From the Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Why the Community Needs You

by Elaine Deeter

It is that time of year when our Nominating Committee is gathering names of qualified candidates who are interested in running for the SCOV Board in 2024. We have many qualified people in our community, and I encourage you to run.

Two years ago, I was a person who thought it was time to step up and become a candidate to support my community. Being involved in various areas of our community and attending meetings is important, as well as devoting the time and energy it takes. Loving our community as I do and caring for all people, both old and new residents, it was important for me to give back.

It's important to ask yourself why you want to serve on this Board. You should not have an agenda. Think about what is best for everyone and the future of this wonderful community. You won't make everyone happy with your decisions or thoughts. We have a diverse community relative to age, finances and the reasons they moved here. Keep in mind what is important to everyone and not just yourself.

When you are elected to the Board, you work as a team. Listen to the other members' thoughts and ideas and think about what is best for the community, the Association and future Boards.

We have many opportunities to make our community even better in the New Year. Be grateful and take a moment to reflect on our blessings, our beautiful homes and wonderful neighbors. Many thanks to our Association and all the helpful and hardworking people that support us all every day.

Wishing you a joyful and peaceful holiday season. May this time of year bring you happiness and a chance to create wonderful memories with family and friends.

Reach Out to a Lonely Neighbor

I hope all of you have a very happy holiday season. This is a wonderful time of the year. I love the upbeat spirit that is so pervasive and the joy and happiness experienced is contagious.

Many in our community have worked hard all year to provide presents for needy children who otherwise might not get any. I've seen WC3 lined with tables stacked with all kinds of crafts for underprivileged children. This happens year after year, and I know that hundreds, if not thousands, of children's lives have been blessed by the goodness of Sun City Oro Valley residents.

I am also aware of those within our community who may be alone with no one to share the holiday season. I'm most concerned about these residents. I know Vistoso Helpful Hands in SCOV provides services for our residents. They are a great organization led by a wonderful resident, and yet they can't do everything.

I admit that I'm guilty of boasting to my Large-Scale Manager colleagues that SCOV has some of the best volunteers in the whole world. And it is to SCOV residents that I'm making this humble request. This holiday season, please look around your neighborhood and see if there is someone who is alone and would welcome an invitation to visit, go for a hike, go for a walk, have a drink, share a meal or share a day. It may take some work on your part, because some of these folks don't like to be made a fuss over and are generally pretty quiet. But, if I know the character of SCOV residents, I believe that many of you could and will have a huge impact on the life of your lonely neighbor. May you be blessed as you continue to make SCOV a great place to call home.

Why We Love Living in SCOV

by Peggy B. Gardner

At the recent club fair, I interviewed residents about why they like living in SCOV. The number one answer to my inquiry was "the people" or "making friends so easily." The majority of the residents responded they were happy living here.

When my husband and I bought a house and moved here for our first winter in 2003, we did not know anyone except each other. Both of us had been raised in a rural area and small towns, so coming to SCOV was a welcome change.

The first morning our neighbor brought us a coffee cake. Not only were we surprised, but we were thankful we had made the decision to buy this house. Over the next few months, we met most of our neighbors due to the workmen who were coming/going as we remodeled the house. Everyone was so nice.

Not only do we have wonderful facilities, but we have intelligent people leading the committees who oversee said facilities. When we moved here, we knew there was a golf course, pool and a library; however, we did not realize SCOV had a lifestyle and so many interesting clubs. For example, I remember walking into the Sewing Room and being welcomed wholeheartedly. One woman there, with whom I spoke loved the fact we have a restaurant, The Bistro, and no driving required to attend the plethora of activities.

Gay Russell, who works in the Loan Room, said, "I like the services. For example, many use the Loan Room for either entertaining or medical equipment. No other HOA in the area offers one." Her statement rang true to me, because just before talking to her, Kate Cusumano told me about having the chance to sing, write and have life-long friends who support the arts and what that meant to her. "The sky's the limit," she said.

