Association News

From The Board of Directors

Our MISSION as the Sun City Oro Valley Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Safety in Our Community

by Jon Olson

The holidays are now upon us and decorations are going up in our homes and yards. As we decorate, however, we change the order of things in our homes and new challenges arise. Cords are strung from plugs to new locations, furniture gets moved and new opportunities to trip and fall are all around us. Safety is something we rarely think about but is a great concern, especially at this time of the year. Be aware of the changes that you have made in your home and watch out for the new seasonal hazards that surround us.

Safety is also an on-going issue in and around our community as well. Recently I have become aware of problems related to improper driving of golf carts.

Remember all golf carts in our community must be "street legal" and be licensed by the State of Arizona. Additionally, all golf carts must be insured (just as your car is), and drivers must follow all the rules of the road, just as though they are driving their car.

Several weeks ago, a community resident ran through a stop sign right in front of me, moved to the far left lane without signaling and then turned left in front of an on-coming vehicle all without signaling or acknowledging in any way that a car was almost upon him. A collision with a car the car always wins and serious injuries to the cart driver is a real possibility.

For next year the Government Affairs Committee will be sponsoring a seminar discussing bicycle, pedestrian and golf cart safety and etiquette. Please plan to attend. We all could use a refresher course regarding pedestrian and driving safety.

Please have a wonderful holiday season.

Amending the Bylaws

During the past couple of years, there have been plans to correct a number of issues with the Association's governing documents. These issues include stipulations that are not in compliance with State statutes; conflicting stipulations in the documents; passages that are duplicated in the CC&Rs and Bylaws; and stipulations that are in the Bylaws which should be in the CC&Rs and likewise for the CC&Rs.

The issues noted above have been identified by the Board members, committees, staff and Association members when dealing with many situations. Suggestions for changes that could resolve conflicts, duplications, etc. were assembled and a few months ago were submitted to the Association's attorney so that work could begin to amend the documents.

After working on the Bylaws over a period of several weeks, the Association's legal counsel issued a recommended Amended and Restated Bylaws document to the Board. In order to create a document that was as clear as possible and that will resolve the issues in the document, significant reorganization of the Bylaws was necessary that made word-for-word tracking very difficult. The Board met with legal counsel to review the proposed changes during which time legal counsel recommended that since the Bylaws amendments are so extensive, only the Bylaws should be submitted to the membership for a vote at this time and the CC&Rs should be submitted at a later date.

Prior to sending the amended Bylaws to the membership for a vote, the Board will have a small group of diverse members review, discuss and provide input regarding the suggested changes and the manner in which these changes will be explained and sent to the membership for a vote. Once this group is through reviewing the Bylaws, the proposed document will be posted on the Association's web site for further comments. Forums will also be held if needed. The final step will be to send the Bylaws to the membership with the Board of Directors' election materials early next year. Hopefully this process will result in a document and explanation for the recommended changes that are as clear as possible to the membership.

Hero Among Us Nominations Sought

The Board of Directors is requesting residents to submit candidates for the Hero Among Us award. This award is designed to honor residents who make remarkable contributions to our community. Nominations should be submitted by January 17 by filling out a hard copy of the form available in the Administration Office or by completing the form sent out via email in early January. The Board will review the nominees and select the recipient(s). The award will be presented at the Sun City Oro Valley Annual Meeting in March.

Active Health

Chair Judy Bjorling 818-1296

www.scovaz.com/committees/activehealth/

by Ester Leutenberg

A year ago, when the Active Health Committee began, many different programs were instituted. Among them were support groups. Sun City Oro Valley now has three support groups: caregivers, people who have lost a spouse or partner, and people who have lost a child. A support group is a safety-net, a place to share. It is a safe place to express feelings and frustrations, offer confidentiality, allow people to share like experiences and make friends who are in the same place. Support groups also allow people to get past any shame of the way they are feeling, reduce feelings of isolation and build a support network that may go beyond the group setting. It is a place to learn from each other: information, coping strategies, solutions to common problems and techniques for dealing with family members and medical staff. Contact Ester Leutenberg 818-0016 for information on any of the three groups, or if you need another support group.

