From The Board of Directors

Our MISSION as the Sun City Oro Valley Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Happy 2014

by Dick Brammell

We begin the new year with much to be enthused about at Sun City Oro Valley.

Our long-awaited Aquatic & Fitness Center is complete and a state-of-the-art facility, which can benefit all of us as we work to improve our fitness.

We have had a record number of home sales in 2013, and have a corresponding record number of newcomers to welcome and enjoy.

The community is in excellent financial condition, thanks to a dedicated management team and the many residents who have made the necessary commitment to achieve this. The Board is committed to continuing our very good financial condition while maintaining and enhancing our facilities as needs arise. In March, we will elect two of four candidates to the Board. Please listen to the candidate positions and vote.

The Café has been refreshed with décor and menu changes and a new happy hour that has been well received.

The Views Golf Course, with non-member play adding to the bottom line, is in excellent condition.

Clubs and committees are flourishing with activities and ideas.

It's a great time to live in Sun City Oro Valley, and all of the Board joins me in wishing you a vibrant and happy 2014.

General Manager - Bob Mariani

A Largely Positive Year for SCOV

When planning this article, I looked back at my January 2012 article which was about the healing that the community experienced, led by the Fitness Center Committee process and about the expansion of communications, such as the weekly SCOV (Sun City Oro Valley) report. Now that another year has passed, it has become more evident how valuable and positive this process and communications are to SCOV.

As with nearly any community, SCOV has a very diverse membership. As such, there will always be healthy differences of opinions and desires for the future of the community. However, as a result of diverse residents' willingness to work together toward a common goal, the contentiousness and divisiveness that existed a year or more ago has greatly subsided. Along with more cohesive residents, the membership has also approved a fitness center expansion and remodel project that most of you agree will prove to be of great benefit to the community now and in the future.

In regard to communication, there was considerable criticism of either poor, excessive or a lack of communication in the past. Although improvement can always be achieved, there appears to be a much greater satisfaction and appreciation for the information that is provided by the Association and the manner in which it is provided. This satisfaction level was recently verified through the membership survey in which 97% of the respondents indicated that they are moderately-to-extremely satisfied with the information disseminated by the Association.

As with every year, the Association will experience ups and downs, yet it appears evident that the ups were much more evident in 2013 than the downs. I think the experience will be the same in 2014 if resident activities continue on the uprise; facility maintenance and services are held at a high level; financial health of the Association is maintained; communication is comprehensive and transparent and it is emphasized that SCOV is not just a place to live, but it's a community with a staff that cares and residents who care for each other.

Heroes Among Us Nominations Sought

The Board of Directors is requesting residents to submit candidates for the "Heroes Among Us" award. This award is designed to honor residents who make remarkable contributions to our community. Nominations should be submitted by January 17 by filling out a hard copy of the form available in the Administration Office or by completing the form sent out via email in early January. The Board will review the nominees and select the recipient(s). The award will be presented at the Sun City Oro Valley Annual Meeting in March.

HELP NEEDED

Volunteer Today!

This Help Needed section is for the purpose of listing volunteer help wanted ads for various Association Committees.

Needed: **Sound Board Operator** for our Activity Center performances and speakers. Training is available to achieve full knowledge of the system's set up and operation by our current expert, who is leaving Sun City Oro Valley. This is a fun job once you learn the Board. No technical knowledge is required. For more info, contact Al Burdi 818-3516.

Community Assistance Committee needs someone to **collect and sort aluminum cans** on Sundays. It is not too time-consuming or difficult to do since the cans are collected every day. Either Jack Saatkamp (825-4376) or Dave Johnson (825-6994) can explain the job and help train anyone who is interested.

Community Assistance Committee needs some **help on the Telephone Reservation Squad**. They usually work one or two days per month (Mondays, Wednesdays, Fridays) from 8-9 AM. They answer the telephone for CAC and reserve items from the Loan Room. Sue Pearsey 818-9777 heads this group and will train anyone who is interested.

Active Health

Chair Judy Bjorling 818-1296

www.scovaz.com/committees/activehealth/

It's a new year, and a new opportunity to take charge of your health. Start with a small change. We know from many research studies that too much sitting is bad for us. Make it your New Year's resolution to take a 30-minute walk every day. We have just the weather for it here. Nutrients aren't always absorbed from pills. Make it your resolution to add more fruits and vegetables to your diet. Why not try "Meatless Monday," an increasing trend around the country. We know resistance exercise with weights helps maintain our bone mass. Our beautiful new Fitness Center will be opening soon. Find out how to use the equipment and spend just 20 minutes two or three days per week, keeping your bones in good shape. Obesity rates have doubled in adults and children since the 1970's. Make it your resolution not to gain weight this year. Focus on these simple changes for 2014 as you make a plan for optimizing the years ahead.

