Do You Want to Know What's Really Going On?

by George Williams

Will there be a vote of the whole community about a possible name change for Sun City Vistoso? What's all this about Focus Groups for the Realty Committee? Didn't we vote that down a year ago? Will we get to vote before vast sums of our money is spent on new stuff for the community? Why is our Controller retiring? Can we close the golf course, build and sell houses there?

Have you heard rumors at the pool or while playing bridge? Are you angry about what you've heard our Association might be up to behind your back? What it's doing or not doing?

There's a wonderful way to get answers. Twice a month our General Manager and a Board member show up for an hour to discuss any and all questions about our community. Anyone can come and ask, or comment about community matters that concern them. It's called Coffee and Conversation and the times and location are listed in the Tipster every month. There is coffee there but the important part is the conversation.

I get to many of these meetings. I see the same 20 or 30 people at each one. These folks are really well informed about what's happening in our neighborhood. They heard the answers to these questions at a recent Coffee and had a chance to comment. If you have concerns about anything you've heard, join the regulars, raise your hand and ask about what worries you concerning Sun City Vistoso. It's a super and informal way to find out what's really happening.

Avoiding Conflict with the Neighbors

by Bob Mariani

So many times when neighbors have conflicts the expectation is that the Association will resolve the issue. Although there's a willingness on the part of the Board and Administration to assist in these conflicts, the Association has little or no authority to assure resolution. So, what's the best way to prevent these neighbor to neighbor disputes before they begin? The key is communication. You don't have to be friends or spend time together to achieve a peaceful coexistence, but you should try to be a good neighbor and follow these tips:

Say hello. At the mailbox, while walking the dog or when you see a moving van arrive, introduce yourself. Learn your neighbors' names and regularly offer a friendly greeting.

Provide a heads up. If you're planning a construction project, altering your landscaping or hosting a big party, contact your neighbors beforehand.

Do unto others. Treat neighbors as you would like to be treated. Be considerate about noise from vehicles, stereos, pets, etc.

Know your differences. Make an effort to understand each other. Differences in age, ethnic background and years in the neighborhood can lead to different expectations or misunderstandings.

Consider the view. Keep areas of your property that others can see presentable.

Appreciate them. If the neighbors do something you like, let them know. They'll be pleased you noticed, and it'll be easier to talk later if they do something you don't like.

Stay positive. Most people don't try to create problems. If a neighbor does something that irritates you, don't assume it was deliberate.

Talk honestly. Tolerance is important, but don't let a real irritation go because it seems unimportant or hard to discuss. Let your neighbors know if something they do annoys.

Be respectful. Talk directly to your neighbors if there's a problem. Gossiping with others can damage relationships and create trouble.

Remain calm. If a neighbor mentions a problem they have with you, thank them for the input. You don't have to agree or justify any behavior. Wait for any anger to subside before responding.

Listen carefully. When discussing a problem, try to understand your neighbor's position and why he or she feels that way.

Take your time. Take a break to think about what you and your neighbor have discussed. Arrange to finish the conversation at another time.

Board Candidates Answer Que

Dick Brammell

I. Why do you want to serve as a Board Member and what do you view as your highest priority?

I love SCV and want to share my professional expertise as a CPA to help our community remain vibrant while facing the challenges of our financial environment. SCV has decisions to make regarding its long range strategic objectives and associated financial commitments.

Helping to ensure good decisions is my highest priority.

II. What are five characteristics a board member should possess? Rank them and explain why.

1. A Board member should have the ability to make tough decisions, welcoming information from residents and experts, then making decisions based on data and his best judgment.
2. A Board member needs to listen with an open mind - without bias and receptive to new ideas.
3. A Board member should be able to think creatively to find solutions to challenging problems.
4. A Board member should communicate respectfully, always treating other Board members, staff and residents as he would wish to be treated.
5. A Board member should be willing to compromise. This does not signify weakness; it is the democratic process by which we ensure that our decisions serve the best interests of all residents.

III. Explain your approach to any divisive issue in our community?

Issues become divisive when residents believe there is no opportunity to make their views known. I support a formal approach to decision-making, such as empowering a group to gather facts and opinions from the community and expert sources, assess all input, and make data-based recommendations to the Board.

