ASSOCIATION NEWS

From The Board of Directors

Our MISSION as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Fitness Center Equipment Committee

by Richard Brammell

I would like to report to the community about the process of the Fitness Center Equipment committee and the future process for the Equipment committee.

The committee is comprised of Judy Bjorling, Sharon Hertle, Lonnie Davis, Ray Jerkins, Michael Takerian (chair) and myself as board liaison.

The committee has held a total of nine meetings since December 6, 2012. The committee has toured the adult communities of Sun City-Anthem, Sun City West, SaddleBrooke HOA #1 and #2, SaddleBrooke Ranch and Highlands at Dove Mountain. It toured the fitness centers of Body Basics, Anytime Fitness, Planet Fitness, LA Fitness, Prestige Fitness, Platinum Fitness and Chuze Fitness.

The committee received input from Chris Litten, NSCA certified, on the current and future trends for senior fitness. The committee met with or discussed with the manufacturer representatives from FreeMotion, Life Fitness, Matrix, Paramount, Concept 2 and NuStep.

The committee has tentatively planned to make a presentation to the Board in June. The presentation will be the committee's recommendations and the reasons for them. The committee would plan to have the presentation placed on SCOV's website for all residents to view.

The Board would not need to make a decision on the committee's recommendation until sometime after their July or August meeting. The Board of Directors will look forward to receiving input from the residents.

To send an email to the Fitness Center Construction Committee please use afcremodel@suncityorovalley.com

Rancho Vistoso Blvd. Median Landscaping

As I write this article, bids are being secured from several landscape contractors to install new landscaping in the RVB (Rancho Vistoso Blvd.) median. As with the last couple of re-landscaping projects, this is the next phase of a 12-year asset reserve plan to update the common area landscaping that, in most cases, is more than 25 years old.

There has been criticism of the re-landscaping that has been completed to date (some of that criticism is due simply to the fact that any money was spent, some residents feel that the re-landscaping program is of little value.) Some criticism is due to the type of plants that have been installed or the design. All are valid criticisms. Yet the value of this program, the type of plants installed and the landscape designs are all very subjective. Many residents are very pleased with the results and the plan.

Although I am sure not everyone will agree, I have received considerable positive feedback regarding the Catalina Vista landscaping now that the plants have matured and bloomed. The input is not as positive yet regarding the Mountain Vista landscaping. However, keep in mind that the new plantings went through a cold winter where so many of them suffered. As the plants revive from the cold and the shrubs that looked good on paper but not so good in real life are replaced, the overall aesthetics of the grounds improve on a daily basis. One sure thing is that re-landscaping will reduce water use and labor required to maintain the old, overgrown, woody plants.

Now back to the RVB median landscaping. If all goes as planned, this landscaping installation will take place early this summer. Most of you will be pleased to know that the appearance will be similar to the new landscaping in medians outside of Sun City with lots of cactus that will be very low maintenance, and will provide the beautiful appearance that you have been seeking.

Active Health

Chair Judy Bjorling 818-1296
<http://scovaz.com/committees/activehealth/>

Our April program had people stretching, trying Zumba and Chair Aerobics. It also introduced our audience to "fartlek," the Swedish word for "speed play," a great way to make your walking more enjoyable while you improve mind-body awareness, strength and stamina. Simply pick a physical point up ahead in your outdoor walk (like a lamp-post or a tree) and walk faster or run until you reach it. Do it several times. Indoors, you might want to try interval training: pick up the pace for a certain amount of time, go back to your regular pace, and repeat. HIT (High intensity interval training) exercising for short periods of time as fast as you can go, will also burn fat. Why not try something new this summer? Change your workout, take a class or ask a friend to walk with you

outdoors, at the mall, or on Fridays in our Auditorium from 1–2 PM. Don't forget your sunglasses, hat, water and sunscreen.

Aluminum Can Donations: Put those aluminum cans to work for SCOV. Deposit only empty, clean aluminum cans in the box outside the Social Hall kitchen. For safety reasons, do not deposit unrinsed cans which attract bees and may become a hazard. Profits fund the equipment for the Loan Room. Please help us by recycling your aluminum cans, but place your trash in your trash containers.

CAC volunteers delivered their eighth can load for the year to the recycling center. Those 740 pounds netted \$458.80, bringing the year-to-date poundage to 4,140 and the revenue to \$2,546.40.

Summer has arrived and the Loan Room is quieter than through the winter. It is the perfect time for those residents still around to come to visit us and see what equipment we have available to loan. The Loan Room remains open Tuesdays and Thursdays, 8-9 AM throughout the summer months; reservations and pick up are at the end of the Cart Barn. We look forward to seeing you.