A Vistoso Helpful Hands volunteer delivers a meal from The Views Restaurant to an SCOV resident. The extra help that VHH provides is one of the things that many love about living in SCOV

The beautiful golf course, and the use of it by non-golfers, sparked many responses. One resident stated, "Only here can you ride around in your golf cart in the early morning or late evening and see the wildlife." This was news to me, because I had thought all retirement communities had this perk. Another said, "We take our granddaughter to see animals and teach her about javelinas, rabbits, and bobcats."

On sports, SCOV has so many choices. The Tennis Club has so many activities and gives money to Seniors For Kids to help with the expense of adopting children and families for Christmas. Bocce Ball has grown as have so many of the other sport clubs to facilitate the interest of those who can no longer physically play golf or any kind of tennis. The classes in the Aquatic & Fitness Center and pool help so many with improving their physical strength. The card clubs support mental acuity and friendships. Again, so many choices, on a daily basis, await our residents. If you are bored in SCOV, it's your own fault.

Last but not least, residents love the mountains, weather, good maintenance and well-maintained grounds that rank SCOV with the best of small towns.

The availability of sports activities is frequently mentioned as a reason to love living at SCOV

Let Us Hear From You

For 2024 we want to celebrate the good things about living in SCOV. Please email tipster@suncityorovalley with a brief story or anecdote about why you love living in SCOV. Let's share the good stuff.

Safety

SCOV communicates with Pima County Emergency Management and the Town of Oro Valley Emergency Management. They recommend that our residents sign up for CodeRED emergency notifications to receive alerts sent out by emergency management entities to let people know of issues that arise in Oro Valley, such as wildfires in the vicinity. To sign up for CodeRED, visit www.orovalleyaz.gov > Community > Emergency-Management > Register for Oro Valley's CodeRED notifications. They have a page dedicated to this service with directions to sign up.

One of the great qualities of Sun City Oro Valley (SCOV) is the strong sense of community. People get to know each other, their neighbors and those in their clubs, or at the restaurant or gym. SCOV residents care for each other and watch out for each other. You are especially mindful of our residents who are aging in place and may need an extra check-in from time to time. It's a really special thing that happens here.

The Library has two author events and a holiday book sale planned for this month.

"I explore Arizona one hiking trail and one restaurant at a time," said Roger Naylor. Roger will present information about many of the wonderful activities that Arizona has to offer. His books cover state parks, twisting back roads, small towns, ghost towns and diners with sizzling burgers on the grill. Don't miss this presentation Wednesday, December 6, 10 am, Catalina Vista. Free tickets will be available in the Library prior to the event. Several of his books will be available for purchase and signing.

The Astronomy Club and the Library are teaming up for a joint presentation by Dr. David Levy. Dr. Levy is a world-renowned Canadian astronomer who now resides in our local area. In addition to co-discovering periodic comets, he has written several articles for astronomy magazines and published books on comets and minor planets. This presentation is scheduled for Thursday, December 21, 5 pm, Activity Center. See Astronomy Club article on page 19 for free ticket information.

The holiday book sale begins Monday, December 11. Watch "This Week in SCOV" for a sneak preview of items for sale. Thank you for your continued support of our community library.

Randy Trenary, Controller

Why Use Technology?

Wearable technology can help you track your heart rate while exercising, if worn correctly. It can provide data to show you where you started, where you're headed, and help you set goals for where you want to be. Tracking your heart rate helps you learn what is normal for your body when you're resting and your working capacity. This can help you track the progress of your workouts through intensity and duration. A chest monitor is going to be the most accurate when it comes to heart rate monitors. While a watch gives a good reading of your heart rate, the closer you place the device to your heart, the more accurate the reading will be and the less room for error.

