From The Board of Directors

Our MISSION as the Sun City Oro Valley Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Merits of an Active Adult Community

by Bob Hefner

A few weeks ago I received an email from my eldest daughter stating she was beginning to look for a retirement home in the South-east within reasonable commuting distance to her children and grandchildren who are in the Boston and New York areas. She said she would like my advice as to what she should be looking for in an active adult community.

This email dumbfounded me for two reasons. First, wasn't it just last week that my wife was helping this daughter get ready for her high school prom? And second, when was the last time my daughter asked me for advice?

In thinking of how to respond to her request, I started thinking of the questions I would ask of myself, the residents and the management or developer of a community under consideration. I thought of lots of questions but among them would be: should it be a new development or an older, well-established community? What are its amenities and the participation of its residents in the community? What is the financial strength and plan for the maintenance, renovation and replacement of facilities and equipment? What is the strength and style of the management of the community? Plus the age-old-realtor's comment, location, location, location.

As I thought of my answers to these and the many other questions I would use to identify the ideal active adult community, I realized I was describing Sun City Oro Valley.

General Manager - Bob Mariani

SCOV Five Year Plan

One of the Board of Directors' goals this fiscal year is to develop a new five-year plan. The development of this plan will largely be the responsibility of the Strategic Projects Committee and management with the Board overseeing the project and eventually approving it.

The diverse SCOV (Sun City Oro Valley) membership and wide array of amenities plus a huge menu of activities offered by both the Association and clubs create a significant challenge in developing a five-year plan. Many of you may work or have worked for a corporation with short, mid-and long-term plans. These corporate plans are difficult enough to formulate even though there may be reasonable unity and focus among management and employees of the company. Although SCOV is a relatively small corporation, it is complex in that the approximately 4,500 residents of the community chose to live here for a wide variety of reasons and have a wide range of visions for the future of SCOV.

In an effort to make the challenge of developing the new five-year plan more palatable, the first step that was taken in the process was to submit an extensive survey to the membership. The approximate 2000 responses to the survey will provide valuable information about the members and your desires which will greatly assist in creating a valid and viable plan. The survey will only be as useful as the team working with the survey and other information, which, as noted above, is the Strategic Projects Committee. This committee was purposely populated with residents who are as diverse as the Association membership and will also be objectively receptive to the input received through the survey and other means.

With good data and thoughtful people working on the five year plan, the Association will have an excellent document that will provide general, if not specific, direction in some cases for the near future of the community. The important factor is that this plan and future five-year plans will offer current and prospective residents insight as to SCOV's vision and will provide guidance for financial, social, amenity and other future planning.

Stress reduction is the goal of many people in our modern world, but does it really have a positive influence on well-being and cognitive functioning? Join us Friday, October 11, 1 PM, Auditorium (no tickets necessary) for Active Health's first program of the season: *Stress: A Balance between Too Little and Too Much*. Mary-Frances O'Connor, Ph.D., Assistant Professor in the Department of Psychology at the University of Arizona, will be our speaker. Her research focus is on the influence of immune functions on psychological well-being. Learn why moderate stress is actually good for us, while too little or too much stress isn't good. Although the causes of stress can be difficult to remove from one's life, the impact of stress can be reduced through various stress-reduction techniques. Hint: mark your calendar for our next program on Friday, November 22, 1 PM, Auditorium, *Reducing the Bad Stress: a Practicum*.

Aluminum Can Donations: Put those aluminum cans to work for Sun City Oro Valley. Deposit empty, rinsed aluminum cans in the box outside the Activity Center kitchen. For safety reasons, do not deposit unrinsed cans which attract bees and may become a hazard. Profits fund the equipment for the Loan Room. Please help us by recycling your aluminum cans, but place your trash in your own trash containers.

On the first trip to the scrap yard for fiscal year 2013-2014 we delivered 460 pounds of cans and received \$271.40 for the benefit of the CAC (Community Association Committee).

