A Lot to Be Thankful For

by Mike LaBarbera

November ushers in the renovation of our aging Activity Center. By this time next year we will be enjoying the new auditorium, expanded entry, Kiva meeting room and patio. Many unseen improvements and upgrades include the sound dampening walls in the Native American rooms, audio/visual systems in the auditorium and the heating and A/C. These welcome upgrades and new interior décor will vastly enhance the beauty of our community property.

I want to welcome back seasonal residents who share our moderate climate, where, as we age, colder weather becomes a factor in choosing where to live and play during the winter months. SCOV is that perfect place to enjoy friendships, many clubs and amenities, plus the joy of being welcomed back to your "other" home.

November hosts two federal holidays, Veterans Day and Thanksgiving. As many of you may be aware, Veterans Day has special meaning to me. Veterans who served our great country deserve a special thanks from all of us that reap the daily freedoms we enjoy because of their sacrifices. Our freedoms were and are upheld by past and current members of the Armed Forces, who signed that blank check when they joined or were drafted into the military, for the amount up to and including their life, to defend our country. After the recent end to America's longest war in Afghanistan, I pray all our military personnel are safe around the world.

On Thanksgiving, we give thanks for so many of our cherished blessings: relationships, family and friends, within and outside SCOV. We have the ability to live and enjoy our excellent quality of life in SCOV during our senior years. We can decide to kick back and enjoy our safe, friendly and wonderful community, or actively participate in the many amenities SCOV has to offer.

There are numerous ways to volunteer within SCOV. Help one of your favorite clubs by assuming a leadership position. Clubs usually change officers in January. Talk to someone about the twenty-three SCOV committees and see if they need new members. Volunteer with one of the Partnered

Organizations listed in the *Tipster* or volunteer at the SCOV Library. I know most of us are retired, but these are a few examples of how to give back, meet other residents, make new friends and continue to make SCOV a better place.

Common Goals

Isn't it interesting that community associations are the preferred place for many to call home? There are many reasons this is the case. Our community here at Sun City Oro Valley (SCOV) offers many amenities, and with all the clubs and activities, there is a common comradery value for many residents. Let's not forget the property values: SCOV properties have increased in value significantly over the years.

The SCOV Board of Directors has changed many times in the past, but the goal of doing what is best for the most at the best price while achieving harmony in the community, has been and currently is a constant.

This goal can be best accomplished when a reasonable balance between an individual's wants and the best interests of the community find an equilibrium point.

In the Owner & Resident Handbook under COMMUNITY STANDARDS, there are sections called Code of Conduct and Rights and Responsibilities for Better Communities.

The Code of Conduct is short, simple and logical. It points out responsibilities of members and their guests when using common areas as well as digital and written interactions. It also lists actions not permitted against any other member, guest or staff.

The Rights and Responsibilities for Better Communities states rights of homeowners as well as their responsibilities; it does the same for community leaders.

I would encourage our residents to review these important documents.

Let's all try to reach that reasonable balance to achieve our goals and continue to strive to be better this year than last. And better next year than this year.

As we get better individually, our community will inevitably find the same level collectively.

As they say, a rising tide lifts all ships. Here's to rising with the tide.

Artisan Center Promotes Fun and Creativity

by Lucy Remington

This month's Arts & Crafts Festival on November 13 is the perfect time to visit with some of Sun City Oro Valley's resident artisans and learn how SCOV's facilities enable active adults to pursue fun and creativity.

Linda Wilkes moved to SCOV without knowing that there was an Artisan Center. "It was a very pleasant surprise!" according to her. Linda has joined the Fused and Stained Glass Club and states that she has learned from club members' willingness to teach and share their expertise and creativity. She makes fused glass pieces and jewelry.

plex on a visit to see friends who live here. The Wood Shop was small but would enable Don to continue his wood craftsmanship after he and his wife, Jeanne, made the decision to move here.

Don notes that SCOV is always working to keep the facilities relevant and accessible. The Clay and Sewing Rooms have been remodeled along with an expansion of the Wood

Shop. There is a task force currently looking at the next phase of improvements to the Artisan Center. Don remarked that "This is a well-run, financially sound, 55 and older community, and I'm glad Jeanne and I chose to live here...Our

Artisan Center allows us to expand our horizons and try new things without making a huge investment in equipment. What a great place to live!"

Don and Jeanne have used the Wood Shop to make furnishings and cabinetry for their home in addition to consigning creations at the Gift Shop.

Mary sums it up well, "I love living here so much and the Artisan Center and other

Linda encourages new residents to visit the SCOV Gift Shop where they can see the plethora of originality that has been created using the community's Artisan Center facilities.

Mary Murck, a seven-year resident, related that the Artisan Center was a factor in her and her husband's decision to move to SCOV. The "equipment, learning from one another, access to materials and space to work" facilitate their

creativity. Mary is a member of the Clay Club and her husband, Michael Knott, participates in Woodworking and Silversmith and Lapidary. Mary's advice to a new resident is "Give it a try! You've little to lose and, potentially, lots to gain! You never know if you have great talent, but you can also make new friends."

amenities make this a great place to be in retirement. You have to experience it to understand all SCOV has to offer."

Stop in the Gift Shop where you'll see hand-crafted items made by resident artists, much of it made in the artist studios of the Artisan Center. The shop is open Monday-Friday, 10 AM-4 PM, and Saturday, 10 AM-1 PM. The Arts & Crafts Festival will take place in the Artisan Center Courtyard on Saturday, November 13, 9 AM-3 PM.

Administrative Customer Service

Our General Manager continually challenges us to keep customer service in the forefront of our training, discussion and work practices. The Administrative department meets weekly, and in most of those meetings, there is training on customer service. We are intentional about making sure that when you leave our office or hang up the phone with us, you know your concern has been listened to and addressed in a respectful, caring manner. The Administrative department's mission statement is: "Valuing people as we facilitate a positive, healthy, active lifestyle!" You are our priority. Staff wants to help you enjoy this healthy, active lifestyle offered in SCOV. The statement surrounds the doorframe as you walk into the Administrative lobby. It's a reminder to us and a promise to you.