Architectural Review

Second and Fourth Tuesdays, 1 PM, Welcome Center/Conference 1

As we head into the time of year when more houses are listed and sold, the Architectural Review Committee reminds you that we perform a complete inspection prior to closing that becomes part of the escrow process. This ensures that all exterior building and grounds components are in compliance with the Development Standards before the new owner takes possession. The inspection form is very detailed, covering painting, landscaping, walls, fences, gates, lighting, pavers, flat work, flag poles, screens, mail box, lamp post, driveway coating, patio covers, pools, sat-

ellite dish, shutters, trellis, awnings and more. The form is available in Jim Cundiff's office at the Welcome Center.

Communication

Chair Janice Strassburg, 818-7793, janicestrassburg@gmail.com

First Monday, 1 PM, Welcome Center/Conference 3

www.scovaz.com/committees/communications/index.html

Input into our regular meetings would be warmly accepted. The goal of the committee is to know if and how communication is being transmitted and what information would be helpful. The information also needs to be pertinent and easily received. Is there more information that residents would like to have? The results from the recent survey is not yet tabulated, so we don't have a priority list of how all the residents rank the different modes of communication.

Aluminum Can Donations: Put those aluminum cans to work for Sun City Oro Valley. Deposit empty, rinsed aluminum cans in the box outside the Activity Center kitchen. For safety reasons, do not deposit unrinsed cans which attract bees and may become a hazard. Profits fund the equipment for the Loan Room.

In November we delivered 400 pounds of aluminum cans to the recycle center. We received \$236. So far, we have received a total of \$790.60 year-to-date.

It is time to plan those holiday parties and relative visits, so reserve the extra tables, chairs and beds you will need. Call the Loan Room Mondays, Wednesdays, and Fridays, 8-9 AM or come directly to the Loan Room on Tuesdays and Thursdays, 8-9 AM. Other items available to meet your needs are children's beds and some toys and medical items. The Loan Room is funded by your donations of aluminum cans. Please keep us in mind when you are recycling your aluminum cans. Don't forget the annual Pancake Breakfast is Saturday, January 25.

3. A resume on a form provided by the Board.

Posse

Chair Del Balston 825-9681

Vice Chair John Njaa 825-5486

Meeting First Tuesday, December, 3 PM

Catalina Vista/Pusch Ridge

Location for 2014 meetings TBD

www.scovaz.com/committees/posse/

The Posse is always looking for volunteers to join our squads and participate in our neighborhood patrols. Now, we urgently need to fill three positions on the Posse board. They are the Posse committee chairperson, a squad leader and the committee secretary. The new Posse Committee Chairperson will replace the retiring Posse Chair, Del Balston. The open squad leader position is created by the retirement of squad E co-leader, Dee Bethke. The opening in the secretary position is created by the former secretary, Pat Monson, who is giving up that position to devote more time to her squad A co-leader tasks. Any Sun City Oro Valley resident who is interested in any of these important positions should contact John Njaa at 825-5486 or 619-517-0006. The goal is to have these openings filled not later than December 31.

Secure Access Update

Your membership cards are now needed to gain access into Catalina Vista and Desert Oasis. When the AFC opens, the card access system will be in place from the beginning. Please carry your card with you. If you'd like it to be punched and receive a free lanyard, please come to the Administration Office. Do not punch your cards yourselves as there are only two safe zones on the card in which it may be punched. Punching in another area may result in the card being damaged.

Key Fobs

If you would like a key fob for use with the secure access system, they are available at the Welcome Center Office for \$10. It's not a substitute for your card.

The fob will provide you access to the Catalina Vista, Desert Oasis and Aquatic & Fitness Center. It will not work at the library.

Third Thursday, 9 AM, Welcome Center/Conference 1

Last spring the Properties Committee established a priority list recommendation for new capital projects. Expansion of the stage in the Activity Center Auditorium gained the top ranking. Since then, the Great American Theater has opened in the old Basha's store location, and we are studying the possibility of renting that space to accommodate the major performances that drove the interest in expanding the stage.

