Association News

From The Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Board of Directors

laurens1932@gmail.com

This and That

by Lauren Strassburg

The Board does not meet for regular meetings in July and August. Board members are off to other areas and will come back reinvigorated, ready to conduct business on Monday, September 25.

One of the Board's goals is to prioritize future capital projects. If you have an idea for any future capital projects, relay that information to a Board member. All reasonable projects that are for the betterment of Sun City are acceptable for consideration.

If you've been here, or are keeping track, it's been a hot summer. However, thanks to our dedicated employees, Sun City business carries on as usual. A good example was the Sun City Singers' July 4th concert with attendance exceeding capacity. (Or was it the ice cream supplied by the Association?)

Project Status Update:

The restaurant kitchen renovation is on schedule. A not-to-exceed budget was approved at the June Board meeting. The restaurant could be closed mid-August through September. In an effort to provide service to residents, staff is exploring providing breakfast in the Activity Center. Additionally, limited service will be available on the Terrace or the Lounge for breakfast and or lunch. All options are being explored.

Desert Oasis renovation is on schedule. After many meetings with the contractor, architect and design engineers, permitting is happening. The facility could be closed from mid-August through September. Efforts are being made to keep the pool open, however, should it be necessary to close the pool, using the Oro Valley Aquatic Center is a good option. It is very child friendly. When you have family visiting with small children, the Oro Valley facility is geared for children.

There have been several instances of sight lines being restored by shrubs cut to 6 feet tall. This appears to be a small step to regaining all resident appreciation of the full benefits our location offers. Safety issues addressed with only 42 inch tall shrubs beside driveways has been well received with overall compliance.

Staff is continuing to work on computer software to modernize and establish controls on our guest sign-in process for the big pool and the Fitness Center. It should enable tracking who and where the guests are coming from.

He Said, She Said...

Rumors and Gossip

Rumors and gossip have been around for a long, long time. While they tend to be good friends, their friends tend to be much like them. They would rather relay faulty information than check to verify the truthfulness. After all, it sounds better if embellished. Why, I've heard it said that if a rumor is repeated three times it is considered fact. I guess that explains why the rumor-busting website, snopes.com, gets about 9 million hits per month.

I grew up in a part of Idaho where we got a lot of snow. We'd get snowed in for a week or more at one time. During the winter months, stories were told about fishing and hunting and such. I remember a fish story about a small 12 inch fish at the first of winter would be told and retold so many times that by the end of spring, that same fish was being reeled in from the front of a 12-foot boat and, while his head was at the front, his tail fin was hitting the motor at the back.

It is not much different here. While some stories are told for entertainment, as was the fish story above, others are told about supposed facts in the community. Some of these stories seem to be told without much regard for truth. If you ever hear any such "factual" stories, and think it a bit strange or question the integrity of the story, I'd encourage you to either send me an e-mail, call or stop in, and I'll be happy to tell you the truth or do the research if I don't know the answer and get you the truth.

There are not many friendships I'd like to break up, but the one between rumor and gossip is definitely one we all could do without.

Games, Games and More Games

Fun Ways to Spend Those Hot Summer Days and Nights

by Julia Holtry

It's a hot day in August. Wouldn't it be ideal to spend a few hours indoors with a fun group of people playing a new game or one you already know? Year-round, whether it is day or evening, there are people enjoying a fun game of: bridge, bunco, cribbage, euchre, five crown, gin rummy, hand and foot, Mah Jongg, Mexican train dominoes, pinochle, poker, Scrabble, sheepshead, or women's pan. Don't know how to play? Others will be happy to teach you.

Ah yes, there's Mah Jongg. It's cheaper than a therapy session and definitely more fun than exercising. Friends meet for Mah Jongg each week along with kibitzing about their lives while focusing on this challenging game. The outside world and everyday worries are left behind as the beautiful tiles are mixed and the game begins. As the rhythm of the game flows, conversation yields to concentration until one lucky player squeals at a win and yells, "Mah Jongg!"

Mah Jongg players: Judy Hood, Karen Koch, Terri Alverdes, Nancy Fowler, Roni Landsberg and Joanne Wickberg.

