Status Quo - Busy, Busy, Busy

by Fred Bjorling

By the time you read this the new Board of Directors (including three new members) will be in place. They and the continuing directors will be working out the beginnings of their relationships and will have elected officers for the upcoming year, beginning May 1.

A lot of balls will still be in the air from the numerous strategic planning projects set into motion during and just preceding this past year.

One of those is the very complicated Sports Complex Upgrade/Rebuild/Add-On/Replace project. Not many simple decisions involved in this one, and thus, plenty of room for debates. As good decisions result from thorough data-gathering combined with excellent talent that produces responsive ideas and suggestions, we are fortunate here in SCV to have a good in-house supply of capable volunteers. They step forth and do a great job of advising the Board in decisions such as those involved in this very important project that will help determine the role of fitness for our current and future residents. Believe me, we're learning that this amenity is one of the most important to potential future residents. Our increasing awareness of that is due to research performed by, guess what, another committee and a cooperative staff.

Thank yous all around, please! Bows for the Sports Complex and Marketing committees, two of many.

Bob Mariani, General Manager

Solid As A Rock

by Bob Mariani

Sun City Vistoso (SCV) residents know that SCV is a fantastic place to live. There are a wide array of great facilities, numerous clubs and activities, well-maintained homes and common areas, panoramic scenic views and wonderful people.

What you may not think about is the excellent financial strength and stability of the community. This financial strength is not only in the Association but is also in the property values and the financial ability and willingness of the residents to fulfill their commitment to pay the annual dues.

Shortly before writing this article I attended a community managers workshop. During the workshop we visited four large communities in the Sacramento, California area. During each visit we discussed the significant loss in property values, high foreclosure rates and increasing homeowners association dues delinquency rates that ranged from 10% to 20% and were sometimes higher. Property values in many cases had been reduced from, for example, the \$500,000 - \$600,000 range to the \$200,000 range. These reduced property values along with foreclosures have resulted in no equity in most of the properties and no leverage for the associations to collect delinquent dues.

Let's compare SCV to these communities. I may not have perfectly accurate data on the property depreciation in SCV, but let's say it is as much as 25% to 30% from the highest point in the market. That's not desirable but it's clearly much more desirable than a 67% loss in property value. Just as important, if not more important, SCV has a dues delinquency rate of 1/5 of 1%. I'm sure we'd all like to have a zero delinquency rate as SCV had for years, but the very low delinquency rate experienced by this community is a reflection of residents who are financially sound, who honor their commitment to pay dues and who care enough about maintaining a high level of service and a well-maintained community to pay their dues.

Although I've made reference to properties in Sacramento, it's not my intent to focus on the problems in that area alone. These types of issues exist across the country. For example, one out of eight homes is in default in California. The numbers are about the same in Arizona. Further, at the end of 2010 there were approximately 6.2 million homes in default in the United States. SCV has nothing in common with this data, thus the title of this article. SCV truly is solid as a rock. Now, let's keep it that way through solid short and long-term planning on a personal and community level.

The Landscape Committee members have been active with the following projects:

The Kimley-Horn landscape architecture firm has been chosen for the Mountain Vista landscape project after a careful evaluation which included a scope of work document, thorough interviews and a prudent review of bids.

The firm will create digital files this summer, carry out the design work in the fall, and oversee the installation of the new landscaping in the spring of 2012.

Possible use of reclaimed water for our Mountain Vista landscape irrigation is being studied in conjunction with Kimley-Horn.

The Lower Rancho Vistoso relandscaping project is proceeding more slowly than anticipated primarily due to the Groundskeeper company having difficulty finding some of the ordered plants as a result of the winter freeze. Our committee members have put in countless hours to make this project a success. The Common Area Maintenance crew has also worked very cooperatively and very hard to achieve the best result.

Catalina Vista landscape recovery work from freeze damage is in progress.

Marketing and Publicity

Tut Tustison 825-9431

Fourth Thursday of the month, 1 PM, Vistoso Center/Yaqui

There seems to be confusion in the minds of many people what "marketing" really means. A common misconception is that "marketing" is the same as "selling". To those of us on the marketing staff and the marketing committee, there is a great difference. We believe marketing is communicating information that will create an interest in what we have to offer. It is designing an appealing image that will induce outsiders to want to know more about us and find what we have so desirable they will want to join us. The goal of our marketing is to make people want to be a part of our vital, active community, our excellent golf course and our fine Café.

