It's a Very Long Election Campaign

by George Williams

It's August. The ballot for election of two new Directors for our Board will be mailed out in February. Active campaigning for election starts with delivery of the February Tipster on January 31. That's 6 months from now.

But now is the time to take the first steps toward your election to the Board. Simply fill out a short form and have the Administration verify that your home owner's dues are current and you're on your way. There is a very hard working Nominating Committee who has the difficult job of trying to find two candidates for each open position. They don't need to nominate you or ask you to run. In fact, I've been elected twice to the Board and on neither occasion was I contacted by the Nominating Committee, or anyone else for that matter.

In my case, because of my loudly proclaimed positions on financial matters, in addition to the dues check, the General Manager asked the Library to see if I had any overdue books and the Café was asked if any

silverware was missing after my lunch. I passed all those tests and so can you. If you want a vote on Association decisions, join us on the Board of Directors. The simple application form will be in the September Tipster or you can get a copy at the Administration Offices.

It's good clean fun and you'll make a difference in how Sun City Vistoso is run.

Bob Mariani, General Manager

Is Sun City Vistoso a Business?

by Bob Mariani

My initial, quick answer to the question "Is Sun City Vistoso a business?" is yes and no. After more than 30 years of managing associations it is clear to me that homeowners associations are both businesses and providers of amenities and services to its residents.

Examining our revenue centers, the golf course and the Café, exemplifies this thought. Both of these operations are run as a business in that attempts are made to market the operations, set competitive rates and maximize revenue. On the other hand, as a provider of amenities and services, efforts are made to keep prices low for the residents, provide special services that an ordinary business may not provide, and most importantly, there is little if any thought about dissolving either operation due to the lack of profit, as there would be with a normal profit making business.

This dual purpose also applies to the overall operations, standards of maintenance and improvements to the facilities. An obvious high priority of any association is to make every effort to provide the amenities, services, maintenance level and updates to the facilities that are expected by the residents. When these demands are met, the association has fulfilled its purpose of serving as a provider of amenities and services.

An association that plans to sustain itself also acts as a business when considering the needs of future home buyers. Businesses must make improvements in services, facilities, technology and more in order to maintain a competitive edge and stay in business. In the same vein, there is ample evidence that investments in active adult association facilities and updating are needed to fill the needs of those seeking an active lifestyle.

Based on what I have observed during my decades in the community management industry, visits to communities throughout the country, and discussions with numerous association managers and other industry professionals, it's evident that associations serve a dual purpose, especially as it applies to serving current residents and making efforts to attract new residents. As a result, I do not hesitate to state that the discussion should not be about the fact that an association should both serve its residents and update to attract new residents, but it should be focused on what residents desire and what improvements or updates make sense to benefit the future of the association. Decisions that are made as a result of these discussions are up to each resident and each association as there is no standard or magical answer.

ARC Architectural Review

Chair Susan Jakosa 609-6367, susanjakosa@gmail.com
Second and fourth Tuesdays, 1 PM, Vistoso Center/Yaqui

Thinking about putting your home up for sale?

Is it already on the market? Did you know that the title company notifies SCV when your home is under contract and in escrow? At that time, an ARC member inspects the outside of your home to verify that the exterior and property are in compliance with the Development Standards. Sellers and buyers' agents receive the inspection results.

If the Association does not receive the title company notification on a timely basis and there are inspection issues to be resolved, delays can be caused.

Alternatively, your inspection can be done as soon as your realtor receives an escrow number. Ask your agent to submit a REALTOR REQUEST for an ARC HOME INSPECTION form, available from Jim Cundiff, CSC. The inspection can then be done. You will know much sooner if all is well or if there are any issues to resolve.

Communication Committee

Leslie Platt 520-818-1963

The Communication Committee, new this year, is an advisory committee chartered by the Board of Directors. Our objective is to develop methods by which the Association can communicate initiatives to residents in a clear and factual manner. We are committed to transmitting and collecting fact-based information in an impartial manner, and to establishing trustful two-way communications.

There will be times when we will be asking for specific data. For example: A recent survey asked residents to tell us what they would like to see in the proposed Aquatic & Fitness Center, so that this information could be shared with the architect developing the schematic. At press time, 265 residents had submitted ideas. At other times, we will be providing information or asking your opinions. We expect to use many communication tools, such as focus groups, small and large group meetings, printed and electronic media, etc.

