From the Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online. Board meetings are open to residents.

Board of Directors - Jim Cherry

jimcherryscov@gmail.com

The Board of Directors has approved the budget for the fiscal year July 2025-2026. The Finance and Budget committee worked tirelessly for three months to pull this budget together. The Board of Directors and the Finance and Budget Committee feel this budget is in the best interest of Sun City Oro Valley (SCOV) Community, and it will serve us well.

The homes in SCOV were built between 1986 and 1996. The value of those 2,488 homes exceeds \$1 billion. The Finance and Budget Committee has stayed focused on making decisions towards maintaining and building upon those values. We sought out operational efficiencies while maintaining your property values and keeping your amenities to a high standard. SCOV has done an amazing job of keeping this community in good operating order for the past almost four decades and we want to keep moving forward in a positive direction. That is probably what attracted you to move here.

We hope that you continue to enjoy the time that you spend here, whether it be full-time or part-time. None of us know how much time we have remaining on this planet. So, make every day your best day. "What are you going to do today that brings you joy?"

General Manager - Sandy Seddon

sseddon@suncityorovalley.com 520-917-8080

If you're planning to leave SCOV for the summer, properly closing your home is essential to protect it from extreme heat, dust, monsoons and potential security threats. Here's a checklist to ensure your home stays safe and well-maintained while you're away.

1. Secure Your Home

- Lock All Doors & Windows: Double-check that all entry points, including garage doors and sliding doors, are securely locked.
- Set Up Security Systems: Install or activate a home

security system with cameras, motion sensors and remote monitoring.

- Use Smart Lights & Timers: Program interior and exterior lights to turn on and off at different times to give the appearance that someone is home.
- Ask a Neighbor for Help: Have a trusted neighbor or friend check on your home periodically.

2. Protect Against Heat & Sun

- Close Blinds & Curtains: Block sunlight to prevent indoor heat buildup and sun damage to furniture.
- Set Your Thermostat: Keep the AC at around 85°F to protect electronics and prevent excessive heat damage. A smart thermostat allows remote adjustments.
- Use Ceiling Fans: Set fans on low to circulate air and reduce humidity buildup.

3. Prevent Water & Plumbing Issues

- Turn off the Main Water Supply: This helps prevent leaks and pipe bursts while you're away.
- Drain Water Lines: Flush toilets and run faucets briefly after shutting off the water to clear excess water from the pipes.
- Consider a Water Leak Sensor: Install a leak detection system that alerts you to any issues via your phone.

4. Protect Against Pests

- Seal Entry Points: Check for cracks and gaps where insects or rodents could enter.
- Remove Food Sources: Empty the fridge of perishable items, clean the kitchen and take out all trash before leaving.
- Use Pest Control Treatments: Consider a professional pest control spray before leaving to deter infestations.

5. Prepare for Monsoon Season

- Check Roof & Gutters: Ensure gutters are clear and your roof is in good condition to handle heavy rain.
- Secure Outdoor Items: Store patio furniture, grills, and loose items that could be blown away in a storm.
- Inspect Drainage Areas: Make sure water can flow away from your home to prevent flooding.

6. Handle Mail & Utilities

- Forward or Hold Mail: Request mail forwarding or a hold service from USPS to prevent pile ups that signal an empty home.
- Unplug Electronics: Disconnect appliances and electronics to prevent damage from power surges.
- Suspend or Adjust Services: Consider pausing internet, cable and landscaping services if they won't be needed.
- By taking these precautions, you can leave SCOV with peace of mind, knowing your home is protected while you're away. Safe travels.

It's More Than Living... It's A Lifestyle!

Beating the Heat and Staying Safe in Southern Arizona

The summer is approaching quickly and we have had already some hot days during the short spring months. Southern Arizona is known for its striking desert landscapes, clear blue skies, and scorching summer temperatures. With daytime highs often soaring above 100°F (38°C), it's crucial for residents staying through the summer to take heat and sun safety seriously. Whether you're exploring the rugged beauty of Saguaro National Park, strolling through downtown Tucson, or just running errands, here are key tips to help you beat the heat and stay protected.

Hydration is Key

One of the most important steps in dealing with the desert heat is staying well-hydrated. In the arid climate of Southern Arizona, your body loses water quickly through sweat—even if it evaporates so fast you don't notice. Always carry a water bottle with you, and don't wait until you feel thirsty to drink. If you're engaging in outdoor activities, aim to drink water every 15-20 minutes. Avoid excessive caffeine and alcohol, as these can dehydrate you even faster.

Dress Smart

Clothing plays a big role in sun protection. Lightweight, loose-fitting clothes made of breathable fabrics like cotton or moisture-wicking materials can help keep you cool. Light colors reflect the sun's rays, while dark colors absorb heat. Wide-brimmed hats offer shade for your face, neck, and ears—areas especially vulnerable to sunburn. Don't forget UV-blocking sunglasses to protect your eyes from intense sunlight and prevent long-term damage.

