HOAs Past, Present and Future

by Ronna Heinig

Historically, HOAs came into existence in the mid-19th century as a way for land developers to market and sell their homes. But the concept really took off in the 1960s and today more than 69 million Americans belong to an HOA, and that number is growing every day. Today one in four of us live in some sort of HOA.

HOAs are governed by an elected Board of Directors. These individuals are your friends and neighbors.

Each member of the Board of Directors must act in the best interest of the Association so as to meet current needs and assure the Association's future viability. That is not always the easiest thing to do as we make many financial decisions that must be based on economics (what we need to do) and not politics (what we would like to do).

Some associations have large cash reserves on hand to meet asset or capital needs as they arise. Others have lower fees and rely on special assessments, funds levied outside of HOA dues, for these types of expenditures.

For example, when a major expense, such as replacing a roof arises and the HOAs reserves lack the funds to pay for it, the association may charge each homeowner a special assessment. These levies can run into thousands of dollars in addition to your dues.

Here in SCOV, we have had excellent financial management which has resulted in over \$26 million dollars in assets without the burden of debt. We have reserves for both asset replacement and capital improvements which allow us to pay cash for needed improvements, such as our remodeled Activity Center, instead of depending on special assessments, dues increases and/or the accumulation of debt.

As our Association evolves and our wants and needs are met, we must continually resupply our reserves to assure financial stability for today and tomorrow. This is done through our budgeted dues payments, good financial management practices such as our Comcast and AT&T revenue streams, and also through our new home purchase Capital Contribution Fee, which is like a new home buyer purchasing a slice of our Association and all our amenities.

By planning for our Association's financial future we protect our investment in our homes and our community here in SCOV for our enjoyment today and for many years to come. The future of SCOV depends on all of us.

Monsoon Safety

Now that we are in the middle of our monsoon season this is good information for everyone.

Warm weather usually means fun in the sun, but summer heat also can bring severe weather. Threatening thunderstorms often loom large on summer afternoons so it's important to be prepared for downpours and accompanying lightning, which can strike outdoors or indoors. Consider the following suggestions when planning both outdoor and indoor events this summer to reduce the risk of a lightning strike.

- Watch the weather. Pay attention to your local weather forecast before participating in outdoor activities. If there's a chance of thunderstorms, consider rescheduling or moving events indoors. If that's not possible, have an emergency plan in place in case a severe storm rolls in and designate a sufficient nearby structure as an emergency shelter.
- Stay inside. If severe thunderstorms are imminent, go indoors and wait until they pass. Safe, enclosed shelters include homes, schools, offices, shopping malls and vehicles with hard tops and closed windows. Open structures and spaces do not provide adequate protection.
- Duck and crouch. If you're caught outside during a severe storm, it's important to crouch low on the ground, tuck your head and cover your ears to help protect yourself from harm. Do not lie down; lightning strikes can produce extremely strong electrical currents that run along the top of the ground, and laying horizontally increases electrocution risk.
- Turn off faucets. During a thunderstorm, lightning can sometimes be conducted through the plumbing. Avoid any type of contact with running water, including bathing, showering, and washing your hands, dishes or clothes.
- Turn off electronics. All electrical appliances—televisions, computers, laptops, gaming systems, stoves and more—that are plugged into an electrical outlet could carry a current from a lightning strike. Surge protectors will reduce the risk of damaging electronics.
- Stay away from windows. Not only is lightning a threat, but high winds and hail create flying debris that could be harmful during a thunderstorm. Close all windows and doors and keep away from them.

It's More Than Living... It's A Lifestyle!

Lemon to Lemonade

by Marsha Dean

The Town of Oro Valley has added a new nature preserve to the many wonderful outdoor experiences that Oro Valley has to offer. Many residents cite the outdoor lifestyle as a reason for relocating to Oro Valley, and the new Vistoso Trails Nature Preserve has just been added to the many opportunities available to SCOV residents.