Architectural Review

Don Stewart 618-980-3878 bethsdad81@gmail.com

Second and Fourth Tuesdays, 1 PM, Welcome Center/Conference 1

The Sun City Oro Valley Development Standards provide an overall framework and comprehensive set of guidelines to allow the community to develop and progress in an orderly and cohesive manner. They establish criteria

for architectural style and design, landscape concepts, site improvements, colors and materials. They also establish a process for judicious review of proposed new developments and changes within the community. No building, fence, wall, residence or other structure shall be commenced, erected, maintained, improved, altered or made without the prior written approval of the Architectural Review Committee.

Your Development Standards can be viewed on the Sun City Oro Valley website under "Association," "Governing Documents." How can our committee help you?

Aluminum Can Donations: Put those aluminum cans to work for Sun City Oro Valley. Deposit empty, rinsed aluminum cans in the box outside the Activity Center kitchen. For safety reasons, do not deposit unrinsed cans, which can attract bees and may become a hazard. Profits fund the equipment for the Loan Room.

In November we delivered 400 pounds of aluminum cans to the recycle center. We received \$236. So far, we have received a total of \$790.60 year-to-date.

The beginning of the new year brings several activities outside of our community that bring many visitors to SCOV. If you have a need for extra beds, tables and chairs or children's items, please call our reservation service on Mondays, Wednesdays or Fridays to sign up for your needed equipment. The Loan Room also has medical equipment for most problems that may occur. For Community Assistance Committee, the last Saturday in January brings our annual Pancake Breakfast. Tickets will remain \$5 pp and will be sold the week before the breakfast. Please see Upcoming Events for specific information. The Pancake Breakfast supports the Loan Room, which is open on Tuesdays and Thursdays, 8-9 AM (at the end of the Cart Barn).

Welcome to the New Year. Fabulous finds abound at the Sun City Oro Valley Gift Shop where everything is made by residents.

This month's featured artists are husband and wife team, Darrell and Carmelita Martin, who continue to tell stories with their respective forms of art. Darrell has developed his silverwork techniques to include overlay and inlay work, sawing intricate designs and symbols into gemstones and settings, as well as crafting his own silver chains. Carmelita uses traditional techniques of burning and carving patterns and designs into gourds, often adding inlay accents or beadwork to enhance her work. Look for their work in the shop's center window.

If you enjoy meeting new people amidst the beauty of local art, please consider volunteering to work in the Gift Shop. We value our volunteers and always welcome new consignors. Contact Elaine or Julie for more information.

Let's Try Once More

If you have not already made a New Year's Resolution, it's not too late to do so. Let's try once again to make one and keep it this New Year. How about making a resolution to take pride and care of ourselves, our homes, and our property where we live? Most of us already do that, but just think how wonderful our community would look if we all did.

Our committee members have certainly enjoyed seeing the beautiful holiday decorations throughout the community over the past few weeks. As a friendly reminder though, seasonal decorations should be removed by January 15. We appreciate all residents who continually take pride in the appearance of their property, and we are most pleased with how beautiful our community is looking to usher in the New Year. We wish each and every one of you a happy, healthy and prosperous 2014.

The Properties Committee completed its semi-annual review of Association properties. The purpose of this review is to provide another set of eyes to critically assess the cleanliness, appearance and condition of Sun City Oro Valley facilities. A report is then provided to staff who are responsible for mitigating identified problems.

One issue observed was the condition of storage areas used for club activities. The Association policy covering storage states that it is to be used only for items needed on a regular basis. This would not include decorations used for an annual party, for instance. It further requires the areas are to be kept "neat, clean and orderly." We feel stronger enforcement of this policy is warranted and we made such a recommendation to staff.

Aquatic & Fitness Center Technology

Once the Fitness Center Committee decided how the building would be designed, and the Association passed the vote, and the architect drew up the plans, there was still much to think about what activities would be held in this building and how to make that happen with regards to technology. We began talking to the Fitness Coordinator, Fitness Equipment Committee, gym users, Active Health Committee and room schedulers. We looked at what was going on in the old fitness center that should be brought to the Aquatic & Fitness Center, what should be upgraded and what could be added. All of this evaluation took place with the overarching concept of using technology to make us healthier and fit.

