Get Involved in the New Year

by Susan Jakosa

Every new year, our community has continued to move forward due to our residents, committees and staff. Houses are enhanced and improved by residents and all committees follow their Charters working diligently to benefit, update, improve and promote our community. Over 700 submittals have been processed in the last 12 months by the Architectural Review Committee (ARC) and the Community Services Coordinator. This could be why 224 homes have been sold from November 2015 through October 2016.

Also, ARC is now available monthly at 9:15 AM on each second and fourth Wednesday in the Activity Center/Kachina Lounge to provide residents advice and/or information pertaining to updating/maintaining their homes according to the Development Standards.

Another standing committee, Properties, will significantly reduce our energy costs by undertaking the Solar project. Additionally, a number of ad hoc committees established by the Board of Directors have made numerous accomplishments including:

- Renovation of our restaurant and addition of the lounge and terrace by The Views Restaurant and Lounge Implementation Task Team, an incredible/time consuming job.
- Creation of the new Master Declaration and Bylaws by the Governing Documents Review committee, doing multiple years of work prior to resident approval.
- The Desert Oasis Renovation committee continues to work on establishing Desert Oasis future improvements.
- After much work, the General Manager Search committee provided the Board with a list of possible managers for SCOV that the Board voted upon.
- Lastly, but probably not least, another ad hoc committee will be created this year to plan the Activity Center renovations.

In 2017, consider getting involved in SCOV. Learn something new. Attend some committee meetings or even volunteer for one. Our website calendar lists the date, time and location for all committee meetings.

Remember, each month you have the opportunity to meet our new General Manager, Mark Wade, at the General Manager/Board member coffee. The next coffee is Wednesday, January 11, 11 AM, Activity Center/Navajo.

Come and join us. In the meantime, happy new year and thank you all for participating in our community.

General Manager - Mark Wade

mwade@suncityorovalley.com 917-8080

After more than a month of anticipation and waiting to formally join SCOV, I am thrilled to be here and have experienced an overwhelmingly wonderful welcome from the Board of Directors, staff and many residents as well as the Mayor and several of the Town Council. There has been one introduction after another to so many warm and kind people that it's difficult to imagine. While all the communities I have worked for have had significant membership participation, SCOV's level of volunteerism and willingness to assist is unusually amazing. At this point, the only thing I ask is please do not test me on all the names.

Now that I've completed my first week on the job, my thoughts have been confirmed that Sun City has an excellent President and Board of Directors, management team and staff. The workload is significant, and I expect it will take some time to wrap my arms around the workings and issues of our community. Mr. Mariani has done a wonderful job for SCOV, and I hope to be able to keep the operations running smoothly with the help of great staff and expert advice from those of you in the community who are willing to share your wisdom and knowledge. There is no doubt that I have my work cut out for me, but by assuming a workload that is in good order and well organized, I expect to be successful. It is this type of excellence in management, the extensive volunteerism such as that displayed by members of the many organizations, the financial strength of the Association, the quality of the community and the beautiful area that drew me to this position and great community.

During my first week of assuming the General Manager's duties, I've had the pleasure of attending several meetings, such as the Posse, Golf Advisory and AFC Committees and my first Board Session, all of which have been a learning experience.

I will be taking some time and evaluating facilities and operations over the next several months. I will be talking to the residents and gathering input so I may fully understand how best to serve you. As I become better acquainted with you, the staff and I will be better situated to serve you. As always, I will keep you updated to the best of my ability.

Again, I am very pleased to have the fortune to be your General Manager and to live in such a beautiful area. I truly look forward to meeting and working with you for many years to come.

The Magic of Glass: A Unique SCOV Opportunity

by Lei Bammel

Many active adult communities have facilities such as swimming pools, exercise equipment, auditoriums, club meeting rooms, libraries, etc. We, however, in addition, have something rather unique: a Studio where residents can make mesmerizingly beautiful objects from stained and/or fused glass. You don't know how? No problem. Club members regularly give beginner classes for a fraction of the cost one would pay elsewhere, plus all the glass and supplies are included. Jeff Puskas, our previous treasurer, believes that, "First timers will be amazed at the wonderful results they can get on their first try. The club has excellent teachers and they won't let you fail. It's one of the friendliest clubs in Sun City." Members delight and impress their family and friends with handmade glass gifts.

