From The Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Let's Get Involved

By Meade Davis.

All of us agree that SCOV is a wonderful place in which to live. We have so many terrific opportunities and amenities. We all appreciate the hard work of our staff, but we must also recognize the importance of the life blood of our community, the volunteers.

Our volunteers do much of the work that makes SCOV the magnificent place we enjoy. Veteran volunteers bring experience and knowledge to the process. New volunteers bring fresh ideas and energy to the table.

Not only is volunteering essential to the well-being of our community, but it also benefits the mental and physical health of those who become involved. By volunteering you will meet new friends and increase the fun and enjoyment of living in this place of enchantment.

If you really appreciate SCOV, I would encourage you to get involved. Attend some Board and committee meetings where you will learn what's going on and be able to voice your opinions. Join a committee and actively contribute to our Association. Join and take an active role in one or more of our many special interest clubs or activities. Not only will you help improve our community, you will also improve your health and well-being. So join your dedicated neighbors and get involved.

SCOV Insurance

Have you ever wondered what kinds of insurance SCOV has in place? Some of your dues go toward paying for the Association's insurance needs and requirements. Below is a list of the different types of insurance SCOV has secured. Some of these policies are required by the governing documents and others are in place due to needs that are beyond basic requirements.

Property insurance: This covers all buildings, structures, and personal property owned by the Association and owned by other parties, including common property improvements, golf course, open spaces, and recreational facilities.

General liability: In addition to protecting physical property, our Association has commercial liability insurance. Unlike property damage, which often can be measured in dollar amounts, liability claims have no limits other than those imposed by courts.

Auto: Associations with employees who drive cars, trucks, or maintenance vehicles on association property or elsewhere while carrying out Association business is covered by auto insurance.

Directors' and officers' liability: Boards are volunteers trying to serve their communities, but as the old adage says, "No good deed goes unpunished." So, even when boards behave appropriately and use sound judgment, someone may still file a lawsuit claiming sexual harassment, discrimination, or mismanagement of funds, to name a few common suits. This insurance also extends to other volunteers and management.

Umbrella liability: This type of coverage extends the limits of the liability coverage provided by the standard liability insurance policies. No standard umbrella policy exists, so the Association works closely with our insurance professional to design a policy tailored to our specific needs.

Workers' compensation: This insurance, which is required, provides benefits for employees who sustain injuries while working for the Association.

Equipment: This is specific insurance for breakdown of large equipment, such as golf course mowers that are not covered under the auto insurance.

Pollution liability: This is a unique insurance which covers leaks from our fuel tanks.

Crime: This is a specific insurance that covers issues such as employee dishonesty, forgery, computer fraud and fund transfer fraud.

Keep in mind that the information above is a summary. While all the policies have been listed, not every covered incident is listed. The total premiums for the above insurance policies are approximately \$173,000.

Here Comes the Sun!

Extensive solar project to save energy costs, reduce carbon footprint

by Jim Mitchell

Ironically, as I sit down to start writing this, it's a rare rainy day in SCOV. After all, it's the tail end of the monsoons. But I know that tomorrow, we can all sing the Beatles', *Here Comes the Sun* because that tune is true almost 300 days a year here.

That's why more than three years ago, the Association's volunteer Properties Committee began investigating an extensive solar project for our community. Scheduled to be fully operational by the end of this month, the project will provide around 60 percent of the electricity our facilities now use. That's more than 700,000 kilowatt-hours per year at 13.65 cents per kilowatt-hour, a rate five percent less than our current Tucson Electric Power Company (TEP) rates.

First year savings are projected to be \$5,000. But over the 20-year life of the Solar Services Agreement, savings are projected at \$544,000 if annual rates increase one percent and \$899,000 if they increase two percent annually. To give those one or two percent annual percent increases perspective, between 2012 and 2015, TEP's effective rate increase was 8.4 percent.

"The goal was to save money for the community while minimizing risk," explains Dale Foster, a resident committee member who spent his career consulting for solar and wind energy industries. "Thus, the Solar Services Agreement was the best approach."