Many of our residents are coming back from summer trips, and club activities are increasing. If you need extra tables and chairs for these events, come to the Loan Room to make reservations or pick up items you need. Medical items and some children's items and toys are also available. Please visit us at the end of the Cart Barn. Our telephone reservation system will begin in November.

Have You Been Away?

If you have been away for quite some time, the foliage and weeds really grew in your yard. Don't forget to remove weeds which appear in cracks of your driveway, your

sidewalk, and where the cement meets the blacktop of the street. If your plants protrude over sidewalks, they need to be trimmed back so as not to injure passing walkers. Suckers under trees should also be cut off, down to the ground. If you have pre-emergence applied to your yard to stop the germination of seeds, you won't have as many weeds next year; check with your landscaper or pest control professional.

With cooler weather here, take a look at your mailbox, flag and post to see if they need painting. If you can't do the job yourself, call Consumer Referral, 917-8079 for the name and number of someone who will do it for a nominal fee.

Welcome back, and please continue to take pride in doing your part to keep up the excellent appearance of our community.

Signage Update

One of the 2009 Long Range Plan recommendations adopted by the Board was to update and improve gateways and signage. Two of our committees studied this issue (Image and Marketing), resulting in a design proposal which was also approved by the Board in early 2013. The project has resulted in our signs receiving an extensive refresh and update including the addition of stacked rock, new backing and lettering, the new logo and lighting. There has also been the addition of directional signage, landscaping and night-scaping to enhance the overall effect.

Opinions have been mixed, but overall we are receiving favorable feedback. I have received many comments from people outside our community, including Town officials, of how much they like them. The signs are placed in the asset reserve for review every 15 years, so it will be a while before this will be done again.

We are in the process of implementing Signage Phase II which includes directional signage within the boundaries of the common area, building names, room names, etc. In preparation for this phase, an inventory has been taken of all the signage in the community, and a standard has been created to keep the signage consistent and professional looking. You should begin seeing the results of this phase in October.

Programs/Facilities Director - Pam Sarpalis

Call 911

Each week there is a manager on duty to answer the emergency phone number that is listed in the *Tipster*. This number was established for use only in the event that you see a maintenance emergency or something that is wrong with one of the Sun City Oro Valley facility buildings or grounds. While I was on duty one weekend night, I received a call from a resident, around 9 PM, who stated she thought something looked suspicious at the house across the street from her. I advised her that I could do nothing and that she needed to call 911 and let the Oro Valley police investigate.

If you see something in your neighborhood that looks suspicious don't hesitate, call 911 and give the police the details. Don't investigate yourself. We want everyone to be safe. The fact that neighbors look out for each other makes this a great community.

House and Fence Painting Guidelines: House:

You do not have to paint your house until it needs painting. Any complete house repainting must utilize one of the new color schemes. The previous house colors are no longer approved.

Samples can be seen in the kitchen area of the Welcome Center/Administration Building or you may go to www.dunnedwards.com/, click on the Homeowners link then click on the Color-Ark link and from there follow the instructions. You are able to order color chips from the Dunn-Edwards website.

Paint applications can be obtained from the Welcome Center building in the kitchen area, my office or online

at the Sun City Oro Valley website, www.scovaz.com.

Fence:

Any new painting of the side and rear yard perimeter fencing around your lot must be done using Weathered Brown. All fencing must be painted Weathered Brown by January 1, 2016.

If you share a fence with your neighbor, it is not too early to talk about the deadline.

Café News

The Café is going to change it up a bit this month and offer two different dinner specials: the Friday, October 11, dinner will feature roast leg of lamb or herb-baked salmon and the Friday, October 25, dinner will feature prime rib or coconut crusted orange roughy fish. Recreation and Fitness - Lonnie Davis

Cold and Flu Season Coming

Gym germs are, in essence, the same germs that are found on door knobs, sinks and handrails.