One of the prominent improvements is the 20 new pieces of LifeFitness equipment which integrates individual hard work with many technological options, including personal fitness programs, (which Lonnie and others will be providing training on) with Internet and cable TV. You can plug your iPod or iPad into this device to peruse Flip Board, read your Kindle, listen to music or watch the Suns basketball game all while keeping your heart rate up and working on your quads.

The addition of classrooms into the fitness center caused us to think not only about exercise classes that involve movement,

but the ability to offer educational opportunities. The classrooms will have an AV system that can wirelessly stream from Apple products and show computer presentations as well as educational YouTube videos. We'll find ourselves evolving into new educational possibilities as we begin to use the facilities.

The instructor's sound system was upgraded in both the classrooms and poolside to provide better sound at those locations. There will also be televisions in the lobby and cardio rooms that will be able to broadcast sports, but will also serve as a digital bulletin board to let you know about classes offered in the AFC and health tips.

The entire AFC, including the pool, as well as the courtyard will have WiFi capabilities, so you can sit by the pool and live stream Pandora or be in the Courtyard and FaceTime with your friends in snow-bound Minnesota (great PR by the way)!

The secure access system will be used to gain entry and track usage as well as an observation system for use by the monitor to provide an oversight on the many areas of our fitness center.

This is an exciting time in Sun City Oro Valley. We've worked hard to get to this point, not without struggle, but often those struggles make the end product more appreciated. I look forward to experiencing the excitement (and maybe a bit more frustration) as we work together to learn our new equipment and enjoy our newly remodeled Aquatic & Fitness Center. I really can't wait to hear our Ambassadors comments from potential residents as they tour them through the building.

Programs/Facilities Director - Pam Sarpalius

Happy New Year

Why do we always seem to try and make changes in our lives each January of the new year when we can make changes at any time?

I like to tell people that our lives have endless possibilities and each day can be a new start in your life. The year 2014 brings us a new state-of-the-art AFC (Aquatic & Fitness Center). The hard work of many committees, Board of Directors, and staff makes this facility a showpiece for the Sun City Oro Valley community. I urge you to take a class or learn how to properly use all the new equipment. Visiting the AFC will help you make 2014 a healthy new year.

Secure Access Update

Your membership cards are now needed to gain access into Catalina Vista and Desert Oasis. When the AFC opens, the card access system will be in place from the beginning. Please carry your card with you. If you'd like it to be punched and receive a free lanyard, please come to the Administration Office. Do not punch your cards yourselves as there are only two safe zones on the card in which it may be punched. Punching in another area may result in the card being damaged.

Key Fobs

If you would like a key fob for use with the secure access system, they are available at the Welcome Center Office for \$10. It's not a substitute for your card.

The fob will provide you access to the Catalina Vista, Desert Oasis and Aquatic & Fitness Center. It will not work at the library.

Compliance will require on-going maintenance, prompt repairs and periodic repainting to correct and/or prevent any of the following conditions: fading, peeling, chipping, rusting, staining or any condition which allows stucco to be visible. Houses may have one body color and no more than two trim colors.

Unless otherwise specifically noted, all wood, metal and stucco accessories that are attached to, proximate to, or extending from, the exterior walls of any dwelling shall be painted to match the main body color or trim colors of the selected, approved paint scheme. This includes garage doors, patio and porch walls, wood or Masonite gates, screen doors, patio and front entry enclosures, arches, wood and stucco patio covers, metal shutters, gutters and downspouts.

Repainting a dwelling may be done after obtaining approval from the Community Services Coordinator, provided that the colors conform to the new SCOV (Sun City Oro Valley) approved colors.

Front doors shall be painted to match the main body of the house, the trim colors, or a wood-tone finish. Glass inserts allowed. Muted earth and plant-tone colors that minimize contrast and glare must be approved by the Architectural Review Committee. Approval must be granted in advance of installation.

All side and rear yard perimeter fences and gates within SCOV shall be painted "Weathered Brown" prior to January 1, 2016. All other wrought iron (or similar material) lot interior or front-facing bridge fencing and gates between the house and perimeter fencing and security doors may be painted Weathered Brown or the main body or trim colors.