Tracking your workouts also helps keep you accountable. Many devices allow you to look back at previous workouts. Having a log of these workouts can help you see that the work you're putting in is making a difference in your health and fitness. No matter the brand, there are various options when it comes to watches that can help track your workouts, including Apple, FitBit®, Garmin and more. You can track your workouts, calories burned, steps and even connect with friends to keep each other accountable.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held Thursdays, 1 pm. Stop in and sign up. Classes are limited. Contact Lonnie Davis, AFC Coordinator, to discuss questions or concerns regarding the AFC. Hours of operation for the AFC and Desert Oasis are on page 2.

Tuesday, December 12, the AFC pool and spa will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Wednesday, December 13, the Desert Oasis pool will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Tuesday, December 26, the AFC spa will be closed for cleaning until 1 pm.

SCOV keeps a file of pertinent information on each lot within the community. Over the years, it has been noted that having emergency contact information on file has been helpful. If you wish to have that information on file with us, you can complete the form online or print out a hard copy and bring it to the Welcome Center. The form is also available for pick-up at the Welcome Center. Your information will remain confidential. If you completed this information in the past, now might be a good time to send us a new form so we have the most up-to-date information on file.

Zoom meetings Second and Fourth Tue., 2 pm

Lighting is getting to be more important now that the sun is setting earlier. As a Dark Sky community in a Dark Sky town, how much lighting we have and where it is pointed is important. Low voltage shielded lights along a sidewalk, driveway and/or patio are to be expected. A couple of low-voltage lights shining on a cactus or tree is okay. Those flat solar-light pucks that lay on the ground and shine straight up, do not belong here. A 60-watt bulb in an entry fixture is too much. Post lights are accent lighting, not street light replacements. If the fixture lenses are not frosted, then the bulb should be. That bulb should be no greater than a 40-watt equivalent. Night time security lighting shining anywhere but straight down is not being neighborly and that is what this is really about. If your neighbors can't see the night sky, please do something to rectify the situation.

Code of Conduct Review Board

Chair Marlene Branz 618-670-1063 conduct@suncityorovalley.com

The SCOV Code of Conduct (COC) defines civil behavior for residents and guests. The COC shall be followed when using SCOV facilities and common areas along with digital and written communications. When buying a home in SCOV, every homeowner is presented with a copy of SCOV governing documents including the Owner & Resident Handbook. On page 5 you will find the COC description, or look in the SCOV website Members section under documents.

Let's make SCOV the best place to live by maintaining mutual respect, honesty and courtesy with our fellow residents.

Election 2024

The Election Committee is preparing for another election cycle. Ballots will be sent in mid-February. There are two director positions to be filled, and several initiatives for your consideration. The vote will be electronic unless you have opted out of all electronic communications from the Association. If you vote by hard copy, the ballot must be mailed to Florida (the Association is no longer accepting ballots in the Administration office).

The "Meet the Candidate" video interview will provide the opportunity to view and listen to the candidate. A web page listed under Member Services > Vote March 2024 will be available.

There will be two forums in February where questions will be asked of the candidates so you can get a feel for their understanding of and passion for SCOV. There will also be forums to explain the initiatives.

More details on the candidates and initiatives will be provided as we get closer to the election.

Thanks to the community for supporting the Fall Arts and Craft Fair. As the holidays approach, there is another opportunity to find treasures in the Gift Shop for holiday giving.

Featured artists are Alyssa Hall and Joan Kelley. Alyssa grew up in Ontario, born into a family of WWII Russian war refugees. She began writing at the onset of Covid. Alyssa wrote her debut novel, *Trusting Claire*, as a tribute to her early years and her hometown. Alyssa and her husband David have been seasonal residents here since their first visit in 2008.

Joan has been taking photos since receiving her first camera at age 10. She loves documenting what goes on right out the back door and whatever catches her eye. She dis-

Government Affairs

Chair Earl Vittitoe 309-360-1601 scovga@gmail.com
Second Wed., 1 pm, WC1
www.suncityorovalley.com/committees/government-affairs/

What is the Government Affairs Committee?