Committee members are Chair, Leslie Platt; Vice Chair, Li Chase; Duane Bowen; Paul Chorney; Jan Dunbar; Rebecca Long; Paul Montgomery; Bill Pearsey; Barbara Ross; Trish Schmidt; and Marilyn Stagg. Our next

meeting is Monday, August 1, 1 PM, Vistoso Center/Yaqui. We invite your ideas for effective communication.

Community Assistance Committee

Chair George Holthus 818-1042; Susie Klein 825-7535

Aluminum Can Donations: Put those aluminum cans to work for Sun City Vistoso. Deposit only empty, clean aluminum cans in the box outside the Social Hall kitchen. For safety reasons do not deposit unrinsed cans which attract bees and may become a hazard.

In July we delivered 440 pounds of cans which netted the CAC \$343.20. Since this is the first month of our fiscal year this is the yearly total to date.

The summer months tend to be a little slower in Sun City Vistoso with many clubs and activities not meeting. The Loan Room, run by CAC, is open during the summer, Tuesdays and Thursdays, 8 to 9 AM. Our residents sometimes take the summer for elective surgery, so we keep a good supply of medical equipment that some may need. Please come to the Loan Room (at the end of the Cart Barn) to see at what we have available to meet your needs.

Our Most Precious Resource: WATER

Save water. Save money. Be vigilant. Check for water leaks indoors and outdoors.

Sweep debris from sidewalks and driveways rather than flushing with water. Wash vehicles at automatic car washes. Landscape with Sonoran desert-proven plants. Use garbage disposals sparingly. Turn off the faucet when brushing your teeth. Install low-flow shower heads and faucets. Don't flush unused or outdated medications (prescription or over-the-counter) down the toilet or place in the garbage. When remodeling, replace older dishwashers and washing machines with energy efficient and water-sparing new models and replace toilets with water-efficient models.

It's Time

The rains came, along with the wind, and we thank those in our community who kept a watchful eye out for their neighbors and reported any damage to Administration. With the rains, some of our African Sumac trees finally got more green leaves on their branches. It is now time to trim out the brown dead parts of those trees which were so severely damaged last winter. Please keep an eye out for those pesky weeds which seem to appear overnight with the monsoon season and remove them as soon as possible. Thank you for continuing to take pride in your property and our community even in our hot summer months.

The utility box project of painting chipped or rusty boxes began two summers ago and is continuing this summer at no cost to the individual homeowner. If the boxes in your yard are surrounded by shrubs, they should be cleared away somewhat to make it easy for the painter or the utility company to gain access, if necessary.

Robin Coulter, Assistant General Manager
Home Sales for 2010-2011

The statistic tracking homes sold in SCV is posted in the Tipster each month. However, since there was a significant increase in the number of homes sold this year over last, I wanted to point it out. The sales for fiscal year-end for 2010-2011 showed an increase of 22 from last year with a total sold of 125. This level of sales hasn't been seen in SCV since 2006 when we sold 128 and the years before that were during the housing boom when in 2003 we sold 194 homes.

While there is speculation as to why the increase during a difficult economy, we are able to document that of 125 homes sold, 32 of those new residents had some form of contact with our marketing program. This was through a contact the potential resident made when searching for a home on the Internet, responding to ads about SCV, from a referral by one of you (which is powerful advertising) or from a tour by one of our Ambassadors. Most likely it was a combination of those marketing efforts. However they found out about us, we're happy to report the increase and wanted you to be aware of how the marketing effort by the community is working.

Pam Sarpalius, Programs/Facilities Director
Storms Necessitate Pools and Spa Closing

On the night of July 5, the rain came along with the lightning and hit a palm tree at the Desert Oasis and started it on fire. The fire department was called and the fire was put out instantly. I bring this incident up to remind you why we close the pools and spa when there is thunder and lightning in the area. When lightning strikes the ground, the strike can travel up water pipes easily. As a child, I remember my parents telling me to never take a bath or shower during a rain storm because of the danger it may bring. I hope we will continue to have your cooperation when closing the pools for your safety now and in the future.

Randy Trenary, Controller

The fiscal year for the Association ended June 30, 2011. As in the past, the financial statement for June is not included in the August Tipster due to time constraints for completion of year-end procedures. Financial statements can be found on our website www.suncity-vistoso.com and in our Library. An audit will be conducted in August and the complete audited financials will be available on the website and in the library before October 31, as mandated by the bylaws. A copy will also be available in the Administration offices. Money Matters will return with the September issue of the Tipster. If you have any questions, please call 917-8060 or email me at rtrenary@suncity-vistoso.com.

