Going Green Pays Off

by Jack Evert

Does "Going Green" make you feel good all over even though deep down you really don't believe that it is worth it? Well, I have data for you that will let you continue to feel good and KNOW that it is worth it.

Two examples: Several years ago the Properties Committee, one of our many strong, contributing committees, came to the Board with a proposal to use the Vistoso Center as a demonstration site for reducing energy use. They wanted to replace all air conditioners and lighting with high efficiency units and install motion-activated lights in low-use rooms so they would not be needlessly lighted. Vistoso Center was the best choice for this demonstration because it is built such that its energy usage can be uniquely measured. Results show that the kilowatt hours of electricity used over the last year dropped by 33%, better than the Properties Committee had projected. This converts to a cost reduction of nearly \$4,000/yr, and as prices rise, as they surely will, the savings will go even higher. Similar savings occurred with water usage on Association common areas not including the golf course. By removing the cypress trees along Rancho Vistoso Blvd., removing grass in a number of areas, and other water reduction programs, water costs have been reduced from \$46,000 in '06-'07 to \$29,000 last year, even while the cost per gallon increased 11.2%.

These are gifts that keep on giving. The changes that delivered these improvements are structural and will benefit our community indefinitely. And it should make you feel good all over.

Bob Mariani, General Manager

What Do You Expect?

by Bob Mariani

Our residents choose to live in Sun City Vistoso for various reasons. Some of you moved here because of the views, some for the area, some for the tennis courts, some for the many clubs and some for various other reasons. Although many of you expect to have and be able to enjoy these many features and amenities, there are a few things I think all of you expect as a resident of this community.

In no special order, I am confident all residents expect to live in a safe community, you expect to live in an attractive community, and you expect to live in a community that receives at minimum, adequate services and treatment from the town, county and state governments. It is evident that SCV fares well in all of these areas. Yet diligent oversight and involvement is needed in order to maintain and improve the community's safety, aesthetics and governmental relationships.

One way you can assist in fulfilling your expectations is to become involved in the committees that deal with these three very important areas. The committees I am referring to are the Posse, Landscape and Government Affairs Committees. Participation in these organizations demands only the amount of time you wish to dedicate; it may be a couple of hours a month or it could be a day or two depending on your desires. One shift a month during the evening is a huge help to the Posse. Working with a team to determine the future of the common area landscaping and view policies will fulfill needs in the Landscape Committee. A small amount of time arranging a presentation by a Town Council member or County Supervisor will bring greater knowledge to our residents and a stronger relationship with our local governments so that SCV gets the attention it deserves.

Don't get me wrong. All of our committees want and need help and our community cannot survive as it exists now without the committee structure and a high level of participation. However, the three committees noted above are very important to our community and are not getting the attention and participation they deserve, particularly in the summer months.

It's easy to express your desire to join these or any committee by simply stopping by the Vistoso Center and filling out a committee application form or you can complete a form on-line at www.suncity-vistoso.com.

ARC Architectural Review

Chair Lee Vander Ark 722-9374

Second and fourth Tuesdays, 1 PM, Vistoso Center/Yaqui

The role of ARC (Architectural Review Committee) is to help maintain the architectural character and aesthetic harmony of Sun City Vistoso. The ARC implements this by meeting bimonthly to review submittals by homeowners requesting exterior changes to their lots and houses. The committee also reviews and studies the possible changes that may occur from new technologies and from changes that may arise as our houses and facilities change over time. In addition, the ARC assists and provides support for task-based, as-needs-arise committees, such as the Green Energy, Neighborhood Pride, and Landscape Committees.

Aluminum Can Donations: Put those aluminum cans to work for Sun City Vistoso! Deposit only empty, clean aluminum cans in the box outside the Social Hall kitchen. For safety reasons do not deposit unrinsed cans which attract bees and may become a hazard.

Fiscal year aluminum can receipts reported in September were \$742; aluminum recycled to date 1,340 lbs.