Under the agreement with Technicians for Sustainability (TFS), LLC, the area's largest solar installer and Technology Credit Corporation (TCC), a California company that owns over 300 similar solar projects in 12 states, SCOV pays none of the \$1.2 million installation costs. Instead, the community pays a reduced guaranteed fixed rate per kilowatt-hour for the life of the contract.

TCC pays for and owns the system and will invoice SCOV monthly for solar energy. TFS not only installed, but will operate and maintain the system. TEP will provide any energy needed beyond what the system produces.

At the end of 20 years, SCOV has the option to buy the system at fair market value, renew the contract on an annual basis or have the system removed. Each year after year five, SCOV also has the option to buy the system.

Ed Zwerling, Properties Committee chair, takes pride in the committee's sensitivity to aesthetics and maintaining the beautiful

mountain views throughout SCOV. "We kept the Architectural Review Committee involved to make sure the placement of panels didn't interfere with our views. We wanted to protect views like those from the Welcome Center entrance down to the new Pro Shop." (TFS also changed plans for some panels at the golf maintenance building to accommodate homeowners' views.)

Ed says that the most positive feedback from residents has been about reducing our carbon footprint and providing shaded parking spaces. "It's really been a very positive reception."

A 2015 ballot measure to give the Board authority to sign an agreement for more than five years was approved by 76 percent of voting residents.

In addition to panels covering 110 parking spaces throughout the community, the Activity Center, Artisan Center, Welcome Center, The Views Restaurant and Lounge, Catalina Vista, Desert Oasis, Golf Cart Barn and Golf Maintenance buildings have installations. Because the Fitness Center is on a different (time of day) rate schedule, there were not enough savings to warrant installation there.

A dedication ceremony is being planned for later this month or early November.

Maybe then we'll all sing, "Here comes the sun, here comes the sun and I say, 'It's all right.'"

WAP Upgrade

What is a WAP you ask? You probably use them every day...it's a Wireless Access Point. These are located throughout our campus to provide WiFi in our buildings, courtyard and pools. As with any technology, the improvements occurring in the wireless field change exponentially faster than we can (or should) replace them. Some of the WAPs were not able to handle the growing demand we are experiencing here in SCOV. Who knew we'd need WiFi for our iPad, iPhone, computers, TVs and projects? Because we have had our WAPs for a long time and some have stopped working, an upgrade was sought during the budget process last year. At the end of September the upgrade took place and we now have access points that can handle the traffic level we have in SCOV as well as room to grow. The wireless future looks bright and speedy for SCOV.

Programs/Facilities Director - Pam Sarpalius

psarpalius@suncityorovalley.com 917-8077

October brings us cooler weather and the start of all facility winter hours. Please check page one of this *Tipster* to see the winter hours. As many seasonal residents start to return, I would like to remind you to have your membership card/fob ready when entering a building. We have several new monitors, and asking to see your membership card or ask your name is part of their job. Also, I would like to remind guests that as they enter all buildings (except the Activity Center), they must swipe their card/fob and sign in at the monitor desk at that facility. SCOV is a private community. Monitoring who comes and goes into a facility should be a comfort to all residents.

Exterior Changes to Your Home

As many of you return from the cooler areas of the nation to our sunny community, there is an uptick in eagerness to update the exterior of your homes. Courtyards, walls, fences, gates, patios, lighting, roofs, windows, room additions, screens, rolling shades and major/minor landscaping. are just a few of the items that are being updated.

This is a reminder to refer to the Master Declaration and the Development Standards before making any decisions about what you wish to do. Please pay special attention to setback and height restrictions. The ARC Submittal Form and the In-House Submittal Form are both available on our website under Members/Documents. A plot plan to attach to your forms is available in my office. Please come to my office to review the submittal request so that we can make sure that your package is as complete as possible for ARC members to review. If you have clear verbiage about what you want to accomplish, good sketches with dimensions, material samples or brochures and colors consistent with the directions of the governing documents, the consideration usually goes very quickly and smoothly.

As a reminder, the ARC meets on the second and fourth Tuesday of every month at 2 PM in the Welcome Center.

The deadline for any paperwork to be reviewed in my office is one week prior by 11 AM. I am available for submittals (both ARC and In-House) review 9:00 -11:00 a.m. every weekday.