The committee is a non-partisan committee, serving under the direction of the Board of Directors. Their mission is to provide engagement with governmental bodies and SCOV residents.

We fulfill this mission by providing regular events such as Coffee with a Cop, Police Chief and Fire Department forums, as well as specific interest forums, such as the mayoral debate.

Look for future events on planning and development, water and voting. We welcome community input on ways to serve you better.

Thanks to the Foundation for another grant. We hope to finish making the last of our flowers by the time you read this. Our newest 2023 additions will be placed around The Bistro and Kiva patios to bring cheer to these areas. We wish you all the most joyful of holidays.

Loan Room - Community Assistance

Chair Gay Russell
Loan Room Carolyn Carson
Loan Room hours: Tue., Thu., 8-9 am
www.suncityorovalley.com/members/services/loan-room/

The Loan Room is a service available to all SCOV residents and renters, located at the end of the Cart Barn. It is staffed by volunteers and financed by donations and the aluminum can recycling program. We have most medical items available such as wheelchairs, walkers and shower seats. We also carry tables and chairs, rollaway beds, mattresses, child's cots, Pack 'n Plays, car seats, strollers and several children's toys. During our winter and early spring seasons, it is helpful for you to make a reservation up to two months in advance, either on the website or in person at the Loan Room. We will be closed Tuesday and Thursday, December 26 and 28. Please recycle your aluminum cans in the blue bins around our community.

The SCOV truck and trailer loaded for another scrapyard run. Pictured left to right are Jim Wisda, Dave Flatness and Jeff Lawyer

The aluminum can recycle program, run by the SCOV Community Assistance Committee (CAC), has been operating since July 2005. In 18 years, there have been 180 trips

to local scrapyards delivering over 86,000 pounds, netting \$48,000. This money, the CAC's sole source of funding, is used by the CAC's Loan Room to replace and update the articles available for free loan to SCOV residents.

The aluminum can recycle program thanks those SCOV residents who have donated time and effort to perform these tasks:

- Sorting and bagging donated aluminum cans
- Unloading collected cans in the scrapyard

The program also thanks the SCOV Common Area Maintenance team for their support in loading the collected cans into trailers and trucks for delivery to the scrapyard.

A last thanks goes to all the SCOV residents for collecting their used cans, washing them out and depositing them in the collection bins in the Activity Center delivery area. If interested in helping the program, either can sorting, unloading or transportation, please contact Dave Flatness daveflatness@gmail.com or Jon Russell jondrussell6@gmail.com.

Neighborhood Pride

Jack Mooney 520-917-8087 scoroval@ciramail.com
First Wed., noon, WC3

Tempe Johnson, a member of Neighborhood Pride Committee (NPC) for 17 years, was a keystone of the committee and is missed by all. NPC is now 19 years old and still going strong. The following was written by Tempe in 2021.

"As the end of 2021 approaches, the Neighborhood Pride Committee wishes you a most happy holiday season. Seventeen years have passed since our committee was formed, and our community looks absolutely beautiful, so take time to look around. As a community, we should indeed feel proud of the way we look, not only to neighbors and ourselves, but also to those individuals who visit with the thought in mind to buy and move here. We sincerely thank you for your cooperation in helping to make Sun City Oro Valley such a wonderful place in which to live.

"Enjoy the holidays, your families, your friends and neighbors, and especially our beautiful community. 'Tis the season again, and the Neighborhood Pride Committee hopes you have a joyous one and a Happy New Year."

Nominating

Chair Bob Landis

The Nominating Committee's mission is to encourage and recruit members in good standing to volunteer for election to the Board of Directors. The Committee's charter prohibits the members from vetting or evaluating volunteer candidates. Once a homeowner member submits a "Statement of Interest," the General Manager is requested to certify the proposed candidate is eligible by assuring she/he is in good standing with the Association (i.e., dues paid, no fines outstanding or issues related to good conduct). In December, at the Board of Directors meeting, the committee informs the Board of the slate of names that will be listed on the ballot in the February/March election.

