ASSOCIATION NEWS

From The Board of Directors

Our **MISSION** as the **SCOV Board** is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Help Make SCOV What YOU Want It to Be

by Steve Knapp

When you receive your Annual HOA statement in May, the mailing will include an important Owner Survey. The Survey has two purposes: to better understand the varied interests, preferences and needs of SCOV homeowners and to improve communications among owners and the Board and staff of the Association.

This Survey, approved by the Board in January, is part of a broader effort called the SCOV Pulse Initiative. It is aimed at better understanding homeowner satisfaction with the community's activities, facilities and services, thereby enhancing the experience of living here. Your thoughtful completion and return of the survey will substantially assist planning for communications, programs, projects, and services intended for your benefit. It will also help guide those who serve you: directors, committees, and administrative staff.

Strategic Projects Committee Chair Ted Hood has established a special Survey Task Force, headed by member Jim Williams, to develop and structure the survey. Work will be guided by SCOV volunteers who have public polling and social science research experience to help assure that survey responses represent scientifically valid information on which to base analysis and findings.

A companion objective is to evolve cost-efficient and reliable random survey approaches for regularly updating information about changing owner interests over time.

- The last major SCOV survey was in 2008; 1,903 (76% of 2488 units) responded. That survey served as an important basis for the 2009 Long-Range Plan. Virtually all the initiatives undertaken, based on that plan, have been completed. It is certainly appropriate and timely to conduct a new survey of homeowners to use as a basis for the next phase of long-range planning.
- Historically, owner surveys, conducted by means other than mail with the annual assessment, typically result in low response levels, thereby making it impossible to generalize the results to the entire community. A goal of the Pulse Initiative is to be able, over time, to conduct smaller (less expensive) random sample surveys that result in findings that reliably represent and reflect the attitudes and beliefs present in the whole community.

Your thoughtful, complete and timely response to the survey will be greatly appreciated. If you have any questions about the survey process, please call Robin Coulter 917-8070. Thank you.

General Manager - Bob Mariani

Carry your Membership Card

The primary reason that the current type of membership card was implemented a couple of years ago was to begin the implementation of a secure-access system to the buildings. After researching different systems over several months, a system has been identified and will soon be installed at the Desert Oasis, Catalina Vista and Fitness Center.

What is the access system? As in many communities similar to SCOV, this system will activate the entry doors to the facilities with the use of your membership card, which is a proximity card. By holding your card near an activation panel near the entry doors, the doors will be unlocked and opened.

Why is this access system being installed? There are a few reasons. One reason is that it will automatically provide data identifying who is using the facilities and the level of use of the facilities. It will provide a reasonable level of security to best assure residents and guests are using the facilities and will substantially prevent nonresidents from entering the facilities. In cases of non-payment of dues for example, the card can be taken out of the system so that a delinquent homeowner will have a more difficult time entering facilities. If an injury were to occur in one of the facilities, the data from the card may help identify the person who may not be known to other residents occupying the facility at the time. The last reason I'll list is that it will alleviate the need to have a monitor in each facility during all open hours which will result in a long-term cost savings.

So what does the installation of this system mean for you? The primary impact is that it will be very important for you to carry your membership card with you when you frequent these facilities. Of course, the main reason to go to the expense and time to distribute these cards is so that you will keep them with you and use them when using your Association facilities.

ARC Architectural Review

Chair Ric Raynor 520-604-0771
Second and Fourth Tuesdays, 1 PM, Vistoso Center/Yaqui

Thank you to everyone that has allowed the ARC to assist with home improvement projects this past year. Please continue to plan ahead with your project plan submittals, as it may take up to two weeks for them to be approved.

It is a good time of year to check for damage due to tree root growth. The community has experienced a large amount of damage to sidewalks, driveways, water lines and sewer pipes because of spreading roots. Think about trimming tree roots or removing that overgrown tree before you have expensive repairs. Removing a tree at \$400-\$500 may be much less expensive than \$4,000 or more in repairs next year.