Sunscreen is Non-Negotiable

Even brief sun exposure can lead to painful burns or long-term skin damage. Apply a broad-spectrum sunscreen with SPF 30 or higher at least 15 minutes before going outside. Reapply every two hours, or more frequently if you're sweating or swimming. Pay special attention to often-missed spots like the tops of your ears, feet, and back of the neck.

Know the Peak Hours

The sun's rays are strongest between 10 am and 4 pm. During these hours, try to stay indoors or seek shade whenever possible. If you need to be outside, take frequent breaks in air-conditioned spaces or shaded areas. Always have water in hand. Plan physical activity for early morning or evening when temperatures are more manageable.

Watch for Heat-Related Illnesses

Heat exhaustion and heat stroke are real dangers in Southern Arizona. Symptoms include dizziness, nausea, rapid heartbeat, headache, and confusion. If you or someone around you shows signs of heat illness, get to a cool place immediately, hydrate, and seek medical help if symptoms persist or worsen.

Prepare Your Vehicle

Never leave children, pets, or vulnerable individuals in a parked car, even for a few minutes. Temperatures inside a vehicle can rise to deadly levels within minutes. Keep your car stocked with water, sunshades, and emergency supplies, especially during long drives.

Southern Arizona's desert climate can be both beautiful and brutal. By taking a few simple precautions, you can enjoy everything the region has to offer while protecting yourself and others from the dangers of extreme heat and sun exposure. Stay cool and stay hydrated this summer at Sun City.

Time for a New Roof?

Currently, there are three ways to replace your roof in Sun City. Each of them requires approval by our HOA prior to installation.

One way that has been used by a large number of residents is called "Lift & Re-Lay" where the majority of existing tiles are lifted, new underlayment installed and, the existing tiles are replaced with some closely matching ones if there has been breakage. Traditionally, there is a 10-15% breakage rate and any tiles used in lieu of the broken ones have come from a stockpile that Eagle Roofing has provided. The bad news is that Eagle Roofing is no longer producing these slurry tiles (grey tiles with painted backs). The roof tiles originally used in the construction of SCOV thirty plus years ago have become outdated in terms of the manufacturing process to produce them. At that time the concrete tiles had their color applied by a surface bonding process that can break down over time. There is little or no backlog of these old tiles unless a roofer has been saving tiles from previous jobs. As the matching tiles are no longer produced and inventories dwindle, it is sometimes a challenge to find replacement tiles that are close in color. To keep our roofs from looking like patchwork quilts, the ARC asks that a sample tile of what the roof vendor will use in lieu of breakage, be placed in front of the garage. This should be done when you request an In-House Submittal approval. An ARC member will review the sample tile for a close color match.

The second way to replace your roof is with ARC pre-approved new Eagle tiles. Current technology uses a "color through" process in which the color becomes part of the concrete. The ARC has studied what is available and has added pre-approved choices. A sample book is available for check-out at the Welcome Center

The third way to choose your tiles is to go up to the Eagle Roofing Showroom in Phoenix or work with your vendor to choose a new tile that is not pre-approved by the ARC. You may submit your choice to the ARC for consideration.

Randy Trenary, Controller

Distinguish Service Award

One of the most significant privileges of being on the BOD is the opportunity to help select the winner of the Distinguished Service Award. It was first introduced in 2001 as the Heroes Among Us award, with the current name beginning in 2017. The purpose remains the same, which is to honor residents who make remarkable contributions to our community. Early in March a notice goes out to the community asking for nominations for this prestigious award. This year there were more nominations than ever before, making the selection much more difficult. The contributions of all the nominees were unique and impactful to the lifestyle we so enjoy in SCOV.

Brent Beamer

This year the BOD selected two amazing residents whose dedication of time and talents stood out. Brent Beamer and Don Hess. Joy Huxtable, past SCOV President, inveterate volunteer and Committee Chair wrote one of the nominations for Brent. With her permission I'm using her words to share the story of his contributions to the community, with the community.

"While many previous Distinguished Service Award recipients have made very visible contributions to the SCOV community, often the behind-the-scenes volunteers get overlooked. Brent Beamer is one of those individuals. Brent has served on both the Long-Range Planning Committee and the Properties Committees for many years including times as acting Chairperson and secretary. Both Committee Chairs agree that Brent's depth of knowledge and technical skills enhance the work of their committees. He makes us look Good! Despite working in the background, he is critical to the success of both committees. He was a key resource and contributor to the development of the 2023 SCOV Resident Survey, as well as the Property Committees reports to the BOD. Following the analysis of the LRPC survey data, Brent produced four impressive survey reports that included graphics, charts and artwork resulting in easily understandable reports". These reports explaining the breakdown of the survey results, are available on the website. Congratulations Brent.