Giving Thanks

It seems sad that many only feel the need to give thanks at Thanksgiving. Many of you may remember the article that I wrote about eight years ago. I had on my badge that stated I work at SCOV when I ran an errand. The clerk saw my badge and she stated, "You are so lucky to be able live in SCOV. I hope my husband and I can afford to live there some day." Her comment humbled me. SCOV has so much to offer that we sometimes forget all the good that we do have. I will be spending Thanksgiving with my family in the Chicagoland area. May your Thanksgiving be spent with those you love or care about.

Welcome Back Seasonal Residents

Many returning residents will be planning new projects in the coming months. Please remember, if you are thinking of changes to the exterior of your home, you will probably need some kind of submittal approval. Since Covid, we have been accepting these submittals digitally through our website rather than in person at the Welcome Center. If this seems daunting, we are happy to help you through the process.

Go to www.suncityorovalley.com and sign into the website. If you have not already registered, you must do that first. Click on Members > Member Services > For Your Home. Click on either Start House Paint Submittal or Start Submittal for Everything Else. Fill out the needed information and you are halfway there.

Once we receive your request, you will receive communications on any submittal from scoroval@ciaramail. Please add that email address to your contacts so that those notices do not go to your junk mail. For a submittal on any project besides painting your house, we will send you a plot plan and the correct submittal form. Follow the directions including attaching support information such as sketches, pictures of materials, etc. If you are not able to scan information to attach, take pictures of documents with your cell phone and attach them that way. If you have difficulty, please contact Katy Mosier 520-917-8058.

Local author and historian Jan Cleere will speak and sign copies of her latest book *Military Wives in Arizona Territory* at Catalina Vista. Join us Thursday, November 11, 4 PM, Catalina Vista, for this special holiday event.

On November 1-10, the Library will hold a Southwest book sale. There are local books on birdwatching, hiking, plants, animals as well as travel and food. Stop by the Library and purchase a book on the great place we call home.

Beginner's Guide to Exercise

A beginner's exercise program should incorporate aerobic activity with some muscle strengthening exercises. In general, I recommend aiming for at least 150 minutes a week of moderate-intensity aerobic activity. This can be split into small increments, even if it's just a few minutes at a time. So where do you start? You can start by simply taking a walk, going for a bike ride, swimming a lap in the pool or hopping on the elliptical. Everyone should walk the dog twice a day, whether they have one or not. For muscle strengthening, you could start with light hand weights or body weight exercises such as push-ups, situps, squats, lunges and planks. Something is better than nothing, so start slow and low and aim to gradually work up to your goals. Before you reap the benefits of exercise and its positive effects on your attitude, you must first change your outlook on the importance of exercise. With physical activity being proven to improve your mental and emotional state as well as your physical well-being, there is no reason not to exercise. Remember, there is no right or wrong way to get started—just get moving!

Special Note From the Aquatic and Fitness Center (AFC)

Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC. AFC and Desert Oasis hours of operation are on page 2.

Tuesday, November 9, the AFC pool and spa will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Important reminder: Republic Services picks up between 6 AM and 6 PM on your designated trash day. You must

have your trash and recycle bins out at 6 AM or you risk a missed pickup.

SCOV has a dedicated customer service representative with Republic Services. Many of you are aware of the labor challenges the country is currently experiencing, and Republic Services highly encourages residents to email any service issues rather than telephone in order to receive the best service. Our representative can be reached at scov@republicservices.com. This email is listed on the Republic magnet you received in your annual dues mailing.

Visit our web page where you can find the following information:

- 1) Recycling: View a video and web page on what Republic takes in their recycling bins. Glass is accepted for recycling.
- 2) Holiday schedule: Check if you need to shift setting your bins out due to a holiday.
- 3) Report a problem: Missed pickup? Bin damaged? Click the REPORT A PROBLEM tab, fill out our form and Republic will receive a copy.

Architectural Review

Kris Ahlstrand 510-693-5502 ARC@suncityorovalley.com

Zoom meetings Second and Fourth Tue., 2 PM

The Architectural Review Committee (ARC) continues to remain extremely busy with a minimum of 15 submittals to review at each of our twice-a-month Zoom meetings. Residents who submit complete applications gain speedy review and approval of their project. One way to ensure a complete application and a project that meets the Development Standards for a Permanent Improvement is to have a pre-submittal meeting with ARC representatives. Before you begin preparing your application on the SCOV website, take the time to read all the directions, especially the specific items that must be included with your submittal. Use the drop-down menus: Members > Members Services > For Your Home > Start Here.

The ARC members devote many hours year-round reviewing projects and then discussing them in Zoom meetings held every second and fourth Tuesday at 2 PM. We encourage anyone who is planning a project or just interested, to join us online. The link to our meetings can be found on: Members > Committees > Architectural Review > Read More > Join ARC's Zoom Meeting.

Artisan Center Renovation Task Force

Chair Tim Kelley tkelleyscov@gmail.com

See SCOV calendar for meeting dates, time and location

The Artisan Center Renovation Task Force (ACRTF) may meet the first and third Tuesdays of the month as needed. The SCOV website will have current meeting notices. Vaccinated ACRTF members may attend in person; non-vaccinated committee members and all others may attend via Zoom.

The SCOV website (go to Members > Committees > ACRTF) provides the Charter for the task force. The website also provides "A Discussion of the Existing and Future Facility Requirements for the Artisan Clubs of SCOV." An informal working group comprised of representatives from each of the artisan clubs met over the winter of 2021 to research and write this discussion paper.

