What is the Financing Plan for the AFC?

by Ruth Gitzendanner

The Board of Directors has established a \$2.5 million dollar budget cap for renovation and expansion of the Aquatics & Fitness Center. The project, if approved by a community vote, will be funded through a special assessment that was originally projected to be no more than \$1,000, but has been reduced to \$844. This reduced special assessment will come through the use of \$400,000 from the Capital Fund which is the projected balance as of March 1. The use of the Capital Fund has not been formally approved by the Board, but it must be if the special assessment is to be reduced to \$844. I fully anticipate this will occur at the next Board Meeting. Residents will have the option of financing the assessment over 6 years for \$162 annually. This proposed assessment does not include further reductions that may be available from charitable contributions to help fund the project.

I estimate that approximately 50% of the members will pay the special assessment up front and 50% will elect to make payments. In addition, the funding provides for a temporary loan from the Asset Reserve Fund to cover initial construction costs rather than expensive external borrowing. These funds will be replenished with interest as the special assessment payments are received. Borrowing from the Asset Reserve will not affect the scheduled replacement or repair of Association assets covered by the Asset Reserve. I am confident the Association will be able to undertake this project with no further assessment to members.

The Finance & Budget committee recommended a service charge of 6% for those choosing the payment option. This rate was determined by looking at the costs the Association will incur in order to provide the payment plan (interest, attorney fees, bookkeeping, and possible uncollectible accounts).

The Finance & Budget Committee, prior to reaching its recommendation to fund with a special assessment,

considered many other options including using Capital Contributions from future residents, obtaining a mortgage over a number of years and repaying the loan by raising dues, funding the project through annual dues increases, funding the project with funds from our reserves, issuing commercial or internal bonds. These options either would not provide funds when we needed them for construction and/or would significantly increase the cost of the project for everyone. After considering these and other options, the committee recommended and the Board agreed that the only viable option was a one-time special assessment with a payment plan for those who cannot manage the full assessment at once. For more detailed information about the financing plan and the various options considered, please refer to the insert from the Communications Committee included in this Tipster.

Bob Mariani, General Manager

Are you Prepared?

by Bob Mariani

A number of natural and other disasters constantly occur across the country and world. Although it's difficult to imagine such a disaster could occur here, our area could be devastated by fire, flood, earthquake or even a terrorist attack.

You might have the same thought as I about potential disasters; yet how many of us are well prepared with sufficient supplies such as food, water, tools, etc.? Also, if evacuation is necessary, very few of us would know if we should evacuate, where we would go if we needed to evacuate or how we would get to a safe area.

It's obviously too late to make plans for a disaster after it happens. To avoid being unprepared, it's time to plan now by assembling your kit and making proper evacuation plans if necessary. This may seem difficult, but nearly everything that you need to develop a plan is available on the internet at www.ready.gov.

I also want to suggest that while preparing yourself and your family for a disaster is very important, it's just as important to develop a community plan. If a disaster were to occur in Sun City Vistoso today, there would be no plan to follow in regard to assisting neighbors with necessities such as food and water, no communication plans and no evacuation plans. Simply put, many if not most of our residents would be at a loss during a time when essential services are not available.

A community emergency/evacuation plan is very important and could save many lives. It's also important to recognize that no plan will ever be in place until a group of interested citizens organizes and develops such a plan. If you are interested in becoming involved with such a group, please let me know, call me at 917-8080 or email me bmariani@suncity-vistoso.com. Not only will I work with you, but Char Ackerman, Regional Emergency Response Planner, Oro Valley Police Department, has committed to working with a group of Sun City Vistoso residents to develop a comprehensive emergency/evacuation plan.

ARC Architectural Review

Chair Susan Jakosa 609-6367, susanjakosa@gmail.com
Second and fourth Tuesdays, 1 PM, Vistoso Center/Yaqui

Are you thinking about putting your home up for sale? Is it already on the market?

Did you know that the title company notifies SCV when your home is under contract and in escrow? At this time, an ARC member inspects the outside of your home to verify that the exterior and property are in compliance with the Development Standards. Seller's and buyer's agents receive the inspection results.

If the Association does not receive the title company notification on a timely basis and there are inspection issues to be resolved, delays can be caused.

