Association News

From the Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online. Board meetings are open to residents.

Board of Directors - Larry Webster

lwebsterbscov@gmail.com

August is here and the dog days of summer are still upon us. Hopefully, the full timers have spent their days wisely getting the errands completed before the blistering sun makes it impossible to touch hot car door handles.

Those who are the season travelers, I wanted to take a moment to check in and see how your summer is progressing. Have you missed not being here with all the amenities to fill your daily calendar? I bet you are probably tired of the lawn care, house repairs, etc... Hopefully you are getting the itch to bask in the Arizona sun with low humidity and participate in your favorite activities again.

Occasionally, I have to pinch myself to remind me that I am not dreaming about why we chose to live here in SCOV. People genuinely care for one another, they readily volunteer to help one's neighbors when needed, they do this not because they are someone's caretaker but because they are compassionate, and truly caring.

Choosing to listen while maintaining a civil dialogue takes minimum effort. One should research facts and not go by hearsay and rumors. Listening to someone who has concerns should not be readily dismissed as coming from a disgruntled and generally unhappy person. Taking a little time getting to know and help your neighbors should be a privilege and not a challenge. Maybe they have had a bad week or feel frustrated when their concerns or questions are not being addressed in what they perceive as a timely manner.

I would like to finish my column expressing my optimism that this community is friendly, supportive and inviting to newcomers and those that are well established here. This community with its location, activities and amenities is a rare find and we should feel so lucky to have found it in this chapter of life.

General Manager - Sandy Seddon

sseddon@suncityorovalley.com 520-917-8080

By the time you read this, I will have one month under my belt as your new General Manager. I am thrilled to be here and want to thank everyone for the very warm welcome that I have received. I am excited to embark on this journey with all of you.

I would like to highlight things that are important to me, and I hope to accomplish.

- **Enhanced Community Engagement:** I will be committed to fostering community spirit and involvement, hopefully strengthening our bonds and enriching our collective experience.
- **Operational Excellence:** I intend to focus on efficiency and transparency, ensuring that your association operates smoothly and effectively.
- **Enhancing Communication:** Effective communication is the cornerstone of a well-functioning community. I will work with the Board, Committees, and staff to keep you informed about upcoming events, important updates and community initiatives. I encourage you to share your thoughts, ideas and concerns with us. Your feedback is invaluable in shaping SCOV's future.
- **Innovative Initiatives:** I am new! I hope that I have some innovative approaches and can bring new ideas and initiatives to address current and future challenges facing your community.

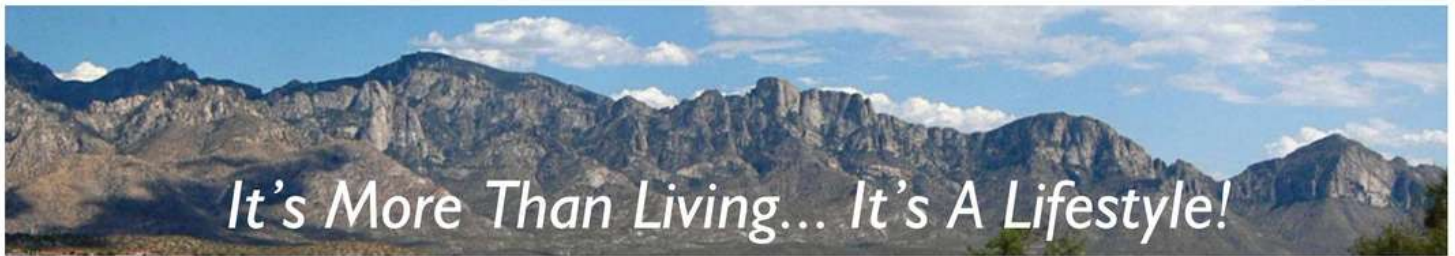

I look forward to being an integral part of your community, working closely with the Board of Directors and all residents to ensure that Sun City Oro Valley continues to thrive. Together, we can build an even stronger and more vibrant community.

Thank you for allowing me the privilege to serve as your General Manager. I look forward to meeting and working with each of you in the days and months ahead.