It's Time to Remember

Whether you are here or away for the summer, it's time to remember:

- Weeds in cracks of driveways, sidewalks, and where the cement meets the asphalt of the street are the responsibility of the homeowner to remove.
- Cactus and/or bushes in your yard should not extend over the sidewalk as to be a danger to walkers.
- Trees must be kept trimmed up high enough over the sidewalk as not to injure walkers or block visibility of a stop sign.
- Exposed soil, or bare dirt, on your property needs to be covered by rock.
- On a corner lot, check the street-facing side part of your yard for weeds and/or other possible infractions of the governing documents.
- Artifacts, including empty pots, are not allowed in front yards. Pots should be planted with live plants, as artificial ones are not allowed.

**A Tipster can be mailed to you
while you are away for \$3 per issue.**

Stop by the Vistoso Center to arrange for this.

Posse

Chair Del Balston 825-9681
Vice-Chair John Njaa 825-5486
Meeting First Tuesday, 3 PM, Social Hall/Hopi
www.scovaz.com/committees/posse/

Since the beginning of the Sun City Oro Valley Posse, not many Posse members have been able to claim the remarkable achievement of serving the Posse and the community for 20 years, but six of them recently have. Those six recently attended a Posse Committee meeting where their outstanding and valuable service was recognized by the Committee and the Oro Valley Police Department. The photo below was taken at that event.

The departure of our seasonal residents means patrol schedules are harder to fill. If you aren't a Posse member, you can help by joining the Posse. If you are a Posse member, call your squad leader and ask about the new patrol hours that may make it easier for you to get on the schedule.

20 years award recipients: Seated from L-R: Jo Bomar, Maria Gondosch; Standing from L-R: Lee Bomar, Cliff Leslie, Lou Bittle, Mike Gondosch.

Summer meetings time and location tbd. Contact Dick Gillespie 825-3901.

The audio-visual upgrades are continuing to move ahead. With approval of the Association budget, there are funds available to install video equipment in each room along with audio improvements. These will be the meeting rooms best configured for activities requiring audio-visual aids.

The auditorium upgrades have been specified for bidding purposes. Since there is a specific, limited amount of money available from the asset reserve account, these items have been prioritized so that the most important are purchased first. We will start with new projectors (including adding a new one for the center of the auditorium), cameras and associated switching equipment.

The Pickleball court addition project came with the recommendation that the next two courts be added south of the bocce courts. This will allow even more courts to be added in the future should that be necessary.

Fourteen capital projects are being evaluated to prioritize them. It is our intention to give the Board a recommendation for the top three to five projects to assist them in establishing a development plan for these projects.

This month's Tipster Editorial Committee meeting will be Friday, June 14, 9 AM, Vistoso Center/Apache.

Assistant Manager - Robin Coulter

What's In a Name?

As you may be aware, the Board recently approved several name changes to buildings and rooms. This is the completion of an initiative from the 2009 Long Range Plan to, "update place names to create a more current, youthful image." There have been two resident committees that have studied the initiative (Image and Marketing) with a final recommendation coming from the Marketing Committee regarding the new names.

Over the next few months you will begin to see these changes implemented in our community. By the beginning of July you will see four new directional signs (replacing the teal and pink signs) that will have the new logo at the top. They will be in the new Town mandated design for directionals along Rancho Vistoso Blvd. and will have a current, updated look. Also in the next couple of months, the signage at the west and east gateway to the community and the five monument signs at the entry of the Mountain Vista Complex and the Welcome Center will be updated. I met recently with Town managers and the manager of the Rancho Vistoso HOA, and both were very excited about the design of our new signage.

On July 1 the website and Tipster will begin using the new building and room names. A flyer is in this Tipster (and also in July's edition) with the new names and building layout for easy identification. The Desert Oasis rooms reflect desert plants (Saguaro and Ocotillo). The Catalina Vista's name is in reference to the mountains, so the rooms are named for mountains (Mt. Lemmon, Mt. Kimball and Pusch Ridge). The Welcome Center's rooms are simply named Conference Rooms 1, 2 and 3. The Mountain Vista Complex is where the Activity Center, Artisan Center and Aquatic & Fitness Centers are located. The Activity Center's rooms are Navajo, Hohokam and Hopi. The Papago room was renamed Hohokam.

