ASSOCIATION NEWS

From The Board of Directors

Our **MISSION** as the **SCOV Board** is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the **SCOV Library**. Board meetings are open to residents.

Different Viewpoints on Spending

by George Williams

My second term on the Board is over this month, and I cannot run again for two years. The Community is safe from my contrary voting habits until May of 2015, and maybe much longer, as I don't remember anyone ever getting elected for a third term.

There are many opinions on how the Association should spend the money collected from our members. In a general sense, at least in my mind, there are those who want to keep Sun City Oro Valley clean and shiny, repainted, repaired and as comfortable, attractive and affordable as possible. Others want to make our neighborhood one of the leading Age-Restricted Developments in Arizona. Those folks want to have our facilities match or exceed the features of our competitors regardless of the costs to try.

My position, and the reason I've run for the Board twice, is that we'll never be able to match the new larger houses and facilities offered by developers now and in the past few years. No amount of spending on restaurants, landscaping improvements and other additional facilities will enhance our community enough to put us in a leadership position compared to new nearby developments. The best way to maintain SCOV's desirability is to maintain it well and recognize that we're a fine place to live, in a great location with affordable dues and solid financial reserves.

With that philosophy, I've voted against spending for many of the projects and enhancements that have been undertaken in recent years. I'm often voted down by the other members of the Board six to one. That doesn't mean I'm wrong and the others are right. It just means that there are more of them than there are of me. I don't resent my frequent failures to convince the Board that some of these expenditures are unwarranted. I do relish the fact that I can vote against these items and can represent those of you who agree with me. I often think that it's a very good thing that there are seven of us on the Board. That means that the sensible majority can easily overrule the loose cannon maverick and do what's best for the Association.

In my defense, the Board should always have at least one stubborn old curmudgeon just to prove that not everybody agrees with them.

Summer Hours Now in Effect

Please note that facilities are operating on summer hours until October.

General Manager - Bob Mariani

Estate Sale Rules Update

Most of you may recall that the Association membership voted a couple of years ago to allow estate sales. The parameters of an estate sale as outlined in the CC&Rs are: Estate sales or estate liquidations for the purpose of disposing of a substantial portion of the materials owned by a person(s) who are vacating his/her/their home due to death or incapacitation.

This CC&R stipulation is subject to rules approved by the Board of Directors. Included in those rules are time of operation parameters, stipulations that only items that are in the home and not items brought into the home may be sold with sign and parking stipulations. Although most of the estate sales have been run well, a few violations of the rules have occurred that resulted in modifications of the rules.

To be more specific, the Board recently approved changing the deposit that must be submitted with an application to hold an estate sale from \$250 to \$500. This is a fully refundable deposit as long as the estate-sale rules are followed. Violations of the rules can result in retention of some or all of the deposit. Also, the fine for holding an estate sale without approval or a sale that does not qualify for an estate sale (garage sale) has been increased to \$500. Obviously, this fine was established to discourage residents from holding garage sales and/or from failing to submit an application and receiving approval to hold an estate sale.

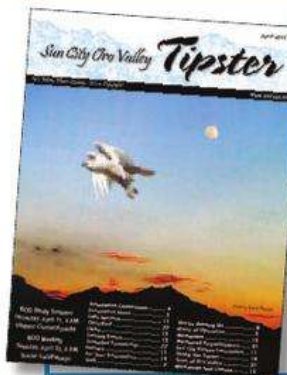

In addition to the above rule and fine changes, the time during which an estate sale may be held was changed from 8 AM-4 PM to 9 AM-5 PM. The reason for this change was that the setup for most of the estate sales begins at least an hour prior to the sale actually taking place. This change should lessen the early morning-hour noise and traffic that occurs which can be disturbing to the neighbors.

So that estate sales can continue in the future please follow the simple rules that have been established.

Attention seasonal residents. Do you sometimes wonder what happens in SCOV during the months that you are away? If so, there are ways to keep in touch, including having the Tipster mailed to your summer residence. Of course, you can also access the Tipster online, but some people prefer a hard copy. It's easy to arrange to receive the Tipster by mail. Call Norma Meyers Vistoso Center 917-8065 and ask her about the options available for mailing. After choosing one, you will need to visit the Administration Office to finalize arrangements. There is a small monthly charge for the service, but keeping current on life in SCOV is priceless. And contrary to rumor, there is life in SCOV in the summer.

