Onward and Upward

by Robert Hefner

As I write this article the votes on the Aquatic and Fitness Center (AFC) project are yet to be counted. But as you read it the outcome will be known. Whatever the outcome, this past year has been exciting and somewhat tragic for our community. The level of volunteerism and involvement in the AFC project, both for and against the project, has illustrated how active our residents can become in our community. While no proposal is ever going to receive unanimous approval, healthy discussion and debate generally lead to the correct outcome. The level of rhetoric and actions by some in our community on the AFC project has been unbecoming and out of character of our community. I only hope that we can now put all of that behind us and return to the friendly and homogeneous community we have all come to love and respect.

Bob Mariani - General Manager

The Year in Review

by Bob Mariani

Now that the vote on the AFC is history and the Board election has taken place I want to take this opportunity to review some of the Association activities in Sun City Vistoso over the past year.

Every year at least a few projects are completed in the community. During the past few months, we've seen new paint, tile and carpet installed in Catalina Vista; tee box signs installed on the golf course; the golf course bunkers were rebuilt among other projects. As a result of continual refinement to our project management process, these and many other smaller projects were completed well within budget and in a timely manner.

Of course the largest project was the planning process for the AFC. Although no physical changes took place in the community in regard to the AFC, there were countless hours of volunteer and staff time dedicated to development and communication of the proposed project. Expenditures were also necessary as a part of this planning process yet the Board was careful to approach these in a very frugal manner. The alternative to the approach that was taken would have resulted in an expenditure well in excess of \$100,000 for complete architectural plans. The approach used was at a cost of \$15,000.

In addition to the various projects that were completed, many actions were undertaken that benefit the Association. For example: a Communication Committee was formed to help improve communications with the membership; a committee recruiting program was continued and enhanced in order to encourage more residents to become involved; an Emergency Preparedness Committee was formed to develop a plan for the Community; Town Council members were invited to attend the Board Meetings on a rotating basis so that Town updates could be received and the Town/Association relationship could be enhanced; the preapproved landscape contractor policy was amended to streamline approval for common area maintenance and an Active Health Committee was formed to develop health and wellness programs.

In addition to the above, many improvements were made in Administration, golf, Café, marketing and other areas of operation including many cost saving measures. All of these improvements and actions, that are outlined above, will play a role in enhancing an already excellent community.

Aluminum Can Donations: Put those aluminum cans to work for Sun City Vistoso. Deposit only empty, clean aluminum cans in the box outside the Social Hall kitchen. For safety reasons do not deposit unrinsed cans which attract bees and may become a hazard.

In March we delivered 460 pounds of aluminum cans which netted the CAC \$313. Fiscal year-to-date we have received a total of \$2,567.

The Community Assistance Committee is an Association sponsored group which operates the Loan Room. It is located at the end of the Cart Barn and provides

equipment for Sun City residents for temporary medical needs, beds for adults and children, tables and chairs for parties and some equipment and toys for children. The Loan Room is open Tuesdays and Thursdays, 8-9 AM. Reservations can be made for needed items by calling 917-8052 or 825-3711 ext 128 on Mondays, Wednesdays, and Fridays, 8-9 AM or at the Loan Room when it is open. The Loan Room is funded through donations, profits from recycling your aluminum cans and the annual Pancake Breakfast.

Conservation and Energy Committee

Co-Chairs Beverly Browne 825-2921 and Ed Kennedy 825-3659
First and Third Tuesdays, 1 PM, Vistoso Center/Yaqui

At our recent ILR Course, we learned from the UofA professionals that the average Arizona person uses 102 gallons of water/day. For a family of two this averages out to 6,205 gallons/month. Since your water bill gives your usage in thousands of gallons, this is a metered usage of six thousand gallons/month. Oro Valley Water Utility says an elderly family of two uses about seven thousand gallons/month. To conserve water, look first for leaks. Get a dye package from Home Depot or Ace Hardware and drop a little in your toilets. If the water in the bowl slowly changes color, you have a leak. Look at your water meter when you aren't using any water. If you see a slowly rotating disc or wheel, you have a leak. If you don't see anything moving, turn on a hose and you will see which one will move when you do have a leak.

Landscape

Bob Cratty 825-0157

Third Wednesday, 9 AM, Vistoso Center/Yaqui

When the Landscape Committee developed a plan for the first section of Rancho Vistoso (corner of Del Webb down to Big Wash bridge), the plan included turning the side to the right, as you go down hill, back to desert. This would make it similar to the land it abuts and like some of the other areas along Rancho Vistoso. It was felt there was no need for our community to continue to pay to have this area maintained as a landscaped area.

