friends of the Library

We are organizing two events this spring. Friday, March 2, our annual Books and Authors Luncheon will take place with an exceptional panel of local authors. Monday, March 19, our art raffle will begin in the library with a drawing to be held Thursday, April 5. Please check the Coming Events section for more details. It is never too late to join the Friends of the Library.

Posture Check

Practicing good posture can strengthen muscles and help minimize stress on joints. So walk with your head raised, chin parallel to the ground and your eyes on a spot about 20 feet ahead. Keep your hips and shoulders facing forward, your shoulders loose and relaxed, and your arms straight at your side or bent 90 degrees at the elbow. When you take a step, let your heel hit the ground first, then roll through to your toe before taking the next step.

Association-Sponsored Fitness: Purchase a punch card from the receptionist in the Administration Office, \$12.50/10 classes. You may use this card for all Sun City Vistoso-sponsored fitness classes. It can also be used for your guests. There is a \$2 drop-in charge if you do not have a punch card.

GOLF

Kim Griggs - Head Golf Professional

March is a busy month as we will have the Guys & Dolls Tournament for the 9 Hole Clubs on March 8. The Men's 18-hole Club Championship Starts Wednesday, March 14 and the Ladies 9-Hole Invitational will be on March 22. March is also preparation month for the upcoming Member

Guest events.

It is also the time when warmer weather begins to arrive, bringing out even more walkers and riders. Please

remember that we will move the tee times back one-half hour starting Thursday, March 1 meaning walkers will need to be off the golf course one-half hour earlier.

If you are a renter or a new homeowner in Sun City Vistoso, please stop by and play our magnificent Greg Nash designed 18 hole championship golf course. Check out our fully stocked Pro Shop and visit with our staff about potential annual pass opportunities for golf or just try out our driving range. Remember, to wear proper golf attire. Sorry no denim, T-shirts, athletic shorts or halter tops on our driving range. A small basket of balls costs \$4 and a large basket is \$6. Lessons are \$45 for one-half hour and \$55 for 45 minutes. Call Rick Sample or me, as we are both PGA certified to teach.

Please remember that GolfNow.com is not only available to outside guests; it is also available to residents of Sun City Vistoso. It is Internet based and a chance for you to book a tee time online.

Michael Kropf - Superintendent

Last spring, golf courses around Southern Arizona suffered from a stretch of extremely cold weather. For almost an entire week the high temperatures barely reached forty degrees, and the lows were in the low teens. At the time golf courses looked terrific and the turf seemed to be unharmed from the extreme temperatures. However, as the rye grass started to thin out during the heat of the early summer the underlying Bermuda grass was showing signs of severe damage. The correlation between that stretch of cold weather and the damage to the Bermuda grass was unknown at the time.

Many golf course superintendents and turf experts tried to figure out why transitions were so bad last summer. After many discussions and observations, it was determined the main cause of Bermuda grass loss was from moisture levels in the soil being too low. The standard practice during cold weather is to reduce watering at night to reduce that amount of moisture that can freeze and cause frost delays the following morning. However, reducing the water during the very cold stretch of weather stressed the underlying Bermuda grass. The Bermuda grass roughs suffered the same stress, but were able to recover because of the lack of competition from the overseeded rye grass like fairways, tees and greens.

As a result, the fairways, tees and greens are going to be watered heavier this winter to avoid a similar transition this summer. Be prepared for the course to be wetter than in previous winters, but still very playable.

Golf Advisory

First Wednesday, 2 PM, Vistoso Center/Apache

In case you haven't noticed, the Café is now open on Thursdays thru Mondays until 6 PM. Right now it is just serving cocktails and beverages, along with pretzels or chips. We are trying to live up to our image of being a golf course that offers the complete experience. We hope it will be well-attended, as that will show that it was a good decision. Come enjoy a beverage and view the sunset.

We have an "Ambassador" program to show interested people around Sun City Vistoso, but we are all ambassadors when we welcome people to our golf course and Café. Let's all make new and returning golfers feel welcome.