The Loan Room is getting busier with residents returning from summer trips and winter visitors arriving. Since holiday times are a little busier for the Loan Room, please consider making your reservation requests using the telephone system. The telephone system (825-3711 ext 128) begins again Monday, November 1, 8-9 AM, and continues each Monday, Wednesday, and Friday during those same times. We will, of course, continue to take reservations directly at the Loan Room when open on Tuesdays and Thursdays. Be sure to bring your current Sun City Vistoso ID with you when checking out equipment.

We hope you had the time to stop by the Arts and Crafts Festival last month. From all accounts it was a success. Talking about success, that would be our Artists of the Month, Ray and Donna Williard. They are happily celebrating their 60th wedding anniversary. You can look in the ceramic room window and see them working side by side. I don't have enough space to list all Donna's ceramic creations. You'll have to come down to our center front window and see for yourself. Ray does have a specialty. If you are looking for the perfect frog or lizard, check with Ray. You'll probably see a frog sitting next to Donna's lovely violet pot.

There are two things to remember in November. Monday, November 8, is Monday Madness, and Friday-Sunday, November 26-28, is the Holiday Open House. The shop will be open Friday and Saturday, 9 AM-4 PM and Sunday, 1-4 PM. We'll have that great raffle everyone will love. Also, the shop will be open on Sundays from 1-4 PM until Christmas.

Government Affairs

Chair Judy Hale 395-5866

Second Wednesday, 2 PM, Vistoso Center/Yaqui

Look for the flyer in this month's Tipster for some interesting events/presentations from the Government Affairs Committee for November. We'll get to know our Oro Valley Town Manager, Jerene Watson. She will be with us, as well as Mary Snider from the Oro Valley Town Council; also information on volunteerism, where to go, and what's available. Look for dates and time in the flyer. In the meantime the GAC is always looking for new members. Please call to inquire.

Neighborhood Pride

Chair Tempe Johnson 825-6994

Third Tuesday, 2 PM, Vistoso Center/Apache

Not Often Enough

We do not say thank you often enough to the people around us. Perhaps, as homeowners, we should say an occasional thank you to our neighbor who borders our property. If, when he has his own yard cleaned up by a landscaper, he includes part of yours which may have a problem caused by his foliage, it just might deserve a thank you.

With Thanksgiving at the end of this month, our committee would like to say thanks to the homeowners who work to keep their properties in compliance with the governing documents. We especially appreciate and thank those who perhaps are not here every month of the year.

Neighborhood Pride has been a viable and hard-working volunteer committee for five years this month, and the hard work and countless hours from our members have helped to make Sun City Vistoso a beautiful place in which to live. Walking or driving through our community, one can't help but feel pride in living here and enjoying life as it's meant to be. We sincerely thank you and wish you a Happy Thanksgiving.

Be In the Know

When the police issued an alert due to the recent robberies, the Association was able to send this information out immediately to residents who had signed up to receive the Board newsletter. Another example of this was earlier this year when the Town issued an alert due to a chemical spill on Oracle and we were able to send this to the Board newsletter list. This has proven to be a valuable method of communication.

There are several lists that you can sign up to receive, varying from the Board newsletter, which is the largest list, to being notified when the Tipster is made available online. To sign up for a list, go to our website, www.suncity-vistoso.com. In the upper right hand corner there is a white box with a Subscribe box next to it. Enter your email address into the white box and press the Subscribe box. You will be taken to a page where you will enter your email address again, select the various lists from which you would like to receive information and your contact information, then select profile and changes. You are now signed up to receive information from the Association and be in the know about what is occurring in our community.

Please do not bring us anything that is very old, yellowed, moldy, stained with food, beverage or waterlogged. Recreation and Fitness, Lonnie Davis

Is it true lifting weights causes women to bulk up?

While on a weight lifting program, the right hormones (testosterone) are necessary in order to bulk up. Women's testosterone levels are much lower than men's, so in most cases, they are not capable of building large muscles. In fact, since muscle takes up less room than fat, women tend to lose inches when they strength train. So in addition to the physical benefits (increased metabolism, decreased risk of osteoporosis, increased strength), strength training will help you slim down too! Women, in fact, are more likely to tone up from strength training rather than bulk up. Research shows that women can add up to 30% lean muscle and end up looking thinner, feeling stronger and being firmer.

