Good Neighbors

by John Wilson

The word "neighbor" is rather noncommittal in its connotation. It generally indicates a physical proximity between homes, and hence, homeowners, but it does not necessarily imply anything more than that. In contrast, prefacing with an adjective surely adds much deeper meaning to the word. *Good* neighbor retains the notion of physical proximity, but much more than that, it connotes that a feeling of friendliness, mutual respect and helpfulness exists between the parties. Though all of us have neighbors, I think all of us would count ourselves blessed if our neighbors were all good neighbors. And, of course, that goes both ways. Are we just neighbors, or good neighbors?

What started me thinking more about the concept of "neighbors" was the survey last spring, seeking to identify "how residents feel about views in SCOV and how big an issue it is when growing plants and house additions start blocking views" (quotes from the report compiled by the *ad hoc* committee conducting the survey). Eighteen percent of SCOV residents responded. I am reluctant to attach too much significance to such a limited representation of SCOV residents, but in any case my focus here is not on how many are concerned about obstruction of views or what is causing the obstruction. Rather, I am more interested in how such concerns are addressed. And for the present purposes, I wish to consider not just obstructed views but, more generally, any matter that has potential for negatively affecting relationships between neighbors.

It is obvious that nothing will happen unless both parties are aware of the concern. So, the first step should be communication between neighbors. "Hey, Charlie, I'd like to talk with you about something. Your dog does a lot of barking and it's getting to be a real problem for us. Do you think you could do something about it?" When approached in a friendly open manner, I'd like to think that most of us would respond accordingly, and seek to resolve any point of contention with our neighbors. In other words, to respond as a "good neighbor." Of course, this may not always happen

and, if the point of contention actually involves a violation of regulations in our governing documents, recourse to enforcement procedures through administrative structure is available. But one hopes that such recourse would be rare, and that "good neighbors" would communicate and amicably resolve such matters.

Critical Component—Insurance: Ours and Yours

Here at SCOV we have two types of commercial insurance coverage: property and liability.

Property insurance covers loss of or damage to any common structures or physical property caused by fire, flood, storms or other natural events. For instance, if high winds uproot a tree that damages a common roof, the Association's property insurance would cover the cost of repairs. Property insurance may also cover what we call fidelity (such as theft).

Liability insurance covers losses that would result if someone took legal action against the Association for an injury or other type of damage. For example, one important type of liability insurance, called Directors' and Officers' insurance, covers volunteers like Board and committee members so they're not jeopardizing their personal assets to serve the Association.

The Association's insurance does not cover owners or residents, their homes or belongings. Each member should have his or her own insurance policy. If you need information about homeowners insurance, talk to a licensed insurance agent who specializes in homeowners associations. Or you may want to talk to the Association's insurance provider; this person will know exactly where the Association's master policy coverage ends and where yours should begin. This prevents you from over or under insuring yourself. If you'd like his contact information, drop me an email at the above address with the request and I'll see that you get it.

It's More Than Living... It's A Lifestyle!

Then and Now: A Dream Coming True

by Barb McNeill

The Views Restaurant was just a golfers' grill when we moved to Sun City Vistoso (now SCOV) in 1992. Del Webb was still building homes and ran the grill. The bar had five stools. It was an office for a real estate agent and a couple of retirees, whose wives wanted them out of the house during the day. The hours were 6 AM-5 PM, with no hot food after 3 PM. We thought: what a gold mine this could be with a captive audience miles away from the closest eatery.

When the resident Board of Directors took over management of the facility, several restaurant managers tried to make the grill/café a more profitable amenity. We existed with cook/manager, Eduardo, preparing his memorable Mexican food. His extended family waited on us and were sent home when business was slow, to save labor costs. At one point, revenues actually exceeded expenses. Later, Joe took over as cook/manager. He worked 12-16 hours a day, seven days a week. The food started to attract a breakfast crowd. Residents and guests slowly became regular customers. The Café was expanded out onto the deck. Joe developed a banquet business for our clubs and community activities.

The Board set up a Long Range Planning Committee, which began researching what other retirement communities had to attract potential home buyers. One thing stood out: full service restaurants. Residents started talking about a gathering place for the community, one with not only food, but a lounge and entertainment. Plans were developed and a Food and Beverage Director (F&BD) was hired to implement the new, double-the-seating capacity of The Views Restaurant. The Pro Shop was relocated and its former spot made into the Lounge with added seating on the Terrace. The Marketing Committee and staff began advertising in and outside of SCOV.

