Views From Your Home

by Carol Rosner

Many SCV homeowners had excellent mountain or golf course views when they bought homes. Those views may now be partially or totally obscured. This is distressing and may lower their home's value.

Are there possible remedies?

If your home is officially listed as having a golf course view, the Common Area Maintenance Crew has begun on hole # 1 to clear excess brush and debris directly behind your home to provide a minimum of at least a 50% view of the course. The crew is moving progressively toward hole # 18. If you do not wish to wait until they reach your area, a Commercial Landscaper Plan enacted by the Board of Directors enables you to hire one of a number of prequalified commercial landscapers. They must follow certain guidelines to trim the area behind your home. This can be done by contacting Mary Cunningham, Common Area Maintenance Supervisor, to get the needed information.

These landscapers may also be hired to enhance your mountain view if your lot abuts a common area.

Under no circumstances are homeowners permitted under the current governing documents to personally alter common areas around their homes unless their tract declaration permits such. Association members may risk being fined for doing work such as planting, irrigating or clearing common areas. Only the Common Area Maintenance crew or the prequalified commercial landscapers who have agreed to the Association guidelines may work outside lot lines of most SCV homes.

Many views from all homes may be improved by assuring that hedges are not taller than six feet (6') on any portion of any lot as stated in the CC&Rs. A hedge is defined in the Development Standards as "a fence or barrier formed by a line of closely spaced plants, and performing a similar function to a screen wall or fence". Contact Jerry Van Brunt, Community Services Coordinator, for questions regarding hedges that may be obstructing your view.

Your Board of Directors is concerned about disappearing views and welcomes suggestions for view enhancements.

The Views Annual Golf Pass

by Bob Mariani

Since the time that GolfNow and other public golf have been allowed, some of our pass holders have commented that the annual golf pass is losing its value. While this thought is somewhat understandable on the surface, a more in-depth look at the situation may prove that the annual pass continues to be very beneficial and valuable for the frequent golfer.

The reasons most often expressed for the devaluation of the annual pass are the low green fee rate for GolfNow players and the simple fact that the course has been opened to the public. On the surface it makes sense that the low average fee paid by the GolfNow players would be a detriment to purchasing an annual pass; however, it is also very important to consider that low GolfNow rates are typically booked a day or two prior to play when only specific and usually less than prime time tee times are available. These last minute, low-rate green fees have obviously created some issues with our residents; yet these green fees have resulted in revenue where there was only an empty golf course in the past.

Now let's take a quick look at what the annual pass holder receives, in addition to a low average green fee rate of about \$30: seven-day advanced tee times; the ability to play with the groups with which you desire to play; unlimited range balls; 20% off Pro Shop merchandise; and personalized service that is a notch above what is typically practical to provide to the general public. Plus the 9-Hole pass holders should keep in mind that in spite of the minimal restrictions placed on these passes, there is real value in this type of pass due to the fact that the Views Golf Club is the only club that offers a 9-hole pass in this area.

In regard to the thought that public play diminishes the value of the annual pass, there's no doubt that the Views Golf Club, as well as all other golf clubs, would prefer to remain completely private. However, the clear fact is that hundreds, if not thousands, of "private" clubs throughout the country and world have opened their doors to the public in an effort to stay in business. Although the Views Golf Club would likely continue to operate without public play, it should be seriously considered that every dollar brought in from public play is another dollar that lessens the burden on our residents and reduces the probability that our resident golf fee rates will increase.

Last but not least, there is great value in the annual golf pass due to the quality of The Views Golf course on which a pass holder can play as often as desired and a staff that wants to do everything possible to fulfill your needs and assure that you truly enjoy every round of golf played at the Views Golf Club.

Exterior Home Improvements

Part of the ARC mission is to maintain the aesthetic harmony of SCV in keeping with the desert environment and architectural character of the Sonoran Desert. The CSC (Community Services Coordinator) can assist you with your submittal by providing necessary forms and requirements for your project.

Many maintenance, repairs, and minor landscaping changes can be approved by our CSC, Jerry Van Brunt. The Development Standards provide for the CSC review and approval of some minor changes without ARC approval.

Unused Medications

Safe disposal of all unused and old medications to prevent contamination of our drinking water is vital to our safety and well-being. Because of these issues, it is no longer recommended that medications be flushed down a toilet or mixed with coffee grounds and placed in the garbage.