A Posture Check

Practicing good posture can strengthen muscles and help minimize stress on your joints. Walk with your head raised, chin parallel to the ground, eyes on a spot 20 feet ahead. Keep your hips and shoulders facing forward, your shoulders loose and relaxed, and your arms straight at your side or bent 90 degrees at the elbow. When you take a step, let your heel hit the ground first, then roll through to your toe before taking the next step.

Association-Sponsored Fitness: Purchase a punch card from the receptionist in the Administration Office, \$12.50/10 classes. You may use this card for all Sun City Vistoso-sponsored fitness classes. It can also be used for your guests. There is a \$2 drop-in charge if you do not have a punch card.

GOLF

Kim Griggs, Head Golf Professional

As things are slowing down due to the hot weather, the Pro Shop staff is gearing up behind the scenes for another fun season! We will have four more golf carts arriving shortly, which will increase our fleet to 42. New range balls will be arriving before the season begins and new Pro Shop merchandise will be here in the fall. Please stop by and check out sizzling summer savings on clothing, golf shoes, golf clubs and hats!

Our bunkers are being renovated throughout the month and we would ask that when you are out driving around or walking, please be aware of the heavy equipment on the course and be very careful.

Daily resident rates, for both 18 and 9-holes, during the renovation period will be reduced and are as follows. These rates do not include a cart.

Monday through Friday

Before 10 AM	18-holes, \$24;	9-holes, \$16
After 10 AM	18-holes, \$13;	9-holes, \$9

Saturday and Sunday

Before 12 PM	18-holes, \$26;	9-holes, \$17
After 12 PM	18-holes, \$13;	9-holes, \$9

Please remember that monsoon season is upon us and brings rain and lightning. Whenever you see lightning, please get indoors as quickly as possible. Lightning is nothing to fool around with (just ask Lee Trevino). Also, drink plenty of fluids and keep your body hydrated. Carrying a wet towel is also a great idea with the triple digit temperatures that we are experiencing.

Michael Kropf, Superintendent

August is the best month for growing Bermuda grass. The combination of the high humidity, high nighttime temperatures, and periodic rain really provide the ideal environment. The thin areas of grass in the fairways quickly disappear in August. This year the fairways have still exhibited some weak areas from transition, but all the changes that were implemented last summer and fall have helped minimize the large bare areas that needed to be repaired.

However, some traditionally bad areas around the golf course are still not transitioning well despite the changes in overseeding. These areas are either going to receive sod saved from the sand trap renovation project or will be sprigged similar to previous years. The fairways are

also going to be aerified and dethatched during the sand trap project to minimize impact on golfers. With the aerification and weekly applications of fertilizers most of the fairways should be healed by mid-August and will look great going into overseeding at the end of September.

August is also the month that the monsoon usually does the most damage to the golf course. Fortunately, the last few years the monsoon has not had many destructive storms, but it seems to have started earlier this year so the chances increase for a damaging storm. The Pro Shop will be notified of any damage that may impact play or any restrictions to cart-path-only from large amounts of water on the course.

Golf Advisory

Payton Davies Chair 825-5352

First Wednesday, 2 PM, Vistoso Center/Apache

We will not have a meeting in August. Our next meeting will be September 7.

For those of you who have been away, you will notice that we have a new entrance to the cart parking area. A shortcut was paved between the cart path next to the bocce ball courts and the cart path leaving #18 green. It is a much safer way to go, rather than driving your cart through the parking area in front of the Café.

We are also experimenting with having a beverage cart on the course. We hope there will be enough business to warrant continuing having this service. During the summer, the plan is to have it out on weekends, when we have more play.

Harvey Prendeville

As the temps neared 110°, Sunday, June 26, was a great day to spend inside the billiards room at one of the summer tournaments. There was a tie for first place between George Jelten and Ray Hicks, second, Terry Heinrichs and tie for third Don Tucker and

Burt Bertera. The entertainment then moved to the pot-luck dinner; great food and cordial friends.

Harvey Prendeville (pictured above) has been a billiards club member for about 4 years and has consistently improved his game at our billiard club and the "Fox & Hound" evening play. Always an enjoyable competitor and there to help and encourage new players. He is now one of the best players in the club.

The heat is here for the next few months and the billiards club is a cool spot to hang out and enjoy the game. Stop by and check it out. The next tournament/pot-luck dinner is Sunday, August 7 and the monthly 8-ball tournament will be Tuesday, August 16. Both events are for members only.