The Vistoso Golf Course opened in 1995. When the golf course's operator fell into default in 2015 and the mortgage holder indicated its intent to sell the property, area residents became concerned that the property could be turned into a high density development. This led to the formation in 2019 of a nonprofit, Preserve Vistoso, whose mission was to support the preservation of the former Vistoso Golf Course as a nature preserve and community trail.

Vistoso Trails Nature Preserve provides miles of paths for walking and biking

erty rezoned, Preserve Vistoso reached out to The Conservation Fund (TCF), an environmental nonprofit organization. TCF helped facilitate the purchase of 202 acres of golf course parcels and the extensive negotiations required to ensure the intended preservation. Individuals donated more than \$1.8 million to TCF to secure the deal. After back-and-forth negotiations over valuation and other issues, the TCF purchased the property for planned donation to the Town of Oro Valley on or after July 1. A developer purchased a 6.3 acre former clubhouse parcel which may see future development as

Vistoso Trails visitors are able to observe Native American petroglyphs

The preserve is just down the road from SCOV

Trail infrastructure already existed with 6.2 miles of concrete former golf cart paths winding through the property and providing visitors with views of the Catalina and Tortolita mountains, desert vegetation and abundant wildlife. www.preservvistoso.org has extensive lists of birds and mammals that may be observed at the preserve.

In response to the property owner's attempt to have the prop-

a multi-family residential complex.

Currently underway are safety improvements and reopening of restrooms. Eventually, public parking will be established to improve access. Oro Valley Mayor noted in the *Explorer* newspaper, "The Vistoso property has a high conservation value, with rock formations bearing Native American petroglyphs and a variety of desert birds and animals that have made their homes here. In fact, the property is registered with the Arizona State Museum for its archeological and historical value as it was once part of Sleeping Snake Village, a former Hohokam habitation area."

The Town of Oro Valley invites community members to a ceremonial ribbon cutting on July 15. See Town of Oro Valley on page 26.

The acquisition of the Vistoso Trails Nature Preserve exemplifies turning a lemon—a defunct golf course—into lemonade, a nature preserve set aside for the enjoyment of everyone, preserving open space just a few short miles from where you live. SCOV residents can also celebrate living in a community that enjoys responsible fiscal management where the golf course is owned by the homeowners.

SCOV's Gone VOIP

Did that make any sense? Sun City Oro Valley has transitioned to a Voice Over Internet Protocol (VOIP) phone system. That means our phones use the Internet to transmit calls rather than the old POTS lines (that's Plain Old Telephone Service lines). As you may recall, during the demolition of the Activity Center entry, our telephone wires were also severed, creating a challenging time for phone line installers. Apparently our 35-year-old phone line system had lots of unique twists and turns as it was being installed. It was time to transition to the VOIP phone system. Lines are in, staff is learning the system and the bugs are being worked out. All the phone numbers are the same and listed in the *Tipster*, page 2, or at the top of the articles. Thank you for your support during this stressful time when reaching us by phone was a challenge. SCOV residents are the best.

As the old saying goes, "Don't judge a book by its cover," but movies are the exception.

Our newest project in the Library has been updating our online catalog with DVD cover images. Sometimes you are looking for a movie with your favorite actor, perhaps a sequel

or an old favorite. The online catalog system (Webopac) can help. From the SCOV website, click "Library" then "Online Catalog/Account." From here you can use the drop-down menu under collections and choose DVD. Images will appear as well as their availability. Now that monsoon season is here, this is the perfect time to stay indoors during the hot afternoon heat and enjoy a movie.

Thanks to the support of our community, we will continue to add over 15 large print books and approximately 30 new books/items to our collection each month. New titles are advertised in "This Week in SCOV" and are displayed in the front of the Library.

Recreation and Fitness - Lonnie Davis

Do I Need Different Types of Exercise?

Different types of exercise benefits your health in different ways: Aerobic activities like running, biking and swimming strengthen your heart and increase your endurance.

Strength training like weight lifting or resistance training builds muscle and bone mass, improves balance and prevents falls. It's one of the best counters to frailty in old age.

