ASSOCIATION NEWS

From The Board of Directors

Our **MISSION** as the **SCOV Board** is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

What are the Sun City Oro Valley Funds?

by Ruth Gitzendanner

Recently a resident looked at our financial statements and noted that we have cash and Certificates of Deposit for a little over \$6 million. His question to the Board was, "Why do we need an assessment to renovate and expand the sports facility if we have all that money?"

SCOV has several sources of income. The primary source is the annual dues paid by homeowners. Other revenue sources are interest, advertising revenues from the Tipster, golf memberships and green fees, activity fees, the AT&T lease and fees paid at the time a home is sold.

Income is allocated as appropriate to Operations and the three restricted funds: the Asset Reserve Fund, the Capital Fund and the Contingency Fund. The biggest portion of our dues goes to Operations. This includes salaries of employees, maintenance of our facilities, and other day-to-day expenses. The Asset Reserve Fund holds sufficient money to ensure that funds are available for repair or replacement of community property on a schedule determined by expected useful life. The Capital Fund is the appropriate source of funding for remodeling, additions and improvements to existing facilities and for new construction. When a home is sold, the new owners are required to contribute the equivalent of one year's homeowners' dues to the Capital Fund. Rent from the AT&T lease and the Special Assessment go into this fund. The Contingency Fund is intended to provide readily available funding for unforeseen needs and emergencies.

The major portion of the funds for the expansion and renovation of the fitness center will come from the Capital Fund. This fund is growing due to the large number of houses selling. The Finance and Budget Committee projects that the balance in the fund will be approximately one million dollars at the end of our fiscal year. The assessment will be allocated to the Capital Fund and provide the majority of the balance of the funds needed for the Fitness Center project. There is a small amount of the Asset Reserve Fund (\$117,000) that can be used to pay for a portion of the project costs.

If residents opt for the installment method of paying the assessment, we will temporarily borrow construction funds from the Asset Reserve Account. When the payments come in, the Asset Reserve Account will be paid back with interest. There are adequate funds available in the Asset Reserve account to cover this temporary shortfall for construction without jeopardizing funds for other update needs. There are funds in

the Asset Reserve Account set aside to purchase new equipment for the Fitness Center.

Note: This article was written prior to the vote for the Fitness Center project and assumes its passage.

General Manager - Bob Mariani

Volunteer to Serve on a Committee

Last March my Tipster article was about committees and how important they are to Sun City Oro Valley. This year, I thought it may be more effective to send this message in February, so when the committee application forms go out in March, some of you will already be considering on which committee(s) you want to serve.

If you haven't served on a committee or even if you have, it might be difficult for you to realize how much the committee structure means to SCOV. The Board and staff work hard and perform many tasks to help keep the community operating as well as possible. However, the investigations, evaluations and projects that committees undertake equate to a significant portion of the Association's work. Simply put, without the committees there would be a need for a much larger staff with more expense to the homeowners and the community would not be what it is today.

Please consider being part of the solution and volunteering for one or more of our vital committees. The terms of office are May 1–April 30, which means we are beginning to look for interested members to fill openings for our new fiscal year. In addition to ad hoc committees that the Board may appoint from time to time, the committees you are urged to consider joining are: Architectural Review, Community Assistance, Consumer Referral, Active Health, Election, Finance/Budget, Golf Advisory, Government Affairs, Marketing, Communications, Café, Emergency Preparedness, Nominating, Posse, Properties, and Tipster Editorial.

Now is your opportunity to get involved in shaping the future of your community. We urge members to complete and return the committee application form that will be found in the March Tipster, or go to the Association website www.suncity-vistoso.com to complete the form.

Depending on the number of responses, we may not be able to place each interested resident on a committee. Our goal, however, is to build a database of interested volunteers who can step into a committee assignment not only now, but also in the future.

An Informal Exchange of Information

Board Candidates Answer Questions About

Richard Babin

What is your personal vision for the future of SCOV?

