Tips for Desert Living

by Ronna Heinig

The Sonoran Desert is certainly beautiful and green. Not Michigan green, but certainly not the dusty brown of Las Vegas, and it comes with a variety of unique critters.

First and foremost, if you own a kitty that was an outdoor cat, it is now an indoor cat. We have a prevalence of kitty and doggie predators. Bobcats and coyotes roam nonchalantly throughout our backyards. Fido's Friends have a nice secure dog park for our canine family members, and the club provides snake aversion training as well.

Which brings me to snake season. Who would have guessed? Spring is when the rattlesnakes emerge from their dens and are particularly active. The black and white striped king snakes are my best friends. They eat rattlesnakes, and are constrictors, so no venom, just don't pick them up.

Next we have javelinas that travel in large groups called squadrons. They are reminiscent of a pig but are not. The babies are adorable. They love the acorns that fall from oak trees, and they seem to have put my house on their preferred dining list.

Pack rats can be a problem. I'm not talking mice here. These guys can chew through the wiring in your car or RV causing mega dollars worth of damage. A little strobe light that can be purchased at the local hardware store and placed in your engine compartment will discourage these pests.

Mosquitoes and such aren't much of a worry, but I would stay away from bees; you could get some pretty nasty stings. Tiny lizards are just plain cute, but difficult to catch if they sneak into your house when you open the door, so be on the lookout.

The termites here are ground termites, not flying ones. They build "straws" from your ceiling or create a dirt-like trail along a wall. A good exterminator solves this problem, and it doesn't involve tenting your entire home.

You will want to keep your garage door closed to discourage critter visitors. Keep the fire department number handy, as they will relocate any rattlesnakes for you.

The critters of our beautiful Sonoran desert are unique, but

please remember that they are wild animals and we should not feed or disturb them. We should respect their space and learn to live in harmony with them.

Still Experiencing Some Disruptions

Perhaps you can remember pre-Covid when you could obtain parts just by going to the store. Everything was always in stock. If you wanted a part that was not a part of normal inventory, the store could order it for you and it would be at the store in less than a week. Even sooner if you put a rush on it and were willing to pay the expedited shipping. The provider of services always had plenty of labor available to provide for your needs, and wait times were usually within a few days to a few weeks.

My, how things have changed. Store shelves often are not full. We've learned once again how to make do with something other than what we went to the store to purchase. If we are required to order a part, odds are pretty good that we will have to wait quite a while for it, and once it comes in, we may still have to wait for workers to be available to install it.

Here at SCOV, we are very fortunate that we don't have to wait very often for many of the services we need. There are, however, some services that we contract for that take longer than we would expect or longer than promised. I apologize for that. Our staff does its best to get vendors that provide goods and services as best they can, but sometimes they have difficulties with labor availability or supply chain, and are powerless to do anything about it. When this happens, we so appreciate your patience. You can be confident that our team members are doing the best they can to provide the products and services that you've come to expect.

Flip Flops – Official Footwear SCOV's Fun Brand Campaign

by Marsha Dean

This summer we began rolling out a few elements of a new fun brand campaign for SCOV. Our goal has been to add elements of fun and whimsy around the community and to our communication and marketing materials. The process started with the commissioning of a watercolor "map" of SCOV (reproduced on this *Tipster* cover) by local artist, Susan Libby. The painting shows some of Sun City Oro Valley's activities along with elements from our surroundings such as the Catalina Mountains and familiar wildlife. The original painting will hang in the renovated Activity Center for all to enjoy. We've enjoyed using elements from the painting and companion graphic icons also illustrated by Susan Libby.

The budget brochure in your annual dues mailing featured some of the new graphics, and the golf rates brochure features the golfer from the painting. If you've been to the lounge in The Views Restaurant, you may have noticed that the formerly blank wall across from the bar has several new prints with wildlife and a pair of flip flops that we're referring to as SCOV official footwear.

If you have recently wandered past The Views Restaurant terrace, you may have noticed the mile post that's been erected near the grassy knoll. We hope you'll stop and take a selfie at the post. The mountain backdrop is breathtaking, and we think it will be a good place to bring your visitors. We liked the post so much, we decided to have one painted inside the Welcome Center lobby. When you come by, check it out along

Seattle as the only city on the mile post. Turns out, that's the most common hometown for SCOV residents. Who knew?

