Staff Transitions

by Debra Arrett

You will spot a few new faces among staff. General Manager, Mark Wade, begins on December 5. He comes to us from Leisure World in Mesa, Arizona, and has successfully managed large-scale communities for the past 17 years. His style is MBWA: management by walking around. He and his wife, Sheryl, hope to join a club or two each year. Mark knows that club members will let him know what is working in our community and what areas need improvement.

In November Aalt Brouwer became our Food & Beverage Director. Aalt developed his passion for the field at a young age starting out as a busser and dishwasher. He was 19 when he held his first management position. Later he changed his college focus and studied hospitality at Northern Arizona University and NHTV in the Netherlands. With his vast experience and education, he comes to us with many ideas to improve the service, quality of food and the bottom line.

In October Marsha Dean became our Communications Coordinator. She was previously a Publications Manager at the University of Arizona and is well prepared to keep the *Tipster* coming to us each month. Marsha enjoys interacting with residents and looks forward to meeting more. Marsha replaced Chris Richard who retired in September after eight years. Immediately after retiring, Chris had knee replacement surgery and is recovering nicely.

We must also bid farewell to General Manager Bob Mariani. He too was with us eight years and held the position longer than any of his predecessors. That speaks volumes about his job performance. Bob is not retiring; he is changing careers and will become a realtor. He will no doubt be listing and selling homes in SCOV.

The new staff members will need time to learn the ropes. Please introduce yourself and welcome them to SCOV. If you run into Bob Mariani, thank him for his many years of service and wish him well in his new career.

General Manager - Bob Mariani

A Fond Farewell

In 2008 I responded to a notice for the general manager's position at what was Sun City Vistoso at that time. After a phone interview, I was invited to participate in an on-site interview. When my wife, Polly, and I drove into the area, we both had a very positive and comfortable feeling. After the interview process was concluded, that feeling continued. Added to our thought that we had found a great place to live was an offer to fill the GM position.

It's now a little more than eight years after our initial trip to Oro Valley and my acceptance of the offer to serve as your general manager. When I look back through those years, I am amazed at the accomplishments. Projects ranging from the recently-completed restaurant and Pro Shop to the beautiful AFC facility are here for your daily enjoyment. A marketing program and budget were implemented that have brought significant attention to what is now Sun City Oro Valley. Along with those changes came new building and room names. Public golf was introduced, generating a few hundred thousand dollars in revenue. The governing documents from Board policies to the bylaws and master declaration were updated and vastly improved. Many existing common area components such as aging landscaping were recognized and added to the asset reserve fund to assure proper replacement of these items. In addition, a new fund was implemented to best assure proper maintenance of Chalk Creek and other wash areas in SCOV.

The projects and accomplishments noted above comprise just a fraction of what has transpired during less than a decade, transforming what has always been a wonderful community to a community that is that much more desirable, relevant and competitive. I am proud that there have been so many changes for the betterment of SCOV during the time I served as your general manager and while I provided leadership for the community. However, I have to admit that I am only one player on a superior team, and I have been incredibly blessed and fortunate to have worked with and for the right people. The Board members, committee members, department managers, overall staff and SCOV membership have been very positive, progressive and supportive of me and of the forward progress that has been made during my tenure. Without all of these wonderful, ambitious, positive and intelligent people working with the same goal in mind, there would be but a fraction of the accomplishments we have been fortunate enough to witness.

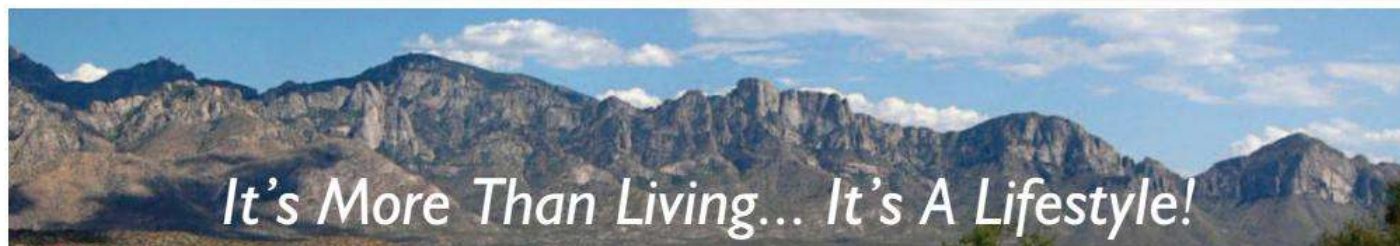

In closing, I want to thank so many of you for the opportunity to serve you and for providing an environment in which I have and will be able to feel a great deal of accomplishment.