Don Hess

Don Hess is a sterling example of the other kind of DSA recipient. The one whose contributions are visible to the community. Even those who may not recognize the name, will smile and nod their heads when you mention the SCOV Choir and Concerts. Don has waved his baton and created musical magic for almost 20 years. His job, or better yet, his passion is finding the arrangements, directing practices, organizing the programs and putting on the shows. Every year, we enjoy the Christmas Concert, Spring Musical and for those who stay year-round, a July 4th event filled with songs we remember from school. For the Choir, the love of singing, performing and being part of something special is a direct result of Don's gift of time and love. For the audience, the opportunity to share in the joy of our friends and family performing, sharing the memories that come with all the songs is a direct result of Don's caring and love of Community. Congratulations Don.

This issue completes my first year as Librarian for SCOV. One of the things heard often is our patrons thanking the volunteers at the circulation desk. Let's take a moment and recognize and thank all of the 48 volunteers for their commitment and time given to the Library. Not only do they run the circulation desk and help patrons find great books, but they also continuously help me with many back-office projects and tasks that keep our library going. Book processing, book covering, puzzle management, book donation management and improvement ideas are a few of the things that they accomplish every week. Please continue to thank my volunteer team for all that they do.

Also, thank you to all of the organizations that support the Library and keep us updated with new books and materials. The Friends of the Library, Sun City Vistoso Community Foundation, and the Institute of Learning in Retirement are the library's top contributors. Their fund raising efforts and grants are what support the library, making it all possible. Finally, many thanks to our patrons who help by donating wonderful books and DVDs. If you would like to support the library and donate books, please stop by for our Donation Guide that outlines the items that can be used and are the most helpful.

Are You Ready to Start Walking?

Walking is a convenient exercise for individuals looking to incorporate more low-impact physical activity into their daily routine. First, set a daily or weekly walking goal, such as walking every Monday morning, that focuses on either distance, pace, duration or some combination of the three. The US Department of Health and Human Services recommends that able-bodied adults engage in at least 150 minutes of physical activity each week, so getting 30 minutes of walking a day, five days a week is a good goal to work towards. If 30 minutes is too much, start with 15 minutes and add 5 minutes every subsequent day until you reach 30 minutes. Second, as with any new physical fitness routine, it's important to go at your own pace and aim for steady, incremental progress.

Dramatic changes don't happen overnight, so trust the process and help yourself stick with it by making your walks easily accessible. Lastly, make sure you have the proper equipment and footwear. A high-quality pair of walking shoes with proper padding and enough space between your toes and the front of the shoe will make each step smoother.

Orientation on how to use the gym equipment is held Thursday, 1 pm sign up as classes are limited. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC. AFC and Desert Oasis: See Hours of Operation on page 2.

Next Meeting Nov. 11, 3 pm, WC-2

The Active Health Committee is taking a break from monthly presentations for the summer, but we want to encourage you to keep active and healthy. There are many opportunities to keep walking when it is hot outside. Walk with friends in the Auditorium from 6:30-7:30 am. If that is too early, walk indoors in the AFC on Mondays and Fridays from 1-2 pm. Or, if you just like to walk outside, join SCOV Walks, Monday through Friday, leaving 7 am from Catalina Vista or Desert Oasis. Maps are available. Make a date and bring a friend so you will always have someone to walk with who will motivate you and make it fun. Ask others to join you and have the movement snowball.

While there is a list of items AIG inspectors must look at during an inspection, here are some of the more common violations that they find:

- Items added without SCOV approval such as patio covers, awnings, gutters, fountains, firepits, artificial turf or fences.
- Window screens that are sun-scorched or torn.
- Metal fencing or gates that need repainting.
- Illuminated address boards are not functioning, or bulbs burned out.
- House paint is in poor condition.
- Damage to stucco, trim or moldings.
- Driveway coatings in need of repair or recoating.
- Paver or concrete work is uneven, cracked or poses a tripping hazard.
- Plants overhanging property lines, overgrown bushes, hedges over six feet tall and plant debris.
- Bare soil areas and weeds.

Ongoing maintenance will help prevent surprises when listing or selling. If you have any questions about these or other violations, contact the Conveyance Coordinator at 520-917-8072 or Covenants Coordinator at 520-917-8087.

Did you know the Friends of the Library (FOL) sponsors a program called Homebound Books for SCOV residents who are unable to visit the library due to health or physical issues? Recognizing the importance of literacy and the joy of reading, we deliver books directly to homes in need, ensuring that everyone has access to our wonderful library. Anyone who wishes to benefit from this service can call Mary Moberg at 701-367-6442.

FOL thrives on the dedication and enthusiasm of its volunteers. Are you a movie enthusiast with a passion for sharing your love of films? FOL is currently seeking a volunteer to host and MC an event focused on reviewing favorite recent films. Additionally, FOL is seeking volunteers with innovative fundraising ideas and strategies. FOL invites those with experience in creative thinking or fundraising to share their expertise. If interested in either opportunity, contact a Board Member.