Unlike many clubs, it is unusual if a resident has had much or any prior experience. Before moving here I had never cut a piece of glass.

Now, I've made and installed 9 windows in our home. All one has to do is drive around, especially at night, to see the beautiful windows that have been made by club members. All these stained glass windows have made SCOV an even more attractive place to live. As that famous line goes on television selling pitches, "But wait, there's more!" Stained glass is actually more versatile than one might think. Our members make many other objects like lamps, picture frames, book ends, clocks, night lights, jewelry, jewelry boxes, candle holders, sun catchers, holiday ornaments, display pieces, and in a workshop given by member, John Beamish, we even made three-dimensional geese with moveable hinged wings.

The fastest growing interest area in the club, however, has been fused glass. One of the club's founding members, Wye Mace, and her friend Doris Larsen (now Doris Ray),

started taking lessons at a store. Then they got Sun City to purchase a kiln that is necessary for firing the pieces and then taught club members how to do it. Now the club has three kilns, and a number of members have even bought their own. While fused glass can be combined with stained glass to make striking pieces, it is more often used by itself

to produce objects for adornment like earrings and necklaces or highly functional, but eye catching, functional objects like plates and bowls. Sometimes the glass pieces are combined with beads, wood, and metal with spectacular results. The possibilities are only limited by one's imagination.

That is also where the club members come in as idea generators, workshop presenters, encouragers, supporters and maybe most importantly as friends. It is like being in a large family where each sibling turns around to help take care of and nurture the younger ones. Nancy Eckhoff, our volunteer Studio Manager, has commented, "Not only is fusing glass and making stained glass fun, but I've made some awesome friends."

People can't believe that the club's annual membership dues, of only ten dollars, not only allows use of all the studio equipment but includes virtually unlimited firing. One of the fused glass volunteer monitors and instructors, Juliet Williams, told me that she began fused glass in 2010 and "still can't wait to see how my creation looks when it comes out of the kiln." The kiln-loading and firing, like all club activities, is done by club members generously volunteering their time and expertise.

Not only does the Studio contain a small library, all the needed equipment and tools, some basic supplies for sale, photo albums of

completed projects, but there are also monitors with set times to lend assistance. One just needs to bring their purchased glass to launch into a new project. Another wonderful feature is that there is a keypad on the door that allows members to come and go on their own time schedule thus early birds and night owls are equally accommodated. One can swim, attend an Institute of Learning in Retirement class, play golf or tennis in the morning or afternoon and still come to the Studio after lunch or dinner.

Of course it's not all creative work and no play. There are annual social events for members and significant others like our Spring Fling and the December Ornament Exchange. Drop by and see what all the excitement is about. Like me, you might discover a new passion in life. We are located in the Artisan Center behind the Gift Shop.

Member Services – This & That

Just a reminder, there's a lot of useful information for our residents on the Members Services section of our website. One of the sections is called This & That, which is our version of Miscellaneous. If you need to change your address (leaving for the summer, returning for the winter) there's an easy form to fill out. Need a new nametag? There's a form to print and bring in with your \$8 or mail to our vendor. This is the place to nominate Board candidates (we're done with that for this year). If you want to pay your dues online this is where that can be done. And, if you ever have questions about the Town of Oro Valley, this is where the constituent coordinator's email address is located. She can help you find out just about anything you need to know about the Town of Oro Valley. Check out all the information in the Member Services section of our website.

Programs/Facilities Director - Pam Sarpalius

psarpalius@suncityorovalley.com 917-8077

My mother always said, "The older you get, the faster time goes." Here it is, 2017. What will this year bring to you? I am wishing for a happy and healthy year for all SCOV residents. Always know that there are plenty of groups/clubs to join and stay active. If you can devote a bit more time, being a committee member might be just the thing for you. To stay active you must be active. Why not try some of our classes at the Aquatic and Fitness Center? There are classes to suit all. You might make a daily trip to the gym and workout by yourself. With all that SCOV has to offer, it will help make 2017 a better year for you.