Recreation and Fitness - Lonnie Davis

Getting Rid of Excess Weight

Getting rid of excessive weight might be a New Year's resolution for many of us; but it will be a very important one. Who doesn't want to appear slim? For this you have to burn off the extra fats stored on your body. Many of us have previously tried to lose weight but actually failed. However, with will power, confidence and the appropriate techniques, it will be possible. The best way is to go slowly but steadily so that you can continue this throughout the year.

Golf

Head Golf Professional - Kim Griggs

Pro Shop hours for the holidays:
New Year's Eve close at 2 PM.
New Year's Day close at 2 PM.

Happy New Year. I hope everyone had a great holiday and enjoyed time with their family and friends.

For those of you who haven't stopped by the Pro Shop, please do so. We have a wide variety of merchandise, and if we do not have your size or color, we will be more than happy to special order merchandise for you. We have a variety of items to choose from: towels, golf shoes and sandals, golf bags, clothing and clubs and much more. Just a reminder that annual golf pass holders will receive 30% off in the golf shop and residents will receive 15% off. This excludes balls, clubs and sale items.

Time change: on Wednesdays, morning shotguns will start at 8:30 AM (unless there is a frost delay). The afternoon shotguns are now scheduled to go out at 1 PM not 1:30 PM as in previous years. This is being done so that we can possibly get the afternoon shotgun in before dark.

As everyone knows, we are now open to the public, which makes us a semi-private golf course. Please be aware that as new people play our course, they may be a little slow as it may be their first time here. Our rangers are aware of this and will help move them along. We advise everyone of our rules and we hand out playing tips to them in the golf shop. So, please be patient and courteous to these guests. We try and fill in empty times with these guests as a way to increase our revenue.

Remember golfers, the frost delay hotline is 825-0322.

Superintendent - Michael Kropf

Happy New Year, January is historically the month when the cold temperatures have caused the Bermuda grass roughs to reach dormancy and finally turn brown. This brown color really frames the overseeded fairways and greens and emphasizes the dark green color. Also, when the roughs turn brown they stop hiding many blemishes like divots that have been filled with mix containing seed, and also stop hiding weeds that grow during the winter months. A whole program has been developed over the years to combat these blemishes and provide a uniform brown to the roughs.

The weed-control program begins before overseeding in the middle of September. A premergent chemical is applied to all areas that aren't going to be overseeded. This chemical barrier provides the crisp edges to the fairways and greens and prevents the rogue clumps of grass that would grow in the roughs if untreated. This chemical barrier also helps prevent winter annual broad leaves that germinate during the fall and grow during the winter.

Around the first of the year another application of pre-emergent is applied to the nonoverseeded areas. This re-establishes the initial chemical barrier and extends the length of weed control into the spring months. A new addition to the pre-emergent is an application of Roundup during the month of January when the Bermuda is dormant. The roundup controls any weeds or grasses that were able to grow through the premergent without hurting the Bermuda grass. The Roundup really helps with the divots that were incorrectly filled with divot mix.

First Wednesday, 2 PM, Welcome Center/Conference 3

Golf play continues to grow in 2014. The men's and women's clubs have events scheduled weekly, involving golfers of all levels. Talk to a club member and find out how you can participate and have some fun.

Special thanks to the Men's 18 Holes for club-washing buckets on the driving range and volunteering to acquire marker posts for delineating wet areas on the course. Be vigilant to keep golf carts off wet areas to avoid turf damage.

Plans are being developed on Hole #5 drainage. Markings of potential changes will be located on the course so golfers can view them. Talk to your club reps with comments or questions.

Golf Advisory Committee minutes can be accessed on the Sun City Oro Valley website. Go to "Association", select "Committees", under "Standing Committees" choose "Golf Advisory Committee" and "Agenda and Minutes."

SCOV Sock Drive a Huge Success

The amazement of the staff at the Tucson Veterans Homeless Program was great to see when we delivered socks to the VA Hospital on December 20. The generosity of Sun City Oro Valley residents, Town of Oro Valley residents (inspired by a *Northwest Explorer* article), and the Heritage Highlands Clogging Group made our 2013 sock drive the most successful yet. The homeless men and women who were at the VA Center when we delivered the socks were very touched that we all cared about them. Thanks to all of you for participating in our project. Sandy and Hal Jasper.

Thank you to all of the Garden Club members and helpers who helped decorate the Activity Center. It looks beautiful!