As summer approaches, we say goodbye to those departing our community for the warm months ahead. It's important to arrange for someone to care for your home and yard while you're away, even if it's just for part of the summer. A neglected yard can signal your absence and may put your home and belongings at risk. During the summer monsoon season, weeds can quickly take over, so it's essential to address them promptly. Additionally, summer storms may lead to issues like roof tile damage or fallen trees, which could require reaching out to homeowners.

Please remember to provide Administration with your summer address, phone number and current email address in case someone needs to get in touch with you.

Enjoy your summer, knowing that your home and community will be just as welcoming when you return.

Have you ever read the Tipster and thought that you would be a good person to help edit it? The Editorial Committee is always searching for new members who enjoy editing and who would like to contribute to the improvement of the *Tipster*.

We have clearly defined rules and regulations that identify just about any editing issue. The Rules and Standards help guide the editors through the editing process. Our monthly committee meetings serve as a place to discuss unusual editing issues that arise.

An editing test and interview is the start for new committee applicants. The editing test is relatively easy and won't take long to complete. We want to ensure that we maintain our standard of highly qualified committee members.

Fraud Notify – Protect Your Property

Fraud Notify is a simple way to help you avoid becoming a victim of property fraud. It is a free service provided by the Pima County Recorder for the benefit of all who own property or businesses in Pima County. This service is frequently offered in other counties.

Property fraud, also known as deed fraud or house stealing, involves the illegal transfer and recording of a real estate title without the owner's knowledge or consent, potentially leading to financial ruin for homeowners.

Here's a breakdown of property fraud:

- **Deed Fraud/Title Theft:** This is the illegal transfer and recording of a real estate title without the knowledge or consent of the legal owner.
- **How it works:** Criminals forge documents, such as deeds, and file them with the county clerk's office, making it appear as if they own the property.
- **Consequences:** Homeowners may discover unauthorized loans, foreclosures, or other issues on their property without their knowledge.
- **Target:** Criminals often target vacant properties, like vacation homes, or properties of deceased owners and senior citizens with paid off properties.

Fraud Notify is a free service from Pima County

Fraud Notify allows you to set an alert for your individual or business name, and when a document is recorded with your name on it, you will be notified via email. This gives you an early warning of property fraud being committed in your name.

Enrolling in Fraud Notify is a two-step process:

To sign up for an account. <https://www.recorder.pima.gov/FraudNotify>

1. Once you have filled in and submitted the registration form, a verification link will be sent to the email address you provided. Click on the link in the email to activate your account.
2. Once your account is active, log in to Fraud Notify and click "Continue" on the disclaimer page to go to your Alerts page. Follow the instructions to create Alerts for your individual or business names so you can receive notifications of new recordings using those names. Be sure to click the save button to save your Alerts.

Government Affairs Committee Mission Statement

Thank you for another busy and successful season this year. Our new rates and membership information for the 2025-2026 season is now available on the website. Also, important dates regarding golf course maintenance and our greenside bunker project are below.

Our last Chip & Putt event is May 1, The Grille at The Turn will be open May 3 and 4 before closing down for the season.

On Monday, May 19, the bunker project begins, and the greens aeration starts with the back nine being closed for the day. The front nine will be open for play. The following day, we will aerate the front nine and open the back nine. When booking starting times, please indicate whether you will play nine holes only or play the same nine twice.

Starting Tuesday, May 27, the fairways will be top-dressed, and solid-tine aeration begins on the back nine, which will be closed through Thursday, May 29. The following week, June 2-4, the front nine will be closed for aeration.

Thank you again for a great season, and we look forward to continuing to serve you.

Director of Golf Maintenance - Michael Kropf

mkropf@suncityorovalley.com 520-917-8063

May is going to be a very busy month for the Golf Course Maintenance Department. Not only is the greenside bunker project starting Monday, May 19, but the normal summer maintenance schedule starts on that day as well. The pro shop has posted the summer maintenance dates starting with greens aerification May 19 through overseeding in September.

Rumors continue to swirl that the golf course will not be overseeded this year. This rumor is entirely false. Overseeding will occur as usual Monday, September 15. The presentation about overseeding to the community that occurred in February was just for informative purposes about the pros and cons of overseeding to the long-term health of the golf course. It was never meant to be an announcement of not overseeding this fall. This year, the overseeding will be expanded to include overseeding the collars/aprons around the greens.

May also starts the process of transitioning the fairways and tees from the overseeded ryegrass back to the underlying bermudagrass. The rye is chemically removed slowly, the mower heights are lowered to get sunlight down to the bermudagrass, solid and core aerification is done to improve water and oxygen infiltration to the roots and sand topdressing is applied for organic matter maintenance. The whole process takes a lot of time and effort, but the result is that the golf course gets healthier.