Sun City Vistoso Community Foundation

by Paul Mercer

The Community Assistance Committee (CAC) Loan Room is a popular resource here at SCOV, lending items from baby cribs to health care. Anyone who has used their services is amazed at the variety of options available for the residents. And you may wonder, how do they keep everything straight? Inventory used to be controlled by hand but is now computerized so residents can access their items and reserve them on the SCOV website. The computers and programs were made possible by grants from the Sun City Vistoso Community Foundation, which was approached by the CAC for assistance. The Foundation, a separate and independent organization from SCOV, was founded in 1998 and is a major benefactor for those in need in the area. Other activities of the Foundation you may be familiar with are the Annual Shred-It event and the bi-monthly Dispose-A-Med program.

This Foundation is worth knowing about and deserving of your support, both financially and personally. It was the desire of early residents to help others in Sun City and the nearby area and the Foundation was born. The Foundation's board is composed of six to nine directors plus a non-voting liaison from the Association. Notably, every member is a director so all decision making is spread across the entire group. The Foundation is not a club and is separate from the Association. You probably received a mailing in early November for their annual fund appeal which showed the grants awarded during the past year.

Dick Cook is the current president. He is thoughtful, well spoken and deeply committed. We talked about his commitment and as we did, it was evident that he strongly

believes in the mission of the Foundation to help the less fortunate throughout the area, not just Sun City. He talks about groups and organizations that come to them for assistance. The Foundation has helped such groups as Youth On Their Own (YOTO), Emerge! and the Hermitage No-Kill Cat Shelter. "As members, we get to see just how blessed we are. The stories out there are amazing, the need is overwhelming, and the experience makes you so thankful for your life here."

Sun City Vistoso Community Foundation committee members.

"Our membership numbers fluctuate year-to-year due to personal or health reasons, so we are always looking for new members. If asked to join, you must commit to serve for three years. But unlike most organizations, you are not encouraged to sign up again when your term is complete. It is good to

continually have lots of new blood in the group. And that is why we are always actively recruiting new members." Think about it. There are not many opportunities in this life to do as much good as the Foundation does every year. And by giving to them annually you can be a part of it.

"Do you have a wish list?" I asked him. "Well, I wish we had more money...so we could give more away! And, I wish more families participated in giving, no matter how small the gift." Spoken, I thought, like a true hero. Think about your life and how you can make a difference by including the Foundation in your will or trust.

Look for the yellow sheet in the *Tipster* inserts SCV Foundation, *Celebrating our 18th Year* and a mailing for more information on the Foundation and the organizations funded in the past fiscal year.

Let the Sun Shine In

The new solar systems are all online gathering sunshine and turning it into energy. These systems are expected to generate over 50% of the electricity needed by our SCOV facilities. Now all residents may watch the sunshine convert to kilowatt-hours from data collected on the project's monitoring system. It is not obvious from looking at the solar arrays in the parking lots and roofs at the main center, but there are five different systems providing energy to the Activity Center, Artisan Center, Restaurant and Pro Shop, Cart Barn, and Welcome Center. There are also systems at Catalina Vista, Desert Oasis and the Golf Maintenance facility. The solar stats can be found on our webpage under the Members/Member Services page in a section titled Solar Stats. So let the sun shine in and watch the energy add up.

Happy Holidays

Once again we gather with old and new friends to celebrate the holidays, and I wish you all the best. Please note facility holiday hours listed below.

New changes are happening with the arrival of our new General Manager. As always, the staff is committed to bring you another great year to SCOV.