However, your inspection can be done as soon as your realtor receives an escrow number. Ask your agent to submit a realtor request for an ARC home inspection form, available from Jim Cundiff, Community Services Coordinator. The inspection can then be done. You will know much sooner if all is well or if there are any issues to resolve.

Communication Committee

Leslie Platt 520-818-1963

On December 8, after many meetings with the Board and Aquatics & Fitness Center (AFC) Subcommittee

and extensive input from residents, the architects for the proposed AFC presented their final conceptual renderings and cost estimates. The Board then established a budget cap of \$2.5 million for renovation and expansion, including all contingencies. The previously proposed special assessment of \$1,000 per household was reduced to \$844, payable in either one lump sum, or spread over six annual payments of \$162 each. The Communications Committee insert in this issue provides details. Association members will have the opportunity to vote on the proposed project in March 2012.

The Committee will provide information packets and briefings for residents in January and February. Watch for announcements and follow proceedings on the Association website. Click on Association, then select Fitness Center Info from the drop-down menu.

Aluminum Can Donations: Put those aluminum cans to work for Sun City Vistoso. Deposit only empty, clean aluminum cans in the box outside the Social Hall kitchen. For safety reasons do not deposit unrinsed cans which attract bees and may become a hazard.

In November we delivered 480 pounds of aluminum cans which netted the CAC \$307. Fiscal year-to-date we have received a total of \$1,563.

The Loan Room provides equipment throughout the year to Sun City Vistoso residents who need help with medical needs, extra tables and chairs for parties, beds for visitors and items for children. Telephone reservations are taken on Mondays, Wednesdays, and Fridays from 8-9 AM by calling 917-8052 or 825-3711 ext 128. Items can be picked up and reservations made at the Loan Room on Tuesdays and Thursdays from 8-9 AM.

The Community Assistance Committee recently approved \$1425 toward the cable connection for Catalina Vista and \$1000 for Casas Amigas.

The annual Pancake Breakfast is Saturday, January 28, 7:30-9 AM in the Auditorium. Please come and join us to celebrate our community. See Coming Events section for ticket sales information.

Government Affairs

Chair Hal Linton 825-2812, haling@comcast.net
Second Wednesday, 1 PM, Vistoso Center/Yaqui

This year is very significant for Arizonans and those who live here part-time, as Arizona celebrates its Centennial in 2012. We can expect to see and hear about many events to mark the occasion. The SCV Government Affairs Committee (GAC) hopes to sponsor some

events that will highlight Arizona's statehood. Of course in 2012 we will also have several governmental elections that will certainly impact us in Sun City Vistoso. If you are interested in helping the GAC explore local, county, state and federal governmental plans and operations that would be of interest to the SCV community at large, please join us at the next meeting.

Landscape

Bob Cratty 825-0157
Third Wednesday, 9 AM, Vistoso Center/Yaqui

You may have noticed that large, mature, non-native eucalyptus and African sumac trees at the Mountain Vista area and elsewhere in our community have been removed. The eucalyptus were messy and expensive to maintain. More importantly, they were a safety hazard as branches could fall off and injure someone. The African sumac is also high maintenance, particularly as it ages, and it naturalizes easily, invading our golf course, washes and other natural areas. Each tree removed has been or will be replaced with a more suitable tree.

We Listened

Neighborhood Pride prides itself on taking to heart suggestions from our community. Because of this, the infractions letter that is sent out to make a homeowner aware of a problem has been made more resident friendly.

Our committee members have certainly enjoyed seeing the beautiful holiday decorations throughout the community over the past few weeks. As a friendly reminder though, seasonal decorations and lights should be removed by January 15. We appreciate all residents who continually take pride in the appearance of their property, and we are most pleased with how beautiful our community is looking to usher in the New Year. We wish each and every one of you a happy, healthy and prosperous 2012.

Employee Morale

Employee morale is part of workplace culture and is important in the company. When workers are happy, they tend to be more efficient because they enjoy their work. As I mentioned last month, the Association is generous. This month I wanted you to know what your managers are doing to foster a good workplace culture.

The general manager has created an On the Spot award that is given to employees who go above and beyond their regular work duties. They can redeem this award for a spin on the prize wheel which can produce a small gift certificate, movie tickets and even a paid day off! The general manager has also created a suggestion box where employees are assured that their concerns are being heard.