Special Note From the Aquatic and Fitness Center (AFC)

Contact Lonnie Davis, AFC Coordinator, to discuss questions or concerns with the AFC. Hours of operation for the AFC and Desert Oasis are on page 2.

Tuesday, July 12, the AFC pool and spa will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Wednesday, July 13, the Desert Oasis pool will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Tuesday, July 26, the AFC spa will be closed for cleaning until 1 PM.

Architectural Review

Jim Cherry 612-805-5637 ARC@suncityorovalley.com
Zoom meetings Second and Fourth Tue., 2 PM

We have many new homeowners in SCOV as well as those who have been here for years. Home values have been climbing, and while the overall market certainly has played a role, our propensity for keeping our properties up-to-date is also a factor. The below summary of 2021 Architectural Review Committee submittals tells the story, and 2022 is looking to be just as productive.

<u>Submittal Type</u>	<u>Number Received</u>
House Painting	178
Walls, Fences, and Gates	137
Windows & Doors	91
Flatwork	46
Roof (Lift & Relay)	44
Landscaping	31
Shades, Screens, Shutters	29
Driveway Coatings	21
Patio Covers	18
Room Additions	17
Porch/Patio Enclosures	16
Awnings	12
Gutters/Downspouts	12
Spa/Pool	10
Various Others	77

Total ARC and In-House Submittals: 739 (61.6 per month)

We may live in an older development, but you almost wouldn't notice it as our community is keeping up with the times.

Artisan Center Renovation Task Force

See SCOV calendar for meeting dates, time and location

The Artisan Center Renovation Task Force (ACRTF) meets the first and third Tuesdays of the month as needed. The SCOV website will have current agendas and minutes of meetings. An updated version of "A Discussion of the Existing and Future Facility Requirements for the Artisan Clubs of SCOV" is available on the SCOV website.

Community Directory

Chair Blythe Campbell 907-717-7546 scov.community.directory@gmail.com
www.scovaz.com/members/services/directory

Did you know our directory is also on the SCOV website? Find your neighbors' names, or all the people from your hometown, or whatever you seek. The incremental search box will display results as you type.

Are you included in the directory? New homeowners are unlisted by default. To add or update your listing in the directory, the preferred method is to complete the online form "Change your directory listing." Otherwise, you can fill out an orange card at the Welcome Center.

Consumer Referral - Vendor List

Susanna Moran scovconsumerservices@gmail.com

The Vendor List is on the SCOV website. After logging in, go to Members > Member Services > Consumer Referral Vendor List.

The Vendor List also may be viewed at the monitor's desk at Catalina Vista during business hours (during Activity Center renovation). Please check the Vendor List often, as changes are made frequently.

Vendors should email Susanna Moran to inquire about applying to be on the Vendor List.

Finance-Budget

Quarterly Zoom meetings on Mondays. Check SCOV calendar for dates and times.

The Finance-Budget Committee (FBC) meetings are typically held quarterly. The FBC meeting practice is to allow FBC members and up to 15 residents to attend in person. All others may attend via Zoom. The SCOV website provides the Zoom link.

When necessary, the FBC will meet more frequently (e.g., budget preparation, audit results and when information is requested by the Board of Directors). Find meeting dates, times, location and other information on the SCOV website under Members > Committees > Finance-Budget. Current financial information is also available on the website under Members > Financials.

Food and Beverage

Chair Bob Landis landisrc@gmail.com
Next meeting Thu., Sep. 1, 2 PM, WC3

Welcome to our new restaurant manager, Janet Blackwell. The committee looks forward to working with Janet on both continuing and new events in the restaurant. The committee will next meet September 1. An agenda for the meeting will be posted in late August.

Friends of the Library

Co-Pres. Kari Dufur karidufur@gmail.com
Co-Pres. Carol Tombre mctombre@yahoo.com
Treas. and Membership Andrea Houston ahoust2@lsu.edu

Meet our new co-presidents, Kari and Carol. Kari says, "Our Library is fantastic, but it doesn't happen without the dedication and work of volunteers. I wanted to support this valuable amenity by serving on the board. I spent my Saturdays as a child in our local library getting lost in learning and imagination. I love crime mysteries. Listening to Great Reads has opened my eyes to many other genres."