A big thank you to all of my friends and coworkers for being the "wind" beneath my wings. After falling and breaking my leg, I have needed each one of you to be my cheerleaders for a speedy recovery. Your visits, cards, flowers, phone calls and many prayers have given me the strength I need. Sun City is a special place to live and work, and I feel fortunate to have so many great relationships.

Norma Meyers

A huge thank you to the ladies of Unit 18-A and beyond for attending our annual get-together for their contributions to the Catalina Community Services totalling \$700 and 75 lbs. of food! Very much appreciated and a great success.

Book Clubs

Book Club

Jane Fairchild 520-909-5069 janemail1@yahoo.com

First Monday, 1:30 PM, Catalina Vista/Pusch Ridge

At our January meeting we will discuss *The Light Between the Oceans*, by M. L. Stedman. A childless lighthouse keeper and his wife find a "gift from God," a baby that miraculously washes up on their shores. An extraordinarily compelling story about two characters seeking their North Star in a world where there are no right answers, where justice for one person is another's tragic loss.

At our February meeting we will discuss *My Beloved Life*, by Justice Sonia Sotomayor. A soul-searching and compelling memoir about identity, self-reliance and coming of age. Justice Sotomayor looks back at her childhood with an alcoholic father who died when she was nine, a mother who was emotionally paralyzed by that death and herself, a childhood diabetic forced to fend for herself.

February 5, Jane Adair will lead our discussion of Friedrich Nietzsche's *On the Advantage and Disadvantage of History for Life* wherein he opines "If, in any sense, it is some happiness or the pursuit of happiness that binds the living being to life and urges him to live, then perhaps no philosopher is closer to the truth than the cynic..."

February 19, Judy Carlson will facilitate our examination of Jane Addams' *The Devil Baby at Hull House*.

 First Thursday, 1 PM, Artisan Center/Pottery

Happy New Year. Thanks to Mary Barr and Elaine Smith the Holiday Party was a success. President Bob Arms kept the business meeting short, election of officers went smoothly and club members had a great time sampling the vast variety of holiday treats. Officers for 2014 are Pres., Bob Arms; VP, Joan Kelley; Sec., Teri Petty and Treas., Maria Gagnon.

2014 dues are due. \$15 pp. Make checks payable to The Clay Club, complete the membership form, put both in an envelope and drop it in the wall-mounted dropbox in the Clay Studio.

The deadline for Empty Bowls donations is Wednesday, January 29. How are your bowls coming along? Are they about ready for the last firing? Are they ready to be added to the collection box? Haven't started? There's still time! Last year our club donated about 80 bowls. Surely this year with more members we can meet or exceed that number. It doesn't have to be fancy. It doesn't have to be big. It just has to be a bowl that will hold at least one scoop of soup. That is something we can all make.

Winter/Spring classes begin January 6. Please note the beginning/ending dates of the classes you have selected. Some only last a few weeks; others last all semester. If you have registered and heard nothing, assume you're in. Those who have not been admitted due to over-enrollment will be notified by our trusty registrars.

We ask again that you respect participant courtesies. Please raise your hand and wait for the moderator to recognize you before asking a question or making a comment, then wait until others have had the opportunity to do so before posing another. The most common criticism we hear about ILR classes is that a few participants are extremely annoying when interrupting or attempting to dominate the discourse.

Other courtesies which make the ILR experience rich for all: arrive promptly, when you must leave early, sit in the back and do so quietly; omit chatting with your friends; honor others' rights to their opinions regardless of how far-out they may seem to you and don't leave messes behind.

Thanks to those who bring their own beverages without complaint; you deserve a gold star.

Fence

Any new painting of the side and rear yard perimeter fencing around your lot must be done using Weathered Brown. All fencing needs to be painted Weathered Brown by January 1, 2016.

Modelers Dave Sarther, Ron Sanford, Fred Faust and Hugh Madson are in cold-weather clothes as they gather in a member's unheated garage. When completed, the model of the USS Arizona will be displayed in the club's display case at the Activity Center. All SCOV (Sun City Oro Valley) residents are welcome at our monthly meetings. We welcome new members, both historians and model builders. Join us to see what we are about and enjoy a cup of coffee and a sweet roll. What members bring in for Show and Tell serves as a conduit for our discussions. A member's scale model may be an example of something another member may have had some first-hand experience, either in designing, building the prototype or operating the prototype.