Oh, the growing pains to meet customer expectations for service. Banquet service was put on hold. After several false starts in personnel, our new Executive Chef Paul Blackwell was hired in July 2017 to provide the needed leadership in the kitchen, under the experienced direction of current Food & Beverage Director, Aalt Brouwer. We also promoted Errick Owen to Restaurant Manager, helping mold our wait staff into a very professional service

team. However, the current meal preparation capacity of the kitchen is not sustainable with 750 meals a day being served during the winter season.

The Board approved phase one of a two-phase plan for improvements. The short-term remodel for this summer/fall adds needed refrigeration with better access, more stove burners and addresses a grease trap issue that the county demands, along with removal of a wall to provide more dry storage space.

Next summer, a redesign of the kitchen with some additional space, will give better access to preparation areas, improve kitchen flow and provide for the return of banquet service for our clubs and community activities, without adversely affecting the core restaurant.

All this is being paid out of capital funds and asset reserves which are already in the bank (or will be by the time of project completion). The long-term planning efforts of SCOV volunteer committees and Board of Directors and implementation by our competent staff and General Manager, Mark Wade, are paying off.

As they say, "we've come a long way, baby." Every day, The Views features happy hours and entertainment

on Fridays and Saturdays, with customers dancing on the Terrace. The wildly popular karaoke on Sunday evenings lets amateur singers participate in the fun. Daily specials like prime rib dinners, \$5 hamburgers, seafood dishes, vegan/gluten-free lunches change monthly, with drink specials thrown into the mix. The hours are 7 AM-7 PM, or whenever the last customer leaves, seven days a week. In a recent survey, The Views was voted best Oro Valley restaurant and best cocktails and SCOV was awarded number one active adult retirement community by readers of the *Northwest Explorer*. Our amenity is becoming the standard that other retirement communities are copying.

The Lounge and Terrace will continue to be open during the kitchen renovation with a limited food menu served from an outside grill and complete beverage service. Come in and support your restaurant while we remodel to meet your needs.

Per Leslie Platt, former chair of the Long Range Planning Committee, "It's a work in progress."

Marketing 101

Marketing begins with the identification of a need: to promote SCOV as a place to live, play and have friends. Your Association has put into place a plan to accomplish this objective. A plan has been developed with measurable goals. The Board has allocated funds to execute the plan. There's a committee that meets monthly during the high season to look at the big picture and take on special projects such as the solar dedication or the remodeling forum. Staff works year round formulating and processing the plan, developing ads, communicating with current and potential residents about the many benefits of living, eating and playing in SCOV. If you're interested in learning more about the marketing of SCOV, please consider attending a Marketing Committee meeting and remember that in SCOV, *It's More Than Living... It's a Lifestyle!*

New Things Happening

I hope you are enjoying

the great lineup of free events. In addition, I am pleased to have teamed up with TAD Management to bring you some great new fee-based shows starting the first of the year. Feel free to go their website to see the amazing shows we can bring here. I look forward to these events in early 2018: "One of These Nights," a salute to the Eagles, "ABBA Fab," a salute to ABBA and "The Piano Man," a salute to Billy Joel, later

in the year. TAD Management shows appear on cruise ships and have become popular in Southern Arizona adult communities. I am told that these shows sell out quickly, necessitating a waiting list, so get your tickets early for all shows. We also have planned some new free events. In January, I will publish a list of dates for you to save. You won't want to miss one of these many events.

I am looking for a volunteer to host the annual cookie exchange on December 8. If interested, please call me.

Waiting for the outdoor movie to start on September 16. It was a beautiful night.

Remodeling Guidelines for Residents and Contractors

As many of you have noted, there is a tremendous amount of remodeling going on in our community. It is great to see residents investing in their homes so that values continue to increase.

However, the process of renovation, whether inside or outside, often brings temporary distress to neighbors who

experience such things as the daily traffic of delivery trucks, parking on the sidewalks by contractors, improperly stored building materials and discarded debris that blows into adjacent yards. The nuisance factor is amplified by lengthy timelines that stretch into months.