The question of installing solar power in SCOV (Sun City Oro Valley) has once again been raised. Though studied in the past, the industry is still changing rapidly, i.e., panel cost, subsidies, etc. It was decided to update our knowledge of the industry to see if there are opportunities for SCOV.

Installation of updated audio-visual equipment was completed in the Activity Center Indian Rooms in early November. It provides higher quality video, easier setup and new podia. Replacement of video equipment in the main auditorium is next on the list.

AC Native American Room AV Upgrade

In early November an audio/visual upgrade was installed in the Activity Center Native American Rooms. This was an extensive project which took several years to gather information, pricing and approval before we were able to have it installed. The Properties Committee and more specifically, David Smoler, was instrumental in providing leadership on this project. Key users (residents and staff, especially monitors) were interviewed for their wants and needs. These responses were translated into a design by David and me. After many revisions on the wants and needs (approximately eight) the design was sent for proposals and bids received. One of the adjustments made in the scheduling was to move some of the non-AV users to the Catalina Vista and some of the AV users that were meeting at the Catalina Vista up to the Activity Center. These clubs were aware of the impact these changes would have to their programs, but at the same time they were helpful in making these changes. We are fortunate, as a community, to work together so well. The project was partially completed and

operational on Friday, November 8 with the first use of the system being the Native American flute concert which had a beautiful sound. Currently the details and bugs are being worked out and the monitors are being trained. In the past, when a monitor needed to set up a wireless microphone, they had to go get a box, stored in a room, open the box and set up the microphone. Now, they can open a drawer at the front of the room, pull out the microphone and turn it on... this will be a time saver for them and will keep our equipment from having to be set up and torn down. There will be other benefits of this system realized as we move forward as many presentations that are enjoyed by our residents.

Keep the Spirit

We mail holiday cards and go to many holiday events and parties during this time of the year. We have a wonderful time and share many laughs and memories with family and friends. Can we keep that spirit all year? I hope so. We are so lucky to live in this lovely safe community filled with great friends and many things to do each day. So many people wish they had what we have available at Sun City Oro Valley. So let's keep the spirit all year and be thankful while counting our many blessings. Happy Holidays to all and may 2014 be your best year ever.

Holiday Parties

The holidays are in the air again and you might be starting to fret over those extra pounds you are almost certain to gain with all the party invitations. So this year, why not condition yourself early to exercise a little more discipline and self-control. Whether it is a holiday lunch, dinner or a party at friends, it helps to use a smaller plate and sample all the available dishes in smaller portions. This way, you can enjoy everything without overindulging and heading home suffering from indigestion. Go heavy on the fruits, vegetables and grains. Go easy on desserts. Remember that eating right will leave you feeling good the next day.

The SCOV Aquatic & Fitness Center: 21 Years in the Making

by Leslie Platt

In January, Sun City Oro Valley will open its new Aquatic & Fitness Center. A long history, involving many dedicated residents, Board members and staff, has led us to this moment.

The original SCOV Sports Complex was opened in 1987 and considered to be state-of-the-art. By 1992, however, residents were beginning to express dissatisfaction with its size and appearance. Prospective home buyers had the same reaction. These concerns were studied by many Ad Hoc resident committees. The 2000 Capital Additions Task Force concluded, "Expansion of the Sports Center should be SCV's top priority." The 2001 Space Analysis Task Force also identified "Sports Complex expansion" as a top priority. The 2004 Long Range Planning Committee recommended that "SCV maintain, expand and upgrade state-of-the-art fitness facilities (both equipment and space) including an area allocated to assessment and training."

The 2009 Long Range Planning Committee compared our Sports Complex to those at 12 other active adult communities, found it sorely lacking in competitive appeal and formed a subcommittee, the Sports Complex Task Force, to perform a comprehensive investigation of needs. This task force spent six months visiting sports facilities at the aforementioned active adult communities and seven commercial gyms. Members examined gym usage data by month for the two preceding years, and spa, treadmill and cross trainer usage by month for one year. They interviewed 79 frequent gym users, distributed questionnaires to 300 others, consulted with numerous sports and equipment professionals, and provided a proposed plan for sports center expansion. This massive effort led to formation of the Sports Complex Ad Hoc Committee.