I envision SCOV as a vibrant, active, and engaged community characterized by friendliness, concern and respect for others, and a desire to ensure a high quality of life, including the maintenance of

the community's infrastructure. My vision also includes preserving the community's sound fiscal position with adequate reserves.

Why do you want to serve as a Board Member and what do you feel you will specifically contribute to the Board if elected?

I want to serve on the Board of Director because I believe it is important for community members to take part in and share the responsibilities of community governance. I believe I have several skills and qualities that will allow me to contribute to the work of the Board. They include an analytical approach to problem solving, the ability to listen carefully, the ability to ask difficult questions, respect for diverse opinions, a commitment to transparency, a concern for building and maintaining the trust of the community, and a sense of humor.

What three goals would you like to help the Board achieve during your term?

For some reason, four goals came to mind, so rather than arbitrarily eliminating one I'll list all four to provide better insight into my thinking.

- Maintain the financial strength of the community by keeping the cost of operations as low as possible, consistent with a high quality of life for residents.
- Make certain that the community's infrastructure is properly maintained and updated.
- Create a positive image for and increase the awareness of SCOV, including The Views Golf Club, in both the Tucson area and nationally.
- Make certain that there is ample opportunity for residents to communicate their views on community issues to the Board and administration.

Cathy Hartrich

What is your personal vision for the future of SCOV?

I hope that SCOV will be considered one of the friendliest, active, most affordable, attractive, and well managed Adult Communities in Southern Arizona. I see our club and activity programs expand-

ing to accommodate the many and varied interests and talents of our residents.

Why do you want to serve as a Board Member and what do you feel you will specifically contribute to the Board if elected?

I want to see our Board as representative of our Community as possible. I believe more women should participate on the Board as well as residents with business backgrounds. I represent both categories. Being an active member of ones community is a way of giving back while having the opportunity of using ones life experiences to enhance our everyday life. Bringing new ideas and a different perspective to our Board is important in order to keep it vital. Having served on Boards in the past, and with my very diversified background, it gives me an opportunity to contribute new and alternative ideas. I am articulate and believe in open and back-and-forth discussions in order to see different sides of any issue. I serve with honesty, integrity, fairness, and an open mind.

What three goals would you like to help the Board achieve during your term?

- 1 The establishment of a new five to ten year Strategic Long Range Plan.
- 2 Keeping our standards competitive by continually upgrading our property and capital improvements. Our audio/visual upgrades is one example.
- 3 Perpetuating the integrity of the past while enhancing the development of the future. Keeping in mind that "standing still" is not an affable option for SCOV.

ut Sun City Oro Valley

Jon Olson

What is your personal vision for the future of SCOV?

To assure that Sun City Oro Valley is regarded as the premiere active adult community in Southern Arizona serving its current and future residents by providing first class facilities and activities, while

increasing community involvement in the decision-making process.

Why do you want to serve as a Board Member and what do you feel you will specifically contribute to the Board if elected?

SCOV is a unique community. Its residents have diverse interests, values and backgrounds. But we all have an expectation that our Association will be well managed, forward in its thinking, practical in its decision-making and consistent in its direction. I believe that I possess the experience and abilities to help make this happen. I wish to be part of a board that will be responsible and accountable for moving our community forward in accordance with residents' interests and values. I bring years of experience in nonprofit organizational management with particular expertise in high-level decision-making, a solid fiscal management background, and strong marketing and public relations skills. I have also been both a board member and president of another homeowners' association.

What three goals would you like to help the Board achieve during your term?

1. To maintain and enhance the community's strong fiscal position.
2. To maintain our community as the premiere active adult community in Southern Arizona, including its infrastructure, facilities, common areas, programs and activities.
3. To better understand the needs of our members, and to provide information and services that meet them.

***Note:**

There will be no forums this year. Please use the coffees as your opportunity to get to know the candidates. They are eager to hear you're thoughts for SCOV's future.