Remember, the process of transitioning the two grasses isn't pretty, and the playing conditions suffer while the bermudagrass recovers. The conditions will improve by early July.

This Easter was absolutely wonderful, a real standout. The buffet was nothing short of spectacular, so incredibly yummy that folks just couldn't stop talking about it. Picture this; tables loaded with every delicious dish you could imagine, everyone digging in, laughing, and going back for seconds, maybe even thirds. It was one of those moments where you could feel the joy in the air, a perfect way to kick off our spring celebrations.

Now, we're turning our sights to what's coming up next, and it's shaping up to be just as exciting. We're pulling out all the stops to make Cinco de Mayo a day to remember. There will be all the vibrant flavors you'd hope for, think spicy, savory, and everything in between. To wash it all down, the drink specials will be amazing, including \$4 margaritas flowing from 3-8. It's not just about the food and drinks, there is extra fun lined up too, so bring your sombreros and get ready to join the party. It's going to be lively, colorful, and a total blast for everyone.

Then not too long after, there's Mother's Day and it will be extra special for all the incredible moms out there. There will be another delightful buffet because who doesn't love a feast that keeps on giving? What a lovely way to honor the mothers in our community giving them a day to relax, enjoy some fantastic food and truly feel appreciated. Expect warm vibes, happy faces, and plenty of treats to go around. Finally, here is the cherry on top: as the season starts winding down, The Views restaurant is here to help seasonal folks make the most of it. If you're thinking about throwing a party or two before you head home, we've got you covered with catering that will make your gatherings unforgettable. Whether it's a big bash to say goodbye to friends or a cozy get-together to soak up the last of the sunshine; we'll bring

the food, the flair and everything you need to send off the season in style. It's the perfect way to celebrate all the good times you've had before heading back to your home bases. So, there you have it, a lineup of delicious buffets, festive plans, and plenty of opportunities to keep the party going.

Caryl Thornton's "Desert Dreamscape", mixed media/collage art

Have you seen the new art in the Activity Center? Did you know that every three months, this art is refreshed? This process takes approximately 4 hours, and a team of wonderful volunteers who collectively tackle this job. These volunteers remove existing art, coordinate the return of art to artists, collect new art, ensure hanging materials are correct, gather new art information for the placard hung next to the piece and hang all items in eye-pleasing gatherings.

Thank you to all the Art League Volunteers for their jobs well done.

Many Clay Club members contribute to the success of our club. From the Education Team to the Studio Maintenance crew, each one of us is necessary to continue operating our club efficiently.

The summer season arrived quickly this year, but our responsibilities remain. At any given time that you visit the clay studio, you may see members storing clay in the supply closet, the Kiln Team loading the bisque kilns, potters giving instructions on the wheel, or a whole crew cleaning, dusting and organizing the studio.

Upon entering the glaze studio, you may find the Glaze Team mixing buckets of glazes or the Orientation Team in-

structing new members on our many glazes.

Let's be sure to acknowledge our Clay Club officers who manage to keep track of all of these activities so well.

Our last general meeting before September is Thursday, May 1, 1 pm, AC/Kiva.

Members of the Gourd Club had great fun on their field trip to Wuertz Farm. They were searching for the perfect gourd for their next project and their choices were endless. Please feel free to visit us in the Lapidary Room, Artisan Center, to see our artists at work. We would be more than happy to show you our current projects. Our members are always willing to help newcomers and seasoned artists as

well. We have everything you need to get started. You might be inspired to join us.

F-4C

Col. Robin Olds flew this F-4C Phantom fighter during the Vietnam War. The North Vietnam air force Mig jets were ambushing the bomb laden USAF jets. Col Olds devised a tactic that allowed the Migs to think they were attacking bomb-laden jets, but instead Col. Olds had 20

F-4C fighter jets waiting for them. Most of the Vietnam air force was wiped out in a few minutes.

Join us at any of our twice monthly meetings. The first meeting is the second Friday, Catalina Vista and second meeting on the fourth Friday, Modeler's room. Social time starts at 8:30 am for donuts and coffee. We share our projects, techniques, and some great stories afterwards. All visitors are welcome and appreciated.

Our next Catalina Vista meeting will feature a presentation of Area 51 by a club member. Look for an announcement in the weekly newsletter.

Wed., 1-3 pm, ART/Sewing

Cheer Bears is a group of people who enjoy sewing and who care about bringing happiness into the lives of children in distress. We donate our bears to groups that can get our bears into the hands of someone who needs to be warmed by love. Sewing is not all this group does though. We spend time getting to know each other, find out where to go for the best haircut or pedicure, or get recommendations where to find a favorite meal. And at least once a quarter, we meet for lunch together. We share and bring cheer wherever we go. Would you enjoy sharing with a group like that? If so, come join us and sit at our table in the sewing room on Wednesdays 1-3 pm and share time while creating "LOVE". Thanks again to the tennis club for their generous donation. We always put donations to good use.

