Just Another New Year!

by Allan Mashburn

This was the year that was the year
I didn't get that much done—
Much the same as the year before,
Much like the one to come

The above stanza is by Brian Bilston and the poem is titled "Days Like These." It certainly typifies a concern that we all might have. But living in SCOV, an active adult community, there is so much to do that if we feel that way we just haven't gotten out of the house and explored everything that is offered. There are opportunities and adventures for everyone and at all levels of activity.

My wife and I recently joined the Bocce Club. There is little physical activity, just some hand-eye coordination that I am still working on. If Bocce isn't your thing, other adventures await. There are card clubs, chess, artisan crafts and many other clubs that are slower paced.

If you want a bit more activity in your life, try one of the court sports: tennis, POP Tennis or pickleball. We have been members of the POP Tennis Club since it began. It certainly gives you the chance to work up a sweat and gives your legs a workout. If you review the list of clubs you will find many that will help keep you moving and in shape.

No matter which club you join, there is one benefit that they all have in common. It is a wonderful way to spend a couple of hours, doing something fun with fellow residents. You might even find a new friend or two.

For those looking for a real challenge, offer to be a club officer or board member. To keep the clubs running and alive, volunteer residents are needed. Yes, it takes a bit of effort, but it's always easier when more hands, hearts and minds are involved. Our whole community is improved when everyone contributes.

And let's not forget the Posse. For those who enjoy a quiet ride around the community in an SCOV vehicle, and want to provide your friends and neighbors a bit of security, this is for you.

So next year, it won't be "I didn't get much done." It'll be "Wow, what a year!" As one of our newer residents put it, "I love SCOV, it's Disneyland for adults." I agree.

General Manager - Mark Wade

A Promising Future

As we bid farewell to the old and welcome the new, our active community at SCOV (Sun City Oro Valley) is filled with warmth and optimism for the year ahead. The past year has brought us challenges and triumphs, and now it's time to look forward to a promising future for our vibrant community.

First and foremost, let's extend our heartfelt New Year's wishes to all the residents of SCOV. May the coming year be filled with good health, joy and continued camaraderie. Our active and engaged community has always been a source of inspiration, and we look forward to another year of shared experiences, laughter and support.

As we set our sights on the future, one exciting prospect is the development of the Copper Center. This potential hub of community life could very well be a focal point for future social activities, events and gatherings as well as artisan creativity. With the anticipation of expansion and enhancement, the Copper Center is poised to become a dynamic space, fostering connection and community spirit.

In the realm of recreational facilities, an exciting addition is a second golf course fountain. Picture this: two beautiful fountains gracing both retention ponds, adding a touch of elegance to our already picturesque surroundings. This enhancement contributes to the aesthetics of the area.

Beyond the visual appeal, the fountains on the golf course retention ponds and the Copper Center are testaments to our commitment to continuous improvements, small and great. We are creating spaces that enhance the overall well-being of our community. They are symbols of progress and a reflection of the collective effort to make SCOV an even more inviting place to call home.

As we embark on this new chapter, let's embrace the opportunities for growth and development within our community. With the Copper Center evolving and the golf course becoming even more enchanting, the year ahead holds the promise of new adventures, shared memories and a flourishing SCOV that we can all be proud of. Here's to a vibrant and fulfilling new year for the entire SCOV family!

It's More Than Living... It's A Lifestyle!

Oro Valley Turns Fifty

by Jim Williams

Oro Valley will celebrate its 50th anniversary as an incorporated town in 2024. From a population of 1,200 and 2.5 square miles in size, Oro Valley has grown to 49,000 residents and 36 square miles. How did incorporation happen, and why has Oro Valley grown so much since 1974? These are questions to consider in this anniversary year.

A small group of determined residents worked tirelessly to establish the municipality between 1970 and 1974. They had to overcome opposition from Pima County and Tucson political leaders, the two daily newspapers and the area business community. The proponents also had to convince a significant portion of local residents who did not favor incorporation.