SCOV's Board of Directors directed the Ad Hoc Committee to study three alternatives: renovate the existing facility, expand it, or build a new facility. Renovation was quickly ruled out and two subcommittees made detailed proposals for expansion and new construction. Resident input was sought at many public meetings. Ultimately, the Board determined that expansion was the most feasible option, and also approved the new name, AFC (Aquatic & Fitness Center).

Future view from cardio workout area in the new AFC.

The Properties Committee then formed the AFC Subcommittee to interview and recommend an architect to perform a conceptual design. BWS was selected and presented their design to the community. A newly-formed Communications Committee prepared monthly Tipster articles to inform residents about the proposed project and the associated assessment of \$834 per household. Twenty-two public forums provided an opportunity for questions and answers. In a community vote held in March 2012, the project was defeated. Feedback indicated that some disliked the design, others thought it was too expensive, some felt they hadn't received enough information, and still others thought they'd received too much.

The Board of Directors, believing action to be essential, then formed the Fitness Center Committee, equally composed of those who had voted for the project and those who voted against it, to come up with a workable plan. Months of good faith effort, compromise and hard work, coupled with a lower assessment of \$385, resulted in a plan that the community finally approved in January 2013.

Work is now in progress on a sports facility of which we can all be proud, and which will provide increased opportunities for health and wellness for years to come. The Fitness Center Equipment Subcommittee and the ongoing Construction Task Force have contributed immeasurably to this project.

It is impossible to estimate the thousands of hours that so many have contributed to making the dream of a new Aquatic & Fitness Center a reality. Perhaps none has contributed as much as Duane Bowen, who chaired numerous committees and never stopped working for a new sports facility until his untimely death in 2012.

Superintendent - Michael Kropf

December is historically the time of year when the temperatures get cold enough to bring frost. It would be a good time to go over what kind of damage occurs during frosty mornings and the procedures to follow during the cold mornings.

Walking or driving on frosted grass causes damage to green leaf tissue which eventually leads to the grass dying. When the roughs go dormant and turn brown they are no longer susceptible to frost damage, but the overseeded fairways, tees and greens are damaged. Every cold morning when frost is possible, a message will be left before 6 AM on the frost delay line 825-0322 stating what the conditions are on the course and how those conditions will impact the golfers. If the frost is light we may not have a delay, but golf carts could still be restricted for a determined amount of time. If the frost is more severe, the delay will reflect the earliest time the golf course can be prepared for golf and golfers allowed to start play. This year the delays might be longer due to the newly overseeded rough areas around the front nine greens.

A few additional reminders are the lower putting green, driving range tee, and chipping area all have overseeded grasses, so they will be closed until the Pro Shop is notified of their opening. However, the upper practice green has not been overseeded, so putting will be allowed during the frosty mornings.

Golf Advisory

Chair Howard Schulz 825-0797

First Wednesday, 2 PM, Welcome Center/Conference 3

The course is in great condition, so let's try to keep it that way. Keep carts on paths at all tee boxes and greens repair ball marks on greens, fix divots in fairways and rake bunkers. Everyone will benefit if we can keep up the pace of play with the group in front of us. A little courtesy goes a long way towards an enjoyable experience.

Club play is starting strong again so if you haven't joined a club yet, give it a try. There are plenty of fun events and tournaments for players of all levels. Talk to a club member to get started.

Keep your eyes open for new events that will be scheduled this year. We will be planning some couple events in 2014 and make them open to anyone who would like to give it a try. Stay in touch with the Pro Shop to know what is being planned.

Thank you Sun City Singers for all those canned foods you brought to help us with the canned food drive. It's about thinking of others and helping to feed hungry people. It made a humongous difference to people without food.

From: Mr. Hess' first class-Cross Middle School

It takes being there before a person realizes just how great it is to live in SCOV. After coping for the past year with Lauren's cancer and now my hip replacement, all the kind thoughts, concerns, cards, food and great friends and acquaintances make each day more tolerable. Our grateful thanks to all.