Desert Aviary: The Winged Wonders of Sun City Oro Valley

by Robin Coulter and Teresa Deuel

Sun City Oro Valley, nestled in the Sonoran Desert, is home to a diverse array of desert birds that enchant residents and visitors alike. Among these avian wonders is the greater roadrunner, an iconic symbol of the Southwest. Known for its distinctive long legs and speed, this bird can be seen darting across the desert floor in search of insects, lizards, and even small snakes.

The cactus wren, Arizona's state bird, is another resident of SCOV. This large wren is easily identified by its white-speckled brown plumage and its loud, harsh call. Often seen building nests in saguaro cacti, the cactus wren is a master of desert survival.

The Gila woodpecker, with its striking black and white barred back and a red crown on the males, is a frequent visitor to the region's saguaro and mesquite trees. These woodpeckers are known for excavating nesting cavities in cacti, which later provide homes for other desert creatures.

Gambel's quail, with their distinctive topknot feathers and intricate plumage, are often spotted in coveys as they forage on the ground for seeds and insects. Their melodic calls and intricate social structures make them a fascinating sight.

Cooper's hawk photo by Gary Buck

The Cooper's hawk, a sleek and agile raptor, patrols the skies and treetops, hunting for smaller birds and rodents. Its presence is a testament to the diverse food web of the desert ecosystem. This year, we had the privilege of witnessing their magnificence firsthand, as a pair of parents raised a fledgling in our courtyard.

Hummingbirds, such as the

broadbill hummingbird, bring vibrant flashes of color as they hover near flowers and feeders, sipping nectar with their specialized beaks. Their iridescent feathers and rapid wing beats are a marvel to behold.

Lastly, the great horned owl, a ma-

jestic nocturnal predator, adds a mysterious allure to the desert nights with its haunting hoots. With their powerful talons and keen eyesight, these owls are formidable hunters of the night.

Sun City Oro Valley's avian residents, from the swift roadrunner to the silent owl, illustrate the rich tapestry of life that thrives in the desert. As you take

your walks, keep your eyes open and enjoy these encounters with the winged wonders of SCOV.

Understanding Key Documents in Community Associations

Community associations rely on key documents to establish governance and set rules. Here's a brief overview:

Articles of Incorporation: This document, filed with the state, legally creates the Association as a nonprofit corporation. It includes the Association's name, address, and initial registered agent. It defines the corporation's purpose, board structure, and membership qualifications.

Master Declaration Covenants, Conditions, and Restrictions (CC&Rs), this legal document outlines the rights and responsibilities of homeowners and the association. It includes property use restrictions, maintenance responsibilities, and enforcement processes.

Tract Declarations: These apply to specific sections within the community and supplement the Master Declaration with additional restrictions or guidelines for those areas.

Bylaws: The operational manual for the association, detailing procedures for meetings, elections, and management. It defines board member roles, meeting procedures, and financial management policies.

Policies: Adopted by the board to provide clarity on specific issues not fully covered in the CC&Rs or Bylaws. They can be updated as needed and ensure consistent enforcement of community standards.

Development Standards: Guidelines for the design, construction, and modification of properties, ensuring a cohesive and aesthetically pleasing environment.

Owner & Resident Handbook: A guide for residents that summarizes key documents, provides information on community amenities, and offers guidance on common concerns and procedures.

Club Rules, Regulations & Procedures: These pertain to the use of community amenities by clubs.

Understanding these documents is crucial for both board members and residents, as they provide the governance framework and help ensure a harmonious living environment.

The fiscal year for the Association ended June 30, 2024. As in the past, the financial statement for June is not included in the August *Tipster* due to time constraints for completion of year-end procedures. Financial statements can be found on our website www.scovaz.com.

An audit will be conducted in September, and the complete audited financials will be available on the website before October 31, as mandated by the Bylaws. A copy will also be available in the Administration offices.

Money Matters will return with the September issue of the *Tipster*. Contact me with questions.