Managers take their employees to lunch or bring in doughnuts. One talked about writing the employees thank you cards for a job well done. One manager serves ice cream at team meetings and has an occasional pizza party and every once in a while passes out EXTRA gum because the employees go the extra mile during their busy season. One department has a monthly birthday party at the water cooler and for 15 minutes they eat cake, drink coffee and celebrate.

There are many ways we tell our employees thank you and we know how important it is to do so. It builds a healthy work culture. It helps our employees to enjoy work and that makes the service that they provide you even better. It's a win-win for both the employee, employer and residents.

Pam Sarpalius, Programs/Facilities Director

Room Set-Ups

As you know, when any club meets or a room is rented, the set-up of the room is coordinated with Coco Sullivan. Monitors must know ahead of time if equipment is needed for an event or meeting. If you need such things as a projector or microphone, etc., you must let Coco know so the monitors have items ready.

More and more we are finding that residents are walking into a meeting and requesting a projector when Coco was not informed in advance. Many times equipment must be brought in from another facility to meet a need. Clubs should have only one contact person with Coco to make all arrangements.

We want your meeting/event to be set up as you need it, but we need your cooperation. Thank you.

Carol Wittels, Library

The Library has acquired several new selections in both the fiction and non-fiction categories. Start the new year with an exciting new book.

Catherine the Great by Robert Massie: a sweeping narrative of the 18th century German Princess who becomes the Empress of all of Russia.

A Train in Winter by Caroline Moorehead: an extraordinary story of women, friendship and resistance in occupied France during WWII.

Rome: a Cultural, Visual, and Personal History by Robert Hughes: a must read for anyone planning to visit Rome. Recent travelers to Rome will also enjoy a repeat literary trip through this marvelous city.

Death Comes to Pemberley by P.D. James: this literary genius draws from the characters of Jane Austen's *Pride and Prejudice* and takes us into a tale of murder and emotional mayhem.

The Sense of an Ending by Julian Barnes: an unexpected bequest causes a man in his 60s to question his understanding of the past.

The Sisters by Nancy Jensen: a debut novel, beautifully written, about the events and choices that shape our lives for generations to come; a journey that covers 80 years of a family.

Friends of the Library

Mark your calendars for our annual Books and Authors Luncheon which will be Friday, March 2. Three local authors will present: Jan Cleere, Cathy Hufault and John Newport. You will find additional information in the Coming Events section in February.

When Should I Exercise?

Is it a good idea to exercise in the morning, now that the New Year has begun? It gives energy for the whole day and increases your metabolism. Plus, you don't have as many excuses in the morning, since all you have to do is get up a little earlier. Just get it over with sooner! Try preparing your workout clothes before you go to bed so when you wake up, you are ready to go! Exercising at a particular time of the day is, however, an individual choice and should be done according to your own needs.

Association-Sponsored Fitness: Purchase a punch card from the receptionist in the Administration Office, \$12.50/10 classes. You may use this card for all Sun City Vistoso-sponsored fitness classes. It can also be used for your guests. There is a \$2 drop-in charge if you do not have a punch card.

GOLF

Kim Griggs, Head Golf Professional

For those of you who haven't stopped by the Pro Shop, please do so. We have a wide variety of merchandise and if we do not have your size or color, we will be more than happy to special order for you. We have a variety of items (towels, hats and other merchandise) that have our new course name on them (The Views Golf Club).

Reminder: on Tuesday and Wednesday the morning shotguns will start at 8:30 AM (unless there is a frost delay). The afternoon shotguns are now scheduled to go out at 1 PM (not 1:30 PM as in previous years.) This is being done so that we can possibly get the afternoon shotgun in before dark.

Remember golfers that the frost delay hotline phone number is 825-0322.

Walkers and riders, please remember to remain on the paths at all times. Should frost be present, you may damage or kill the underlying grass if you walk on it.

As everyone knows, we are now open to the public which makes us a semi-private golf course. Please be aware that as new people play our course for the first time, they may be a little slow. Our rangers are aware of this and will help move them along. We advise everyone of our rules, and hand out playing tips to them in the golf shop. So, please be patient and courteous to these guests. We try to fill in empty times with these guests as a way to increase our revenue.