Going too easy on yourself

All walking is not created equal: Strolling is better than sitting, but to score walking's cardio, strength and fat-burning effects you need to push yourself a little harder. If you ask runners what their one-mile pace is, they would probably know it, but many walkers don't. But you should! When walking for fitness, you should aim for a 15-minute mile. Not there yet? No worries. Simply work toward that goal. Keep track of your pace with a free app, such as LFCconnect or a fitness-tracking device, such as Fitbit or simply use a stopwatch or pedometer.

Special Note From the AFC

Orientation on how to use the gym equipment will be held every Thursday at 1 PM, so stop in and sign up. Contact Lonnie Davis for questions or problems with the AFC.

Tuesday, October 11, the AFC pool and spa will be closed for cleaning and shock treatment. It will reopen Wednesday.

Wednesday, October 12, the Desert Oasis pool will be closed for cleaning and shock treatment and will reopen Thursday.

The AHC (Active Health Committee) is once again presenting a Balance Class; it will be on Mondays from 10:30-11:30 AM in AFC 1 and 2 Studios for ten weeks starting Monday, October 17 and ending December 19. The cost is \$65/10 classes (or \$10/class); early bird registration is \$60/10classes if paid by Thursday, October 6. The minimum number of participants required is 30, so encourage your friends to attend. To sign-up, email the instructor at heather@heatherchalon.com and mail your check made out to Heather Chalon to 3801 N. Swan Rd., Tucson, AZ 85718.

This structured and standardized program includes simple Tai Chi principles and movements; it is recommended by the Center for Disease Control and National Council On Aging. The benefits are:

1. Increase strength, balance, and posture
2. Prevent falls
3. Improve mind, body, and spirit
4. Reduce stress and increase relaxation
5. Open to everyone. Can be done seated.

The instructor, Heather Chalon, MPH is a Senior Trainer in the Tai Chi for Health Institute. She is also going to help us develop our own SCOV instructors for this program so we can offer the class more often; if you are searching for a new purpose and/or wish to serve others while caring for yourself, contact the AHC chair at janyce.lundstedt@gmail.com.

The Aquatic Fitness Center Advisory Committee resumes monthly meetings starting Wednesday, October 5.

Here is a welcome back reminder when using the Aquatic Fitness Center. Upon completion of your activity on any

piece of exercise equipment (Cardio, Strength, Mats, etc), please do a quick wipe down with the provided disinfection wipes. Avoid social conversations while at an exercise station; other patrons may be waiting to use that item. Swimmers and walkers are to sign in for their lane at the time of usage. Reservations of lanes are only permitted by the posted scheduled SCOV classes. There is a 45-minute time limit per lane, which encompasses all individuals in each lane. Compliance with these policies ensures that all individuals have an equal opportunity to enjoy our fine facility.

Please remember to stay hydrated. Water is still considered the best hydrator.

Residents return from summer places and new items flow into the shop for your shopping needs and enjoyment. October featured artists are Bill Norton and Jane Fairchild.

Bill taught industrial arts at all levels throughout his career. Now he chooses special wood pieces and lives with them until becoming inspired. "I just really enjoy working the equipment until my mind, heart and hands are happy with what my eyes see." His goal is to make something different every time.

Jane makes lightweight necklaces of novelty yarns, finished with beads and magnetic clasps. "While knitting long scarves for the cold winters of New York, I ended up with leftover pieces of yarn too short to make more scarves. I made a short necklace, added a few beads, and the Fiber Fling was born." She recently began offering colorful pottery wind chimes to add music to your yard.

General Manager Search

Chair Dick Brammell 701-361-8573

The General Manager Search Committee has reviewed candidate applications and selected for interviews those candidates whom we determined to meet our qualifications.

The Board of Directors plans to conduct on-site interviews with the final candidates and then make a decision on which candidate to hire as our new General Manager.

Golf Advisory Committee

The population of golfers is increasing as summer vacationers, part time residents and visitors return. Increasing player population and decreasing daylight reduces the number of tee times available.

Whether you are making a tee time reservation for just you, a foursome, a group, or a club, be as accurate as possible. When you make the reservation, please provide all of the players' names. Notify the Pro Shop as soon as possible for changes to the:

- roster and number of players

- available space for other players

Accurate and timely information for tee times will allow the Pro Shop to fill unused tee times.