People are always asking "Is Pilates good exercise for seniors?" The answer is definitely "Yes." Group mat classes with professional instructors like ours make all the difference. We start with warm-up exercises and deep breathing. The strenuous exercises are modified for those of us with limitations. The benefits can't be beat and include increased core strength (abdomen and back muscles), balance, flexibility, muscle tone, stamina and well being. Joseph Pilates, the founder, practiced well into his eighties. Give our classes a try or just come by and watch. The cost is \$8/class with annual club dues of \$20 pp. Contact Mary for details.

Poets Corner

Elise Asch 818-1345
Mondays, 9:30-11:30 AM, Welcome Center/Conference I

In "Elegy for a Hanged Boy" Mark Wunderlich writes "...I know now that ghosts indeed exist but they are not what you expect. They are nothing but a mood you cannot shake—the dust that dulls the edges of the mirror, darkening the bruised neck of the day." To this poet, death is a haunting experience he describes in telling metaphors that convey his mood, using unexpected comparisons that greatly enrich his poem. Employing apt metaphors is a powerful poetic tool to be used with caution and precision, a skill we continue to develop through our weekly critiquing of our work.

This year's facilitated workshop begins January 27 and ex-

tends through February on regular meeting days, except for Presidents' Day when the Welcome Center will be closed. Only members enrolled in advance will be permitted to participate. All resident poets will be welcome again in March.

Exercise Mondays and Thursdays, 4-5:30 PM, Welcome Center/Conference 3

If you or a loved one has Parkinson's disease you may be surprised to learn that one of your best caregivers could be your dog. Handi-Dogs, a local non-profit, has been helping people train their own dogs to be their service or in-home assistance dog for 40 years. Dogs can be trained to open/close doors and drawers, turn on light switches, retrieve objects, provide stability while walking, brace to help a person who has fallen stand up and more.

Our January 15 meeting will have Handi-Dogs educate those in attendance about their training programs and will have a service dog demonstrate some of the tasks he has been trained to do. Please come and join us. Coffee and cookies provided.

Vistoso Helpful Hands

If you think you would like to help your neighbors in a time of need, please contact Barbara McNeill, 825-0677 for more information about Vistoso Helpful Hands. We always need paper carriers and this is not time-consuming.

For help, call 410-9498. After the message, enter your phone number, including the area code and hang up. We will call you back.

The ALOHA (Adult Loss of Hearing Association) Oro Valley Support Group monthly meeting will be held Thursday, January 9, 2 PM, in the Cholla and Ocotillo meeting rooms at Santa Catalina Catholic Church, 14380 N. Oracle Rd., in Catalina, AZ.

All Oro Valley and Northwest Tucson residents with hearing loss are invited. However, the meeting is open to everyone.

For further information contact Joan Eddy 825-8630 or eddyjoan@comcast.net.

Call club Secretary, Lou Phillippi 638-6957.

We are in need of gently-used men's, women's and children's clothing, linens and bedding. Join us, as we improve lives and inspire futures by dropping off your donations at the convenient donation door at the rear of the building. Hours are Monday-Friday, 8 AM-4 PM. Wilda Sobansky is the ultimate real estate agent. In addition to helping us find the perfect house, she went above & beyond to make sure that it was the perfect home. She listened to our needs & delivered our dreams. Because of her diligence, dedication, & devotion to her profession, the entire process was flawless. Attempting to buy a home from across the country (Pennsylvania) can be quite daunting, & stressful, to say the least. Tucson has become our new winter home & Wilda has become our new friend. Some people say that the three most important words in real estate are location, location, location. We respectfully disagree. The three most important words in real estate are "Wilda S. Sobansky."

Leslie's Movie Review: "Frozen"

Although I have no grand-children, I accompanied a friend and her young daughter to see the Disney film.
"Frozen" is a film about two sisters, one who has the power to freeze things and the younger with no special powers. As youngsters the sisters are playing and an accident happens and the youngest sister is hurt because of the older sister's magic.
The parents move forward with a solution where the younger daughter is healed but has her memories erased of her sister's magic. The older sister is sent to her room, and told to learn to control her magic so she does not hurt anyone again.
The story is really about the relationship between the two sisters. Idina Menzel is the voice of the eldest sister Elsa, and Kristen Bell is the voice of the younger Anna. The movie is actually a musical based loosely on the Hans Christian Anderson story, "The Snow Queen".
I recommend this highly for both children and adults. I see another Disney Broadway musical in its future.