The Oro Valley Optomists' Club, the OV Police, the University of Arizona School of Pharmacy and the Target Store on Oracle have formed a partnership to accept these medications once a month for police-supervised safe disposal. This program is called "Dispose A Med Oro Valley". Old and unused medications, containers and lids can be turned in once a month from 10 AM to 2 PM outside the Target Store. Disposal is conducted at an undisclosed police facility where illicit drugs are incinerated.

Pharmacists in Oro Valley can advise you of the dates for medication collection and disposal at the Target Store.

Let's Try Again

If you have not already made a New Year's Resolution, it's not too late to do so. Let's try once again to make one and keep it this New Year. How about making a resolution to take pride in and care of ourselves, our homes, and our property where we live. Most of us already do that, but just think how wonderful our community would look if we all did.

Our committee members have certainly enjoyed seeing the beautiful holiday decorations throughout the community over the past few weeks. As a friendly reminder though, seasonal decorations should be removed by Saturday, January 15. We appreciate all residents who continually take pride in the appearance of their property, and we are most pleased with how beautiful our community is looking to usher in the New Year. We wish each and every one of you a happy, healthy, and prosperous 2011.

To volunteer, call an officer listed above. You will be assigned to one of five Posse Squads and will be given a one-hour orientation. What a great start to the New Year!

Properties

Chair Robert Hefner 825-4825
Third Thursday, 9 AM, Vistoso Center/Yaqui

The Properties Committee continues to work on audio amplification systems in Association meeting areas. The speakers are being adjusted in the Auditorium to better distribute sound, and different types of microphones and amplification systems are being tested for smaller meeting rooms. Induction loop systems have been put on hold at least for the present, as most newer hearing aids do not have the necessary telecoil required for this system.

SCV Realty Committee

Chair Allan Jakosa 609-6368

At the request of the SCV Board, a Realty Committee has been assembled, comprising six open-minded residents. The Committee's objective is to explore and evaluate, in depth, viable options for a real estate operation that could generate sustainable income for SCV.

If there are any such options, the Committee will recommend the best one to the SCV Board, along with rationale, supporting data, and a plan for implementation. If there are no attractive viable options, the Committee will make that recommendation (no action) to the SCV Board and then sunset.

In the course of our research, we will gather input from many resources, including legal and financial experts, SCV residents and area realtors. We expect that special meetings will be scheduled for this purpose as we search for the right answer rather than simply a quick answer.

SCV Sports Complex Committee

Chair Bob Carlson 825-4627

First and third Fridays, 1:30 PM, Vistoso Center/Apache

We urge all residents to attend our meetings. The meetings are scheduled for Friday, January 7 and 21 at 1:30 PM, Vistoso Center/ Yaqui.

In the Know vs. the Rumor Mill

"High season" at Sun City Vistoso brings an increase of residents, renters and visitors. Rooms are full and the facilities are abuzz with activity. It's a busy time of year.

Additionally, the Board adopted 25 recommendations

from the Long Range Plan. From these 25 recommendations four ad hoc committees were created and after a summer hiatus, all four committees are addressing their mission.

It's an exciting time in our community. Issues are being studied. Leadership is being proactive in addressing concerns to keep Sun City Vistoso a vital, attractive, active adult community.

With all the activity, come lots of discussions. Sometimes the discussion, especially around a topic that involves spending money, isn't always complete or accurate and has a rumor mill effect. Below are some ways in which you can have the most accurate information and be an informed resident.

- Read minutes & agendas.
- Board level: All Board meeting minutes and agendas, Study Session agendas and Study Session Notes are available on our website or in the library.
- Committee level: If submitted to the Association, the agendas and minutes are available on the website and in the Administration office.
- Join the ListServ and be notified when agenda/minutes are posted.
- Attend meetings, meetings are posted on the website Board meeting calendar.
- Volunteer to serve on a committee or run for the Board.

Enjoy the active adult lifestyle of Sun City Vistoso, but take time to be informed about issues being studied in our community.

Pam Sarpalius, Programs/Facilities Director

Survey and Shows

In this issue of the Tipster you will find an activity survey that is important to me and you. To better serve the community it's important for us to know what type of programs you are looking for. I ask that you take the time to fill out the survey and return it to Administration. Your input is needed and appreciated.

The New Year brings a visit from Joe Bourne, and I don't need to tell you how fast this show sells out. A new exciting show comes to us in February, "The Newmans". We will end February with a big SCV favorite: Cahal Dunne, a great Irish performer. Read more about these shows in the Coming Events section of this Tipster.