ARC Reminders

Lately, we have had several inquiries about various subjects. Here are some examples:

Do I need a submittal if I am replacing my roof underlayment but keeping the old tiles? Yes, this is called a lift & re-lay and you need to submit an In-House Submittal form. Also ask your vendor for a sample tile that he will use in lieu of breakage. Put it out by the garage and let us know it is there.

Can I put a sail up in my yard? No sails are allowed in residents' yards. Development Standards Section 2.14.A.2. Shade Sails are not permitted.

Why do I need a Town of Oro Valley Building Permit if I am replacing all or just some of my windows? This is a Town of Oro Valley policy. If you are replacing three or more windows, you need to contact the Town of Oro Valley to secure the permit. A stipulation of your ARC approval will include sending a copy of the permit to the Architectural Coordinator prior to installation of the windows.

Please keep in mind, if you are making any change to the exterior of your home or lot, it usually requires some sort of ARC or In-House approval. Email Katy.scoroval@ciramail.com with any questions about submittals.

All You Need is You. Cardio Exercise without Equipment

You probably already know cardio exercise is good for you. But...you're busy, you're tired and there just doesn't seem to be enough room in your day to work out. We get it! Starting and maintaining an exercise program can seem hard, but it doesn't have to be. So, what exactly is cardio exercise? Cardio (cardiovascular) exercise, also known as aerobic exercise, refers to physical activity that engages large muscle groups (think legs, glutes and core) and increases your heart rate for an extended period. Cardio exercise is more than running. It includes virtually any type of exercise that elevates your heart rate and forces you to use oxygen to circulate blood flow throughout your body. Cardio exercise is not just good for you, it's essential to your health. In addition to reducing the risk of heart disease, type 2 diabetes and high blood pressure, cardio exercise can also help keep your brain sharp, strengthen your bones, help you sleep better and battle depression. You don't need to invest in specialized equipment or join a gym to get a fantastic cardio workout. You can get a great workout anytime, anywhere. But, you must enjoy what you choose to do. If machines aren't your thing, you could go for a brisk walk, jog, swim, go on a bike ride around the neighborhood, you could even dance. If you are elevating your heart rate for a sustained amount of time, you are being effective.

Special Note from the AFC:

Orientation on how to use the gym equipment is held Thursday, 1 pm so stop in and sign up. Classes are limited. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

Sun got you lit up? You can shield undesired, direct sunlight at different times of the day by adding roll-down shades to patio covers and over windows. All shades must be submitted for approval to the ARC before installation. Reference the Development Standards sections 2.10 and 2.11 for the requirements and limitations. For instance, all shade colors must match or complement the house colors, and all shades must be secured at the sides or bottom when extended. Exterior roll down patio shade screens are limited to the side or rear of the backyard patio of the house only and will not be permitted on the front of any dwelling.

Finally, a Town of Oro Valley permit may be required for the electrical connection. Please read the Development Standards for all details. As always, you can start your submittal on the SunCityOroValley.com website and communicate with our Architectural Coordinator, Katy Mosier at (520) 917-8058.

Friends of the Library (FOL) is looking forward to an exciting all. We will sponsor new fundraisers for the Library. One will be a raffle for a donated electric bike. The other will be a staged reading of the play, *Murder by the Book*, sponsored by the author Louise Penny and performed by our Sun City Variety Theatre. For those fans of Louise's writings, you might be interested to know that she has a new book coming out the end of October. FOL members can take advantage of two special benefits by coming to the show for half price and having the chance to win her new book. Details of both of these fundraisers to be released in the fall.

Melanie Stinson

Influenced by her artist mother, Melanie started painting around 5 years old. When she attended college as an art major, she discovered clay. From the moment she sat at one of the wheels she knew she was hooked. After college, she purchased a wheel and kiln, starting a studio in her home. Most of her pieces sold at art fairs in the 70s and 80s, and she received commissions from people for sets of dishes.

She took a 20-year hiatus, but knew that when she retired she wanted to pursue clay again. "Luckily, we found Sun City in 2018. The studio members inspired me to expand my clay to include artistic pieces in addition to functional ware. I can get lost in clay for hours and things sometimes happen without planning. My favorite clay is Hawaiian red. The glazes do well with it and the redness of the clay finishes well with firing.