The ACRTF is now building on the previous work and will identify and work with an architect to develop a comprehensive recommendation for the renovation of this 34-year-old Artisan Center facility.

Keep in mind, we don't pay anything for the paper phone books, and we have no control over the publisher or the printer. The publisher received our files in early September. As I write this, we still don't have a delivery date. "This Week in SCOV" email will have any updates when I get them.

In the meantime, I can't wait until you see Paul Livingston's terrific cover photograph. As always, choosing the cover is extremely difficult from the many photos that are submitted for consideration.

The online directory is updated monthly, thus always has the most current information.

To update your listing in the directory, the preferred method is to complete the online form "Change your directory listing." Otherwise, you can fill out an orange card at the Welcome Center.

Consumer Referral - Vendor List

Susanna Moran scovconsumerservices@gmail.com

The Vendor List is on the SCOV website. After logging in, go to Members > Member Services > Consumer Referral Vendor List.

The Vendor List may also be viewed at the monitor's desk at Catalina Vista during business hours (during Activity Center renovation). Please check the Vendor List often, as changes are made frequently.

Vendors should email Susanna Moran to inquire about applying to be on the Vendor List.

Finance-Budget

Chair Tim Kelley tkelleyscov@gmail.com

Quarterly Zoom meetings on Mondays. Check SCOV calendar for dates and times.

The Finance-Budget Committee (FBC) meetings are held quarterly. The current FBC practice is for vaccinated FBC members to attend in person. Non-vaccinated committee members and all others may attend via Zoom.

At times, when necessary, the FBC will meet more frequently (e.g., budget preparation, audit results, and when information is requested by the Board of Directors). Find meeting dates, times, location and information on the SCOV website. Current financial information is also available on the website.

As our community is beginning to become more active with seasonal residents returning, we want to remind you of the Friends of the Library (FOL) membership. The Library is funded by this membership, donations and fundraisers like the Home Tour scheduled for February 2022. Your FOL membership gets you into the Great Reads and first day sale of the Home Tour tickets. Membership is \$15/sgl and \$20/family through the Library. If you sign up as a new member in November, you get November and December for free.

For our FOL members only, we have the Great Read on Wednesday, November 17, 10 AM-Noon, Catalina Vista/Mt. Kimball and Pusch Ridge Rooms. Please mark this date on your calendar.

A big thank you goes to the FOL members who contributed to Kate Cusumano's Memorial Retirement Fund. You raised just over \$1,000 which will be donated to the Library in Kate's name. Kate will work with our new Librarian, Michelle Mooney, to determine how it will be spent.

You all make our Library a special place in our community.

Cathy Winje, left, and Trisha Bergen

The Gift Shop sponsors the Arts and Crafts Fair on Saturday, November 13, in the Artisan Center Courtyard. Be sure to check out the work of our own resident artists.

Featured artists in the shop this month are Trisha Bergen and Cathy Winje.

Trisha majored in art in college and traveled the world. She lived in Taos, New Mexico, before moving to SCOV and is absorbed in glass fusing. "Brightly colored dichroic glass is fantastic and a joy. Every bit of glass is hand-cut and hand-shaped. I layer and fire the glass in my kiln, working with it several times until I see what I love."

Cathy's plates are a creation out of boredom on a cold Chicago winter day, scrap material from sewing pillow cases, glass plates and Mod Podge. She was hooked on making these decorative plates from the start. "I put treats on them, wrapped them in plastic and gave them as hostess gifts. These plates need to be handwashed."

www.SCOVLites.com

The Holiday Lights Committee has once again been busy all year gearing up for this season's expanded light exhibit. Thanks to the Foundation, HOA and private donors for helping make this year's display an even more robust show than ever before.

However, the project does have costs; we are relying on donations and volunteer hours to coordinate the project and to make the decorations. This year there is an exciting fundraiser offering residents a chance to enhance their holiday spirits by visiting the homes of seven of SCOV's most generous inhabitants. Each homeowner welcomes visitors inside their beautifully decorated homes showing off their creativity and inspiration for your own home.

Homes will be open on Saturday, December 4. Masks are required for the tour. Call Linda Bretz with questions 603-459-4219, and be sure to check our new website for further details at www.SCOVLites.com.

Loan Room - Community Assistance

Chair Gay Russell
Third Thu., 3 PM, WC1; Loan Room hours: Tue., Thu., 8-9 AM
www.suncityorovalley.com/members/services/loan-room/

Our community is getting busier with the return of many residents, so it is time to reserve tables and chairs for get-togethers or extra beds for guests. The Loan Room has many items, but with fall and winter holidays coming, it is good to make reservations up to two months in advance of your needs to be sure you get what you would like to use. We also have many medical items available for slightly longer loan times than equipment for guests. Our children's items are more limited in quantity, so we recommend reservations for toys, car seats, high chairs and Pack 'n Plays during the holidays. The website is available for reservations but they can also be made at the Loan Room on Tuesdays and Thursdays, 8-9 AM. Please come and see what we have for SCOV residents.

Long Range Planning

Chair Sharon Kennedy kennesk@comcast.net
Second and Fourth Wed., 10 AM, on Zoom

The purpose of our committee is to develop and recommend to the Board a rolling 5-to-10 year plan to maintain and further enhance the quality of life for current residents, while ensuring SCOV remains competitive in attracting additional active, involved people to our community. Committee documents, past agendas, minutes and our Request Project Consideration form are available on the SCOV website. Our meetings are open to all residents.

Neighborhood Pride

Chair Tempe Johnson 520-825-6994
Third Tue., 2 PM, WC3

Sincere Thanks

Neighborhood Pride issues sincere thanks to all homeowners who:

- keep trees trimmed so stop signs are visible
- keep trees trimmed up high off sidewalks
- keep plants trimmed back off sidewalks
- keep their yards weed-free, neat and tidy
- make sure all lights are burning in house number plates

Not often enough do we say thank you to the people around us. Perhaps, as homeowners, we should say an occasional thank you to our neighbor who borders our personal property. If, when he has his own yard cleaned up by a landscaper, he includes part of yours, which may have a problem caused by his foliage, it just might deserve a thank you.

