ASSOCIATION NEWS

From The Board of Directors

Our **MISSION** as the **SCOVCA Board** is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Fitness Center Design Firm

by Dick Brammell

The Fitness Center Committee selected the architectural firm, STG Design. If you attended their community presentation or watched via the online link, I believe you will agree that the committee made an excellent selection. If you have not had the opportunity to review the meeting or read about STG Design, I would like to give you my observations and tell you about them.

The firm has had an office in Tucson for many years in addition to offices in other parts of the U.S. and provides architectural services for Del Webb/Pulte. They were the original architects for our Sun City development, so they are quite familiar with all of our buildings. As a firm they bring a wealth of fitness center knowledge to the table. This comes from working on current Del Webb/Pulte fitness centers along with others. During their presentation they interacted with everyone in an open and respectful manner, were able to address concerns/questions, and appeared to be open to suggestions and comments.

They were very up front about the costs for different options. Go online and watch their presentation to the community. I believe you will agree they are very knowledgeable and the Fitness Center Committee made an excellent choice.

Sun City Oro Valley Audit

After several sessions of review by DeVries CPAS over the past few months, the audit of the Association's financial statements has been completed. A financial audit, or more accurately, an audit of financial statements, is the verification of the financial statements of a legal entity, with a view to express an audit opinion. The audit opinion is intended to provide reasonable assurance that the financial statements are presented fairly, in all material respects, and/or give a true and fair view in accordance with the financial reporting framework.

Every year in October, the audit, which is required by the Association's governing documents, is presented to the Finance and Budget Committee. The Committee discusses the audit report and, if the report is deemed to be accurate, makes a recommendation to the Board to accept the audited statements. The CPA then reviews the audit with the Board and the Board accepts the audited statements at the October Board Meeting.

This year as with the past several years, the financial statements were found to present fairly, in all material respects, the financial position of the Association and was in conformity with accounting principles generally accepted in the United States. In addition to the audit of the financial statements indicating that the Association's financial record keeping is in order, I was somewhat surprised to learn that the CPA firm did not issue a management letter. The management letter essentially outlines deficiencies in internal controls. At times these are minor issues yet can also be material issues.

During the few decades I have managed associations, I don't recall not getting a management letter outlining some kind of issue. However, in the case of the 2011-2012 financial audit, I'm very pleased to note that no deficiency of any kind was found by the auditing firm. As a result, I congratulate our Controller, Randy Trenary, and our staff in all departments for closely following the numerous accounting procedures that are required. I am pleased and hope you are comforted to know that the SCOV staff is keeping the Association's financial matters in order.

How do you find out what's happening in our community? Are you satisfied with the level of information you get or do you sometimes feel like you could use more

or better information? The Communications Committee would like to hear from you if you are less than fully satisfied with how you get information about events and activities in SCOV. Please call Richard Babin, Chairperson of the Committee, 989-3321, and let him know your concerns and any thoughts you have for improving communication.

The three most visible means of communication are The Tipster, the printed version of This Week in SCOV, and In The Know, the email news system. In The Know is the best way to stay current. If you use email and are not receiving In The Know, call Richard or John Njaa (825-5486) for assistance in getting started.

Aluminum Can Donations: Put those aluminum cans to work for Sun City Oro Valley. Deposit only empty, clean aluminum cans in the box outside the Social Hall kitchen. For safety reasons, do not deposit unrinsed cans, which attract bees and may become a hazard.

CAC volunteers delivered their second load of cans for the fiscal year, 400 pounds which netted \$276. This brings the year-to-date total income from cans to \$556.

November is a busy month at the Loan Room. There are many requests for extra beds, tables and chairs, and children's items for the many guests who want to spend Thanksgiving in our warm climate. Come in or call to make your reservations. Information for calling for reservations is on the inside of the front cover of the Tipster. The FCC (Fitness Center Committee) held very productive meetings in October. Six different plans, four

from STG Design and two from FCC members were considered. The most critical issue was the discussion of whether or not the locker rooms should be moved which was depicted in two of the plans. An important point that the architects made was if the locker rooms are left in the current location, ADA regulations will require more room for toilets and showers; therefore, there would have to be a reduction in these facilities if the locker rooms were left in the current footprint.

