ASSOCIATION NEWS

From The Board of Directors

Our **MISSION** as the **SCVCAI Board** is to lead in maintaining and enhancing the quality of life in Sun City Vistoso as an active adult community.

SCVCAI Board of Directors Newsletter

A bimonthly newsletter by Director Debra Arrett about the activities and items discussed by the BOD is available by Listserv. To sign up, go to www.suncity-vistoso.com, hold your mouse over News and Information, click on In the Know, put in your email address and click on Submit button. Select any of the notifications you would like to receive and click on the Submit button. For those who do not have access to a computer, a copy is available for reading in the library.

Read that Ballot Carefully

by Debra Arrett

You no doubt recently received your ballot and noted that the Board was asking for an amendment to the CC&Rs and Bylaws. What's that all about? In the past year there have been several instances when a resident's behavior has posed a risk to the health, safety and welfare of other residents, guests and staff members. In each case, the Board acted as swiftly and appropriately as allowed. However, the Governing Documents do not allow for a hearing to be held for 15 days and to suspend privileges only a maximum of 60 days. Some acts are so serious that the Board should not wait 15 days to take action and sometimes a 60-day suspension is not sufficient. In the past year, violations requiring Board action have ranged from health safety concerns to threats of violence. A "yes" vote would allow the Board to take immediate action and to suspend member privileges for up to one year if the severity of the violation so warrants. To ensure consistency between the CC&Rs and Bylaws, a single vote is required.

With the recent resignation of a Board member, some confusion and questions have arisen. With three seats open, voters may vote for up to three candidates. The candidates placing first and second will be elected to the three-year terms, and the candidate coming in third will serve the one-year term.

A forum will be held on March 1 at 1 PM in the Social Hall to answer questions regarding the amendments and the election process.

Serving On A Committee

How to be Part of the Solution

by Bob Mariani

Volunteerism is the lifeblood of many successful communities. Sun City Vistoso is no exception, and we have built a strong committee structure to assist the Board of Directors and management in the operation of various aspects of our community.

The Board of Directors is responsible for the entire community, establishing policies that affect the community. Management is responsible for carrying out Board policies and the day-to-day operation of the community. Often, this leaves precious little time to devote to details of individual areas of concern to the community.

Various committees have been established to address this situation. Operated under a Mission Statement adopted by the Board, these groups of community volunteers address a specific area of our community, research and explore different ideas, talk to other community members and make recommendations for improvements.

Every year, the Board appoints a community member as chair of each committee and then, working with the chair, appoints members to the committee. Each committee works together but is separate from the Board of Directors. One Board member serves as a non-voting liaison to each of the committees to keep ongoing the flow of information between the committees and the Board.

Terms of office follow our fiscal year (July 1–June 30) which means we are beginning to look for interested members to fill openings for our new fiscal year. In addition to ad hoc committees that the Board may appoint from time to time, you are urged to consider joining one of the following:

Architectural Control	Community Assistance
Consumer Referral	Election
Finance/Budget	Food & Beverage Services
Golf Advisory	Government Affairs
Green Energy	Landscape
Marketing	Neighborhood Pride
Nominating	Posse
Properties	Tipster Editorial

Now is your opportunity to get involved in shaping the future of your community. We urge members to complete and return the committee application form found in this issue or go to the Association website at www.suncity-vistoso.com to complete the form. All members are eligible for committee assignments, even if you are not a full time resident.

Depending on the number of responses, we may not be able to place each interested resident on a committee. Our goal, however, is to build a database of interested volunteers who can step into a committee assignment not only now but also in the future.

On behalf of management and the Board, we look forward to working with SCVCAI members who wish to serve your Community.

REMINDER...

Association's Summer Hours will go into effect for facility buildings starting April 1.

www.vistosogiftshop.com

This month's featured artist is Sandy Gates, whose jewelry features stones discovered here in Sun City Vistoso. Sandy says, "In the rough, these stones were hiding among the thousands of rounded river rocks used for landscaping our yards."

"It started with a traditional 'lucky-stone' that a neighbor found in her yard—a dark red rock with a white band around it. Now she's wearing a polished piece of it. Other neighbors started bringing me stones they found in their yards—and that's how it all started—jewelry made from stones found right here in Sun City Vistoso. Some pieces include Arizona turquoise."