Aluminum Can Donations: Put those aluminum cans to work for SCOV. Deposit only empty, clean aluminum cans in the box outside the Social Hall kitchen. For safety reasons, do not deposit unrinsed cans which attract bees and may become a hazard. Profits fund the equipment for the Loan Room. Please help us by recycling your aluminum cans but placing your trash in your trash containers.

CAC volunteers delivered their fifth can load this year to the recycle center; it was 560 pounds which netted \$347.20, bringing the year-to-date total poundage to 2,420 pounds and year-to-date revenue is now \$1,480.

Thanks to all who came out for the Pancake Breakfast. We appreciate your support each year for this fund raiser that helps buy needed items for the Loan Room. We also greatly appreciate the many volunteers who donated their time and effort to cook and serve the Breakfast. Without them, this event would not be possible. Election Committee

Coffees, Ballots & Validations

With Board elections coming in February, we normally hold candidate forums for you to meet and get to know the candidates. The candidates also hold coffees for the same purpose. This year there are three open Board positions and three candidates. In the interest in using your time and the candidates' time effectively, the candidates and the Election Committee have agreed to cancel the forums and encourage all residents to attend one or more coffees to meet and dialog with the candidates.

There will be three coffees.

Wednesday, February 6, 9 AM, Social Hall/Hopi

Wednesday, February 13, 4:30 PM, Social Hall/Navajo

Friday, February 15, 1 PM, Social Hall/Navajo

All three candidates will be at each coffee. They will give brief opening remarks and then respond to your questions. There will be no moderator or time-keeper. It will be informal as coffees have been in the past. Please plan to attend at least one of these coffees!

On Tuesday, February 19, the ballot will be mailed to all homeowners. You will be voting for the Board of Directors. There are three positions for Board of Director and three candidates. You may cast three votes. You may ask, as the Committee did, why conduct an election with the equal number of candidates for the number of positions to be filled? This situation will be studied by the Strategic Projects Committee, but currently there is no provision to not hold an election.

Also starting in February and continuing through March, the Election Committee will be validating ballots. The ballot validation process is as follows.

- Homeowners receive two ballots, a white BALLOT envelope and a blue envelope. Residents mark their ballots, seal them in the white BALLOT envelope and then seal that envelope in the blue envelope on the outside of which they record their name and unit/lot. This blue envelope is then mailed or placed in the locked ballot box.
- On the ballot validation dates, the Election Committee removes the blue envelopes from the ballot box. They then cross check the unit/lot and name against the membership list of eligible voters and place a check opposite the eligible voters name to indicate a ballot has been received. If a subsequent ballot is received for the same unit/lot, it is discarded.
- Once the ballot has been validated, the blue envelope is opened and the sealed BALLOT envelope is placed back in the locked ballot box in bundles of 25 to be counted on Tuesday, March 26.

This process validates that individuals are eligible to vote (blue envelope with unit/lot and name) and it ensures that the vote is received anonymously (white envelope containing the ballot with no identification). The blue envelopes are kept as well according to the guidelines in the governing documents. All residents are welcome to observe the validation process. See the bulletin board for ballot validation dates.

The mission of the Government Affairs Committee is to facilitate communication and interaction with government representatives so that SCOV citizens are empowered and equipped to interact with their elected officials and government employees. This doesn't mean that the Committee studies and takes positions on candidates or issues. We try to inform and engage you, so that you can hear the issues of candidates, and then communicate with your elected officials. You would be amazed to hear how much the Town of Oro Valley Mayor and Council members want to hear from constituents and how influential your emails/telephone calls/letters can be.

Look – Prepare and Plan

Next time you are out at your mailbox, take a look. Could it use a fresh coat of paint? Perhaps it's time to paint the pole, box and flag. Check with Consumer Referral for names of people who will do it for you at a nominal cost, if you don't wish to do the actual painting yourself.

Another item that needs mentioning, as it is the responsibility of the homeowner, is raised pedestrian walkways (sidewalks). If the cement is raised where a walker could trip and fall, it needs repair. Take a walk on your sidewalk and take a look.