Fence

Any new painting of the side and rear yard perimeter fencing around your lot must be done using Weathered Brown. All fencing must be painted Weathered Brown by January 1, 2016.

Communication Committee

Chair Richard Babin 520-989-3321 rbabin@rochester.rr.com
First Monday, 1 PM, Vistoso Center/Apache
<http://www.scovaz.com/committees/communications/index.html>

One priority for the Communications Committee is to learn how residents get information about what is happening in their community. In February, in pursuit of this objective, the Committee created and sent out a survey to owners who might not have been using email communication methods. With assistance from Association staff, the Committee identified about 460 owners in this category. The purpose of the survey was to learn how they receive information about what is happening in the community and how they would prefer to have that information delivered to them. The survey focused on three specific questions: how do these people find out about what's happening in SCOV, how satisfied are they with the amount and quality of information they receive and what do they think could be done to improve communication in the community. Contact Richard Babin if you have questions about the survey.

Aluminum Can Donations: Put those aluminum cans to work for SCOV. Deposit only empty, clean aluminum cans in the box outside the Social Hall kitchen. For safety reasons, do not deposit unrinsed cans which attract bees and may become a hazard. Profits fund the equipment for the Loan Room. Please help us by recycling your aluminum cans but placing your trash in your trash containers.

Our SCOV Loan Room is a great benefit to our community by providing extra beds, tables and chairs, and children's equipment when guests come to visit. We also provide medical equipment for most any short time medical needs. Recently, medical equipment has been requested more than anything else and we have been out of some items. We have purchased another rolling knee walker, which should help in that area, but these are all out on loan at this time. We will do everything we can to provide whatever particular item our community needs. Please feel free to come to the Loan Room and see what we have to offer. We are beginning to get requests for visitors coming for Spring Break, so it would be good to plan ahead and make a reservation by telephone. Numbers and times for the Loan Room and reservation system are on the inside front cover under Community Assistance.

Election Committee

SCOV Voter Validation and Ballot Counting

March is the month when the Election Committee meets weekly to validate ballots. In the February Election Committee's *Tipster* article, it was explained how the validation process is conducted. This month, the process for counting the ballots is explained.

On Tuesday, March 26, 8 AM, Vistoso Center/Apache, the Election Committee will gather to count the ballots submitted by eligible homeowners. The validated ballots have been placed in bundles of 25. These bundles are removed from the two locked ballot boxes. The Election Committee is divided into teams of two. There are usually two statisticians. There is also a member who distributes the ballots to the teams and files the counted ballots back into the ballot box for storage, according to the guidelines in the governing documents. The counting teams open the bundles of 25 white BALLOT envelopes and begin making their tallies on a tally sheet. They have to account for all 25 envelopes (votes) on their tally sheet. There are both new and veteran members on the committee. When there are questions, the veteran members usually are able to answer the questions.

Once all the ballots have been tallied and accounted for, the statisticians prepare the report to the management who reports to the Board and community on the vote. If this report is prepared before the Board meeting is over, the results will be announced during the Board meeting. If not, they will be posted on the doors and bulletin board and sent out on *In the Know*.

Thanks to the strong culture of volunteering here in SCOV, our committee is now up to full membership. We continue to search for ways to enhance your communication and relationship with your local elected officials, primarily from the Town of Oro Valley. If you have suggestions for us, please let us know.

Marketing and Publicity

Chair Barbara Ross 818-0701

Fourth Thursday, 3 PM, Vistoso Center/Yaqui

One of the responsibilities of the Marketing committee is to celebrate who and what we are and to communicate that to our audiences.

Sun City Oro Valley is not a typical Sun City. Our community is one of the smallest Sun Cities in the country. At 2,488 units, SCOV is less than one tenth the size of Sun City Phoenix. SCOV is not an incorporated city, but is an integral part of the dynamic Town of Oro Valley. SCOV is not flat, but built into the natural foothills of the Catalina Mountains. There are fantastic views from every property.