Participant registration for this year's Arts and Crafts Festival will be held this month. Check the For Your Information section for date, time, and place. The festival, sponsored by the Gift Shop, will take place on Saturday, October 1, the third year for this great event.

Government Affairs

Chair Judy Hale 395-5866

Second Wednesday, 1 PM, Vistoso Center/Yaqui

The Government Affairs Committee tries to remain aware of what goes on within the Town of Oro Valley. We are very fortunate to have Pat Klein, Constituent

Services Coordinator, attend our monthly meetings. She brings a wealth of information and helps us bring timely informational topics and speakers to SCV. Recently, she provided us with the new overlay of the Coyote Run. If you have the need for this service, or want to give it a try, call Oro Valley Town Transit at 229-4990.

Green Energy Committee

Committee Chair Don Marier 825-4878

First and Third Tuesdays, 1 PM, Vistoso Center/Yaqui

The Green Energy Committee invites anyone interested to participate in helping Sun City Vistoso homeowners learn about energy, water and other conservation subjects. Our topic this month is:

Water Harvesting

There are three sources available for being water smart: the University of Arizona, Pima County Extension and Oro Valley Public Library programs.

The State of Arizona offers homeowners tax credits for installing a rainwater or gray water conservation system.

Before installing any of these systems, check with the Architectural Review Committee regarding SCV's standards for such systems.

The types of plants and building materials used in landscaping can improve the retention of run-off water, which aids our natural aquifer system, and can eliminate the need for an irrigation system or greatly reduce the dependence on one.

For more information see http://cals.arizona.edu/pima/smartscape/workshop_water.html

Image Committee

Lauren Thompson 306-9750

The image committee met with the signage vendors on January 26. The vendors brought renderings of their ideas and we were quite pleased with their work. We made some suggestions to each and they are modifying their renderings to be more consistent with our vision. Each vendor has also submitted preliminary quotes for upgrading our two gateways and eight monuments.

Landscape

Tut Tustison 825-9431

Third Wednesday, 9 AM, Vistoso Center/Yaqui

Mountain Vista Landscape Project Update

Our community has begun a program to update the approximately seventeen acres of common area landscape in Sun City Vistoso. The plan will be carried out over the next eleven years and will be funded from the Asset Reserve. The biggest piece of this program is refreshing the approximately three acres of landscape at Mountain Vista, from Silverton down around Vistoso Center.

Our Board-approved objective is: "Move toward a lower maintenance landscape that is more aesthetically compatible with the natural desert around us and enhances property values."

As an early part of this project, the Landscape Common Area Subcommittee of the Landscape Committee has narrowed the list of potential landscape architects to do the design at Mountain Vista to three and has

visited several sites of each to see their work. We are also looking at the feasibility of using reclaimed water.

The following design recommendations for Mountain Vista were approved by the Board at their last meeting:

- Changes will not be made to the lion's head fountain.
- The African sumac trees will be removed over time. These trees are prohibited by Pima County as well as Oro Valley as "an invasive tree with the potential to spread throughout the Town".
- The fan-text ash trees southwest of the sports complex will be kept.
- Most of the palm trees will be kept.

An informational presentation to the community about the design is planned once the design is complete.

Marketing and Publicity

Tut Tustison 825-9431

Fourth Thursday of the month, 1 PM, Vistoso Center/Yaqui

SCV Name Change Committee

Chair Jon Olson 818-3705

First and Third Thursdays, 4:30 PM, Catalina Vista/Yavapai
namechange@gmail.com

During the month of February the committee received an excellent response online and via paper flyer. Over 600 responses have been received. The Name Change Committee will be reviewing this data and will be making a report to the community at the March 3 meeting. A second meeting of the committee on March 31 will consider input we have received from focus groups. We will also gather information from local political leaders and realtors. We welcome your attendance at these meetings. Both meetings will be held at 4:30 PM Catalina Vista / Yavapai.

Neighborhood Pride

Chair Tempe Johnson 825-6994

Third Tuesday, 2 PM, Vistoso Center/Apache

Spring Cleaning - Outside

Due to the hard frosts we had last month, much of our foliage was severely damaged. For many of us, spring cleaning of our properties may take more time and effort. For some homeowners, much work will be needed to get yards cleaned up for spring.