The Committee presented the plan and it was approved by the Board of Directors. It included removal of some nonnative plants and decorative rock, planting new native shrubs, other plants and a planting of wildflower mix. The plan calls for watering the new plants to get them established and then turning off the water forever. After that, whatever happens, happens. If a few plants die, they will be removed. There will be new volunteer plants. The wildflowers will set seed after blooming and we will enjoy the result for years, some years more than others, depending on the rains. The area will not be cleaned up after the flowers bloom like residences must be. This is now becoming a natural desert.

Our Common Area Maintenance staff and our committee hope to continue this approach for some other sections along the desert side of Rancho Vistoso. For a list of wildflowers planted please see the Landscape Committee's website: <http://www.suncity-vis->

Now What?

If you own a property that had pretty wildflowers in bloom, they have probably now ceased to be beautiful. Wildflowers are allowed in our community until they finish blooming, at which time they need to be removed. It is now time to make sure those empty pots in front yards are filled with living plants, cactus or flowers. Trim any trees or shrubs which overhang the sidewalk or street and remember, no artifacts of any kind are allowed in front or street-facing side yards, no matter how cute they may be.

Winter residents need to have their yards maintained during the summer months so the home looks cared for while the homeowner is away. Be sure to notify Administration of your summer address in case they need to reach you while you are gone. Please continue to take pride in your property even when you are not on site, so that it will look just as nice upon your return as when you left.

A Posse squad normally has two squad leaders. When longtime Posse member and squad leader Dexter Jones retired, Marian Horsley was left to organize Squad A alone. That recently changed when Pat Monson volunteered to take Dexter's place. Thank you, Pat.

In addition to Marian and Pat, our other squad leaders are Dee Bethke, Florence Duckett, Larry Hoaglund, Larry Lee, Dick Mueller, George Puffett, Marilyn Rego and John Willis. Without their dedicated service, the Posse would not function. The entire SCV community is grateful for their service. Thank you, Posse squad leaders.

Start the Wave

Admittedly at a football game when the wave comes around to my section, I smile a bit and join right in on the fun usually adding a woaaa for good measure. Our community has recently been in a contest of sorts, with the vote on the Aquatic & Fitness Center, but we now know the results. It's time to move onward and upward with our projects, and goals and as a community work together. We've worked through the process, we've perhaps agreed to disagree, but in the end when we walk past each other let's be friendly and wave (and this time I probably won't add the woaaa.)

Pam Sarpalius - Programs/Facilities Director

Monitors

Today I would like to focus on the monitor team, of whom I am very proud. There are presently 20 monitors. The total number of hours per year of monitor coverage for facilities is approximately 22,840 hours. A monthly work schedule is composed by me and given to them.

The monitors greet you as you enter a facility. They keep the buildings tidy by cleaning, filling supplies, keeping inventories, setting up rooms for events or meetings, making sure that residents only enter our

buildings and many other assignments.

Here is some history of the monitors before they became monitors. Some were managers, business owners, school principal, nurse, mailman and technology executive, to just name a few. They soon discovered that they missed the everyday interaction with people, and they don't mind working hard for their own community. SCV residents make up 98% of the monitor team.

In closing, I would like to point out that when you enter a facility room the chairs and tables are set up and cookies, coffee, water etc are out. All of these things were done by a monitor and not by magic. I hope that the community has a better appreciation of the monitor team.

Please be aware that all facilities operate on summer hours starting Sunday, April 1.

Cardio endurance exercise

- Uses large muscle groups in rhythmic motions over a period of time. This type of exercise increases your body's ability to deliver oxygen and nutrients to tissues and to remove waste over sustained periods of time. Cardio workouts get your heart pumping and you may even feel a little short of breath.

- Good for seniors: Helps lessen fatigue and shortness of breath. Promotes independence by improving endurance for daily activities such as walking, house cleaning and errands. Cardio includes walking, stair climbing, swimming, hiking, cycling, rowing, tennis and dancing.

Association-Sponsored Fitness schedule on page 8

Association-Sponsored Fitness: Purchase a punch card from the receptionist in the Administration Office, \$12.50/10 classes. You may use this card for all Sun City Vistoso-sponsored fitness classes. It can also be used for your guests. There is a \$2 drop-in charge if you do not have a punch card.

GOLF

Kim Griggs - Head Golf Professional

Just a reminder that the Pro Shop will close at 3 PM on Sunday, April 8, for Easter.

I have been noticing a lot of cigarette butts on the course and in the parking lot areas. Please be courteous and deposit your cigarettes into your own ashtrays or the receptacles provided for you. We

would like to keep Sun City Vistoso as clean and beautiful as possible.

Please stop by our fully stocked Pro Shop and check out our wide variety of merchandise. We have new and used golf clubs, golf balls, men's and women's clothing, animal head covers, sunglasses, wide brimmed hats to keep the sun off of your ears, golf shoes, etc. Annual pass holders receive 30% off and residents receive 15% off (excludes sale items and golf balls).