Did you know that Chinese historical evidence carries Mah Jongg back to the time of Confucius? The tiles probably evolved from Dominoes, which also was invented by the Chinese and known to be 1,000 years

old. The Mandarins, believing Mah Jongg to be the property of their class, refused permission to other inhabitants of the country to enjoy the pleasure of this aristocratic pastime. But in 1911, when China became a republic, the game was no longer confined to the Mandarins. To this day, it is the most popular game in China. A businessman named Joseph P. Babcock introduced the game into this country, which was enthusiastically received by the American public. The National Mah Jongg League was formed in 1937 codifying the rules of the game. Ask any Mah Jongg player and they will tell you they are addicted to the game.

And then there is bunco. It is a game with lots of laughter and players moving in a fury from one table to another throwing the dice. It's a game for partners, but don't worry about coming alone, you will always be paired up with someone.

Ever hear of Sheepshead? Come on in and find out more about this American version of a European card game known as Schafkopf.

And poker...boy do we have poker: Texas hold'em, crazy pineapple, Omaha, seven-card stud, criss-cross, slide-rule and some variations of five card draw. Feeling lucky?

Hand and foot is one of the more popular pastimes, and it has nothing to do with your anatomy. If you like Canasta, you'll love hand and foot.

Delores Ross and Rosemary Dalla Rosa are avid euchre fans but they also tout Five Crown. Delores says, "Come play Five Crown with us. If you don't know how, you will in the first 15 minutes. It's fun and fast."

And what about euchre? Delores and Rosemary are among 60 of our residents who regularly play euchre even though the game is most popular in the East and Midwest.

Group playing euchre.

The game is traced to the Pennsylvania Dutch and spread throughout the country to become one of the leading games. What is a euchre? Simply put, a euchre is when your opponents declare they are going to win by taking a designated number of tricks but don't succeed. It's a fast moving game played in the evening and is better than watching TV. All you need is 50¢ and you're in the groove with new friends. Munchies and treats are allowed too. Maria Welch says, "As the night goes on our voices seem to get louder and louder...it's such a fun group."

Women's pan (panguingue) invites you to come and watch the play. If you like what you see, they will teach you.

Is bridge your game? We've got multiple clubs for bridge players. If it has been on your bucket list, it's never too late to learn this fascinating and challenging game.

And, of course, the standard brain twisters of cribbage, gin rummy, pinochle and Scrabble are some of our best classic games.

Regardless of the game or games you choose, you will surely enjoy the warm sense of camaraderie, good conversation and relaxing play. You will feel pride in developing your skills and enhancing your brain power as you meet the challenges of each game. One thing is for sure, these pastimes are not only games but are instruments that promote friendships and a sense of community. Come join us for some fun during these hot, lazy days of summer.

This and That

I want to thank the Sun City Singers for putting on a great 4th of July show. This event always draws the most residents. We are sorry that the air-conditioner could not keep up, but we hope the ice cream provided by the Association helped cool you off.

Remodeling projects at the Desert Oasis and the restaurant kitchen will result in some time changes for club meetings. The Auditorium will be used to serve breakfast. More details will come from restaurant management.

We are happy to be able to have another free outdoor movie for you in September. This year we would like to have more people using lawn chairs and blankets.

A trip to the Mesa Flea Market on Friday, September 22,

provides a fun day and start to holiday shopping as well as goodies for yourself. I hope you take part in activities provided by the Association.

Selling Your Home

The Arizona weather is hot and so is the real estate market in Sun City. We have been experiencing heavy home sales for several months.

In March of 2015, the SCOV Board decided to give resident sellers more time to make any adjustments to bring their homes into line with the governing documents prior to a sale. This is accomplished by contacting the Community Services Coordinator (CSC) Office to arrange a Listing Inspection as soon as or just prior to when a home is listed. The CSC will contact an Architectural Compliance Team (ACT) member to contact you for an appointment to review the exterior of the home. After they have completed the inspection, if a seller is on site, the ACT member is most happy to review the results with you verbally before they mail a copy of their worksheet. If an owner is not living in the home, the listing Realtor often makes these arrangements and then follows up with the owner to address the violations.

If there are any deficiencies, you as seller will have the option of correcting them before an offer is accepted. Up until an offer is accepted by an owner, and an escrow is set up by the title company, you may request a re-inspection by the ACT. Once the offer goes to the title company, there are no re-inspections until 30 days after the home has closed. If a seller decides not to correct any deficiencies, the buyer will inherit them at closing and will be responsible to have them corrected within 30 days after closing at which time the ACT will re-inspect the property.