This is important as we accommodate the increasing demand for tee times and in maximizing revenue for The Views. Thank you. Your help is greatly appreciated.

Loan Room - Community Assistance

Chair Gay Russell 825-5763

Meeting Third Thu., 3 PM, WC1

You probably know by now that the new computer system is up and running in the Loan Room. We believe this program will eventually make us more efficient in handling your requests. Beginning in October, you will be able to make requests on the SCOV, Loan Room, website which should make getting the equipment more convenient.

To access this site, you will need to log into the SCOV website, go to Member Services, and click on the Loan Room. You will need to create a new password specifically for the Loan Room, look through the equipment listed and then make your request.

Once the volunteers in the Loan Room review your request and dates needed, you will receive an email letting you know that a reservation has been made for you or an explanation if there is a problem with your request. There needs to be at least a week between your request and the pickup date you have chosen. You will need to be sure your dates and times are Tuesdays and Thursdays, 8-9 AM. Reservations can also still be made at the Loan Room in person. We are looking forward to you using the new system.

In September, we delivered 500 pounds, the second load of aluminum cans to the recycler, for the current fiscal year, and received \$200. Year to date for this fiscal year is 1,040 pounds, we received \$416.

Neighborhood Pride

Chair Tempe Johnson 825-6994
Third Tue., 2 PM, WC3

Perhaps

Perhaps you didn't know, or you just forgot, how much things grow here in our desert. The monsoon season this year caused trees, grasses, shrubs, and weeds to really grow. Pre-emergence applied to your yard will stop the germination of seeds, and you won't have as many weeds next year. Check with your landscaper or pest control professional. Don't forget to remove weeds in cracks of your driveway, sidewalk and where the concrete meets the blacktop of the street. Plants protruding over sidewalks need to be trimmed back so as not to injure passing walkers. Trees at corners need to be trimmed so stop signs may be seen. Suckers under trees should be cut to the ground.

With cooler weather here, take a look at your mailbox, flag and post to see if they need painting. If you can't do the job yourself, check the Consumer Referral Vendor List on the SCOV website for the name and number of someone who will do it for a nominal fee.

Please continue to take pride in your property.

Third Thu. 9AM, WC1

This month the Properties Committee will be conducting our semi-annual inspection of community owned facilities. The goal is to report to staff and the Board of Directors any structural, maintenance and safety issues that may need remediation. If you see something that you think we should review, please contact me or any other member of the Properties Committee.

Our water-usage initiative is underway, and we will soon identify actions that will reduce our water consumption without affecting our quality of life. This is being conducted with other committees and various maintenance departments.

We are always looking for new members. You don't have to have a technical background to join. Our meetings are open to the public, and we encourage all residents to attend.

Golf

Head Golf Professional - Kim Griggs

kgriggs@theviewsgolfclub.com 917-8053

We hope you had a great summer and are ready for another fun season at The Views Golf Club. The new staff is certainly ready for another busy year, and we are eager to serve our annual pass holders and Residents to the very best of our ability.

The GolfNow program continues to be a success as does inviting outside groups to experience our spectacular golf course. These groups will be booked around our annual pass holder times as much as possible. Please remember that pass holders do have a nine-day advanced-booking option.

The golf course is currently closed for overseeding and will remain so through Sunday, October 9. We will reopen on Monday, October 10. We will be cart path only until Saturday, October 29.

Our schedule will be: Tee Time days Friday, Saturday, Sunday and Monday, 7 AM, Tuesday's crossover begins at 7 AM and includes the 18-Hole Ladies Club starting at 11:15 AM. Wednesday's Shotgun will be 8 AM and includes the 18-Hole Men's Club and limited open play followed by a 12:30 PM Shotgun. Thursday's Shotguns will be 8 AM, 9-Hole clubs only, and 11 AM open play.

For those of you who choose to walk/ride the course during the closed period or anytime in October, remember that all traffic, pedestrian or vehicular, must remain on the cart paths. This is to protect our immature grass. Thank you in advance for your patience and understanding.