Name Change Committee

Chair Jon Olson 818-3705

First and Third Thursdays, 4:30 PM, Catalina Vista/Yavapai
namechange@gmail.com

There will be no meeting of the Name Change Committee in May. Our next meeting will be in the fall when all of the committee members return from their summer homes and travels. The June Tipster will carry an article summarizing our committee's work to date and outlining summer work that will be quite useful to the committee in the fall.

Neighborhood Pride

Chair Tempe Johnson 825-6994

Third Tuesday, 2 PM, Vistoso Center/Apache

Not Too Distant A Memory

It is getting hotter, summer is coming, and things in our yards are growing by leaps and bounds. In the back far corners of our minds though, we remember that Mother Nature was not kind to our community this past winter. We can still see what the hard frosts did to some of our yards. It is time to get frost damaged plants trimmed or replaced and empty pots filled with live plants or flowers.

We bid farewell to those who leave for the upcoming hot months. Your home and yard need care while you are away, even if only for part of the summer. A messy yard is an indication that you are gone, and puts your home and belongings in a possibly unsafe situation. With our summer monsoons, weeds grow in abundance and need to be removed as quickly as possible.

Have a great summer knowing that your community and home here will look just as nice when you return as when you left.

We need help! Half of our Posse will be gone from April until December, so we need a minimum of 250 more volunteers during this nine-month period in order to cover all shifts with both vehicles. Please help recruit new members.

Also, our "SunBird" program is back! Go out on duty taking a non-Posse member like your spouse, neighbor, family or visiting guest this summer! They get a Posse cap for going three or more times! Sorry, they are not eligible for the weekly awards.

Realty Committee

Chair Allan Jakosa 609-6368

The Realty Committee believes that SCV marketing efforts and Ambassador tours help to identify potential homebuyers and support SCV prices, values, and marketability. Realtors nationwide happily and routinely pay for referrals. We, too, could receive payment for our marketing efforts through referrals. Some local realtors prefer that we do nothing; others are open-minded.

As stated in January, we have rejected the idea of operating a full-service SCV real estate company. We are considering three options to explore further, each a referral-only real estate company variation. None of these options would adversely impact SCV sellers, their listings, or their choices. We are in the long process of refining details. If no option passes muster, we will recommend no action. We anticipate that a final report with detailed recommendations and plans for implementation will be completed later this year. We will also develop a plan to effectively communicate our recommendations to SCV residents.

Sports Complex Committee

Chair Bob Carlson 825-4867

On Friday, April 8 a public forum with a question and answer session regarding the proposed new Aquatic & Fitness Center was presented to the SCV community.

The next step will be in the hands of the Board of Directors who will discuss this at its April Study Session. At that point it may be decided whether to carry it forth to the Board of Director's meeting on April 26.

The Sports Complex Committee has completed their work as assigned by the Board of Directors as an Ad Hoc committee and will not be meeting further.

Strategic Planning Committee (SPC)

Formal meetings of the Strategic Planning Committee will begin again in the fall.

Three Recent Improvements

Newsletters Archives The Board newsletter is now available in an archive format on our website at <http://www.suncity-vistoso.com/residents/agendas&minutes.html>.

Telephone Directory Monthly Updates The Community Phone Directory has been online for over a year now in the Members Only section of the website which is a password protected area. In an effort to have the monthly updates available to you 24/7, these updates will now be placed on the Community Directory page. They will no longer be printed as a flyer in the Tipster which will be a savings of ink and paper. However, if you need a copy, please stop by the Administration Office.

Members Only Button A Members Only link has been added to the bottom of each web page. You don't have to drill down in the menu, just go to the bottom and click Members Only and enter your user name and password. If you have not set up a user name and password, click on the "click here to create a new account". It will take a couple of days to get this set up as each request is checked against the membership database and confirmed that they are a resident before approval is given.

Change, Change and More Change

I am sure many of you have made changes to your personal life due to the economy, health or other reasons. Some of the changes we make are not always to our liking. The same is true for the business world and for Sun City Vistoso Community Association. Changes must happen.