Heroes Among Us Nominations Sought

The Board of Directors is requesting residents to submit candidates for the Heroes Among Us award. This award is designed to honor residents who make remarkable contributions to our community. Nominations should be submitted by Sunday, January 15 by filling out a hard copy of the form available in the Administration Office or by completing the form sent out via email in early January. The Board will review the nominees and select the recipient(s). The award will be presented at the SCOV Annual Meeting in March.

Maintaining Trees and Bushes

In November 2016, the Board of Directors approved the newest SCOV Development Standards. One of the additions to this governing document has to do with landscaping and can be found in Article 2, Section 2.17, c, viii: All vegetation on any lot shall be maintained so as not to extend beyond the neighboring property lines.

Our trees and shrubs are getting bigger as our community ages and they tend to drop more and more debris. As these plantings grow outside your property line, this debris ends up in someone else's yard adding extra work or cost for them for upkeep. Take some time this month and walk your property to see if your plants are imposing upon your neighbor's property. Look over those fences to see if your plants are growing through the wrought iron over into someone else's yard. If your plants need pruning back to your property line, please talk to your neighbor(s) for permission to enter their property for access, if necessary.

Of special importance in being a good neighbor is removing the ground debris that your trees and shrubs are dropping onto your neighbor's yard. Please take additional steps to prune your trees so they do not overhang the sidewalks and roadway. Thank you for all your cooperation in making this community top notch.

New Year, New Exercise

It's a new year, and maybe you've resolved to start an exercise program. If so, good for you. Getting regular physical activity is one of the most important things you can do. And it's one of the most common New Year's resolutions among Americans each year. Start off on the right foot with these helpful tips:

Take it slow and set small goals, after all, you're in this for a lifetime.

Talk to your doctor before getting started, especially if it's been 8-12 months or longer since you've last exercised, you've had a large weight gain or you've had a noticeable change in health.

Evaluate your personality. Do you like to exercise alone,

in a large group or with a partner? The answer to this question will help you decide what type of exercise will keep you motivated to stick to your new routine.

Be safe. If you're exercising outside, make safety a priority. Dress for the weather, wear reflectors and light colors if you'll be out when it's dark and carry a cell phone with you.

Special Note from the AFC

Orientation on how to use the gym equipment will be held every Thursday at 1 PM, so stop in and sign up. See Lonnie Davis or call 917-8073.

AFC and Desert Oasis: See Hours of Operation on page 2. Tuesday, January 10, the AFC pool and spa will be closed for cleaning and shock treatment it will reopen the following morning at the regular time.

Wednesday, January 11, the Desert Oasis Pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Contact Lonnie Davis, AFC Coordinator for any question or problems with the AFC.

Help Needed

This Help Needed section seeks volunteer help for various Association Committees. You must be an owner/resident to serve.

The **Properties Committee** is actively looking for residents with experience in facilities management, civil engineering, construction, surveying, industrial safety and related fields to serve as committee members or just to aid in inspection technical reviews. Variety is the spice of life when it comes to your exercise routine. You can use all the gym equipment during Cross Training: webmd.com/fitness-exercise/a-z/cross-training. Try daily Interval Training combinations by alternating aerobics with weights or bands. Learn to use the TRX and the Free Motion machine (see Lonnie or Ray). Exercise bands cause exertion during expansion and contraction. We have several options to choose from: free standing bands or the group of bands attached to a metal wall base, menshealth.com/fitness/band-workout/slide/2 or check with Lonnie or Ray. It is important to do some stretching at the end of your routines to relax your muscles. And please remember to return equipment to its proper place. Check out pool walking. It is often used to maintain fitness or to repair and protect painful joints. Explore the class offerings at the AFC. Lastly, exercising at the AFC is a chance to socialize with others.

This is an effort to improve the quality of food and service in the restaurant and bar area. With these new hires, there will be someone in charge in the building at all times while The Views is open. These changes, plus the point-of-sale software, should improve the level of service.