Third Wednesday, 10:30 AM, Catalina Vista/Pima

Exercise Mondays and Thursdays 4-5:30 PM, Vistoso Center/Apache

At the January meeting, one of our caregivers spoke about a "Seminar at Sea" that she and her husband attended. The cruise ship had reserved space for 150 Parkies, families and friends to go as a group. The cruise line takes wonderful care of the PWP (people with Parkinson's). There were educational and hope-filled presentations, exercise classes, therapy sessions, and camaraderie. This year the annual Parkinson's at Sea Seminar is going to go on Celebrity Cruise Line to Alaska in August. It seems to be reasonably priced for the 8 day, 7 night cruise. If you are interested call Payton Davies or Susan Kline 805-482-2151.

At our monthly meetings we are starting to include 10 minutes of exercise. We agree that exercise is a valuable tool in living with Parkinson's.

Ray Jerkins is doing wonderful exercise classes for PWP. They are held every Monday and Thursday, 4 PM, Vistoso Center/Apache.

FEATURE

Just Coffee - Caffeine with a Conscience

by Irene Camp and Joyce Hopson

Joyce Hopson and Irene Camp, a Sun City Vistoso resident since 1998 and a permanent resident since 2006, journeyed to Chiapas, Mexico to Salvador Urbina as part of a Mountain Shadows Church mission trip: "Coffee, Migration, and Faith." Tommy Bassett, the co-author of the book, led the group of 10 people.

Joyce and Irene on location in Mexico.

These ladies were immersed in the daily lives of the coffee growers of Chiapas for one week.

They saw workers setting out for their coffee fields outside of town, sometimes in a pickup truck, more often walking. They learned of the need to handpick these bushes three times, and espied the large banana plants that shaded the bushes in order to have a shade grown coffee. Owners toted 200 pound bags of coffee "cherries" to their homes up steep mountain roads. From coffee "cherries" to coffee beans ready to roast, the Arabica coffee must go through six different steps, and the beans need to be sorted, depulped, washed and dried within 24 hours of harvest. The patio of their host family was filled with beans drying, and all waste was recycled as compost into the fields to insure 100% organic grown coffee. The coffee was then sent to the roaster in Agua Prieta, Sonora, Mexico.

The cooperative has enabled hundreds of men to remain in their beloved Salvador Urbina area. In place of migrating north in order to support their families, they can live, work, worship, and develop their community. Schools are crowded and new ones are being built as children are no longer needed in the fields. The profits from the cooperative have in part gone to provide health insurance for the members. A safe drinking water system has been installed in the Just Coffee warehouse and cheap, clean water is available to the whole community. Construction has taken place as homes are enlarged, and money has been made available for appliances.

Drinking Just Coffee for Ms. Camp is much more than purchasing delicious coffee. It is a moral issue and provides one answer to the immigration problem. For this special coffee, contact Ms. Camp, as she will be more than happy to sell it to you.

THANK YOU CORNER

This section allows residents to express thanks to the community. Articles should not exceed 50 words and should not contain thanks to specific persons.

There are no words to express our thanks for all the love, support, food and phone calls during the loss of Dave. You all helped us get through this difficult time. We are so blessed to live in such a caring community.

Sincerely Marj Albright and family

After Don's passing I have received so much love from all of you, particularly beautiful thank you's and tributes to his musical endeavors. Actually it is YOU who must be thanked for allowing him into your hearts as he shared his passion for Music! (and fun!) When asked if I now plan to return "home", I don't hesitate to say "I am home!"

Bobi Borenstein

My sincere thanks go out for the many cards, calls, emails and verbal expressions of sympathy after the recent death of my mother, Angela Voigt. She never got to visit SCV, but I know if she had, she'd have been as impressed as I am with the caring support of the residents.

Kris Cohen

Sincere thanks to all who participated in the third Annual Bob Johns Memorial Poker Tournament. Thank you to winners donating their winnings to American Kidney Foundation. Sincerely appreciate Friday night Poker Club keeping my wonderful Bob's memory alive.