Summertime Happenings

During the monsoon season, the winds accompany the rain. While many neighbors may be away, it's crucial to stay vigilant and report any damage to the Administration promptly. Don't forget to keep an eye out for those sneaky weeds that pop up in your yard during this time and remove them quickly.

Do you have standing water in your yard? It is essential to drain any ponds or fountains in your yard to eliminate stagnant water, which can become a breeding ground for mosquitoes. Additionally, items like buckets, empty flower pots, and other containers can also collect rainwater, so please ensure that they are not holding any standing water.

We appreciate your ongoing commitment to maintaining your property and contributing to the well-being of our community, even during the scorching summer months.

On August 5 and 6, we will only have nine holes open as the greens will be aerified. Overseeding is right around the corner, and the course is scheduled to be closed from September 16 to October 6. When we reopen on Monday, October 7, it will be cart path only for a couple of weeks. The Pro Shop will be open for limited hours during overseeding, and the driving range will be open for hitting off mats.

During the inclement weather of the monsoon season, we want to remind you to be safe and use your best judgment while playing golf. To keep safe when heading out on the course during this time: Check the forecast, check it often and download a reliable radar app. If you hear thunder or see lightning, we recommend leaving the course or seeking shelter immediately if you are not able to get off the golf course in a timely manner.

If you have been thinking about improving your game, we invite you to attend one of our weekly clinics on Tuesdays at 8 am covering the full swing and or the short game. For further help take a private lesson with one of our professional staff. Call the Pro Shop at 520-825-3110.

Director of Golf Maintenance - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

During the months of June and July, a lot of effort was put into the golf course to promote the growth of Bermuda grass in fairways, tees, and greens following the transition from the winter overseed. The maintenance staff aerified, top dressed and verticut all these areas. The benefits will be realized during the months of July, August, and September. The monsoons bring a higher level of humidity, and occasional rain that really encourage the Bermuda grass to begin growing quickly. The irrigation water is also reduced, which allows the playing conditions to improve. All of the frustrations from the fairways being thin with some wet areas in June will be reduced and the golf course will be in much better condition for the rest of the summer.

One disadvantage of the increased humidity and rain during the monsoons is the Bermuda grass in the roughs, fairways, and greens will begin to grow faster than it can be mowed. This results in an increase of grass clippings that leaves piles everywhere. Also, the grass begins to scalp, which causes the turf to go off color because it is getting mowed too low on the plant. To slow this surge of growth a plant-growth regulator will be sprayed, as well as increased amounts of verticutting and raising mowing heights on all the mowers. This will help reduce the grass clipping piles and prevent the grass from being scalped and going yellow.

However, the fairways will be in much better condition in August heading into the next overseed in September.

Not a Gimme

The summer is rapidly coming to an end and our new season will begin in just a couple of months. If you are new to SCOV and want to start playing with the league right away, you can do that. The cost is \$40, and we always recommend buying the Hole-in-One insurance for an additional \$10. Bill Norton had an Ace in March but he did not buy the insurance. You will also need to join the Arizona Golf Association to receive or maintain a handicap.

The Nine-Hole league is a great way to get to know many folks in SCOV. The league had well over 100 members last season with a great variety of skill levels.

Come join us and as we say, "Half the time, twice the fun".

Happy Joan!

Congratulations to our new member, Joan Mayer, in getting her first hole-in-one on June 24 at Gold Canyon. She traveled to Gold Canyon with seven other league members and played the Sidewinder. Joan hit an absolutely perfect 95 yards, into the hole, on hole number seven. She just joined our league last November and we are so delighted to have her as a member.

She looks pretty happy in the photo holding the certificate for a hole-in-one.

Also happy were members playing and celebrating with her: Debbie Huffman, Cathy Morrow, Nancy Klucking, Cheryl Reddy, Darlene Lamb, Marty Blakely, and Pattie Shock.

Come join our league, meet some new friends, play some good golf, have a lot of fun, and maybe get a hole-in-one.

Congratulations again, Joan.