I want to personally thank Janice Strassburg for sewing a cover for the upright piano at the Catalina Vista. She did a great job. Her efforts and the efforts of many of our residents have been wonderful. At times we have called on the woodshop members to help make something for the community, and sometimes residents just come forth to help. All this makes us the great community that we are. Make the most of each day and enjoy the holidays.

New Development Standards Revision

By now you have read the revised SCOV Development Standards which have just been published. If you have questions about any of the revisions, I encourage you to contact a member of the Architectural Review Committee to get clarification.

I would like to take this opportunity to address a landscaping revision. It has been included because of a safety concern voiced by several residents and reviewed for its integrity by members of the ARC. Many shrubs had been planted years ago in close proximity to the driveways of our neighbors. Those same shrubs have grown so that they block the line of sight when the neighbor is exiting his/her driveway. As we back out of our driveways, close calls with other vehicles motoring down our street or with residents out walking have resulted because our vision is blocked.

Our new landscaping requirement should help to alleviate this problem. No shrub or planting which significantly obstructs sight lines of persons exiting a driveway in an automobile, golf car or the like, shall be allowed. Such shrubs must be pruned to a height of 42" or less to allow a safe exit. With this new landscaping requirement, we will be safer.

Please talk with your neighbors if you are experiencing a blind spot because their shrubbery is blocking your line of sight to the adjacent sidewalk or roadway, and perhaps work together to prune the culprit.

Did you know that there are over 4,200 videos in our collection? Finding the perfect movie is now easier since volunteer Christine Sullivan recently added genres to each record, a project that took almost four months. Whether it's a romantic comedy you're looking for, a thriller, documentary, foreign film, or whatever, you can type search terms into our online database and come up with great suggestions. Clicking on Details will open a summary of the movie, names of the actors, the year it was released, and more. Videos added to our collection before the new software was installed will not have as many details, but all will have genres. Please remember to handle our video disks by the outside edges, and remove them gently from their cases, so they can be viewed many times.

New this month in books: the latest by David Baldacci, Janet Evanovich, Fannie Flagg, John Sandford, and Alexander McCall Smith.

When Using AFC Exercise Studios

If you bring any liquids into the Exercise Studios, the liquids must be in a sealable container and left on the perimeter of the Studios, not in the exercise area. Do not place any drinks on the audio-visual boxes. If you happen to spill the liquid you brought into the Studio, you are responsible to clean it up, and let your neighbor know if they might have accidentally spilled something that needs to be cleaned-up. Make sure to check the bottom of your shoes for any rocks that might be stuck in them that might damage the floor.

Special Note from the AFC

Orientation on how to use the gym equipment will be held every Thursday at 1 PM, so stop in and sign up. See Lonnie Davis or call 917-8073.

Contact Lonnie Davis, AFC Coordinator for any question or problems with the AFC. Phone: 917-8073 or email ldavis@suncityorovalley.com.

The purpose of the AFC Committee is to bring new ideas, address any issues regarding the AFC and to help and/or motivate our residents by providing information that will help them reach their goals.

An excellent website for our active community members is resistancebandtraining.com.

The key to strength training the 50-year and older body safely comes down to:

- Not training the same pattern of movement all the time
- Not applying the same forces to joints and muscles in every workout
- Using multiple angles over different planes of movement in some of your exercises.

By utilizing all equipment available, you can remain strong beyond your 60s, 70s and even 80s.

We in Sun City all value our mountain views. Our documents do not and legally cannot protect a view even though Del Webb charged a premium for lots with a view. As good neighbors, we can look at what our vegetation does in obstructing a view of the guy next door. Early tract declarations addressed vegetation and walls in some areas as they related to a view. Is there really a difference between a hedge to be maintained at six feet and a shrub to be maintained at six feet? Just a thought.

Election 2017 - New Process

Over the summer the Election Committee explored offering an online voting option for SCOV elections. As you may recall, they asked the community for thoughts about this option and 275 of you responded. 192 of you said yes; 32 said yes, but had questions. There were 16 who said no and 34 who asked questions. The primary question and concern was protecting the anonymity of the voter. The Election Committee heard you and made this a mandate as they studied the online vote. In September the Board approved the Election Committee's recommendation to offer an online vote.