Thanksgiving is a good time for our committee to sincerely thank all homeowners who take pride in their own personal property and work diligently to keep our entire community a beautiful place in which to live.

Posse

Chair Linda Simón 520-789-7169 posse@5LP.com
First Tue., 3 PM, Desert Oasis (no meetings until further notice)
www.scovaz.com/committees/posse/ (must be logged in first)

November is the month we gather at Thanksgiving and express how thankful we are. We are all thankful for our family, friends and good health. I'm also thankful for our wonderful SCOV volunteers who keep our community going through the many volunteer hours they donate. The Posse is another group of amazing volunteers who help keep our community safe. I realize we have been unable to provide services during the Covid pandemic; however, I know we still have a group of dedicated volunteers willing to donate their time once we resume patrols. The silent volunteers who watch out for their neighbors are another group I'm thankful for. I hope you all celebrate Thanksgiving with the ones you love. Happy Thanksgiving to all.

Properties

Chair Rich Oaks richoaks114@gmail.com
Third Thu., 9 AM, WC1 and via Zoom

The solar energy systems installed five years ago at various SCOV buildings continue to produce electricity and reduce the Association's utility costs and reduce our community's carbon footprint. The project, valued at \$1.2M in 2016, was developed and installed with no cost to SCOV.

The Association has an opportunity this year to purchase the systems from the current owners. The Board-appointed Solar System Purchase Task Force conducted an exhaustive study within the past year and found that purchase of the solar systems was financially beneficial to SCOV. The lower costs for electricity resulting from SCOV's ownership, will repay the purchase price of \$664,413 in approximately six years. Upon review of the study, the Board approved the purchase of the systems effective November 1, 2021. The Properties Committee unanimously supports the purchase of the solar systems.

Our recent meetings have been in person and via Zoom. Please see the calendar on the SCOV website for scheduled meeting dates, times and meeting format.

Each month at least 100 articles are submitted to be published in the next issue of the *Tipster*. We editors greatly appreciate submitters from the Association and clubs who use the "Guide to Submitting *Tipster* Articles" on the SCOV website: News & Info > Tipster > Submitter's Guide & Standards.

For example, you can help us out if you use the form: Day, Date, Time, Place, when you are listing meeting information, e.g., Saturday, February 11, 7 PM, Catalina Vista. Remember, the deadline for submission is the eighth of the month.

Our annual Welcome Back Fiesta Club Fitting Day party with our famous barbeque is on Friday, November 5, from 10 AM-2:30 PM at the driving range. It includes golf equipment from Srixon, Cleveland, XXIO, Titleist and more, along with footwear and other vendors. All will be available at special discounted pricing.

Our men's and women's golf clubs are in full swing now. For information about any of the clubs, go to www.theviewsgolfclub.com and click on Join, then Leagues, to get further information.

The annual Pro-Member Invitational is Monday, November 15. We invite one professional and an amateur from another golf club to join two of our members or residents. For more information and registration, check with the Pro Shop.

As a reminder, our golf cart policy is two golf carts per group. Any additional carts in the group will need to remain on the cart path. Only two carts will be allowed in the fairway or rough at a time. Please follow cart signs and keep all four tires on the path around the tees and greens. If you have any questions, contact the Pro Shop or read the monthly "Tee to Green" newsletter.

Visit the Pro Shop or our website for more information about participating in our fun club activities like Chip & Putt on Thursday afternoons. Also, don't forget every Friday and Saturday, starting in November, we have the Barbeque Grille at the turn between the hole #9 green and the hole #10 tee from 10 AM-2:30 PM.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

Since the fairways were not overseeded this year, the Golf Course Maintenance Department will be very busy working on several projects throughout the winter months. Not mowing, fertilizing or watering the overseeded grass will free up time to concentrate on

items that often get neglected on the priority list.

The first item will be some extensive bunker maintenance. The rocks and debris that have contaminated the bunker sand over the years will be cleaned up as well as possible. Then new bunker sand will be added to make the bunkers softer with easier playability. The new sand will be the same sand that was used in the new bunkers built during the greens renovation last summer.

Another project will be thinning desert areas around tee complexes. Over the years, the trees and cactus have reduced the visibility of the fairways from several holes on the back nine. On hole #13, the cholla cactus has grown to the point the left tee box can't even see the fairway anymore. The trees on the left of holes #15 and #18 have created issues with blocking the sun from the tee boxes to forcing the tee markers to be placed farther right to see the fairways.

Wet areas around green complexes will be addressed this winter as well. The new greens require irrigation even when dormant. This irrigation is creating wet areas around the col-

lars. The worst areas are going to have drainage installed and sprinklers adjusted to minimize the wet conditions.

Golf Advisory

Chair Eileen Buskirk 206-450-6146 SCOVgolfadvisory@gmail.com

Sep.-May, first Wed., 2 PM, WC3

League play is back, and we're starting to see the impact of not overseeding the golf course. One of the benefits promised was better fall play with no time off and no cart path restrictions. As promised, fall play was fabulous. One of the disadvantages discussed is the wearing out of the dormant grass. Mike Kropf will be evaluating this continuously during the winter months. To protect the fairways, he will implement ways to direct cart traffic. There will be signs showing where to enter and exit and painted lines meaning, "No carts beyond." There will be stakes and ropes. Some days there may be "Carts on Path this Hole" signs. It is critical all golfers follow the directions. Player's assistants will enforce these restrictions. Surveys will be available for every golfer following every round for input regarding the impact of not overseeding on their golf experience. These will be compiled every two weeks to evaluate the changes in playability and customer satisfaction. Positive attitudes during this time are appreciated.