We would like to heighten the awareness of what is expected of residents and their contractors. The following list is a reminder:

- Residents shall be responsible for the actions of their contractors.
- Debris should be disposed of daily or shall be kept in a tarped container. A clean work site is important.
- Building materials should be stored out of sight in the garage or in the backyards of homes.
- Contractors are encouraged to be respectful of the neighbors. Aprons and adjacent sidewalks are not designed to support heavy vehicles, and parking should be on the blacktop. Sidewalk repairs are the responsibility of residents. Driveways should not be blocked. Parking of trucks to prevent safety concerns should be addressed using safety cones, etc.
- The Town of Oro Valley Town Code 10-1-4 Noise outlines the allowed times of operation of heavy equipment and other construction activities.
- Our Master Declaration 4.5 Nuisance provides the authority for enforcement of these policies.

How Do I Know When It's Time to Replace My Old Athletic Shoes?

Place your old shoes on a table or flat surface and look at them from the back. If they lean inward or outward or show signs of excessive wear like badly worn edges of the soles, it's probably time for a new pair. Even if they look like they're in good shape, if you've logged 300 to 400 miles (or after three to six months) in them, or if you start to notice pain in your feet, ankle, legs, or knees, even though you haven't changed your exercise routine, worn-out shoes may be a factor.

We would like to thank the many people who helped us transition the Balance Class into an ongoing Association class: Heather Chalon, Master Trainer with the Tai Chi for Health Institute who led our classes, supported us through the transition and continues to guide our instructors; three SCOV residents who are now our instructors (Laura Carey, Debbie Brown, and Judy Greenberg); the SCOV Foundation for funding our instructors' training and the SCOV Administration for supporting this process, the AHC and our instructors.

Most importantly, a huge thank-you to all our SCOV residents who have participated in these classes; it has been a

joy to see your engagement and progress. We hope many of you will continue taking this class and invite your friends and neighbors. Class restarts for fall on Monday, October 2. See Workshops and Classes, Association Fitness Schedule on page 12.

Second and Fourth Tue., 2 PM, WC3

Architectural Review is your go-to committee if you are having residential problems. If your concern is covered by either the Master Declaration or the Development Standards, then those are the two documents that may help solve a problem. A beginning point in searching to see if your situation is covered will be to peruse the index. Then read the appropriate section to see what rules apply. The Master Declaration is an overarching standard while the Development Standards address the nitty gritty. Both documents are located at suncityorovalley.com > members-login > documents.

Should you not find a rule that pertains to your problem, then perhaps it is time for a neighbor-to-neighbor chat. ARC cannot solve all problems. Our primary goal is to help residents make changes to the exterior of their properties and have those changes conform to the standards that have been established for the community.

- Our staff includes two sets of siblings.
- Most of our staff also work part time at other places; one currently has four jobs.
- One of our managers has worked with six world class chefs, three of whom have been on the Food Network channel (Chefs Maye, McMillian, Weiner) and would trade them all in for Chef Paul Blackwell, our new Executive Chef.

Tips from satisfied customers are what wait staff need to make a living. Please support The Views while your restaurant becomes a gathering place of which we can be proud.

Have you read a Gothic tale lately? Or a graphic novel? Maybe some fantasy? October is the month for tricks and treats (and the Library always has some Tootsie Rolls thanks to the generous donation of an SCOV resident family). We also have a new game of Library bingo (thank you to a Library volunteer) that will be fun to play while exploring some new literary genre. Come and join the fun. Remember that your Library depends on the donations of time and money of SCOV residents. Thank you to all who contribute.

A few dedicated members and one fabulous data entry volunteer from the community have summarized all the information and data from the interviews, Focus Groups and Survey and Ambassador Reports gathered last fall. We will now begin to identify themes and principles to organize into a final report to the community and Board. October featured artists are Elaine Deeter (left) and Julie Holtry (right). Julie makes jewelry and Oriental-themed note cards. Her trademark is her pendant

dragonfly which dons the necks of many local residents. "I think I have a dragonfly for every outfit I have. They are such fun to wear!" Julie particularly likes to use dichroic glass. This glass almost takes on a gem-like shimmering quality.

Elaine began creating greeting cards a few years ago for her personal use. Then, "I decided to start making cards to sell in our Gift Shop. It is a wonderful way to contribute to our community and meet new people. I enjoy seeing people appreciate my work and hearing how their friends and family are happy to receive a handmade item."

Stop in to enjoy the work of all our resident artists and pick up that special gift you have been looking for.