One should not use the germ phobia excuse as reason to skip the gym as a whole. Being forewarned is being forearmed. When it comes to protecting yourself and your immune system from these grimy germs, all it takes, for the most part, is common sense, meaning, don't touch your eyes, ears or nose while at the gym.

Good hand hygiene is a must, making sure to wash hands thoroughly before and after gym use. By attending the gym regularly, you're likely to have a stronger immune system than someone who does not work out. Therefore, you can resist germs better than the general population.

Gym etiquette is no longer just re-stacking your weights when you are done lifting, but now it is wiping the perspiration drops you left behind on the head rest or when you are on the blue mats. Think about where your shoes have been.

So next time when you see the laminated sign, "Please wipe down after use" staring at you as you approach the treadmill or hit the mats for some abdominal crunches, do it!

Golf

Head Golf Professional - Kim Griggs

We hope you had a great summer and are ready for another fun season at The Views Golf Club. The staff is certainly ready for another busy year and we are eager to serve our annual pass holders and residents to the very best of our ability.

The Golf Now program continues to be a success as does inviting outside groups to experience our spectacular golf course. These groups will be booked around our annual pass holder times as much as possible. Please remember that pass holders do have a eight-day advance booking option.

The golf course is currently closed for overseeding and will remain so through Thursday, October 10. We will re-open on Friday, October 11. We will be cart path only until Friday, October 25.

Our schedule will be as follows when we open back up from overseeding: tee time days (Friday, Saturday, Sunday and Monday) will begin at 7:30 AM, Tuesday's Shotgun will begin at 11:30 AM and will include The 18-Hole Ladies Club and limited open play (so pass holders please take advantage of your advance booking option on this day), Thursday's Shotguns will be 8 AM (9-Hole clubs only) and 11 AM (open play), and for those of you who choose to walk/and/or ride the course during the closed period or anytime in October, please remember that all traffic, pedestrian or vehicular, must remain on the cart paths. This is to protect our immature grass. Thank you in advance for your patience and understanding.

Superintendent - Michael Kropf

October is the start of a new season of golf. The golf course has been overseeded so there are different colors of "green" on the fairways, tees and greens. This is a good time to think about changes from the summer to winter play. The divot mix will be replaced with a sand and seed mix that is to be used only on fairways and tees that have been overseeded. This year holes #4, 8, 15, and 18 will not be overseeded so please don't put seed in divots on those holes. The seed will germinate during the winter and when the Bermuda grass goes dormant the germinated seed mix will leave green spots all over the fairway. This also applies to all of the roughs since they aren't overseeded either. This helps reduce extra maintenance required to chemically treat and remove the green spots.

Another reminder is that the course will be very wet following overseeding. Even though the water is slowly turned off prior to the course reopening, the soil will be very saturated. Golf carts will be regulated to the cart paths for about two weeks to allow the fairways extra time to firm. Please try to keep all four tires on the cart path. A lot of work went into fixing cart path edges this summer, and it will not take long for damage to occur when golf carts are driven with two of the wheels in the grass.

Golf Advisory

Chair Howard Schulz 825-0797

First Wednesday, 2 PM, Welcome Center/Conference 3

The recent rains created a significant problem on hole #5. Long-term fixes to drainage are being considered which may reduce some of the grassy areas currently in play. Please talk with your club officers or GAC (Golf Advisory Committee) members to learn more. GAC feedback has been requested on potential impacts to golfers.

In an effort to improve playability and interest in The Views golf experience, a test of forward tees on six holes is underway. The current tee boxes will remain unchanged. While no attempt is being made to handicap these temporary tees, interested golfers can test them at their convenience. We hope to receive feedback over the year.

Mike and crew will be overseeding, with hole 4, hole 8, hole 15 and hole 18 not on the rotation this year. The collar areas on front nine greens will receive a wider area of overseed grass. While playability is anticipated to improve, this test will be contingent on Bermuda grass condition next summer.