An Informal Exchange of Information

Friends of the SCV Library

While most of our residents take excellent care of our collection of books, far too many books suffer irreversible damage and must be removed from the shelves. It is unreasonable to think that older books do not deteriorate on their own, especially in our dry climate. Our resident book binder does his best to analyze each volume individually and restore those that are repairable. As any book lover will attest, it is difficult and expensive to have to remove a relatively new and expensive item from the collection because of negligence. Therefore, SCV management has set forth a new policy, effective January 1, 2011. Your cooperation will be appreciated.

New Library Policy:

Battle the Bulge

People gain weight as they age because they become less active, don't maintain their muscle strength and eat more as their metabolism slows down. Unfortunately, just maintaining your activity level isn't enough. The only way to compensate is to become more active as we age. You should perform resistance exercise to maintain muscle mass. Exercise for more than an hour a day at least five days per week. Eat a high-fiber diet that includes lots of produce and few processed foods (and control your portions). This will help you fight the battle of the bulge.

GOLF

Kim Griggs, Head Golf Professional

Happy New Year! I hope everyone had a Great Christmas and didn't eat too much! We are looking forward to a fun-filled and exciting season!

For those of you who haven't stopped by the Pro Shop, please do so. We have a wide variety of merchandise and if we do not have your size or color, we will be more than happy to special order merchandise for you. I will be ordering some towels, hats and other merchandise that will have our new course name on them (The Views Golf Club).

Remember, golfers, the frost delay hotline phone number is 825-0322.

Walkers and riders, please remember to remain on the paths at all times. Should frost be present, you may damage or kill the underlying grass if you walk on it. Thank you.

As everyone knows, we are now open to the public which makes us a semi-private golf course. Please be aware that as new people play our course, they may be a little slow since it may be their first time here. Our rangers are aware of this and will help move them along. We advise everyone of our rules and emphasize them in the Pro Shop. So, please be patient and courteous to these guests. We try and fill in empty times with these guests as a way to increase our revenue.

Michael Kropf, Superintendent

Happy New Year! The Bermuda grass around the golf course has completely turned brown and gone dormant for the winter. The look of the dark green fairways, tees and greens really stand out next to the brown roughs.

This would be a good time to remind everyone of the proper divot repair procedures for the winter months. The sand and seed divot mix should only be used on the fairways and tees. It should not be used in the brown rough areas because the seed will germinate in the new divot and create a green spot in the brown grass. This rule applies to all brown grassed areas which includes the entire par 3s this year. If a divot taken from the fairway has retained its shape, it should be placed back in the ground instead of using the divot

mix. The divot will heal much quicker than the time it takes for the divot mix to germinate and heal the injured area. Also, any divot taken from a brown area should be replaced since the divot mix can't be used.

When fertilizer is applied to turf, it is basically like pouring salt on the grass. During these applications, the fertilizer needs to be watered in with sufficient amounts of water to dissolve. This leads to wetter playing conditions. Normally, fertilizer is only applied on Mondays, but with all the cold weather, other days have been used. The Pro Shop will be made aware of wet conditions when fertilizer has been applied.

Golf Advisory

Payton Davies - Acting Chairman - 825-5352

First Wednesday, 2 PM, Vistoso Center/Apache

Jerry Haddock, Chairman of the Golf Advisory Committee, passed away on Thursday, December 2. Jerry not only loved golf, but was passionate about golf in Sun City Vistoso. As golf courses around the country faced declining numbers of players, Sun City Vistoso was not exempt. Jerry made it his business to brainstorm for ideas to buck the trend. He worked tirelessly to make our golf club a success, both socially and financially. He set up the Patriot's Course, a shorter course for residents who might not now have the stamina for a full length course. He was instrumental in welcoming GolfNow as one way to bring in revenue and help make our course more self-sustaining.

Anyone who knew Jerry, played golf with him, or served on a committee with him, could not help but be impressed with his enthusiasm and energy in the name of golf. Jerry set a high standard of dedication that will be difficult to emulate and he will be sorely missed. A memorial for Jerry will be held Friday, January 21, 5:30 PM, Social Hall/Navajo.

The Golf Advisory Committee will continue to look for ways to bring in additional revenue while we strive to remain one of the best courses in the Tucson area.

FEATURE

These two young girls knew at an early age they were heading West! They grew up together as neighbors in the Midwest, enrolled at the same college, moved to California, went their separate ways when they each married, and when it came time to retire with their husbands, chose Sun City Vistoso. You could say one followed the other (they are one year apart in age) but the older mostly followed the younger, no doubt when it came time to get on this pony too. The women say Sun City Vistoso is their last stop. As you can see from the photos, the younger was having a "bad hair day" (probably the result of a Toni permanent) while the older has Shirley Temple curls that her mother labored over every day. The older is no longer following the younger, however, as she continues to travel the world. The younger, after several trips to Europe in earlier years, is very content involved with a job she loves at SCV.