After considerable discussion about this issue, all of the committee members in attendance agreed that the locker rooms should be moved. As a result, the architects are in the process of further developing and enlarging plan number three which is available on the Association's website at http://www.scovaz.com/association/committees/Committeepdf/Fitness-CenterCommittee/Fitness_Center_Presentation_SWG_Architect.pdf.

Meetings: Second Wednesday www.vistosogiftshop.com

The Gift Shop was shocked to learn that our co-chair, Barbara Farr, passed away in September. This month our Artist of the Month window is dedicated to Barbara and her husband, Len. Barbara spent many hours working in the shop as well as making beautiful quilted wall hangings, embroidered book marks and lap quilts. Len not only made wooden tops, candle holders and Christmas ornaments, he has been very helpful in and around the Gift Shop. Please stop by and check out their items in the center front window.

The Gift Shop is now open from 9 AM-4 PM each week day and 9 AM-12:30 PM on Saturday.

If you would like to participate in the Gift Shop, please call Sharon or Julie.

The annual Arts and Crafts Festival will be Saturday, November 3, 9 AM-4 PM. The festival promises to have craft items for every taste and everything is made by people living in SCOV. The festival is an excellent place to do some of your holiday shopping.

Sincere Thanks

Not often enough do we say thank you to the people around us. Perhaps, as homeowners, we should say an occasional thank you to our neighbor who borders our personal property. If, when he has his own yard cleaned up by a landscaper, he includes part of yours which may have a problem caused by his foliage, a thank you would be appropriate.

With Thanksgiving nearing, there is no better time to say thanks to the homeowners who keep their properties in compliance with the governing documents. We especially appreciate and thank those who perhaps are not here every month of the year. The hard work and countless hours of time from our committee members have helped to make Sun City Oro Valley a beautiful place in which to live. Walking or driving through our community, one cannot help but feel pride in living here and enjoying life as it's meant to be. We sincerely thank you and wish you a Happy Thanksgiving.

Meetings: First Tuesday, 3 PM, Social Hall/Hopi

When a Posse patrol sees flashing entryway lights on a house, they attempt to call the resident. We find it's not unusual for the resident to be unaware their lights are flashing, and many do not know how to control the light.

This feature is controlled by the middle position of the three position (On/Flash/Off) entryway light switch. Oro Valley Police says there is no longer a need for the feature and it often becomes a nuisance. To prevent late night calls from the Posse, please ensure your switch is not in the middle flashing position. Some homeowners have had the switch replaced with a normal On/Off switch. That's not a bad idea.

Some switch installations look like this.

Anticipated Tipster delivery of the December issue, Friday, December 28.

Tipster Editorial meeting Wednesday, November 14, 9 AM, Social Hall/Hopi.

The Monthly Process of Creating a Tipster Edition

Tipster editor, Chris Richard, receives approximately 250 submissions for each Tipster from various submitters.

The book can not just add a page, and must increase by four pages in the printing process. It runs about 36 pages in length in summer to 48 pages in winter. Therefore length of articles is critical.

The first draft is distributed to editors who are assigned in two-person teams. Each team is assigned a section of the book to edit, making sure everything conforms to the Article Standards and placement order. The editors check days, dates, phone numbers and spelling. Each team has a yellow draft copy of their section; all corrections are marked on that yellow draft. The article submitter is contacted if significant changes are made.

One editor per edition is assigned to make sure all articles are in the correct place.

Chris and the editors meet and review each section, discussing problems found and changes made.