We want everyone to join in the fun. We'll have a launch party for the brand campaign on Tuesday, October 18, at Catalina Vista with dance music by our resident band, Total Recall. Come and celebrate the SCOV lifestyle with music, dancing and prizes. Attendees will receive a mini print of the SCOV map. To help everyone get ready, we have set up six selfie spots around the community. Look for the flip flops to show you where to stand, then take your picture. All the spots showcase views that reflect the beautiful setting where SCOV is located. The first ten people to find all six spots and submit their photos will receive a prize at the launch party. Details will be in "This Week in SCOV."

We hope you enjoy this fun brand campaign. The timing is perfect as the renovated Activity Center will open soon and residents will be able to resume activities and entertainment in the beautiful spaces.

New Sports Reservation System

We are excited to announce a new sports reservation system available on our website. This will let residents reserve times for bocce, tennis, pickleball, Desert Oasis courts and AFC lap lanes. It will also let you know when the club is playing. This system can be found on multiple pages on the website including www.suncityorovalley.com > fitness and club pages where reservations are available. You can create an account in the new system now. On Sunday, October 9, you may begin making reservations for Sunday, October 16.

SignupGenius was a quick fix for our Covid needs, but it has many limitations behind the scenes. The end of life for SignupGenius for sports reservations in SCOV will be Saturday, October 15 (many clubs will continue to use it). So, create your new account today and get prepared to start making reservations. We hope this new feature will provide you more information about the amenities and their availability in the community. It might even inspire you to try out a new sport.

Lifestyle Coordinator - Brenda Puzzele-Stoltz

bpuzzele-stoltz@suncityorovalley.com 520-917-8077

I want to take a moment to introduce myself; I am the new Lifestyle Coordinator.

My name is Brenda, and I have been married for the past 14 years to a wonderful man named Steve, who served in the Navy for eight years. I have enjoyed working with seniors and veterans for the past 25 years and look forward to getting to know the residents of SCOV. After receiving my B.A. from Thomas Edison State College, I was accepted to the School of Visual Arts in Manhattan, New York City. I received an Art Therapy certificate and completed my internship in the Founding Hospital in SoHo New York. In realizing seniors need a better quality of life, I went back to school. For the next two years, I studied to be a Nationally Certified Activities Director through Alternative Solutions. It has been my privilege to design and implement structured activities to enhance the lives of active adults. I look forward to spending time with you and hearing all the things that make you smile. Thank you for your time and have a nice day.

ARC Submittals

Residents continue to make many improvements to their homes. Delays in getting qualified workers and materials have been frustrating. Submitting to the Architectural Review Committee (ARC) for approval of your project should not add any undue burden. If you need help with your submittal, please contact the Architectural Coordinator, Katy Mosier, and she will help you with any questions you have about the process.

The first and perhaps most important step: Please read the SCOV Development Standards so that you know what you are able to do to the exterior of your home prior to getting quotes from vendors, etc. This is critical if you have any deadlines in mind. Check our SCOV website at Members > Documents > Development Standards. Paper copies are available at the Welcome Center.

Please be prepared by having made the decisions about a contractor, materials, colors, all dimensions, placement and any other specifics. Take pictures of the location where you want to make changes to the exterior of your home, pictures

of samples and brochures about materials and colors. If your project involves walls, fencing or gates, be sure to know where your property lines are located and obtain a sketch of each segment of the project from your vendor with all the dimensions. If your project will impact the property of your neighbor, get the needed permission letters.

Be aware that expansions of the footprint of your home involve a more detailed process that can take additional time before an ARC decision is made. Check out Board Policy ARC-006, which is also found on the SCOV website at Members > Documents > Board Policy.

The Library welcomes local Tucson author Becky Master-son. Nominated for the Edgar, Anthony, Macavity, Barry and CWA Gold Dagger awards, her crime novels transcend the genre with page turning twists and turns from a tough and cunning older investigator. Details for her presentation are in Coming Events on page 11.

A special thank you to all the residents who have donated puzzles to the Library. The puzzle wall has never looked better with such a wide variety of scenes and sizes to choose from. Please help yourself to a puzzle, and then return it to the Library when you are finished. We are happy to reshelve these to keep the collection balanced.

Mark your calendars: the Tucson Festival of Books has set a date for their spring event, March 4 and 5 at the University of Arizona campus.