- 18-Hole Men's Golf is a great way to start each Wednesday.

Play Thu. morning

The Men's 9-Hole League began the 2021-2022 season on October 7, an earlier than usual start. This was possible because The Views did not close for overseeding this year. There will not be the usual cart path-only restriction for the two weeks after reseeding, so play will be great.

The addition of the new Views app for mobile phones is a great resource with GPS distance and scoring, making for better and more accurate play. Who knows, this new app may make everyone a much better golfer.

Buddy Day and the first league meeting are fast approaching, with the only issue being our ability to find a place to meet. We are working that issue hard and will get it solved as well as confirming the date. Come join us.

The start of our season has arrived with our first golf format being a Four-Person Scramble Tuesday, November 2. We are pleased to have Pat Stark as the handicap chair for our club. The great thing about using a handicap is it allows golfers of varying abilities to compete against each other in a fair match. This system was adopted by the USGA in 1912. Pat is here to answer any questions and assist, if needed, as it pertains to your handicap. If you accidentally post an incorrect score, which happens from time to time, please contact

Holiday Door Decoration Contest

We have had requests to bring back the Holiday Door Decoration Contest since many of our residents do not have golf carts for a parade entry. Entry form for door contest is in this *Tipster* and contains all the information you will need. Entry forms must be submitted by Monday, December 8, 3 PM.

Institute of Learning in Retirement (ILR)

Samplers begin at 2 PM on Zoom, and you must be an ILR member to access the programs. To join the club, please go to www.suncityilr.com for complete information.

Kuddles for Kids

From November 1 to December 1, Seniors for Kids invites all SCOV residents to unite and donate new stuffed animals (no larger than 18 inches tall). These Kuddles will be given to agencies who serve fearful children across Southern Arizona so they can feel the hugs that all of SCOV wishes them in their time of need. In 2019, we gathered and distributed over 400 Kuddles to police, fire crews, hospitals, Toys for Tots, AVIVA (foster care), Emerge! (domestic abuse), Tu Nidito (no child grieves alone) and more. Last year, the pandemic had its way and kept us from collecting.

If it is your wish to donate, there will be a large bin located by the doors of the AFC and smaller collection boxes in other buildings. May you be blessed this year.

Tucson Museum of Art (TMA) Talks

Due to the remodeling of the Activity Center, the TMA Art Talks, usually held on the second Tuesday, October through April, have been postponed until the center is completed and we can resume meeting in a regularly designated SCOV venue. Although Zoom meetings were substituted in 2020-2021, participation was low. This popular SCOV activity is more successful with audience participation, and we regret this postponement.

The photo above takes us back down to scale model size with a local switch engine in the striking green and yellow colors of the Chicago and Northwestern Railroad. It's pulling a string of grain-filled covered hopper cars from the local storage elevator at the new town of Farmington on our model railroad. You can see the neighboring farm fields in the distance, a sight familiar to all who've travelled across middle America. Bob Underland built the elevator and Dave Scoles the adjacent warehouse.

The Sculpture Club offers a beginning sculpture class on the basics of creating a sculpture with polymer clay. Students learn about working with the clay, creating an armature, brazing wire for the armature and applying the clay to complete a sculpture project. After the class is completed, learning continues as experienced club members offer support, guidance, ideas and instruction. Aleda Haug also teaches more advanced classes on sculpturing human bodies. Aleda shares relevant tutorial websites on sculpture techniques.

Business meetings at Catalina Vista, First Thu., 8-9 AM; no meetings May-Sep.

SFK is a 501(c)(3) tax exempt organization

Our first fall business meeting was October 7. We look forward to a successful year of giving and sharing during the holiday season. We planned a year that will make up for the 2020 pandemic.

Though Seniors for Kids makes a bunch of toys, they are not only a group of creators. Tom and Laura Held routinely make trips to the Tri-Community Food Bank with deliveries of food, hygiene items, household goods and donations of basic needs. We have given monetary donations to Tu Nidito to support their volunteer programs of grief counselling. We sponsor the Kuddles for Kids project (watch for more information to come) that unites all of SCOV in collecting stuffed animals for AVIVA, Three Points, Mammoth and other places where children need a warm hand to hold.

Maybe you would like to join us at our next business meeting.

Sun City Vistoso Foundation will be soliciting donations soon from the residents of our community. A couple years ago, Casa Amigas received money from the foundation to continue our mission of serving children at risk. Without that support, Casa Amigas would not be able to continue making pajama sets, newborn sleep sacks, crib sheets, quilts, blankets, capri pant sets and more. We want to thank the Sun City Vistoso Foundation for their generous contribution to our sewing group. Everything we sew, serge, embroider, quilt, knit and crochet goes to several community organizations where the need is great and never ending. Please consider donating to the foundation knowing your money goes to great causes.

Cheer Bears

Pat Norton 480-993-8762 panpan9803@yahoo.com
Wed., 1-3 PM, Artisan Center/Sewing

We are still embroidering faces, sewing bodies, stuffing them with love and filling the shelves for the next set to march out to new families. Nothing has really stopped us this year. Life is good and spirits are up. We are looking forward to joy with excitement.

We are back to our normal schedule to put all our love in the little bears we create and children love. Please come join us so no one is alone. We have listening ears and lots of love to share with more than just the bears. Smiles to everyone.

If, in your sorting and cleaning out, you find you have some polyester fiberfill, we need it to plump up the tummies of the bears. Donations are always accepted.

Welcome back to you who have been gone during the summer months. I have a feel-good project for you. Why not join us Tuesday afternoons for cutting up fabric to make those cute beds for animals at the Humane Society? The time goes by faster when there are more of you working together. Some fabrics are wild, but I say the dogs won't know the difference. If you have some larger pieces of fabric to make the actual pillow cases, please contact me.

