ASSOCIATION NEWS

From The Board of Directors

Our **MISSION** as the **SCOV Board** is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Why You Should Vote For the Fitness Center Project

by Robert Hefner

There have been many reasons given as to why residents should vote for the renovation and expansion of the fitness center. Many of those reasons have been related to future residents of Sun City Oro Valley. While those are valid reasons, I want to focus on why I believe it is in the best interest of our current residents to support this project. Those of you who currently use the facility know it is so overcrowded with equipment that even the reception area of the building is completely filled with exercise bikes and strength equipment. Those of you who are in exercise groups know how difficult it is to schedule adequate rooms for your group. You are already solidly behind the project. It is the ones who are asking "What's in it for me?" that I am trying to reach.

One of the main reasons this is a good idea is that it has been shown in other active adult communities that have improved their fitness facilities, resident participation has increased. Is it not worth the relatively small amount this project will cost you as a homeowner if it improves the health or extends the life of you or some of your neighbors? But maybe the best reason is to consider what a bargain this is. When was the last time you had a chance to be part of a \$2,000,000 improvement project, dedicated to the health of all of our residents, for only \$385?

2012 A Year of Ebbs and Tides

The Community faced a wide range of issues during the past calendar year. Most notable of these issues was the AFC (Aquatic & Fitness Center) proposal. A major upside of the proposal is that it raised the interest and participation of our membership. The major downside is that it resulted in considerable dissension among the residents.

Although the AFC project unintentionally resulted in ill feelings and division between many of our wonderful residents, which this Community does not desire, it also gave us an opportunity to learn from mistakes or actions that were perceived to be mistakes. It's probably true that the Community is not completely healed; however, lessons have been learned and actions taken to create a more cohesive community.

For example, shortly after the AFC project was not accepted, another committee, the FCC, was established by the Board to develop a new plan that would be supported by most of the residents. This new plan development has been very important. However, of possibly greater importance is the manner in which the plan has been developed with great emphasis placed on membership dialogue plus the goal of serving as a healing example for the Community by purposely having people with very diverse points of view work toward consensus.

In addition to what the FCC accomplished in building consensus, a communication gap was filled by distributing information on a regular and timely basis through my *This Week in SCOV* Listserv report on In the Know. Not everyone receives this report and not everyone may appreciate it; however, the feedback received to date has been very positive.

The couple of strides noted above, developed from lessons learned, will not cure all ills. Certainly there are other measures that are needed on an ongoing basis to improve communications to and from the membership and steps that are required to create and maintain a fun and friendly Community. We're not where we want to be and may never reach that ultimate place, but efforts have and will continue to be made to create the best environment possible in SCOV.

ARC Architectural Review

Chair Ric Raynor 520-604-0771
Second and fourth Tuesdays, 1 PM, Vistoso Center/Yaqui

The ARC is very pleased to be assisting an ever-

increasing number of residents with home projects. We are proud that home owners are making large improvements to homes, yards, walls/fences, and vegetation.

Now that trees are not required in front yards we are assisting owners in choosing smaller cactus and water-conserving plants as replacements. Contact the ARC to assist in all exterior home improvements so they can be completed quickly and within the Development Standards. Please check your house number lights to be sure they are all working and look to see that your numbers are clearly visible from the street in front of your home. The ARC is a committee to assist residents and the Association.

Tucson Electric is in the process of updating home meter heads to a digital format for ease of reading and for future remote reading. These meters will only transmit usage amounts and have no other function. We have been assured the new meters will not affect any other transmissions to or from a residence.