Importance of Core Strength

Many people may not realize how much our larger core muscles influence our everyday life. We have all done sit-ups and push-ups, but there is more to exercising your core. The muscles in our abdomen, trunk and even pelvis need to be in harmony in order to achieve better balance and stability, either on the field, court or for everyday activities. Many of the exercises that target our core do not require any type of specialized equipment. Doing something as simple as a "bridge" can strengthen muscles in the pelvic area. You can enhance strengthening by adding any type of resistance or weight. If you strengthen the muscles in your core, everything from swimming, playing golf, or even bending over to tie your shoe will be easier. Strengthening your core can improve posture and minimize lower back pain. There are also many low-impact activities that target our core and are simple to do, even for beginners.

Special Note From the Aquatic and Fitness Center (AFC)

Contact Lonnie Davis, AFC Coordinator, to discuss questions or concerns with the AFC. Hours of operation for the AFC and Desert Oasis are on page 2.

Tuesday, October 11, the AFC pool and spa will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Wednesday, October 12, the Desert Oasis pool will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Tuesday, October 25, the AFC spa will be closed for cleaning until 1 PM.

Conveyance Coordinator, Jack Mooney, 520-917-8087, scoroval@ciramail.com

Moving into your new home can be an exciting and stressful time. With all the closing documents and SCOV governing documents, it can be a bit overwhelming. We understand. However, please take a moment to review those documents again and check to see if there were any unresolved HOA violations that need your attention. These violations don't just go away after you move into your new home.

According to SCOV governing documents, homes with violations are to be inspected 30 days after you close. The individuals charged with that inspection process are volunteer members of the Architectural Inspection Group (AIG) who live in our community. They give their time and ability to ensure this community stays the treasure it is now.

If one of these AIG volunteers comes to re-inspect your property, please be kind and understand their key role in our community. If you need more time to correct something, please politely let them know or call the SCOV Conveyance Coordinator at 520-917-8087 to request an extension. We will do our best to help. We truly thank you for your cooperation in our mission.

Zoom meetings Second and Fourth Tue., 2 PM

Everyone has trash cans. Some store theirs in the garage and others have made investments in order to keep their cans on the side of their homes. Section 2.5 of the Development Standards is pretty clear: "All Trash Containers must be covered and stored on a lot not visible from Neighboring Property or the street." There are suggested materials that can be used to achieve this. If we can see your trash cans, then you have not invested enough to hide them.

It is not sufficient just to have them behind a gate, short piece of wall, a single bush or your primary AC unit. We all know the term, "Out of sight, out of mind." If you can see blue, it's time to consider an upgrade.

The committee met on September 1 and discussed with Janet Blackwell, Restaurant Manager, issues facing The Views in preparation for residents returning from their summer break.

The restaurant is still operating with a profit, and community support has been great during the summer, with much support on music nights. We plan to add a couple more music nights each month, and a new Coffee with a Cop is scheduled. Gratuities are still at a high level, and your regular continued support is appreciated by the restaurant staff. Grab your neighbor and take advantage of the best value breakfasts in Pima County. If you are a club officer, think about working out a social event where The Views can supply the lunch or refreshments. Finally, take notice of the restaurant artwork that periodically changes, thanks to Joan Kelley.

Book lovers and Friends of the Library (FOL) members have so much to look forward to this fall and winter. The Library will be sponsoring author talks in October and November. We will have a new Great Reads in November, which will highlight some of the most interesting and best books published in the past year. FOL will sponsor a gift wrap event in December where, for a donation, you can put all those burdensome gift wrapping chores in our hands. The Library will sponsor several story times for visiting children between Christmas and New Year's, and as always, we'll have our ever-lively Book Bingo. Check Coming Events for details.

Shop hours: Mon.-Sat., 10 AM-1 PM

www.suncityorovalley.com/gift-shop

Featured artists for October are Sharon Henderson and Trisha Bergen. Sharon makes photo cards for the shop with inspirational words or verses. "I learned to knit very young and have baby blankets and dish cloths in the shop."

Sharon Henderson (left) and Trisha Bergen

Sharon also sews wine bottle covers and seatbelt covers as well as microwave bowl holders. "I enjoy working in the shop as it is a wonderful way of meeting people and sharing how wonderful Sun City is."