Carol Guibert 520-404-1462

Second and Fourth Tue., 1 PM, Desert Oasis/Ocotillo

This month Janet Pugh will be giving a class on "Dimensional Designs for Art Quilts," which will be held on Thursday, November 18, 1 PM, Sewing Room. Janet will show the class project at the November 9 meeting when signups will be taken. Also at the November 9 meeting, there will be signups for the annual challenge luncheon Thursday, November 11, 11 AM, Catalina Vista. This is the event when we submit our Covid challenge quilts.

Here is a photo of our Opportunity Quilt for this year. Tickets for a chance to win are available from any club member. All money raised will be given to Tri-Community Food Bank. The winning ticket will be drawn at our quilt show, February 27. Since we weren't able to have a quilt show last year, we hope this will be a huge success.

Locker hooking tool and stitch vs. traditional hooking

This picture shows locker hooking on the left and traditional hooking on the right. Each form of hooking uses different tools and materials. However, they are similar in certain ways. Both tools have a crochet hook at the end; however, the locker hook tool includes an eye for the cord to be pulled through the loops. Both techniques use a backer material with holes for the loops to be pulled. Locker hooking uses latch or locker hooking canvas which has approximately 1/4 inch holes whereas traditional hooking uses rug warp with much smaller holes. Both techniques use various materials for the loops such as roving, wools strips or yarn to just name a few.

A new member of Show 'n Share is Julie-Anne Anthony. You may recognize her as a very active member of the Clay Studio and the Art League, where she is treasurer of both clubs and handles correspondence and some of the website for Clay. At home, Julie-Anne weaves on several looms, knits, crochets and weaves tapestry. Somehow, she finds the time to join us Friday mornings and share her love of spinning. When we look up from our work, we find her smiling at us as she magically spins raw material into silken thread. Julie-Anne can also be found playing roadie for husband Patrick, drummer for Total Recall, a group you may have heard playing in SCOV gatherings. Stop in to watch Julie-Anne and the other members of our group. We would love to inspire you to join us.

Silversmith and Lapidary

 Shop hours: Mon.-Fri., 9 AM-Noon, 1-4 PM, when monitor available.
 Monthly meetings the first Mon. of each month, 3:30 PM, Artisan Center/Silversmith Shop. New member trainings and member workshops will be posted.

This month's featured artist is Bill Reimbold. He made each of these unique bracelet cuffs during the Covid break. He used the silver overlay method, design stamping and shaped them on a trailer hitch ball. One has a rectangle of sugilite he cut and bezel set. He oxidized the silver to give each an antique look, then polished them to a semi-gloss finish to also provide a sense of antiquity. Nice! More unique pieces from regular club members can be found in our display windows in the Artisan Center courtyard.

Members, look for emails about updates and changes now that the shop is open on a more regular basis. As always, we need your participation in shop operations.

Many members of our woodworkers club are just beginning to work with wood. Others have many years of shop experience. Today's featured woodworker is one of the latter.

Richard Esteb comes from the Bay Area. He moved into SCOV this past May and immediately became a Wood Shop monitor. He ran a cabinet shop business for two decades before becoming a licensed architect 20 years ago. Although he still loves working with wood, he has spent the

past two decades designing residential remodels as Easthope Design, continuing to this day.

A new member orientation is held at the Wood Shop the first Wednesday of each month at 4 PM. Call Bill Norton for further instructions. Club dues are \$20 annually. Current hours: Monday-Friday, 9 AM-4 PM. If you have questions or need more information, please visit the website or call an officer.

Poets Corner

Sharyn Rafieyan 520-331-1092 srafieyan@comcast.net
Mon., 10:30 AM-12:30 PM, WC1

Fine-tuning a poem often involves the excision of unnecessary words or the reduction of the poem to its essential essence but, long or short, words are carefully selected. Club member Harvey Gardner has a special talent for long, biographical, mostly humorous story poems, but the following exhibit his additional mastery of brevity:

"Butterfly

I see you Monarch lick your power / from the sweet mouth of a flower / staggering around the sky, like a drunk the way you fly, / rushing in a zig-zag way, never see the need to stay, / living out your carefree life without a job, a home, a wife.

Prayer

Make of my tongue a cello bow and of each tooth a string and may my lips an oboe be and breath a violin. As music then my speech will flow, of poetry I'll sing."

Next meeting, Sat., Nov. 13, 1 PM, Zoom

In these contentious times, we want to speak to the issues and also speak with those with whom we may disagree. We're still trying to find common ground in our democracy.

In Arizona, our citizens have the fortunate opportunity

to communicate with our legislators through their system called "Request to Speak." At our November meeting, Civic Engagement Beyond Voting will provide us with an orientation and instructions to utilize this system to speak to the issues during the Legislature's next session in 2022. We hope many of you will want to get ready.

Also this month, we will send a questionnaire to our club members to learn how we can all make our Zoom meetings even better. Except for our in-person social gathering in January next year, we will continue to meet on Zoom.

The fall season kicked off with our annual membership meeting and Sweetheart Dance at Catalina Vista.

Dance lessons are continuing on Wednesdays at the AFC Studios. Be sure to visit our website for the latest schedule of new classes along with open dance times (typically 6-7:30 PM) on Wednesdays following lessons in the AFC.

November is membership renewal time, so if you haven't yet renewed and completed your membership form, don't miss out. New members are always welcome. Dues remain only \$10/cpl residents and \$20/cpl nonresidents.

Membership allows you first access to upcoming dance tickets, along with reduced ticket price. It may be paid at the beginning of dance lessons and open dance, or by arrangement with a board member.

Keep your eyes open for the announcement of our New Year's Eve gala dance. We are planning a live dance band to welcome 2022. Tickets will be limited due to our smaller venue.