When we reopen for play, please ensure that you abide by the walking signs that are posted for your convenience. If you are an evening rider or walker, keep in mind you will be sharing the facility with golfers. So be cautious and courteous.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 917-8063

October is the start of a new season of golf. The golf course has been overseeded so there are different colors of green on the fairways, tees and greens. The divot mix will be replaced with a sand and seed mix that is only to be used on fairways and tees that have been overseeded. This year the green fairway on #4 and the tee fairway on #5 will not be overseeded so please don't put seed in divots on those holes. The seed will germinate during the winter, and when the Bermuda grass goes dormant, the germinated seed mix will leave green spots all over the fairway. This also applies to all of the roughs since they aren't overseeded either. This helps reduce extra maintenance required to chemically treat and remove the green spots.

Another reminder is that the course will be very wet following overseeding. Even though the water is slowly turned off prior to the course reopening, the soil will be very saturated. Golf carts will be regulated to the cart paths for about two weeks to allow the fairways extra time to firm. Wet areas will then be marked once the cart path restriction is lifted to prevent golf carts from causing damage in lingering wet areas.

Feature

Computerization of the CAC Loan Room

by Gay Russell

Who do you call for help if you just had knee, hip or shoulder replacement surgery; you fell and need a wheelchair/crutches/walker; your family is coming for a visit and extra beds are needed; your grandchildren need car seats/high chairs/toys during their visit; you're entertaining and need extra chairs and tables? In SCOV these temporary emergencies mean a trip to the CAC Loan Room.

Loan Room new computers on check-out desk.

The CAC (Community Assistance Committee) is a SCOV Board-appointed committee responsible for the Loan Room, the Recycle Aluminum Can Collection Program and the Annual Pancake Breakfast. The Loan Room staff, the workers with the Can Collection, and the cooks and service personnel for the Pancake Breakfast are all SCOV resident volunteers. All year these activities involve more than 100 people contributing their time and efforts for the betterment of our community.

The CAC Loan Room has medical and child-care equipment as well as items for out-of-town visitors which can be checked out by SCOV residents free of charge. This service is unique to Sun City Oro Valley. Other communities may have committees that handle some contacts for medical items; but SCOV is unique in that a well-equipped facility with items for loan is available.

Entrance to Loan Room at end of Cart Barn.

During 2016, the CAC embarked on a project headed by CAC chair, Gay Russell, to computerize the Loan Room inventory, check-in and out services and reservations. This project was funded by monies raised from the CAC activities (the Pancake Breakfast and Can Recycling Program), donations, and a grant from the SCV Foundation.

After extensive research, a software program, necessary computers and hardware were purchased, and a specially-designed cabinet/counter was constructed in the Loan Room. A website for requesting future reservations has been designed and a link was launched on the SCOV website October 1. Registered SCOV members can now link to that site and request reservations. An email confirmation will be sent within a week.

All check-in and out services, future reservations, and requests for reservations through the website are handled by Loan Room volunteers during normal hours: Tuesday and Thursday from 8 to 9 AM. The next time you have a temporary emergency, think of your CAC Loan Room and be assured that this unique and free service will be available to help.

As the excitement grows over the joint courtyard project with the Glass Club, we offer an image from one member who belongs to both clubs and has already melded the two media. This is not the first time this has happened. Both disciplines are based in fire. Whether fused or stained, the original glass is made hot, and the clay is matured even hotter. Glazes are based on glass formation which further tightens the close relationship. We can barely contain our enthusiasm as we join in this project. The fairy house at left made by Resa Lankes, incorporates both techniques.

So here we go; another season has begun with gusto.

The program for the October 12 meeting will be a presentation of the collaboration between the Photo Club and the Art League. For this event, participating artists have chosen a photograph by a member of the Photo Club and have interpreted it through their own medium. The community is invited to attend. We will have refreshments and plenty of time to speak with the artists and photographers.

The competition on October 26 will be Ambient Light; the judge will be Tucson professional photographer Eddie Arriola.

Besides being a social club, we offer educational and instructional programs, host guest speakers, have friendly photo competitions for all skill levels and have monthly exhibitions of members' photos. Enjoy viewing the Club's photo gallery of digital-competition submissions on our website.