The Communications Committee continues to seek new members. Please contact Richard Babin if you would like to help improve communication in our community.

HELP COLLABORATE THE TIPSTER

Once a month residents are needed to insert flyers. Receive your Tipster early and share refreshments with us at the Auditorium. The work is usually performed on the last weekday of the month at approximately **10:45 AM**. Call Dave or Tempe Johnson 825-6994.

Aluminum Can Donations: Put those aluminum cans to work for SCOV. Deposit only empty, clean aluminum cans in the box outside the Social Hall kitchen. For safety reasons, do not deposit unrinsed cans which attract bees and may become a hazard. Profits fund the equipment for the Loan Room. Please help us by recycling your aluminum cans but place your trash in your trash containers.

CAC volunteers delivered their seventh can load for the year to the recycling center. 480 pounds netted \$297.60, bringing the year-to-date total poundage to 3,400 pounds and the year-to-date revenue to \$2,087.60.

The Loan Room has been busy the past several weeks with many people telling us that they weren't aware of our service. We are located at the end of the Cart Barn and provide short-term loans of tables, chairs, rollaways, cots, children's equipment and many medical items. Come and visit us, on Tuesday and Thursday mornings from 8-9 AM. The recycling of aluminum cans in our community enables us to purchase medical equipment and other items for the Loan Room in addition to helping fund other groups or projects that benefit Sun City Oro Valley. We have recently purchased golf clubs for children that will be loaned through the Pro Shop, helped fund a new pod for the Wheels for Kids group, repaired and painted the dog park fence and assisted the embroidery group with the purchase of a new machine. Reservations can be made by telephone Mondays, Wednesdays and Fridays 8-9 AM. We look forward to serving you.

Spring Arrived

Spring did get here, and it's time to make sure those empty pots in front yards are filled with living plants, cactus or flowers. With the rain we had earlier this year, weeds are popping up everywhere. Watch for them while they are small and easy to remove. Wildflowers are allowed in our community until after they finish blooming, at which time they need to be removed. Please trim any trees or shrubs which overhang the sidewalk or street, as they, too, grew during our winter rains. Remember, no artifacts of any kind are allowed in front yards.

Winter residents should have someone maintain their yards during the summer months, so the home looks cared for while you are away. Be sure to notify Administration of your summer address in case they need to reach you while you are gone. Please continue to take pride in your property even when you are not on site, so that it will look just as nice upon your return as when you left.

Emergencies in SCOV

All ears become alert when sirens sound in our community. Emergency personnel visit SCOV, and the staff has a procedure to follow when dealing with emergencies in SCOV.

It's important to point out that the purpose of our staff is to serve our residents in various ways: serve you in the restaurant, teach exercise classes, issue membership cards, assist with a permit to paint your home, etc. Staff's purpose is not to handle emergencies. However, that does not keep us from developing procedures when emergencies arise. We will call 911 if you or one of your peers has not already done so. When emergency personnel arrive, you have the right to refuse treatment. It's also good information to know that you will not be charged simply because 911 was called and responded.

Your staff will also fill out a form documenting what has occurred on the premises. They will record the facts to the best of their ability. If you refuse to have 911 called, they will ask you to sign the form. It's a way of keeping us all on the same page, making sure we are all aware of how we respond to emergency situations.

Staff is also required annually to take a class in the use of the AED, (Automated External Defibrillator). There has been more than one instance where your staff has used this device on residents, and their quick action should be noted.

Programs/Facilities Director - Pam Sarpalius

Some Questions I have Been Asked Lately

Do other communities have secure access to their facilities? Yes, members of those communities swipe their cards to enter gym, pool areas, etc.

Will the pool be shut down during the Fitness Center construction? The answer is, from time to time, yes. Construction can be dangerous. The safety of our residents always comes first. Also, we must make sure our pool is kept clean, and possible debris must be kept out of the pool. At times the pumps will have to be shut down and we must close the pool to keep the water at a safe level. In some cases, weather will be a factor in pool closures.

What is happening with the Monitors? At this time, we

are reviewing the program. From time to time, especially in the summer, there is less activity in a building and a monitor is not needed all day or at night. Your membership card will allow you to enter a facility if you need to get into a building.