Posse

Chair Linda Simón 520-789-7169 posse@5LP.com
First Tue., 3 pm, Desert Oasis
www.scovaz.com/members/committees/posse

During the holiday season, many residents are traveling to be with family and friends. The Posse will patrol in the evening, but if you see something that doesn't look or feel right during the day or evening, please dial 911 and speak to the Oro Valley Police. OVPD is very responsive to all calls. We all want to continue to keep our community safe.

If you're traveling or staying here in SCOV, the Posse wishes everyone a safe and happy holiday season.

For information on the Posse, call Linda Simón.

Properties

Chair Jack Evert jackevert439@gmail.com
Next meeting Thu., Nov. 16, WC1

The future of the Lions Head Fountain has generated some interest of late. It has not been operable for over three years due to major maintenance issues compounded by Covid-related staffing problems. The Properties Committee has decided to study various restart options including replacing it with a garden, repairing it and operating it as before, and a couple of intermediate approaches.

At our October meeting, some new ideas emerged which we will consider as we develop details for each option. During these discussions, some suggested making the amenity more of a destination to enjoy the ambience that a fountain provides. That will result in more costs than just upgrading the fountain which could complicate the project.

The results of those studies will be presented to the committee after which a recommendation will be made for submission to the General Manager and Board for final decision. Our target is to have this finished before year's end.

December is historically the time of year when the temperatures get cold enough to cause frost to form. Following is a reminder of what frost does to the grass, and procedures to follow when a delay occurs.

Walking or driving on frosted grass causes damage to green leaf tissue, which eventually leads to the grass dying. When the non-overseeded areas go dormant and turn brown, they are no longer susceptible to frost damage, but the overseeded fairways and tees may be damaged. If the temperature is cold, but with only spotty frost, golf carts could be restricted to the cart path for a determined amount of time. If the frost is more severe, the delay will reflect the earliest time the golf course can be prepared for golf and ready for play to start. This all depends on whether fairways and tees need to be mowed or pins need to be set up.

Herbicides are used to control weeds around golf course edges. The tee, desert and overseed edges are created using various herbicides. The edges are created by using non-selective herbicides that control all plants combined with a pre-emergent to prevent new weeds. All these herbicides are applied using a blue dye to indicate where a chemical has been applied. Please don't walk or drive through blue areas to prevent the spread of chemicals and causing damage to the turf.

Gathering of eagles...or double bogies

The season is off to a great start and the league is up to 85 with more joining every day. The official league games are every Thursday morning. We start December play with everyone's favorite, the Coyote Scramble and everyone just loves being the coyote. The remaining December games are

Best Three Net, Mediocre Golf, and 2 Best Balls of Four-some.

The league had its first meeting and Bash in November, at which several important issues were discussed. Thanks to all who attended and helped resolve league questions. Our next Bash and meeting are Thursday, February 8.

If you are thinking of joining, just do it. We have a good time, and joining guarantees at least one solid tee time a week with a chance to meet great folks. Be sure to join the Arizona Golf Association if you don't already have a handicap. We always recommend paying the \$10 for the hole-in-one insurance. You never know.

And remember, "Half the time, twice the fun."

The holiday season is a time when everyone comes together to celebrate the warmth and joy of friends and families. It's a time to remember those less fortunate and choose to extend our kindness and hospitality towards them. As patrons of The Views Restaurant and The Bistro, you are most appreciated for your continued support throughout the entire year. We, the staff, feel blessed to be able to serve you.

This yuletide season, no matter what gifts you receive, I pray that the value of the thought behind the sacrifice penetrates your consciousness more than its monetary price. All who are in any stage of visual impairment and their support persons are welcome to join us as we come together for mutual support. The goal of the group is to share resources, to help make the possibility of limited vision less intimidating. We share technological and equipment advances that help enhance accessibility.