There is now a new arrangement for buses for the TSO (Tucson Symphony Orchestra) concert series ticket holders. TSO was going in debt because of the cost of buses. See the Coming Events section of this Tipster for information about the TSO meeting this month.

The recent courtyard sale had only 66 tables sold. A few years ago there were over 100 sold. Residents tell me that \$20 is a high price. The fact is that after tables were rented and advertising was paid, there was loss of \$10. I know this is a small amount. These small losses can add up throughout the year. Recently we also canceled an Association show because not enough tickets were sold and we did not want to suffer a loss.

My main point in this article is to make you aware of changes that happen and will continue to happen. We still drive even though gas prices went up and we still eat, although food prices have increased. No one likes changes but they happen and we all must adjust.

Library

Here are some new books to consider in coming months:

1. *Please Look After Mom* by Kyung-sook Shin, fiction. This family tragedy and deeply moving story of a family's search for their mother who disappears amid the crowds of the Seoul Station subway is an international best seller describing a culture foreign to most of us.
2. *Butterfly's Child* by Angela Davis-Gardner, fiction. The story begins where the opera, *Madam Butterfly*, ends. We follow the child who leaves his country, grows up in another, and ultimately seeks to find his Japanese family, a touching story you won't want to end.
3. *The Dressmaker of Khair Khana* by Gayle Tzemach Lemmon, nonfiction. An Afghan entrepreneur starts a successful sewing business and mobilizes her community under the Taliban.
4. *The Warmth of other Suns: the epic story of America's Great Migration* - nonfiction. A complete history of the great black migration from southern to northern and western cities tells untold stories of the long and difficult trek of courageous Americans.

Recreation and Fitness, Lonnie Davis

How important are fluids in the Summer?

Fluid replacement is probably the most important nutritional concern when exercising. Approximately 60% of your body weight is water. As you exercise, fluid is lost through your skin as sweat and through your lungs when you breathe. If this fluid is not replaced at regular intervals during exercise, you can become dehydrated.

When you are dehydrated, you have a smaller volume of blood circulating through your body. Consequently, the amount of blood your heart pumps with each beat decreases and your exercising muscles do not receive enough oxygen from your blood. Soon exhaustion sets in and your athletic performance suffers. If you have lost as little as 2% of your body weight due to dehydration, it can adversely affect your athletic performance. For example, if you are a 150-pound athlete and you lose three pounds during a workout, your performance will start to suffer unless you replace the fluid you have lost. Proper fluid replacement is the key to preventing dehydration and reducing the risk of heat injury during training.

Association-Sponsored Fitness: Purchase a punch card from the receptionist in the Administration Office, \$10/10 classes. You may use this card for all Sun City Vistoso-sponsored fitness classes. It can also be used for your guests. There is a \$2 drop-in charge if you do not have a punch card.

GOLF

Kim Griggs, Head Golf Professional

For all of the seasonal residents leaving Arizona for cooler climates, have a great summer and we look forward to seeing you in the fall.

Summer golf rates go into effect Sunday, May 1. The 18 hole resident rate is only \$32 pp before noon and \$14 pp after noon. The rate for 9 holes is only \$22 pp before noon and \$10 after noon. If you need to rent a golf cart, it is an additional \$5 pp. The driving range fees are \$4 for a small basket and \$6 for a large basket. The range closes at 3 PM, Wednesdays and Sundays. Please remember that our dress code remains in effect for the driving range and The Views Golf Course.

For those of you holding punch cards, they expire Thursday, June 30. However, until that time you may use them for your guests who do not reside in Sun City Vistoso.

For our many walkers and riders the golf course will open at 7 AM on May 1 and you must be off the course by 6:30 AM. June thru August the course will open at 6:00 AM and you must be off the course by that time. Thank you for your cooperation.

Golfers, please remember that you are not allowed to cut through the golf course either before or after your play. This is very disruptive to the players. Be courteous and use the streets. Also, please do not park carts along the curb overlooking the putting green and the practice range in the golf cart parking lot. This is the staging area for the club carts.

Many thanks to the many volunteers that are helping to repair ball marks, fix divots, etc. It is great to see that you care so much about our wonderful facility and maintaining the beauty of The Views Golf Course.