Many pathways led Trisha to glass fusing. She was raised in the Hudson Valley, majored in art in college and traveled the world. She settled for a long time in Taos, NM. Absorbed in glass fusing, she loves both the flexibility and the restrictions of warm glass. Every bit of glass is hand-cut, hand-shaped. "I layer and fire the glass in my kiln, working with it several times until I see what I love."

Government Affairs

On August 31 and September 8, the Government Affairs Committee (GAC) held two successful forums with the Oro Valley Police Department. The August 31 forum featured Police Chief Kara Riley, who made a presentation on the inner workings of the Oro Valley Police Department, the recruitment program and how the police work to keep Oro Valley and SCOV safe. She then took questions from the audience.

The September 8 informal forum, Coffee with a Cop, was held at The Views Restaurant from 8-9 AM. It provided residents the opportunity to meet and have discussions with members of the police department and share their thoughts with the officers.

GAC plans on making Coffee with a Cop a regular event.

Third Thu., 9 AM, WC1 and via Zoom

The Chalk Creek Wash is the largest wash in our community. In the past, heavy storms caused damage to the wash and golf course in addition to threatening homes. As a result, a program was established to maintain the wash and minimize the threat from heavy storms. A key element to the ongoing maintenance of the wash is a series of inspections to determine the condition of the creek and identify potential threats to surrounding properties. The Properties Committee together with HOA staff will conduct an inspection during October. The Properties Committee works on a variety of tasks like this during the year. Our recent meetings have been in person and via Zoom. Please see the calendar on the SCOV website for scheduled meeting dates, times and meeting format.

Golfing experience that provides professional and friendly service, mountain views and excellent conditions.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

The golf course is closed for overseeding through October 9. The driving range will be open, hitting on mats. Mats only will be used to allow the ryegrass to get established before we open for play on Monday, October 10. Please do not hit off the grass during this time, when it is closed, because it will damage the overseed germination and impact density for the entire winter. A watering schedule will be posted explaining when the sprinklers will run throughout the day.

Before reopening for golf, we will host our annual 5k run/walk event on Sunday, October 9. For more details and to register, go to www.theviewsgolfclub.com.

We will remain cart path only from October 10 through October 23.

Our fall rates begin Monday, October 10. Members' and residents' guests play at the resident guest's daily rate when accompanied by a member or resident. Guest rate is based on the resident rate plus an additional \$10 for 18 holes and \$5 for nine holes. A cart fee will be applied for members or residents using a club cart during the fall, winter, and spring. Daily cart fees for 18 holes are \$15 and \$10 for nine holes pp.

Please contact the Pro Shop if we can assist you in booking a starting time or if you have any questions.

Director of Golf Maintenance - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

The biggest event of October is opening following overseeding. Since the fairways were not overseeded last winter, all the fairways will be overseeded this year. The Bermuda grass is very healthy in the fairways, and will provide a good seedbed for ryegrass germination. This will allow for a lower ryegrass seed rate and require less water to establish a good stand of rye, as compared to a normal overseed when the fairways usually have a thinner stand of Bermuda grass.

The driving range tee and most of the other tees will also be overseeded this year. Some tees transitioned with some bare areas that needed sod replacement this summer. These tees will not be overseeded to ensure a healthy grass next year, but will be painted when they start to go dormant. The paint used last winter provided good color on the non-overseeded tees, the playability remained good and those tees were in much better condition this summer.

Areas that were originally going to be overseeded, but will be skipped again this year, are the aprons around the greens. When the new greens were built, the low mow areas around the greens were planted with soil-based sod. That is causing the Bermuda grass to remain wet and thin from the irrigation. These areas have been aerified and sand top-dressed multiple times, but the Bermuda grass is still weak and wet. If these areas are overseeded, the Bermuda grass would die, requiring lots of repairs next summer. The aprons will be painted green when the grass goes dormant.

To paraphrase an old adage, "If you are good at pool, it is evidence of a misguided youth." However, the Billiard Club members may take exception to this saying.

There are four pool tables in the Catalina Vista Billiard Room that are available to you, at no cost, whenever there is not scheduled play. With the help of your Foundation, the Billiards Club purchased a video projector training system for one of the pool tables. This system projects various patterns onto the table. This will help new people learn to play, as well as help to improve the skills of those who have been playing for years.

Stop in and learn a new activity. Who knows, there may be a "hustler" in your future.