Be sure to watch for our next two Dispose-A-Med programs held in the Activity Center Lobby: Tuesday, November 12, 2013, Tuesday, January 14, 2014.

There are important changes in the Dispos-A-Med program procedures. The Foundation has not been involved in making these changes. The new regulations are a result of Drug Enforcement Agency changes which are to be followed by the Oro Valley Police, and the Foundation. Here are the new regulations:

1. The Oro Valley Police and Foundation personnel in attendance are no longer allowed to handle the items brought in for disposal. The person with the medications will need to separate the pill type items and the liquid or jell type items themselves and will then be shown which Oro Valley Police containers are to be used for the deposit. The items do not need to be opened; they can be deposited in the original bottle/container in which they are packaged.
2. We no longer can accept syringes, inhalers or empty medicine bottles and things like elastic or other bandages, and other non-medication items.
3. Only prescription, over-the-counter, vitamins/supplements, etc. items can be accepted.

Home Improvement Skills Transferred to Artistic Talent

by Paul Mercer

Elaine Woods, one of many accomplished artists in Sun City Oro Valley, grew up like many of us; a plain and ordinary life spent going to school and sporting events, talking with friends about the latest trends and romances and not having an inkling what the future held for her.

When she married Patrick Woods, her life changed more than most new brides could imagine. Pat was a teacher, and an educator and not just for his students at Milwaukee Tech High School in Milwaukee, Wisconsin. Pat was hooked on fixing up old houses. "You can do it" he would say and taught Elaine enough so that she caught the building bug from Pat and the self-confidence that comes from making things with your own hands. Together they rehabbed six houses and then built two new ones.

Elaine got to the point where she felt she could do anything because of her remodeling experiences. When they moved to SCOV (Sun City Oro Valley) six years ago, they, of course, updated the house they bought. When that was finished, Elaine had time to look around SCOV and she discovered the art studio, and also the gift shop, where the artists' creations are displayed in a professional setting of glowing display cases and beautiful window displays.

She put the years of hands-on remodeling into use, only this time in creating fine artwork. She joined the silversmith and lapidary shops, and eventually her pieces were carried in the gift shop.

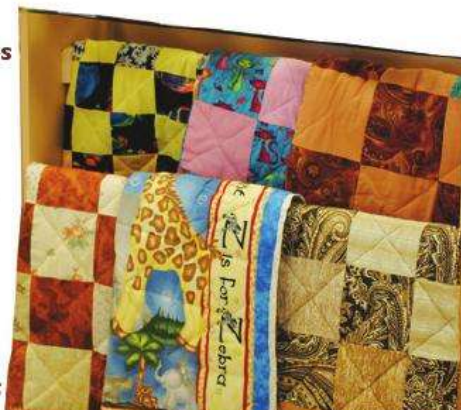

These days, Elaine is creating silver jewelry incorporating found shards of Mata Ortiz pottery, creating jewelry from cactus leaves using the lost wax casting process, creating decorative gourds with different textures, colors and trims and finally, she is weaving.

Elaine and other SCOV artists will be showing their art on Saturday, November 2 at the Activities Center. You will find that your SCOV neighbors are interesting and talented artists who may have that special piece of artwork for you. Plan on stopping by and meeting them.

A beautiful thing - Displays 9/11 items from New York

by John Njaa

This upper photo shows Sun City Oro Valley Woodworkers Club member, Kent Lombard, showing off his latest project, an oak display cabinet. How that came to be built and its purpose is an interesting, poignant story.

Photo by John Njaa

On January 8, 2011, the GRFD (Golder Ranch Fire District) crew (shown below) was on duty at Fire Station 374 in Sun City Oro Valley. They were among the first to arrive at the scene of the shooting of U.S. Representative Gabrielle Giffords and others. They assumed command of the scene and began treating those who were shot. Nine year old Christina Taylor-Green was one of those.