Town founders Jim Kriegh, Steve Engel and a few other individuals tenaciously fought for incorporation. They filed petitions, testified at public meetings and published newsletters. This group filed lawsuits in county and state courts. In January 1974, the Arizona State Supreme Court granted their petition to establish Oro Valley. The first town council, appointed by the Pima County Board of Supervisors, met on April 24, 1974. Once the opposition of Pima County and Tucson was overcome, Oro Valley residents fought among themselves over whether to keep the town or disincorporate. Finally, in late 1975, all factions came together and agreed that the town should continue.

Why did so many choose Oro Valley from 1974 to the present? Certainly, the physical setting is beautiful, with mountain ranges nearby, plus rolling terrain, desert vegetation and interesting wildlife. But community leaders, prodded by vigilant residents, have made decisions that added a great deal to the existing landscape.

Because of those policy choices, we are fortunate to have an extensive park system and 22 percent of the town's land preserved for open space. Nearby Catalina State Park offers

5,500 acres of trails, picnic areas and camping sites. The town owns Honey Bee Canyon, a unique natural area that is open for hiking and picnicking.

Oro Valley is more physically attractive than many municipalities, and that did not happen by accident. Citizens pressured our local government to include vegetation buffers along many roadways to create a natural "feel." Boulevards were built with medians featuring attractive desert plantings. View corridors were preserved by investing government

funds to place utility lines underground. These are just a few of the ways that political action established the attractive look of the town. Many potential residents are attracted by Oro Valley's look but are unaware of these design features.

Of course, Oro Valley has not been with-

out political controversies. Most of the government disputes have centered around land use and development. Many of the amenities noted in previous paragraphs were achieved through much political conflict and compromise.

We have much to reflect upon after 50 years as a town. The Town will sponsor a parade and a special community celebration in March and April. The Oro Valley Historical Society plans to offer talks at the Oro Valley Library, each starting at 2 pm and open to the public. They will include a talk on "Incorporation" by Jim Williams, January 17, a panel discussion with community leaders on "How has Oro Valley Grown and Changed?" February 5, a "Three Mayors" panel discussion on our history March 11 and a "Birth of Oro Valley" panel discussion with town founders who participated in the earliest years April 8.

Jim Williams is a Sun City Oro Valley resident, a local historian, and author of the recently published Oro Valley: The First Fifty Years.

Secure Access

The secure access system is 95 percent installed in the Activity Center. During the installation it was found that the doors leading to the courtyard did not have the correct push bar, resulting in a delay while that part is ordered, shipped and installers can be brought back onsite. The camera system installation is also experiencing a delay due to additional equipment needed. Updates will be provided in "This Week in SCOV" when the system goes live.

In the meantime, here's an update on building entry guidelines and some FAQ answers. Each building has a scanner with an "Everyone Scans" sign. It is SCOV policy that each resident or staff member entering the building scans their card (or fob). This means no buddy entry, please. This also means you are responsible for bringing your card or fob. Staff are not tasked with opening the doors for those who have not brought their cards. Please make sure monitors are able to do their job of setting up rooms and other duties by scanning yourself into each building.

Nonresidents may still enjoy The Bistro at the walk-up window. Baristas will be glad to make them a latte or provide a scoop of ice cream, but the building is not open to nonresidents. Some clubs have nonresidents who participate in their clubs. This provision is something the clubs choose to do, and with that choice comes the responsibility of the club to facilitate their nonresident members to enter the building with a double scan of their card.

The secure access system will provide a layer of protection for our building, employees and residents. Thank you for working together to provide a pleasant, safe environment to enjoy community.

Permits from Town of Oro Valley Needed?

Happy new year. If you are contemplating doing any interior or exterior renovations on your home, be sure to consult the Town of Oro Valley website regarding required permits. If your project includes an In-House Submittal or ARC Submittal approval, getting a Town of Oro Valley building permit may be stipulated in the approval process. Once you get that permit, it is important to send a copy to the Architectural Coordinator at scoroval@ciramail.com so that it can be included in your property profile.

A Town of Oro Valley representative has confirmed several instances where remodeling has or is taking place when no application to the Town for permits was ever initiated. The Association does not report status of permit documentation to the Town. If you don't want your project shut down by the Town of Oro Valley, please take the time to research whether you need to apply on the Town of Oro Valley website www.orovalleyaz.gov/Services/Apply-for-Permits. You can also call the Town at 520-229-4800.