Communication Committee

Chair Richard Babin 520-989-3321
First Monday, 1 PM, Vistoso Center/Apache
<http://www.scovaz.com/committees/communications/index.html>

Full communication about the possibility of a new fitness center is critical. As most everyone in SCOV knows, the FCC (Fitness Center Committee) has worked hard over the last several months to develop a plan for a new fitness center. They have done a terrific job of communicating with the community about their work. They have made a recommendation to the Board and will hold three informational meetings in January to present it. The meetings are scheduled for Friday, January 4, 9 AM, Monday, January 7, 3 PM and Thursday, January 10, 6:30 PM. The purpose of these meetings is to explain everything about their recommendation and to answer all questions. The Communications Committee commends the FCC for the work they have done and for their commitment to transparency and open communication. We urge all residents to attend one of the informational meetings.

CAC Community Assistance Committee

Chair George Holthus 818-1042; Carolyn Carson 825-1514

Aluminum Can Donations: Put those aluminum cans to work for SCOV. Deposit only empty, clean aluminum cans in the box outside the Social Hall kitchen. For safety reasons, do not deposit unrinsed cans which attract bees and may become a hazard. Profits fund the equipment for the Loan Room. Recently personal trash has been found in the aluminum recycling containers. Our volunteers must then sort this out and place it in trash receptacles. Please help us by recycling your aluminum cans but placing your trash in your trash containers.

CAC volunteers delivered their fourth can load this year; it was 520 pounds which netted us \$317.20 bringing the year-to-date total to \$1,132.80.

The CAC is responsible for the Loan Room which is located at the end of the Cart Barn. The Loan Room provides medical equipment, tables and chairs, rollaway beds and some children's equipment for loan to residents. The Loan Room is open on Tuesdays and Thursdays from 8-9 AM. Telephone reservations can be made on Mondays, Wednesdays, and Fridays, 8-9 AM. Telephone

numbers are on the inside front cover of the Tipster.

The CAC Pancake Breakfast will be Saturday, January 26, 7:30-9 AM, Auditorium. Please come and enjoy breakfast with us.

Tickets will be on sale on Sunday and Monday, Tuesday, January 20, 21, 22, Thursday, January 24, 9-11 AM and Wednesday, January 23, 1-3 PM, Social Hall and at the Loan Room all week.

Is It Too Late?

A question we've all been asked at one time or another in our lives is, "Did you make one?" That question refers to New Year's resolutions, and if you haven't made one, it's not too late to do so. How about making a resolution to take pride and care of ourselves, our homes, and our property where we live. Most of us already do that, but just think how great our community would look if we all did.

Our committee members have certainly enjoyed seeing the beautiful holiday decorations throughout the community over the past few weeks. As a friendly reminder though, seasonal decorations should be removed by January 15. We appreciate all residents who continually take pride in the appearance of their property, and we are most pleased with how beautiful our community is looking to usher in the New Year. We wish each and every one of you a happy, healthy and prosperous 2013.

Last month we reported an analysis being run on a cogeneration proposal that might improve energy efficiency. The result showed that the payback was inadequate, so the project was terminated.

The project to upgrade audio/visual equipment in the Social Hall and Catalina Vista facilities has solicited input from users and monitors. We are now working with vendors to prepare a bid specification and expect to make a recommendation to the Board in March.

The solar water heater at the Desert Oasis is fully functional using a newly installed computerized controller.

An inquiry has been made regarding potentially hazardous dust that emits from gourd (the artistic shaping of gourds). Our project team has consulted with health experts, equipment vendors, and gourders to define the nature and extent of the hazard. On this ba-

SCOV Committees At Work

This past month residents of SCOV participated in over 30 committee meetings, two subcommittee meetings and two meetings of the Board of Directors. You currently have 23 committees ranging from studying what equipment is needed in the fitness center (Fitness Center Equipment) to patrolling our community (Posse), studying how to agree agreeably (Strategic Projects) to sponsoring educational events on how to sleep better (Active Health). You make sure we dot our "i's" and cross our "t's" (Tipster Editorial) and introduce potential residents to SCOV (Ambassadors). There are lovely artisan items for all to enjoy and purchase (Gift Shop) and you make sure we are talking and listening to each other (Communications). You are bringing forward an initiative for Association members to vote on (Fitness Center) and making sure you look good (Neighborhood Pride). There were rollaway beds available for holiday visitors (Community Assistance) and vendors available for plumbing emergencies (Consumer Referral). You are able to call each other (Community Directory) and ask your friends and neighbors to represent you as leaders of SCOV (Nominating). You toured the buildings for inspection (Properties) and told others about this community (Marketing). Programs/Facilities Director - Pam Sarpalius

Hello 2013

Why do we always decide to make changes in our lives on January 1 of each year?