As many of our residents return from their summer trips, we will be getting busier. It is recommended that you make reservations up to two months in advance, especially as we get closer to fall and winter holidays. The Loan Room is open Tuesdays and Thursdays, 8-9 AM, and is located at the end of the Cart Barn. To reserve, visit the website; your request will be responded to within a week. Come and see what we have available.

Just Perhaps

Perhaps you didn't know, or you just forgot, how much foliage grows here in our desert. Our monsoon season this year caused trees, grasses, shrubs and weeds to really grow. Pre-emergence applied to your yard will stop the germination of seeds, and you won't have as many weeds next year; check with your landscaper or pest control professional. Don't forget to remove weeds in cracks of your driveway, sidewalk, and where the cement meets the blacktop of the street. Plants protruding over sidewalks need to be trimmed back so as not to injure passing walkers. Trees at corners need to be trimmed so stop signs may be seen. Suckers under trees should be cut off, down to the ground.

Take a close look from the street. Can you see the numbers on your house, day and night? For safety sake, trim back any plant, or change light bulbs, if your house number is not clearly visible. This is important should an emergency vehicle need to find you.

Please take pride in your property, and, "just perhaps," SCOV will continue to be a beautiful place in which to live.

During the nightly neighborhood patrols, the Posse finds many RVs (motor homes, trailers, campers, etc.) parked in driveways and on the streets. We stop and record the address, make and model of the RV plus license plate information. Often we observe violations of the local ordinances. As the Posse Chairman I strongly encourage each resident to read the governing documents about RV parking. Find on-line the SCOV Board Policy BOD-011, and Oro Valley Town Code in Article 11-4. These are intended to make our community more enjoyable and safe to live in with our families.

Semiannual inspections of SCOV facilities are one of the Property Committee's primary functions. The purpose of the inspections is to identify the condition and maintenance needs of SCOV facilities and grounds. If you are interested in the activities of the Properties Committee, please plan to attend our next meeting Thursday, October 19.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

Please allow me to introduce myself. My name is Rick Price, the Director of Golf for The Views Golf Club. I started July 1 and have had an opportunity to meet quite a few of our residents. Thank you for welcoming me to your

community.

The main question that I have been asked multiple times since arriving is, "What do you do and why are you here?" That's a good question that I'd like to address. First, my areas of expertise lie specifically in my skills of 35 years of experience in golf operations, strong business background, sales and marketing and overall knowledge of the golf market in Southern Arizona. Also, I've been a resident of Oro Valley and Southern Arizona for the past 35 years.

My main responsibilities are to oversee Pro Shop operations, create fun events and activities for our residents, and increase golf participation overall. I'm passionate about creating a valuable customer experience, and I strongly believe in building long-term relationships with our residents, guests and the local community. I will go to great lengths to ensure you receive first-rate service while effectively communicat-

ing to achieve your expectations and our goals. The overall effect will create a professional, yet fun atmosphere in producing a successful operation.

I invite you to meet our professional friendly staff and play our exceptional golf course by contacting the Pro Shop at 520-825-3110. I'd welcome the opportunity to meet you and discuss any questions or opportunities you may have by contacting me directly by telephone or email.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

October is the start of a new season of golf. The golf course has been overseeded so there are different colors of green on the fairways, tees and greens. This is a good time to remind golfers about changes from summer to winter play. The divot mix will be replaced with a sand and seed mix that is to only be used on fairways and tees that have been overseeded. This year the green fairway on #6 and the entire #14 fairway will not be overseeded, so please don't repair divots with seed mix on those holes. The seed will germinate during the winter, and when the Bermuda grass eventually goes dormant those divots will leave green spots all over the non-overseeded fairways. This also applies to all of the roughs since they aren't overseeded either. It is a small step to help reduce extra maintenance required to chemically treat and remove the green spots.

Another reminder is the course will be very wet following overseeding. Even though the irrigation is slowly turned off prior to the course reopening, the soil will remain very saturated. Golf carts will be regulated to the cart paths for about two weeks to allow the fairways extra time to firm. When the carts are allowed off the paths, please try to avoid driving through low areas that are still wet. Most areas will be painted with white lines, but some areas might still be soft and be damaged by golf cart traffic.