Coffee Dates:

Tuesday, February 8, 9 AM, Social Hall/Hopi
Thursday, February 10, 2 PM, Social Hall/Navajo
Tuesday, February 15, 1 PM, Social Hall/Papago

Judy Hale

I. Why do you want to serve as a Board Member and what do you view as your highest priority?

I wanted to run for the board for some important reasons. One, to place myself in a position so that I take the time to learn everything I can, this will help me to be a better resident. Second, I love living here in Sun City Vistoso, and if I can ever be of help in maintaining

our wonderful community, then I want to know how. My highest priority for Sun City Vistoso is to continue the forward movement in making our community a number one choice for new residents.

II. What are five characteristics a board member should possess? Rank them and explain why.

1. Integrity, number one. Lacking this, everyone suffers. It's very important to have high morals and a code of ethics in any position.
2. A positive attitude, having the ability to look beyond the immediate facts, and see other views, then explore options while maintaining a positive attitude is critical. Negative attitudes blindsides a person.
3. Commitment: a willingness to commit to a job, and do it well.
4. Reliability and punctuality: being responsible is a necessity in any position. Everyone's time is important.
5. Tenacity: never lose sight of what's good for the community.

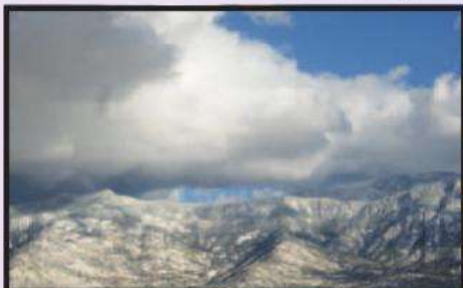

III. Explain your approach to any divisive issue in our community?

When there is a divisive issue in the community, it's important not to over-react. Hear all sides. Listen to the concern of others and think of solutions that work and are agreeable to all, or at least the majority.

Questions About Sun City Vistoso

Robert Hefner

I. Why do you want to serve as a Board Member and what do you view as your highest priority?

I want to serve as a Board Member to help maintain Sun City Vistoso as one of the best retirement communities in the Nation. My highest priority is to achieve this goal while remaining financially responsible to its residents.

II. What are five characteristics a board member should possess? Rank them and explain why.

1. The ability to listen to the opinions of others.
2. To research and evaluate all sides of an issue before taking a position.
3. To have a basic understanding of corporate finance.
4. To promote communication and teamwork with residents and other Board members.
5. To promote volunteerism among residents.

III. Explain your approach to any divisive issue in our community?

While I do not believe we have had a truly divisive issue in Sun City Vistoso in many years, there will always be disagreement among members of an organization as large as Sun City Vistoso. My approach to addressing these disagreements is to have open forums and discussions to hear arguments on all sides of an issue, to research and evaluate these various positions, and then to make an informed decision that is in the best interest of the majority of our residents.

Coffee Dates:

Wednesday, February 2, 9 AM, Social Hall/Papago

Wednesday, February 16, 1 PM, Social Hall/Navajo

Tuesday, February 22, 1:30 PM, Social Hall/Navajo

Janice Strassburg

I. Why do you want to serve as a Board Member and what do you view as your highest priority?

After nine years in SCV and involvement in many clubs and committees, I feel qualified to act in the best interests of the community. I feel I have a broad base knowledge of many aspects within SCV. Fiscal responsibility tempered with the desires of the populous is highest on my priority list.

II. What are five characteristics a board member should possess? Rank them and explain why.

1. Knowledge of the community and its finances.
2. Availability to the constituents of the community.
3. Involvement in general, as it pertains to clubs and committees.
4. Even temperament to tolerate all the meetings but not a fence rider.
5. Ability to work as a team.

The five rankings are a step process needed to come to a conclusion and make decisions that benefit the majority of residents. It is impossible to please everyone but our society is based on the majority factor.

III. Explain your approach to any divisive issue in our community?

You learn a great deal more by listening than you do by talking. Listen to neighbors, committee members, friends and those around you for their ideas and concerns. Develop and understand the facts of an issue. Then a Board member has to make a decision and move forward.