There are many items in review. I ask that you attend the Board of Directors meetings to learn the facts and be informed as to exactly what is going on and to disregard rumors.

New at the Library

What's New at the Library? There are many new books and DVDs to check out.

New mysteries include *Airtight*, by Rosenfelt, *Beautiful Mystery* by Louise Penny, and *Standing in Another Man's Grave* by Rankin. Also new is *Calculated in Death*, by Robb, and in *Alex Cross*, *Run* by Patterson, a hounded Alex Cross must once again vanquish a deranged killer.

Tickets for the Books and Authors Lunch and for the Home Tour sold out in record time. We thank all those who waited in line patiently and bought tickets, supporting our library. We truly regret that we had to turn away so many for the Home Tour, but we had to restrict numbers in deference to the owners who so generously open their homes. We will organize another such tour in 2015.

HEROS AMONG US 2013

Dave Johnson

The Board has selected Dave Johnson for this year's Heros Among Us award from among 12 highly-qualified nominees for this honor. Dave, along with his wife Tempe, are the very definition of volunteerism in the support of our community.

For years, Dave has been a faithful member of the Community Assistance Committee, promoting, collecting, sorting, packaging and selling aluminum cans which have brought in thousands of dollars for our community as well as other charitable organizations.

Dave volunteers for all sorts of other less-visible tasks for our community. Among these are collating the Tipster, serving as an ambassador, as a posse member, assisting in parking control and he is a current and past member of many committees. He is an active member of the Computer and Bridge Clubs.

Years ago, when the ladies golf clubs sponsored annual two or three-day golf and bridge outings in Laughlin, NV, they would call on Dave to do some of the heavy lifting. He would fill and deliver ice chests with soda and beer then get golf bags onto the correct carts and properly stage those carts for the shotgun-start tournaments. He played in those golf tournaments even though, by his own admission, golf is not his thing.

Dave Johnson has been a hero among us for years and is richly deserving of this award.

Build Muscle

Increase the amount of muscle in your body. For every extra pound of muscle you put on, your body uses around 50 extra calories a day. In a recent study, researchers found that regular weight training boosts basal metabolic rate by about 15 percent. This is because muscle is metabolically active and burns more calories than other body tissue even when you are not moving. Training with weights just three times a week for around 20 minutes is enough to build muscle. Not only will you be burning more calories, you will look better whatever your weight.

GOLF

Head Golf Professional - Kim Griggs

I have noticed a lot of cigarette butts on the course and in the parking lot areas. Please be courteous and deposit your cigarettes into your own ashtrays or the receptacles that are provided. We would like to keep SCOV as clean and beautiful as possible.

If you haven't already done so, please stop by our fully stocked golf shop and check out our wide variety of merchandise. We have golf clubs (new and used), golf balls, men's and women's clothing, animal head covers, sunglasses and wide brimmed hats to keep the

sun off your ears, golf shoes, etc. Annual pass holders receive 30% off, and residents receive 15% off (excludes sale items, equipment and golf balls).

Since the weather is getting nicer and the days are longer, please remember that if you are a walker or driving your golf cart on the golf course, there may be golfers still out on the course. Please yield to all golfers and proceed after they have hit their shot. This is not only for your safety, but for the golfers to enjoy their paid round of golf. Thank you for your cooperation.

Great shots heard around SCOV two February Holes-in-One's. Garry Larson shot his ace on February 23, on Hole #12. Garry used a 7 iron from 169 yards. And Buster Labrie aced on February 23, on Hole #17. Buster used a pitching wedge from 119 Yards. Congratulations to you both.

Superintendent - Michael Kropf

April is a good time to start warning golfers about the big changes that occur to the golf course every summer. Right now the course is still in great shape with the overseeded fairways, tees and greens looking really green, but the temperatures are starting to get hotter, so the change

from winter grass to summer grass is not far away. It is always a real shock to players when the chemicals used to remove the winter grass starts to take effect and the fairways turn from a dark green to a light brown.