New Year, New Exercise

It's a new year, and maybe you've resolved to start an exercise program. If so, good for you. Getting regular physical activity is one of the most important things you can do. And it's one of the most common New Year's resolutions among Americans each year. Just make sure you start off on the right foot with these helpful tips: take it slow, set small goals. After all, you're in this for a lifetime. Talk to your doctor before getting started, especially if it's been 8-12 months or longer since you've last exercised, you've had a large weight gain or you've had a noticeable change in health. Evaluate your personality. Do you like to exercise alone, in a large group or with a partner? The answer to this question will help you decide what type of exercise will keep you motivated to stick with your new routine. If you're exercising outside: Make safety a priority, dress for the weather, wear reflectors and light colors if you'll be out when it's dark and carry a cell phone with you.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held Thursdays, 1 pm. Stop in and sign up. Classes are limited. Contact Lonnie Davis, AFC Coordinator, to discuss questions or concerns regarding the AFC. Hours of operation for the AFC and Desert Oasis are on page 2.

Tuesday, January 9, the AFC pool and spa will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Wednesday, January 10, the Desert Oasis pool will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Tuesday, January 23, the AFC spa will be closed for cleaning until 1 pm.

**AFC Open House**
Monday, January 8 • 12:30-2:30 pm

Architectural Inspection Group

Conveyance Coordinator Jack Mooney 520-917-8087, scoroval@ciramail.com

Things have certainly changed in the housing market in the past year. What has not changed much is the value of homes in SCOV. This is due in large part to individuals taking pride in their homes and property. Keeping your home and yards looking good is not easy. It takes commitment and resources. If there is something on the outside of your home you are considering doing, please be sure to check with the Architectural Review Committee for any required approvals. Not only will they ensure that the project is done to current standards, but you won't be surprised when it is time to sell your home and the required inspection is done. The time spent getting approval will be well worth it.

Architectural Review

Jim Cherry 612-805-5637 ARC@suncityorovalley.com

Zoom meetings Second and Fourth Tue., 2 pm

Fences and walls are topics most of us in SCOV can appreciate. Whether we want to keep the pets in or the wildlife out, a large number of upgrades have been made. On the subject of pets, it is important to note that coyotes, bobcats, and mountain lions can all jump in excess of five feet. Never leave your pets unattended, as you cannot build something high enough.

We'd also stress the need to know the ownership of the existing fences/walls and where your lot lines are located. While many lots have markers, just as many do not. The best determination for where your property is situated is to obtain a survey. We'd request that if you do get a survey, please bring the results to the office. Those findings can be added to your plot plan file for future reference.

Code of Conduct Review Board

Chair Marlene Branz 618-670-1063 conduct@suncityorovalley.com

For 2024 let's resolve to make SCOV an even better place to live by treating everyone with respect and courtesy.

If you would like to learn more about the SCOV Code of Conduct, look on page 5 of the Owner and Resident Handbook. If you would like to file a complaint, look in the Members Services tab on the SCOV website.

Issues not covered by the Code of Conduct Review Board include law enforcement issues, SCOV Facebook posts, ARC issues and any conduct outside the SCOV boundaries. SCOV clubs are encouraged to have their own conduct rules for club activities.

Community Directory

Chair Blythe Campbell scov.community.directory@gmail.com
www.scovaz.com/members/services/directory

We expect to have the 2024 print directories ready for delivery in January. We'll be looking for volunteers to help deliver the directories to homes as we have in prior years. Watch "This Week in SCOV" for information to sign up to help with the delivery.

January featured artists are Alice Shabel and Pam Dage. Alice grew up in Queens, NY, attending art school, receiving her B.A. in fine arts at Queens College. At UPitt she learned wax carving and casting and working with silver, selling her realistic items

at cat shows. Moving to Arizona in 2012, she started making necklaces, bracelets and earrings using glass and crystal beads, developing her own processes. Her peyote slide necklaces and earrings are interchangeable to create different color-coordinated looks.

Pam discovered pour acrylic painting during the Covid shutdown. She made many paintings but was missing jewelry making when unable to use the Silver studios. She decided to combine jewelry making and painting. "When I mix paint for a painting, I make sure I have extra to design miniature pictures that can be made into jewelry. Looking for more things to paint, I also have painted vases and Christmas ornaments."