Golf Advisory

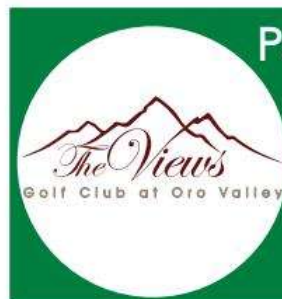

Chair Yvette Schulz 520-825-0797

Sep.-May, First Wed., 2 PM, WC3

Fall is here which means it's overseed time. Overseeding will be continue through October 8. When golf resumes on October 9, we will be restricted to cart path only until the end of October. A big thank you to Mike Kropf and his staff for the excellent condition of our course over the summer months.

The GAC was happy to welcome our new Director of Golf, Rick Price, at our September meeting. We look forward to working with him and helping to implement his visions for our course.

The Golf Advisory Committee is looking for a recording secretary for our monthly meeting. Please contact Yvette Schulz if you are interested.

Food & Beverage Director - Aalt Brouwer

abrouwer@suncityorovalley.com 520-917-8074

Greetings from The Views Restaurant. We have had some great success over the summer. We introduced a new Executive Chef, Paul Blackwell, who every day is making a difference with the quality of food, timeliness of the kitchen, and better yet, keeps up with a demanding boss. We have introduced karaoke on Sunday nights, which has turned out to be an enormous amount of fun. We have been training our staff on the ins and outs of food and beverage. So far, we have covered beef, seafood, and the basics of wine.

Don't miss our collaboration with the Sun City Variety Theatre group for our inaugural SCOV Octoberfest on Sunday, October 29. This should be a lot of fun with great food, beer, and entertainment. For more information, see page 23.

I'm pleased to announce that we are offering our first pairing dinner of the season on Wednesday, November 1, 5 PM. In addition to the three-course dinner with cocktail pairings, Magic Kenny of the Bisbee Séance Room will present the Haunted History of Tucson.

As we head into October, we look forward to implementing our new menu from Chef Paul. He has taken the time to assess our guests' preferences and can't wait to build you a menu of which we all can be proud.

Orientations and regular meetings have resumed and the monthly cleaning will continue as always. Mentoring is once again being offered by experienced potters. Classes are in the works and will be posted as they are developed. Welcome back clay people. We look forward to what you create this year.

Our seasonal residents return this month and rejoin their fellow artists for lively chatter of summer doings and to plan the new season's schedule. Some of us finished a piece or two over the summer, but the heavy work was accomplished by those who braved the summer heat and cooled their heels in our studio each Wednesday. We're all looking forward to another creative, social, educational and collegial season together. Our Art League theme show entitled "Self Portrait" will adorn the Activity Center walls during October, and residents and guests are invited to come over, view the paintings and decide the respective resemblances. Prepare your palettes, brushes and pastels for this new season, and let's get ready to rumble. New faces are always welcome in our club, so come on over and meet our friendly group.

All SCOV residents are welcome at our monthly meetings and to use the Modelers Room. The October meeting will return to the Catalina Vista/Pusch Ridge Room. On any day, if the lights are on and someone is in the Modelers Room, stop in. At our meetings, you will see what we are about, and you may enjoy a cup of coffee and a sweet roll. From time to time, we schedule field trips of interest to modelers.

Sculpture

Pres. Laurie Lichaa 520-812-0198
Mon., 9 AM-5 PM, Catalina Vista/Art Studio

To all club members that have had the studio all to themselves this summer we say, "move over, because the winter residents are flocking back with pent-up ideas and desire to create new pieces." It's time to collect our thoughts and put together a schedule of works and classes for this new season. It's time to restock materials and clay supplies. This writer is anxious to see the sculptures finished over the summer. Since it's been so hot for so long, the cool studio should have been a sculptor's haven and a respite, a place to be on these sizzling days. We invite all residents to visit us on Monday mornings, and we'll be happy to share our sculpting passion with you.

Mon.-Fri., 9 AM-Noon and 1-4 PM, Artisan Center/Sewing

Have you wanted to do some relaxing sewing with great friends? Let's get you trained on the machines. Use of the room and equipment requires an hour orientation class for first-time users. You can sign up for the next orientation session and class Friday, October 20, on sheets posted on the outside of the Sewing Room door. Maybe you will be one of those who can't resist being involved in several groups: Casa Amigas, Sun City Vistoso Quilters, Machine Embroidery, Tapestry Rug Hooking, Cheer Bears, Pet Beds and Seniors for Kids.