Fused glass pieces ready to be fired in small kiln

Is it getting too hot? Cool off in our air conditioned studio learn how easy it is to create fused or stained glass pieces. Stained glass is the term given to art created by cutting out pieces from stained glass sheets and soldering them together, using either lead came or copper foil. Stained glass art can be many sizes and

designs, from the smallest suncatchers to large windows. Fused glass refers to pieces of glass that are melted, or 'fused' together in a glass kiln. Glass fusing can create jewelry, dishes and bowls, vases, and glass paintings. Visit our studio located in the Artisan Center, where you can view some of the wonderful stained and fused glass creations made by our talented members displayed in the windows. Also, visit our club website for more details on our classes and social events.

The Woodworking Club would like to thank the volunteers that joined in on April 5, to build toy cars for the Seniors for Kids program. Your time and efforts are always greatly appreciated. As a reminder, any member wishing to become a monitor is asked to see the monitor on duty, and we'll help get you started.

For May, we will highlight another talent in woodworking, the refurbishing of existing wooden creations. This

month's offering is from our President, Gary Casner. Gary has a talent for taking old and/or damaged wood furniture and making it look new again, while maintaining the original character of the piece. Pictured is an early to mid-20th century telephone stand. I remember seeing one in my aunt's house in Brooklyn, New York. On it was a 1930's Ericsson B\ bakelite telephone (look that up). Artist's conception of images made by NASA's Hubble and Spitzer telescopes.

Thursday, May 15, 7 pm, AC/Navajo Room this month's guest speaker is Dr. Aaron Meisner, a staff astronomer at National Serc Foundation NOIRLab/Rubin Observatory in Tucson. His research uses infrared images from the James Webb Space Telescope to search for cold nearby worlds, including brown dwarfs in the solar neighborhood, wide substellar companions and the hypothesized Planet Nine. He will discuss the Backyard Worlds citizen science project, which combines big data, machine learning and crowdsourcing to hunt for our coolest and most extreme Milky Way neighbors — brown dwarfs — using NASA infrared sky maps.

This image, taken with the NASA/ESA Hubble Space Telescope, shows a near-infrared-light image of a brown dwarf located 170 light years away from Earth. Although about the same size as Jupiter, it is only about 30 times the mass of Jupiter, making it too small to sustain nuclear fusion to shine as a star.

Surely we all remember the well-known fable about a race between a tortoise and a hare, as well as the lesson about how "slow and steady" allowed the unexpected contender to beat the clear favorite. Of course, it was not meant as a lesson in where to place your bet and club member Doraine Bennet only uses the famous story as the inspiration for a modern and cleverly entertaining poem:

Tortoise or Hare

I would be the tortoise
If I could choose.
Tender parts
Carefully guarded
By a hard green shell.
A portable hiding place
For those awkward moments.
No need to run,
Just pull in the appendages
And breathe slowly
Until the danger passes.
But some pernicious muse
Had other plans
And without consulting me,
Took my secrets
And made iambic feet of them.

We're now zooming every week and welcome new members.

Conscious Aging

Pres. Phyllis Burks 520-245-2785
 SCOVConsciousAging@gmail.com
 Wed., 9-10:30 am, AC/Navajo

Conscious aging is about the inner work of reorienting ourselves as we turn from our roles we assumed while managing careers and tending families, to turning inward and cultivating a deeper awareness of who we are now. Our goal is to discover how to face the known and unknown challenges of aging. With the help of our community, we are pondering the questions: Who am I? What are my values? What do I believe? What matters most to me? This inner work is supported by mindful movement such as qigong, guided meditation and book study, which draws from psychology, sociology, metaphysics, philosophy and meditation. Conscious aging is about accepting who we are now. Our meetings consist of a short period of easy mindful movement, followed by guided meditation and discussion. Please contact Phyllis for information or email the club.

The shorter summer format is 20 minutes discussion of mindfulness readings followed by 25 minutes silent sitting meditation. We encourage everyone to come regardless of their experience or background. We welcome all to steep themselves in the insights that arise from the stillness of silent meditation in a supportive group of other meditators.

For more information you may arrive a few minutes early to ask those who regularly attend or email Bonnie.

Performers' showcase as scheduled

Thank you to all who attended our Showcases and/or Spotlights. The response has been overwhelming, and we really do appreciate all the positive comments. We had a great season. The variety of talent was amazing.

We would like to recognize all our club members who have dedicated their time and talents through collaboration and cooperation to bring music and entertainment to our community.

Club members will continue to sing and play all summer to stay in shape for the next season. If you have not joined us yet and want to share your talent in a warm, accepting atmosphere, we hope you will. Weekly workshops will resume in October. Look for updates in the October *Tipster* and This Week in SCOV.