We'll be back to our wonderful desert wonderland without the fancy lights after January 4. Our committee loved to hear your kind words about the displays we volunteers labored long and hard to develop for the community. We are extremely grateful to the Foundation for their generous support. We believe we are finally finished making the "flowers," but look forward to continuing the displays as long as we are flexible enough to install them. Have the happiest and healthiest new year ever.

Since we are likely to be steadily busy throughout the winter, please make a reservation for the items you need up to two months in advance, either in person at the Loan Room or on the website. We try to provide everything you are requesting but we do run out of some items at our busiest times. Come visit us to see what we have available to loan; we will be glad to give you a tour. First Wed., noon, WC3

Living in Arizona at this time of year, it is easy to forget how fortunate we are to be surrounded by the many things that make this place so special. Please take a moment to appreciate those things and the gifts the new year brings to all of us. Reach out to a neighbor or friend and just say hi or offer to help in a small way. Small things do make a difference.

The wonderful holiday decorations throughout the community over the past few weeks have certainly been enjoyed by everyone including our committee members. As a friendly reminder, seasonal decorations should be removed by January 15. We appreciate all residents who continually take

pride in the appearance of their property and how beautiful our community looks. Please continue to show us your best this year. We wish each one of you a happy new year.

Properties

Chair Jack Evert jackevert439@gmail.com
Third Thu., 9 am, WC1 and Zoom

The Properties Committee does a complete on-site inspection of Association facilities twice a year. Items identified in the final report from that inspection are prioritized and sent to Administration, which then reviews the report and decides how to tackle the issues.

As you might imagine, even this level of attention won't pick up every issue. Residents can help out here; there is a new feature available that you can use when you see something you think the committee should know about. Go to the SCOV website, click on Member > Committees and then the tab titled Agenda Item Request. The committee will get the request and take a look, whether you can attend our meeting or not. We appreciate the help keeping our facilities ship shape.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

This month, we are proud to host the highly anticipated Oro Valley Senior Championship on Saturday and Sunday, January 13 and 14. The event promises to attract some of the finest amateur golfers in the Southwest. The field is limited to the first 60 male participants, 50 years and older with a USGA handicap. Eligible participants for either Division must have a 9.0 index or lower to play in the event. The Championship division will be playing from the black tees and the Open division from the blue tees.

Mark your calendar for Friday, January 19, 10 am-3 pm, for our annual Helicopter Ball Drop and Demo Club Fitting Day. This event promises a day of fun, music and great barbecue. You'll have the opportunity to try out the latest equipment from leading golf club manufacturers including Titleist, Callaway, Taylor Made, Cobra, Srixon, Cleveland and XXIO.

The Helicopter Ball Drop is a 50/50 fundraiser benefiting the SCOV men's and women's golf associations. You can purchase golf balls at the Pro Shop or online until 5 pm, Thursday, January 18: \$10 per ball; three balls for \$25; seven balls for \$50 or 15 balls for \$100.

The helicopter will drop the golf balls at approximately 1 pm at The Views Golf Club Driving Range. The three balls closest to the hole will be declared the winners. After distributing the 50/50 split, the prize fund will be distributed as follows: 1st place 50%, 2nd place 30% and 3rd place 20%. The final prize fund distribution will be determined by the total number of balls sold.

Director of Golf Maintenance - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

Overseeding went very well this year, and the golf course is in very good condition. Any time the overall conditions are really good, the areas of the golf course that need to be improved are magnified. On our golf course the area of biggest concern is the bunkers. They have become hard despite daily raking, become wet very quickly

and are contaminated with various sizes of rocks.

The last time all the bunkers were renovated was 2011. The industry standard for the life of a sand trap is between 8 to 15 years, based on how well the bunker was constructed. During the last renovation the bunkers had the bottoms raised, bigger sumps installed for drainage, and new sand installed. However, only a few steep faces had a sprayed-on liner installed, and no pipe drainage was installed to remove excess water. This led to the contamination of rocks and very wet sand.

During the greens renovation in 2020, new bunkers were added to some of the holes. These bunkers were built with a liner covering the entire trap and drainage pipes to remove excess water. Those bunkers are performing very well.