The company we are using is Vote-Now out of Florida. We will provide them a list of eligible voters and they will send out an online ballot unique for each unit/lot. Each unit/lot will have one vote which they can cast online if they have an email on file with SCOV. If there is no email on file, a paper ballot will be mailed to the address on file. The ballots will be cast by either email or mailed to Vote-Now in Florida. No ballots will be received in the Administrative office, you will mail them to Vote-Now.

In addition to offering an online voting option, you will also be able to see the biography of the candidate online. There is also a new format for the forum which is now called an interview. Each candidate will be taped while being interviewed. The video will be posted on our YouTube channel and links sent out in an email blast and TWISCOV. If you're not online, the interview videos will be shown in one of our rooms in February.

The old forum format will also be offered in February.

In the March 2016 election 61% of us voted. That's good participation, but we can do better and have more people vote. The new options will make voting more convenient and it is our hope and goal that more of us will vote. We want everyone to participate.

Help Collate the Tipster

Once a month, residents are needed to insert flyers into the *Tipster*. Receive your *Tipster* early, share refreshments with us at the Auditorium. Usually the work is performed on the last business day of the month at approximately 10:45 AM. Call Dave or Tempe Johnson 825-6994.

Food and Beverage

Chair Del Peterson 307-631-3114
October-June, First Tue., 9 AM, WC1

If you haven't been to The Views Restaurant and Lounge in the last few weeks, we hope you will come in and take notice of some new changes.

In a joint effort with the Food and Beverage Committee, Board Liaison member Meade Davis, President Don Coleman and General Manager Bob Mariani, it was recognized that changes needed to be made. The food was good, but the service was below what our residents deserve. New structure, training and oversight was needed.

Quick action was taken. The new Food and Beverage Director, Aalt Brouwer, is a graduate of Northern Arizona University with a degree in Hotel Management. He has a strong background in the food service industry with experience at Marriott Hotels and, most recently, Hotel Congress.

A new point of sale system was secured from Board revenues. The old system was outdated and could not keep up with the size of our operation. This new system will ensure faster service in the kitchen and bar. It should assist in the collection of revenues which will help increase our bottom line at year-end. Security in the storage areas has also been increased.

Our sincere thanks to Bob Mariani for his strong actions in the last few months. We also want to thank Meade Davis and the Board for making these necessary changes. We hope the residents will see all the positive changes going forward.

Friends of the Library

Did you know that all the audio, video and reading materials in our Library are provided by membership in Friends of the Library, fundraisers done by Friends of the Library plus donations of residents and grants procured by our awesome librarian?

This year we have three major fundraisers. The month of January is a drive for Friends of the Library membership. February 18 is the biannual Home Tour of renovated Sun City homes, and March 10 is the annual Books and Authors Luncheon.

If you have renovated your home and would like to be part of our own little street of dreams, please submit an application. You can complete an application online by going to suncityorovalley.com, click on Library, scroll down to Related Links and click on Home Tour Application. There are also printed applications in the Library.

Third Wed., 9AM, WC1

The committee's goal is to provide a report to the Board which recommends different options future home buyers may want that our current housing stock doesn't provide. To include the community, we will be developing a multilayered process for gaining community input into our information base. If we can find changes that are needed and agree upon them, we will assure that present homeowners will be able to sell their homes when they desire and that we remain competitive with newer communities.

The Arts and Crafts Show, sponsored by the Gift Shop, is December 3, 9 AM-3 PM, Activity Center. Come find unique gifts made exclusively by fellow residents.

December featured artists in the Gift Shop are Julie Holtry, Roland Deeter and Elaine Deeter.

Julie makes jewelry and Oriental-themed note cards. Her trademark is her pendant dragonfly which dons the necks of many local residents. Julie says, "I think I have a dragonfly for every outfit I have. They are such fun to wear!"

Elaine began creating greeting cards for her personal use before offering them in our Gift Shop. She enjoys seeing people appreciate her work and hearing how their friends and family like receiving handmade cards.