Internal signage is also in development. These are the signs above the room doors providing information and direction within the community (Bag Drop, RV Parking, AED locations, etc.). If, by July 1, the internal signage hasn't been completed, there will be temporary signs placed above the room door to identify the room name.

As with all things new, time will help in adjusting and working out any challenges that arise. SCOV residents are good about working through these challenges together. Please go to http://suncityorovalley.com/news/pdf/New_SCOV_Signage.pdf to see the new

logo, signs and building and room names.

Programs/Facilities Director - Pam Sarpalus

Looking Ahead

If you would like to mark your calendars now for some future dates, here they are: June 19 and September 19 are bus trips to a D-Backs games in Phoenix. October 19 brings a wonderful piano concert from Mary Stockdale. November 11 brings country music from Joni Harm.

There will be other events through December and our 2014 calendar is getting full.

Entertainment in the comfort of your own community is convenient, but the bonus is the low ticket prices.

I always love when residents bring to my attention entertainers that they have seen and would like to perform here. If the contract price is right, I'll do my best.

Superintendent - Michael Kropf

June is the ugliest time of the year for the golf course. The winter rye grass has been chemically removed and has turned brown, but the underlying Bermuda grass hasn't had enough time to start growing fully. The humidity is very low so the water in the soil evaporates quickly, making the

golf course look brown.

This year, aerification of the fairways is being done prior to the application of the chemical to remove the rye grass. The hope is that the aerification and topdressing will give the Bermuda grass a head start to begin growing more quickly. In prior years, the chemical was applied first to remove the rye grass and reduce competition, but it seemed to slow the Bermuda grass following aerification.

This year, the priority has shifted from trying to deal with the competition of the two grasses, to dealing with salts that have built up in the soils over the winter. Removal of salts requires lots of aerification with sand topdressing, addition of drainage to alleviate wet areas and increased amounts of irrigation to leach out the salts. However, in May and June the water requirements are so high, with the hot temperatures and low humidity, that over-watering is not an option, making aerification is very important. By the start of June, all the fairways, tees and greens will be aerified and fertilized to encourage the growth of the Bermuda grass. Please be patient with the condition of the golf course in June. Lots of work is going into improving the course. After June, the course will be really green for the rest of the summer.

Golf Advisory

Chair Howard Schulz 825-0797

First Wednesday, 2 PM, Vistoso Center/Apache

Our golf course received the GEM (Golf Endorsed by Members) Award from the Arizona Women's Golf Association. Our course was one of only 22 in the state of Arizona to win this award. Courses are evaluated on customer service, merchandise availability, food and beverage, club house and facilities, course conditions and playability for women. It's nice that an independent group acknowledges what we know we have at The Views.

You may have noticed that the right-hand pond on hole 10 was drained in May/June. This was to install a wall around the irrigation system intake, allowing the water to be drawn from mid-level of the pond. The sediment on the bottom of the pond has caused and is causing problems with the pumps, sprinklers, filters and bunkers. The pond will be drained again in September to dredge out the sediment.

Pres. Marge Gustafson margustafson@gmail.com
Membership Elaine Deeter 825-5388

Meetings November, January and March, third Thursday, 2 PM, Social Hall/Hopi

With hot weather, we have extra concerns about our dogs' health and comfort. Please remember that when you are walking your dog it is 10 to 15 degrees warmer down at his level than at the level of your head. He is feeling the heat from the pavement, and if his fur is a dark color, he is absorbing more heat. Seek shady places to walk your dog go out early before the sun starts heating up the pavements and take the dog for a nice walk after dark to enjoy the evening's coolness. Be sure you have plenty of water to offer your dog during summer walks. Keep a close eye on your dog for signs of heat stress.

Different Drummers Women's Circle

Leader, Diana Magness, magnessdd@gmail.com

Co-Leader Zona Boss 638-6644

Wednesdays, 1:30-3 PM, Catalina Vista/Pima

The purpose of this new club is to provide a community drum circle for any woman wanting to connect with others through hand drumming, using African Djembe drums, hand-held Native American frame drums and other small percussion instruments.

For thousands of years, people worldwide have used group drumming to energize minds and bodies, strengthen community bonds, release stress and to celebrate life. Recent clinical studies have also conclusively documented some of the many physical, mental and emotional benefits of purpose-driven drumming.

The circle has been meeting weekly in homes for several months and currently has over 22 members. All women are welcome regardless of experience. Bring your drum and join the fun. Instruments are provided for those without, or come and just listen to the rhythms.

All who were able to attend our last meeting of the year on May 5, were treated to a Keith Stanford discussion on flute making, what to look for when purchasing a flute and Apache sign language.