From the first draft yellow copies, Chris makes all corrections indicated by the editors. The second draft is given to two assigned editors for a final review, to mark corrections and return to Chris who then makes the final corrections indicated and she also completes all ads. It is now ready to be sent to the printer. Prior to the magazine's delivery to the community, Chris puts the magazine online. A Listserv notice is sent out that it is available online.

The Tipster Editorial Committee and all of SCOV are very proud of our monthly publication. Thanks to Editor Chris Richard it is extremely professional in its design and use of color. It is an excellent marketing tool and guide to life in the best active adult community in Southern Arizona, Sun City Oro Valley.

Assistant Manager - Robin Coulter

Short URL

We now have a shorter, easier to use URL! That may not be too exciting for you, but I'm excited about it. You may be asking what is a URL? In computing, a URL (uniform resource locator) is a specific character string that constitutes a reference to an Internet resource. You would most likely recognize our URL as www.suncity-orovalley.com.

Our current URL is 24 characters long! We have a long name, four words plus the www. and .com. It takes a while to type it in the browser. A point could be made that it might be a deterrent when marketing our community to the outside world for someone to have to type that long name. So we've purchased a shorter URL, www.scovaz.com! OK, it's not that exciting, but it is the small things that count, right? We'll start using this URL to direct traffic to our website. When our new, shorter name is typed into a browser, users will be forwarded (another cool techy term) to our larger domain name. That's what they'll see in their browser.

Give it a try! We've updated the Tipster and will be using the short version in our advertising and throughout the community.

Programs/Facilities Director - Pam Sarpalius

Living the Dream

Recently I was making a purchase for the Association at a local store while I was wearing my work name badge. The clerk at the checkout noticed it and stated "Oh, you work at Sun City; my husband and I love to eat at your Café and we can see all that your residents have there". I told her that I also lived in the community. Her next statement really surprised me. She stated, "You are so lucky to live there. My husband and I wish and hope that someday we can move there." Wow, the thought that I was living somewhere that some people dreamed of really moved me. I wondered how many of us really take the time to think about how lucky we all are. Yes we have different ideas about things in the community, but in general, from the outside looking in, we live in a community that some people wish they could experience. Maybe at your Thanksgiving table you might want to count living in SCOV and the friends we have made here as something for which to be thankful. Happy Thanksgiving everyone.

Each registered RV shall be identified with a serial numbered sticker, applied to the left rear side of the RV so as to be readily visible from the street. Each individual vehicle or component such as trailer or camper shell will require a separate registration. Failure to display the registration sticker will be an immediate violation (recorded, dated and mailed) and subject to the SCOV fine schedule. The registration shall be a onetime act, effective for the duration of the member's residence in Sun City Oro Valley.

3. In any calendar month RV parking will be limited to a total of 72 hours, cumulative, and only for purposes of cleaning, loading or unloading and short term parking. An RV may be parked only in designated parking areas member driveway exception: parking within a resident's garage is permissible at all times. Note: Oro Valley Town Code prohibits occupancy of a vehicle on the street overnight. State of Arizona Statute prohibits parking an unattended vehicle on the street for more than 48 hours.
4. Nonresident's RV's may not be parked longer than six consecutive hours within Sun City, and in no case overnight between the hours of 12 midnight and 6 AM, except in a designated area when registered and a waiver signed with the Association. Such parking is limited to 72 hours and in no case shall such vehicle be occupied overnight.

Café News

Check Out These New Items at the Library

Randy Wayne White's newest suspense, *Gone*, introduces a memorable protagonist, Hannah Smith. As usual, Sanibel Island is White's evocative setting for an adventure involving a vicious con man and a missing woman.

Willie Sutton, America's most popular bank robber, is the real-life subject of Moehring's new biography, *Sutton*. The novel follows Sutton's three decades of robberies and prison breakouts at a time when banks routinely failed, causing people to lose their jobs and homes. He hated banks, but he did it all for love.