Our thanks to Mona Connoy, Vice Chair, and Patt Provenca for a great job in recruiting and training 20 volunteer greeters to assist during Friday night happy hour, Sunday morning breakfast and lunch and Tuesday lunch. Your help is greatly appreciated.

Welcome to a new year of beautiful finds at the Gift Shop. Featured artists for January are Jo Wickberg (left) and Joyce Simmons (right).

Jo loves art. After taking classes in various media, she decided to get back into making cards for sale. "I'm now concentrating on pop-up cards. They're fun to make. On opening the card, flowers may pop up or maybe a big birthday cake or a large 'Thanks.'" Another choice is making smaller cards with coordinating subject matter and putting three together to make one packet for sale.

Joyce scours the world looking for special components: Tibetan turquoise discovered in Vienna, jasper, opals, and raku from Mexico as examples. I observe the soul color of my treasure and create a unique design that will call to the woman who wears it. My jewelry is designed with love and attention. No two pieces are exactly the same.

Just An Idea

It is not too late to make a New Year's resolution if you have not already done so. Let's try once again to make one and keep it this new year: a resolution to take pride and care of ourselves, our homes, and our property where we live. Most of us already do that, but just think how wonderful our community would look if we all did.

Our committee members have certainly enjoyed seeing the beautiful holiday decorations throughout the community over the past few weeks. As a friendly reminder, seasonal decorations should be removed by January 15. We appreciate all residents who continually take pride in the appearance of their property, and we are most pleased with how beautiful our community is looking to usher in the new year. We wish each and every one of you a happy, healthy, and prosperous 2017.

Golf

Head Golf Professional - Kim Griggs

kgriggs@theviewsgolfclub.com 917-8053

Happy New Year. I hope everyone had a Merry Christmas and enjoyed spending time with their family and friends.

For those of you who haven't stopped by the Pro Shop, please do so. We have a wide variety of merchandise and if we do not have your size or color, we will be more than happy to special order merchandise for you. We have a variety of items to choose from (towels, golf shoes, clothing and much more). Also, just a reminder that annual golf pass holders will receive 30% off in the golf shop and residents will receive 15% off. This excludes balls, clubs and sale items.

Please note this time change: On Wednesday, the morning shotguns will start at 8:30 AM (unless there is a frost delay). The afternoon shotguns are now scheduled to go out at 1 PM (not 1:30) as in previous years. This is being done, so that we can possibly get the afternoon shotgun in before dark.

Remember that the frost delay hotline is 825-0322.

Walkers and riders, please remember to remain on the paths at all times. Should frost be present, you may damage or kill the underlying grass if you walk on it. Thank you.

As everyone knows, we are now open to the public, which makes us a semi-private golf course. Be aware that as new people play our course they may be a little slow as it may be their first time here. Our rangers are aware of this and will help move them along. We advise everyone of our rules, and hand out playing tips to them in the Pro Shop, so be patient and courteous to these guests. We try and fill in empty times with these guests as a way to increase our revenue.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 917-8063

There are many reasons that our golf course stands out from other golf courses. One of the obvious reasons is the incredible views, but some other things are the unique holes, the design that allows all skill levels to enjoy playing, and the turf conditions. Most golf courses have nice grass, good fairways, tees and greens, but what makes one golf course better than another is in the small details.

Most golfers don't notice things like edged cart paths, sprinkler heads, yardage markers or freshly painted ball washers with clean towels, trimmed trees or clean cups in the greens until they go to another golf course. One detail that we are the most proud of is the edges of our turf areas. The tees are treated with a pre-emergent prior to overseeding to achieve a nice crisp edge. The traps are edged many times a year to provide a nice, clean appearance. Also, a pre-emergent is applied around the fairways to achieve a nice edge between the overseed and the dormant Bermuda grass rough.

The last couple of years, there has been a lot of rain during the overseeding process which has led to the pre-emergent chemical running into the overseeded area leaving poor edges. This year the chemical was applied after overseeding to avoid these runs, but this has led to ryegrass growing in the roughs. This will be fixed with a post-emergent chemical to clean up the roughs so we can achieve our crisp edges again.