Every day is an opportunity for a new beginning in your life. I would hope that this year you will join a new club, try a new activity or exercise. With that said, why not try our new Aqua Zumba class taught by Lonnie Davis. This class has great music, a good workout and is very easy on your joints since you are in the water. Zumba is very popular and outside of SCOV you would pay between \$5 and \$10 a class. Use your punch cards for class payment. Gentlemen are also welcome and urged to attend. Check the activities calendar in the Tipster and online for class days and times. Start your new year off with a new challenge.

Friends of the Library

Do you know all the things the Friends of the Library does? Contrary to popular belief no money from Sun City's annual dues goes to the Library on a regular basis to cover its operational costs.

The Friends of the Library pays for:

- Book, DVD and audio-book purchases, subscriptions to the Wall Street Journal and other publications.
- Computer equipment, computer programs and upgrades.
- Supplies, replacements, furnishings and the Librarian's car mileage costs.
- Community events such as concerts, Books and Authors' Luncheon and the Home Tour.

The Library/FOL brings in revenue from book sales, DVD fees, ticket sales to fund raising events and individual donations. Costs for materials are kept down in part by buying used books and/or trading at Bookmans. Unfortunately, in recent years this savings has been significantly reduced because the library is getting fewer of the highly tradable new hardbacks as donations and because Bookmans is accepting fewer books in trade overall. Some of that reduced purchasing power has been offset by buying through Amazon, but the cost of maintaining the library's collection has increased and will probably continue to increase in the next few years. This year the Friends had to increase its annual advance to the Library substantially. To keep this valuable and much used resource in fine shape it is really important to join and maintain your membership in the Friends of the Library or to donate money if you so wish.

We are holding a membership drive outside the Li-

brary on Monday, Tuesday and Friday, January 7, 8 and 11, 9 AM-Noon. Stop by with your checkbooks.

GOLF

Head Golf Professional - Kim Griggs

I hope everyone had a great holiday and enjoyed time with their family and friends.

For those of you who haven't stopped by the Pro Shop, please do so. We have a wide variety of merchandise and if we do not have your size or color, we will be more than happy to special order for you.

We have a variety of items (towels, hats and other merchandise) that have The Views Golf Club logo on them.

Time Change: On Wednesdays the morning shotguns will start at 8:30 AM (unless there is a frost delay). The afternoon shotguns are now scheduled to go out at 1 PM, not 1:30 PM as in previous years. This is being done so that we can possibly get the afternoon shotgun in before dark.

Reminder: the frost delay hot line is 825-0322.

Walkers and riders, please remember to remain on the paths at all times. Should frost be present, you may damage or kill the underlying grass if you walk on it. Thank you.

As everyone knows, we are now open to the public which makes us a semi-private golf course. Please be aware that as new people play our course, they may be a little slow as it may be their first time here. Our rangers are aware of this and will help move them along. We advise everyone of our rules, and hand out playing tips to them in the Pro Shop. So, please be patient and courteous to these guests. We try to fill in empty times with these guests as a way to increase our revenue.

Superintendent - Michael Kropf

January is the time of year when the normal activities in the golf course maintenance department really slow down. The cooler temperatures decrease the growth rate of the grass so the amount

of mowing required is greatly reduced. Less fertilizer and water are required for maintaining good turf health. This allows our department to catch up on other areas of the golf course, such as drainage projects, desert broom removal, tree trimming and landscaping.

