From The Board of Directors

Our MISSION as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Our Strength Is YOU

by Steve Knapp

What made, makes and keeps our active adult community vital, current and attractive for today and tomorrow?

The answer lies within us: all those members who have, do now or will in the future volunteer their experience, skills and time in the interest of us all ... supported by hiring of experienced community management professionals/staffers.

What about our community's future?

A great example is the remarkable group of talented resident volunteers who stepped forward as the SPC (Strategic Projects Committee) in 2013 chaired by Tut Tustison. Their work has been presented to community members attending Board meetings as individual recommendations, the last of them at the May, 2014 Board session.

In addition to criteria for evaluating facility projects, and recommendations for building/facility improvement projects, SPC's work also includes General Manager succession planning, approaches to community surveys, the challenge of Chalk Creek flood management and the important role of marketing in the future of SCOV.

Of particular interest to many is that the strategic timing and scope of the new projects/priorities recommendations are such that project costs are projected to come from accumulated Capital Funds and Asset Reserve Funds so that special owner assessments should not be required to implement them.

Work on two SPC (Strategic Projects Committee) recommendations is underway: new Pickleball Courts and relocation of the Bocce Courts. Completed in July, the 77-page Strategic Projects Committee 5-Year Plan Report is available in the Library and online at the SCOV website at: www.scovaz.com. Click on Association; scroll to Committees and click on it; then click on Strategic Projects Committee under Other Committees. It will be discussed at the combined Study Session/Board Meeting on Tuesday, September 23.

Facility-related projects that require more detailed research and planning have been assigned to an Ad Hoc Task Team, which will work through the many important details for the high priority initiatives including the Pro Shop, Café/Lounge and Activity Center Projects. This team is comprised of members of the LRPC (Long Range Planning Committee), which is chaired by Leslie Platt. The LRPC, which will also maintain and update the 5-Year Plan as we go forward,

is a blue ribbon group of talented community members with pertinent special skills and expertise. You'll be hearing more about their work as it progresses. Communication is a priority for the LRPC. Minutes are available on the LRPC website, and an email address has been established so that community members can provide input.

A big THANK YOU to each of you for helping to make SCOV the great community it is! As a Board, we thank you and look forward to your support and help as we work on your behalf.

General Manager - Bob Mariani

Selecting a Contractor

Residents tend to begin having more work done around the house about this time of the year. As a result, I thought I would provide some helpful reminders about selecting a reputable contractor.

CRS (Consumer Referral Services): Consider using the CRS for contractors who have been vetted to some degree and are known to have proper licensing. The CRS can be contacted by calling 917-8079 and/or you can find the vendor list on the Members Only side of the SCOV web site. Of course, you may also want to contact the Better Business Bureau and/or the Arizona Registrar of Contractors.

First Impressions: In any business, first impressions are important. How a contractor presents himself and maintains his truck, tools and equipment are good indicators of how well he'll take care of you and your job.

Beware Low Bids: Price is always an important consideration when selecting a contractor, but don't let a low price or a special deal blind you to a potential problem. An extremely low bid should raise a red flag.

Take Your Time: If you are pressured during the bidding process by tactics such as "limited-time offers," look for a different contractor. A prospective contractor should take his time as well, carefully reviewing the specifications of your job before submitting his bid.

Beware Materials Discount: Be wary if a contractor offers materials at a discounted rate. Discounted materials are usually seconds, ungraded or below-grade minimums for code, any of which could compromise the quality of your project.

Only 20% Up Front: In general, don't choose a contractor who asks for more than 20 percent of the total cost of a job up front. While some projects require a large initial payment to cover a deposit for products like cabinets or special-order ceramic tile, it doesn't apply to commodity materials like roofing and lumber, which a legitimate contractor will usually purchase on a 30 day account.

Beware Cash-Only Jobs: Finally, a contractor who works on a cash-only basis raises a big red flag. Not only does paying in cash limit your financial recourse if problems arise, the contractor is likely not operating a legitimate business.

It's More Than Living... It's A Lifestyle... in Sun City Oro Valley

Build Longtime Friendships in SCOV... It's easy if you try

Story by Barbara McNeill

"Friends are the sunshine of life," said American Statesman, John Hay. Those words could not be truer than in Sun City Oro Valley. Luckily, retirement came for me at an early age, but I wondered at the time "now what?" The answer came in the wonderful process of making new friends, who now have become "old friends."