The Views Restaurant

Food & Beverage Director - Aalt Brouwer
abrouwer@suncityorovalley.com 917-8074

Happy New Year from The Views Restaurant. With a new year upon us, we look forward to new and exciting changes in The Views Restaurant. The first of these changes was conceived in December with our first-ever dinner menu. This menu was created to have something for everyone from our Vegan Sopes to Beef Bourguignon. We hope to have you come and try out one of our exceptional appetizers, unique entrees, and brand new wine menu.

In addition to the new dinner menu, I have the pleasure to introduce to you our new Executive Chef, Seth Kaspary. From his very first job working weekends at one of Cleveland's most celebrated Italian restaurants, to having the honor to cook with Wolfgang Puck, cooking has always been his passion. Whether it was being selected to cook for presidents, governors, or celebrities, it's never changed his attitude and drive for excellence in the kitchen. The depth of his experience lies in private golf and country clubs and opening brewpubs, wineries and independent restaurants as well. He relies on 30 years of extensive experience in restaurants to guide him through the challenges of being a chef. His continued education through the Culinary Institute of America has always kept him on the top of food trends and current changes in the culinary world.

"Always the working chef, I enjoy making people happy with my food rather than talking about it. It's a simple thing."
—Chef Seth Kaspary

Please come by and give Seth a warm welcome as you did with me, and I look forward to many upgrades in the year to come.

Totem project.

Welcome to new President Renee Ford. We look forward to another great year ahead and thank her and teams old and new for stepping up to support our club.

The totem pieces are amassing as we continue the courtyard project in conjunction with the Stained Glass Club. Soon the poles will be anchored and imaginations sparked as the process continues. Plans are to assemble and celebrate completion by the end of April, if not sooner.

The first class of the year is scheduled for January 12, 10 AM-Noon, in the studio. Joan Kelley will demonstrate a three-piece vessel on the wheel, and all members are invited to observe. Cleaning is scheduled for Wednesday, January 4, 1 PM, with the first meeting of the new administration on January 5, 1 PM. A full orientation class is scheduled for January 16 and 19, 1-3 PM. We are off and running.

The Fine Arts Studio at Work.

Yes, indeed, our group has been together for over two decades and we're aging well. We're still perfecting our techniques and our product has never been better. Just today, we critiqued some beautiful pieces. We may not be

able to get around as well as we did two decades ago, but our artwork keeps improving, thanks to our teacher-members and truly fine artists. We hang a few selected works on the wall just outside our studio and change these monthly. The Art League, of which we are a member, has planned the monthly shows and themes for 2017 which promise to be both challenging and exciting. The Photo Club will be hanging pieces in the Activity Center this month, and our Fine Arts Studio will adorn the walls in February.

In the photo at left, new Modelers Club member David Brauer, at a recent meeting, is presenting the model he has completed of an American Civil War cannon and

the limber, or two-wheel ammunition chest. David took the picture on the left of the actual cannon and limber during his visit to Gettysburg last summer. The cannon was developed in France for Emperor Napoleon in 1850. The bronze smoothbore 12-pounder became the most popular gun in the American Civil War. During the war nearly 40% of all field artillery pieces of each army were these cannons. The model is 1:16 scale.

All SCOV residents are welcome at our monthly meetings and to the use of the Modelers Room. On any day, if the lights are on and someone is in the room, stop in. At our meetings you will see what we are about, and you may enjoy a cup of coffee and a sweet roll. From time to time, we schedule field trips of interest to modelers.

Our president Laurie Lichaa and her sculpture.

Our studio is in full swing now and some grand pieces are under construction. We're happy to have our president back with us. Laurie is pictured here working on her magnificent raptor. After the sculpting is complete, we harden the clay by baking it in our oven for a three-hour period. It is then finished in one of several techniques using patina or paint applications. Aleda's human head class has added a few members, and we encourage old class members to return and new

residents to join us. This free class is a tremendous value to beginning sculptors. Join us Monday mornings and let your artistic juices flow.