The winter grass needs to be chemically removed to eliminate the competition for sunlight, food and water from the underlying Bermuda grass. Any time a plant dies, it turns brown, so the fairways remain this color until the Bermuda grass can green back up. This year there is extra concern with the fairway transition due to the winter being extremely cold. Two years ago, the winter was very cold, and it had a very negative impact on the Bermuda grass during the early parts of the summer, resulting in large bare areas that needed to be repaired.

Similar to last year, the areas in the fairways that are bare will be repaired in May and June. Once these areas recover, the course will be in great condition for the rest of the summer months. Last summer, the course was outstanding from the middle of July until overseeding at the end of September. Just remember, the course will not be in great condition during the transition from winter to summer grass.

First Wednesday, 2 PM, Vistoso Center/Apache

The 9-Hole Women's Golf Club will be celebrating its 25th Anniversary with a tournament and luncheon.

A special thank you to the volunteers from the Loan Center for their generosity. They purchased six sets of junior golf clubs that our residents can borrow when they have young visitors. The Pro Shop will check out the clubs at no cost to you.

Golf rounds and revenues were down in February because of poor weather. Kim Griggs, our Golf Pro, said that with the warmer weather, the course is experiencing more play.

Mike Kropf, our Golf Superintendent, reported that he attended turf classes in Phoenix. He learned more information concerning salts in irrigation water and the effect on grasses. While he said our course is doing well, more will be done to keep The Views one of the premier courses in the Tucson area.

Imagine If YOU Were In The Circus!

by Paul Mercer

For a few of her teenage years, Nancy Butler, our neighbor in SCOV, lived a life most other teens her age could not imagine.

The Zoppe Family

At age 14 she became a performer in a circus. That's right, a circus, under the big top, with plenty of action provided by trapeze and animal acts and, of course, clowns.

Her parents had always lived the show-business life, playing theaters, night clubs and fairgrounds; Nancy was with them but not in the act. Her parents joined the Tom Pack Family Circus and soon decided to add a third person to their act. and it was Nancy! They traveled and performed in the heat, the cold, in front of big crowds and no crowds. She made her show business debut and was a peer with the other performers, regardless of age. Nancy even knew the Cisco Kid and Pancho when they were there with the circus. The circus often played at fairgrounds and she was able to go on rides free, a very big deal at the time, as some of you will remember.

When Nancy was 16, the family did their last circus show in Washington state. Her parents moved to Hollywood where they went to work for the movie studios. Nancy married at age 17 and was mother to three children by age 21. Family obligations were a full-time occupation for many years. Eventually she took a job in accounting and personnel, a line of work she continued until retirement.

Right now, the circus years are a pleasant memory she is glad to have. And you, her neighbor, can sit back and share some of those memories in these photographs from those years.

Book Club

Lillian Vittenson 825-5522 Eileen Rotman 825-5434
First Monday, 1:30 PM, Catalina Vista/Pima

In truth, we will be meeting on April Fool's Day to discuss Ann Patchett's *State of Wonder* with Eileen Rotman as our leader. We will also be finalizing a new reading list to cover June 2013-May 2014. Selections will be chosen from members' suggestions which are greatly appreciated.

May 6, we'll review the final book on our current list, Eugenia Kim's *The Calligrapher's Daughter*. Falling into the category of historical fiction, this novel, based largely on the life of the author's mother, tells a personal story within the context of a country about which most of us know very little—Korea. Hopefully, we will come away with a better understanding about this currently-divided country and the role our own country has played and continues to play in a drama that is still unfolding.

Newcomers and guests are always welcome.

Great Books

Pres. Barbara Gates 825-7645

VP Sharyn Rafieyan 825-6762

October-May, First and Third Wednesdays, 2 PM, Catalina Vista/Tohono

Acclaimed author Gabriel Garcia Marquez explains how he discovered the tone that he uses to tell the story of *One Hundred Years of Solitude*. "In previous attempts to write, I tried to tell the story without believing in it. I discovered that what I had to do was believe in them myself and write them with the same expression with which my grandmother told them: with a brick face." Barbara Gates will lead us into the labyrinth of this long and winding tale about the fictional Macondo and its inhabitants on April 3, a journey we expect to continue April 17.

We will begin our long summer break in May and resume our great discussions in October. The text we've selected for the 2013-2014 season is a new publication, *Great Conversations 6*, available from The Great Books Foundation, 800-222-5870 or www.great-books.org.