Currently, a master plan for the entire golf course is being developed by our golf course architect. The bunkers are going to be the first phase of that plan to be renovated. The timeline of implementing that phase has not yet been determined, but optimistically it could begin in the next year or two depending on budgeting and availability of construction contractors.

Happy new year. We start this year with some really big, big, news: member Christine McCreedy made a hole-in-one on November 19 on hole #3. She used a five iron. No one in our league made a hole-in-one last season. The odds of an amateur golfer making a hole-in-one is one out of 12,500 attempts. Congratulations, Chris, way to go.

Our new season brings several new members to our league. Welcome to Carol Barrett, Karen Brown, Mary Leadholm, Theresa Masterman, Joan Mayer, Janet Polach and Lisa Wright. We warmly welcome you and hope you have a great year.

Our new members took advantage of two optional classes. Pattie Shock, president, taught a class on Golf Genius and Marty Blakely, rules chair, taught a class on our local rules.

Members don their most festive attire (not-so-ugly Christmas sweaters, Santa hats, lights and bling everywhere). But it's not just fun and games. Each year our members make donations to help families in our community, this year totaling an amazing 93 pounds of food, \$800 and lots of toys. A joy-filled event for everyone.

We have several new members bringing our club total up to 90. If you or someone you know would like to join, we play every Thursday morning at 8:30 am. Contact Sally Cherner Walker.

The goal of the group is to share resources, and to help make the possibility of limited vision less intimidating. We share technological and equipment advances that help enhance accessibility.

Available at our Library is one such resource: *The Country of the Blind*, by Andrew Leland, which chronicles the author's journey from sightedness to blindness. It is, unfortunately, not yet published in large print, but is available through Amazon in audible form. We highly recommend it to anyone on this journey or interested in learning more about blindness. It is highly readable, both bittersweet and joyful, filled with tenderness and insights.

Join us to learn and share more about resources in a supportive environment.

Thank You Corner

Mike and I would like to thank all the members of SCOV who came to our rescue during my two surgeries. They helped load/unload food for the new appliances, which arrived a month early while I was completely helpless, visited me at Transitions Rehab, brought food for evening meals, and kept in touch with emails and texts. The cards and thoughtfulness warmed our hearts and reinforced why we love living in SCOV.

—Peggy and Mike Gardner

A huge thank you for your cards, warm hugs and kind words of encouragement at David's passing. That means so much to me. I love living here with my Sun City family.

Art League Hangings VP, Susan Taylor 719-205-6262

Many artists are familiar with Carol Nagel, who has a long history with SCOV arts, the Art Studio, and the Art League. In 1996, Carol and her husband Bill were new SCOV residents, and she began exploring all the art classes and activities.

Carol Nagel

She first helped hang art in the Activity Center in 1996. She then began taking art classes through SCOV art groups. Carol says she liked to take as many art classes as were available. For 12 years, Carol was the secretary for the Art League. Today Carol serves as Art League consultant and is always present at art hangings. Carol has the talent and eyes for coordinating up to 130 art pieces and somehow grouping them together in a cohesive, beautiful collection in SCOV facilities. The SCOV artists and Art League members thank you Carol.

Japanese flower arranging, ikebana, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials. Learn from certified instructors at your own pace and make creative arrangements for your home.

Knit and Crochet

Jane Fairchild 520-909-5069 janemail11@yahoo.com
Mon., 2:30-4:30 pm, Activity Center/Hohokam

If you have a knit or crochet project, or would like to learn, come join us. An ongoing group project is making crocheted mats out of plastic shopping bags. You can participate in this project by cutting the bags into strips, stringing the strips into plastic yarn (plarn) and/or crocheting them into mats.

If you wish to donate bags, flatten clean Fry's, Safeway or Walmart bags and stack them by color. You can then fold all the stacks over into one; no need to fasten them together. This effort on your part greatly streamlines the cutting and crochet process. Do not include newspaper bags as they do not work for this project. Bags can be dropped into a basket on Jane Fairchild's front porch any time at 1750 E. Crown Ridge Way.

Look at all those toys and volunteers. Seniors for Kids is a special group of people, as are the entire group of residents at SCOV. Hip, hip hooray!