Michael Kropf, Superintendent

A subject was brought up in Golf Advisory this month that is important for all golf courses in southern Arizona. The question was asked about water conservation on the golf course and the increases in costs

and limited availability of an important resource. This is one of the biggest management issues a golf course needs to deal with on a daily basis. There is a fine line between providing the turf with an adequate supply of water while at the same time providing the golfers with a good playing surface.

The question was asked about what our golf course is doing to conserve water. The biggest area of conservation was the installation of the new irrigation system. The previous system applied too much water and was inefficient. The current system is computer-controlled to optimize flow rates to every part of the course so water is distributed at the correct rates and pressures. The sprinklers are constantly checked for performance and wear to reduce lost water through worn parts. The weather station uses daily weather conditions to determine exact amounts of water needed to replace the water lost from the turf through evaporation.

Depending on the time of the year, the watering schedule is constantly changing. In the winter with lower temperatures and less evaporation, the course is watered infrequently. However, the dormant roughs are watered a couple times a week during the winter because it is still a living grass.

Golf Advisory

Payton Davies Chair 825-5352
First Wednesday, 2 PM, Vistoso Center/Apache

Just a reminder to all residents, anyone purchasing an annual pass for the first time (resident or nonresident) will receive the pro-rated price. When you see an ad from our Marketing Committee, the price you see is the pro-rated one. Annual passes that nonresident players purchase are higher than the price a resident pays.

The washes that cross the fairways on #13 and #18 are now maintained waste areas. What this means to golfers is they can ground their club, remove stones or declare the ball unplayable.

Look for a special event on Friday, January 13, for annual pass holders only. It will include a free ball fitting from 2-3:30 PM. In the Café from 3:30-5 PM there will be free appetizers and the bar will be open to purchase drinks.

If you have a question call Preston Sheriff 825-3101.

The Foundation's mission is "to improve the quality of life for active adults in Sun City Vistoso and the surrounding areas" through a tax-deductible channel.

If you passed by the medical disposal tables in the Social Hall November 8, you might have noticed the huge volume of pills that were emptied into the collection jars. One resident's family cleared out so many prescription pills that our total collection for that day was 69 pounds.

It is very important that prescription and over-the-counter pills be disposed of properly. Please bring them to our bi-monthly collection medical disposal events. Keep in mind that unused medicines should not be put in the trash or flushed into our water system. Let us dispose of them correctly. See the For Your Information section for dates and times of upcoming medical disposal events.

Did you know that your donation can recognize significant persons or events in the form of an honorarium or memorial? All donations make a positive difference in the quality of life in Sun City Vistoso and the surrounding community.

Parkinson's Support

Third Wednesday, 10:30 AM, Catalina Vista/Pima
Exercise Mondays and Thursdays 4-5:30 PM, Vistoso Center/Apache

Our speaker at the Wednesday, January 18 support group meeting will be Tammy Nakonechny. She is doing a clinical trial, for PWP (People with Parkinson's) who use Sinemet. She wondered if any people in Sun City would be interested in participating. We welcome all

PWP and/or their caregivers and spouses.

On another note, I have just received an article from the National Institute of Health in California. It talks about a study they have done with twins, one of whom has Parkinson's and one who doesn't.

The studies have been useful in identifying environmental influences in the disease. The doctor who is leading the study is the son of local residents, Harold and Esther Goldman. You can go online and Google Samuel Goldman, Parkinson's, and find this article and several others. The Goldmans have said they will try to have him meet with our group when he comes to visit.

Don't forget the Parkinson's exercise classes with Ray Jerkins, trainer, every Monday and Thursday, 4-5:30 PM, Vistoso Center/Apache.

CELEBRATIONS AND LIFE EVENTS

Sun City Vistoso cyclist, Payton Davies, raises over \$6,000 for Parkinson's

Payton Davies, whose husband, Bob, has Parkinson's disease, was the top fund raiser for the American Parkinson Disease Association in the EI Tour. She raised \$6,080, nearly doubling her previous year's effort and bringing her five-year total to more than \$17,000. This total is remarkable because it represents hundreds of contributions from friends and family across the country. Payton has helped many people understand Parkinson's and its impact. Dr. Cynthia Holmes, Co-Director of APDA Arizona, says "Payton is a tremendous ambassador for the cause. She has really stepped up to make a difference." In addition to fund raising, she leads a Parkinson's support group and helps with a twice-a-week Parkinson's exercise class, all while ensuring that Bob gets state of the art care. Payton is pictured above at the finish line with friends after bicycling 42 miles in the EI Tour.