Carol says, "No matter where I lived, the library has always been special to me. I have supported libraries by serving on many boards to ensure the library continues to be available to everyone. Having our own excellent SCOV Library was at the top of my list as to why we chose this community."

Mystery and historical fiction are her favorite genres.

Thank you to Kari and Carol for taking on these positions. Next month, meet our newest board members, Claire Wendt and Arlene Douglas. Andrea Houston will be maintaining the dual roles of treasurer and membership.

Lorraine Buck

Featured artist this month is Lorraine Buck. Lorraine started painting many years ago and began focusing on the shapes and colors provided by nature and ancient forms. She was inspired by ancient artists to paint animals

based on the cave paintings of Southern France and Northern Spain. The animals etched and painted by ancient people seem to leap off the cave wall and are portrayed with incredible detail.

After coming to SCOV, she was drawn to the Clay Club, and especially throwing clay on the wheel. She fires her clay to include horsehair, which is added to the pot when it is at 1,300° F. The hair burns into the clay and creates black squiggles as it burns. Saggars fired pots are created by coating the pots with various organic materials and salts and oxides. Because the pottery is low-fired and unglazed, it is not suitable for liquids.

Government Affairs

Chair Earl Vittitoe earlvv@gmail.com

Second Wed., 1 PM, WC1

The Government Affairs Committee's role is to organize events and materials to facilitate communication and interaction between our residents and Oro Valley, Pima County, state and federal officials. This includes legislation, meetings with candidates, utilities and land use planning. The committee's charter also includes health and safety as it relates to communication and information relating to government. We developed a COVID-19 presentation (focusing on zip code 85755) which is updated by a committee member every two weeks and posted on the committee web page suncityorovalley.com/committees/government-affairs/. As noted in the data presentation, Pima County currently has a low COVID-19 Community Level and the Disease Metrics, Healthcare System Availability and Public Health Tracing and Prevention all meet criteria to rate in the low Community Level. The second booster is available, and we will continue to update information to keep you informed about COVID-19.

Summer Reminders for Homeowners

- Trees must be trimmed up at least seven feet above the sidewalk and back to no more than three feet out over the street.
- For safety reasons, cactus and/or bushes should not extend over the sidewalk, dead palm fronds must be trimmed from trees, shrubs near the entrance to your driveway should be cut down to a height of no more than 42 inches so as not to block view exiting the driveway, and trim any vegetation that blocks numbers on your home or stop signs on corners.
- Exposed soil on your property needs to be covered by rock.
- Weeds in cracks of driveways, sidewalks and where the cement meets the asphalt of the street are the responsibility of the homeowner to remove.
- Artifacts, including empty pots, are not allowed in front yards. Pots should be planted with live plants as artificial ones are not allowed.

Thank you.

First Tue., 3 PM, Desert Oasis (no meetings until October)

Posse is back out on patrols. We've been busy noting the lights that are out over house numbers. This was mentioned in a prior "This Week in SCOV" article, however we still see many lights are out. Please check your lights at night to

make sure your house numbers are clearly visible. This will help the fire department and police if they need to respond to your address. It will also make it easier for friends and family to find your home. The lights are easy to replace, and Ace Hardware has the bulbs you will need.

Remember, the Posse is here to serve you. We are looking for volunteers for our Posse board as well as for patrols. Call Linda Simón at 520-789-7169 for more information.

Properties

Chair Rich Oaks richoaks114@gmail.com
Third Thu., 9 AM, WC1 and via Zoom

Summer is here, and residents find it advantageous to park in the shade provided by the solar panels in the parking lots at the Mountain Vista complex. When parking under the panels, you might notice the electrical boxes on some of the vertical poles that support the panels. Those boxes contain the inverters that convert the DC power generated by the solar panels into AC power that is used in Association buildings, thereby saving the HOA money and reducing the community's carbon footprint. The humming noise at the boxes indicates the equipment is operating normally. The Properties Committee works on a variety of tasks like this during the year. We are currently meeting via Zoom. Please see the calendar on the SCOV website for scheduled meeting dates and times.