Open Studio, any time Tue.-Sun., Artisan Center/Stained Glass

I am so glad that the busy season is coming, maybe I'll catch my breath then. We have been working to teach and learn new techniques, doing glass fusing, making jewelry from glass and seeing some lovely pieces of stained glass go out of here. Our membership keeps growing and we have more to learn, teach, do and get ideas brought by our new members.

Lei has given some really cool ideas on jewelry that give us that "Why didn't I think of that?" moment. Wye has run a test class (design your own glass) that will be a hit with the members.

I love learning these new ways to think outside the box and see the finished product. Come see for yourself and you too will be intrigued.

VP Jeff Amthor 825-4571 scovgreatbooks@gmail.com
Oct.-May, First and Third Wed., 2 PM, Catalina Vista/Mt. Lemmon

All residents are invited to join us as we continue discussion of *Imperfect Ideal: Utopian and Dystopian Visions*, a collection of modern and ancient literature by Dostoevsky, Homer, Lenin, Oscar Wilde, Rachel Carson and 17 other noteworthy thinkers (available from Great Books Foundation). The collection considers ideas about structuring and governing communities for the welfare of their citizens, revealing some of the best and worst aspects of utopian and dystopian visions.

On October 5, we will discuss *A framework for utopia* by the American philosopher Robert Nozick. The piece is a chapter from his *Anarchy, State, and Utopia*. Then, October 17, we will discuss short selections from Books 14 and 19 of *The City of God* by Augustine of Hippo. Augustine's monumental writings were foundations for much of modern Christianity.

SCOV Book Club

Glenda Tonkin 520-207-4802 gt99673@gmail.com
First Mon., 1:30 PM, Catalina Vista/Pusch Ridge

At our October meeting we will discuss *The Nightingale* by Kristin Hannah. The story of two French sisters, separated by age and experience and who unbeknownst to one another each take on dangerous missions to help the resistance in WWII France. This book is breathtakingly beautiful and celebrates the resilience of the human spirit and the durability of women.

November: *Ladies of Liberty: The Women who Shaped Our Nation* by Cokie Roberts. Ms. Roberts brings to life the extraordinary accomplishments of women who laid the groundwork for a better American society. Told with insight and humor, *Ladies of Liberty* discusses a group of free-thinkers, reformers and visionaries including Abigail Adams, Dolley Madison, Rebecca Gratz, Louise Livingston and Sacagawea.

Note: We expect to be back at Catalina Vista for our October meeting. Any change of venue will be communicated to members via email.

Poets Corner

 Mon., 9:30-11:30 AM, Welcome Center/1

Poetry is an excellent venue for exploring life's significant questions. Club member Adrian Korpel offers an unusual explanation for how the universe began and posits how it might end in a poem entitled *The Cosmic Cuckology* which employs invented words derived from unusual combinations. The poem is extremely creative and intentionally provocative as seen below.

"On the quantum stroke of minus/ the cosmic egg broke/ and we appeared:/strange brainy birds with threadbare souls./ After some dumb twittering/we clevered up to tweet-ing/in the complex chirpolesse/of God and love./ Soon we hit upon dislike,/loathing, anger, and hate,/which our false neighbors/deserved bigtimely/ In short order fire was invented,/hunting, arrows, science/guns, war, lies, epics,/and heromania./ War became the holy duty/we owed to the fathergod/who required bloodfealty/counted in corpses./ Next we heated Earth by slowfire/denied it by cuckoospeak/lost it by nothing/and disappeared/ on the quantum stroke of plus."

Dancing the Bannielou Lambaol from Brittany.

Folk dancing is more fun than a treadmill and excellent exercise for brain, balance, muscle and mood. For most dances we hold hands in a circle and perform non-gymnastic steps to the fascinating musical rhythms of diverse cultures (including the USA). No partner or prior experience needed. A typical session consists of 12-15 mostly easy folk dances (instructions are given for every dance). Come and see if international dancing is right for you. Videos of our club in action may be seen by Googling Folk Dance SCOV YouTube.