Donations for Harry's Island

Harry the great blue heron lost his safe fishing platform in the SCOV golf course pond when the old fountain base was replaced by a new working fountain. Resident artist Sheryl Hester has found an Audubon Society-endorsed solution for Harry's plight. Why not just anchor an old tire, you ask? A hydroponic floating island adds value by providing a safe, aesthetically pleasing living habitat for aquatic birds, shade and cover for fish, and a sustainable root system to pull nutrients from the water. The approved, donation-funded project will cost around \$2,000. Mark Wade and Mike Kropf will oversee ongoing maintenance. Please bring checks made out to Sheryl Hester to the Welcome Center.

Investment Discussion Group

Economic/Investment Club forming. Looking for folks interested in starting a discussion group focused on economic trends, monetary policy and investing in equity and fixed-income markets. If we get 20 participants, we can form an official SCOV club. This group will dissect investment ideas but will not pool invest as a group. The first meeting would be after November 1. Featured this month is painter, Ann Gethen. "We have just returned to SCOV and are now year-round residents after selling our Colorado house. Now I need to use the studio at Catalina Vista more often. My easel is packed away and my drawing table needs a new home. I paint wood, weeds and wilderness. I love the textures I get with my painting knife and the weeds are watercolor botanicals which turned into a book: *Rocky Mountain Wildflowers, An Artist's Collection*. Now I need to start on cacti.

Barb Petersen placing Jeryl Cundiff's piece in the Clay Studio window

Our studio windows are full of beautiful creations. A bit of planning and coordination is needed to accomplish this display. Clay member, Barb Petersen, has volunteered for this task for the past two years. Barb commented, "I love showcasing all the talent we have in the club. And because we learn from each other, we have educational windows in our glaze studio where we share techniques."

Knowing how each glaze may affect each type of clay (white, speckled buff, red, black and more) is critical when glazing. Barb concludes,

"People here are very willing to share their expertise and knowledge." Any member may contribute to the windows. Sign up sheets are available in both studios.

Japanese Flower Arranging

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials. Learn from certified instructors at your own pace and make creative arrangements for your home.

Knit and Crochet

Jane Fairchild 520-909-5069 janemail11@yahoo.com
Tue., 2:30-4:30 PM, Catalina Vista/Pusch Ridge

If you have a knit or crochet project, or would like to learn, come join us. An ongoing group project is making crocheted mats out of plastic shopping bags. You can participate in this project by cutting the bags into strips, stringing the strips into plastic yarn (plarn) and/or crocheting them into mats.

If you wish to donate bags, please flatten clean Fry's, Safeway or Walmart bags and stack them by color. You can then fold all the stacks over into one, no need to fasten them together. This effort on your part greatly streamlines the cutting and crochet process. Please do not drop off newspaper bags as they do not work for this project.

Bags can be dropped into a basket on Jane Fairchild's front porch any time at 1750 E. Crown Ridge Way.

Modelers

Second Fri., 8:30 AM, Catalina Vista/Pusch Ridge

Modelers often use commercial kits as the basis for their work, either as is, modified, or blended with other kits, known as kit-bashing. Michael Fox wanted a building to represent the Nicollet Furniture Company on his model railroad which is set in Minneapolis in 1970. With no known photographs of this

Photo by Michael Fox

building, he chose a craftsman kit for a similar small factory. The challenge was to add details that would make it look like a 1970s specialized furniture company. New signage over the loading dock used letters from the craft supplier Etsy. A cyclone dust collector on the roof suggested sawdust. What to put on the billboard? An Internet search revealed popular decorating colors and photos of high style furniture from 1970. Microsoft Word did the rest. For fellowship and to enjoy more model making, join us for our next monthly meeting Friday, October 14, 8:30 AM, Catalina Vista.

Our first fall business meeting is Thursday, October 6, 8 AM, Catalina Vista. We look forward to a successful year of giving and sharing during the holiday season. We will start planning for our holiday Adopt a Family and Kuddles for Kids.

We have triplets of this little guy, thanks to the handy work of Miriam Holleman, one of our newest members of SFK.

We do more than create toys. This year we donated food, hygiene items, household goods and basic needs for the TriCommunity area. Gift Shop sales and a sales table at the Arts and Crafts Festival in the courtyard on Saturday, November 12, 9 AM-3 PM, help raise these funds. We have given monetary donations to Tu Nidito to support their volunteer programs of grief counseling. We sponsor the Kuddles for Kids project (watch for more information to come) that unites

all of SCOV in collecting stuffed animals for AVIVA, Three Points, Mammoth and other places where children need a warm hand to hold. Join us at our next business meeting and become involved in our happy group.