Woodworker Roland started making cutting boards for his family, then moved on to small bowls, pepper and salt grinders. He also makes pens, flashlights, wine openers and magnifying glasses from wood and acrylic materials.

Loan Room - Community Assistance

Chair Gay Russell 825-5763
Meeting Third Thu., 3 PM, WC1

The end of the calendar year is upon us and it is a busy time for SCOV residents. When you need extra tables, chairs, beds and children's items, see us at the Loan Room for short-term loans. You may also request items on the SCOV website. Be sure to request items for Tuesdays or Thursdays as those are the days the Loan Room is open, from 8 to 9 AM. We are located at the end of the Cart Barn. Reservations may be made up to two months in advance.

Please recycle your aluminum cans in the blue bins located around our neighborhood. These support the Loan Room services. Our third delivery of the fiscal year to the scrapyard was a load of 540 pounds of aluminum cans for which we received \$216.00. Fiscal year to date, we have delivered 1,580 pounds of cans and received \$632.00.

Thank you Jerry Cohen, Dennis Campbell, David Flatness and Dave Johnson for transporting and loading the cans. If you have friends or neighbors who aren't contributing aluminum cans, please remind them of the program.

'Tis the Season - Once Again

We wish you a most happy holiday season. Our community is looking absolutely beautiful, so take time to look around. We should indeed feel very proud of the way we look: not only to neighbors and ourselves, but also to those individuals who visit with the thought in mind to buy and move here. We sincerely thank you for your cooperation in helping to make SCOV such a beautiful and wonderful community in which to live.

With the holiday season upon us, enjoy your families, your friends and neighbors and especially our beautiful community. 'Tis the season once again, and the Neighborhood Pride Committee hopes you have a joyous one and a Happy New Year.

Posse

Chair Larry Clark 404-7664

First Tue., 3 PM, Catalina Vista
scovaz.com/committees/posse/ (must be logged in first)

Why does the Posse patrol SCOV every night? The number one reason is to find open garage doors. Last year we found 947 garage doors up. When we find an open door, we turn on our vehicle's flashing lights, and then look up your phone number so we can call. If we don't have the correct number for you or your renters, we must call 911 and get assistance from OVPD. We want your garage doors closed so that you will find your golf clubs and tools still in your garage the following morning, and just as important, you will not find a rattlesnake under your car, where it came in looking for warmth. Safety and security are very important to those who serve on the four Posse Squads in our community. Please volunteer and become a member.

Properties

Chair Ed Zwierling, 520-329-0737, EZwierling@Yahoo.com
Third Thu., 9AM, WC1

The Properties Committee has completed our biannual inspection. The inspectors looked for safety violations, house-keeping problems and the physical condition of our facilities. We found the general condition to be excellent. Much of this is due to the proactive approach taken by staff to replace roofs and repaint most of the buildings over this past summer. The various clubs have done a commendable job in keeping their areas clean and well organized. There were a few issues identified that need remediation and should be acted on in the near future. All residents are encouraged to express their concerns about our facilities to the Properties Committee, the Board of Directors or staff.

The solar generation project has been completed and is now producing electricity and reducing our carbon foot print. See the Assistant Manager's column on page 5 on how to access real-time statistics related to our solar project.

We are always looking for new members. You don't have

to have a technical background to join. Our meetings are open to the public, and we encourage all residents to attend.

Golf

Head Golf Professional - Kim Griggs

kgriggs@theviewsgolfdub.com 917-8053

Pro Shop hours are as follows for the holidays: Christmas Eve Day we will close at 2 PM, and we will be closed Christmas Day. We will also be closing on New Year's Day at 2 PM. Happy holidays.

In December we will be keeping our walking signs at 7:30 AM, at which time walkers will need to be off the golf course. This will also be true on Tuesdays. If you walk or drive your golf car in the evenings, please remember that there will be golfers still on the course. You must yield to the golfers to avoid injury. Please do not use the golf course as a cut-through to get to the Pro Shop, Restaurant, Fitness Center or Welcome Center. Use Rancho Vistoso Blvd. so that you do not get hit by a golf ball or upset the golfers during their play.