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Fall is finally here and it's time to think about avoiding the stress of the holidays by exercising. Twice a week we have a professional instructor come to SCOV and teach a Joseph Pilates core (abdomen and back) strengthening class. These Pilates workouts affect our entire system of bones and joints and are not just sets of simple exercises. Your abdominal muscles, arms, back, hips and more are strengthened and toned. This allows for better posture, flexibility, strength and balance. The classes are one-hour total body workouts and also include a lot of stretching. Because these are Pilates mat classes for seniors, all exercise movements can be modified for different levels of performance. Our instructors can be very helpful with this. The cost is only \$8/class and the annual club dues are \$20 pp. Please join us or stop by and watch one of our classes first. For information call Mary Ayers.

Tai Chi

Co-Chairs Gail Barr gailbarr@gmail.com 303-995-7485
Joyce Franke 2joycefranke@gmail.com 818-7955
Thu., 10-11:30 AM, AFC/Studio 1

Our new class session begins Thursday, October 6.

Most of us think of Tai Chi as a way to prevent falls, improve breathing, and reduce stress, but it is so much more.

In these classes we not only enjoy learning Tai Chi form, we also improve our balance, flexibility and strength and even learn meditation skills. Our instructors, Jose Hernandez-Rivera and Donna Drazenovich, stress the use of Tai Chi in daily life.

Research by Tufts University School of Medicine credits Tai Chi with decreased pain, improved sleep and mood, and better quality of life.

Would you enjoy Tai Chi? Why not try it out? The October 6 class is free.

Newcomers, please contact Gail Barr for class details.

We meet year-round starting from the Vistoso Community Church parking lot at 1200 E. Rancho Vistoso Blvd. (behind the Fire Station), to enjoy an unparalleled combination of amazing desert vistas and ever improving infrastructure of bike lanes and dedicated paths. New riders are always welcome.

A monthly schedule of our 20-60 mile rides is available on our website. Our well-tested loop routes support a wide-variety of abilities and usually include a mid-ride coffee stop. We also offer a mountain bike option on Wednesday, which most often heads out into the Tortolita rangelands.

Tuesday morning our WOW (Women on Wheels) group takes somewhat shorter rides nearer to SCOV. In addition, we hold a number of social events each season.

Vistoso Cyclists partner Wheels for Kids: Donate your seldom-used, tax-deductible bicycle to Wheels for Kids. We refurbish bikes and distribute them to kids and teens, thus giving youth in need the freedom, fun, and fitness that results from cycling. See azwfk.org to arrange for a drop-off or pickup. Counting Your Steps?

Join the Tipster Collation

On the last weekday of each and every month, volunteers who live in SCOV gather in the Auditorium to help place inserts in the upcoming new *Tipster*. Interested in just how many steps folks take in order to complete the project, people were asked to wear their Fitbit or other tracking device to see how far volunteers actually walk while performing the task.

At the end of collating in the "test month," people turned in their numbers, and an average number of steps taken by walkers was determined to be 2,094. Ten thousand (10,000) steps equates to approximately five (5) miles, so by helping out each month, volunteers get in over one mile of walking exercise; all while socializing with friends, having fun and helping out a good cause.

The particular month that the "test" was run had nineteen inserts being placed in approximately 2,700 *Tipsters*. The time spent actually walking to do the collating was just under an hour and a half. Each month would be a little different depending on the number of inserts.

Do think about coming to help each month, as we have a fun time and it's an excellent way to get in some exercise while doing a little walking. Dates for doing the monthly collating are posted on the bulletin boards, and sent out as reminders to homeowners each month via computer email. Refreshments are served when the collating is done, and you get to take your *Tipster* home when you leave. Do come; join us, and get a little exercise while walking.

FAIRWINDS DESERT POINT IS A PROUD RECIPIENT OF THE PINNACLE AWARD FOR 2015

A LEISURE CARE PREMIER COMMUNITY

My experience with the Brenda O'Brien team, specifically my listing agent Michael Lynch, was very positive. Over the years, I have purchased and sold ten homes and never experienced the level of professionalism with any other agents that I received from the Brenda O'Brien Team. From the top notch quality of the listing photos and the overall advertising in the promotion of my Sun City home, to the day of closing – I could not have asked for more. I know that my decision to use your team was a very good one!

Donna Anderson, Home Seller

Thanks so much for selling our home. I really felt like I was getting good advice for you and never felt that you had anything but our best interest at heart. As a matter of fact, I've already recommended you to a neighbor in Sun City. Thanks for Everything.