The GRFD crew and Christina's father, John Green, stayed in touch after the event, and a friendship grew. Mr. Green learned that GRFD was looking for an appropriate item from the 9/11 disaster in New York to display in Tucson. Mr. Green put them in touch with a group of New York firefighters who invited the GRFD crew to New York.

In New York, the GRFD crew met a group of firefighters who survived the collapse of the Twin Towers. They were taken to a special memorial where one of the New York firefighters in that survivors group presented GRFD with the jacket and helmet he was wearing that day as the towers collapsed around them. Those items are shown in the photo with the GRFD crew.

GRFD photo by Peggy Lombard

After the crew returned from New York, they looked for someone to build a display case which brought them to our woodworking shop. Kent, a retired member of law enforcement and a skilled woodworker, was there and agreed to make the cabinet. It is a beautiful thing within which the items from New York will be proudly and honorably displayed at Tucson's firefighters' training facility.

Actually, our studio is cool and comfortable all year so, join us on Mondays to begin a new, extremely-rewarding hobby. We'll teach you all you need to know to produce a lovely piece.

Book Clubs

Book

Kate Cusumano 520-437-2074 kate.cusumano@gmail.com

First Monday, 1:30 PM, Catalina Vista/Pusch Ridge

At our October meeting we will discuss *A Reliable Wife*, by Robert Goodrick. This is a novel of loneliness, lust and a mail-order bride. Neither the bride nor groom play straight with one another. The floor collapses in almost every chapter, crashing the assumptions that the reader has formed.

At our November meeting, we will discuss *Plum Wine*, by Angela Davis-Gardner. Barbara comes to Japan on a personal journey in search of the essence of her mother, during the height of the Vietnam War. The juxtaposition of World War II and the American involvement in Vietnam provides a brilliant setting for Davis-Gardner's examination of truth, honor, morality, love and pain. An amazing, thought-provoking, beautiful read.

Newcomers are always welcome.

Great Books

Pres. Barbara Gates 825-7645

VP Sharyn Rafieyan 825-6762

October-May, First and Third Wednesdays, 2 PM, Catalina Vista/Mt. Lemmon

Great minds should not be idle. Flex those brain cells and join Great Books for some great discussions starting October 2 with Seneca's *On Tranquility of Mind* offering excellent advice on how to achieve that lofty objective. October 16 we'll take out our metaphoric microscopes and observe the natural world with Francis Bacon as our instructor and Sandy Rice as our interpreter guiding us through a study of *The New Organon*.

Our November readings include John Locke's *A Letter Concerning Toleration* which should be required reading around the world for the timeliness and importance of its message. Although he speaks directly to Christians, he admonishes that "good Christians" must demonstrate goodwill to all mankind, even those who are not of that faith, and further urges man to "make war on his own lusts and vices." From portrait painter Joshua Reynolds' *Discourse Seven* we'll learn why he placed the visual arts at the level of poetry and examine his theory of aesthetics.

We're starting the new season with an experienced and knowledgeable speaker on the United Kingdom. Jeri Martinez is a teacher here in Tucson but she spends her summers in the U.K. She has been doing this for many summers. If you have any ancestors that were from the British Isles, then be sure to come to the October 8 meeting and become informed from the vast knowledge that Jeri possesses.

I also want to begin our meetings with a one to two minute speech from you, the members. Please share with us, if you have made a new and definitive discovery for your tree. I won't put you on the spot but just a quick announcement about your new information.

Club does not meet June-September

First club meeting for 2013-2014 is Wednesday, October 9, 2 PM. This year we have some exciting guest speakers. The Gun Club is for people who have an interest in learning about guns, shooting, personal protection and firearm safety. You do not even need to own a gun or have any experience with firearms to come to Gun Club Meetings. We especially invite women, with or without a gun, who are interested in learning about firearms safety and self-protection. People are frequently interested in learning the laws about carrying a gun and what is required to obtain an Arizona Concealed Weapons Permit. Club Members are encouraged to bring any interesting guns to the meeting for people to see or guns they want to sell. At some meetings, we have guest speakers from law enforcement organizations. Come to a meeting and see if our club activities would interest you.