It was 1992, the days of building Del Webb's Sun City Vistoso. When we heard there was a Sun City in Tucson, we drove straight here from checking out Las Vegas. My husband, Gary, was enthralled with the idea of having our own golf cart. After we saw the Catalina Mountains, played the golf course and stayed in the Vacation Villas on Green Tree Drive, in what is now the home of friends **Ed and Tamara Sander-son**, we had a buyer for our home in California. We picked our lot, ordered our house to be built and drove home to pack.

When we returned to California, I ran into **Bob Cratty**, who with his wife **Jan**, had been long-time friends. They were retirement-home looking as well and, lo and behold, also bought in Sun City Vistoso. Like us, they joined all the wonderful activities available. I value them for our fun times and special support we have been for each other over 40 years.

The first "new" Sun City friends we made were **Verne and Peg Luther**. Neither of us had moved in, but we attended a St. Patrick's Day dinner at "the grill," now The Café, which started a wonderful friendship. How young-at-heart they are (**Verne** is 90) and always ready for golf, drinks or dinner.

The day we arrived in Sun City, we were invited by neighbors, soon to become fast friends, to happy hour that turned into a nightly party circuit at one house or another for years. Now that The Café has Happy Hours, I enjoy laughing with **Sharon and Lou Gard**, Ambassador Program Chair, about the old days! We had neighborhood block parties, did Trick or Treat on Halloween, including dropping in at the **Chesnovers** before they had living room furniture. We

even TP'd a couple of houses—**Cassady's** and **Bob and Don Borenstein's** with **Pat and Steve Hansen**—sang Christmas carols to shut-ins that our friend, **Norma Meyers** knew about, organized by friends **Roberta Campbell, Dottie Bentz** and **Lois and Dick Hallbauer**. At the **Borensteins**, there were pot luck theme events for New Year's Day and Maine lobsters in the fall for charity. Birthdays and anniversaries called for celebrations. Most of our longtime friends are year-round residents and to quote **Tony and Barb Gioia**, "We don't need to go on vacation. Every day here is like a vacation."

I joined the Vistoso Women's Golf Club and met **Betty Krug**, who, our first time out, committed a "golf sin" by hitting my ball. A few weeks later we were paired again and, by

accident, I hit her ball. We laughed and have been friends ever since. Because of golf, I have birthday celebration girlfriends: **Pat Henry, Betty Krug** and **Pat Coultas**. It might take us a month to agree on a date, but we celebrate each other's special day with lunch.

I cannot think of golf without mentioning my dear friend, **Barbara Hall**, who with her husband, **Bucky**, found a winter home in SCOV to complement their sum-

mer place in Gunnison Colorado, about the same time we moved in. We golfed as couples until cancer took our spouses. We grieved together and went on to be the "merry widows" on and off golf courses in Kauai and here. To this day, we reserve Tuesday nights for pizza, our TV shows and discussion of the latest golf issues.

If you are already living in SCOV, I hope my experiences remind you to embrace your longtime friends and to remember how easy it is to build friendships here. If you are looking for a place to retire but wondering "now what?", SCOV has a lot to offer besides the awesome views, many amenities and great weather. After all, "It's not just living, it's a lifestyle!" And a friendly one at that!

(Left to right) Bob and Jan Cratty, and Barbara McNeill raise a toast to long-time freindship at The Café's Happy Hour.

Second and Fourth Tuesday, 1 PM, WCI

We all enjoy watching television. Unfortunately in some situations looking at the way it is brought into our homes is not quite as enjoyable. Unlike cable, satellite dishes cannot be buried underground. Therefore, we need to try to make every effort we can to make the dish as invisible as possible without impacting the reception. The ARC offers a service to homeowners to help them identify the best location of the dish for reception as well as complying with the Development Standards and visibility of the dish from the street. Please contact the Community Services Coordinator to let her know your plans and she will gladly schedule an ARC member to come out to assist you. Everyone is asked that after the installation is complete you provide the location information to the Community Services Coordinator.

Loan Room - Community Assistance

Chair Gay Russell 825-5763 Reservation line 917-8052
Third Thursday, 3 PM, WCI

Aluminum Can Donations: put those aluminum cans to work for SCOV. Deposit empty, rinsed aluminum cans in the box outside the Activity Center kitchen. For safety reasons, do not deposit unrinsed cans which can attract bees and may become a hazard. Please continue to save your aluminum cans because this supports our Loan Room, providing a way to purchase new equipment as needed.

On August 19, we made the first trip of the fiscal year delivered 580 pounds of aluminum cans, for which we received \$342. We need to make sure all of new residents are aware of our recycling program, so please, if you have new neighbors, advise them of this program.