How many predictions do you believe? *The Signal and the Noise: Why So Many Predictions Fail—But Some Don't* by writer and statistician Nate Silver, examines forecasts in the stock market, climate, baseball, and more, and what makes some predictions accurate and others failures.

Please! We've been getting Oro Valley Public Library items in our book return, and vice-versa. Please be sure you're at the right library before returning!

Friends of the Library

Your membership in the Friends of the Library expires at the end of June each year so please remember to renew it now if you have not already done so. The Library depends on your donations to purchase books and videos. Just ask a library volunteer for a membership form.

Recreation and Fitness - Lonnie Davis

Tips for Staying Active for Life

The more you exercise, the more you will reap the benefits, so it's important to stay motivated when life's challenges get in the way.

- Keep a log. Writing down your activities in an exercise journal not only holds you accountable, but also is a reminder of your accomplishments.

- Stay inspired. Reading health magazines or watching sports shows can help remind you how great it feels to take care of your body.

- Get support. It's easier to keep going with support. Consider taking a class or exercising with your spouse or a buddy.

- Exercise safely. Nothing derails an exercise plan like an injury. Use common sense and don't exercise if you are ill. Wear brightly colored clothing to be visible on the roads. When the weather brings slippery conditions, walk at a mall indoors to prevent falling.

Association-Sponsored Fitness: Purchase a punch card from the receptionist in the Vistoso Center, \$13/10 classes. You may use this card for all Sun City Oro Valley-sponsored fitness classes. It can also be used for your guests. There is a drop-in charge if you do not have a punch card.

GOLF

Head Golf Professional - Kim Griggs

Now that overseeding is complete and the course has been marked, we are ready for another great season. Just a reminder, the driving range is open to the public and range balls are \$4 for a small basket (approximately 30 balls) and \$6 for a large basket (approximately 60 balls).

Rick Sample and I are available for lessons. We are both PGA members and our rates are \$45 for one-half hour and \$55 for 45 minutes. We also offer packages, so visit the Pro Shop or call us for more information 825-3110.

Stop by the Pro Shop and see all the new merchandise that has arrived. Residents receive 15% off their purchases and pass holders receive 30% off. This excludes sale items, clubs and balls.

Walkers, please abide by the walking signs that are provided for you on the golf course. We want you to enjoy The Views beautiful scenery and at the same time be sure that you do not get hit by a golf ball.

Finally, the Pro Shop will be open Thanksgiving day for an 8 AM and a 1 PM shotgun. Happy Turkey Day to all!

Superintendent - Michael Kropf

Every fall, weather forecasters give predictions about the coming winter season. The last couple of years they predicted a La Niña weather pattern which means a dry and cold winter. This type of winter is good for generating golf revenues because most days are beautiful with the

only negative being cold mornings and frost delays. However, they are predicting an El Niño weather pattern for this winter. Normally that results in a warmer and wetter winter.

Golf course superintendents are very excited when there is a prediction of an El Niño winter. The warmer temperatures really benefit the Bermuda grass that is still underneath the overseeded areas. The soil temperatures remain higher which protects the roots and underground parts of the Bermuda grass so the following summer there is less damage during transition.

The most obvious benefit of an El Niño winter is the increased amount of rainfall. Most golf courses are watering with reclaimed water so the chance of rain is a huge benefit to the grass and soils. The rain will leach the salts away from the roots which will help both the underlying Bermuda grass and the overseeded rye grass resulting in a much greener, healthier golf course. An extra benefit is the cost savings in not having to irrigate as extensively.

However, the increased chances of rain will have a negative impact on golf revenues since golfers in Arizona, unlike golfers in a rainy climate, don't play golf in

the rain. Hopefully, the rains will be spaced out so the golf course and golfers will be happy.

Golf Advisory

Chair Preston Sheriff 825-3101

First Wednesday, 2 PM, Vistoso Center/Apache

All the golf clubs are starting their seasons. The overseeding is complete and the course is ready for another year of play.