The groups under the Thimblelenas umbrella are master recyclers. We accept donations of fabric, thread and other sewing notions, yarn, bed sheets (never used to cover cactus), t-shirts, as well as money. With these donated and purchased items, we are able to produce hundreds of baby quilts, tote bags, stuffed toys, crib sheets, pillow cases, sleep sacks, pajama sets and other items each year. These are given to several Southern Arizona charities involved with children in crisis. If you would like to make a donation or participate in any of the clubs, contact one of the names listed in the heading above, or stop by the Sewing Room during any club time. If you are not a sewist, no problem, there are many other tasks.

For machine orientation or refresher, contact Lesley Monroe at 509-947-5669. For monitor training, call Suzanne Stiles at 805-748-3206.

Casa Amigas

Sigrid Flatness 425-213-6689
Mon. and Thu., 9 AM-Noon, Artisan Center/Sewing

Do you love to sew but don't have any need for more clothes? There is always the opportunity to sew for charity here in SCOV. Casa Amigas sews simple patterns for sleep pants, sleep sacks and other items that we donate to various community organizations. Don't worry about having to sew anything complicated. We're in need of more people who like to sew once or twice a week. Come to the Sewing Room on Monday or Thursday morning and see what we do. It's a chance to join a fun, loving group of women. What's more satisfying than being with a group that loves doing things for others?

Cheer Bears

Pat Norton 480-993-8762 panpan9803@yahoo.com
Wed., 1-3 PM, Artisan Center/Sewing

We are still embroidering faces, sewing bodies, stuffing them with love, and filling the shelves for the next set to march out to new families. Nothing has stopped us this year. Life is good and spirits are up.

We are back to our schedule to put all our love in the little bears

we create and children love. Come join us to complete our task. Smiles to everyone. We have many adventures to talk about and laughter to share. We know you would really enjoy the friendliness and relaxing times that abound from the Sewing Room as we whistle while we work.

This summer we have been sharing our creations with the SCOV community by selling a few bears a month at the Gift Shop. We will also be selling at the Seniors for Kids table at the Arts and Crafts Festival, November 12. Hope to see you there.

Just a small sample of our cuties smiling at you.

Can you snip fabric into tiny pieces? Our little furry friends need an extra touch of kindness while waiting for adoption at the Humane Society, so we create soft, comfy beds from fabric sewing scraps. We invite you to join us for a laid back afternoon, only two hours. If you are interested, come join us at 1 PM Tuesday afternoons or call Jan if you have questions. We look forward to seeing returning seasonal residents.

Tapestry Hooking and Fiber Arts

The Tapestry Hooking and Fiber Arts group meets Tuesday mornings throughout the year. If you are interested in our group, stop by the Sewing Room on Tuesday between 9-11 AM. The group provides materials and instruction for those interested in learning hooking. People involved in other arts using fiber are invited and encouraged to join our group.

Coni Arseneau is in the process of creating a set of "mug rugs" using a variety of materials. This picture of her project was chosen to illustrate the use of

two different materials that are variegated in color. On the left, Coni used wool strips from the variegated material for the background. The right picture illustrates the use of a variegated yarn for the background. As you can see, the use of variegated colors in a background helps to create depth and interest to the design.

Turquoise has been prized as a rare and valuable gem and an ornamental stone for thousands of years. In the Old World it was thought to be a holy stone, a bringer of good fortune and worn around the neck and wrist as protection. Here in the American Southwest, it is a favorite of Native American artisans crafting jewelry along with sterling silver settings. Our club members enjoy cutting, shaping and polishing uncut turquoise, crafting a sterling silver setting and producing a fine piece of jewelry. Other stones commonly used are agate, malachite, lapis, coral and mother of pearl. Come by our shop and see our lapidary and silversmiths crafting turquoise and other fine jewelry.

There is boldness and beauty in this piece designed and created by Coko Brown

It's almost impossible to believe that Coko has been a member of our club for only three months when you see the pictured artwork. She had no previous experience with glass before joining the club in May. Coko brings from San Diego a fascinating past. She was a performing musician with an all girl band for 15 years. Hopefully, we'll be hearing her perform at The Views Restaurant in the near future. Also, working with native plants in San Diego, Coko became a master gardener. She has been a visual artist for most of her life and loves working in the mixed media arena with wood (she is a Woodworking Club member),

clay, textiles and paint. Coko's future goal is to teach painting in our community. Her website is www.cokobrown.com. We encourage you to visit our studio, where you will meet many skilled and gifted artists.