Since the weather is getting nicer and the days are longer, please remember that if you are a walker or a person driving your golf cart on the golf course (enjoying the views) there will be golfers still out on the golf course. Please yield to the golfers and then proceed after they have hit their shot. This is not only for your safety, but so the golfers can enjoy their paid round of golf. Thank you for your cooperation.

Gas powered golf carts are not allowed on The Views Golf Course.

Michael Kropf - Superintendent

One of the toughest challenges on maintaining a golf course is accomplishing many tasks with only a small number of employees. The maintenance crew is not only responsible for maintaining the grass, but also traps, sprinkler systems, pump station, ponds, desert and numerous other items. Most golfers are unaware of the amount of work that goes into golf course maintenance, but the 9-Hole Men's Golf Club has been volunteering their services to the maintenance department for several years.

They wanted to help on the golf course so they organized volunteers to fill divots on the tees and fairways. Over time they have created a system where these volunteers have each adopted their own hole. These people not only repair the divots, but also fix the ball marks on the greens and some even rake the traps when necessary. The work that this club accomplishes throughout the week has freed up at least two maintenance employees to concentrate on other aspects of the golf course. This directly leads to even better maintained golf course without added expense.

The golf course maintenance department also gets volunteers from other clubs that help with marking the hazards for tournaments, painting the yardages on cart paths, and helping with the weeds around the desert edges. The maintenance department would like to take this opportunity to express our gratitude for all the members who donate their time and energy to help make this one of the best maintained courses in Tucson.

Golf Advisory

Payton Davies Chair 825-5352

First Wednesday, 2 PM, Vistoso Center/Apache

Bob Mariani reported that outside golf revenues are increasing as the weather improves. Fiscal YTD rounds including Golf Now and nonresident are 3,855 with revenue of \$114,735. This helps our golfing members by keeping our golf fees as low as possible. Also discussed was the goal to increase revenue in the future by having more tee time days. Currently, only Friday, Saturday and Sundays have tee times with shotguns the other four days. The first step to achieve this would be to move the maintenance day and make Monday a tee-time day.

All clubs are discussing changing their names to incorporate "The Views". Having a course name and a different club name are confusing to both the AGA and AWGA. Also, banks will not cash club checks made out to The Views.

The Women's 9-Hole Club reported that their Golf for the Cure was very successful.

Walking the Red Carpet

by Jackie Alger

Imagine donning your classiest clothes, stepping into a stretch limo and then walking the red carpet with all the celebrities at the recent Grammy Awards. That is what Sun City Vistoso residents Paul and Shirley Chorney did when their daughter, Linda Chorney, was chosen as one of the nominees for Best Album.

The Chorneys arrived in Los Angeles on the weekend of the awards and had a chance to experience much of the excitement. One time they sat in on a recording session, where Linda performed for a Nashville producer.

Then it was Sunday, time for the glamorous Event. The day started before noon, when the proud parents attended pre-award ceremonies, where they walked the non-celebrity red carpet, while Linda strode the main one. For the major program of the evening, with Shirley in heels, they had to walk to The Staples Center. Even with VIP seating, they were located in the back. Although Linda did not win a Grammy, just being there with their exceptional daughter, who, at age 51, was able to break into this youth-dominated musical world, was thrilling. By the end of the evening, both Paul and Shirley were exhausted.

Asked if the Chorneys themselves had musical backgrounds, Shirley said that her mother and aunt had been opera singers, and she had been a classical pianist and teacher. During the 1950s she even had a radio program on the Providence, RI public broadcasting station. Paul, she added, has a marvelous voice. In fact all four of their children have beautiful voices and they play musical instruments. Only Linda pursued music as a career, writing and singing her own songs.

Although most of you will never experience an evening like the Chorneys had, you can always put on your best duds, listen to Linda Chorney's CD "Emotional Jukebox" and dream.

Our sincere thank you for your deep expressions of sympathy on the passing of Ed Hoffman on December 31. We realize through all his friendships how valuable a friend he was. We hope his exuberance for life will always be part of the memories you hold so dear.

Susan and Nella

Thanks to all the Sun City residents for their prayers, cards, good wishes and kindness in offering transportation during our Dad's hospital stay and recovery from Autoimmune Hemolytic Anemia. We learned why he loves living in this community where neighbors and friends are so kind and helpful.

The Macke Family

Thank you to friends and neighbors for all the cards and calls.

Watercolor

John Ebert 818-1830

Registration Irma Franke 825-1198 irmawf@comcast.net

Tuesdays, Thursdays, 9 AM-4 PM, Catalina Vista/Art

Perhaps you have noted watercolor paintings exhibited without glass or Plexiglas. They are creations from Robert Jennette's class, where watercolor canvas is used. The final painting is sprayed with a fixative several times to give it protection without glass or Plexiglas. One is able to see the depth of color without glare. Watercolor classes will resume for painters in the fall, so plan to join.