Our own Georgine Smith made this patriotic quilt, soon to be donated to a veteran.

The Activity Center's Annual Art Sale is on going and will continue through Tuesday, October 1. Most of the art in the Center is marked down 10-50% as SCOV artists clear out their studios, workrooms, and closets, and make these items available to us. Now is a good time to grab that fine art at a discounted price.

The patriotic quilts hung in the Activity Center are NOT included in the Art Sales, nor are they available for purchase. Those quilts have been made by members of the SCOV

group Casa Amigas. Casa Amigas members regularly make these quilts and donate them for veterans' use, so these will be handed over to the SCOV Veteran's Group. Thank you Casa Amigas for sharing with us.

This month we are focusing on house-keeping details for the clay and glaze studios. Members, remember the wedging table when cleaning up. Return used forms, molds, stamps, texture materials, canvas mats, brushes, rulers, jars of slip, cellophane, talc, oil, etc to their proper places and in clean condition. Leave community property in the studios.

In the glaze studio, give the table a good wash. Clean spatters on any glaze buckets you may have used.

Wash brushes and return to storage containers. Clean measuring cups, paint trays, forceps and wipe down the sink.

Be sure to sign in and out when you enter and leave. Most importantly, have fun working with your clay friends in our cool studios, during our Arizona summer.

If you have a knit or crochet project or would like to learn to crochet plastic bags into sleeping mats, come join us. An on going group project is making crocheted sleeping mats out of plastic shopping bags. You can participate in this project by cutting the plastic bags into strips, stringing them into plastic yarn (plarn), and crocheting them into mats.

We are temporarily suspending bag donations because we have collected enough bags to supply us for the next few months. We are grateful to receive all the bags that SCOV residents have donated for the homeless sleeping mat project over the past several years. We resume collecting later in the year.

Last month, our *Tipster* article featured a repurposed piece by Gayle Franklin. This month, the picture is a more complicated repurposed piece completed by Trace Getz. The original piece "Resolute" on the left and the remade piece "Samurai" on the right. Trace refers to the piece as reformed, repurposed and re-baked. Here are the adjustments that Trace made. He removed the right arm and completely replaced it. The left arm was repositioned. He placed a full-length robe on top of the pants and created an obi belt in a nod to traditional Japanese attire. Trace will be giving this piece to his granddaughter for a college graduation present.

This many in two days!

Three Points Community Health Center is located 25 miles south of Tucson. Originally founded as Robles Junction in 1882, the Three Points area population is has 1,304 families living in 44 square miles. About 52% of these families live below the poverty line. Three Points Community Health Center's main focus is to provide primary healthcare services including office visits for all ages.

Seniors For Kids has built a relationship with Three Points by providing infant clothing, handmade dolls and toys, blankets, children's backpacks, supplies and more. A recent monetary donation by SFK was used to provide scholarships (ages 6 through 14) to attend summer camp through Pima County Parks which included indoor and outdoor recreation, sports, arts and crafts, field trips, a leadership program for ages 12 through 14, and providing breakfast and lunch for the children.

Mark Schmaedecke fast at work, willing to share ideas with other members

Summer is going by very quickly. The shop has been busy. We're always trying new things we find when searching the internet. Mark Schmaedecke recently found a beautiful ring he wanted to create for himself and his wife. We use a double half round piece of silver that

we often use to make bales. He filed the center out and filled it in with turquoise inlay. The process seemed simple at first, but many things needed to be worked out to do it more efficiently. Three heads are better than one, so Mark had the help of Elaine Woods and Ric Raynor to work out the best way to create the piece. It was a real team effort.

Lee Jacobson and his stained glass lamp shade

The glass club loves to show off our finished projects. Did you know that the club has two display windows in which you can see beautiful glass pieces members have made? One window is just for displaying our members' pieces. The picture shows Lee Jacobson standing in front of that window. Lee painstakingly created that stunning stained glass lamp shade shown in the picture. There were many small pieces. Each required grinding, foiling and soldering. But the result was a masterpiece. Stop by and see this wonderful piece. The second window is our sales window. This window has pieces that our members have created and are willing to sell. If you are walking through the Artisan Center be sure and take a moment to stop by the glass club windows. You might just see something you would love to display in your home.