Resident's Quilt part of Arizona Centennial Exhibit

by Susan Franklin

Susan Franklin's "My Arizona Favorites" quilt will be displayed at the "100 Years-100 Quilts exhibition" to be held at the Arizona Historical Society Museum in Tucson. The exhibit, opening Saturday, February 18, runs through December 2012. The quilts, made by quilters throughout Arizona, are individual designs and also meet other criteria. Throughout 2012 the Museum will host other events celebrating the Arizona Centennial and quilting.

Susan's redwork represents Arizona images special to her. The first block (upper left) depicts a Tucson rodeo rider. The second (upper right) showcases a Pima basket, circa 1920. The saguaro, (lower left) provides charm with its stately appearance and Arizona's state flower from this cactus. Finally, the Arizona Inn (lower right), a favorite for Susan, is highlighted. She loves its graciousness and cultural heritage.

Susan sketched the designs using photographs as a rough guide. Each piece was then embroidered and framed with bandana print fabric. Carolyn Jensen did the machine quilting.

Book Clubs

Book Club

Lillian Vittenson 825-5522, Eileen Rotman 825-5434
First Monday, 1:30 PM, Catalina Vista/Pima

Looking for a stimulating start to a new year? Join us January 2 as we examine Chris Cleave's provocative novel, *Little Bee*. It begins with a young girl from Nigeria about to get out of a British immigration detention center. This plucky survivor alternates as the narrator with an English woman who is married and has a child. Their very different voices weave a fascinating story as their lives interconnect.

When you think about the *Queen of the Nile* do you picture Elizabeth Taylor? Surely she was a perfect cinematic Cleopatra but you might develop new ideas about the character of this well-known historic figure after reading a biography by Stacy Schiff. February 6 Eileen Rotman will help us travel back to Egypt and discover how a scheming politician became one of the most famous celebrities of her time.

Newcomers welcome. We always serve refreshments.

Great Books

Pres. Syrele Ellison 818-6521

October-April, First and third Wednesdays, 2 PM, Catalina Vista/Tohono

The most popular New Year's resolutions seem to involve losing weight and getting more exercise, making the owners of fitness centers very happy until the resolve dissolves. Does anyone consider the importance of controlling anger?

We will, January 4, as Barbara Gates helps us examine Margaret Atwood's *Hairball*, our second selection on what could very literally become a deadly sin.

January 18 we turn to Sloth as depicted in *The House with the Mezzanine* by Anton Chekhov with Mona Schorr-Holder as our guide.

How about vowing to reduce slothfulness this year? Keep that exercise resolution but add increasing your mental activity to the goal. You can start by reading and discussing Great Books. Try it, you just might like it.

Bowling - Pathfinders

Vistoso Native American Flute Circle

Peggy Webb 825-2731, Information: Ed Pendrys 825-7151
First Sunday, 3 PM, Catalina Vista/Tohono

Researchers tell us one way to keep our minds alert is to learn to play a musical instrument. Our club offers you the opportunity to learn to play the Native American flute. It is an easy instrument to play; you don't need to know how to read music. There are only five basic notes. Because of New Years Day on the first Sunday, our January meeting will be held on the second Sunday, January 8.

Garden Club

Pres. Vicki Gushwa 825-2413
Meeting second Wednesday, 1:30 PM, Catalina Vista/Pima

Do you want to learn more about landscaping in Sun City Vistoso? Come to the Garden Club meeting on Wednesday, January 11, 1:30 PM to learn about plants that are approved by our Association. We will have a short business meeting while munching on refreshments and socializing before the presentation by the Landscape Committee. Visitors are always welcome. Membership is only \$5 for the entire year. Join us to learn about plants, eat wonderful treats, have fun and make friends!

If you can help remove and store the holiday decorations, please meet us on Tuesday, January 3, 9 AM at the Social Hall.