The following are reminders concerning personal yards:

- Trees must be trimmed up at least six feet over sidewalks and back to no more than two feet out over street.
- Frost-damaged parts of shrubs need to be cut off and removed.
- Bushes and shrubs are not to extend out over sidewalks, and hedges are not to be over six feet tall.
- Cracks in driveways, sidewalks, and where the cement meets the asphalt in the street are the responsibility of homeowners to keep weed free.

We thank everyone in advance for their hard work in heeding the above items and for continuing to take pride in their property.

SCV Realty Committee

Chair Allan Jakosa 609-6368

The Realty Committee continues meeting weekly. We are dedicated to working toward recommending the most attractive viable option, if any, that generates sustainable income for our community. For that reason, as we reported in the insert to the February Tipster, we are no longer considering a full-service in-house real estate company. That insert also talked about the information and concerns we heard during our SCV community focus group meetings.

We are in the process of planning and scheduling focus group meetings with members of our local Realtor community. Those meetings are designed to share our thoughts, and to hear and understand their issues, concerns, and ideas.

SCV Sports Complex Committee

Chair Bob Carlson 825-4867
First and third Fridays, 1:30 PM, Social Hall/Navajo

The Sports Complex Committee continues to meet and evaluate and price alternatives. The pros and cons of each alternative have been discussed. In the next few weeks we will have eliminated all but two alternatives and will report same to The Board of SCV.

Strategic Planning Committee (SPC)

All of the Strategic Initiatives (Long Range Plans), previously approved by the Board of Directors, are now in the study/recommendation phase or have been completed. The SPC (Strategic Planning Committee) continues to assist the individual committees and the Board with recommendations for communication and education of our residents and home owners as the Initiatives enter the implementation phase. An important task of the SPC is to review Mission Accomplished

reports as the Initiatives are completed, and learn what worked and what didn't to improve the overall planning process. The SPC will review the planning process with newly elected Board members.

Tipster Editorial

Sun City Vistoso Café News

Specials for the month include the popular Pasta Night, Wednesday, March 9 and Soup and Salad Night, Wednesday, March 30. Two special dinners feature a Fish Feast, Friday, March 11, and a Leg of Lamb dinner Friday, March 25. There will also be two special Sunday night dinners on March 6 and 20. Come join us.

Every month we have a drawing from our completed SCV Café comment cards. Five cards will be drawn each month and the winners will receive a free breakfast or lunch.

The individuals drawn from December SCV Café Comment cards are: Deanna Haselwander, Ric Raynot, Dick Ball, Gay Russell and Helen Wilshire. Congratulations and bon appetit!

Email Marketing The Views Golf Course

This past year the golf course was re-named and opened to the public. This created a need for marketing. A new website was designed and ads created. However, to get the most for our advertising dollars the Internet and email needed to be developed as advertising opportunities.

To this end an email Listserv was created. Through the efforts of the Pro Shop and advertisements on GolfNow, Southern Arizona Tee Times and other areas, the list was created. There are currently around 700 individuals on this list.

Now that we had an email list, a plan to market to them needed to be developed. A weekly email promotional list was created with special offers, tips and information to entice golfers to come in and give us a try. The first email promotional called "Hearts and Clubs," promoted a 20% sale in the pro shop (30% for annual pass holders). This email was sent to the 700 individuals. We are able to track blast statistics. Of the 700 emails sent on February 9, 47% (315) were opened as of February 10. There were several links on that email for people to delve further into The Views offerings. Those links included the dress code (6 click throughs), reservations (74 click throughs) and our Facebook page (2 click throughs).

This was the first promotional email blast. As future blasts are sent and statistics and responses reviewed, adjustments will be made. However, we feel this will be an effective and economic marketing tool for The Views Golf Club.

Pam Sarpalius, Programs/Facilities Director

Monitors

The monitor team is hard-working and much appreciated by me. When you walk into your meeting or class and find your room set up, you see the results of a team effort that starts with a setup sheet issued by Coco Sullivan to that facility, read by the monitor and then carried out. We have more and more events and meetings; therefore you may need to wait a few minutes until a room is set up. Don't come earlier than your scheduled time to allow monitors to do their job. Residents should not be moving tables or chairs. Please thank members of the monitor team for all they do.