The Community Assistance Committee (CAC) operates the Loan Room at the end of the Cart Barn. This is a year round service and provides items to residents of SCOV including medical equipment such as walkers, wheelchairs, toilet risers, shower seats and more. We also loan rollaway beds, tables and chairs, cars seats and cots for children and some children's toys. We are open from 8-9 AM, Tuesdays and Thursdays throughout the year. Please feel free to come and visit us to see the many items we have available. There is no charge for this service.

Vice Chair, Debra Arrett 825-5703

The SCOV Board of Directors is exploring the possibility of a smaller, more efficient Pro Shop. Funding for such a project is available. Members of the LRPC, while working on a strategic plan for SCOV, are also serving as an ad hoc task force to prepare a Pro Shop project proposal. Factors being considered are location, design, functionality and cost. Before we present a proposal to the Board, we would like your input and suggestions. Email us at proshoptaskteam@suncityorovalley.com. A public presentation will be held later this year. Meanwhile, watch the Association Calendar for meeting dates and visit the Association website, Long Range Planning/Ad Hoc LRPC Task Team to view our agendas and minutes. Your participation is encouraged.

Marketing and Publicity

The Marketing Committee resumed meeting in August. To increase focus on our three objectives, we've created three sub-committees: Café Revenues co-chaired by Laurie Dvorak and Barbara McNeill; Golf Revenues chaired by Tim Kelley and Home Values chaired by Barbara Ross. Sub-committees are meeting with internal clients to establish marketing goals, strategies, and tactics.

Neighborhood Pride

Chair Tempe Johnson 825-6994
Third Tuesday, 2 PM, WC3

Yes, We Got Rain

Monsoon rains did arrive, just not as much as last year, and new growth of foliage happened anyway. Keep an eye out for the weeds Desert Broom and Spurge, and catch them early. Look at the cracks in your sidewalk, driveway,

and where the cement meets the asphalt, as that is where Spurge is many times found. Please make every effort to stay ahead of the weed situation in your yard.

Trees and shrubs experienced new growth too. Trees must be kept trimmed up more than seven feet above sidewalks, may not overhang any street by more than two feet, and should not block visibility of stop signs. Shrubs should not extend out over pedestrian walkways. Most bean pods are down now and should be removed from the ground in your yards.

Special thanks goes to all who work hard keeping their yards in good shape, especially in the summer months! Please keep up the good work.

Posse

Chair Robert Hefner 825-4825
First Tuesday, 3 PM, Activity Center/Hopi
www.scovaz.com/committees/posse/

What Does the Posse Do?

The main purpose of the Posse is to keep Sun City Oro Valley safe. In addition to being extra eyes for the OVPD (Oro Valley Police Department) to report anything suspicious, we also alert homeowners when they have left their garage doors open. An open garage door is an invitation to theft and critters. We patrol the streets of SCOV every night in two Posse vehicles with two Posse members per vehicle in three-hour shifts. If you would like to see what it is like to be a part of this important citizen patrol, call Bob Hefner to arrange for a ride along with one of our patrols.

Artisan Center WiFi

We are pleased to announce there is now WiFi in all our Artisan Center buildings. The service was requested by several clubs that meet there. The Board responded by an affirmative vote to fund this project. We have had assistance from resident IT expert, Ed Zwerling, in developing the request for proposal and reviewing the contract. And now the service has been installed.

The clubs have already been talking about the different ways they can use WiFi to enhance their training and education. The modelers have various YouTube videos of different modeling clubs around the country. There are videos on various woodworking techniques or silversmithing methods. The options are wide open for our clubs to use this service.

The WiFi service also extends into the lovely courtyard area. There are trees and benches in which you can sit and enjoy the Internet. Come by, enjoy the fresh air and surf the Net in the Artisan Center courtyard. You might also enjoy visiting with the different clubs in this area, especially the new modeler's facility.

I did not know about that!

I am always stunned when a resident calls and informs me that they did not know about an event. All Association events are listed in the *Tipster*, on bulletin boards and sent out by email if you are registered for "In the Know."

First, the *Tipster* is a great resource for the community. As I have said before, I meet with other program directors from local area communities. Their response is always the same "your newsletter puts ours to shame." Don't just glance through the *Tipster* when it first comes out, keep it until month's end and I am sure you will refer to it several times.

Bulletin boards or large posters announce what is going on in the community. SCOV clubs are always posting something that their club may be presenting. When you enter or exit a building, take the time to give the boards a glance to see if something may interest you.