The Views Golf Club is not your grandfather's golf course, but is a uniquely challenging and beautiful championship golf course. It is a hidden gem in the rich Southern Arizona golf scene. The course is in excellent condition in the best possible year round climate.

The Café offers great value in breakfast, lunch and occasional dinners with spectacular views of the Catalina Mountains. It is a place to meet friends for breakfast, lunch, or drinks and appetizers.

Sun City Oro Valley, natural treasures, vibrant community!

Spring Cleaning Outside

Due to the hard frosts and rain we had this past winter, much of our foliage was severely damaged, therefore, spring cleaning of our properties may take more time and effort. For some homeowners, much work will be needed to get yards cleaned up for spring which is just around the corner.

The following are spring reminders concerning personal yards:

- Trim trees up at least seven feet over sidewalks and back to no more than two feet out over street.
- Frost-damaged parts of shrubs should be cut off and removed.
- Bushes and shrubs should not extend over sidewalks, and hedges need to be under six feet tall.
- Tree leaves (debris) covering yards should be removed.
- Cracks in driveways, sidewalks and where the cement meets the street are the responsibility of homeowners to keep weed-free.

Thank you for your hard work and for continuing to take pride in your property.

The audio-visual equipment upgrade project is on schedule. The bid spec has been finalized and sent to vendors for response. The project was reviewed with the Board at the February Study Session. Most costs will be covered by the asset reserve fund, but those that are not will come from the capital fund. If approved, the work will be completed during the summer. Dust control in the lapidary room to protect artisans working with gourds has been completed. The ventilation system flow was increased by replacing the filter bags in the bag house. This, along with recommendations related to understanding and protecting against the hazards involved, seems to have resolved the problem.

Association bathrooms were evaluated considering both appearance and ADA requirements. It was concluded that staff should be leading this effort, and the Properties Committee should be involved only upon request.

Assistant Manager - Robin Coulter

Why Have an Election?

There are three board positions open for next year's board, and there are three candidates. Staff and both the Nominating and Election Committees have studied the need to conduct an election. It seems logical, if there are three positions and three candidates, the effort and expense of an election is not necessary. As an Association, we are required to follow the Non-profit Corporation Act and our governing documents. Unfortunately there is no exception to having members elect the directors in either the Nonprofit Corporation Act or the Bylaws. Because of this, it was determined to be prudent to hold the election. We have three great candidates this year. Please make sure you vote.

Next year and in the years to come, hopefully, there will be more than one candidate per vacancy, so an election with at least two candidates per vacancy can be conducted. Please be considering if you might be willing to serve a term on your Board of Directors.

Programs/Facilities Director - Pam Sarpalius

Let's talk staff

In the past I have written about the monitors, who I supervise and schedule, but now I would like to talk about two other members of my staff.

Lonnie Davis is the AFC and Fitness Coordinator. Lonnie does not only teach classes. His job is to oversee the AFC and answer all of your questions regarding equipment and any other items that need to be taken care of at the AFC. If you have a question, complaint or idea about the AFC, always see Lonnie first. Lonnie and I meet on a regular basis to go over items regarding the AFC.

Coco Sullivan is the Facilities Coordinator. Coco wears several hats. She maintains the Association calendar and coordinates room needs and reservations with the monitors and residents. She is the recording secretary for the BOD meeting. She is also my assistant.