Registration for the Fall 2013 semester, the 21st semester of the ILR, is closed. Classes begin in mid-October, but not all classes begin the same week or the same month. Check the Course Descriptions packet to confirm dates and times of the classes you selected. Unfortunately, as of this writing, room assignments are uncertain. Those specified are no longer valid. We apologize but have no control over the situation. Please consult the website noted above for the most recent information.

Course Descriptions packets are available in the usual locations: the ILR Library in Catalina Vista, the Sun City Library lounge (next to the magazine rack) and the website. Lists of

participants accepted into classes offered this semester are available in these locations also.

While most of us were enjoying or escaping the summer heat, a handful of ILR stalwarts were busy preparing for a ceaseless transition into our new year. Moderators have been readying the subject matter they will present; determining content and sequence, designing hand-outs, visual aids and discussion questions. No exams, however.

Pilates

Mary Ayers 638-7916 mary.pilates@gmx.com

Mondays, 3 PM, Thursdays, 1:30 PM, Dance Studio

Have you ever asked yourself "is Pilates good exercise for seniors?" The answer is "yes", and group classes with our certified Pilates instructors are the safest way for us to perform the exercises. We start out with simple warm-up exercises and deep breathing. The more strenuous exercises are modified for those of us with limitations. All in all, the benefits of Pilates can't be beat. They include increased core strength (abdomen and back muscles), better balance, flexibility, muscle tone, stamina and well being. Joseph Pilates, the founder of Pilates, practiced his methods well into his eighties! Please give our classes a try or, for your first time, just come by and watch. If you participate, the cost is only \$8/class and annual club dues are \$20 pp. Please feel free to call Mary at 638-7916 if you would like more details.

Poets Corner

Elise Asch 818-1345

Mondays, 9:30-11:30 AM, Welcome Center/Conference I

How To Be A Lawyer, by Jordan Davis, is a prose poem with two paragraphs instead of stanzas that begins with "My father taught me how to play the beer bottle." The toddler child is told how to "blow air over the top" and advised he can change the tone by taking a sip of Schlitz, which he does, followed by more music and shared laughter. Raising one eyebrow partly answers the "how to" of the title. The language is fairly ordinary but rather droll and the reader is easily drawn into this vignette of a father having fun instructing his son. Davis says he wanted to show how "lightness can strengthen bonds" and he does this without relying on a strategically broken line or other familiar poetic devices.

Writing an effective poem, even when all tools are on the table, can be a struggle but we help each other along, one poem at a time.

Seniors for Kids

Jean Sax 818-2410

Meet September-May

The Fry's Gift Card program has been a major source of funding for the activities of SFK (Seniors For Kids). We are grateful for the help of all Sun City Oro Valley residents who purchased these cards.

Fry's new program is the Community Rewards Program, which SFK will continue to rely on for the purchase of supplies. Any funds left on previously purchased Gift Cards will be usable until your funds are depleted, but you will not need to use that card any longer. The instructions to enroll online for the new program are on this website www.FrysCommunityRewards.com. You will be linking your VIP card to Seniors for Kids (ID# 80165). You will still get all the discounts, fuel points etc, but won't have to manage a separate gift card. We believe it will be more customer-friendly for us, and SFK will receive a quarterly payment, depending on how much money is spent in Frys by cards linked to SFK.

Not into sewing? How about cutting the patterns or pinning the quilts? Sew what interests you. Pick and choose. It's all about the kids.

The computerized machine accepts internet-downloaded designs as well as Brother software. Show and Tell opens each meeting, ideas are shared and demonstrations given. Cupcake and flip-flop zippered purses sewn entirely on the embroidery machine will be demonstrated in November. Call Karin Frohlich for training.