Community Services Coordinator

We welcome Jim Cundiff to the position of Community Services Coordinator. Jim has worked in the HOA business, property management and airline customer industry. He will be a friendly face in the office and brings a spirit of cooperation and assistance to the position. Library

It has been several years since we have had an increase in the price of sale books in the library. We recently surveyed numerous other organizations that have regular sales as we do and have learned that our prices have been far below any of these groups for some time. As a result, we have changed the price of some of our sale books. Used and older books will continue to be \$1. Fiction paperback books will remain at 50¢. However, like-new books will be priced as follows:

Books in excellent condition with a publication date of 2010/2011 and still available in hardcover at book stores at full price are \$4 in SCV Library. Books published in 2009 are \$3. All earlier like-new hardcover books remain for sale for \$2. Please be aware that our sale price of a \$4 per book can cost \$4 up to \$10 at other book sales. These same books are 40% off their original price at Bookman's.

We must find ways to earn money in addition to grants from Friends of the Library and our yearly fund raiser programs. The cost of books, audios, films and supplies have increased considerably in the last couple of years. In order to allow us to continue to provide you with the newest available materials, please continue to support the library by taking advantage of our great prices.

March is the month for our buy two and get one free sale (of equal or less value). See you there.

Friends of the Library

The Friends of the Library Home Tour sold out! We thank those who bought tickets and regret that some residents had to be turned away. We appreciate, as always, your support of the library and look forward to bringing more programs to the community for your enjoyment in the future.

Recreation and Fitness, Lonnie Davis

Do I need different types of exercise?

Different types of exercise benefits your health in different ways:

Aerobic activities like running, biking and swimming strengthen your heart and increase your endurance.

Strength training like weight lifting or resistance training builds muscle and bone mass, improves balance and prevents falls. It's one of the best counters to frailty in old age.

Flexibility exercises like stretching and yoga help prevent injury, enhance range of motion, reduce stiffness, and limit aches and pains.

At first, just focus on getting any kind of exercise, whatever it may be. As exercising becomes your habit, try adding variety. If you keep at it, the benefits of exercise will begin to pay off.

Association-Sponsored Fitness: Purchase a punch card from the receptionist in the Administration Office, \$10/10 classes. You may use this card for all Sun City Vistoso-sponsored fitness classes. It can also be used for your guests. There is a \$2 drop-in charge if you do not have a punch card.

GOLF

Kim Griggs, Head Golf Professional

March is a busy month as we will have the Guys & Dolls Tournament for the 9-Hole Clubs, Men's 18-Hole Club Championship, Ladies 18-Hole Club Championship, Ladies 9-Hole invitational.

March is also preparation month for the upcoming Member/Guest events. It is also the time when warmer weather begins to arrive, bringing out even more walkers and riders. Please remember that we will move the tee times back one half-hour.

If you are a renter or a new home owner in Sun City Vistoso, please play our magnificent Greg Nash-designed 18-Hole championship golf course. Check out our fully stocked Pro Shop and talk with our staff about potential annual pass opportunities for golf. Try out our driving range to get you started. A small basket of balls costs \$4 and a large basket is \$6. Remember, we do not allow denim, t-shirts, athletic shorts or halter tops on our driving range or course.

During the summer months, Rick Sample and I will be offering clinics for beginners or for those of you who have given up the game and want to start playing again. It is a great opportunity to play this wonderful game. Rick and I are both PGA members, and we offer half-hour lessons for \$40 and 45-minute lessons for \$55.

Please remember that GolfNow.com is not only available to outside guests, it is also available to residents of Sun City Vistoso. It is Internet-based and a chance for you to book a tee time online. There are limited times available, but you may find a time that is suitable for you. Just a reminder that our golf course name is now The Views Golf Club when you are booking online.

Michael Kropf, Superintendent

The weather this winter has been very unique. Last winter we received over six inches of rain, and the temperatures were fairly moderate. So far this winter, the rain totals are a little over an inch and the temperatures have ranged from almost ninety degrees in the middle of December to the

teens in January and February.

The severe temperature changes this winter have had a detrimental impact on the golf course turf. The Bermuda grass is very sensitive to soil temperature changes. When the soil warms, the Bermuda grass becomes more active and tries to come out of dormancy. This process requires energy which the plant gains from stored carbohydrates in the roots. The carbohydrates lead to green leaf development usually seen in the spring. In contrast, when the soil temperatures are cold the Bermuda grass decreases its activities and tries to pull these carbohydrates from the leaves to store in the roots usually occurring in the fall.