We especially invite women who are interested in learning about firearms safety and self-protection, with or without a gun, to attend. People are frequently interested in learning the laws and regulations about carrying a gun and what is required to obtain an Arizona concealed-weapons permit. Club members are encouraged to bring any new or interesting guns/accessories to the meeting for people to see, or any guns they want to sell/trade. At some meetings, we have guest speakers from law enforcement or other gun-related organizations. You are invited to come to a meeting and see if our club activities would interest you.

Special thanks to Carol Rosner for making the Bagel Brunch a success.

General meeting and election of officers, April 15. Our speaker will be Dr. Roger Caldwell, a retired professor from the UofA. Dr. Caldwell will be speaking on the many changes taking place in the world and in our lives. Innovations and discoveries, societal shifts and basic needs bring new challenges to people and institutions. Some historic approaches to dealing with the future are proving inadequate. By understanding reasons why the future will be different and possible approaches to adapt to that future, we can move toward a better appreciation of what the future might bring.

Reminder: Pay dues by check only. Wear name tags and bring non-perishable food items for the Community Food Bank to all events.

Hiking Club

Dave Fraser 818-2434 for new member orientation hike information.

<http://www.scovaz.com/clubs/hiking>

Spring is always a busy time in the hiking club. Newly elected officers: Pres., Max Haegeler; VP, Gaston Meloche; Treas., Ann Owen; Chief Guide, Michael Lubatkin; and Sec., Ginny Williams. We also held our annual Wine and Cheese Get Together on Saturday, March 30, which featured Al Watson, a park ranger, who presented a program on the Anza Trail.

As you might have guessed, hiking is good exercise and a great workout. And then, when you consider what you'll experience: majestic mountains, running water (well, sometimes anyway), gorgeous wildflowers, interesting rocks and minerals, animals both big and small and delightful camaraderie, well, there's nothing quite like it. Come see for yourself. Sign up for an orientation hike.

We have now completed an outstanding winter session of ILR classes. Thanks to the Curriculum Committee, we have an excellent line-up of classes for fall. Members will receive the information by email, or if you are not a member, email the club president to request it.

Mail-in registration for fall classes resumes August 19-24. Please observe this window of registration (none earlier please), so the registrar can properly process class lists. Those who registered on March 7 need not take further steps.

We thank the ILR speakers, moderators and committee members who volunteer many hours to facilitate this popular learning venue. We especially express our

appreciation to Milt Damlich who has been our faithful registrar for the last 10 years.

Volunteers are always needed, especially for the Audio/Visual Equipment and Refreshment Committees; contact the club president. Let Curriculum Chair, Sharyn Rafieyan, know if you have ideas regarding a speaker or moderator.

Put your empty aluminum cans to work for Sun City Oro Valley. Deposit only empty, rinsed aluminum cans in the box outside the Social Hall kitchen door. For safety reasons do not deposit unrinsed cans which attract bees and may become a hazard.

The Community Assistance Committee uses the funds to purchase items for the Loan Room. Your support is appreciated by many SCOV residents.

Meetings Second Fridays, 8 AM, Catalina Vista/Pima

UofA Professor Wayne Wesolowski presenting his story of the Lincoln funeral train during the February Modelers meeting. Photo by Tom Prall.

All SCOV residents are welcome at our monthly meetings. We welcome new members, both historians and model builders. Join us to see what we are about and enjoy a cup of coffee and a sweet roll. What members bring in for Show and Tell serves as a conduit for our discussions. A member's scale model may be an example of something another member may have had some first-hand experience either in designing, building and operating the prototype.

Natural Health and Wellness Club

Sherokee Ilse 818-3279 sherokeeilse@yahoo.com
Third Wednesdays, 3-4:30 PM, Catalina Vista/Pima Room
<http://www.scovaz.com/clubs/healthwellness>

Our mission: To discuss, share and provide natural approaches to health and wellness. Dues for 2013 \$3 pp. First meeting free.

At our meeting this month, Dr. Michael Austin, Chiropractic Physician will present *Autonomic Body Therapy- Rediscover the Power of Touch*. Before vaccinations and pills, plants were medicine. Before scanners and computers, we looked and listened to our patients. In this technology-driven society, traditional medicine has been on the back burner. Even the simple act of human touch is scoffed at as being, at best, a placebo. He has spent the past eight years developing this touch-based therapy. It is the synthesis of Meridian, Bowen and Mind Body Therapies.