Available at our Library is one such resource: *The Country of the Blind*, by Andrew Leland, which chronicles the author's journey from sightedness to blindness. It is, unfortunately, not yet published in large print, but it is available through Amazon in audible form. We highly recommend it to anyone on this journey or interested in learning more about blindness. It is highly readable, both bittersweet and joyful, filled with tenderness and insights.

Join us to learn and share more about resources in a supportive environment.

Dale Foster, winner of the 2022 ugly sweater contest

Many seasonal members have returned both excited and eager to create holiday gifts, but there is time to play, too. A fun way for all of us to visit and share stories of our summers and our craft is when we gather for a social.

For the past five years, Kathy Foster has headed up the Clay Club Social Committee. Along with husband and fellow potter, Dale Foster, they have created many pleasant and fun evenings for our club.

Decorations and party themes have included dance parties, an Oktoberfest, a luau, and an ugly sweater contest. Much preparation and creativity goes into planning a party, and Kathy and her helpers have always delivered.

Plan on attending our holiday social on Friday, December 15, 5:30-7:30 pm, Activity Center/Navaho and Hohokam.

Our next general meeting is Thursday, December 7, 1 pm, Activity Center/Kiva.

Japanese flower arranging, ikebana, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials. Learn from certified instructors at your own pace and make creative arrangements for your home.

Sister Jose Women's Center was delighted to receive our sleeping mats

If you have a knit or crochet project, or would like to learn, come join us. An ongoing group project is making crocheted mats out of plastic shopping bags. You can participate in this project by cutting the bags into strips, stringing the strips into plastic yarn (plarn) and/or crocheting them into mats.

If you wish to donate bags, flatten clean Fry's, Safeway or Walmart bags and stack them by color. You can then fold all the stacks over into one; no need to fasten them together. This effort on your part greatly streamlines the cutting and crochet process.

Do not include newspaper bags as they do not work for this project. Bags can be dropped into a basket on Jane Fairchild's front porch any time at 1750 E. Crown Ridge Way.

It was originally built on a foam platform so it can be picked up, moved, and landscaped into a new layout. There are many community buildings and layouts, which have a superb amount of detail that should be seen to believe. Come see the layout and the detail at an open house on Tuesday, December 26, 10 am-2 pm. Robin Kahn's colorful enameled copper jewelry

Our artist of the month is Robin Kahn. Robin spends summers in Spokane, WA, but she continues to be a very active member of the club even while away. She has become skilled at silversmithing and has introduced us to the technique of enameling on copper.

This ties in very well with silversmithing, because you treat the copper similarly to the silver and then fuse the granular enamel with acetylene torches. She has generously helped our members learn this technique. Also, she is heading up our committee to keep our windows up to date and beautifully decorated. We thank Robin for all she does for our club.

Stop by our shop and speak with a monitor about joining. New member training is held monthly on the second Tuesday and Wednesday.

Mon., 10 am-noon, call for location or invitation to Zoom

As we are busy exchanging gifts this month and celebrating more than our survival, perhaps we should think a bit about others not so lucky. We might even consider an adage that professors often repeat: History repeats itself. Sadly, though we're often required or choose to study history, it's a lesson we have yet to take to heart. One of our group's more philosophic poets expresses thoughts too serious and somber to ignore—they might even lead to a New Year's resolution.

Us and Them

With us and them
comes ours and theirs
followed by conflict.

With conflict
comes might is right
followed by injustice

With injustice
comes domination
followed by oppression.

With oppression
comes abuse and hatred
followed by desperation.

With desperation
comes explosive rage
followed by war.

With war
comes bloody horror
followed by revision.

And amnesia.

New members are always welcome to join us, in person or on Zoom. Call for a Zoom invitation or the designated meeting room. We'd also like to wish our readers health and happiness in 2024.