How to Purchase or Renew a Membership

It's the start of our fiscal year and time to renew or purchase a membership. We look forward to you joining us for the 2022-2023 season. If this is your first time purchasing an annual membership, visit the Pro Shop or call for more information. To renew an annual membership, you can contact the Pro Shop to charge it to your credit card on file or go online to purchase at www.theviewsgolfclub.com.

As a reminder, this time of the year hydration is extremely important during the summer heat. Let's be prepared for thunderstorms, possible flash floods, and lightning. It's officially monsoon season in Southern Arizona, which means we need to be careful.

Follow these suggestions to keep yourself safe while heading out on the course during the monsoon season: Check the forecast and check it often. Download a reliable

radar app, and seek shelter immediately if you're not able to get off the golf course in time. Don't worry if you can't finish your round; we are happy to give you a rain check credit to complete your round another time. The important thing is to be safe and use your best judgment when the weather is questionable.

Contact the Pro Shop for further information by calling 520-825-3110.

Director of Golf Maintenance - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

July is the traditional beginning of the monsoon season in Southern Arizona. In regard to golf course maintenance, the start of the monsoons is bittersweet. The good news is the golf course will start to heal up quickly after the hot, dry temperatures in June due to the increased levels of humidity in the air. However, the monsoons also bring the chance of heavy rain that has the potential of causing serious damage to holes located near washes.

Several years ago, a thunderstorm generated a large amount of water north of Sun City, but no rain actually fell on the community. The golf course was crowded with many golfers who were unaware of the water running down the washes. Several groups were playing holes number 4 and 5 when the wash began to fill. Two golf carts then tried to cross the wash and got stuck. Luckily, nobody was hurt, but it took a couple hours for the water to recede and to get the carts off the golf course safely.

Please remember, when these washes are running, they are as powerful as raging rivers. Don't drive around the course and attempt to cross these washes when the cart path is either covered with water or sand. At the minimum, the golf cart will be stranded until the staff is able to rescue the cart. Be aware that during monsoons, washes can flow even when it is not raining on the golf course. Distant rain will fill the washes because SCOV is at the bottom of a hill.

A need for sewn items for children at risk, a talented group of SCOV residents, sewing machines...what is missing? This is where your Foundation comes in by supplying the funds to purchase fabrics, thread, and elastic for these very devoted Casa Amigas sewers. These ladies spend hours making quilts, sleep pants, capri pants, sleep sacks and crib sheets for the most vulnerable children.

These items are then distributed to three organizations: Amphi School Foundation (Starting Out Right), TOPS (Teen Outreach Pregnancy Services) and Sunrise House on the Tohono O'odham Reservation.

We salute this caring group and are delighted to partner with them in this wonderful endeavor. If your club or organization needs funding for a project, please find the grant application on the Foundation website: www.foundationscov.org.

The Clay Club, in conjunction with the Art League, has recently redecorated Desert Oasis with new and inspiring art for all to enjoy. Please stop by and admire the offerings of clay art, a "quilt" made of gourds from the Gourd Carvers and many wonderful paintings and photographs from various groups of artists from our own community. There will also be a new exhibit this month in the restaurant niches. We are so lucky to have a space for art to flourish and to be able to feature our own residents in all these venues.

"By the sea, by the sea... how happy we would be...", as the song goes. Well, we're not by the sea, but we are happy that Clay Club member Ron Innes has reminded us of one of the ocean's most

fascinating creatures. His whimsical octopus (pictured) has drawn amazement and admiration from all who have witnessed its building and glazing.

Ron says that the process of creating this fun, imaginative creature was a technical adventure for him. He wanted to see how difficult it would be. Ron's background includes engineering know-how, and it shows.

Summer days are less busy and more relaxed in the studios. What a great time to just chill in the Clay Studio's air-conditioning, while making that special project you've been trying to find the time to create.