Both the Arizona Golf Association and Arizona Women's Golf Association have converted to the GHIN handicap system. There is very little difference that our members will notice. Scores can still be posted on the kiosk in the Pro Shop using your local number or on line. Apps will be available soon for score posting on an iPhone and iPad. If you haven't signed up at the AGA or AWGA, please do so. If they have your email address you can get your handicap update and other items of interest.

The Marketing Committee is looking for golfers to bring ideas to their meetings. The goal is to help the committee attract potential golfers to our community and golf course. Contact chair Barbara Nye Ross 818-0701 with your ideas.

Next meeting, November 7, 2012.

Sunrisers Have Fun - You Can too

by Pam Sarpalius

Low-impact aerobic exercise is an effective way for seniors to keep their cardiovascular systems in shape, while protecting bones and joints. These exercises elevate heart rate, but without trauma to joints. Avoiding exercises that cause your body to bounce and contact the ground with force will enable you to exercise longer and will protect against loss of balance and potential injury due to falls. As always we recommend you check with your physician and receive approval before starting any new exercise.

Class working out. Photos by Steve Taillie.

Sharon Hertle

Sun City Oro Valley is pleased to offer the Sunrisers Low Impact Aerobic Classes on Mondays, Wednesdays and Fridays, 7:15-8:15 AM, Auditorium. The new class instructor is Sharon Hertle, a SCOV resident. Sharon has the following accreditation and certificates: National Exercise Trainers Association; Zumba; Silver Sneakers (for muscle, stretch and range of motion). The class format is non-impact choreography with use of elastic tubing, small balls and hand-held-weights. There are no sitting or lying-on-the-floor exercises. Attendees, men and women, range from age 55 to 87 years. Sharon's class has a fun approach getting everybody moving while improving cardiovascular endurance, muscular strength, agility, balance, posture and coordination.

Those who plan to attend must purchase an Association Sponsored Fitness punch card, \$13 for 10 classes, available at the Vistoso Center. There is a drop-in charge if you do not have a punch card. Come join the fun while getting some early morning exercise. Stop by and watch the class, or try your first class for free.

Book Clubs

Book Club

Lillian Vittenson 825-5522, Eileen Rotman 825-5434

First Monday, 1:30 PM, Catalina Vista/Pima

Join us November 5 for an engaging discussion of *The Immortal Life of Henrietta Lacks* led by Corinne Kullick. This story of how the continual reproduction of one woman's cancer cells led to life-saving medical discoveries involves ethical questions concerning scientific

research. The story of this poor black woman and her family raises other compelling concerns.

December 4 we'll return to the realm of fiction and Cathy Lamb's story of *Henry's Sisters*. Judy Kuhel will help us analyze how three siblings respond to their mother's request to come home where they will have to face who they were, who they are and who they might become. The dynamics of family relationships are likely to stir emotional associations in all of us. Perhaps, studying how these imaginary characters resolve their issues, will help us with our own.

Great Books

Pres. Barbara Gates 825-7645; VP Sharyn Rafieyan 825-6762

October-May, First and Third Wednesdays, 2 PM, Catalina Vista/Tohono

According to Sigmund Freud, "The conscious mind may be compared to a fountain playing in the sun and falling back into the great subterranean pool of subconscious from which it rises." As a therapist, Freud was determined to interpret the obscure language of the unconscious and worked at developing techniques to achieve this objective.

Our next two meetings, November 7 and December 5, will focus on Freud's case study of *The Rat Man* as we examine how he put his theories into practice in his treatment of a patient with an obsessional neurosis. Imagine being a fly on the wall in a room with Dr. Freud and his patient and, further, being privy to the doctor's notes and assessments of his treatment. Imagine the discussion such revelations might provoke. Join us for that engaging conversation.