Happy New year. Wow, what a year 2023 was. New members have been added to our rolls and we have supplied so many children with love through our toy distribution and adopt-a-family program at the Tri-Communities program and the many charitable organizations of southern Arizona. It is really joyful to think that a small group can affect so many lives.

Now we need to focus on what we can accomplish in 2024. The Sewing Room shelves are already filling with new toys, quilts and all kinds of creations. Karen Curry and Dick Minch from the Wood Shop will again plan work days to make the cherished wooden toys that they encourage the woodworkers to make. We add these to our stash for next holiday season.

A special shout out to Wheels for Kids, who supplied seven bicycles and helmets to children at Tri-Communities. They not only supplied the bikes and helmets, but they also assisted in delivery. Living is giving and giving is living. Thank you from us all.

In November several Casa Amigas quilters had their military honor quilts displayed at Catalina Vista. Hopefully, you had a chance to see their wonderful crafts. Lesley Monroe, Casa Amigas member who is also a veteran, spearheaded the project to make military honor quilts for disabled and infirmed veterans in Tucson. Casa Amigas quilters jumped at the chance and sewed at least 20 quilts.

After Lesley presented a quilt at a Veterans Club meeting, she was given the entire 50/50 raffle proceeds from that meeting to purchase additional fabric for the quilters. What a generous gift from our veterans. It's charitable projects like this that inspire our members to utilize their skills for others in need. Consider joining us if you are interested in donating your time to continue our mission. You only need to come once a week if that's all the time you can commit. Happy New Year. May you all be blessed for the kindness you shared in 2023 and may you continue to care for others in the year ahead.

Our group of cutters, embroiderers, sewers, stuffers, bottom closers, and bow tiers have had a busy year. We made over 500 Cheer Bears and sent them on their way to new homes for young and old alike.

We continue to put several bears in the Gift Shop, since many here requested purchasing them for grandchildren. This income, as well as donations from the Tennis Club and residents, helps us to purchase supplies we need to keep the supply chain full. As always, we appreciate material donations of flannel and Poly-Fil stuffing.

Our thanks for all the community support.

Our featured artist of the month is Stephen Keim, who moved here from Whidbey Island, Washington in 2019. Professionally, he was in dental technology which lends itself well to his jewelry hobby. Previously, Steve had a complete studio in his home and he continues to do most of his work at home. His father-in-law was Ed Borgatta, a renowned gemologist in New York City and a professor at Columbia University. The eight millimeter blue topaz in this beautiful shooting star pendant is a product of Borgatta's studio.

discuss the basics of each plant, including the size, flower color, water use and sun exposure needed for each plant. Greg will also talk about pruning and will admonish anybody who dares to prune desert plants into unnatural shapes.

Thursday, January 11, we will tour The University of Arizona's Campus Arboretum. For more than a century the campus landscape has served as testing grounds for arid-adapted trees, supplying the Campus Arboretum with a collection of unusual but delightful specimens. The Trees around the World tour features some of these unique trees and describes their native uses and interesting folklore. We will learn the history and the heritage of Arizona's oldest University and follow a guide as they show us beautiful places and tell us fascinating facts about the growth and development of the University and how it came out of the sands of the Sonoran Desert to become the jewel of Arizona. Time and information will be on the website.

Tue., Thu., Sat., 10 am, AFC/Pool

Aqua Tone is a toning water workout that incorporates a variety of rhythmic body movements. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

There is no fee to join the club or the class. The teachers are club member volunteers. Participants should be able to do a basic swim stroke. Items used in the class are buoys, boards, noodles, balls and a fitness band. Most items are available at the pool. We assign an experienced member to a newcomer to help learn the various movements. We enjoy a great workout in a fun class.

Arthritis Water

Pres. Norma Waters normawaters1@hotmail.com
VP Paul Mercer pawmerc@gmail.com
Mon., Wed., Fri., 1 pm, AFC/Pool

Our fall and winter class time is 1 pm. Class is held Mondays, Wednesdays and Fridays, when the air temperature is 77 degrees or warmer, as recommended by the Arthritis Foundation.