Gourd Art

Kaaren Drent 520-818-2343
Nov.-May, Mon., 1-4 PM, Fri., 9 AM-Noon, Lapidary Room

This winter, the Gourd Club ventured out a bit and created two collective gourd quilts. We started out with a field trip to the Wuertz Gourd Farm near Casa Grande where we selected gourds for the quilt and other treasures for ourselves. We also took a quick side trip to the Greek restaurant in Florence which everyone thoroughly enjoyed. The next week we had a day of cutting, cleaning, and preparing the quilt squares for decoration. Each member took a couple quilt squares to decorate. The finished squares were assembled and hung from pieces of dried cholla. The resulting wall hangings are an amazingly beautiful reflection of the talent and diverse artistic flare of our members. You can view one of the quilts at Desert Oasis throughout this summer. The Gourd Club always welcomes new members and meets every Monday and Friday in the Artisan Center.

Japanese Flower Arranging

Donald Marier 520-825-4878 dolmar21@gmail.com
Nov.-May, Second and Fourth Mon., 2-4 PM, Catalina Vista/Pusch Ridge

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials. Learn from certified instructors at your own pace and make creative arrangements for your home.

Knit and Crochet

Jane Fairchild 520-909-5069 janemail11@yahoo.com
Tue., 2:30-4:30 PM, Catalina Vista/Pusch Ridge

If you have a knit or crochet project, or would like to learn, come and join us. An ongoing group project is making crocheted mats out of plastic shopping bags. You can participate in this project by cutting the bags into strips, stringing the strips into plastic yarn (plarn) and/or crocheting them into mats.

We delivered 15 sleeping mats for the homeless in May

If you wish to donate bags, please flatten clean Fry's, Safeway, or Walmart bags and stack them by color. You can then fold all the stacks over into one, no need to fasten them together. This effort on your part greatly streamlines the cutting and crochet process. Please do not drop off newspaper bags as they do not work for this project.

Bags can be dropped into a basket on Jane Fairchild's front porch any time at 1750 E. Crown Ridge Way.

This highly detailed model of a farm supply store was built by Hugh Madson, now an honorary member of the Modelers Club. The myriad of small details elevates this representation of a modest structure to a work of art: the colorful signs, the realistic weathering of the wooden siding, the individual wooden barrels, milk cans, and crates, and the pallet of grain sacks. Note how the fascia on the front of the loading dock has been damaged in the continued unloading of box cars. Would building a model like this interest you, but you need help getting started? Casa Amigas

Mon. and Thu., 9 AM-Noon, Artisan Center/Sewing

The Sewing Room is quieter these days after the departure of seasonal residents. It's a time to slow things down, even though we continue to work on our projects. Currently, we are sewing capri pant sets for girls, which include a colorful tank top. There are a few quilters working on child and baby quilts. It's also time to clean out closets and cupboards and take stock of what's on hand. Even though we are small in number, we're mighty in spirit. Now would be a good time to join Thimblelenas and get oriented to the Sewing Room. Or, stop in any Monday or Thursday morning to discover what Casa Amigas is all about.

To know Charlene is to know someone with true artistic abilities. She is a spirited lady with an unending streak of energy. She can frequently be found in studio working on a new fused glass project, which often times is custom designed and gifted to friends. It is absolutely amazing that Charlene has been a club member for less than a year. There is no project that intimidates her. She commits without hesitation. Charlene is a real gift to those of us in the studio, and always an inspiration. We thank her for the time she spends lovingly firing everyone's projects. Charlene and her husband resided in beautiful Hawaii for 20 years. While there, she ran a very successful photography business. Charlene is also involved in the Hiking Club, Women on Wheels (WOWs), Bocce Club and Prepare and Share. We hope you will visit us soon. We promote imagination.

Summertime is unquestionably the slow season at the woodshop. Many of our woodworking club members have departed for cooler summer climes, so the hum of activity becomes muted. The Wood Shop will remain open throughout the summer, but may be closed occasionally as demand slackens and monitors are not available.