Ruth Hafner

A great big and very large thank you to all who volunteered to prep, organize, deliver, and stuff envelopes for the AFC delivery on January 21. Your help was truly appreciated. Save some time for the community telephone book delivery in October 2012. It will be much easier!

Carolyn Lerch

Sincere thanks to friends and neighbors for their kindness and prayers in the sudden passing of my husband, Ernie Longerich. Ernie enjoyed living here the past sixteen years and loved our beautiful community and the people.

Lillian Longerich and Family

With heartfelt thanks and gratitude to friends and neighbors in Sun City Vistoso during Bob's illness and time of death. The prayers, visits, cards, food and offers of assistance are deeply appreciated. This is truly a loving and caring community to be part of.

Lois Ortman and daughter, Kim

Our heartfelt thanks for the many expressions of sympathy rendered at Harley's death. Your kindnesses were very much appreciated by all of us during these difficult times.

On April 2, we'll deal with a hot-button issue that is explored with power and passion in Luis Alberto Urrea's true story about crossing the border between Mexico and the US on *The Devil's Highway*. Perhaps we'll arrive at some solutions we can share with those responsible for revising our current immigration policy. Unfortunately, escaping doesn't resolve the problem but it does explain our indulgences. Joan Brauer, another new member, will guide our discussion of Raymond Carver's *Fat*.

We've been pleased to welcome visitors and especially new members over the past few months and appreciate the new insights and perspectives they bring to our great conversations. A diversity of interpretations enriches our understanding of the excellent stories in this year's collection. Join us for titillating talk and tempting treats.

The Photo Workshop Club emphasizes education and the sharing of experience in both photographic composition and technical skill. All sessions offer a wide range of techniques that can be applied regardless of equipment and skill level.

Photo Workshop March 7 Topic:

Why Edit Photos? An introduction to Photo Editing Software. A live demonstration of how to edit images from your digital camera for more punch or to eliminate flaws. Rotating, cropping, changing color cast, sharpening, changing color to black and white. We used to spend time in a darkroom printing our images. Now it's possible to improve or repair our images, print them ourselves and even create imaginative works of art at home.

Photo Workshop April 4, Topic:

It's a Wrap: The final step with your images is usually printing, preparing a slide show, emailing or uploading to the web. This how-to session begins with re-sizing, preparation for the output media, and includes matting and framing.

Do you have some new pictures to share at the meeting? Please email them, or bring a print, thumb-drive or CD to the meeting. Plan to tell us how and where you shot and processed them. This is not a competition.

There are no fees or dues. For technical details or to be included in our emails, please contact **david.of.oro@gmail.com**.

Writers Club

Adrian Korpel 818-0544

At present the Writers club's only organized activities are in poetry. Please see the Poet's Corner below.

Poets' Corner

Sharyn Rafieyan 825-6762

Mondays, 9:30-11:30 AM, Vistoso Center/Yaqui

For Dunya Mikhail the difference between prose and poetry lies in his emotional reaction: "With poetry, I feel I am in love. With prose, I feel I am in a marriage." This should not be considered a denigration of marriage, rather an elevation of poetry. Aspiring to elicit such passion from our poetry is an exciting challenge.

On the other hand, however much we might write for an anticipated audience, poets must first please themselves. "For me," writes Eleanor Wilner, "the poem is never just about experience, it is an experience; we can't know where a poem is going, and should be surprised (and even enlightened) by what it reveals." Writing poetry is like taking an exciting journey to wherever one might arrive.

Join us on our weekly adventures. Bring a poem you've written and 12-14 copies to share with the group. We promise a warm welcome.

Yoga

INVESTMENT MANAGEMENT

Q: As a retiree, with a shorter time horizon, should I use an investment strategy based on a buy, hold and hope, or a more tactical approach?

A: It is our belief that in today's "new normal" economy, that you use a disciplined, advance and protect tactical approach that is not based on human emotion, attitude or opinion, but instead, on technical and trend analysis.

David McMenamin