Finally, "In the Know." Signing up to receive Association event information on your computer is very easy. I strongly advise you to sign up for events or any of the other topics that you would like to receive. If you are not sure how to sign up, stop by my office and I will be happy to show you how or sign you up myself.

Illuminated House Numbers for Safety

As you already know, illuminated house number boards are the required standard on all SCOV homes.

Should an emergency arise, your home address needs to be found quickly. Please trim any vegetation blocking the address numbers on your home so that they are clearly visible from the street for the entire frontage of the lot. A quick walk along that frontage adjacent to the street should give you a good idea of whether the numbers can be seen from all angles.

Make sure all four lights in the address board are burning brightly so that the numbers are visible at night.

If your address board light bulbs are very dim or burned

out and need to be replaced, the light bulbs are available at Ace Hardware on Rancho Vistoso Blvd. and Tangerine. Occasionally, the circuit board or transformer which controls the lights on the address board will fail. If this happens, ask about it at Ace Hardware.

On another subject, in case you missed last month's *Tipster* article from the Architectural Review Committee, there have been some changes with regard to the ARC submittal process. Just a reminder that it is important that all submittals be presented in person to the Community Services office in the Welcome Center by the Tuesday prior to the next scheduled ARC meeting. It is also important that you or a designated representative be present when the ARC member reviews your project prior to the meeting.

Food & Beverage Director - Vince Hotz

September looks to be a busy month at The Café. Here's what's happening:

Our herb tower is in full swing and we will be incorporating some of the fresh herbs and vegetables into our daily specials.

There are lots of fun events this month, including a happy hour featuring desserts, a potato bar, a Mexican buffet and a Cajun buffet.

Don't forget about the pastry and coffee special for \$4.

The afternoon menu is available until 5 PM and we have added a pulled pork slider to the offerings.

Our tap beer selection now includes two rotating taps, 1 seasonal and one local beer.

I hope to see you here soon!

The Café is offering you a chance to receive a free breakfast or lunch if you turn in a comment card. Monthly comment cards are drawn randomly for the free meal. The July winners are: Jerry Shim, J. Symmers, Marty Krutz, Fran Strandskov and Edie Royce. Congratulations and bon appétit.

Celebrate the coming of fall with a good book or movie. New in fiction we have *The Long Way Home*, another Chief Inspector Gamache novel by Louise Penny, and *Fatty O'Leary's Dinner Party* by Alexander McCall Smith. Recent arrivals in nonfiction include *In a Rocket Made of Ice* by Gail Guttradt, and *Working Stiff* by Judy Melinek. In large print books you will now find *Cop Town* by Karin Slaughter and *Storm Front* by John Sandford. J.A. Jance's latest book *Remains of Innocence* is available now in audio book and our latest DVDs include *Commissario Montalbano* Episodes 1-3 (Italian with English subtitles), *Divergent*, and *The Amazing Spider-Man 2*.

Did you know that you can recommend books and DVDs for us to purchase on a yellow clipboard on the table in the Library? I purchase more than half of the recommended books and movies. Please visit my blog (see header above) to stay current on Library news, and click on the small blue

Friends of the Library

The Friends of the Library wishes to thank those who joined the FOL over the summer months. An added and much appreciated help is the generosity of many who have made donations which exceed the annual membership dues. The monies from membership dues provide us with the funds to purchase books, audiobooks, videos and ongoing supplies needed for the library to run efficiently. No monetary support is received from the Sun City Association to purchase any of the above items.

To join Friends of the Library, see a volunteer at the desk. Annual dues are \$10 for an individual or \$15 for a household. For the help and services you get from our library, this is a bargain.

Golf

Head Golf Professional - Kim Griggs

www.theviewsgolfclub.com

September is the start of our overseeding on the golf course. The course will be closed from September 20–October 9. We will reopen Friday, October 10 and will be cart path only through the end of October. During overseeding the Pro Shop will have limited hours of operation. We will be closed during the week but Friday-Sunday we will be open from 9 AM–2 PM. This would be an excellent time to get your shoes re-spiked, buy shaft labels to put on your clubs so they will be returned to you if you lose them, or get your clubs re-gripped.

Walkers may still use the cart paths for their morning or evening exercise, however please do not walk on the golf course grass. When we re-open on October 10, tee times will begin at 7:30 AM and shotgun starts at 8 AM. Tuesday's shotgun will start at 11:30 AM and the golf course will be closed in the morning for maintenance. All walkers and riders must be off the course by 7 AM. Thank you for your cooperation.