Next meeting Thu., May. 9, 9 am, Location WC3

It is not unusual for us to receive requests from non-Woodworking Club members to repair furniture or help with other small woodworking projects. Any SCOV resident who would like such help should go to the woodshop in the Artisan Center and make their request known to the monitor on duty. There is no guarantee that someone will take it on, since most club members are involved in their own projects and are not willing to set those aside, however, there are some very skilled members who occasionally like to assist residents as a way to stay busy in the shop. The club member doesn't charge for their work; however, we appreciate a donation to the club treasury of an amount deemed appropriate by the item's owner. If materials need to be purchased to complete the work, the item's owner will be expected to pay for them.

Second Sun., 2:30-4 pm, Desert Oasis/Ocotillo

New members are always welcomed to check out our book club. Members take a turn sharing about a book they are reading, or have recently read. There will be a diverse genre of books that get discussed. Quite often, members bring books that they want to loan or just give away. So come join us this month. Meet some new folks, and enjoy hearing about new and interesting books to read. We meet the second Sunday of the month, Desert Oasis/Ocotillo room. Email either Tammy Barnett, tammybarnett@sbcglobal.net or Karen Washabau, kfwashabau@gmail.com.

Lab in Welcome Center - access year round

Want to get started on your family tree this summer? Do you need help getting that next piece of information? Looking for a cool place to access numerous subscription websites? Have a big pile of documents or photos you want to scan? Then visit the Genealogy Lab in the Welcome Center. The Lab is available to members any time the Welcome Center is open. We have various times during the week when experienced researchers are in the Lab and ready to help you. If you aren't already a member, pick up an application form at the Lab and join the club for just \$20 a year (good through December 2025).

Go to our website at scvgs.org to sign up for our email news, look through the collection of handouts from recent speakers, or contact us with questions or requests for help.

Mon., 10 am-noon, call for location or invitation to Zoom

Poets Corner member Jan Fuller uses a surprising metaphor to demonstrate how humans are similar to other living species in this brief, yet beautifully descriptive poem. It's a theme that bears repeating though we never do seem to learn.

Those Finches
They keep flying
into their living room window,
thinking the bird
reflected is a fellow finch,
not realizing it's them.
The pain they feel
is the result of doing
over and over again
the thing that hurts,
learning nothing
from their pain.

Newcomers are always welcome to join our weekly Zoom meetings call to request an invitation.

Club Officers (left to right): Laurie, Marcia, Jill, Phyllis & Renee

Conscious aging is about the inner work of reorienting ourselves as we turn from our roles we assumed while managing careers and tending families, to turning inward and cultivating a deeper awareness of who we are now. Our goal is to discover how to face the known and unknown challenges of aging. With the help of our

community, we are pondering the questions: Who am I? What are my values? What do I believe? What matters most to me? This inner work is supported by mindful movement such as qigong, guided meditation, and book study, which draws from psychology, sociology, metaphysics, philosophy, and meditation. Conscious aging is about accepting who we are now. Our meetings consist of a short period of easy mindful movement, followed by guided meditation, and discussion. Please contact Phyllis for information, or email the club.

Pres. Joan Partridge 505-920-7005 (text preferred) Joanpartridge@gmail.com
Fourth Sun., 2 pm, Activity Center/Hopi
For tours and resources: SCOVstayinginCharge.org

What does Joan's sister need to know?

On Sunday, August 25, 2 pm, we explore alternatives to expensive, wasteful burial and funeral practices. Too many of us put off this touchy subject. It's important to plan ahead and not leave difficult decisions to others after you are gone. There are many options, including non-commercial ones many people don't realize are available. We will discuss pros and cons of conventional burials, green burials, cremation and home-based funerals. Making decisions about our end-of-life care and funerals can seem daunting. Planning ahead ensures your wishes are carried out. Also, all too often, we don't have our health care wishes for end-of-life care documented or the forms can't be found when needed. We all need to discuss, document and register our end-of-life and critical care preferences. Also, our senior residence tours have been so popular we are considering continuing them through winter. Email Joan to help organize them.