Gardening Tip: Plant a kitchen herb garden. A sunny kitchen window is the perfect spot to grow culinary herbs in winter. You can transplant nursery-grown seedlings into a well-drained container or leave plants in their pots and nest several of them in a larger container.

Garden Club members toured Tohono Chul Park in November.

Genealogy Club

Pres. Michael Carroll 818-0556
Ancestral Research Barbara Krecklow 825-4695
October-May, Second Tuesday, 1 PM, Social Hall/Navajo
www.scvgs.org

David Fryxell is our January speaker. David is a contributing editor and columnist for "Family Tree Magazine," the nation's most popular genealogy publication. His topic is "Using Published Genealogies." Thousands of published genealogies, from books to pamphlets, contain not only the family trees but other details discovered by professional genealogists and your own distant kin. Long before pedigree files populated the Internet, these printed family histories gathered and preserved the stories of your ancestor. Today, they've never been easier to find, at nearby libraries or Family History Centers or even in digitized form online. But how do you find them and how much can you trust them?

2012 dues may be paid at this meeting. Dues are \$15 pp or \$25/household. Call Ken Jordan 818-9545.

The Gun Club is for people who have an interest in learning about guns, shooting, personal protection and firearm safety. In fact, you do not even need to own a gun or have any experience with firearms to come to Gun Club Meetings. We especially invite women, who are interested in learning about firearms safety and self-protection with or without a gun, to attend. People are frequently interested in learning the laws and regulations about carrying a gun, and what is required to obtain an Arizona Concealed Weapons Permit. Club Members are encouraged to bring any new or interesting guns/accessories to the meeting for people to see or any guns they want to sell/trade. At some meetings we have guest speakers from law enforcement or other gun related organizations.

Rowena Hardinger, lhrh@aol.com
<http://SunCityILR.com>

We launched our 19th semester with 700 members and 15 classes. This unique program for learning offers us a venue to get together and discuss issues of lasting interest. There are now more than 600 ILRs around the country, loosely affiliated with Road Scholar, the new name for Elderhostel.

We in Sun City Vistoso have the advantage of having our own organization without the hassle of travel, parking, or hefty fees. This all-volunteer group relies on all of us to help out. The officers listed in the header above deserve our many thanks for their dedication and service to the ILR. If you have ideas for future classes or Samplers or you want to volunteer, please contact them.

To see what ILR is all about, consider joining us for the Thursday afternoon Samplers, 2-4 PM, Catalina Vista. No registration or membership is required. See "Workshops and Classes" in this issue for the topic and speaker each week.

Our first sampler for the winter season on January 14 features Dr. Robert Evans, "Religious Pluralism in America: How Do We Deal With It?"

Classes: Wednesdays, 9 AM-Noon, Social Hall/Dance Studio

"Karate is a really good form of exercise. And it can be done by old as well as young people. A lot of people complain that karate is too much hard work. But each person can vary and control the amount of work he puts in. As a result, even little children, women and elders can take up the art beneficially." Fumio Demura, Shito Ryu Karate master, Black Belt Magazine Dec. 2011

We study traditional Okinawan Shito Ryu Karate tailored to your physical condition, needs and desires. We also learn modern self-protection techniques and theory. These are the same techniques that are taught to the police and the military. We simply modify them for seniors. No one gets hurt in our classes. Improve your balance, strength, flexibility, memory and gain confidence. Phone: Instructor Paul Lauff 548-5725, President Fred Hargrave 825-1779, or stop by the Dance Studio on Wed. 9-12 AM.

Photo Workshop January 4 Topic:

Using Camera Automation: When AUTO or SIMPLE modes don't produce good pictures, use PROGRAM modes for exciting action photos, scenery, portraits, and more. You are encouraged to bring your camera, follow along and participate.

Photo Workshop February 1, Topic:

What Your Camera Can Do: Present-day cameras have many features you can use to produce better and/or more interesting and dramatic pictures. We will discuss how and when to use vibration reduction, HDR, background de-focus, panorama, movie, smile and open-eye modes, red-eye reduction. Should you use camera automation or edit later in your computer?

- Not naming primary and contingent beneficiaries.
- Naming a revocable trust that does not qualify as a beneficiary.
- Delaying distribution to age 70 1/2.
- Not discussing "Stretch Out" benefits with beneficiaries.
- Not considering "Recharacterizing" a Roth.