Come in and check our new Pro Shop. Residents receive 15% off all items except golf balls, clubs and sale items. Annual Pass holders receive 30% off as well.

Pass Holder Appreciation in December: 15% off golf balls (in stock) through December 31.

Just a reminder that our dress code also applies to the driving range, chipping area and putting greens: no denim, must have a collared shirt, no cut-offs, gym shorts or swim wear. Also, there is no chipping above your waist on the lower putting green. Please use our chipping area down below for those types of shots.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 917-8063

December is historically the time of year when the temperatures get cold enough for frost. Now is a good time to go over what kind of damage occurs and the procedures to follow during these cold mornings.

Walking or driving on frosted grass causes damage to green leaf tissue which eventually leads to the grass dying. When the roughs go dormant and turn brown they are no longer susceptible to frost damage, but the overseeded fairways, tees and greens can be damaged. Every cold morning that frost is possible, a message will be left before 6 AM on the frost-delay phone line stating what the conditions are on the course and how those conditions will impact the golfers. Also, there will be a frost message on The Views Golf Club webpage. If the temperature is cold, but the frost is not

that bad we might not have a delay, but the golf carts could be restricted to the cart path for a determined amount of time. If the frost is more severe and requires a delay, it will reflect the earliest time the golf course can be prepared for golf and for play to start. Mowing of the greens and moving the pins needs to be done before golfers can begin play.

Additional reminders: the putting green, driving range tee and chipping area all have overseeded grasses, so they will also be closed until the Pro Shop is notified of their opening.

Golf Advisory

Chair Tim Kelley 734-645-8199

That meeting will also be Bob Mariani's last. We thank him for his years of service and ever-present input into the maintenance and operation of The Views. Enjoy your retirement, Bob.

The Views Restaurant

Food & Beverage Director - Aalt Brouwer

abrouwer@suncityorovalley.com 917-8074

Seasons Greetings from the Views Restaurant. As the holidays approach, we at The Views can't help but think about family, friends and traditions that have been passed down over the years. My family traditions are ingrained in me as much as the songs we all hear on the radio, from Virginia ham and cranberry salad to the desserts my grandmother made every year in such large quantities that they lasted through the new year.

Since the holidays are all about sharing, I thought for my first article I would share a recipe that my grandmother passed down to me years ago. This recipe is one of the reasons I grew a passion for food. I hope you enjoy it.

Raisin-Filled Cookies

Ingredients

- | | |
|-------------------------------|--------------------------|
| 1 cup packed brown sugar | 1 teaspoon baking powder |
| 1 cup sugar | 1 teaspoon baking soda |
| 1 cup butter, softened | ¼ teaspoon ground nutmeg |
| 3 eggs | ½ teaspoon salt |
| 2 tablespoons vanilla extract | 3 tablespoons buttermilk |
| 5 cups all-purpose flour | |

Filling

- | | |
|---------------------------------|--------------------------|
| 1 tablespoon cornstarch | 1 cup packed brown sugar |
| 3 tablespoons all-purpose flour | 2 cups boiling water |
| | 1½ cup seedless raisins |

Directions

1. In a large bowl, cream sugars and butter. Add eggs, one at a time, beating well after each addition. Beat in vanilla. Combine the flour, baking powder, baking soda, salt and nutmeg; add to creamed mixture alternately with buttermilk. Cover and refrigerate until easy to handle.
2. For filling, in a saucepan combine the cornstarch, flour and brown sugar. Stir in water until smooth. Add raisins. Bring to a boil over medium heat; cook and stir for 3 minutes or until thickened. Cool.
3. On a floured surface, roll out dough into 1/8 inch thickness. Cut with floured 3 inch round cookie cutters. Spoon 2 teaspoons filling on top of half the circles and top each with another circle. Pinch edges together and cut slit in top.
4. Place 2 inches apart on ungreased baking sheets. Bake at 350° for 10-13 minutes or until lightly browned. Remove to wire racks to cool. Yield: about 3½ dozen.