Reminder: all wrought iron perimeter fences in the community need to be painted the weathered brown color by January 1, 2016, so plan ahead. Perhaps you and your neighbor can share in the cost if the fence runs between the two yards. It might be a good idea at least to get a quote now, so you'll know how to prepare.

A message from a Posse Squad Leader:

Marilyn Rego, Co-Leader, Squad C

I admire my squad for their willingness to help. They, like me, know that so many things happen in our Community. We are an aging Community and we need more people to get involved to enhance the safety of our neighborhoods. I am asking everyone who reads this to consider lending a helping hand to our Community. Join the Posse. If you are a part-time or full-time resident, we will appreciate your help in taking the responsibility to help your friends and neighbors. Each squad patrols once every five weeks; it's not a monthly obligation. If you are a seasonal resident, would you consider volunteering just four times to help our Community while you are here? We'll set you up with a squad and will make a convenient time for you and your schedule.

The subcommittee responsible for dust control in the lapidary room, especially considering gourd activity, has made its recommendation. Initially, the filter bags will be replaced to determine if sufficient additional air flow can be obtained. Depending on those results, we will see if ventilating air flow augmentation is necessary. The nature of the hazards involved from the dusts was forwarded to the gourd committee leadership with recommendations for proper personal respiratory protection.

The audio visual improvement subcommittee is developing bid specifications based on users' and monitors' suggestions. It will be meeting with qualified bidders to refine the specifications followed by requests for proposals. It is concentrating on the Catalina Vista and Native American rooms initially. Auditorium Audio Visual equipment improvement recommendations will follow.

The semi-annual review of Association properties was conducted with the purpose of identifying maintenance deficiencies. Those few found are being tended to by appropriate Association staff. The committee was pleased with the overall condition of our Community assets.

Assistant Manager - Robin Coulter

After Hours Emergencies

Water is running from an Association building... what do you do? There are times when residents may spot something that needs to be brought to management's attention immediately and the Administration Office is closed. What is the process? On page two of every Tipster, bottom right corner, the procedure is listed. It states: "If you encounter something in the common areas or golf course needing immediate attention (e.g., a broken irrigation head) and the Administration Office is closed, please report the issue to a building monitor. However, if a situation like this occurs after all the buildings are closed and no monitor is available, please contact the After-Hours Emergency Line." Tell a monitor first. If they are not available, call 825-1161. There is a manager on duty that has access to vendors to address emergencies. Please remember this is for emergencies. We are here to help.

Programs/Facilities Director - Pam Sarpalius

Flags

Many times we receive phone calls about the United States flags at our facilities. Let me first state that weather is the determining factor in flying flags. We do not fly flags during rainy days or days of high winds. It is improper to fly a flag during rain or bad weather; this means for private homes as well. It is also improper to fly a torn or tattered flag. The dry climate of Arizona mixed with high winds, tears our flags easily. We have four main flag poles in the Community, and we replace two to three new flags per pole per year.

When should flags be flown at half mast? We have a list from the State of Arizona of certain dates. When an unexpected request comes from the state or local government, it sometimes asks for lowering of the flag for local, state or federal buildings and not for homes or private communities.

We take pride in flying our country's flag. We always want to do what is proper to show respect for the flag and the freedom it stands for.

Sidewalk Maintenance

Did you know SCOV property owners are required to keep their abutting sidewalks in good condition? Below is the Town of Oro Valley Town Code.

7-5-10 Repair of Sidewalk by Abutting Owners

- A. All owners or agents of owners with property abutting and fronting upon any plaza, street or alley within the town are required to keep the public sidewalks immediately abutting their property in good order and repair. Each such owner shall be liable to the town for all losses to the town or recoveries from the town for damages to persons or the property of others caused by his failure or that of his agents to repair and keep in good order and reasonably safe condition all such sidewalks.
- B. The town may, at its discretion, through the town engineer, notify such owner that repairs are necessary to put such sidewalk in good order, and such owner shall, within ten days after such notification, under the supervision of the town engineer, complete such repairs as specified in such notice. If the person fails to make the required repairs, the town may repair same or cause the repairs to be made and bill the owner, and a lien may be placed on the subject property for all the costs incurred, including all fees such as a permit, attorney's fees, inspection fees, etc.
- C. A permit shall be required to make repairs pursuant to this section. However, there will be no charge for such a permit unless it is proposed to make a change in the grade, location or dimensions of the sidewalk.