Donations to both organizations are taken at our monthly meetings. For a list of donations needed by Emerge, go to their website: www.emerge-center.org.

We want to thank everyone who attended our October Boutique, which was a huge success. Our community, friends and family were very generous with their donations and our members came out in full force to organize, sort and assist our customers throughout the day. Also a special thank-you to our Roosters (our husbands) who passed out refreshments during our event.

We welcome new members and hope to see you at our next meeting and holiday luncheon Tuesday, December 12, 10:30 am, WC3.

Dog Club - Fido's Friends

Pres. Mary Murck mmurck@earthlink.net
VP/Membership Kris Sigford raykris@aribo.com
Club email: scovff@gmail.com www.scovff.weebly.com

Fido's Friends members are dedicated to pups, old and young. We enjoy much community support. At three meetings each season we have speakers knowledgeable about different aspects of dog health and welfare. We support the SCOV Dog Park and we send out alerts or information periodically.

We are always concerned that dogs are safe. Securing them with leashes when out and staying with them in the yard helps keep them safe from our active desert wildlife.

Occasionally, a dog gets out and runs loose. We encourage cautiously assisting with retrieval to get them home. If you spot a dog, post on Facebook and Nextdoor and text +1 (833) 552-0591 with the word "found" to Pima Animal Care Center (PACC) for instructions. Similarly, text "lost" for how to find a dog. Another source is the website lost.petcolove.org. Help if you can. It's heartbreaking to lose a dog.

Tue., Thu., Sat., 10 am, AFC/Pool

Aqua Tone is a toning water workout that incorporates a variety of rhythmic body movements. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

There is no fee to join the club or the class. The teachers are club member volunteers. Participants should be able to do a basic swim stroke. Items used in the class are buoys, boards, noodles, balls and a fitness band. Most items are available at the pool. We assign an experienced member to a newcomer to help learn the various movements. We enjoy a great workout in a fun class.

Arthritis Water

Pres. Norma Waters normawaters1@hotmail.com
VP Paul Mercer pawmerc@gmail.com
Mon., Wed., Fri., 1 pm, AFC/Pool

Our fall and winter class time is 1 pm. Class is held Monday, Wednesday and Friday, when the air temperature is 77 degrees or warmer, as recommended by the Arthritis Foundation.

Our club performs gentle water exercises which target all muscles and are used by several health organizations to increase strength and balance, and to increase mobility/flexibility.

Water exercise is especially helpful for arthritis, fibromyalgia, replaced joints, etc. Some new members have expressed their surprise at how quickly the first couple of sessions have already increased their abilities to move; still others are commenting on improved stamina.

New members are always welcome. Our members are fun, accepting and welcoming. We frequently hear "I came for the exercises and love all of the friends I have made."

The yearly dues are \$5, and your first class is free.

Energetic Exercise

Pres. Anne Palmer 520-289-9140 palmersaz03@gmail.com
Mon., Wed., Fri., 8-9 am, Activity Center/Auditorium

Fall brought out the inner kids among the Energetic Exercisers

The goal of Energetic Exercise is to develop and maintain strength, balance and heart health. Members receive a monthly calendar that tells the focus for each class, such as aerobics, cardio tone or interval training. Equipment, such as hand weights, kettle bell or fitness circle, adds variety and is always optional. Everybody moves at their own pace and adjusts to individual needs. Dress is exercise casual with sport shoes required. Membership in the Energetic Exercise

Club costs only \$3/year, and then members purchase a 12-class punch card for \$30. Newcomers can try a first class for \$2.50, and maybe even stay for the coffee social at The Bistro every Wednesday. There is no online registration; just show up and say hi to the people at the entry desk.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
Mon., 3 pm, Thu., 1:30 pm, AFC/Studio

The SCOV Pilates Club offers group mat classes in AFC/Studios 1 and 2, Mondays from 3-4 pm, and Thursdays from 1:30-2:30 pm. Each person is striving to increase their core strength. The core muscles are deep abdominal and back muscles that help you stabilize your pelvis and spine. Each class always begins with warm-up exercises. The actual Pilates exercises result in benefits that can't be beat: better balance (fewer falls), more flexibility (joints move again), increased muscle tone (you're stronger) and more energy and well-being. The instructors oversee us at all times and have modifications for the most strenuous exercises for anyone with limitations. The cost is \$8 cash per class, and annual club dues each January are \$20 pp. Questions, call Mary.