Carving sessions should restart by the middle of October. Come to the Artisan Center/Lapidary Room on Saturday morning to meet some wood carvers and see what projects we are working on. If you think you might be interested in wood carving, we can help you get started with some basswood, some tools, a project and basic instructions. If you are already a wood carver, bring your tools and a project and join the conversation.

VP Karen Curry 708-822-3057 kindheart77@att.net
Next meeting Thu., Oct., 27, 9 AM, Wood Shop
www.scovwoodworkingclub.com

The Wood Shop is starting to hum with activity as our seasonal members begin filtering back into town. For many SCOV residents, the Wood Shop is their happy place, in large part because of our talented and skilled shop monitors. Larry Brophy is the head Wood Shop monitor and the featured woodworker of the month.

Larry creates functional art. He's the creator of gnat caps, the wine glass protector that keeps bugs out of your glass. His latest functional art creations are his Romeo and Juliet cutting boards created from domestic and exotic hardwoods. Not only useful as cutting and charcuterie boards, an acrylic wall hanger keeps them handy and off the kitchen counter.

A new member orientation is held at the Wood Shop the first Wednesday of each month, 4 PM. Call Bill Norton 480-980-5493 for further instructions. For questions or more information, visit the website or call an officer.

The Astronomy Club's first meeting is Wednesday, October 19, 7-9 PM, Catalina Vista. Our meetings will be the third Wednesday of the month, 7 PM, Catalina Vista.

The club received wonderful news last month. The SCOV Foundation awarded the club a grant to purchase a telescope system with a mounted camera. The camera projects telescope images to a monitor for viewing celestial objects. Multiple people can enjoy the celestial object at the same time, rather than one at a time through an eye piece, plus the image will be in color. This grant will greatly enhance our star party experience. Thank you to Bob Jorgenson and Ed Jacoby for submitting the grant request and a special thank

you to the Sun City Vistoso Foundation for awarding the grant.

Be prepared at the first meeting to finalize an officers' slate. Please consider supporting the club's future by volunteering for one of the open positions.

Hello ladies of SCOV. We pray you are all doing well, those who stayed here over the summer, and those returning to our beautiful community. Wednesday, October 5, we will begin our new study entitled "Portraits of Strength: The Women of the Judges." The format will be the same, a workbook and a video in class. Here is a synopsis: "This study explores the unique lives of the women of the Judges: Deborah, Jael, Ruth, Naomi, and Hannah. Each woman had her own personality of strength in faith, character and hope. In a time when everyone did what was right in their own eyes, these women looked to the Lord and found their strength in Him. They show us every woman has a place to play in the kingdom of God." Call Elaine if you have any questions. See you Wednesday.

Poets Corner

Sharyn Rafieyan 520-331-1092 srafieyan@comcast.net

Mon., 10 AM-Noon, WC1, Zoom meetings first Mon. of the month

Georgia Douglas Johnson (1880-1966) has been considered the foremost female poet of the Harlem Renaissance, mostly due to her mentoring of younger writers. Her poetry is in the public domain and the following example may seem old-fashioned in form, but the tone, language and emotional impact of "Lost Illusions" display both her talent and her despair. As a widow for roughly 40 years, she accepted jobs in other than her chosen fields (writing, teaching) to support herself.

"Oh, for the veils of my far away youth, / Shielding my heart from the blaze of the truth, Why did I stray from their shelter and grow / Into the sadness that follows—to know!

"Impotent atom with desolate gaze / Threading the tumult of hazardous ways—Oh, for the veils, for the veils of my youth / Veils that hung low o'er the blaze of the truth!"

While pain and sadness are nearly inescapable as we age, poetry can put them in perspective.

Welcome to tomorrow from the SCOV tech nerds. Have you ever woken up in the morning and wished the coffee could start brewing while you were still sleeping? Chances are you got out of bed, turned on the coffee and waited impatiently until its brewed. Have you ever laid in bed at night and wondered if the garage door was closed? If so, you had to go and check before the javelina or rattlesnakes found it open.