Pres. Mellanie Herbert 825-2258
Wednesdays, 9 AM, Catalina Vista/Art Studio

The community is invited to view The Art League's December show *Historic Tucson* in the Activity Center during this entire month.

The Fine Art Studio celebrated one of its own in November. Glenn Cavalli's mural of the Catalina Mountains, which hangs on the main wall in the Sun City Oro Valley Café, was recognized by the entire club with a grand luncheon and wine toast. Glenn is a long-time, well known artist in Sun City Oro Valley who put this piece together, in sections, in his garage. Kudos to you, Glenn.

Most of our winter residents have returned and our studio is brimming with new ideas and pieces. If you've had a pent-up desire to paint, we have the place, environment and the resident experts who will help you in any fine arts medium. Come join us on Wednesdays and see how simply you can create a piece of your own.

Sculpture

Gene Eckebrecht 825-2419
Mondays, 9 AM-5 PM, Catalina Vista/Art Studio

The entire club is beginning new sculptures. The most difficult decision is what to make next. Once we get started with our designed selection, the work flows easily. We pile on the clay, sculpt it, trim it, smooth it, and finalize it before baking it for three hours. Seems simple enough and it really is. With the help of our experienced and teaching sculptors, almost everyone can produce pieces worthy of display. Come join us and derive satisfaction from creating a sculpture of your own.

Books

Kate Cusumano 520-437-2074 kate.cusumano@gmail.com

First Monday, 1:30 PM, Catalina Vista/Pusch Ridge

At our December meeting we will review *Killing Lincoln* by Bill O'Reilly. Though not an in-depth treatment, this is an engaging read that follows the events surrounding President Lincoln's last days.

At our January meeting we will review *The Light between the Oceans* by M. L. Stedman. A childless lighthouse keeper and his wife find a gift from God, a baby that miraculously washes up on their shores. An extraordinarily compelling story tells of two characters seeking their North Star in a world where there are no right answers, where justice for one person is another's tragic loss.

Refreshments provided. Newcomers and guests are always welcome.

Pres. Barbara Gates 825-7645

VP Sharyn Rafieyan 825-6762

October-May, First and Third Wednesdays, 2 PM, Catalina Vista/Mt. Lemmon

Join us December 4 as Barbara Gates helps us explore Fitzgerald's famous translation. We will then be invited by Robert Browning to *Grow old along with me!* The promise conveyed in *Rabbi Ben Ezra* is that "The best is yet to be."

"I long for life and there is no help. I thirsted for the unknown: the thirst is gone." The narrator in George Eliot's *The Lifted Veil*, considering himself near death, wishes to reveal "the strange story of my experience" as he puts it. December 18 Elise Asch will help us unravel the meaning and relevance of his tale.

Our first and only meeting next month will be January 15 when Mary Marks will lead our discussion of Mark Twain's *The Man Who Corrupted Hadleyburg*.

last year's contributors: Mary Barr, Elaine Smith, Joan Kelley, Mary Houpt, Maria Welch, Bob Arms and Joan Brown.

Have you checked out the three new glazes? There are also new Stroke 'N' Coat colors and some Potters' Choice glazes are back. Because space is limited, we cannot continually add new glazes. Let us know what glazes you use.

Glazing Tip: Spots on your pieces where the glaze does not adhere well? You may have touched the wax resist and then touched that area of your project. Also the oils on your skin effect the glaze. Try cleaning hands with a non-lotion containing soap prior to glazing, or use latex or neoprene gloves when glazing.

Membership Elaine Deeter 825-5388

Meetings November, January and March, Third Thursday, 2 PM, Activity Center/Hohokam

It's so much fun to have a dog at Christmas time. You can buy them holiday sweaters, send out their photos in your cards, and give them toys that will entertain them and ev-

everyone who watches them at play. Be sure to find toys that are appropriate for your dog's size and energy level and his capacity for chewing. Dogs love to interact with their owners, so look for toys that will enrich your bond with them. To make toys even more special, keep them in a drawer so the dog only gets them at playtime.