Gun Club

Pres. Warren Cuthbert 818-1282

Meeting Second Wednesday, October-May, 2 PM, Social Hall/Papago
Club does not meet June-September

We have a very exciting program for our November 14 meeting. Claud Smith, Special Agent, (Retired) Criminal Investigations Department, IRS (Internal Revenue Service) will talk about the activities of this department and the firearms they utilized. (Remember, it was the IRS that got Al Capone.) He also worked for the Secret Service guarding the President and others and will talk about these activities and the firearms used. Mr. Smith worked undercover on combined task forces with the IRS, Secret Service, FBI and DEA.

You do not need to be a Gun Club member to come to the meetings. In fact, you do not even need to own a gun or have any experience with firearms to attend meetings. The Gun Club is for people who have an interest in learning about guns, shooting, personal protection and firearm safety. We especially invite women, who are interested in learning about firearms safety and self-protection.

David Smoler 818-7880, david.of.oro@gmail.com

First Wednesday, 6:30 PM, Social Hall/Papago - through April
<http://www.scovaz.com/clubs/photoworkshop/>

The Photo Workshop Club emphasizes education and the sharing of experience in both photographic composition and technical skill. All sessions offer a wide range of techniques that can be applied regardless of equipment and skill level.

November 7 Topic: *Composition, The Basics*. No matter what type of camera you use, the techniques of shooting pleasing pictures are the same. This month we explore aspects of composition such as types of light and how your camera sees them, plus the most important compositional rules. We will also discuss how different types of cameras and lenses produce different results.

December 5 Topic: *Fixing Image Problems* When the lighting isn't quite right or you are in a hurry, your pictures don't come out the way you hoped. This month we demonstrate how free or low-cost editing software can solve most problems and produce images to be proud of.

Do you have some new pictures to share at the meeting? Please email them, or bring a print, thumb-drive or CD to the meeting. Tell us how and where you shot and processed them. This is not a competition.

There are no fees or dues. For technical details or to be included in our emails, please contact david.of.oro@gmail.com.

Poets' Corner

Sharyn Rafieyan 825-6762
Mondays, 9:15-11:15 AM, Vistoso Center/Yaqui

In this presidential election year with political slogans and derisions filling the airwaves and the printed page, it seems appropriate to look at this excerpt from a fairly current protest poem entitled *Occupy My Street*:
...Bring me your protestors, your bedrolls and tents, your signs, your huddled masses chanting derision of me, occupy my street... D.W. Fenza's re-working of well-known lines from the poem by Emma Lazarus about the Statue of Liberty helps the poet avoid the soap-box, speechifying sound of less effective poems. Protest poems can be comic, satiric, stirring or overly preachy. It's a difficult genre but an exciting outlet for a passionate opinion about any controversial subject, as some of our members have recently discovered.

Please note that we are back at the Vistoso Center/Yaqui this month. Resident poets are welcome to join us.

Pres. Jewel Prendeville 520-395-1356

Some of the health benefits of practicing yoga can be improved balance, flexibility, range of motion, strength and stress management.

Annual dues are \$5 pp and each class is \$7. SCOV residents may attend one class before deciding to join the Yoga Club. The class fee for the teacher must still be paid.

Everyone cares about ALZHEIMER'S DISEASE.

We understand it.

At a Clare Bridge® community, we care for those who have been touched by Alzheimer's and dementia. With innovative person-centered activities, professional staff and home-like environments with secured outdoor terraces and licensed nursing staff on-site seven days a week, Clare Bridge of Oro Valley delivers high-quality, full-time care for the resident to safely "age in place." We also care enough to understand the full impact of this disease, from its destruction of the memory to the challenges and difficulties it poses for families and loved ones. And we respond accordingly. That's why a Clare Bridge community is special.

If your family has been touched by Alzheimer's, call or visit Clare Bridge of Oro Valley to schedule your personal tour and complimentary lunch or log onto www.brookdaleliving.com. We do more than care. We understand.

Join us for our Alzheimer's Support Group the 2nd Tuesday of every month at 10 a.m.

Open to the public.

Complimentary respite care provided during the meeting.