If a home sells before a Listing Inspection can be arranged, an Escrow Inspection will be ordered by the title company.

Did you know that our library has about 2,400 videos? This includes 120 documentaries, 164 foreign films and 146 television series. The popularity of television series has soared with our summer temperatures. Currently the most popular shows are "A Place to Call Home," set in post WW II Australia, "The Americans," about deep cover Soviet sleeper agents in the U.S. during the 1980s, and "A French Village," set in an occupied 1940s France. Visit a foreign locale, or tangle with Cold War spies from the comfort of your armchair.

Some of our latest book titles include: *House of Spies* by Daniel Silva, and *Paradise Valley* by C.J. Box in fiction; *The Late Show* by Michael Connelly, and *Hillbilly Elegy* by J.D. Vance in audiobooks; and *The Last Tudor* by Philippa Gregory, and *Paradise Valley* by C.J. Box, in large print. We are introducing two new television series, "The Affair" (Seasons 1 & 2), and "Broadchurch" (Seasons 1 & 2), and Season 4 of "Longmire" has arrived. Stop by soon.

Reasons Why Walking Is a Great Way To Exercise

Walking isn't always thought of as a serious form of exercise. But in fact, taking a walk is a better workout than most people would expect. As a way to get or stay fit, walking has some important things going for it, of which more people should be aware. Here are some of the big advantages of walking as a form of exercise. It can be enjoyable. Walking is a lot more pleasant than most other exercises, many of which can be downright miserable. This is partly because walking can be done outside, in nature. Experiencing the fresh air and natural sights of the outdoors can be a wonderful experience, and numerous trails and parks are perfect for walking. It's low-impact. Walking is a relatively gentle workout, especially in comparison to many other popular exercises. Running, for example, applies significant pressure to the joints and spine with every stride, while the movements required by walking place minimal stress on the body. This means that walking will lower the risk of injuries. Clearly walking as a means of getting regular exercise should get more respect.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment will be held every Thursday at 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2. Tuesday, August 8, the AFC pool and spa will be closed

for cleaning and shock treatment. It will reopen the following morning at the regular time.

Wednesday, August 9, the Desert Oasis pool will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

The Active Health Committee (AHC) has recently updated its information on the SCOV website. By going to our website, you will find our charter, annual accomplishments, and meeting agendas and minutes.

By going to Members > Member services > Health and Fitness, you will find information that will help you stay active and healthy. Examples include presentation flyers, walking and biking maps and several non-commercial, research-based, health related websites. You will also find the list of AHC-sponsored support groups. These are also noted in the Partnered Organizations section of each *Tipster*. Let us know if this information is helpful and if you have questions or requests.

Plans for next season begin with an Association-sponsored balance class Mondays, 10:30-11:30 AM, AFC, starting October 2, \$20/10 classes, or \$3 drop-in charge. Our first of five monthly presentations for the 2017-2018 season is Saturday, December 9, 1 PM, Auditorium. Watch here for more information.

Architectural Review

Janice Strassburg 520-338-2568, janicestrassburg@gmail.com

Second and Fourth Tue., 2 PM, WC3

This is the time of year to look into doing those projects you have put off through the busy winter months. That wall, fence, room addition, new landscaping or whatever outdoor bling you have been thinking of doing, summer is as good a time as any. It could be that the workers you need may not be as busy.

If landscaping is part of your plan, please check the approved plant list, and do not plant a tree that is not approved. The Architectural Review Committee (ARC) would not enjoy asking you to remove a newly planted tree or shrub that is prohibited.

Asking residents to trim some overgrown shrubs has not created havoc. It is still nicer if a resident is aware they may have a shrub that disrupts a neighbors sight line and they trim it without receiving a violation letter. Have a great summer.

Food and Beverage Advisory

Chair Barb McNeill, bjmac68@gmail.com

Oct.-Jun., First Fri.

Late this month, the kitchen remodel should get underway. We will need to be flexible as we try to accommodate our clubs with limited space and still serve meals to our residents.