Can you guess who they are? The cowgirl on the left is Carol Wittels and the other cowgirl is Joyce Hoffman.

For the January 3 meeting, we have a one-time change of location. We will meet in the Yaqui Room in the Vistoso Center. The book for January takes us to the 1500's and the England of Henry VIII while visiting the interesting Thomas Cromwell. It is *Wolf Hall* by Hilary Mantel. Harriet Rosenstein will lead the review.

In February, we return to our usual room to examine *The Girl With The Dragon Tattoo* by Stieg Larsson. This is about the disappearance of a teenage Swedish heiress. The discussion will be led by Eileen Rotman.

Great Books

Pres. Martha Sartoris 825-0092
October-May, First and third Wednesdays, 2 PM, Catalina Vista/Tohono

As we begin the new year, it seems fitting to contemplate the concept of giving.

On January 5, Mona Schorr-Holder will help us reflect on a selection from Moses Maimonides' *Mishneh Torah*, describing eight degrees of almsgiving from highest to lowest and Andrew Carnegie's *The Gospel of Wealth*, Part 1, where he considers how the administration of wealth affects both rich and poor.

On January 19, Michelle Brislance will facilitate a discussion on serving, focusing on the somewhat spooky story of "Luella Miller" by Mary E. Wilkins Freeman and the poem, "Saving the Crippled Boy," by Jan Beatty where a young girl discloses her conflicted feelings.

We return again to giving on February 2 with Elise Asch guiding us through a discussion of "A Bed for the Night", a poem by Bertolt Brecht with much to ponder despite its brevity.

Gun Club

Warren Cuthbert 818-1282

Meeting Second Wednesday, October-May, 2 PM, Social Hall/Navajo Club does not meet June-September

Detective Gary Schmitz and Investigator Wes Helvig, Oro Valley Police made a presentation to the SCV Gun Club in November. Photo by Jim Hobart.

The Gun Club is for people who have an interest in learning about guns, shooting, personal protection and firearm safety. In fact, you do not even need to own a gun or have any experience with firearms to come to meetings. You are invited to come and see if our club activities would interest you.

In November, Detective Gary Schmitz and Investigator Wes Helvig, Oro Valley Police, presented a program on gun cleaning, maintenance, firearm safety and personal protection for the club. The audience of 30 people included club members and visitors. Detective Schmitz and Investigator Helvig discussed situations involving personal defense at home, in the car/ RV, and community with practical suggestions that were immediately useful. The officers' relaxed style of presenting the information and responding to the many questions helped those present to be at ease in discussing such a serious topic as carrying a concealed weapon and personal defense involving a firearm. The officers brought a gun cleaning bag with all the tools, equipment and supplies that was quite impressive, and demonstrated cleaning several weapons of various calibers and types. Subsequent to the meeting, several people stated that they were able to ask a sensitive question "they had always wanted to ask of a police officer".

We play easy-to-understand poker every Tuesday and Thursday evenings. All games are high-low except Texas Hold'em which is high only. Eight is the qualifier for low hands. If you are not sure, come and observe for an evening or, if you choose, play immediately.

Third Monday, 7:30 PM, September-May, Social Hall/Navajo

At our January 17 meeting, sponsored by the Dinner 'N Show Club, we will show "Walkin' the Dordogne River Valley of South Central France" presented personally by Gordon McCall, a local Oro Valley resident.

This valley of south central France is highly concentrated with the most beautiful old and medieval villages of France. This video program takes you walking and learning the valley, its villages, and chateaux. It concluded with explorations of fascinating world famous prehistoric cave art. Included is an interactive introduction and a positive discussion.

We think the viewer will get a real sense of having "walked in our shoes" in this program, in addition to the many opportunities to learn about the geography, history and culture of this "off the beaten track" area for most American travelers.

In upcoming presentations, Gordon, a retired world history teacher, will enlighten us with the history, culture, archaeology, geography, etc. of his various travel subjects.

It's a road trip.

Martha, Bonnie, Grace, and Dolly (AKA: The Road Trip Girls), are like most Fairwinds - Desert Point residents—active and full of life. They've got places to go and things to see. And they're free to do what they want because we provide the necessities. Things like housework, shuttle services, and planned group activities are all included in the monthly rent.