This month's featured woodworker is Jim Austin. Jim has lived in SCOV for the past seven years and spends a couple of days each week in the Wood Shop creating masterpieces. These beautiful hand-crafted Lazy Susans were gifts for his wife and three daughters.

A new member orientation is held at the Wood Shop the first Wednes-

The Astronomy Club's next meeting is Wednesday, October 19, 7 - 9 PM, Catalina Vista, and we'll remain there through April 2023. The enrollment in the club has recovered from the Covid shutdown with the membership exceeding 100 individual and family members. It is wonderful to have such good attendance for our knowledgeable guest speakers. Next year's speakers list is developing and will be posted once finalized.

During the October 19 meeting an officer's slate needs to be finalized. Club Bylaws require the entire current slate to be replaced. Officer terms were extended due to Covid; please consider strongly supporting the club's future by volunteering for one of the open positions. Please contact Allan Mashburn to volunteer.

Mon., 10 AM-Noon, WC1, Zoom meetings first Mon. of the month

It's no secret that we change as we age, but it's best to savor the good times and put the past in perspective. Poets Corner member Esther Berlot shares happy memories, regrets and a message of acceptance.

This Temporary Life

"Forgetting and remembering / the calendar of time / hiding old wounds / under a blanket of fear.

Forgetting and remembering / best friends forever licking dreamsicles / Hearing whispered names of / crushes—now long gone.

Forgetting and remembering / waning eyesight that now sees / past frivolous screwups / dating married boss.

Forgetting and remembering / battles with anger now softened / Optimism reins in sadness / Bouts with grandiosity descend into reality.

Forgetting and remembering / a life of lust swapped for a life of mind / though the battle to understand / unknowable computer leaves me in darkness.

Forgetting and remembering / the last exit ramp that awaits me / as I blunder through this temporary life."

SCOV poets are welcome to join our weekly Zoom meetings.

Today, computing is rapidly changing from desktop and laptops computers to tablets and phones. The Windows environment is being replaced with the iOS of Apple phones and iPads, or the Android OS on Android devices. Through these personal devices, the world quickly connects. Now lights, security systems, music, lectures and TV are being accessed through these new devices with more being added daily. Are you ready for the new world? If not, we're here to help.

Dues for 2022-2023 are \$10/household, payable on our website. For your dues, your club offers product advice, help sessions, phone/tablet support, individual assistance and classes. We also offer YouTube assistance, Alexa support, navigating healthcare sites and general email and texting communication. We welcome suggestions for classes.

Computer help is available to members by calling the help desk number 520-329-7661. We provide this option, so we can match a Help Desk Assistant to your specific problem. This information can also be found on the Technology Club website.

Although there are no fireworks in SCOV, many of us are spending our summers in other locations. Please try to keep your dog away from fireworks if possible. Since fireworks may trigger the flight-or-fight reaction, make sure your dog has ID tags with your phone number. If you are at home, leave the TV or radio on to help mask the sound of the fireworks. If your dog is highly sensitive, consider a Thundershirt or calming supplements. Have a safe and fun July 4th.

There is even a club website which lists each week's dances along with a video link to each dance for those who like to watch or review dances at home.

Summer is here, and both the Monday and Thursday classes are smaller and more personal, making it a great time to try Pilates. First, we do stretching exercises to warm up and then perform the Pilates mat routine, modifying some of the moves for those with limitations. People ask, "Can the benefits of Pilates, which come from strengthening and stretching exercises, really develop the body's core (your abdomen and back muscles), make you stronger overall, increase spine mobility and build flexibility?" The answer is a firm, yes. Additional benefits include improved balance, muscle tone, stamina and a feeling of well-being. The cost is \$8/class and annual club dues are \$20 pp. Please join us or just stop by and watch. Call Mary.