Staff is working on a plan so that breakfast, lunch, happy hours and dinner can be served for the 3-4 weeks of remodel time. Meals will include: a breakfast buffet of eggs, meat, potatoes, baked goods, fruit and beverages served from 7-11 AM. Seating in the Lounge and grilling on the Terrace will include items like hamburgers, hot dogs, chicken sandwiches, potato salad, coleslaw and beverages. The biggest issue is refrigeration and storage, so understand that meal choices must be limited. The dining room will be used for kitchen storage while the work goes on.

As we continue to make The Views an amenity we all can be proud of, please support your restaurant during the summer months. Most of all, be patient, while we all adjust to the temporary situation.

Friends of the Library

Lynne Davis lynnedavis100@gmail.com

Pat Brown patbrown630@gmail.com

Need a beach read, or better in SCOV, an A/C read? We have new books that might be good companions for inside activities while the weather is hot. Thanks to the Sun City Vistoso Foundation, we have new, current large print books, which are great for reading at the pool with sunglasses on. Friends of the Library will meet in the fall, but are always thinking of new ways to support our great Library. If you would like to create a lasting legacy upon the passing of a loved one by having donations made to the SCOV Library in their honor or include us in your estate planning, please contact our librarian. During the hot summer months, the Gift Shop is an oasis of cool air and beautiful items. Stop in to enjoy the works of August-featured artist, jeweler Michael Knott. Michael relates, "I grew interested in lapidary when I was young and broke a treasured turquoise ring. Unable to find someone to repair it, I set out to do

it myself. This led to a California trip in the 1970s to study with a lapidary expert. I started with silver and eventually worked in all metals. I still enjoy sterling silver as settings for the beautiful stones I cut or cabochons I find. In addition, designs without stones, using textures, are my trademark. Custom wedding bands have always been an important part of my work. Nothing is more pleasing than to see someone excited to purchase a piece of my work and to have them enjoy it for years to come."

Meeting Third Thu., 3 PM, WC1

The Loan Room remains open throughout the summer on Tuesdays and Thursdays, 8-9 AM. We are located at the end of the Cart Barn, but you need to park in the parking lot outside of the Cart Barn. The summer is a slower time for us and gives you an opportunity to come in and see what we have available for loan. Be sure to bring your SCOV card when you pick up items. The fob will not work for our system. You may be aware of some major changes taking place within the space of the Loan Room. We ask your indulgence and cooperation over the next months and years as we relocate items and work in a smaller space.

Perhaps You Can Help

Summer rains and winds finally came. Help keep a watchful eye out and report any property damage to Administration. With so many of our neighbors away at this time of the year, we need to be especially aware of our surroundings. Pesky weeds seem to appear overnight with the monsoon season, so remove them from your yard as soon as possible.

Has wind from the storms caused excessive tree debris in your yard? Keep your driveway and the sidewalk swept, so that your home doesn't appear vacant and be an invitation to a burglar.

Is there standing water in your yard? With the rain that we have had, it's important to drain ponds and/or fountains in yards to eliminate standing water where mosquitoes can breed. Check other items outside your home that may collect rain, such as buckets, empty flower pots and other containers, to be sure they are not holding standing water.

Thanks for your help in our extremely hot summer months.

The mission of the Properties Committee is to make recommendations to the Board of Directors and the staff regarding the condition of, and recommended improvements to, SCOV facilities and assets. Intermittent activities include utility usage studies and projects requested by the Board or as deemed appropriate by the committee. We are looking for new members to help with these tasks or residents with some expertise that only want to help on specific projects.

The Properties Committee will not meet in August. Our next meeting will be Thursday, September 21, 9 AM, WC.

As everything is slowing down due to the hot weather, the Pro Shop staff is gearing up behind the scenes for another fun season. I will be ordering new range balls and scorecards.

Please stop by our fully stocked Pro Shop to check out our closeout specials and our new summer hat supply. Come visit with our friendly staff and find a bargain.

Our current golf rate cards can also be picked up in the Pro Shop. Buy your very own range pass card so you will not have to keep getting tokens from the Pro Shop. Stop by and ask for our pricing options and more details.

Also, remember that SCOV residents receive a 15% discount on apparel, and golf pass holders will receive 30% off.