Image Committee

The Image Committee continues to meet on a weekly basis to discuss the updating of the communities signage including monuments and gateways. Several signage vendors attended a meeting on January 14 to present portfolios of recent gateways and monuments they did in the Tucson area. One vendor created the Oro Valley Monuments placed on Oracle Rd. The vendors listened to our needs and visions and will return on January 26 with their preliminary proposals. In the meantime, the Image Committee will be working closely with the Landscaping Committee to insure continuity in the landscaping around the gateways and monuments and cost containment issues.

Landscape

Third Wednesday, 9 AM, Vistoso Center/Yaqui

You may have noticed that work has begun on our next landscape project. This is being undertaken as part of our multi-year plan to move toward a lower maintenance landscape that is more aesthetically compatible with the natural desert around us and enhances property values.

This project runs along Rancho Vistoso Blvd. from Big Wash bridge to the Del Webb intersection. It encompasses the roadway median, the strip between the road and the walkway, the area to the southwest of the road that backs up to the desert and the area to the northeast of the walk that backs up to the homes on Tom Ryans Way and the desert. Existing plants are being taken out if they are overgrown, not compatible with the natural desert look, require water if in an area that will no longer receive water or require undue maintenance. New plants will be added.

This project, designed to be an efficient use of community funds, will improve the appearance of the area. About one third of the area is being returned to natural desert, reducing ongoing maintenance costs for water, decorative rock and plants.

You might want to check out the cape aloe (aloe ferox) around the Gathering Circle, to the right of the Catalina Vista building. Its showy orange-red spikes bloom in winter to spring.

The draft criteria we have developed will be shared at our February 3 meeting, along with a plan to receive greater community input.

Take A Look

When the red flag on the mailbox goes down, we have reason to go outside to get our mail. Next time you are out there, take a look at the box that holds your incoming mail. Could it use a fresh coat of paint? Now that the weather is cooler and most of our winter residents are here enjoying their winter homes, perhaps it's time to paint the pole, box and flag. Check with Consumer Referral for names of people who will do it for you at a nominal cost, if you don't wish to do the actual painting yourself.

Another item that needs mentioning, is the responsibility of the homeowner, to maintain pedestrian sidewalks. If the cement is raised where a walker could trip and fall, it needs to be repaired. More often than not, the raising is caused by a large root from a tree in the yard. Again, take a look. Is yours OK?

SCV Realty Committee

Chair Allan Jakosa 609-6368

The Realty Committee has started gathering information beginning with issues and concerns from residents in six focus group. The results from the focus groups, along with any answers to concerns the committee can provide, are explained in an insert in this Tipster and via the ListServ.

The committee has also started to gather information about Arizona Real Estate Rules and Regulations pertinent to any realty arrangement we might want to pursue.

We are also identifying built-out communities like ours that have a real estate connection and hope to learn from their experiences.

The Realty Committee continues to have open minds to all possibilities. We are dedicated to working toward recommending the most attractive viable option, if any, that generates sustainable income for our community.

SCV Sports Complex Committee

Chair Bob Carlson 825-4627
First and third Fridays, 1:30 PM, Social Hall/Navajo

In an earlier meeting we expanded the goal of the Sports Complex to exercise and fitness by incorporating wellness into the goal. We created three alternative solutions to the Board assignment:

1. Using the current footprint to create the best possible exercise facility.
 2. Using the March 2009 Report submitted to the LRP Committee to enlarge/remodel the current footprint in order to accommodate fitness as well as exercise.
 3. Build a new building on the green space next to the cafe, freeing the current complex for meetings and classrooms. The new building would incorporate fitness as well as exercise. Each subcommittee is working independently. We are working on the criteria to use in making a decision among the alternative solutions.
- All meetings are open to residents.

Strategic Planning Committee (SPC)

The SPC met Monday, January 10 and conducted a review of each of the Ad Hoc and Standing Committees considering their progress with the Strategic Initiatives (Long Range Plans) assigned by the Board of Directors. The SPC will submit to the Board:

1. An updated progress report on each of the Strategic Initiatives.
2. Recommendations to modify several current mission statements to accommodate implementation of current and perhaps future Strategic Initiatives.