"One becomes in time so sensitive to color harmony that the instant one puts on a false spot of color, it hurts, like the wrong note in music," William Merritt Chase.

Monday-Friday, Noon-4 PM, Catalina Vista/Billiards

February's 8-ball billiards tournament was won by George Riley, one of the original members of the Billiards Club who took first place out of 12 players. Way to go George. There was a good gathering for the potluck supper afterwards. The league play and club championship are nearing completion.

The evenly matched competitors will make for a close finish in both events and everyone is having a good time at the competition. The Billiards Club had a great display at the Club Fair and there seemed to be a good deal of interest from Sun City Vistoso residents. Hope to see you at the Billiards Room in the near future.

Book Clubs

Book Club

Lillian Vittenson 825-5522, Eileen Rotman 825-5434
First Monday, 1:30 PM, Catalina Vista/Pima

Hope some of you had a chance to see and hear Luis Alberto Urrea at the Tucson Festival of Books. April 2 we'll be discussing *The Devil's Highway*, his passionate but factual account of crossing our border with Mexico.

May 7 we'll dissect Elizabeth Kostova's *The Historian*, a historical mystery novel that centers on the quest to find Dracula's tomb. The book has been described as "a sumptuous quest-novel with an intelligent woman as protagonist and narrator", a "scholarly intrigue and globe-trotting adventure", as well as "a thoroughly impressive and entertaining debut, epic in its scope, deeply human in its concerns."

We expect to finalize selections for a new reading list, effective June, 2012, at our April meeting. The new list will be posted at the Sun City Vistoso library.

New members and guests are always welcome.

Great Books

Pres. Sylre Ellison 818-6521

October-April, First and third Wednesdays, 2 PM, Catalina Vista/Tohono

"Gluttony" claims Thomas Hobbes, "is a lust of the mind." Whether you agree or disagree, join us for another look at the sin of gluttony, April 4 as Anne Ketchum leads us in a discussion of *Famine* by Xu Xi.

Pablo Neruda uses the language of poetry to capture an aspect of lust: "I hunger for your sleek laugh and your hands the color of a furious harvest. I want to eat the sunbeams flaring in your beauty." Our discourse may be less poetic but expect it to be lively as we explore how lust is portrayed in *Not a Good Girl* by Perri Klass, April 18, with Harold Goldman as our guide.

May 2, our last meeting of the season, Esther Berlout will help us analyze how lust plays a role in Nathan Englander's *For the Relief of Unbearable Urges*.

Guests are always welcome.

Elaine Deeter, Membership, 825-5388
Meetings: Third Thursday of November-January and March
2 PM, Social Hall/Hopi

Here in the desert we need to protect our pets from many natural dangers: cactus, bobcats, javelinas, coyotes, rattlesnakes and poisonous toads. Fido's Friends will be offering Colorado River toad aversion training by professional trainer Jay Smith in late April or early May. Colorado River toads are highly toxic and even deadly to dogs who lick or bite these toads. They appear in great numbers after heavy rains in the late spring and during the summer. If you are concerned about your dog coming in contact with a toad, consider having your dog aversion-trained to keep him from ever approaching a toad.

If you would like to be contacted when the Toad Aversion training class date is set, please email your name, phone number and your dog's name to margustafson@gmail.com

So join us to see what we are about and enjoy a cup of coffee and a sweet roll. What members bring in for Show and Tell serves as a conduit for our discussions. A member's scale model may be an example for someone with first-hand experience in designing, building the prototype, operating the prototype or for those who have researched a prototype and can share their knowledge. Come and join us if you enjoy building models or just learning more about modeling. Often club members and their spouses or guests enjoy going on field trips around Tucson to discover the many hidden treasures found right here in our area.

Everyone
cares about
**ALZHEIMER'S
DISEASE.**

We understand it.

At a Clare Bridge® community, we care for those who have been touched by Alzheimer's and dementia. With innovative person-centered activities, professional staff and home-like environments with secured outdoor terraces and licensed nursing staff on-site seven days a week, Clare Bridge of Oro Valley delivers high-quality, full-time care for the resident to safely "age in place." We also care enough to understand the full impact of this disease, from its destruction of the memory to the challenges and difficulties it poses for families and loved ones. And we respond accordingly. That's why a Clare Bridge community is special.

If your family has been touched by Alzheimer's, call or visit Clare Bridge of Oro Valley to schedule your personal tour and complimentary lunch or log onto www.brookdaleliving.com. *We do more than care. We understand.*

Join us for our Alzheimer's Support Group
the 2nd Tuesday of every month at 10 a.m.