Ragu Pati, a fascinating folk dance from India. Join us and travel the world in dance

Folk dancing is a wonderful way to exercise both your body and mind while socializing in the company of a warm and welcoming group. We encourage everyone who is fully vaccinated to join us, no experience, no partners required. We review each dance prior to dancing. Keep in mind that the only mistake you can make is to not have fun. Bonus: no meetings, no minutes, no dues—just dance, dance, dance. There is even a club website which lists each week's dances along with a video link to each dance for those who like to watch or review dances at home.

Please give it a try. Questions? Come and see; check out the website or call Raven.

Dancing at Catalina Vista in 2021-2022

Welcome back everyone. We are ready to dance.

We have already had refresher classes for three weeks in October/November and a no-frills dance at Catalina Vista on October 29. We are planning a dance for November at the Hilton El Conquistador Resort on Thursday, November 18. We have also finalized plans for a dance on Thursday, December 9, at Westward Look Resort.

Look for updates from and send any questions to: KKSCOV@gmail.com. We will be dancing together soon.

Exercise

Aqua Tone

Irmel Wheeler 520-334-0957 irmel5596@gmail.com

Marcia Polley 520-818-9073

Tue., Thu., Sat., 9 AM, AFC/Pool

Aqua Tone is a toning water workout that incorporates a variety of rhythmic body movements performed in the water. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

We meet Tuesday, Thursday and Saturday, 9 AM in the winter, 8 AM in the summer, at the AFC pool. There is no fee to join the club or the class. The teachers are club member volunteers. Being able to do a basic swim stroke is very helpful. Items used in the class are buoys, boards, noodles, balls and a fitness band (you'll need to bring your own). A band can be purchased from Marcia for \$5. We assign an experienced member to a newcomer to help with learning the various movements. You will get a good workout in a fun class.

Arthritis Water

Pres. Sherry Olivier sherryoliver55@gmail.com

Sec. Melanie Livingston meljean178@yahoo.com

Mon., Wed., Fri. 1 PM Oct.-Apr.; 10:10 AM May-Sep.; AFC/Pool

Now that the temperatures are cooling, we will not be meeting as often. But, if it is 77 degrees or just sunny and warm, come to the pool for the regular workout. Since exercise is crucial for people with arthritis, it is important to keep moving. There are many options here at SCOV, so don't be a couch potato.

Energetic Exercise

Donna Clark 970-946-1048

Mon. and Wed. 8-9 AM, AFC Studio

Fri., Nov. 5, and 19, 7:45-8:45 AM, Catalina Vista

Let's give thanks for all the opportunities we enjoy here in SCOV to stay fit and enjoy life.

Come to our classes for a vigorous and beneficial aerobic and strength workout. Professional instructor Sally Martinez provides a variety of sessions to keep your muscles strong, joints well supported, body flexible and balance secure. Sally encourages us each to work out at our own pace: "Listen to your body!"

During remodeling of the Activity Center, we meet at two different locations: Monday and Wednesday at the AFC Studio and Fridays as available, at Catalina Vista. The EE calendar and SignUpGenius both provide information on the locations and times for each class.

New members are warmly welcomed – men and women – as long as there is room. We are currently limited to 34 participants in these locations.

Annual dues are \$3. Punch card for 12 classes is \$30.

Fitness Swim

Contact: Dave Goodman goodman@sfsu.ca

Tue., Thu., Sat., 6:45-8 AM, AFC pool

The Fitness Swim Club provides a vehicle for swimmers to participate in a group swim workout. We generally go 2,400 to 3,000 yards per workout, mostly freestyle. Some do more, a few do less.

Workouts are suitable for master swimmers, triathletes and those who would just like to participate in swim workouts. Please ensure you have medical clearance to partici-

pate in vigorous physical activity prior to joining. We welcome new members.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

The SCOV Pilates Club offers group mat classes at the AFC on Mondays, 3-4 PM, and Thursdays, 1:30-2:30 PM. Each class participant is striving to increase their core strength. Core muscles are deep abdominal and back muscles that help you stabilize your pelvis and spine. The Pilates exercises are simple and each class begins with warm-up exercises, stretching and deep breathing. The instructors oversee us at all times. They modify the most strenuous exercises for anyone with limitations. These classes result in benefits that can't be beat: better balance (fewer falls), more flexibility (joints move again), increased muscle tone (you're stronger) and more energy and well-being. The cost is \$8 cash per class and 2022 annual club dues in January will be \$20 pp. Call Mary with any questions.

Tai Chi

Co-chairs Alice Hutchison 520-329-8090 ahutchison87@gmail.com

Cynthia Chaffee 520-342-6437 cynthiachaffee@mac.com

Thu., 10-11:30 AM, AFC/Studio 1

A 10-week tai chi class for all students began October 7 and continues through December 9. A new 10-week class will begin on January 6, at the same time and place, 10-11:30 AM, AFC/Studio. These classes are led by tai chi masters Jose Hernandez Rivera and Donna Drazenovich. All first time students need to call Alice Hutchison for further information.

Tai chi is an ancient Chinese tradition that involves slow, focused movements. Because of the benefits for balance, strength, and improved breathing, it is an exercise especially suitable for seniors.

Yoga

Pres. Jan Wholey 520-638-7088 suncityyoga2018@gmail.com

There are different word games which are employed to help patients recover. Scrabble is one of the games chosen as a tool for brain injury recovery; patients using word games have acknowledged noticing faster recovery in thinking and other cognitive abilities. Aging and chronic health issues such as high blood pressure and diabetes decrease seniors' cognitive abilities. Word games can be enjoyable and friendly. Aside from the rides, our members enjoy our very useful website, including a searchable member directory, club classifieds, online ride schedule, cycling resources and more.

We offer several hundred scheduled rides year-round, among four different ride sub-groups, from 20-60+ miles, to cafe destinations within Tucson and nearby towns, utilizing both pathways and roadways. Occasional away rides are offered as well. Our cafe stops offer coffee and conversation, greatly enjoyed by our members.