Remember that monsoon season is upon us and brings rain and lightning. Whenever you see lightning, get indoors as quickly as possible. Lightning is nothing to fool around with. Just ask Lee Trevino. Also, drink plenty of fluids and keep your body hydrated. Carrying a wet towel is also a great idea with the triple digit temperatures we are experiencing.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

August is a happy time for golf course maintenance because the brutal hot, dry temperatures of May and June are over. August is generally miserable for most people, because the monsoons bring a dramatic increase in humidity, which people find uncomfortable. However, this increase in humidity is fantastic for growing Bermuda grass. All of the work performed between May and June to sprig and aerify the fairways, greens and tees prepares the grass to recover very quickly. The golf course will be back to being in great shape all the way until the end of September when

overseed begins.

This year, the transition was much improved over the previous years. The changes to overseeding seed rates, rotating non-overseed holes each year, increasing the frequency of aerification throughout the entire year and increased levels of hand watering dry areas during late spring have all contributed to the fight against salts and dying Bermuda grass. Even areas that were weak this year had more underlying Bermuda grass than previous years so the amount of sprigging and sodding was reduced.

The goal is to improve the conditions every May and June and reduce the amount of regrassing required before the humidity of August. By having more Bermuda grass recover each transition, the following transition is that much better. Next year, the greens will be needle tined each month starting in January and the fairways will continue to be deep tined during the spring to continue encouraging Bermuda grass recovery in April and May.

Our field of dreams has taken on the look of summer at The Views Golf Course. Fairways are under repair with many spots growing new grass and requiring plenty of water. Greens have been punched and sanded. Bunkers are being refurbished, and a new liner system is being installed on a few holes.

With all this activity, and in spite of temperatures ranging up to 115 degrees, approximately 32 members of the Men's 18-Hole Golf Club made the 7 AM shotgun each Wednesday morning.

If you are new to the area, think about joining us. You would be paired with other members and will have the opportunity to meet some of your like-minded neighbors.

Here is the schedule of August games: August 2, 2-man Chapman; August 9, low net; August 16, 2-man best ball; August 23, 2-man shamle and August 30, stapleford. Good luck.

In addition, the USGA and R&A publish a book called *Decisions on the Rules of Golf*, which are specialized rulings that have been standardized over the years, based on questions that have come up in competitive play. As we move toward our goals for providing the best food, drink and service, I would like to introduce our new Executive Chef to the community, Chef Paul G. Blackwell. We are very excited to bring him on board and believe his experience will bring our restaurant to the next level of flavor, presentation and consistency.

Chef Paul worked in restaurants since the age of 16 and graduated Culinary College in 1979. Although classically trained in French cuisine, he is versed in many different styles of cuisine. He worked with Chef Edwards, who apprenticed under Escoffier's last living student in Paris after WW II. He also worked with Chef Mark Kuzma, who led the American Culinary Team in Gold Medals in Munich. He arrived in Tucson in 1981 and worked in several of Tucson's most popular restaurants. Blackwell also worked with world renowned chef, Jacques Pepin, during this time. He owned and operated three of his own restaurants, along with a catering and consulting business in the last 25 years and has taught at Pima Community College in the Culinary Depart-

ment since 2005. His main philosophy is that there is no substitute for freshness and menu offerings based on season and region. He believes that culinary art is truly in the balance of the dish's ingredients with the beauty of the food speaking for itself, and that plate arrangement and garnish complexity are additional enhancements. As trends change, he adapts but the basics are the same: freshness, quality ingredients, love and care in handling and preparation. He believes that Mother Nature does the hard work and he makes every effort to show her the respect she deserves in all his preparations.

Next meeting Oct. 2, 3:30 PM, Artisan Center, Silversmith Studio

During the summer, it is often fairly quiet in the shop, but there is still a lot of work going on thinking about designs, metal and stone components, and the choreography needed to ensure that those things all come together successfully to produce a nice piece of jewelry. The designs come from various inspirations such as nature, sports, treasured memories and perhaps just a photo observed in a magazine. Fortunately, the shop is not a production facility but rather, a hobby center where the end products just happen to be for sale to interested visitors.

Special thanks to Gilbert Marquez for taking such good care of us all these years, and sincere best wishes to him in retirement. Thanks too, to the Association, for the recent floor-stripping and re-waxing: It will be a lot easier now finding that errant, small piece of critical silver we occasionally drop on the floor.