Some of the projects that are going to be addressed will be thinning the desert around the driving range floor so the Pro Shop can recover lost range balls and repair of erosion areas around tee complexes and cart paths with river rock. During heavy rainfall, tees like #1 red tee, #3 golf tee, and #7 tees wash dirt onto the tee top requiring lots of time and effort to repair. The river rock will prevent this damaging erosion.

More drainage projects will be completed this year to improve playing conditions. Tee #14 has several areas that have drainage issues. The wet conditions start at the puddle on the cart path in front of the red tee and go all the way to the cart path where carts exit the fairway. The scope of this project is so large it will be divided into several smaller projects that will be completed over the span of a couple years.

This is the time of the year that areas away from the turf get all the attention.

Golf Advisory

Chair Preston Sheriff 825-3101

First Wednesday, 2 PM, Vistoso Center/Apache

It was reported that both the rounds played and revenues are ahead of last year's numbers. The sale of 18 hole, 9-hole and non-resident passes are very close to or over the budgeted numbers.

For the occasional golfer, you want to check out the Wildcat Pass in the pro shop. The holder will receive a 15% discount off the rack rate green fee; it does not include the cart rental.

The derby held November 28 was a success. Twelve two-person teams played and it was a fun event won by Mike and Ruth Bonfiglio. It was agreed that more of these events be scheduled in the future.

Mike Kropf said the temperatures have been over 80 degrees. With cooler weather he will be able to reduce the amount of water used. The course will firm up and dry out soon.

FEATURE

SCOV Centarian Still Working With Stone

By Arlene Douglas

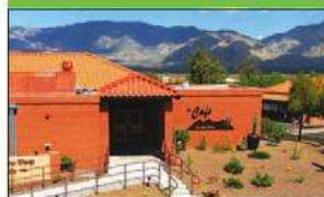

Sun City Oro Valley pioneer, E. Keith Staley, turns 100 January 13. To put that date into perspective, Arizona had just become a state in 1912. During 1913 Woodrow Wilson was inaugurated as president and a year later the country was in World War I.

Born in Trinidad, CO, Staley's family relocated to Clayton, NM, the first town on the Santa Fe Trail. He graduated in engineering from the Colorado School of Mines in 1935 and his life with rocks began.

A chance meeting while hitchhiking brought him to Arizona. He struck up a conversation with another fellow on the road who ironically, had also graduated from the Colorado School of Mines. Everyone was looking for work at the time and this fellow reported that the Morenci Arizona Copper Mine was opening. Staley hitched to Arizona and signed on at Morenci. Soon the country was in World War II. Staley was stationed in Alaska with the Corps of Engineers and later commanded a division in Burma, India, a big change for someone who had been trained for Arctic survival.

After the war, Staley returned to Arizona and spent his entire career in the copper industry, jumping from Arizona to Nevada, to California to Colorado. He ended up being general manager of the Magma mine in San Manuel, the largest underground copper mine in the world.

After retirement, Staley began his second career with stone. While still living in San Manuel, he drove to Tucson to teach lapidary and silversmithing at the Tucson Old Pueblo Lapidary Club. Once settled in Sun City, he began teaching at the brand new silver and lapidary club. Lapidary student Sherri Zei says, "Keith is a legend in the lapidary silversmithing area. He is an incredibly skilled teacher and eagerly shares his knowledge about stones, mining and craftsmanship". Staley has taught well over 100 residents of Sun City the art of cutting stones and creating jewelry. Even today, he can be seen at the shop working on stones and jewelry. His items are still sold in the gift shop. Be sure to stop in the lab to say a belated, "Happy Birthday."

QiGong Classes

QiGong classes are held Wednesdays, 6:30-7:30 PM, Social Hall/Dance Studio. First class is free. Class fee \$7 pp. website www.scovaz.com/clubs/healthwellness

Healing movement QiGong exercises developed by Joe Pinella are similar to physical therapy exercises. They have been adapted for people with arthritis, chronic pain, stiffness, heart disease and cancer.