This winter the Bermuda grass has gone in and out

of dormancy at least twice. The problem is every time it begins to green up it taps a limited source of energy. So every time it goes back into dormancy all that energy has literally been wasted. The concern comes in late March or early April if there are enough carbohydrates left in the Bermuda grass to become green again. With all our efforts to improve summer transition, this extreme winter is not making anything easy. Hopefully, March will become and stay warm.

Golf Advisory

Payton Davies Chair 825-5352

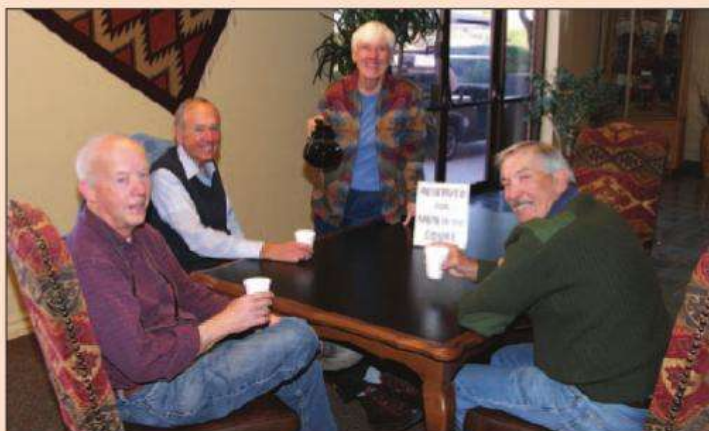

First Wednesday, 2 PM, Vistoso Center/Apache

It is nice to see ideas grow into positive change. At the Golf Advisory committee meeting in January, someone mentioned how difficult it was to get into the phone line to find out if there was going to be a frost delay. One of the golf clubs mentioned that they had one person who called in and then sent emails to their entire club. We discussed several other ways of doing this to get the information out in a timely manner. About a week later, there was information from Sun City Vistoso that if we wanted to be included on an email list, they would send us any frost delay information each morning. It is so nice to be able to open an email and find out before 7 AM if there is a frost delay that morning. Michael Kropf had an open mind about change, and he immediately implemented this idea. For those of you who don't yet use this service, you can go to the Sun City Vistoso website under "News and Information," click on "In The Know" and follow the instructions to sign up for Golf Information.

Coupons Are Valued by Overseas Troops

by Mary Ann Stock

Have you wished you could do something for our troops overseas? Have you wished your unused and expired grocery store coupons could be put to a good use? There is a group of volunteers which operates a program called OCP (Overseas Coupon Program) which will fill both of these wishes.

Military commissaries accept coupons up to six months after they expire. The OCP's website, www.ocpnet.org, provides the names and addresses of overseas bases which would be happy to receive your coupons, current and expired. The expense is the same as mailing domestically. If you choose to send the entire newspaper insert, the post office has an envelope or box which can be mailed for \$4.95, any weight.

Since the program is run entirely by volunteers, however, they appreciate it if you cut out the coupons and separate them into grocery and personal/nongrocery items because they can distribute them to the families more quickly. Also, because they volunteer their time, you may not get a receipt or thank you.

Bus Service to Tucson Symphony Next Season?

There will be a meeting Wednesday, March 16, 10:30 AM, Social Hall/Navajo for all persons interested in having bus transportation to the Tucson Symphony Orchestra for either the Pops or Classic performances or both for next season. Since there will no longer be bus service provided by the Tucson Symphony for our Sun City Vistoso music lovers, we as a group must arrange for bus service to the performances ourselves.

Depending on the size of the group, it is looking quite favorable that we will be able to arrange bus service for a quite reasonable price. Please come to this meeting if you are interested in the TSO performances next season and want to have bus transportation to and from each performance.

SCV Fire Station Closed Until May

The Sun City Golder Ranch Firehouse moved into a villa in Splendido, the continuing care retirement community on Rancho Vistoso, while their permanent residence is under construction. Ironically, the Sun City fire house is being brought up to fire code with the installation of sprinkler systems.

Captain Shaun Greener said, "We really like being in a location where we can be as unobtrusive as possible and still be able to perform our duties. Being at Splendido is an ideal solution for us."