Michael Kropf, Superintendent

May is the time of the year that shows the first indications of what the golf course will look like during the early summer. Over the last several years, the golf course had very little Bermuda grass that survived under the overseeded ryegrass in the fairways. This led to less than favorable playing conditions during the end of May and all of June. However, this year the early indications are looking very positive for good transition.

Last September, before overseeding even started, there were a lot of changes to protect the Bermuda grass. The ryegrass seed rates were lowered, the Bermuda grass was not abused during the prepping stage prior to seeding, and growth regulators were applied to slow the ryegrass growth. If the Bermuda grass struggles again this year, the only solution will be to start skipping overseeding on a couple of holes each winter.

Some more changes to the overseeding process are going to occur this month and into June. The application rates of the chemical used to eliminate the ryegrass are going to be lowered and spread out over a longer period of time. Instead of spraying the ryegrass once with the

recommended amount of chemical, it will be applied at one fourth of the recommended amount over a period of several applications.

The aerification and topdressing of the fairways will be moved to June when the Bermuda grass is in full recovery. Hopefully, all of these changes will have a positive effect on the early summer conditions of the fairways.

Golf Advisory

Payton Davies Chair 825-5352

First Wednesday, 2 PM, Vistoso Center/Apache

The Golf Advisory committee gave a demonstration to the Board of Directors to show the terrible shape our bunkers (sand traps) are in. The members of the Board who were able to attend seemed to think that it is time to spend the money needed to replace all of the bunkers on the course, but the official vote will be after this article is written. When I say all the bunkers, it is with the exception of a few very large fairway bunkers which will become waste areas making maintenance easier. Sun City Vistoso has extended the life time of the sand bunkers far beyond the years they normally last. Michael Kropf is continuing to fluff up the bunkers to make them tolerable until they are replaced.

We have had between five and ten golfers come to the Golf Advisory Committee meetings lately. We appreciate their interest. In April we had one person relay how impressed players from other courses had been after playing The Views Golf Course. Two others had suggestions which we will follow up on. We always ask for input from the audience, and we would prefer you come to the meetings, rather than grumble among yourselves. More can get done if we can answer your questions personally.

Our group has been very active. On March 20 "Parkies" and their partners took a tour of the Parkinson's Research Lab at the UofA. It was a fascinating tour, seeing the labs, talking to the doctors who work there, and having lunch and a Q & A session with the doctors.

At the end of March a troupe of dancers, the Troy McIntyre Project, from Boise, ID, visited our exercise group and had an interactive session to show how music and dance can help people with movement disorders. The enthusiasm was infectious, and people didn't seem to want to leave.

Through the summer we plan to go out to lunch on our normal support meeting days. Call Payton Davies for details.

Great Books

Pres. Martha Sartoris 825-0092
October-May, First and third Wednesdays, 2 PM, Catalina Vista/Tohono

Last month we completed another season of thought-provoking discussions, all related to civic engagement. We pondered the complexities of providing charity, the challenges involved with associating, problems with leadership and how best to serve our community.

In October we'll turn from contemplating good deeds, or what one might call doing the Lord's work, and venture into the opposite realm. Who could be more enticing than the Devil. We'll be reading from a masterful collection of short stories on pride, envy, anger, sloth, greed, gluttony and lust.

Our text, *The Seven Deadly Sins Sampler*, can be purchased from The Great Books Foundation, 1-800-222-5870 ext 2, or via the internet at <http://www.store.greatbooks.org>.

New or used copies are available from **Amazon.com** where you may be able to save on shipping costs by purchasing other items at the same time. Buy now and be prepared for scintillating discussions next season.

Club does not meet June-September

The Gun Club is for people who have an interest in learning about guns, shooting, personal protection and firearm safety. In fact, you do not even need to own a gun or have any experience with firearms to come to Gun Club meetings. We especially invite women, who are interested in learning about firearms safety and self-protection with or without a gun, to attend. People are frequently interested in learning the laws and regulations about carrying a gun, and what is required to obtain an Arizona Concealed Weapons Permit. Club Members are encouraged to bring any new or interesting guns/accessories to the meeting for people to see or any guns they want to sell/trade. For safety, any gun brought to the meeting must be unloaded and have a trigger lock or plastic strip lock. At some meetings we have guest speakers from law enforcement or other gun related organizations. You are invited to come to a meeting and see if our club activities would interest you. Club members often shoot on Thursday afternoons (Oct.-May) and Thursday mornings (June-Sept.) at Pima Pistol Range.