Association-Sponsored Fitness: Purchase a punch card from the receptionist in the Administration Office, \$10/10 classes. You may use this card for all Sun City Vistoso-sponsored fitness classes. It can also be used for your guests. There is a \$2 drop-in charge if you do not have a punch card.

GOLF

Kim Griggs, Head Golf Professional

Now that overseeding is complete and the course has been marked, we are ready for an awesome season. A special thank you to Preston Sheriff for marking the yardages on the cart paths again this year. It is a big help and we do appreciate it.

Lessons are available from Rick Sample or myself. We are both PGA members and our rates are \$40/half hour and \$55/45 minutes. We also offer packages, so please call us for more information.

Please stop by the Pro Shop and see our blowout prices on golf clubs. We also have a sale table with Sun City Vistoso products. The logo has not changed, just the course name. I have purchased new hat clips and other miscellaneous items with The Views Golf Club on them.

Walkers, please abide by the walking signs that are provided for you on the golf course. We want you to enjoy the beautiful scenery and at the same time not get hit by a golf ball.

Reminder: If you have been using a flag during the Cart Path Only phase of overseeding please make sure to return it to the Pro Shop.

The Pro Shop will close Thursday, November 25, Thanksgiving at 1 PM. Happy Turkey Day to all.

Michael Kropf, Superintendent

This year the overseeding process was much different than previous years. The condition of the fairways has continued to decline during the months of June and July, and the only way to improve the condition was to make several changes.

The first major change was the par 3 fairways that were not overseeded this year. The greens and tees were still overseeded like the rest of the golf course, but these small fairways are going to be rested this winter. The best way to improve the condition of the Bermuda grass is to not overseed at all. Skipping these four holes will start the rotation of skipping two holes on each nine for the next several years. Hopefully, this compromise will allow the golf course to become healthier and at the same time, still having overseeded fairways for the winter golfers.

Other changes to the process are reducing the seed rate and inflicting less damage on the Bermuda grass. These changes are for the long-term benefit of the Bermuda grass. However, a lower seed rate combined with less damage to the Bermuda grass gives a false perception of the condition of the fairways. The Bermuda grass is still very green so from a distance the fairways look amazing, but in reality the fairways are not as thick as previous winters. With the use of growth regulators and fertilizers the fairways should fill in nicely.

The goal is to provide nice fairways for the winter months, and still have lots of Bermuda grass for June and July.

Private Golf Courses

Most private golf courses now permit outside play because of the decrease in memberships. We face the same problem, so we elected to become semi-private and opened our course to nonresidents. The few private courses who have not changed have made drastic changes in lowering their price to purchase a membership, their monthly golf fees, and some have lowered their monthly requirement on food purchases.

What they cannot afford to do is eliminate assessments. All private courses bill their members if the expenses to operate the golf course are higher than their income. That usually costs their members thousands of additional dollars.

Here, as the number of resident players declined, it was decided to permit nonresident play. Some still disagree, but by doing so the additional revenue enabled us to keep the cost of playing golf down. Golfers here enjoy low golf fees, no minimum food purchases in the Café, and no yearly assessments. Without outside participation in the future some of that will have to change.

Play: Wednesdays

Renewed excitement is planned for the 2010-2011 season. Mark your calendars for our major events: President's Cup Wednesday-Wednesday, November 10-17; Governor's Cup, January; Club Championship, March. The Member/Guest is scheduled for Wednesday-Thursday, April 13-14, so get your partner now for one of the most fun-filled events of the year.

This season we will introduce the The Views Cup, a season-long event, beginning November 3 and patterned after the FedEx Cup. It is spearheaded by Preston Sheriff and offers an event in which all members can participate. Full details of The Views Cup are available in the Pro Shop.

This year we would like to have our current club members become pro-active in getting their friends and neighbors who are golfers, but not members of our club, interested joining us. Explain to them the fun and camaraderie which our club generates and invite them to join. Congratulations to Bob Howe and Gene McCullagh on their Holes-In-One in September. The next bash will be on December 1 and tickets will be on sale on the patio two weeks before the event.