Pay \$10 at the door BYOB and snacks Open seating. Bring your friends.

Coming this fall, a short series of basic introductory classes to country western dancing, mainly two-stepping and country waltz. This will get you started so that you will be confident in getting immediately onto the dance floor amongst fellow Kickers. A refresher class for those who attended lessons last year and need some review will also be offered. These classes will be in October/November. Registration dates are yet to be determined but, if interested, you may contact kksco@gmail.com now to express your desire regarding lessons.

Exercise

Aqua Tone

Irmel Wheeler, 520-334-0957, irmel5596@gmail.com
Tue., Thu., Sat., 8 am, AFC/Pool

Aqua Tone is a toning water workout that incorporates a variety of rhythmic body movements. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

There is no fee to join this club or the class. The teachers are club member volunteers. Participants should be able to do a basic swim stroke. Items used in the class are buoys, boards, noodles and a fitness band. Most of these items are available at the pool. We assign an experience member to a newcomer to help learn the various movements. We enjoy a great workout in a fun class.

Arthritis Water

Pres. Norma Waters normawaters1@hotmail.com
Vice Pres. Andrea Houston ahouston2@lsu.edu
Summer Hours - Mon., Wed., Fri., 10:05 am AFC/Pool

Our summer meeting time is 10:05 am. Come join us Mondays, Wednesdays and Fridays. We meet when the air temperature is 77 degrees or warmer, as recommended by the Arthritis Foundation.

Our club performs gentle water exercises which target all muscles and are used by several health organizations to increase strength and balance, and to increase mobility and flexibility. Water exercise is especially helpful to manage arthritis, fibromyalgia, replaced joints, etc. Some new members have expressed surprise at how quickly the first couple of sessions increased their ability to move. Others comment on improved stamina.

New members are always welcome. Our members are fun, accepting and welcoming. We frequently hear "I came for the exercises and love all the friends I have made".

The yearly dues are \$5, and your first class is free. There is not a fee per class.

Energetic Exercise

Pres. Anne Palmer 520-289-9140 palmersaz03@gmail.com
Mon., Wed., Fri., 8-9 am, Activity Center/Auditorium

Lee and Judy Jacobson enjoy attending EE together, inspiring us all to keep moving and enjoy the journey!

The goal of Energetic Exercise is to develop and maintain strength, balance and heart health. Members receive a monthly calendar that tells the focus on the day, such as aerobics, cardio tone or interval training. Equipment such as hand weights, resistance bands or balls adds variety and are always optional. Everybody moves at their own pace and adjusts to individual needs. Dress is casual with sport shoes required. Membership in Energetic Exercise club costs only \$3/year. Members purchase a 12-class punch card for \$30. New-

comers can try a class for \$3.

This month's photo features Lee and Judy Jacobson have been married 57 years. They have been members for 15 yrs. (Judy), and 9 yrs. (Lee). Judy enjoys the social/scheduled aspect of the class setting. Lee appreciates the motivation he receives "I need Sally to kick me in the rear to keep moving."

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
Mon., 3 pm, Thu., 1:30 pm, AFC/Studio

Are you a Golfer? Twisting on drives, squatting and leaning over to pick up balls? Golf movements are required and repeated. The results can be overused weak muscles and imbalances affecting legs, hips, arms, shoulders, and back. Over 60? Your game is probably affected with shorter, less accurate drives. Stamina decreases and muscle strains, pulls and tears occur. For years, elite golfers (Tiger Woods and others) have turned to Pilates, an essential training tool to stay balanced and improve performance. Like golf shots, Pilates is based on movement from the body's center or core (trunk, shoulders, abdomen, pelvis). As you strengthen your core, hip rotation improves your range of motion and back stability. Other results? Powerful, more accurate golf shots and a symmetrically muscled, flexible, strong body. Pilates is a full body exercise with very little joint strain. Call Mary, above, or just come by to watch a class.