Members of the SPC are actively participating with the committees by providing guidance in understanding and implementing their assigned Strategic Initiatives and helping them facilitate their meetings with the residents of SCV.

SPC meetings are scheduled for Monday, February 7, 8:30 AM Vistoso Center/Conference Room; Monday, February 21, 8:30 AM, Desert Oasis/Aztec.

Strategic Plan Initiatives Update

In November 2009 the Long Range Plan (LRP) was presented to the Board of Directors and community. The Board of Directors accepted 28 of the recommendations and assigned them to themselves, a committee or staff. Four ad hoc committees were created to deal with six of the approved initiatives. It's hard to believe, but it's been over a year and all are at work on their specific tasks.

The nature of the initiatives runs from finite to philosophical. Those finite initiatives will have a definite end to them (i.e., a policy was developed to address storage), but those philosophical initiatives will need more breadth to their implementation. An example of this is SI-6 assigned to the Marketing Committee to "Design marketing strategies that target the next generation of SCV home buyers, including optimization of the SCV website." This is not something that has an end to it. Marketing strategies need be developed, implemented, assessed, adjusted and evaluated for effectiveness. This one area alone is an in-depth, ongoing process that became a focus as a result of the LRP, but there will not be an end to the process itself. Rather, the so-called end will be the implementation of the process.

Initiatives were approved and are being implemented. The final step, then, is the process for documenting the completion of an initiative. The current procedure for the few initiatives that have been completed has been a Mission Accomplished report submitted to the Board. The Board has accepted some of these reports and has requested additional work or information on others. This process provides a measurable record of the work begun and completed on the LRP. A grid has been set up in the Vistoso Center/Hospitality room with a record of the initiatives and the dates determined by the Board as having been completed, as well as the official record in the corporate minutes.

This process is an excellent example of how the Association, Board and community have worked together to assess needs/wants, evaluate, implement and track progress.

Pam Sarpalius, Programs/Facilities Director

Survey

Thank you to all who submitted your replies to the Activity Survey that was in the January Tipster as well as online. I will be reviewing each and every one of these surveys and reading your comments and ideas. Remember, I am always happy to receive input from residents. Don't hesitate to call or come in to see me.

We have more great entertainment this month as well as in March. Be sure to read the Coming Events section of the Tipster each month. One thing I noticed in the surveys is that you overwhelmingly wanted entertainment to be brought into the community for your convenience.

Library

While most of our residents take excellent care of our collection of books, far too many books suffer irreversible damage and must be removed from the shelves. It is reasonable to think that older books deteriorate on their own, especially in our dry climate. Our resident book binder does his best to analyze each volume individually and restore those that are repairable. As any book lover will attest, it is difficult and expensive to have to remove a relatively new and expensive item from the collection because of negligence. Therefore, SCV management has set forth a new policy, effective January 1, 2011. Your cooperation will be appreciated.

New Library Policy:

The books in the library are maintained at high standards for the enjoyment of all patrons. In an effort to maintain this standard, patrons of the library who return damaged books including, but not limited to, books that have damage from pets, food, liquids or are saturated with cigarette, pipe or cigar smoke, will be subject to a fee for replacement of the book.

Friends of the Library

Mark your calendars now for two exciting events in 2011 sponsored by the Friends of the Library for our community's enjoyment.

The first event, a home tour of some of the amazing renovations that have taken place in Sun City homes, will be held Saturday, February 19.

We will also be holding our annual Books and Authors' Lunch Wednesday, March 2. More details are listed in the Coming Events Section.

It is not too late to join or renew your membership in the Friends of the Library for the 2010-2011 year. Stop by the Library and pick up a membership form.

Recreation and Fitness, Lonnie Davis

How many hours a day should I be working out?

The answer doesn't have to be plural. A single hour or less could be enough to maintain core strength and muscle tone, and just increasing your movement and eating a healthier, balanced diet will help you feel better and more energetic. If you don't want that six-pack belly, you might need to put in more time, but if you want to slim down and feel better, you don't have to spend hours a day on it.

Association-Sponsored Fitness: Purchase a punch card from the receptionist in the Administration Office, \$10/10 classes. You may use this card for all Sun City Vistoso-sponsored fitness classes. It can also be used for your guests. There is a \$2 drop-in charge if you do not have a punch card.