Our world is filled with those little annoyances that touch our lives. If you are interested in finding out a new approach to these inconveniences, maybe you should try home automation. It's not as difficult as you may think. There are a myriad of solutions in today's technical environment, like Alexa and Google Home. If we piqued your interest, try one of our Smart Home classes which can be found on the SCOV Technology Club web page class schedule. See Workshops and Classes on page 12.

Dancing to music from Whiskey River Dogs

We had a good dance season from October 2021 to May 2022, with some off-site dances and our on-site dances at Catalina Vista. Our 2022-2023 season will start Friday, October 28, with a dance at Catalina Vista. We are planning to hold a refresher class or two in the fall. Stay tuned for details or send an email to KKSCOV@gmail.com. There are also dance opportunities at SaddleBrooke Ranch. An email went out in late August with the flyer for the September dances at SaddleBrooke Ranch. We danced there twice this summer. They have a good dance floor.

One of our favorite bands, Clear Country, is playing every Tuesday night at the Outlaw Saloon from 6-10 PM. It's a good chance to go and practice your two-step dancing.

For Kactus Kickers members, continue to check the *Tipster* and your email for information about upcoming dances and the fall dance schedule.

Join us to meet new people and spend a couple of hours socializing and being challenged to increase vocabulary. Scrabble is one of the most misunderstood games ever invented. Mention playing Scrabble to anyone and the response will be "I do not spell well." This is pretty much a standard response; however, SCOV Scrabble Club has the accepted and official Scrabble Dictionaries and word sheets in order for anyone to check their spelling of a word and the meaning. Also, we have two- and four-letter sheets in order to confirm the spelling of a word.

None of the members of the Scrabble Club are considered sharks. We simply enjoy spending an afternoon with friends and meeting new people and exercising our brains.

Jane Lutz, a long-time Pickleball Club member moved to Splendido with her sister in September. She joined the club in 2009 when the club started and there were only two courts. She plays regularly with the competitive group.

Jane served on the Pickleball board and has run the mentor program the last couple of years. We will miss her. She is sorry she will be leaving, because she will not be playing pickleball on the courts and will miss her fellow players.

She thanks everyone for all the friendships and fun she experienced during her time in SCOV. We would like to thank Jane for her hard work and dedication to make the Pickleball Club a better place. Good luck and hope to see you again.

Jane Lutz was presented with a certificate of appreciation

Tennis skills at their best. It's time to get back out on the courts and get some good exercise with lots of laughs. See you at the Desert Oasis.

Attendance has increased for table tennis, while room availability has decreased. Many other clubs are now using rooms that were originally designated for table tennis. As a result, our schedule for play fluctuates considerably, and it is recommended that players call Catalina Vista 520-825-8613 for room availability the day they want to play.

The Women's Tennis Interclub League representing SCOV, is organized with the help of USTA and provides women (and men) an opportunity to play, host and have fun with tennis players across Tucson. If interested, contact Jan Dunbar. Fall also means a return to club-organized tennis tournaments.

The club organizes a women's doubles, men's doubles and a fun 135 tournament where the combined age of the mixed doubles partners must be 135 or over. Dates for these tournaments and registration information will be posted in the 2023 tennis roster by the tennis courts and the bulletin board located outside Court #1. Glenn Morse will continue tennis lessons. More information to follow. If you would like to join, contact Jim Benshoof.

 Game days, Tue., Fri., setup 12:45 PM, play 1-3 PM, AFC/Racquetball Ct.

Wallyball is volleyball played on a racquetball court with three to five players on a side. Players use the side walls to create angles, but the ball cannot hit the ceiling or the back wall of the opposing team. It is a terrific aerobic activity that tones muscles and improves coordination and balance and it's great fun.

Come visit to see if this game is for you. Both men and women are welcome, and tryouts are encouraged. We look forward to seeing you.

 Recreational play Sun., Thu., 1-3 PM
 Advanced play Mon. 1-3 PM, Wed., 10 AM-Noon, Desert Oasis pool

The Water Volleyball group can't be stopped. When the Desert Oasis pool is closed for repairs, the water volleyball players move to dry land. The indoor racquetball court is ideal for play when the pool is closed, or it is too cold for play in the pool. Either way, it is fun with loads of laughter. If you are a beginner, intermediate or advanced, you will be welcomed by the existing members and encouraged to play. Give us a try, you won't be sorry.