Pet Beds

Jan Bohe 825-9725

Tuesdays, 1-3 PM, Artisan Center/Sewing
www.scovaz.com/clubs/thimblelenas/PetBeds.html

When we meet in the sewing room on Tuesday afternoons to cut fabric scraps into small pieces for the pet beds, we have a great time doing something worthwhile but also socializing. Yes, we talk about everything! We get such a good feeling making these pet beds from the scraps that otherwise would be thrown out into the landfill. The Humane Society is very grateful to receive these. Last year we made and delivered 283 pet beds. We currently are making smaller beds for the influx of puppies and kittens in the spring. Call Jan Bohe for more information.

Peggy Lombard 825-4833 kandplombard@msn.com
Thursdays, 10-11:30 AM, Dance Studio

Improve your balance, flexibility, endurance, stress management and reaction time with the physical art of Tai Chi.

Most of us think of Tai Chi as a way to improve breathing, prevent falls, and gain strength, but it is so much more. A Harvard Medical School Health publication stated that Tai Chi is medication in motion, and research by Tufts University School of Medicine credits Tai Chi with decreased pain, improved sleep and mood and better quality of life.

Come join us! Our class sessions run for 11 weeks, and our instructors, Jose Hernandez-Rivera and Donna Drazenovich, stress the use of Tai Chi in daily life.

For more information, contact one of our club co-chairs listed above.

Mixed Doubles Sundays, 1-3 PM, Ruby Fuhrmann 818-7828

Articles for the *Tipster* are submitted approximately four weeks prior to publication. Because of this, it is a good idea to check the bulletin boards (yes, two boards) at the main courts. This will keep you current on coming events, e.g. classes, tournaments, socials, as well as any changes in schedules.

Once again we would like to welcome new community members to participate in our activities. Players at all levels are welcome.

Coming events include: October 28-November 10, women's memorial doubles: November 3 a mixed doubles round robin will be held; November 6, 3 PM a general meeting and social. A holiday dinner and social will take place December 7, at 6 PM.

After watching the U.S. Open for two weeks, new board members may want to discuss the issue of excessive grunting on the courts. Retiring members are too tired to care or grunt.

Theatrical - SRO (Standing Room Only)

Pres. Lynne Newbauer 818-3516
VP Joe Guenther 825-7703

Come one, come all. Bring your favorite beverage, sit back, relax and enjoy watching the talented people that were here in Sun City, that are still here in Sun City and those that have just come here to Sun City.

Because their shows on our stage were so good, you will have a chance to either see them again or see them for the first time. They will be shown on DVD in the Activity Center/Kachina Lounge Sunday, October 6 and 20 at 1 PM. Every first and third Sunday thereafter, there will be a new show shown at the same time, same place unless otherwise noted in the *Tipster*.

Come and meet with your old friends while making some new ones. There is no better way to spend a Sunday afternoon.

www.scovaz.com/clubs/ukulele/

Many of us in the club feel that the time we spend together on Tuesday mornings is the most fun we have all week, and there are always new things to learn. It seems the ukulele is much more versatile and complex than one would assume at first glance. The popularity of the "mighty uke" is at an all-time high worldwide. There are clubs and groups everywhere. Little wonder it is so popular since it is indeed a "little wonder".

We won't be signing new members until our Tuesday, Nov. 12 meeting, but come to one of our Tuesday meetings in the meantime and see what we do. We have loaner ukes to get you started right away.

Leslie's Movie Review: "The Butler "

There is a great deal of Oscar buzz about this film. I enjoyed it immensely. It is a story about the son of slaves growing up picking cotton on a white southern plantation. He grows up, basically on his own, and shows talent in his ability to serve. Through black mentors, he works his way up in the service industry, landing in D.C. and eventually ends up working as a butler in the White House. His career begins during the Eisenhower era, and ends with the first election of President Obama.

The film takes us through the racial conflicts in our country from the 1960's - present times. I found the film educational, entertaining and an excellent story. I would enjoy seeing it a second time.