Toy Woodworking, various times, Artisan Center/Wood Shop
First Thu., 8 AM, Catalina Vista/3 Pusch Ridge

Seniors for Kids (SFK) is a 501(c)3 non-profit supporting children at Three Points Clinic, Aviva Children's Services, Northwest Birthing Center, Family First Services and Tri-Community Food Bank. December 1 was our biggest ever toy distribution event. So many wonderful toys, blankets, layettes, and other items had been made during the year by our SFK elves. Special helpers chose and then delivered the toys to the various charities before Christmas. Additionally, we supported 17 families in the Mammoth area with food gift cards and purchased gifts for their children.

Everyone can contribute to our club by signing up with Fry's and Amazon Smile, where monetary donations from these companies will be made to SFK when you designate Seniors For Kids as your charity. Our next big fundraiser will be the spring SCOV Courtyard Sale, so start saving your surplus items for the sale.

Penny Burroughs 530-545-2642
Mon.-Fri., 9 AM-Noon and 1-4 PM, Artisan Center/Sewing

An amazing outpouring of the holiday spirit came from all the various groups of Thimblelenas who made 147 tote bags filled with coloring books, crayons, toothbrushes, toothpaste and stuffed animals as well as 28 stockings with onesies and small stuffed animals for an infant's first Christmas. These gifts were donated to Tri-Community Food Bank Children's Christmas party. We surely brought smiles to many kids.

Thimblelenas annual dues are \$5, January 1 to December 31. Our group always welcomes new members. When you join Thimblelenas, you can be active in as many of the seven groups as you wish: Seniors for Kids, Casa Amigas, Sun City Vistoso Quilters, Machine Embroidery, Tapestry Rug Hooking, Cheer Bears and Pet Beds.

Our sewing group made 85 colorful tote bags for the Sister Jose Women Center. Are you ready to join us? Been awhile since you have sewn? We lend a hand sewing with our tried and true techniques. Sew what project you enjoy. Choose from tops, shorts, pajamas, vests, dresses, totes and even simple quilts. Not into sewing? We layer and pin quilts, cut patterns or simple squares. It's very rewarding to see a child's face light up while receiving a brand new outfit or quilt that's not a hand-me-down.

Did you get to the craft show? If so, wasn't the talent amazing? So many great ideas.

It is so nice to have such a warm and friendly group that make this club fun. A very big thanks to all who have helped by washing towels, volunteering to clean bins, firing the kilns and to the ladies who help with our display windows. You are all great as you pitch in to help with knowledge, not to mention new ideas.

In December, we had our ornament exchange. It was nice to meet some of our new folks that come in at different times of the day. The exchange was wonderful, because we saw the different items being made.

Please stop by and see if we can pique your interest in a new hobby.

The Large Synoptic Survey Telescope (LSST) is now under construction high in the mountains of Chile. Our speaker on January 9 is Victor Krabbendam, the LSST Project Manager. The primary mirror (of three) is 28 feet in diameter and was developed and built in a seven-year period right here in the mirror lab at the University of Arizona. The telescope will peer into space like no other can and will be the largest, widest, fastest, deepest "eye" of the new digital age. This should be an interesting evening as we learn the capabilities of this internationally developed and funded project. We are so privileged to have such fantastic access to this kind of astronomical knowledge in Tucson.

Our club sponsored six seventh graders from Coronado School to Astronomy camp and gave 80 fifth graders a telescope with instructions from our members just before Christmas.

Dr. Don McCarthy speaking in November on comets, meteors, and asteroids. Don has a one-week Astronomy Camp at Kitt Peak during the summer for teens.

While reading a book from our genealogy library on researching any census before 1850, I learned there were more than slash marks for members of a household. Can you separate more than one George Smith in a town/country? Which one is your real relative? Discover so many learning tips from these books. Just check them out and discover. That brick wall may come tumbling down.