Different Drummers Women's Circle

Leader Diana Magness, magnessdd@gmail.com

Co-Leader Zona Boss 638-6644

Wednesdays, 1:30-3 PM, location to be announced

Diana Magness is leader of Different Drummers Women's Drum Circle which recently celebrated its first year anniversary. Her goal is to develop a community of women who are interested in hand drumming using African style djembes, Native American Hoop Drums, other drums and small percussion instruments.

She started drumming three years ago when she organized a women's drum circle in Utah where she lived. Through her experience she's learned that drumming brings out the power of rhythm within us in a way that's simple and fun. It can be both exhilarating and relaxing.

She invites every one to share in the power of synchronized rhythm as we blend our energy and connect with others to celebrate life and have fun.

Welcome back winter residents and fellow pickleball players!

The pickleball equipment is now available at the Activity Center. However, the reservation time for the courts is being handled by the Pickleball Club. The reserved time is available for all Sun City Oro Valley residents. Please see the sign-up book and notice of the rules at the court in the gray box.

Thank you so much to the Pickleball Knitters who made blankets for homeless teens and children for Make A Difference Day.

Due to personal reasons, the club has had two board resignations. We are temporarily filling the positions of secretary and treasurer until our general meeting/elections in January.

The Pickleball board voted to raise the annual dues for 2014 to \$10 pp. The additional monies will help to provide equipment for training and possible clinics.

Pilates

Mary Ayers 638-7916 mary.pilates@gmx.com
Mondays, 3 PM, Thursdays, 1:30 PM, Dance Studio

People are always asking, "Is Pilates good exercise for seniors?" The answer is definitely "Yes". Group mat classes with professional instructors like ours make all the difference. We start with warm-up exercises and deep breathing. The strenuous exercises are modified for those of us with limitations. The benefits can't be beat and include increased core strength (abdomen and back muscles), balance, flexibility, muscle tone, stamina and well-being. Joseph Pilates, the founder, practiced well into his eighties. Give our classes a try or just come by and watch. The cost is only \$8/class with annual club dues of \$20 pp. Contact Mary for details.

Poets Corner

Elise Asch 818-1345

Mondays, 9:30-11:30 AM, Welcome Center/Conference I

William Cullen Bryant's poem *November* speaks about basking in the last warm rays of the sun as a means of girding oneself for the cold, harsh season to come ending with "...Yet one rich smile, and we will try to bear the piercing winter frost, and winds, and darkened air." A reader can easily relate to the idea of a smiling sun lightening the prospect of the coming darkness but, on another level, the smile on the face of a friendly person can also be uplifting enough to aid us through a difficult time as well as words of praise or a comforting hug. There are many ways to buffer ourselves against whatever threatens or makes us feel down, even reading a poem like *November* when December is near at hand. Writing poetry can have a similar effect. Perhaps that's why we find our workshop so therapeutic.

Wilda Sobansky is the ultimate real estate agent. In addition to helping us find the perfect house, she went above & beyond to make sure that it was the perfect home. She listened to our needs & delivered our dreams. Because of her diligence, dedication, & devotion to her profession, the entire process was flawless. Attempting to buy a home from across the country (Pennsylvania) can be quite daunting, & stressful, to say the least. Tucson has become our new winter home & Wilda has become our new friend. Some people say that the three most important words in real estate are location, location, location. We respectfully disagree. The three most important words in real estate are "Wilda S. Sobansky."

Leslie's Movie Review: "Gravity"

I saw the movie with my 3D glasses on. Despite being in the airline industry for many years, and having been on more flights than I care to remember, my stomach felt like I was in space. I would say the best part of the movie experience was feeling that you were actually in space, on a shuttle, in orbit and in trouble. The cinematography was amazing and this was the closest to being in space most of us will ever get.

Sandra Bullock and George Clooney are excellent actors. The story line seemed a little contrived to me, however, it worked. Sandra Bullock (Dr. Stone) is on her first mission in space. George Clooney (Matt Kowalsky) is a seasoned space explorer who loves life. An unlikely accident strands the two in space and the movie is their struggle to survive and find a way back to earth. Dr. Stone has experienced great sufferings in her past and Matt K. talks her through her issues and turns them into a will to survive.

I would recommend going to the theatre to experience the feeling of actually being in space. The story itself could be seen on video.