Astronomy

Pres. Ron Collins 812-344-4772 scovastronomy@gmail.com
Oct.-May, Third Thu., 7 PM, Activity Center/Navajo

At an Astronomy Club program in 2009, given by Dr. Pompei from the National Optical Astronomy Observatory (NOAO) on Kitt Peak, he mentioned a small telescope kit NOAO had developed for students to interest them in astronomy. After that meeting, the club decided to find a way to provide those telescopes to students at Coronado K-8 School on Oracle Road just north of SCOV.

A group of club members met with the school principal, a fifth grade science teacher and a NOAO astronomer to discuss an outreach program. The astronomer was also the local manager of Project Astro, a program that teams up science teachers with amateur astronomers to conduct classroom astronomy exercises. All were receptive to the idea, and the school was very interested in participating. To prepare for conducting classroom exercises in astronomy, four club members, Bob Cratty, Dave Thompson, Harland Goertz, Carol Bull and three Coronado science teachers attended a two-day training session at U of A and Kitt Peak. And the outreach program took off.

To pay for the telescopes the club asked SCOV residents to donate through the Arizona State Tax Credit program. To date telescopes have been provided for every fifth grader for the past eight years (over 700 telescopes). Excess money has been used to send seventh graders to Summer Astronomy Camp on Kitt Peak or Mt. Lemmon, and 24 students have attended camp in the last four years.

These successful programs have generated both educational help for students and good publicity for the SCOV community and the Astronomy Club.

At our August meeting we will discuss *The Quartet* by Joseph Ellis. Pulitzer Prize-winning historian Ellis takes up the story of what happened after the end of the American Revolution by following the roles played by George Washington, John Adams, Alexander Hamilton and James Madison in the political events of 1783 to 1789.

In September we will discuss *El Paso* by Winston Groom, the first work of fiction in 20 years from the author of *Forrest Gump*. The book is set during the Mexican Revolution and follows a Boston railroad magnate as he desperately searches across the Sierra Madres for his grandchildren who have been kidnapped by Pancho Villa.

Conduct your research in the air-conditioned Genealogy Lab room this summer. You're sure to find an empty computer. ILR - Institute of Learning in Retirement

Curriculum Randy Myerson rcmyerson@gmail.com

Registration Karen/Sherwin Koopmans skkoopms@gmail.com

Samplers Sally Evert sallyevert@gmail.com

Hal Schroeder halschroed@aol.com

suncityilr.com

Two of the summer courses continue into August. Thank you Jane Myerson, Jim Williams and Garry Buck for moderating the free summer courses. You add a greatly appreciated learning opportunity during the quiet of the summer months.

Fall course registration resumes August 1-31. Nine courses are offered. Check the website to be certain the course you wish to take is still open. There are no refunds if you sign up for a course that is indicated as closed. Once you register, make certain to add the dates and times of each class for which you registered to your calendar so you do not miss a class.

Not an ILR member yet? It's easy to join. If you are a current resident with paid association fees, complete the Membership Application/Registration Form found on the website and send this along with a one-time initiation fee of \$25 pp. Mail this to the club box address, printed at the bottom of the form. When you join, you may register for courses (\$10 each), workshops and attend Samplers. Your email address is added to the group and you receive updates and reminders as well as the opportunity to vote on items requiring a member vote.

Do you remember where you put your ILR name tag? It's the one on a blue lanyard and has your first name in big, clear letters. When you find it, put it with your ILR materials or in your calendar for that first day of class. Wear it to classes. It is a big help to classmates and moderators.

Common Areas To Be Sprayed With Pre-emergent

Common areas will be sprayed with pre-emergent in August. If you see a bluish green dye that is wet please do not let your pets walk in it. The spray, when wet, may be harmful to pets.

Poets Corner

James Pavlakis 520-612-7328 pavlakisj@yahoo.com.mx
Mon., 10 AM-Noon, Desert Oasis/Saguaro

Love poems, despite their abundance, can still be engaging and surprising, if not exactly romantic in the fashion of Lord Byron. David Jordan's "Questions of the Heart" is an excellent example:

"Love slips away/like starshine, like the sea,/like summer.
It's here,/it's gone,/you didn't see it go. Somehow,/though,
love turned/to expectation, to demand,/to negotiation, to
eyes/turned aside/from questions of the heart.