Golder Ranch Chief Sue Clark expects repairs to the Sun City house to be finished by May 1.

For general visitation, blood pressure checks, etc., residents may go to the next closest station at 12125 N. Woodburne in Rancho Vistoso, near 1st and Tangerine. For more information call the administration at 825-9001.

Name Change Focus Groups Sought

The Name Change Ad Hoc Committee was assigned to study the benefits and disadvantages of the name "Sun City" and ascertain whether use of "A Del Webb Community" is possible. They want to hear residents' perceptions, concerns, comments, questions or ideas. However, the focus groups will not be a time for debate or questions. Please register to participate in a focus group by going to www.suncity-vistoso.com, clicking on News & Information and then Events. Select the day you wish to participate in the focus group and fill out the registration form.

Gun Club

Warren Cuthbert 818-1282

Meeting Second Wednesday, October-May, 2 PM, Social Hall/Navajo
Club does not meet June-September

At our February 9 meeting, we had a very exciting program with the U.S. Border Patrol.

Agents Steve Saldana and Corina Robinson spoke about the Border Patrol's history and current activities, especially on the southern Arizona border. They described the guns they use and the guns carried by the drug dealers and "coyotes" that the Agents face in their duties.

The Gun Club is for people who have an interest in learning about guns, shooting, personal protection and firearm safety. In fact, you do not even need to own a gun or have any experience with firearms to come to Gun Club meetings. We especially invite women who are interested in learning about firearms safety and self-protection, with or without a gun. People are frequently interested in learning the laws and regulations about carrying a gun and what is required to obtain an Arizona Concealed Weapons Permit. Club members are encouraged to bring any new or interesting guns/accessories to the meeting for people to see or any guns they want to sell/trade. For safety, any gun brought to the meeting needs to be unloaded and have a trigger lock. You are invited to come to a meeting and see if our club activities would interest you. Club members often shoot Thursday afternoons (October-May) and Thursday mornings (June-September) at Pima Pistol Range.

We both live in Sun City Vistoso because it's the best!

Ted Hood; Sec., Judy Cornelius; Treas., Jack Welch. Leaving their positions within the board are Marge Allen, Sandy Kennedy, Carol Guibert and Don Piele.

Senior Olympics were held at the Voyager in January. Fran Pendrys and her sister-in-law won a gold medal in their age group. The next day Fran and Ed Pendrys won the silver in their age group. The Pickleball Club is very proud of their efforts.

A fine time was had by all at the February open play and potluck. Besides being quite good pickleball players, we are good cooks as well.

It is very interesting to see how good many of our players have become in this second year of pickleball. If you would like to learn call Ginna Phillippi at 825-0648.

Sheets are needed, so if you find extras in your linen closet please bring them to the Sewing Room. Writers Club

Adrian Korpel 818-0544
First Wednesday, Noon-2 PM, Catalina Vista

Poets' Corner

Sharyn Rafieyan 825-6762
Mondays, 9:30-11:30 AM, Vistoso Center/Yaqui

Poetry, like philosophy, helps us seek answers to perhaps unanswerable questions. Former Poet Laureate Billy Collins provides an example in this excerpt from "No Things": "Why waste time on the sparrow,/or the wildflowers along the roadside/when we should be all alone in our rooms/throwing ourselves against the wall of life/and the opposite wall of death,/the door locked behind us/as we hurl ourselves at the question of meaning,/and the enigma of our origins?"

Not all poems are ponderous, but they do make the author reflect. As we read and discuss our poetry, we consider what the writer meant to convey and if the words selected have been successful. Our intent is always to be helpful as we offer our suggestions, and we value the opinions of everyone in the group. Newcomers are welcome to participate.

**THE FOUNTAIN OF
YOUTH ISN'T A FOUNTAIN
AFTER ALL.**

It's a road trip.

Martha, Bonnie, Grace, and Dolly (AKA: The Road Trip Girls), are like most Fairwinds - Desert Point residents-active and full of life. They've got places to go and things to see. And they're free to do what they want because we provide the necessities. Things like housework, shuttle services, and planned group activities are all included in the monthly rent. And Assisted Living services are available. So feel free to stop by and take a look around. We love visitors. And look at that, the front seat is still available.