Recreation and Fitness - Lonnie Davis

Easy Ways to Add More Physical Activity

Being active doesn't have to be limited to your work-out times. There are plenty of ways to become more active as you go about your day. Always choose stairs over the elevator, park at the far end of the parking lot when arriving at appointments and meetings, walk down every aisle of the grocery store while shopping, and practice balancing skills while standing in line. Do a set of wall pushups while waiting for water to boil, vigorously vacuum, tend to the garden, sweep the sidewalk, rake leaves, lift weights while watching the news and try toe-raises while talking on the phone.

Mini Golf Tournament, March 2, 1-4 PM

The Active Health Committee is hosting the First Annual Mini Golf Tournament. One round of 9-holes with prizes and refreshments to follow. See Lonnie to sign up at the AFC February 18-22 either as a team or by yourself, and you will be placed on a team.

Association-Sponsored Fitness: Purchase a punch card from the receptionist in the Vistoso Center, \$13/10 classes. You may use this card for all SCOV-sponsored fitness classes. It can also be used for your guests. There is a drop-in charge if you do not have a punch card.

Aqua Zumba®: Tuesdays, 1-2 PM, AFC pool.

Cardio Chair Aerobics: Tuesdays, Thursdays, 10:30-11:30 AM, Catalina Vista.

Sunrisers: Low-impact aerobics class: Mondays, Wednesdays, Fridays, 7:15-8:15 AM, Auditorium.

Tuesday, February 12, 7 AM the Aquatic & Fitness Center pool and spa will be closed for cleaning and shock treatment. It will reopen the following morning at

the regular time. Wednesday, February 13, the Desert Oasis pool will close at 7 AM for cleaning and shock treatment and will reopen the following morning at the regular time.

Special Note from the Aquatic & Fitness Center: Thursday, February 14, 1 PM, an orientation will be held on how to use the gym equipment. Space is limited. See Lonnie Davis or call 917-8073.

GOLF

Head Golf Professional - Kim Griggs

Make sure to buy your special someone a nice golf gift before February 14. We have a fully-stocked Pro Shop available for your convenience. Also, remember if you are an annual pass holder, you will receive 30% off your purchase and if you are a resident you will receive 15% off.

This excludes sale items, golf balls and equipment.

The Views Golf Club will be hosting its annual Cure for Cancer Tournament Tuesday, February 19. This is for a very good cause and the money does stay in Tucson.

Just a reminder as we are starting to get very busy. Athletic wear, t-shirts, tank tops, short shorts and denim are not permitted when using the golf facilities, this includes the driving range and other practice areas.

There will be no frost delay on the 11:30 AM shot gun on Tuesdays.

In mid-January, we will be conducting a beginners golf school. We had tremendous response to the offer, and the class filled up quickly. Another Beginner's Class will be offered in the near future. More details to come.

Superintendent - Michael Kropf

The golf course continues to be in very good condition. The fairways, tees and greens are green and beautiful. Now that the roughs are completely dormant, the brown really outlines and enhances the green colors. However, the better the overall condition of the course, the more the little blemishes stand out. Most of these blemishes are the result of golfers not following basic golf etiquette.

One of the biggest problems continues to be ball marks on the greens. The grass on the greens is growing very slowly with the cold temperatures, so the ball marks can't heal as quick. Golfers really need to fix their ball marks so the greens can continue putting smooth and true.