We perform gentle water exercises which target all muscles and are used by several health organizations to increase strength and balance, and to increase mobility/flexibility.

Water exercise is especially helpful for arthritis, fibromyalgia, replaced joints, etc. Some new members have expressed their surprise at how quickly the first couple of sessions have already increased their ability to move, still others are commenting on improved stamina.

New members are always welcome. Our members are fun, accepting and welcoming. We frequently hear "I came for the exercises and love all of the friends I have made."

The yearly dues are \$5, and your first class is free.

Energetic Exercise

Pres. Anne Palmer 520-289-9140 palmersaz03@gmail.com
Mon., Wed., Fri., 8-9 am, Activity Center/Auditorium

Energetic Exercisers work at their own pace in a challenging one-hour class

The goal of Energetic Exercise is to develop and maintain strength, balance and heart health. Members receive a monthly calendar that tells the focus for the day, such as aerobics, cardio tone or interval training. Equipment such as hand weights, resistance bands or ball, adds variety and is always optional. Everybody moves at their own pace and adjusts to individual needs. Dress is exercise casual with sport shoes required. Membership in the Energetic Exercise Club costs only \$3/year, and then members purchase a 12-class punch card for \$30. Newcomers can try a first class for \$3 and maybe even stay for the coffee social at The Bistro every Wednesday. There is no online registration; just show up and say hi to the people at the entry desk.

While most members are motivated recreational swimmers, we also include nationally ranked master swimmers and triathletes, former club and university swimmers. The group generally goes about 2,400 yards, though some do more, a few do less.

New members are welcome. The ability to swim one mile under 45 minutes should be used as a guideline for participation. Please ensure you have medical clearance to participate in a vigorous workout.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
Mon., 3 pm, Thu., 1:30 pm, AFC/Studio

The SCOV Pilates Club offers group mat classes in AFC/Studios 1 and 2, Mondays from 3-4 pm, and Thursdays from 1:30-2:30 pm. Each person is striving to increase their core strength. The core muscles are deep abdominal and back muscles that help you stabilize your pelvis and spine. Each class always begins with warm-up exercises. The actual Pilates exercises result in benefits that can't be beat: better balance (fewer falls), more flexibility (joints move again), in-

creased muscle tone (you're stronger) and more energy and well-being. The instructors oversee us at all times and have modifications for the most strenuous exercises for anyone with limitations. The cost is \$8 cash/class, and annual club dues each January are \$20 pp. Questions, call Mary.

Monday morning practice led by Gail Barr

The winter tai chi session begins Thursday, January 4. The class will meet for 10 sessions through March 28. When no class is scheduled, the group is encouraged to come together for practice. Each 90-minute class begins with 30 minutes of qi-gong followed by 60

minutes of tai chi instruction, divided and tailored for beginning and experienced practitioners. You may audit the first class before committing to the full 10 sessions.

Tai chi is a gentle, low impact exercise for all ages and fitness levels. It is both a martial art and a meditation, and known for its health benefits. Many medical professionals recommend tai chi for improving balance and preventing falls, in addition to building muscle strength, increasing flexibility, improving breath control, and reducing stress.

Learning tai chi is a lifelong practice, and practice sessions for all levels are offered to support our club members. For more information, call Phyllis Burks.

The SCOV Scrabble Club plays every week for the love of the game and the socializing that playing affords. Drop by any Friday afternoon at 1 pm and see if you want to play.

Cycling renews us. Getting outside in the clean air, taking in the incredible mountain views and biking with friends are some of the reasons we choose to live here. Oro Valley is one of the greatest biking destinations in the country. Wide streets, gorgeous bike paths, clean air and desert beauty draw cyclists from all over the country.

Cycling here is a dream come true for members of the Sun City Vistoso Cycling Club (VCC). With over 250 members and organized group rides four days per week, there's a ride for everyone.

We support three local charitable organizations: Wheels for Kids, El Grupo and the Interfaith Community Food Bank. VCC volunteers build or repair and deliver over 400 bikes to kids in the Tucson area every year through the Wheels for Kids (WFK) program. WFK's 40 volunteers have delivered over 4,600 bikes to charities such as Boys and Girls Club, Casa de los Niños and More Than a Bed. New volunteers are welcome.