Posted on the national ILR newsletter: "I had a lovely comment from someone in class today, 'Thank God for the ILR movement.' He was one of the happy people, in a class of 72, who had just been reading Stephen Prothero's book, God is NOT one. Our ILR at Sun City Vistoso, Oro Valley, Arizona, has been incredibly successful. We started eight years ago with 70 members. We now have almost seven hundred on our rolls, with fourteen classes or more each semester and a Thursday afternoon Sampler session that sometimes draws 180 people."

"And personally, the whole program has been a lifesaver. I was a retired academic, who had a lot of questions desperately needing discussion. After participating in the ILR at the UofA, it dawned on me that, with the acquisition of a new building in our retirement community, a very good classroom or two would be available. We have absolutely blossomed in the intervening years!"
Gene Bammel

April is Child Abuse Prevention month. To celebrate this event, we had our first BBQ event Sunday, April 10 that benefited Casa De Los Ninos, the temporary shelter for children. We are looking for a lady who would like to help us cut our fabric from our patterns to make children clothing. It can be done at the Sewing Room or in the convenience of your home. If you think this will be an outlet for you, kindly call Julie Balogh 818-1046 or just come to the Sewing Room Monday and Thursday mornings. The fiberfill can be purchased at any fabric store or WalMart. We invite you to join us for a good time. In 2010 we sewed 209 pet beds, all washable and dryable.

Woodcarvers

Kaaren Drent 818-2343

Saturdays, 9 AM, Craft Complex/Lapidary

Have you ever tried to make something look really old that isn't? Or create an authentic wormhole? It's not easy, but carvers try. One person's rust is another's patina. Such efforts occur several times a week among friendly folks in the Lapidary Room, where there are tools, literature, lockers, a magnifying lamp, a motorized tool sharpener and desk-level forced air vents to control dust. There is always plenty of encouragement, advice and camaraderie at hand. Barkcarvers meet Tuesdays, Noon-3 PM; Thursdays, 9 AM-Noon. Woodcarvers meet Saturdays, 9 AM-Noon.

Gourd Art

John Shaw 825-1368

Fridays, 9 AM-Noon, Craft Complex/Lapidary

This is the time of the year we always experience a shortage of monitors due to the exodus of seasonal residents. If you are presently a monitor and going to be here during the summer please consider signing up for additional duty. We hope to have the Woodshop remain open Monday-Friday. Please call Don to schedule additional hours.

Writers Club

Adrian Korpel 818-0544

First Wednesday, Noon-2 PM, Catalina Vista

Poets' Corner

Sharyn Rafieyan 825-6762

Mondays, 9:30-11:30 AM, Vistoso Center/Yaqui

"Ink runs from the corners of my mouth/There is no happiness like mine./I have been eating poetry." The poet Mark Strand metaphorically reveals the pleasures of reading poetry, something those of us busily writing poems need to remember. Reading other people's poems is, in a way, part of the whole creative process. Our weekly critiquing sessions are meant to produce more polished poems as a result of thoughtful suggestions and various perspectives. They may provoke a response that generates an answer poem or we may simply find renewed inspiration in the sharing of our work. Newcomers are always welcome.

The Vistoso Center will be closed on Monday, May 25, so we may seek another location. We may decide to break for the summer or continue to meet less frequently. Check next month's Tipster.

Yoga

Pres. Jewel Prendeville 520-395-1356

Mondays, 8:30-10 AM, Social Hall/Papago;

Tuesdays, 10:30 AM-Noon, Vistoso Center/Apache

Thursdays 7 PM, Social Hall/Dance Studio

Yoga classes will take a break for the summer. The last Tuesday yoga class will be May 24. Monday classes will continue until June 13. Thursday evening classes will continue until June 30. There will be no Thursday evening class May 12. All yoga classes will resume in September. Watch the Tipster for dates.