Cardio Chair Aerobics: Tuesday, Thursday, 10:30-11:30 AM, Catalina Vista.

Sunrisers: Low-impact aerobics class: Monday, Wednesday, Friday, 7:15-8:15 AM, Auditorium.

Sweat Stretch: Tuesday, Thursday, 7:30-9 AM, Auditorium.

Water Aerobics: Monday, Wednesday, Friday, 10-11 AM, Sports Complex Pool.

Zumba: Thursday, 5:15 PM, Auditorium.

Personal Trainer: Call Ray Jerkins 219-3561 to make an appointment.

Sports Complex and Desert Oasis: See Hours of Operation, page 2 of this Tipster.

Tuesday, February 8, the Sports Complex pool and spa will be closed for cleaning and shock treatment. It will reopen the following morning at the regular time. Wednesday, February 9, the Desert Oasis pool will close at 7 AM for cleaning and shock treatment and reopen the following morning at the regular time.

Special Note from the Sports Complex: Thursday, February 10, 1 PM, an orientation on how to use the gym equipment will be held. Space is limited, so stop in and sign up. See Lonnie Davis or call 825-3711 ext 136.

Michael Kropf, Superintendent

Please don't use divot mix in any area that was not overseeded. The areas around the fairways and the par threes are really starting to have an aesthetic problem where people are filling their divots with seed mix and the germinating seed is creating ugly green spots. This increases the amount of labor and chemicals required to keep the brown areas brown and maintain the quality of the course. The green spots are literally weeds created by golfers being careless. Also, please repair ballmarks. The greens are developing a serious problem with increased numbers of ballmarks. The greens are very soft with all the rain this winter so any ball that hits the green will make a mark. Some golfers hit lower shots that run when they hit the green, but these shots also leave a mark that needs to be repaired. The maintenance crew and the nine hole men's club spend hours repairing marks that should have been repaired in the first place. It is golf etiquette for all golfers to fix their ballmark, fill their divot in the tees and fairways, and rake their tracks out of the sand traps.

The fairways are being deep-tine aerified throughout the winter. This aerification is to help alleviate the compaction from increased amounts of play, to help improve water penetration and help leach out the salts accumulated from the reclaimed water. The holes from the aerification should heal rapidly and not affect playing conditions.

Golf Advisory

Payton Davies Chair 825-5352

First Wednesday, 2 PM, Vistoso Center/Apache

We are so lucky to be living and playing golf at The Views Golf Club here in Sun City Vistoso. Most people here feel it is one of the best and also one of the toughest tracks in Tucson. A lot of us dragged our feet at the idea of opening up to the public, and also having GolfNow list our course on their website. At the same time, we are all beginning to realize it is necessary to do these things in order to help make ends meet due to the loss of 18 hole annual pass holders and increases in costs.

I personally have had several nonresidents comment on how much they like our course and that is a good thing. I have also had people do an about face in their attitudes toward GolfNow. So in general a lot of positive things are going on. On the other hand, there are still people who resent other golfers on "their" course. A lot of this involves growing pains, and I hope our attitudes will continue to improve. We need to work together in continuing to keep our course in financially viable shape.

Homeless Veterans Sock Drive Very Successful

Once again SCV residents' generous contributions of socks for Tucson's Homeless Veterans' Program has exceeded our goal. We delivered 1,406 pairs of socks, 64 pairs of briefs and a carton of travel size bath products. The veterans' staff was overwhelmed with our contribution in this economy.

The success of our sock drive is largely due to the members of the Sundowners RV Club. They contributed socks and money for discounted sock purchase that amounted to more than 50% of SCVs total contribution. Thank you to all who participated. Sandy Jasper was the coordinator.

So here we are, fine artists of Sun City Vistoso, gathering each Wednesday to discuss art world happenings and paint. We paint, we chalk, and we pallet knife. We constructively critique each others works at 11 AM, and some of us bring our lunch and, spend the majority of the day working on our pieces. If this sounds like fun to you, please come and join us. All one needs is the desire to create. We'll help you along. Our group is currently working on pieces which will make up the next theme show in March in the Social Hall. The theme is "edibles," and this is sure to inspire a broad range of show entries.