I hope this helps you know who to talk to if you have a question or problem in my department, but keep in mind that I can be reached anytime you feel you need to meet or talk to me. My direct phone line is 917-8077 or email psarpalius@suncityorovalley.com

Recreation and Fitness - Lonnie Davis

Lets Get Out and Walk

Last month, I focused on staying motivated to stay fit. Today, I want to focus on a specific activity and goal setting. Walking has long been recognized as an excellent means of acquiring and maintaining aerobic fitness. Did you know that there is now good evidence that walking is one of the best ways of promoting brain health? Start by setting achievable short term goals. Organizers of the Arizona Distance Classic, to be held in Oro Valley, working with SCOV Active Health Committee, has provided a wonderful opportunity for our residents. Decide today to participate in either the one mile Champions Walk with Lou Waters or the five km (3.1 mile) walk/run with Drs. Bob and Debbie Oro. Register online www.arizonadistanceclassic.com and use **discount code** *suncityorovalley* to obtain free registration in the Champions Walk or a \$10 discount in the other events. Wouldn't it be nice to see a large proportion of our residents partaking in this activity? If you haven't already established a routine, now is the time to JUST DO IT.

Association-Sponsored Fitness: Purchase a punch card from the receptionist in the Vistoso Center, \$13/10 classes. You may use this card for all SCOV-sponsored fitness classes. It can also be used for your guests. There is a drop-in charge if you do not have a punch card.

GOLF

Head Golf Professional - Kim Griggs

March is a busy month as we will have the Catalina Cup on Monday, March 4; the 18-Hole Ladies will be hosting their No Frills Member/Guest. Our Pro Member will be on Monday, March 18. Sign up in the Pro Shop. On March 19, the 9-Hole Ladies will be hosting their Invitational. Wednesday, March 20, Saturday, March 23 and Wednesday, March 27 will be the start of our 18-Hole Men's Club Championship.

March is also preparation month for the upcoming Men's Member/Guest event. It is also the time when warmer weather arrives and brings out even more walkers and riders. Remember that we will move times back a half an hour, starting in March, meaning that you will need to be off the golf course a half an hour earlier.

If you are a renter or a new home owner in SCOV, stop by and play our magnificent Greg Nash-designed 18-hole championship golf course. Check out our fully-stocked Pro Shop and visit with our staff about potential annual pass opportunities for golf or try out our driving range to get started. We do not allow denim, t-shirts, athletic shorts or halter tops on the golf course or on our driving range. A small basket of balls costs \$4 and a large basket \$6. Lessons are \$45 for a half an hour and \$55 for 45 minutes. Call Rick Sample or me as we are both PGA certified to teach.

Remember that golfnow.com is not only available to outside guests, it is also available to residents of SCOV. It is Internet-based and a chance for you to book a tee time online. There are limited times available, but you may find a time that is suitable for you.

Superintendent - Michael Kropf

March is normally the time of the year the roughs and green surrounds start turning green as the Bermuda grass starts to come out of dormancy. Since this is when the Bermuda grass begins to grow, it would be a good time to start talking about the transition between eliminat-

ing the overseeded rye grass and growing the underlying Bermuda grass on the greens, tees and fairways.

Last summer, the fairways were aggressively regressed during late May and June; that was very ugly and negatively impacted golfers. By the middle of July, the fairways were really starting to look nice, and by the first of August, the course was in beautiful condition. As a result, holes 6, 9, 11 and 16 were not overseeded this winter to allow the large repaired areas of fairways to heal for an entire year and to develop a deeper root system. This summer those four holes will be in fantastic condition, but the other fourteen holes will still require some repairs.

The goal of this plan was to reduce the size of the areas that needed repairs. However, some areas, where the soils are not very good or where soil moisture is a problem, will have weak little Bermuda grass and will require repairs. This summer, more areas will be sodded to reduce the time required for the grass to heal and be far less destructive. However, larger areas will be sprigged again, so beware that June could have some ugly areas.

Golf Advisory

Chair Preston Sheriff 825-3101

First Wednesday, 2 PM, Vistoso Center/Apache

We are entering a busy season for golf course activities. The women's and men's clubs and the pro shop have a number of golf events/outings planned over the next couple of months. Be sure to talk with the clubs or Kim for more information.