Prepare & Share - Dinner Club

Pres. Debbie Kotlarek dlkotlek@gmail.com 262-899-5810
www.scovprepareandshare.weebly.com

Prepare and Share is a great way to get to know some of your SCOV neighbors and friends who enjoy cooking and eating interesting food. Monthly themed dinners are scheduled December through March and are held in members' homes. Since everyone brings part of the meal, it is not a huge effort for the hosts. There are also special dinners throughout the year, including the summer months. Check out the Prepare and Share website for details regarding upcoming events. If you have questions or would like information on joining, contact Debbie Kotlarek at the email address above.

Fourth Sun., 2 pm, AC/Navajo www.SCOVstayinginCharge.org

High winds, high temperatures, dry lightning. Fire season is upon us. This month, the Staying in Charge Club gets together Sunday, May 25, 2 pm, AC/Navajo Room to share short and long-term measures we can take to minimize how vulnerable we are to fires. We are not as vulnerable as Californians, but several fires started near Oracle Junction in March. What if it had been hotter and windier? Research has shown that burning embers can travel more than a mile on the wind. Since we live so close together, neighboring homes and vegetation are part of our community's vulnerability. We will talk about the Firewise USA Program, a voluntary program helping communities get organized and take action. Also, share your ideas and concerns. What news channels, apps, and evacuation plans are helpful? Are you working on landscaping hazards? Do you know where your gas shutoff valve is?

Exercise

Aqua Tone

Irmel Wheeler 520-334-0957 irmel5596@gmail.com
Tue., Thu., Sat., 9 am, AFC/Pool

Aquatone is a toning water workout that incorporates a variety of rhythmic body movements. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

There is no fee to join this club or the class. The teachers are club member volunteers. Participants should be able to do a basic swim stroke. The items used in the class are

buoys, boards, noodles and fitness bands. Most of these items are available at the pool. We assign an experienced member to a newcomer to help learn the various movements. We enjoy a great workout in a fun class.

Arthritis Water

Pres. Norma Waters normawaters1@hotmail.com
Vice Pres. Andrea Houston ahoust2@lsu.edu
Fall and Winter Hours - Mon., Wed., Fri., 10 am AFC/Pool

It's May. Our meeting time is changed to 10 am. Come join us Mondays, Wednesdays and Fridays. The Arthritis Foundation recommends meeting when the air temperature is 77 degrees or warmer.

Our club performs gentle exercises which target all muscles. The exercises are used by several health organizations to increase strength and balance, mobility and flexibility.

Exercise is helpful in managing arthritis, fibromyalgia, replaced joints, etc. Some new members have expressed surprise at how quickly the first sessions had already increased their abilities to move. Others comment on improved stamina.

New members are always welcome. Our members are fun, accepting and welcoming. We frequently hear, "I came for the exercises and love all the friends I have made."

The first class is free. Yearly dues are \$5. There is no fee per class. Hope to see you there.

Energetic Exercise

Pres. Peggy Smith 520-400-8659 pdsaz@aol.com
Mon., Wed., Fri., 8-9 am, Auditorium

The goal of Energetic Exercise is to develop and maintain strength, balance and heart health. Members receive a monthly calendar with the focus of the day, such as aerobics, cardio-tone and interval training. Equipment such as hand weights, resistance bands or balls add variety and are always optional. Everybody moves at their own pace and adjusts to individual needs. Dress is casual with sports shoes required. Membership in the Energetic Exercise Club costs \$3/year. For classes, members purchase a 12-class punch card for \$30. Newcomers can try a class for \$3.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
Mon., 3 pm, Thu., 1:30 pm, AFC Studio 1/2

To get the full benefits of Pilates a person needs be patient and, at first, take a little time performing the exercises as they may be different from those you are used to doing. However, they are fun, interesting and challenging. Pilates can even become addictive.

It teaches proper balance, breathing, how to focus on your core (abdomen and back muscles) and movement control. The constant movement from one exercise to another results in developing more strength and stamina. Even posture is improved.

The spine lengthens and joint flexibility and mobility increase. SCOV has two experienced instructors who teach the mat Pilates classes and, if necessary, modify some of the moves for us. The cost is \$8/class and the annual club dues are \$20 pp. Please stop by and watch a class. Call Mary if you are interested.

Sunrisers Exercise Club is a one hour class that will get your day going. We meet on Monday, Wednesday and Friday, 7 am, AFC 1/2. On Monday and Friday we incorporate weights into the program and on Wednesday we add a balance program. We have all levels of participants. This is your exercise program. There is no charge for the class or to join the club. Come and give us a try.