Poets Corner

Sharyn Rafieyan 825-6762 srafieyan@comcast.net

Mon., 9:30-11:30 AM, WC/1

The election of our new president continues to be a common theme among members of the Corner, but other events have also claimed our attention. Syria is the setting for *Headlines* by Sharyn Rafieyan:

"Medics rushing through the rubble, hunch to shelter every bundle, saving incubator babies from the monsters (Crazed with rabies?), aiming weapons at the frailest and the blameless, while the grieving, barely breath-

ing from the venom that's denied, search for somewhere that might still be safe to hide. More than buildings have been battered—bodies, spirits too are shattered, yet the battle for this city lingers on. Have the rebels of Aleppo lost a fight they won't concede? Have hearts been pricked sufficiently to bleed?"

What does it take to get your ballot to you? What happens on the way from your hands to the final results? On January 14, Barbara Tellman, Vice Chair Pima County Election Integrity Commission and Co-Chair of the Pima County Democrat Party Election Integrity Committee, will explain the entire process. From counting the votes aloud in the saloon (no secret ballots) to today's high tech methods, we have been getting better and better at making sure our vote counting systems are fair, accurate and that everyone who is eligible gets to vote. Today almost any citizen over the age of 17 is entitled to vote, but it took a long time to get there. Meetings are open to all residents, regardless of political affiliation.

Please be generous when bringing non-perishable food items or monetary donations for Impact of Southern Arizona. Membership dues for 2017 of \$10 pp can be mailed to Linda Bretz, 14620 N. Chalk Creek Dr. Please include your email.

Colin Kaltenbach, kltbnch@yahoo.com

The Kick Off Dinner, November 18th, hosted 26 members who enjoyed the tasty catered meal from Flavor of India. During the short meeting we voted on the 4 themes for this year. In December, we enjoyed "Little Bites" with our hosts. January features an Alaskan theme. In February, we will be enjoying a Basque dinner and in March, Hawaiian food.

Each dinner has different participants determined by our scheduling secretary. Two to four weeks before your dinner, your group will gather with the host(s) to determine a menu within the theme. The host will provide the main course. The total cost of the evening is divided among the members. Recipes are shared so you may enjoy them again.

Other events for the club will be a luncheon in February and the Farewell Dinner will be a catered dinner in April.

We would love to have you join us. Hope to see you soon.

Happy New Year. It's a brand new year and time to commit to a new exercise routine. Why not try Pilates? Forty years after his death, the system of exercises developed by Joseph Pilates to strengthen your core muscles (abdomen and back muscles), has never been in such high demand. Fortunately, these Pilates classes are offered here twice each week. People ask whether or not the benefits of the Pilates method, which come from the strengthening and stretching exercises we do, really develop the body's core, increase spine mobility and build flexibility. The answer is yes. Additional benefits you'll see from taking our group mat classes will be: better balance, more muscle tone and increased stamina. Not only do we have experienced instructors, the cost is only \$8/class and annual club dues are \$20 pp. Please join us or just stop by and watch.

Wheels for Kids

Wheels for Kids is a 501(c)(3) charity dedicated to providing rehabbed bicycles for kids in need in the Tucson area. To date we've provided 1,775 bikes to various other 501(c)(3) charities who then distribute the bikes to their clients. Some of our partner organizations are Youth on Their Own, El Grupo, Refugee Focus, and Tucson Boys and Girls Club. Wheels for Kids is a total volunteer effort, and currently, we need mechanics. If you are interested, we'll train you. Call Dick Swain, 920-217-2610 or Ernie Fisher, 515-505-2944. Check out our website, azwfk.org. Help kids experience the same joy you had when you got your first bike.

YOTO/Northwest Auxiliary

Kris Cohen 818-2582 krisandearl@msn.com

Youth On Their Own (YOTO) works with Pima County's homeless youth striving to break the cycle of poverty.

Thanks to the Arizona Charitable Tax Credit for Qualifying Organizations, you can provide YOTO students an opportunity to achieve self-sufficiency, stability, and success at no cost to you. Take \$400 in tax credit individually, or \$800 jointly on Arizona state income taxes while helping homeless students stay in school.

The AZ Charitable Tax Credit is a dollar-for-dollar charitable contribution you can give to 501(c)(3) organizations. To qualify for the 2016 tax credit, make a gift before 11 PM on April 15, then complete state form 321 and include with your state tax return. No need to itemize.