Dog Club—Fido's Friends

Pres. Alex Bissett 825-7763
Membership Joan Eddy 825-8630
Third Thursday, January- March, TBA

The primary purpose of our dog club is the care and operation of our dog park. The park provides a place where owners can take their dogs so that they may run unleashed, chase balls, exercise and socialize with other dogs.

Our club has come to realize that from time to time residents of our community, for a variety of reasons, may reach a point when they can no longer care for their pet. On the other hand, we believe there are residents that would love to have the companionship of an older pet. In the near future, our club will pursue the development of a pet rescue program to try to place these pets in suitable homes. Anyone interested in helping in such a program should contact the club president or vice president.

Gun Club

Warren Cuthbert 818-1282

Meeting Second Wednesday, October-May, 2 PM, Social Hall/Navajo Club does not meet June-September

At the February 9 meeting, we plan a very exciting program with U.S. Border Patrol Agent and Firearms Instructor, Juan Guajardo, who will speak to our group about the Border Patrol and the weapons they use. Please come to the meeting/program and bring anyone else who might be interested.

The Gun Club is for people who have an interest in learning about guns, shooting, personal protection and firearm safety. In fact, you do not need to own a gun or have any experience with firearms to come to Gun Club meetings. We especially invite those women to attend, who have an interest in learning about firearms' safety and self-protection, with or without a gun. People are frequently interested in learning the laws and regulations about carrying a gun and what is required to obtain an Arizona Concealed Weapons Permit. Club Members are encouraged to bring any new or interesting guns/accessories to the meeting for people to see or any guns they want to sell/trade. For safety, any gun brought to the meeting needs to be unloaded and have a trigger lock. You are invited to come to a meeting and see if our club activities would interest you. Club members often shoot on Thursday afternoons (October-May) and Thursday mornings (June-September) at Pima Pistol Range.

Travelogue

Jim Huffer 825-8743

Third Monday, 7:30 PM, September-May, Social Hall/Navajo

At our February 21 meeting, sponsored by the Dinner 'N Show Club, we will show "Walking Tuscany and Umbria, Italy" presented personally by Gordon McCall, a local Oro Valley resident.

Enjoy walking to the lovely, historic hill towns of south central Tuscany, including a day in Siena in the fall. Then, indulge further in walking the lush, pastoral beauty of Umbria, including a day in Assisi. The history, culture, and geography will be explored, but the emphasis on this program is the vicarious pleasure of walking and discovering these wonderful old places by trail and by foot.

We think the viewer will get a real sense of having walked in our shoes in this program in addition to the many opportunities to learn about the geography, history, and culture of this "off the beaten track" area to most American travelers.

In upcoming presentations, Gordon (a retired world history teacher) will enlighten us with the history, culture, archaeology, geography, etc. of his various travel subjects.

Poets' Corner

Sharyn Rafieyan 825-6762
Mondays, 9:30-11:30 AM, Vistoso Center/Yaqui

Bonnie Lamm constructed an edible masterpiece called a Cherpumple Pie as her contribution to a holiday celebration held by members of the Poets' Corner. This amazing creation contained three

layers of different flavored fruit pies baked inside three different cake batters which were sandwiched together and generously coated with a cream cheese frosting. The production caused considerable frustration as evidenced in these lines from Bonnie's poem: "three pies in three cakes baked in pans 'til they spilled in the oven and burnt — hot damn!" Surely a clever rescue ensued because the end result was delectable and no one seemed concerned about calories or cholesterol. Poets do know how to party!

Please note that the Poets' Corner will be open to participants only until this year's facilitated workshop is completed on Valentine's Day. As of February 21, all resident poets will be welcome once again.

**THE FOUNTAIN OF
YOUTH ISN'T A FOUNTAIN
AFTER ALL.**

It's a road trip.

Martha, Bonnie, Grace, and Dolly (AKA: The Road Trip Girls), are like most Fairwinds - Desert Point residents-active and full of life. They've got places to go and things to see. And they're free to do what they want because we provide the necessities. Things like housework, shuttle services, and planned group activities are all included in the monthly rent. And Assisted Living services are available. So feel free to stop by and take a look around. We love visitors. And look at that, the front seat is still available.