This year at The Views, for the first time, we will be offering a beautiful Christmas Eve Dinner. We hope to share our holiday cheer with you over a 5-course dinner paired with 5 cocktails. Thank You Corner

This section allows residents to express thanks to the community. Articles should not exceed 50 words and should not contain thanks to specific persons.

A big thank you to all who contributed to the success of SCOV Women's Auxiliary Fall Luncheon and Accessories Boutique. You purchased tickets to the event, donated boutique items, donated money and shopped in the Boutique.

All net proceeds will go directly to Emerge! Center Against Domestic Violence. Thank you all.

SCOV Womens Auxiliary

A very, very big thank you to all of the volunteers who helped deliver the telephone directories. I couldn't do my job without each of you. And for those who missed this year, there is always next year.

Carolyn Lerch

Thank you for your wonderful support of the Vistoso Cyclists' Food Bank Drive. Again this year, you've answered the call. The Vistoso Cyclists members, Sun City Oro Valley residents, together with the Sun City Vistoso Foundation raised \$30,253.20 in food and donations. This enables Interfaith Community Services (ICS) to provide needed help for those families, individuals and seniors less fortunate, especially as we head into the holiday season.

Please think about what you can do to contribute and join one of the teams to add your hands to the work and your laughter to the process. Clay Club policies, rules and procedures have been updated

Welcome to all new members and residents that have returned to join us as we work with glass in many new and exciting ways. Juliet Williams returned just in time to help with all the questions and see how we have grown in the last few months.

I hope everyone had a chance to see the display window at the workshop for Halloween. It was filled with bats and ghosts not to mention spiders. What a group of talented folks we have here.

In October, we said goodbye to Jeff Puskas (room monitor, instructor, our treasurer and all around great guy). We will certainly miss him as he returns to Colorado to be with family and wish him well in future endeavors.

Thanks to all volunteers that help with towels, kilns and keeping things clean and running.

But after you have traveled a great distance, trees are once again trees, water is once again water, mountains are once a gain mountains. —Zen teaching.

We look forward to you being with us Tuesday mornings for water media painting.

Poets Corner

Mon., 9:30-11:30 AM, WC/1

First it was Siri, a female voice that lived inside your iPhone and responded to numerous questions and commands. What's next? In *How the End Begins* James Pavlakis conjures up the Gentronic Super X Model 32 Humanoid that seems able to do anything its master can do, better. The poem makes you consider where this might lead:

"...It cleans, cooks, launders, shops, gardens, pays bills, balances your checkbook. And it can fix anything. It learns and adapts so fast you soon have it doing your job in the city where it's a star. Time passes comfortably...Everything is going perfectly. Until one morning when it leaves for work. It hesitates at the door, stands still, turns, comes to your breakfast table and sits opposite you. It scans the wall behind you. Photos: high school baseball team, beach and mountain vacation...trophies. It stares at you (is that a smile?) and says, 'I've been thinking.'"

Dining - Prepare & Share

Alan Bancroft 520-907-4121 alanroxieb@msn.com
Colin Kaltenbach, kltbch@yahoo.com

Come join us. This club is a wonderful way to enjoy great food while making new friends. It is like a progressive dinner, except everyone brings a dish related to the dinner theme to the host home. Our schedule is four evenings between December and March. We will be choosing four of the following at our Kick Off Dinner for our dinner themes: Fajita Party, Alaskan, St. Patrick's, Basque Meal, Little Bites, Host's State, Hawaiian, Music with some very creative ideas!

Each dinner has different participants, determined by the scheduling secretary. Two to four weeks before your dinner, your group gathers with the host(s) to determine a menu within the theme. The host provides the main course. The total cost of the evening is divided equally among the participants. Recipes are shared, so you may enjoy them again.

Yearly membership dues are \$7.50 per person. If you would like to join or have any questions, give Alan a call. Hope to see you soon.