We will once again support the Patriot Golf Day Program. This is a very worthy cause as the monies collected go to The Folds of Honor. This foundation provides post-secondary educational scholarships for children and spouses of military service men and women killed or disabled while serving our great nation. We ask anyone playing golf or just wishing to donate, to come to the golf shop and drop a dollar or two in our canister.

Utility Box Painting Continues

If necessary, please trim shrubs around utility boxes to make it easier to continue the Association painting of the utility boxes in private yards this summer.

Superintendent - Michael Kropf

Where did the summer go? September always marks the end of the summer season for golf maintenance. The focus during the summer months is to establish a good base of Bermuda grass before the next overseeding. This summer the Bermuda grass was very good coming out of the spring so less work was required to re-establish the base, and more work was focused at generating a better root system for a stronger base.

In May and June the golf course was in the best condition of many years. Transition was very good and only a few bad areas needed to be repaired. Lots of changes have been made over the years with the goal of having this kind of transition. However, one big difference from previous years was the mild winter. Before last year the last few winters were very cold with stretches of weather in the single digits. The course was closed several times due to snow accumulations as well as frozen greens that didn't thaw for entire days. These extreme cold temperatures impacted the underlying Bermuda grass a great deal. The roots and plant reserves were desiccated, and in the spring, when the Bermuda grass tried to green back up, it couldn't compete with overseeded rye. This left bare areas in the early summer that required extensive work and left a weak base for the next overseeding.

Remember, Mother Nature still has a lot of influence on the course conditions. Even with a sound maintenance program, severe weather can have a negative impact. Hopefully, with the stronger base from this summer, the conditions will continue to improve every year.

Hot weather and a paucity of players characterize this time of year. However, when Mike and his crew have finished with overseeding (September 21 through October 10), things will again be looking up with a number of scheduled events.

So hang in there; seasonal residents will begin filtering in and things are shaping up for another great season here at The Views.

Dispose-A-Med: Empty your medicine cabinet and bring your unused or expired prescriptions, over the counter medications, vitamins/supplements to the Sun City Activity Center and dispose of them properly. The Oro Valley Police and the Sun City Vistoso Community Foundation will be there to accept the above items. There are important changes in the Dispose-A-Med program procedures. The Foundation has not been involved in making these changes. The new regulations are the result of DEA changes which are to be followed by the Oro Valley Police and as a result, the Foundation. Here are the new regulations.

1. The Oro Valley Police and Foundation personnel in attendance are no longer allowed to handle the items brought in for disposal. The person with the medications will need to separate the pill type items and the liquid or jell type items themselves and will be shown which Oro Valley Police containers are to be used for the deposit. The items do not need to be opened; they can be deposited in the original bottle/container in which they are packaged.
2. We no longer accept syringes, inhalers elastic or other bandages and other non-medication items.
3. Only prescription, over-the-counter, vitamins/supplements. etc. can be accepted.
4. Note: we are now accepting empty prescription medicine bottles again.

SCOV Book Club

Jane Fairchild 520-909-5069 janemail1@yahoo.com

First Monday, 1:30 PM, Catalina Vista/Pusch Ridge

At our September meeting (on Labor Day) we will discuss *Orphan Master's Son* by Adam Johnson. Note: Different Meeting Location-Desert Oasis/Ocotillo. Pak Jun Do is the haunted son of a lost mother, a singer stolen to Pyongyang, and an influential father who runs a work camp for orphans. Superiors in the state soon recognize the boy's loyalty and keen instincts. Considering himself "a humble citizen of the greatest nation in the world," Jun Do rises in the ranks. Driven to the absolute limit of what any human being could endure, he boldly takes on the treacherous role of rival to Kim Jong-il in an attempt to save the woman he loves, Sun Moon, a legendary actress who was so pure, she didn't know what starving people looked like.

At our October meeting (regular location) we will discuss *Life After Life* by Kate Atkinson. What if you could live again and again, until you got it right? On a cold and snowy night in 1910, Ursula Todd is born, the third child of a wealthy English banker and his wife. She dies before she can draw her first breath. On that same cold and snowy night, Ursula Todd is born, lets out a lusty wail, and embarks upon a life that will be, to say the least, unusual. For as she grows, she also dies, repeatedly, in any number of ways. Ursula's world is in turmoil, facing the unspeakable evil of the two greatest wars in history.