Partners Tuesday Night Bridge

Pres. Larry Parks, VP Janelle Parks, Sec. Judy Bjorling 520-818-1296
Tue., 6 PM, Desert Oasis/Ocotillo

No matter the depth of your bridge knowledge, you'll enjoy Tuesday Night Bridge. Sure, we have some bridge sharks, but mostly they're not dangerous to the average player. Like whale sharks, some partners have a big presence, win lots, bid and make occasional grand slams with their mug shots circulated. They're not harmful at all. Some are even like nurse sharks, and they'll help you if you ask about a challenging situation. Bring a partner and your dollars and immerse yourself. You'll be glad you did. Arrive by 5:45 PM to secure your place in the water.

Scrabble

Jan Fischer 520-825-2401 fischer_janice@comcast.net
Fri., 1-3 PM, Desert Oasis

Throughout the world, no matter what ethnic background or location, in the scheme of things, words are important. Words express happiness, sorrow or dismay. Scrabble is a

word game that can build a larger vocabulary. Many of our residents had important high-powered careers, but since retiring have let aging slow our pace, and memory is not as good as it once was. The game of Scrabble is used to help stroke or traumatic brain injury patients regain speech and memory abilities; it also keeps our minds sharp and increases cognitive ability.

Members of the Scrabble Club enjoy building their vocabularies and a chance to socialize. Drop by any Friday afternoon and build new relationships. All are welcome, no matter who you are or what career you had.

Aside from the rides, our members enjoy our very useful website, including a searchable member directory, club classifieds, online ride schedule, cycling resources and more.

We offer several hundred scheduled rides year-round, among four different ride subgroups, from 20 to 60+ miles, to cafe destinations within Tucson and nearby towns, utilizing both pathways and roadways. Occasional away rides are offered as well. Our cafe stops offer coffee and conversation, greatly enjoyed by our members.

The club has e-bike, mountain biking and Women on Wheels subgroups. There's also our monthly club newsletter email.

All schedules can be found within the excellent member area of our website. We also host social events and support both the Interfaith Community Services Food Bank and Wheels for Kids. For more information or to join, visit our website.

Lesser nighthawks arrive here in May and stay much of the summer enjoying their favorite diet of flying insects. Extremely maneuverable, they can be seen in SCOV at dusk gliding gracefully and then suddenly darting for a snack. They

are a fairly large bird with pointed wings and a stripe near the end of the wingtips. Sometimes there will be a similar bird doing the same thing, but with more rounded wing tips and no stripe; that would be the Common Poorwill. Unlike the nighthawk they will attack the insects from the ground up.

Our 90-plus member Birding Group has now entered the summer hiatus, with only ad hoc trips likely throughout the summer. Scheduled trips will resume in September, but if you wish to know about our spontaneous summer trips, be sure to get on our mailing list by contacting Peggy Smith above.

Warm weather is upon us, and we don't want to miss out on the great fun and exercise of tennis. Note that our summer hours above (in the header) have been adjusted to accommodate the warm weather and to get us up and going earlier in the morning, when the sun starts shining. We've also added a club-organized mixed tennis group on Monday, Wednesday and Friday, so there are even more options for everyone.

We miss our seasonal tennis friends, but the courts are still in action with several hours of fun. Players have taken advantage of the tennis lessons provided this past winter and are applying what they've learned. Keep alert for SCOV tennis events in the *Tipster* and newsletters during the upcoming year. If you are interested in the great sport of tennis, grab your racket and head to the courts. Recreational play is for anyone, regardless of their ability. Some advanced players play on recreational days, but the pace is more casual, so anyone can participate. Competitive play is for the more advanced players. The most important component for playing is laughter, laughing at each other or even ourselves, when we miss an easy shot. 5 out of 5 Stars!!! It is not easy handling the sale of a million dollar plus property from 2500 miles away. Not easy, unless your agent is Brenda O'Brien. She was on top of everything from the staging, to the clean up, to the showings & got me a very lucrative deal. She held my hand from day one thru closing. Everything happened the way she said it would & when it would. In this case I don't think five stars are enough! One more thing, I think you would be hard pressed to find anyone who knows the Tucson/Oro Valley market better. So if you are buying or selling, do yourself a favor & call Brenda!