Hiking

Jim Williams 818-2226 jaswilliams128@msn.com
www.scovaz.com/clubs/hiking

When you check out the club's current newsletter, you will notice that there are fewer hikes scheduled during the summer months. This is not only because of the heat, but also because many of the club's guides are seasonal residents. So, if you are a club member and are interested in becoming a guide, please contact Michael Lubatkin at mikelubatkin@business.uconn.edu. If you will be hiking this summer, bring more water than you know you will need. Electrolytes are also a good idea particularly on long hikes on hot days. Remember to watch where you step as rattlesnakes are now out, and be sure to wear sunscreen and a large hat. If you are new to SCOV and would like to join the club, please contact Jim Williams to schedule an orientation hike.

Twelve new classes, ranging from the history of the Supreme Court to the Brontes, begin October 14. Early registration is complete, but a second registration period for Fall classes will be held from August 19-24. Course descriptions are available at Catalina Vista in the ILR Library, the Sun City Library Lounge, next to the magazine rack, or on the website. To attend, please fill out the attached registration form and include a one-time membership fee of \$25, plus \$10 per class. If you are already a member, include the class fee only. Samplers, two-hour presentations on a variety of subjects, will be held each Thursday; these do not require membership, registration or a fee.

Last month in this space, we described the many tasks and responsibilities essential to maintaining the momentum of a program the size of the ILR, i.e., over 750 members selecting among approximately 28 classes per year, complemented by approximately eighteen Samplers. As we approach our 11th year, some of the stalwarts who have nurtured and expanded the ILR need relief. Please consider how you might contribute to maintaining the ILR.

All SCOV residents are welcome at our monthly meetings. We welcome new members, both historians and model builders. We are continuing our monthly meetings during the summer. Join us to see what we are about and enjoy a cup of coffee and a sweet roll.

Modelers are gathered in front of a Boeing 727 at Pima College Aviation Tech Center during a recent club field trip.

From time to time, we plan field trips like the one shown in the picture. What members bring in for Show and Tell serves as a conduit for our discussions. A member's scale model may be an example of something another member may have had some first-hand experience either in designing, building the prototype or operating the prototype.

Our club is trying something new this summer (May-October). Each month we'll show a DVD on a natural health topic and, when possible, have a short discussion. Our next movie will be June 19. No RSVP needed; neither dues nor money is required.

Hungry For Change, a documentary, exposes shocking secrets the diet, weight loss and food industry don't want you to know with deceptive strategies designed to keep you coming back for more. Find out what's keeping you from having the body and health you deserve and how to escape the diet trap forever.

The presentation features interviews with best selling health authors and leading medical experts, plus real life transformational stories with those who know what it's like to be sick and overweight. Learn from those who have been there and continue your health journey today.

Poets Corner

Elise Asch 818-1345
Mondays, 9:30-11:30 AM, Vistoso Center/Yaqui

Poets are often introspective and self-involved, but they also reflect on life itself. Joy Harjo's poem entitled "Perhaps the World Ends Here" is an excellent example

of such reflection. She starts with a simple statement: "The world begins at a kitchen table. No matter what, we must eat to live." She elaborates: "The gifts of earth are brought and prepared, set on the table. So it has been since creation, and it will go on." She speaks of children being given instructions "on what it means to be human" and gossip and dreams and becomes more metaphoric. "This table has been a house in the rain, an umbrella in the sun." She touches on birth, death, sorrow, joy, war, terror and prayer and concludes with a supposition: "Perhaps the world will end at the kitchen table, while we are laughing and crying, eating of the last sweet bite."

How many philosophers could describe their entire outlook on life in less than twenty lines?

Leslie's Movie Review: "MUD"

Two young 14 year old boys boat over to an uninhabited island in the Mississippi river to see a boat lodged high up in a tree. While there they meet a man who is living in the boat in the tree while waiting for "someone" to meet him there. The boys return to visit day after day and begin to do favors for this man named MUD. They listen to his story of deep romantic love for his girlfriend Juniper and he tells tales of all they have been through together. Meanwhile in their day to day lives, one of the boys gets an older girlfriend, loses same girlfriend, learns his parents no longer love each other and are divorcing. In the end, he realizes that the love MUD proclaims for Juniper is also not a FOREVER LOVE. The movie was good although a bit slow moving. Matthew McConaughey was excellent as MUD as was Tye Sheridan as Ellis, one of the boys. I would recommend this movie as part of dinner and a film.