Our fall picnic is scheduled for Tuesday, November 11. The exact time, location and cost will be announced later. Mark your calendar for this event. You must be a member of the club to attend. The club is continuing to meet during the summer months. As always, all SCOV residents are welcome at our monthly meetings. We welcome new members, both historians and model builders. Join us to see what we are about and enjoy a cup of coffee and a sweet roll. What members bring in for Show and Tell serves as a conduit for our discussions. Pilates

Mary Ayers 638-7916 mary.pilates@gmx.com
Monday, 3 PM, Thursday, 1:30 PM, AFC/Studio 2

Did you know? Pilates is excellent for strengthening both senior men's and women's "core muscles" (the muscles located in your abdomen and back). It also helps to improve your balance, flexibility, muscle tone, stamina and well-being. The Pilates exercises are highly recommended for people with back problems. Even if you have never tried it, the exercises are adaptable for all skill levels and will help you to strengthen muscles in your entire body. Give our classes a try or just come by and watch. The cost is \$8/class with annual club dues of \$20 pp. Call Mary 638-7916.

Poets Corner

Sharyn Rafieyan 825-6762
Monday, 9:30-11:30 AM, Desert Oasis

Rickey Laurentiis begins the poem *Black Gentleman* with an intriguing statement. "There are eyes, glasses even, but still he can't see what the world sees seeing him. They know an image of him they themselves created. He knows his own..." Why are members of one group apparently unable even to distinguish the detailed features of another? Is it their unwillingness to accept these others as equal to themselves and thus worthy of individual discovery? "What an eye can't imagine, it can't find..." How can we develop insight when our eyesight is so clouded? The poem concludes with a provocative question, "What will the incredible night of him say here, to his thousand moons, now that he can rise up to any tree, rope or none, but not fear it?" This dark, somewhat brooding poem, manages to illuminate one of the reasons we can't seem to achieve peaceful resolutions to world problems.

Join us for poetic explorations of personal and universal themes.

However, if you would like landscaping to occur ahead of schedule or have additional work done on ASSOCIATION land, there is a process for doing that. It's called the Pre-Qualified Landscaper Program. An application must be submitted and approved before any work can be done. Membership Lauren Strassburg 818-7793

www.suncityorovalley.com/dubs/woodworkers/index.html

Now that we have WiFi in the shop, we have the incentive to use smartphones, tablets and laptops there to access a wide variety of woodworking information that is available on the internet. There are many good websites. One of the best is TheWoodWhisperer.com. It is full of great articles and videos on tools, project ideas, techniques, safety and many other subjects. For those who like to design their own projects, especially furniture and cabinetry, there is SketchUp, which is a free 3D modeling and design tool that is used by many woodworkers. SketchupForWoodworkers.com is a website with tutorials which will help you learn SketchUp. It's not hard to learn and makes project design enjoyable, quick and precise. Go to the Useful Links page (<http://suncityorovalley.com/dubs/woodworkers/links.html>) of the SCOV Woodworkers website and look under the September Tipster heading for links to the items mentioned in this article.

Some members are working on autobiographies and reading from them is also welcome. We have no borders or limits, and some members are very good at stretching limits.

Leslie's Movie Review: "The Hundred-Foot Journey"

Another food movie! Either eat before or plan on dinner afterwards. Popcorn alone will not suffice. This is a simple story about an Indian family who own a restaurant. They leave India after their restaurant is destroyed and the mother is killed during a political riot. They first move to England, but are not successful (the vegetables have no soul) and wind up in a small village in France. The father purchases a building across the road from a French fine dining institution and opens a loud, colorful, Indian restaurant.

As one would predict an instant dislike begins that later softens into friendship and a stronger relationship. The son Hassan, is a natural born chef and we follow his development from a young man taught to cook with all his senses by his mother, to a Michelin star chef working in Paris. The movie is about the journey and the film ends happy. The father is played by Om Puri and Madame Mallory the owner of the French restaurant is Helen Mirren. Hassan is portrayed by Manish Dayal and Marguerite by Charlotte Le Bon. Truly Enjoyable.

Wilda@WildaSobansky.com

I write this testimonial about Wilda Sobansky's fine work as a broker for Long Realty. Through her fine efforts we sold our home due largely to her marketing knowledge. She came to our home, took creative photos, and discussed the process of selling a home. It was clear and concise.

I was skeptical of selling at a slow time in our local economy, especially a smaller home. But when there was the good "bite" she was on it! She kept us informed about the process and guided us skillfully.

She was patient with us with our questions and was always there for us right through the long distance closing process. I would highly recommend her.

Sincerely, John Wall, Home Seller