Rewarding is a good word to describe how we feel sewing for the children. At Casa Amigas, we have the right project for you. If you peek in and see the machines busy, please ask anyone for another little project to help. There is sorting, folding, ironing, cutting, stacking or pinning. Don't leave; give us a hand. You are always welcome. Any extra yarn (not fancy)? We knit or crochet afghans. Please mark it for Casa Amigas.

He was a university professor in Freiburg, Germany, and had a professional career in behavioral health in Germany and the U.S. Hart attended his first formal training in silversmithing and lapidary in SCOV about

six years ago, and it became a major hobby, providing rewarding purpose and meaning. He enjoys the craftwork, exchanging new ideas with others and the social atmosphere of the club. He became club president in January 2016 and has focused his efforts on encouraging and maintaining the comradery of the group. He anticipates that the 2017 fall student class will be held in late October, with another perhaps in February.

I feel that cooler air moving in and mornings are pleasant

to have that morning coffee outside, it's been awhile. I feel like this air inspires many to begin fall and holiday projects in our studio. Our membership keeps growing, and I see pumpkins, turkeys and witches making appearances. Holiday plates and dishes are beginning to show up also.

For our returning members, there will be a short meeting and get-together Monday, October 16. There is a sign-up sheet in the studio for appetizers or dessert. Please join us and find out what is new as we get out of the heat and learn more techniques. Come and renew some old friendships and meet new members.

I hope you will look at our window in the studio as there are many new items, so colorful and bright. Thanks to all our volunteers for all they do. The list is long.

The woodworking shop at SCOV has had an active and interesting summer. New equipment has been installed. A new fire-proof cabinet has been installed for safe storage of flammable paint and finish materials.

We are always in need of additional monitors so the shop can be open to the members. If you can and are willing to help please contact Don Jovag at 520-818-1078 to get the information for training. Your help is greatly appreciated.

On the side of volunteerism, let us put out a call to all who would like to help out with Seniors for Kids. As Christmas approaches, the final push will be made to make cars, trucks, cradles, secret boxes, games and whatever will delight the eyes of children. There are lots of materials available in the shop to create these items. All that is needed is the hands and inspiration. Come in and help out if you feel the urge.

Last, but certainly not least, we are looking forward to the return of our migrating members. As summer cools remembered faces and voices will once again be joining us in the shop. If you haven't come by lately feel free to wander in and see what is happening.

August 21.. All eyes were on the eclipse of the sun as it made its way across the U.S. This picture was taken at Park City, Utah of a group from Chicago. The viewing glasses were supplied by the Park City Library for the hundreds that gathered to experience this astronomical event. Our speaker this month will speak on our sun's characteristics and use.

Starting our speaker series on Thursday, October 19, is Justin Hyatt, who is a solar engineer from the Steward Observatory Solar Lab at the U of A. He is also associated with the College of Optical Sciences. He worked several years with M3 Engineering and collaborated on several solar design engineering projects in South Africa where he learned to speak Zulu. He is referred to as "one of the best young innovative engineers."

Men's Bible Study

Jerry Anderson 520-638-6586, Rick Thomas 520-591-0475
Oct.-May, Tue., 7:30 AM, Catalina Vista/Mt. Kimball

Great news: we begin this year's small group study of the Book of Hebrews Tuesday, October 3. The study materials were written by the renowned biblical commentator and teacher, Warren Wiersbe. What a perfect time to begin a weekly activity that will enrich your life as well as introduce you to like-minded Christian men in our community. Don't forget that many of us follow the study with breakfast at The Views Restaurant. You'll definitely enjoy the menu available there.

Precept Women's Bible Study

Linda Miller, 425-890-9967
Corinne Diven, 520-971-9430
Oct.-Apr., Wed., 9 AM, WC3

The Precept Bible Study will resume Wednesday, October 18, with the continuation of our study in the Book of Jeremiah (chapters 25-52). Jeremiah was appointed by God as a prophet to not only Judah but also to the nations. He preached for more than 40 years without seeing any visible results. He was faithful to his calling even though the people opposed him and would not listen to God's Word. Part 2

begins in 605 BC with God's announcement that the people of Judah would spend 70 years in Babylonian captivity. His message of judgment and coming disaster continues; we will see the fall of Judah as well as the destruction of Jerusalem and the Jewish temple. Interwoven with the judgment on the nation is a message of hope and God's promise of a future for Israel and Judah. Join us October 18, 9 AM, as we gather around God's Word and find lessons that apply to those of us living in the 21st century.