Please join Dr. Austin in the discussion of these therapies and their merger into the single-treatment modality, Autonomic Body Therapy. His private practice includes working with Veterans and Native Americans in AZ.

Pilates

Mary Ayers 638-7916 kayers9753@sbcglobal.net
Mondays, 3 PM, Thursdays, 1:30 PM, Social Hall/Dance Studio

What is Pilates anyway? What are the benefits? Pilates is a world renowned exercise system dating back to WWI. Using the mind to control the functioning of muscles, Pilates exercises work your core posture muscles (abdomen and back). These keep our bodies balanced, providing critical support for our spines. Pilates also teaches awareness of breathing which strengthens deep muscles in your torso, helping to get rid of back and other pain. Used in rehabilitation for years, Pilates has helped many recover from injuries or weaknesses. All exercises are adaptable to any skill level so are well-suited for senior men and women. Benefits include improved flexibility and balance, stronger muscle tone, more energy and sharper mental concentration. For an introduction to classes, please feel free to come and watch only. If you do participate, the cost is \$8/class. Annual dues \$20 pp.

On April 15, our presenter, Gordon McCall, will present: *Ancestral Puebloans (Anasazi) of the Colorado Pla-*

teau 500 to 1300 AD.

We continue our four-part educational video series with part III: the ancient Hopi and Zuni people. While as many as 50,000 Puebloan people mysteriously abandoned their Colorado Plateau habitations by 1300 and dispersed, the Hopi and Zuni remained, to this day, on their original motherlands and advanced their traditional culture. Learn why and how they've survived and lead their larger Puebloan culture today despite incredible obstacles. An introduction and post viewing discussion is included.

We will continue to play concerts at Oro Valley and Tucson venues this month. April is a transitional time for our club. Like so many other clubs, many of our members leave for the summer. However, our club does stay active in the hot summer months. What a terrific fall/winter season we have had, but it has flown by. May everyone have a great summer. For those who travel to other destinations, safe journey and keep your ukulele handy for regular practice, use the internet resources available to you and take any opportunity to get together with other musicians. When we return in the fall, we will all be better, stronger players and next year's fall/winter season should be terrific.

Singing happy birthday to our Mattie, who is 90 years young.

Poets Corner

Sharyn Rafieyan 825-6762

Mondays, 9:15-11:15 AM, Vistoso Center/Yaqui

One way to differentiate between poetry and prose is by the conciseness of the former. For example, *A Business Model* by Bob Hicok conveys a rather profound message with very few words: "Even martyrs/need help, for who/can nail their right hand/with their right hand to the cross?" This effect is not achieved without a conscious effort that poets often refer to as compression, though the reality may be more like using a surgical knife to remove unnecessary words, phrases and lines to create a leaner, keener poem. Such cuts are often among the suggestions made by members of the Poets Corner when we critique each other's poems. Recognizing the subjective nature of our feedback has led to many lively dialogues that enable us to further examine personal opinions about enhancing a poem. On the other hand, we tend to quickly reach consensus when it comes to what works well. Newcomers are welcome.

Leslie's Movie Review:
~ QUARTET ~

I loved this one; a beautiful British film of a genre similar to "The Best Exotic Marigold Hotel." The story takes place in a retirement home (Beecham House) for retired musicians who are no longer able to financially support themselves. The retirement home is abuzz with the news that a new resident will be moving in and she is/was a really big star. It turns out three of her ex-best friends already live at Beecham House as well as one of her ex-husbands. The gist of the movie is how everyone reacts to their circumstances. Some consider Beecham house a new phase of their life - a time of hope and renewal; whilst others feel it is the last stop before death and mourn the loss of some of their talents as they age. Maggie Smith plays Jean Horton the newly arrived star, Tom Courtenay is the angry ex-husband, and Billy Connolly and Pauline Collins play the two other members of the original quartet who were once close friends. Acting is wonderful as is all the classical music. The film ends similar to Schindler's List. There is a real Beecham house and many of the people portrayed in the film are real. The pictures of the real musicians and their accomplishments run along with the credits.