Jill Frederiksen 650-274-7224 jfredx@yahoo.com
Thu., 10-11:30 am, AFC/Studio 1

The winter tai chi session begins Thursday, January 4. The class will meet for 10 sessions through March 28. (There are no classes 1/25, 2/22 and 3/7, although the group is encouraged to come together for practice on those days). Each 90-minute class begins with 30 minutes of qigong followed by 60 minutes of tai chi instruction, divided and tailored for beginning and experienced practitioners.

Tai chi is a gentle, low impact exercise for all ages and fitness levels. It is both a martial art and a meditation, and is known for its health benefits. Many medical professionals recommend tai chi for improving balance and preventing falls, in addition to building muscle strength, increasing flexibility, improving breath control and reducing stress.

Learning tai chi is a lifelong activity. Practice sessions for all levels are offered year-round to support our club members. For more information, call Phyllis Burks.

Cycling renews us. Getting outside in the clean air, taking in the incredible mountain views and biking with friends are some of the reasons we choose to live here. Oro Valley is one of the greatest biking destinations in the country. Wide streets, gorgeous bike paths, clean air and desert beauty draw cyclists from all over the country.

Cycling here is a dream come true for members of the Sun City Vistoso Cycling Club (VCC). With over 250 members and organized group rides four days per week, there's a ride for everyone.

We support three local charitable organizations: Wheels for Kids, El Grupo and the Interfaith Community Food Bank. VCC volunteers build or repair and deliver over 400 bikes to kids in the Tucson area every year through the Wheels for Kids (WFK) program. WFK's 40 volunteers have delivered over 4,600 bikes to charities such as Boys and Girls Club, Casa de los Niños and More Than a Bed. New volunteers are welcome.

For more information or to join, please visit our website. Ride. Have fun. Be safe.

An osprey visits the SCOV golf course ponds every year during its annual north/south migration. Sometimes referred to as a fish hawk, its diet is almost exclusively fish, and there are easy pickings in our ponds. A large bird, it hovers and dives from above, sometimes completely submerging in its quest for dinner. Want to learn more?

We are a 110-plus member, activity-oriented group. All SCOV residents are invited to join us on our field trips to learn more about the birds here in Arizona (we carpool). Below is a list of upcoming field trips. If you are interested in going on any of these, be sure to contact the trip coordinator for details at least three days in advance, and ask Peggy Smith to be added to our mailing list.

Wheels for Kids

Tom Terfehr 520-789-7243 www.azwfk.org

Do you remember your first bike? Wheels for Kids is a 501(c)(3) nonprofit organization dedicated to providing re-habbed bicycles to children and families in need in the Tucson area. To date, we have donated 4,600 bikes to local nonprofits, who then distribute the bikes to their clients. Some of our partner organizations include Refugee Focus, Boys and Girls Club of Tucson, Children's Advocacy Center, Casa de los Niños, Ronald McDonald House and Youth On Their Own. Wheels for Kids is an all-volunteer effort, and we are always happy to welcome new people to our team. If you are interested in learning more, please visit our website or call Tom Terfehr. Help kids experience the same joy you had when you got your first bike.

"Brenda is a constant professional. She kept us in the loop on every step regarding the sale of our home. Brenda communicated with us and answered all our questions we had. Brenda guided us and gave us direction on how to deal with the problems that arose from our sale of our house. I would recommend Brenda to anyone who needs a top notch professional Realtor with years of experience who knows the market."