The club has e-bike, mountain biking, and Women on Wheels sub groups. There's also our club newsletter email, each month.

Birders Group

www.scovbirding.wix.com/birdersgroup
Next meeting Fri., Nov. 26, Catalina Vista/Art Studio, 4 PM

The greater roadrunner, a member of the cuckoo family, is sometimes called the "All American Bird" because of the red, white and blue plumage in back of the eye. It eats mostly lizards and snakes but will snag a bird if it gets a chance, including hummingbirds.

With eyes on top of their head, the hummers may fail to see the danger below.

Oh, and roadrunners don't go beep, beep.

We are a 90+ member, activity-oriented group, and all SCOV residents are invited to join us on our field trips to learn more about the birds here in Arizona. Below is a list of upcoming bird outings. If you are interested in going on any of these, be sure to contact the trip coordinator for details at least three days in advance and ask to be added to our mailing list.

Hello fun. Welcome men and women. No experience necessary. Bring your own equipment. Easy to learn. The more you play, the better you get. Did you know seniors 70 and older pitch from a shorter distance with less effort and more accuracy? The shorter distance also makes the game more fun for women. YouTube has several videos of everything related to horseshoes. Check it out.

Good exercise, good people and friendly competition.

Pickleball

Pres. Tony Masterjohn tmasterjohn15@gmail.com
VP Training Doug Brown wizisland@comcast.net
Sun.-Sat., 8 AM-9 PM www.scovpb.org

One seldom has the opportunity to celebrate someone's 80th birthday on the pickleball court. But we did just that when we wished Jim Fleischer a very happy birthday with cakes, balloons and singing. Jim has been playing pickleball since 2015, after moving to SCOV in 2013 with his wife. Not only does he play pickleball three times a week, but he also plays tennis three times a week, and has been for 65 years.

Jim Fleischer's birthday party

Jim is notorious for letting his opponent know when the ball is out.

Actually, everyone on all five courts will know when Jim has called a ball out. Not only is Jim a great pickleball player, but a good neighbor who keeps his eyes open for anything amiss, which is very helpful.

You are an inspiration, Jim, to everyone you play with. Happy birthday. Remember you are never too young to play pickleball.

With the return of many seasonal residents, Tennis Club members are enjoying reconnecting with friends. One such opportunity, if possible while the pandemic continues, is the club's annual general meeting and social,

Rich, showing how you should never let the ball hit the water

Ideal temperatures have returned along with our seasonal members, time for them to get the kinks out by getting back to our fun-filled games. Our club motto is: "Go For It and Never Let the Ball Hit the Water." If you are new to the game you can play twice before deciding if this sport is

right for you. Our yearly dues are only \$5, such a small amount for lots of laughs and the chance to improve your agility and coordination. It's important to keep your eye on the ball at all times as you never know when it's coming your way.

Our annual meeting and holiday event will be Sunday, December 10. More information will be sent to members next month. Save the date.

"SHE SAVED MY LIFE"

Oro Valley resident Dawn R. had been experiencing the painful side effects of Peripheral Neuropathy, "my feet and legs were extremely painful and my doctor told me there was nothing they could do. That I would have to take Gabapentin for the rest of my life." Then she met Oro Valley's very own Kari Hahn, L.Ac.

Peripheral Neuropathy is the pain, discomfort and numbness caused by nerve damage of the peripheral nervous system. Dawn explained that daily tasks like opening doors and using the bathroom were overwhelmingly painful. "How can you live for the next 30 years when you don't even want to get out of bed to do simple things?"

She was experiencing the burning, numbness, tingling and sharp pains that those suffering with neuropathy often describe. "The way that I would describe it, it's equivalent to walking on glass." Dawn hadn't worn socks in five years and was wearing shoes two sizes too big so that nothing would 'touch' her feet.

Unfortunately Dawn's story is all too familiar for the over 3 million people in the U.S. suffering from Peripheral Neuropathy.

If you're unfortunate enough to be facing the same disheartening prognosis you're not sleeping at night because of the burning in your feet. You have difficulty walking, shopping or doing any activity for more than 30 minutes because of the pain. You're struggling with balance and living in fear that you might fall. Your doctor told you to 'just live with the pain' and you're taking medications that aren't working or have uncomfortable side effects.

Fortunately, four months ago Dawn read an article about Kari Hahn and the work she was

doing to treat those suffering from Peripheral Neuropathy, without invasive surgeries or medications.

Kari Hahn, founder of Oro Valley Acupuncture, is using the time tested science of Acupuncture and a technology originally developed by NASA that assists in increasing blood flow and expediting recovery and healing to treat this debilitating disease.

"Now when I go to bed at night I don't have those shooting pains. I don't have that burning sensation. I don't have pain coming up my legs," Dawn enthusiastically describes life after receiving Kari's treatments. "I can wear socks and shoes!"

Dawn and her sister now operate a successful dog walking business, sometimes covering up to 5 miles a day.

"It's life altering. As far as I'm concerned Kari saved my life!"

Kari Hahn has been helping the senior community for over 17 years using the most cutting edge and innovative integrative medicine. Specializing in chronic pain cases, specifically those that have been deemed 'hopeless' or 'untreatable', she consistently generates unparalleled results.

What was once a missing link in senior healthcare is now easily accessible to the residents of Oro Valley.

If you've missed too many tee times because of pain or you've passed on activities with the grandkids because you're afraid of falling, it's time to call Kari and the staff at Oro Valley Acupuncture.

**It's time you let your golden years
BE GOLDEN!**

Oro Valley Acupuncture is now accepting new patients but only for a limited time. In an effort to protect her patients, both current and future, she has made the difficult decision to limit the number of patients seen in her clinic. Only 20 new neuropathy patients will be accepted before the end of the year so **call (520) 532-2012** now to schedule a consultation.