V.P. Connie Armstrong 520-544-7723 scov.great.books@gmail.com
Oct.-May, First and Third Wed., 2 PM, Catalina Vista/Mt. Lemmon

Welcome to a new season for the Great Books Club. In this club we read and discuss selections of thought-provoking works of literature presented in anthologies by the Great Books Foundation. We offer great conversations about great ideas. We will continue reading short story selections from *The Seven Deadly Sins, Even Deadlier*. The deadly sin we will consider in October is gluttony. On October 4 the selection is "Theft in a Pastry Shop" by Italo Calvino and on October 18 the selection is "Fat People" by Alison Lurie. In December we will begin reading selections from *Counterparts*, an exciting Great Books collection featuring pairings of texts that complement or play off one another in interesting ways. Both books can be purchased from Amazon or the Great Books Foundation. Join us. We welcome all SCOV residents.

At our October 2 meeting we will discuss *Dearie: The Remarkable Life of Julia Child* by Bob Spitz. This detailed biography of the famous cookbook author and TV star starts at the beginning with her early life in Pasadena. The book covers little-known aspects of her life in the 50 years before she found fame as the cook book author and TV French chef. It draws a picture of the real woman behind the warbling voice and cheery manner and attempts to place her in history for the remarkable impact she had not only on how Americans eat and view food but the pioneering role she played in the development of food TV shows.

November: *Hidden Figures* by Margot Lee Shetterly. This is the story of a remarkable group of African American women mathematicians who overcame prejudice against their sex and race to make a real contribution to the development of aeronautics during WWII and then went on to provide a major contribution to the Space Race. The book focuses on three brilliant women: Dorothy Vaughan, Mary Jackson and Katherine Johnson, who with sheer determination, support of family and some of their white male colleagues go on to achieve their goals in mathematics and engineering at National Advisory Committee for Aeronautics and later National Aeronautics and Space Administration.

BOO! Yes, it is almost Halloween again. It's also almost time for the first fall ILR course. Gene Bammel will start the term off Monday, October 2, 11:30 AM, with "50 Years After the Death of God." Make sure you know when your classes begin and where and what time they are held. Pick up the cloth bag you prepared with your ILR name tag, pen/pencil, notebook/paper and water bottle as you head out the door to go to class.

In case you have not heard, the "Almost President" course has been cancelled.

Samplers begin this month too, on Thursday, October 5. You will want to check out the fascinating topics and excellent speakers. See the October topics on page 12 under Workshops and Classes.

About Samplers

Just in case you're unfamiliar with "Samplers," it's a 1½ hour ILR program designed to satisfy your intellectual curiosity and enrich your mind—goals that remain critically important in retirement. Topics are selected for diversity and interest to SCOV residents. They range from current political and social issues to topics in the fields of art, science, history, archeology, health and medicine, journalism, psychology and neuroscience, and more. They often report cutting edge research. Our presenters are drawn from SCOV residents, the U of A faculty and other public figures. Their talks are designed for a lay audience and allow time for questions and discussion.

Sampler presentations are open to all SCOV residents and their guests. There are no fees, and registration is not required. During fall and winter terms, Samplers are presented each Thursday, 2 PM, Catalina Vista. The schedule for the fall term is available in an insert in this *Tipster* and the ILR website.

Poets Corner

Sharyn Rafieyan 520-825-6762 srafieyan@comcast.net

Mon., 9:30-11:30 AM, WC1

Poets have been known to share thoughts and even feelings that others mostly hide, though not everything they write reflects the truth about their lives. Readers tend to respond to the authenticity of expression as in "Survival" by Peggy Barnes-Phifer, a newcomer to our Corner but obviously not to writing poems:

Whispering is for those / who have secrets / Something I gave away / in years of therapy / To people who cannot / remember my name

Praying all the while / to find the sanity / I'd misplaced / When abuse was / someone else's game / and it snared me
No longer silent / living in shadows / I speak with more volume / so I can hear myself / so others know I'm here / that I survive.

New members and their fresh perspectives are always welcome.

Aluminum Can Collection Update

In September, 540 pounds of aluminum cans were delivered to the recycler, netting \$216.00. Funds benefit the CAC, primarily the Loan Room.