Another problem is divots. Golfers are confused with the proper repair procedure with divots in the fairways. In the winter when the weather is cool, the actual divot can be replaced back in the fairway. The divot will actually heal quicker than using divot mix, but if the divot is destroyed during impact, then divot mix should be used. However, in the summer when the weather is hot, the divot mix is the best option because the Bermuda grass will fill the divot quickly.

Concentrate on following proper golfing etiquette by fixing your own ballmark as well as one more, replac-

ing or fixing divots on tees and fairways, and properly raking traps. By following these basic rules, the golf course can be in great condition for everybody during the peak season.

Golf Advisory

Chair Preston Sheriff 825-3101

First Wednesday, 2 PM, Vistoso Center/Apache

The holidays are over for another year, and our guests have returned home. Remember that your guests need to adhere to the golf course rules for their safety. Non-golfers were observed walking dogs, playing games on the course and walking on frost-covered fairways.

A special thank you to all the 9-Hole Men's Club volunteers that repair ball marks and fill divots on Tuesday mornings before the shotgun start. We should all do the same when we play.

Kim Griggs has asked that all club members sign up for league play at least 48 hours prior to their play date. This will help the Pro Shop staff to prepare for the league without last minute changes. There are always things that come up; let the Pro Shop know as early as possible if you will or will not play.

THANK YOU CORNER

This section allows residents to express thanks to the community. Articles should not exceed 50 words and should not contain thanks to specific persons.

A big thank you to all in Sun City Oro Valley friends and neighbors for your condolences on Ralph's passing. Especially all who attended the memorial and for all the sympathy cards.

From his grateful wife Marion Casalino

We can never say thank you enough: for the friend who knew Anne needed an ambulance and literally saved her life, the Oro Valley Hospital and doctors, who put forth heroic efforts that pulled her back from the brink of death, and cared for her during a five-week hospitalization, and the many friends and neighbors who provided cards, flowers, gifts, concern and respite care so Bob could go to work. This is indeed a loving community.

Bob & Anne Davis

We wish to express our sincere thanks to our many friends and neighbors in Sun City Oro Valley who offered their time, care and concern during Mary's long illness and passing. The Green Tree 'family' was especially amazing in their assistance to us during this difficult time.

The Family of Mary Hackenbrock

I would like to extend my sincere thanks to all of my family, friends and neighbors for the outpouring of support since Herb's passing. While I have long known of the wealth of compassion associated with being a part of this community. Your calls, cards and thoughts brought much comfort. Thank you all.

Sis Jones

During our time of sorrow we would like to thank everyone for the kindness, support and friendship provided to our father, Ronald Stein, during his time in Sun City Oro Valley.

The Stein Family

I wish to thank all our friends and neighbors for their love and kind acts of giving cards, food and support during Raymond's last days of sickness and passing. We are very grateful to you all.

Next month we'll move back in time and across the ocean to Hitler's Germany and Erik Larson's *In the Garden of the Beasts*, the true story of William Dodd's appointment as ambassador in 1933. Larson has delved into all sorts of historical details, personal and public, to provide an in depth picture of what was taking place at this pivotal point in time. Jan Linn will lead what promises to be an intriguing discussion.

Newcomers and visitors are welcome.

Great Books

Pres. Barbara Gates 825-7645 VP Sharyn Rafieyan 825-6762
October-May, First and Third Wednesdays, 2 PM, Catalina Vista/Tohono

By general consensus, the group has determined to discuss even the longer works in this year's book selection as a whole rather than in smaller parts with different leaders. As a result, all of David Grossman's *Momik* was tackled in January with a team of leaders.

February 6 we will reflect on all of Annie Dillard's *An American Childhood* with Marge Chase and Mary Marks as our guides. Dillard's memoir of growing up in Pittsburgh in the 1950s should resonate with many of a similar age although the focus is not only on her personal awakenings but also her growing attentiveness to her natural surroundings as well as the history that shaped her city.

February 20 Barbara Gates will facilitate our understanding and appreciation of William Wordsworth's well-known poem *Intimations of Immortality from Recollection of Early Childhood*.

Newcomers are welcome to participate in our discussions and partake of our refreshments.