Mixed Social Bridge

Pres. Don Wheeler 520-334-7578 don8359@gmail.com
Mon., Wed., Fri., 8:30 am, Desert Oasis/Ocotillo

The Mixed Social Bridge Club plays contract bridge in an informal, relaxed environment. Do you love to play bridge, but haven't found a group? Join us; new players are always welcome. Everyone who comes will sit at a table and play. If needed, we will make adjustments for uneven numbers. We arrive a few minutes early to find a partner and socialize. We have coffee and members often bring goodies. It's a fun atmosphere with friendly people. You don't have to commit to play all three mornings (but you'll probably want to). For more information, contact Don Wheeler.

Birders

Violet-crowned hummingbird, a specialty of patagonia, Arizona. Courtesy of Steve Holmes

In most locales, the best birding for land birds is in the spring. However, in Arizona August is best for hummingbirds. Here in SCOV we can find four to six hummingbird species at various times, but Arizona can have as many as 14 species. Only in the Americas, birders come from all over the world to see Arizona hummingbirds. If you can take the heat, the best places are Miller and Ash Canyons in Sierra Vista, although a couple of other areas are pretty good too.

We are a 120 member, activity-oriented group and all SCOV residents are invited to join us on our

field trips to learn about the birds here in Arizona. We have entered our summer hiatus and will not have scheduled trips again until the fall. But, if you are interested in knowing more, contact Peggy (above) and request to be added to our mailing list.

Hiking

Pres. Jacob O'Neill jakemponeill@gmail.com
 Scheduled hikes are posted on the website
www.scovhiking.org

SCOV hikers enjoy a morning hike at the foot of the beautiful Catalina mountains.

A hot and dry August is typical for this time of year, with some monsoons thrown in to cool things down and provide moisture for our parched desert. If you are looking for something to do in the mornings, check out our scheduled August hikes. They won't be too long or too hard and a walk will feel wonderful.

You'll get some fresh air, meet like-minded individuals and see some beautiful country. Most hikes start very early to minimize heat and sun exposure, and you'll still be home in time for a morning swim in the SCOV pool and then lunch with friends. Our guide leaders have picked out some great trails for August. No expensive equipment is needed, just a good pair of hiking shoes or boots, a small backpack for snacks and sunscreen, a hat and, of course, lots of water. You do need to be a member of the hiking club to participate in the hikes. If you're new to the community and haven't joined the club, go to www.scovhiking.org and sign up for the required New Member Orientation Hike. This will introduce you to one of our hike leaders who will acquaint you with the club and lead a short hike to familiarize you with the activity. If you see a hike on the schedule you're interested in, simply notify the listed hike leader and you will receive a communication back confirming your place on the hike list. See you on the trail.

James "Jim" Steinmetz, 1963-2024.

This month we're taking a pause in news and updates to honor our dear friend, Jim Steinmetz, who passed away tragically in a motorcycle accident on June 18 while enjoying a 10-day road trip to a few National Parks in the South Dakota area. Jim gave considerable time and energy to the Pickleball Club, serving on the Board and working tirelessly on the very successful training clinics. He was a man of the highest character and treated his PB partners and opponents with kindness and consideration and, always, humor. He is missed more than words can say.

TAKE ADVANTAGE OF STUDIO LIVING!

Have you considered the many benefits that come with community living?

MORE SOCIAL ENGAGEMENT

Research indicates that residents spend more time engaging with their neighbors when they live in a studio apartment.

EASY TO FURNISH AND MAINTAIN

Less is truly more. Bring just what you need to simplify your life.

LOWER COSTS OVERALL

Our amenities and services are the same no matter what size apartment you live in. Lower monthly rent means more to spend on what matters most to you!

SAFETY BENEFITS

Less furniture and clutter mean fewer obstacles to navigate, which is known to help prevent falls.

Spring into big savings at Fairwinds! Studio living starts at \$2,995. Give us a call to schedule a visit!

"We worked directly with Brenda O'Brien. She was professional, detailed and answered all our concerns in a timely manner. From pricing our home to signing the closing documents, everything went smooth. We have purchased and sold a few homes over the years and this was by far, the best experience we've ever had. We highly recommend Brenda O'Brien and her team."