These are very simple, effective techniques that actively engage the body's own healing systems. By rotating all the major joints of the body, you expand and contract most of your muscles, thus increasing circulation and range of movement. They have helped people lessen their pain, regain more movement, increase their energy and live a better quality of life.

Sock Drive - Benefits Homeless Veterans

Thanks to all who donated to our sock drive. The amazement of the staff at the Tucson Veterans Homeless Program was great to see when Hal and Sandy Jasper assisted by Max and Jean McCormick

delivered 2,241 pair of socks to the VA Hospital. Socks were donated by SCOV residents and the surrounding community that were invited to participate this year. The media crews that covered the December 19 delivery were surprised that, considering the state of the economy, the SCOV Sock Drive was able to increase the donation by such a large margin. Thank you to everyone who participated.

Wheels for Kids

Last year, the Vistoso Cyclists and Seniors for Kids delivered 115 refurbished and 22 new bikes to 14 various children's services organizations all at no charge. This was made possible because of generous contributions from Sun City Oro Valley residents and the Vistoso Cyclists.

Make a difference in a needy child's life this year with a gently-used bike or a tax deductible contribution payable to Seniors for Kids. In the memo portion put in Wheels for Kids. Send check to Phil Procida, 962 E. Royal Ridge Drive, Oro Valley, AZ 85755. Want to know more? See insert or call Phil 742-7399.

THANK YOU CORNER

This section allows residents to express thanks to the community. Articles should not exceed 50 words and should not contain thanks to specific persons.

Bob and I want to thank everyone in Sun City who contributed to our Parkinson's fundraising this year, both with money and with words of encouragement. We reached an unbelievable amount of \$7300. A lot of that money will come back to Sun City residents via the Parkinson's Exercise Group that meets twice weekly. Thank you one and all.

Payton and Bob Davies

My sincere thanks to friends, wonderful neighbors and administrative staff for your love and support during Bill's final days. Your kindness was a great comfort to the entire family.

Beverly Davis and Family

For this holiday season, many good folks in SCOV bought or collected some great gifts for the Holiday Shop at Davidson Elementary. The kiddos buy gifts for their families using their well-earned Davidson Dollars. So thank you for the gifts and money and thanks to those who volunteered to go to the school and wrap those gifts. Think now for 2013. You are beyond super.

Carolyn Lerch

Dick would have been proud to know your admiration of his quiet nature and tennis skills. It warms my heart to receive your condolences. You have confirmed our appreciation for the thoughtfulness of our Sun City family of friends. The Broadstone and McMurtrey families are grateful for the comfort and support you have shown. We thank you.

Liana

My family joins me in expressing our immense gratitude for the wealth of friendship, care and assistance extended by members of this amazing community. We are so grateful for the kind words, visits, offers of help, cards, food and endless love during Ahmad's illness and after his passing.

Sharyn Rafieyan

We give a big thank you to all of the Tipster collators who rearranged their schedule to help with the Tipster collation on Monday, December 3. Also, thanks to collators who have helped us over the last year. Without your help, we would not be able to complete the project as rapidly as we do.

Bike Club - Vistoso Cyclists

Don Piele 520-302-5321
Pres. Tom Meyer 612-791-1791
Mondays, Wednesdays, Fridays, Mountain View Plaza
<http://www.scovaz.com/clubs/cyclists/>

For the 30th Annual El Tour de Tucson, the Vistoso Cyclists were represented by 19 riders. For the 111 mile race we had 11 entries and three guests, two from Minnesota and one from Chicago. The 60 mile race had two riders and in the 42 mile race, had Joe Quinn and his two sons. Joe, 87, completed his 18th tour, more than anyone in the club. He began riding in 1993 and missed only one tour when he broke his hip. We also had two Ride Marshalls, Fred Finney and Jim Elkin. Nine of the riders received the gold ranking signifying an outstanding time for their age bracket. The club cheered all of the riders as they passed by Sun City Vistoso. Congratulations to our enthusiastic bunch of El Tour riders and helpers.