Although we rely heavily on the Superintendent to maintain the golf course, we should try to help keep the course in the best condition possible. Remember to enter bunkers at the lowest possible point to allow them to be raked as you exit. Rakes should be placed in the bunker with handles pointing out.

Our greens are rolling good and need your help to repair ball marks. Try to repair more than one. Lastly, keep cart traffic on the grass to a minimum. Use 90 degree patterns from cart paths wherever possible and keep cart tires on paved paths around greens.

There's Magic In The Hospitals

Jay Knapp thinks magic should be part of every hospital. The retired real estate executive uses his long-time hobby to bring fun and levity into some very serious situations.

Jay will be here in SCOV 18 years in October. Raised in Cleveland, he spent most of his adult life in California where his interest in magic became an avocation.

He spends each Friday entertaining ailing children in local hospitals with slights of hand that amaze and delight. Many of them have not smiled in months, yet Jay finds ways to make them laugh out loud. With his magic wand, he taps their foreheads and delivers strength where before there was none. Watching children transform from sad to euphoric makes Jay feel so happy, it makes him feel as if he could fly.

There is magic, as many of us here in SCOV know, in volunteering and helping those who need it. You may not get paid, but the rewards are much greater than mere money. Joy, satisfaction and the thrill that only comes with doing good for others is the big payoff. Jay will be happy to tell you about his experiences and how you may find your happiness using your existing knowledge and skills helping others.

what to do first, where to go and who to ask, plan to attend this important event. Each attendee will receive a copy of PCOA's Directory of Services. Representatives will be on hand to talk with you about:

- Legal Assistance/Financial Planning
- Independent/Assisted Living Choices
- Caregiving
- Estate Planning
- Interfaith Community Services

Watch for the Shred-It event on Saturday, March 30, 9-11 AM, Posse Shack parking lot. See Coming Events.

Donate Your Old Cell and Smart Phones

The SCV Emerge! Auxiliary wants to thank the many folks who have donated their cell or smart phones. We are still looking for used phones with chargers. Phones will be set for 911 calls only and will be used exclusively by participants in cooperation with Emerge! Center for Abuse. Unused phones will be recycled and the money donated to Emerge! THANK YOU CORNER

This section allows residents to express thanks to the community. Articles should not exceed 50 words and should not contain thanks to specific persons.

Thanks to all the residents who donated to the Astronomy Club program at Coronado School. We will be able to purchase a telescope for every fifth grader. We will also send several deserving seventh graders to astronomy camp on Kitt Peak.

Astronomy Club

Thank you neighbors and friends for your kind offers of help, food, cards, encouraging phone calls and emails when John suffered a mild stroke. We so appreciate your thoughtfulness and kindness!

Marjorie and John Gerdes

My heartfelt thanks to Dave Habbershaw for organizing the fourth Bob Johns Memorial Poker Tournament. My sincere thanks to all who participated with donations going to Arizona Kidney Foundation.

Ruth Hafner

On behalf of the employees, volunteers and particularly our clients of Marana Community Food Bank, I wish to thank the many clubs, groups and programs that make gifts to us. Many of these gifts come without contact information from the donors. The groups turn over proceeds from fund-raising projects; they organize food donation drives in their neighborhood and they donate surpluses of various kinds to us. Of course, the biggest impact is on the wonderful support these gifts provide our clientele. Thank you.

Linda Hampton

Executive Director Marana Community Food Bank

We are so grateful for the many good wishes and condolences from our Sun City friends after the recent death of Adrian's son, Joost. Joost loved visiting here and had just brought his family to Sun City for the week before his unexpected death from a heart attack.

Ann Ellsworth and Adrian Korpel

We offer sincere and heartfelt thanks to our friends and neighbors for their caring and compassionate support since Bill's passing.