Thank you to all of those who help with the collection of cans and transporting them to the recycler. Your help is most appreciated, without which, we would not have an ongoing cash flow of dollars into the CAC.

Be sure to save your aluminum cans, rinse them, and place them in the container outside the Activity Center kitchen.

Note: The Saturday, October 14, meeting will begin at 2 PM. This summer we researched issues important to club members. In September, TJ Cuddy of AZ Blue 2020 Outreach talked about how we can accomplish some of our goals by working with the Democratic Party and with political action committees. Dr. Michael Dues will teach us how to speak with confidence about democratic values and the issues facing our nation at our October meeting. Dr. Dues studies and teaches organizational communication, conflict management and argumentation at the University of Arizona.

Bring nonperishable food items or monetary donations for Impact of Southern Arizona. Check out facebook.com/SCOVD/ for the most recent updates. We welcome new members at any time. Membership dues are \$10 and can be given to Linda Bretz at the meeting or mailed to her at 14620 N. Chalk Creek Dr. Please include your email so we can contact you.

Mark your calendars for the kick-off dinner Friday, November 10, with a harvest theme. At this dinner, we will pick the themes for our four in-home hosted dinners. Be sure to come for the fun.

Each dinner has different participants determined by our scheduling secretaries. Two to four weeks before your dinner, your group will gather with the host(s) to determine a menu within the theme. The host usually provides the main course. The total cost of the meal is divided among the members. Recipes are shared so you may enjoy them again.

Other events for the club will be a luncheon in February and the farewell dinner, which will be catered at the end of March.

If you would like to be on the list to be notified for the fall event or just have questions, call Alan.

Nov., Jan. and Mar., Third Thu., 2 PM, Activity Center/Hopi

Fido's Friends is the club responsible for our dog park in SCOV. The park is a roomy, safe environment for dogs to enjoy off-leash activities with their owners. The big dogs love to chase balls and frisbees around the park, and the little dogs like to chase each other and interact with their canine pals. Dogs really look forward to their time at the park and often remind their owners when it is time to go to the park. If you have a dog who could benefit from some free-running fun, join Fido's Friends and give your best friend a safe place to romp and play.

Grace Lightly (in purple blouse) surrounded by her friends at Desert Oasis.

Grace Lightly recently retired as the monitor at Desert Oasis. We had a going away party for her at which she recollected how difficult it was to listen to us in 2009 when we first started meeting with Jean James. Then, we were few in number, but we grew rapidly. Grace said we were enjoyable and easy to listen to and she will miss us. We know that we will miss her and all that she has done for us through the years.

Folk dancing is more fun than a treadmill and excellent exercise for balance, mindfulness, muscle and mood. For most dances we hold hands in a

circle performing non-gymnastic steps to the sometimes strange but fascinating music and rhythms of diverse cultures (including our own). Neither partner nor prior experience needed. Typical dance session consists of 12-15 mostly easy folk dances preceded by instructions. Drop by to see if this internationally popular dance form is right for you and/or see us in action by doing a Google search on Folk Dance Sampler YouTube.

Fall is finally here and it's time to think about avoiding holiday stress by exercising. Both Monday and Thursday, professional instructors come to SCOV and teach a Joseph Pilates core (abdomen and back) strengthening mat class. Pilates workouts are not just sets of simple exercises. They affect our entire system of bones and joints. Your abdominal muscles, back, hips, arms and more are strengthened and toned. This allows for better posture, flexibility, strength and balance. The classes include many warm-up stretches and are one hour total body workouts. Because these mat classes are designed for seniors, all exercise movements can be modified for different levels of performance. Our instructors are very helpful with this. The cost is only \$8/class and annual club dues are \$20 pp. Please join us or stop by and watch one of our classes.

A new class session begins October 5. Many medical professionals now recommend Tai Chi to help their patients improve balance and prevent falls. Tai Chi is credited with decreased pain, improved sleep and mood, and better quality of life by Tufts University School of Medicine research.

In our classes we not only enjoy learning Tai Chi form, we also increase flexibility and strength and even learn to reduce stress. Our instructors, Jose Hernandez-Rivera and Donna Drazenovich, teach us how to apply Tai Chi principles to our daily lives.

Would you enjoy Tai Chi? Why not try it out? The October 5 introductory class is free (see Workshops and Classes, page 12). Newcomers, please contact one of our co-chairs.