Sun City Vistoso Foundation

The Sun City Vistoso Community Foundation, a separate and independent organization from the Association, established in 1998, provides a means through which tax-deductible gifts may be channeled to support qualified health, cultural, educational and charitable needs of Sun City Vistoso and surrounding areas. Gifts may be made at any time by check, in stocks or by gifts-in-kind to the Foundation, 1565 E. Rancho Vistoso Blvd., Tucson, AZ 85755.

Pres. Li Chase 825-6764

ICS (Interfaith Community Services) began 25 years ago and now has over 50 faith community members that provide financial and in-kind support. Over 600 people volunteer their services including at least 25 volunteers from Sun City Vistoso. Many SCV residents receive services; such as mobile meals, health advocacy, transportation and more.

To ensure that their services are not duplicated, ICS provides an extensive referral database program with similar organizations throughout metropolitan Tucson. The ICS mission is "Helping seniors, disabled individuals and people in financial crisis achieve stable and independent lives through support from volunteers, faith communities and the community at large."

The Foundation voted to provide the ICS with a grant for their Operating Fund and a separate matching grant for their Endowment Fund.

The Foundation Board appreciates your generous donations. They are used toward improving the quality of life in our unique community.

Survey Results - Chilean Miners

Here are the results from the human interest poll taken here in SCV on the Chilean miner rescue. The poll was put up on Wednesday (139 responses) and closed

on Friday at which time there were 186 responses total. See how some of your neighbors responded below.

1. Did you follow the rescues of the trapped mine workers in Chile? 74% yes, 6% no, 20% Some
2. Did you cheer and/or shed a tear when the first worker was brought out of the mine? 77% yes, 23% no
3. How late did you stay up to watch this event? 31% went to bed after the first miner was brought up, 27% went to bed after midnight, 8% did not follow the event, 1% did not go to bed, glued to the TV and 33% indicated "Other"

There were many comments received, from amazement at the technology, to questioning why a poll on this topic was conducted in SCV. Thank you for taking time to share your opinions. This is an example of how the polling feature can be used to quickly gather information.

Our ten-year-old group, (yes, two of us started in 2000) would like to add some beginners or those with previous experience. Along the way, learn to protect yourself and meet some dedicated, friendly people. No one gets hurt in class. We also learn modern self-protection techniques and theory. These are the same techniques that are taught to the police and the military. We simply modify them for seniors. Call Instructor Paul Lauff 548-5725 or President Fred Hargrave.

Pres. Barbara Harding 818-1696; Sec. Sonny Kaye 825-8546
Thursdays, 1 PM, Desert Oasis/Zuni
Business meeting, first Thursday

Summer is over and our Thursday afternoon Mah Jongg games did much to help us keep cool while sharing an afternoon of challenging each other trying for a winning hand.

Our club offers classes periodically in an easy, relaxed setting. Teachers are patient and have years of experience to share. Call to find out when and where. Recent graduates of our club-sponsored lessons play each week, enjoying their new skills. The "old-timers" marvel at their dedication and speed in learning.

All are welcome to stop by some Thursday afternoon to see what it's all about. Even though players are concentrating on the game in progress, it is great to see new and interested visitors.

Dues \$5 pp, cash only, are now being collected on game days by Treasurer Ena Mindel.

Poets' Corner

Sharyn Rafieyan 825-6762
Mondays, 9:30-11:30 AM, Vistoso Center/Yaqui

Rachel Zucker calls writing poetry an act of translating experience into language. Her concept of revision differs from the usual process of editing. She asks the writer to further translate the original experience or the experience as depicted in the poem, to view it from a new perspective. Taking tips from teachers of poetry is one of our recent efforts at self-improvement.

During our weekly workshops we read and discuss our poems, including comments on content, style, form, language, meaning and title. We may provide a prompt (title, subject, form) for the following week. Resident poets are welcome to join us. Annual dues, payable to the SCV Writers Club, are \$5 pp.