Discussions Groups

Great Decisions

Jack Evert 818-3068 saljack439@msn.com
January-May, Second and Fourth Wednesdays, 11 AM, Social Hall/Papago

We are presenting two new topics: NATO, February 13, and Myanmar, February 27. Concerning NATO, questions revolve around how its agenda has evolved since its inception during the cold war. With its military commitment in Afghanistan winding down and a recent successful campaign in Libya, what are the Alliance's present-day security challenges?

Once we have that resolved, we move to Myanmar and Southeast Asia where President Obama just made a historic visit. His visit highlighted welcome and unprecedented democratic reforms made by Myanmar's government. What challenges must Myanmar overcome before it can fully join the international community? What role can it play in Southeast Asia?

Dog Club - Fido's Friends

Pres. Marge Gustafson, margustafson@gmail.com
Membership Elaine Deeter 825-5388
Next meeting March 14, 2 PM, Social Hall/Hopi

We have had quite a few lost or abandoned dogs in Sun City Oro Valley this past year. Fortunately, we were able to find the owners of the lost ones and adopt out the one dog we think was dropped off and abandoned.

We have developed a protocol of things to do if a lost dog is found, based upon past experience and prompts us to let all the right people know and gives some ideas for finding owners of lost dogs.

If you find a lost dog and want to help, try to put the dog on a leash, and when it is calm, check for tags and call the owners. If there is no tag or the dog is not tame enough to leash, please contact Elaine or Marge and we will get the process started.

It is typically used as a non-invasive screening tool for breast health, however, this technology can be used for many other medical conditions including identifying dysfunction of many glands and organs.

Lynda will present how the use of full body imaging can alert people to coronary artery disease, congested liver, colon dysfunction, thyroid gland conditions, dental health, low level infections and many other hard to determine health challenges. This visually engaging presentation captures the audience's eyes with the vibrant colors of different types of case studies shown. Digital Infrared Thermal Imaging is the doorway to a new paradigm; one of wellness and prevention.

Some organizations who enjoyed our gifts at Christmas were: Family First and Northwest Birthing Center (diapers); YOTO (gift cards); Three Points and Tucson Medical Center (handmade toys); ICS (food bank); and Catalina Adopt-a-Family (clothes and toys for kids). We sew, glue and saw toys, clothing and quilts for kids. We also raise money for food banks, diapers etc. The Courtyard Sale is one of our fundraisers. Mondays, 9:15-11:15 AM, Vistoso Center/Yaqui

Poet Peter Cole says, "I used to want to make poems as though poetry or even speech hadn't existed before me. Now I work at the other end of the spectrum, making poems mostly out of what already exists, and somehow finding that fresher. More mysterious." Perhaps this is just another way or repeating the old advice that advocates writing about what you know. Hopefully, we'll be putting this adage into practice, possibly with new approaches and improved techniques, during the course of our facilitated workshop with Charles Alexander.

Please note that we will not conform to our usual schedule from February 4-18. We will, however, return to our self-help format and regular Monday morning meetings February 25 when poets, not signed up for the course, will be welcome to join us.

Leslie's Movie Review:

Having seen *Les Miserables* (Les Miz) three times on Broadway, and once in London, I consider myself an aficionado! The movie was well done. The singing was excellent, with a few exceptions. Russell Crowe (Javert) looked good in uniform-but one could feel him concentrating on singing. For the first time, I enjoyed Marius. Usually the character comes across a little wimpy, and one wonders why Cosette is all atwitter... This time, Marius is cute, non wimpy--and can sing. My review: If you enjoy musicals, I highly recommend Les Miz.

SHOULD YOU BUY AN ANNUITY

Q: I am retired. Should I buy an Annuity?

A: Every individual situation has unique circumstances, so there is no standard answer except **Buyer Beware**. In some situations, an Annuity can fulfill a need. In other situations, we see financial salespeople inappropriately selling Annuities. Keep in mind that annuities are long-term investment vehicles designed for retirement.