Scheduled rides begin this month at 9:30 AM at the Mountain View Plaza. New riders are always welcome. We have three levels of riders and no one is left behind. Riding a bike is easy on the knees and helpful to the heart. As always, see our web site for the current ride schedule and routes.

Billiards

Ray Hicks 825-2214

Just prior to the tournament start, we had a club meeting, as a good portion of the very active members were present. The issue concerning the start time for all the upcoming 2013 tournaments was discussed and decided. The time of 1-4 PM was accepted by the majority of people present. Our only eight-ball tournament and pot-luck

supper for this month will be Sunday, January 13. Please check your schedule and sign up early. All the club members hope Don Tucker has a speedy recovery. A new year means something new, so try the Billiards Club.

Ayan Hirsi Ali's best-seller memoir, *Infidel*, describes the author's difficult journey from the desert poverty of Somalia to Saudi Arabia, Kenya and eventually the Netherlands. Though raised in a strict Muslim family, Hirsi Ali resolves to fight what she sees as injustice in the name of religion, and explains how she emerges as a compelling defender of the West.

February 4, Jan Linn will lead the discussion on *Queen of America* by Luis Alberto Urrea, continuing the adventures of Teresita, as she flees revolutionary Mexico, to Tucson, El Paso, and eventually, Clifton, Arizona. Newcomers are always welcome.

Great Books

Pres. Barbara Gates 825-7645; VP Sharyn Rafieyan 825-6762
October-May, First and Third Wednesdays, 2 PM, Catalina Vista/Tohono

Correcting last month's errors, please note that Judy Carlson and Elise Asch led our discussions of *The Rat Man* and our first discussion of *The Island* was led by Esther Goldman. Joan Brauer will guide the continuation January 2. Esther Berlot, Connie Armstrong and Lois Frank will help us explore David Grossman's *Momik* this month and next.

Concerned with the lingering effects on the Jews of the Holocaust, Grossman questioned how such horrors are allowed to happen. His explanation involves what he calls the language of the masses, "a language intended to liberate the individual from responsibility for his actions, to temporarily sever his private, individual judgment from his sound logic and natural sense of justice." He remains concerned that today's mass media employs a similar language with comparable results but posits that "literature can repeatedly redeem for us the tragedy of the one from the statistics of the millions."

Poets' Corner

Sharyn Rafieyan 825-6762

Mondays, 9:15-11:15 AM, Vistoso Center/Yaqui

In a poem called *Winter Love* Linda Gregg begins by wanting "to decorate this silence" and ends with "I waited too long to drink my tea. It was not hot. It was only warm." Reading the poem, one wonders why her house seems silent or perhaps she means empty with the absence of another person. Her tea could be a metaphor for love or whatever she failed to take a chance on when it was "hot". The poem is not long and the language is simple but full of possibilities with regard to meaning.

Working with words is what poets do and we hope to improve our construction skills with a facilitated workshop beginning Monday, January 14 and concluding Monday, February 18. This workshop is open only to those who have pre-registered. Once it's concluded, all resident poets will be welcome to participate in our weekly meetings.

Established in 1994 as a volunteer resident group, we have successfully dealt with the Pima County Assessor and utility companies and conducted valuable investigations such as blue pipe and roofing problems. CASCVI provides an organization where residents can request assistance with problems not covered by SCVCAI. We can be reached at cascvi@comcast.net or call Marty Abelson 825-3522

Residents who desire to be on our email list to receive, submit or share home maintenance information, consumer warnings and advisories, residential tax information and resident-related issues not covered by SCOVCA should submit their email addresses to cascvi@comcast.net.

We are nonpolitical and are here to serve our fellow residents. Nonresident emails will not be accepted. You must be an SCOV homeowner.

Nancy Williams, continues to collect donations which now include cell/smart phones. Items requested this month are new children's clothing, diapers, feminine products of all kinds. Remember, these women walk away with nothing.