"I equated love/with fate, believed/a specific someone
waited/out there/for each of us,/the task was to stay loose,/ stay alert, grab love's main chance/when it came. Now I realize/people connect/for a million wrong reasons,/collide and entwine/and slide away and sometimes/split but often stay/ together yet apart, year/after year, and then one day/a man is fifty years old/and wishing/someone loved him."

When love, like our springtime, leaves us, poetry helps us grieve.

Nov., Jan. and Mar., Third Thu., 2 PM, Activity Center/Hopi

Fido's Friends is the club responsible for our dog park in SCOV. The park is a roomy, safe environment for dogs to enjoy off-leash activities with their owners. The big dogs love to chase balls and frisbees around the park, and the little dogs like to chase each other and interact with their canine pals. Dogs really look forward to their time at the park and often remind their owners when it is time to go to the park. If you have a dog who could benefit from some free-running fun, join Fido's Friends and give your best friend a place to romp and play.

Folk dancing is more fun than a treadmill and excellent exercise for balance, mindfulness, muscle and mood. For most dances we hold hands in a circle performing non-gymnastic steps to the sometimes strange but fascinating music and rhythms of diverse cultures (including our own). Neither partner nor prior experience needed. Typical dance session consists of 12-15 mostly easy folk dances always preceded by instructions. Drop by to see if this internationally popular dance form is right for you and/or see us in action by doing a Google search on Folk Dance Sampler YouTube.

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Summer is a great time to commit to a core strengthening exercise routine. Why not try Pilates? Small summer classes offer you a great opportunity to learn. Even 40 years after his death, the Joseph Pilates exercise system is in high demand. Fortunately, Sun City offers these classes twice per week on Mondays and Thursdays. People ask can the benefits, which come from the strengthening and stretching exercises we do, really develop the body's core (abdomen and back muscles), increase spine mobility and build flexibility? The answer is a firm yes. Additional benefits you will notice when taking the group mat classes are better balance, more

muscle tone and increased stamina. Classes are specifically designed for seniors and are taught by two experienced instructors. The cost is only \$8/class with annual club dues of \$20 pp. Join us or just come by and watch. Call Mary.

Vistoso Helpful Hands

Barb McNeill 520-825-0677 bjmac68@gmail.com

Recently, I was asked who to call in this situation: a woman staggering around, mid-day in over 100 degree temperatures without water, admitting not knowing where she lives. About 12 blocks later, she recognized her house. A man walked out the door, said he knew her and into the house she went. Still concerned, my neighbor asked me "What should I do?"

Call the Oro Valley Police non-emergency number 520-229-4900 and request a wellness check. They are well-equipped to handle this. If they are not satisfied after gaining access to the home, Adult Protective Services will be called in. Should you mind your own business? Not in our community. You will be doing your part to ensure someone is safe in SCOV.

If you need help, call 520-410-9498. After the tones, enter your area code and phone number, then hang up. We will call you back, usually within 30 minutes.

Some of our partner organizations are Youth on Their Own, El Grupo, Refugee Focus and Tucson Boys and Girls Club. Wheels for Kids is a total volunteer effort, and we need mechanics. If you are interested, we'll train you. Call Dick Swain 920-217-2610 or Tom Terfehr 520-789-7423. Check out our website, azwfk.org. *Tucson Association of REALTORS®
Multiple Listing Service Residential Market Share Report.

We have bought and sold many properties, and found Brenda O'Brien to be one of the most professional and knowledgeable agents we've ever worked with. She responded to phone messages and/or e-mails almost immediately, regardless of the time of day or day of the week. She provided excellent feedback after showings, and sold our house quicker than the average DOM for our area. We will recommend Brenda to anyone we know who is looking to buy or sell in Oro Valley!

Dennis & Joyce Kraft
Sun City Home Sellers

My experience with the Brenda O'Brien team, specifically my listing agent Michael Lynch was very positive. Over the years, I have purchased and sold ten homes and never experienced the level of professionalism with any other agents that I received from the Brenda O'Brien Team. From the top notch quality of the listing photos and the overall advertising in the promotion of my home to the day of closing - I could not have asked for more. I know that my decision to use your team was a very good one!