At times like this you are so humbled and grateful for this community that we live in. The calls, cards and thoughtful actions of so many have been a great comfort. We know Bill would want us to convey a special thank you for the thoughts and prayers of concerned neighbors and friends during his prolonged illness. We thank you all.

The family of Bill Saunders

Thank you to the members of the FCC (Fitness Center Committee) for their diligence in helping the community to move forward in a positive way.

Kay Sheetz

To all who attended the memorial, sent cards, brought food and cried with me, my thanks. A special hug to two special friends who stayed with me at the hospital
Helen S. Wilshire and family

Words cannot express our gratitude for all the love and comfort we have received from our Sun City community as we said goodbye to our beloved wife and mother, Bobbye.

March 20, Sandy Rice will facilitate our study of Robert Lowell's trenchant poem *For the Union Dead* which speaks of New England greens where "frayed flags quilt the graveyards of the Grand Army of the Republic" and depicts Boston as a place where "parking spaces luxuriate like civic sandpiles."

Our topics for March will be Myanmar on March 13 and Intervention on March 27. President Obama recently made a historic and unprecedented visit to Myanmar where he highlighted significant democratic reforms made by their government. What challenges must Myanmar overcome before it can fully join the international community? What role can it play in southeast Asia?

The session on Intervention relates to when, why and how countries should enter another country to protect civilians caught in the cross-hairs of war and violence. When should the international community intervene? Why did the West rush to intervene in Libya but not Syria?

self-protection with or without a gun, to attend. People are frequently interested in learning the laws and regulations about carrying a gun and what is required to obtain an Arizona concealed-weapons permit. Club members are encouraged to bring any new or interesting guns/accessories to the meeting for people to see or any guns they want to sell/trade. At some meetings, we have guest speakers from law enforcement or other gun related organizations. You are invited to come to a meeting and see if our club activities would interest you.

Pilates

Mary Ayers 638-7916 kayers9753@sbcglobal.net

Mondays, 3 PM, Thursdays, 1:30 PM, Social Hall/Dance Studio

What is Pilates anyway? What are the benefits? Pilates is a world renowned exercise system dating back to WWI. Using the mind to control the functioning of muscles, Pilates exercises work core posture muscles (abdomen and back). These keep bodies balanced, providing critical support for spines. Pilates also teaches awareness of breathing which strengthens deep muscles in your torso, helping to get rid of back and other pain. Used in rehabilitation for years, Pilates has helped many recover from injuries or weaknesses. All exercises are adaptable to any skill level, so they are well-suited for senior men and women. Benefits include improved flexibility and balance, stronger muscle tone, more energy and sharper mental concentration. For an introduction to classes, please feel free to come and watch only. If you do participate, cost \$8/class. Annual dues \$20 pp.

Poets Corner

Sharyn Rafieyan 825-6762
Mondays, 9:15-11:15 AM, Vistoso Center/Yaqui

"The scene is lit by the thin light of a new spring/A scarf of green floats low in the ravaged Park/But even here by the hedge at the edge of my yard/I stand in danger." These are the opening lines of a poem entitled *In March There Are Signs* by Jane Rohrer. How vividly she creates the setting and the image of someone standing on a metaphoric precipice contemplating whatever confronts her. As poets we're frequently advised to cut out tedious introductions and begin where the reader will be drawn right in, exactly as the poet has done here.

This month we return to our usual self-help workshops, gently critiquing each other's poems with regard to components such as structure, word selection and sound. We also provide useful feedback about what works well and what needs more work.

All resident poets are welcome.

Leslie's Movie Review:

~ ZERO DARK THIRTY ~

Definitely not a chick flick. Most of the beginning scenes, trying to elicit information from the prisoners, I spent with my eyes closed and my fingers in my ears. I could have lived a long life without actually seeing what "waterboarding" is. The acting was excellent, the depiction of Washington, D.C., realistic and the telling of the event believable. I recommend this for those who enjoy the retelling on an actual event, who are OK with "real life" violence.