Folk dancing is more fun than a treadmill and is an excellent exercise for balance, mindfulness, muscle and mood. For most dances, we hold hands in a circle performing non-gymnastic steps to the sometimes strange but fascinating music and rhythms of diverse cultures, including our own. No partner or prior experience needed. A typical dance session consists of 12-15 mostly easy folk dances always preceded by instructions. Drop by to see if this internationally popular dance form is right for you, or see videos of us in action by doing a Google search for FDCSCOV.

Winter is here and it's time to think about avoiding the stress of the holidays by exercising. Twice a week we have a professional instructor come to Sun City and teach a Joseph Pilates mat class. The Pilates exercises work to strengthen your core as well as your entire system of bones and joints and are not just sets of simple exercises. Your abdominal muscles, arms, back, hips and more are strengthened and toned. This allows for better posture, flexibility, strength and balance. The classes are one-hour total body workouts and include many warm-up stretches. Because these are Pilates mat classes for Seniors, all exercise movements can be modified for different levels of performance. Our instructors can be very helpful with this. The cost is only \$8/class and the annual club dues are \$20 pp. Please stop by and watch one of our classes. Call Mary Ayers.

Our new class session begins January 5.

Many medical professionals now recommend Tai Chi to help their patients improve balance and prevent falls. But Tai Chi is much more. Research by Tufts University School of Medicine credits Tai Chi with decreased pain, improved sleep and mood, and better quality of life.

In our classes we not only enjoy learning Tai Chi form, we also increase flexibility and strength and even learn meditation skills. Our instructors, Jose Hernandez-Rivera and Donna Drazenovich, stress the use of Tai Chi in daily life.

Would you enjoy Tai Chi? Why not try it out? The January 5 class is free.

Newcomers, please contact Gail Barr for class details.

Tutors Needed for Nearby School Kids

Would you enjoy tutoring a child? Painted Sky Elementary School, Rancho Vistoso's neighborhood public school, is looking for reading and math volunteers to work one-to-one with students. One hour a week of your time will make the difference in a child's education. Contact Amy Watson, awatson@amphi.com or 696-3820.

Vista Fine Arts

Sonoran Bells present *All I Want for Christmas is....Bells*. Presented in cooperation with Vista Fine Arts, Tucson's premier community handbell ensemble will play at Vista de la Montaña United Methodist Church, Catalina, Sunday, December 11, 3 PM. Directed by Shannon Casey, the program will feature traditional carols and contemporary arrangements of holiday songs. Free. Donations appreciated.

Vista United Methodist Church

The Star of Bethlehem, or Christmas Star, is mentioned in the Bible. It's said to have led the three wise men to Bethlehem.

Look for the giant star west of Catalina and follow that to "Walk to Bethlehem" at Vista United Methodist Church.

Celebrate the true meaning of Christmas with us at this biennial event. This is an interactive, family-friendly journey through ancient Bethlehem, occurring on the night Christ was born. Take a guided tour and walk among village shops, meet and mingle with town residents and encounter Roman soldiers. This is a free community event that takes place December 7, 8, & 9, 6-8 PM. Donations of canned items for the Community Food Bank are accepted. Please visit vistaumc.org for reservations and more information.

Welcome Club Northwest

We are not hosting a January luncheon as most will take a break from the many holiday events. The February luncheon will be held at Skyline Country Club, Thursday, February 2, 11-2 PM. Please RSVP to Sherry Ingino 520-818-6392 by January 20. Prospective members are invited to attend two functions before joining. Our monthly coffees take place the third Thursday of the month from 10-Noon, resuming in January. Please confirm your attendance with Norma Taylor 520-229-8643.

My experience with the Brenda O'Brien team, specifically my listing agent Michael Lynch, was very positive. Over the years, I have purchased and sold ten homes and never experienced the level of professionalism with any other agents that I received from the Brenda O'Brien Team. From the top notch quality of the listing photos and the overall advertising in the promotion of my Sun City home, to the day of closing - I could not have asked for more. I know that my decision to use your team was a very good one!

Donna Anderson, Home Seller

Thanks so much for selling our home. I really felt like I was getting good advice for you and never felt that you had anything but our best interest at heart. As a matter of fact, I've already recommended you to a neighbor in Sun City. Thanks for Everything.