Tai Chi

Gail Barr 303-995-7485 SCOVTaiChi@gmail.com
Thu., 10-11:30 am, AFC Studio 1

Tai chi is a gentle, low-impact exercise with many health benefits available to people of all ages and fitness levels. Classes are taught in 10-week sessions and are offered three times per year in the fall, winter, and spring. The next course will begin in October. Practice sessions are available year-round for club members. Plan to join us in the fall to learn this meditation in motion. Beginners and newcomers are welcome. Birders

Peggy Smith 520-344-0991 pdsaz@aol.com
www.scovbirding.wixsite.com/birdersgroup

Photo credit Debby Bluem

Wild turkeys have become more common here in southeastern Arizona, and especially in Madera Canyon, where we often go birding. This photo was taken on our March 27 trip to Madera Canyon where a male turkey, in full display, was trying to impress a bunch of females. He sure impressed our group of 27 that found 46 species of birds that day.

We are a 140+ member, activity-oriented group and all SCOV residents are invited to join us on our field trips to learn more about the birds in Arizona. As the weather heats up, we enter our summer hiatus but will return to active outings in the fall. If you are interested in knowing more, contact Peggy Smith (above). Also, ask to be added to our mailing list

Bocce

Mike Miesen mikemiesen@gmail.com
www.scovbocce.weebly.com
Mon., Wed., Fri., 7-9 pm Bocce Courts

The warm weather has arrived, so the Bocce Club will meet Mondays, Wednesdays, and Fridays from 7-9 pm beginning May 1. Bocce is one of the few sports activities that continue through the summer so come and join us for some fun and fellowship. Newcomers are always welcome and may play once without joining the club. For more information and to learn the rules of the game, go to our website (above). To reserve a court during non-club times, check the Court Reservation System on SCOV's website.

Gun Club

Pres. Joe Noll 229-894-0412 janoll41@aol.com
Second Wed., Oct.-May, 2 pm, CV/Mt. Lemmon

The SCOV Gun Club stresses safety and education on the proper handling of all firearms; pistols, rifles and shotguns. Discussions this year include cleaning and lubrication of firearms, function and operation, shooting positions, ballistics and basic reloading procedures. Speakers include certified firearms trainers, veterans, law enforcement and legal professionals. All interested persons are encouraged to attend, regardless of experience.

Hiking

Pres. Bernie Rosling bdros2010@gmail.com

Jale O'Neill and Jim Williams present Rudi Penzmann with honorary plaque

At the March annual meeting, Jim Williams, club historian, related that the club was chartered 30 years ago in 1995. He gave a short speech in recognition of Rudi Punzmann, one of the founding members of our club and a past president. He led hikes before the club was chartered, including hikes sponsored by Del Webb to intro-

duce prospective buyers to the nearby mountains. Rudi was an orientation hike leader and founded the wine and cheese party tradition after each annual meeting. Jim and club President Jake O'Neill presented Rudi with a plaque recognizing his accomplishments and commitment to the club. The Club welcomes new hikers of all ages and skill sets. To hike with us, sign up for an orientation hike, officially join the club (\$10 annual dues), and you're all set. Orientation hike dates and signups are located at www.scovhiking.org

Successful fundraisers for Southern Arizona Foodbank.

May is a transition month as the heat visibly affects player schedules. Morning and early evening play is very popular. Please stay well hydrated before, during and after play. We send a shout-out to a busy and loyal maintenance crew who day by day keep our ball supply stable, nets set to proper height, courts blown off and equipment organized and inventoried. The handyman abilities are very appreciated. Thanks, Ralph, Nelson, Steve L, Larry L and others. Join the club and the fun.

POP Tennis

Pres. Sharon Kennedy 206-786-4211 Kennesk@comcast.net

Grill master Jerry Moss

A good time was had by all at our Spring BBQ the end of March at Desert Oasis. President Jerry Moss manned the grill, cooking up hamburgers and franks.

It's May and the seasonal residents are gone. But there are enough full-time residents to keep the games going. If you have ever played in the past and want to get reacquainted with the sport, or if it's something you'd like to try, come join us. Court time is 7-9:30 am, Monday, Wednesday and Friday. Spare rackets are in the storage room; we supply the balls. Just be sure to bring safety goggles. If interested in joining, contact any of our officers. We're an intimate club and enjoy socializing with each other, especially at the Bistro following our morning matches. Annual dues are only \$5. We have our Annual Meeting/Potluck in January and Spring BBQ in March.

Table Tennis

Co-Pres. John Smith john@buteos.net
Co-Pres. Peggy Smith peggy@buteos.net
Tue., women 1:30 pm; all play 2:30-5 pm
Thu., all play 4:30-8 pm
Sat., Club members 9-10:30 am; All play 10:30-noon
Sun., all play 1-3 pm. All play is at Catalina Vista

Summer is coming so plan ahead. If you are a hiker, tennis or pickleball player consider the fun sport of table tennis (ping-pong). During the summer, we play in an AC environment, rain-or-shine. So many of our members claim that they played as teens, but their skills have obviously gotten rusty. Contact John or Peggy above, and we can arrange a short tutorial for you and link you up with other beginners, although we don't typically differentiate by skill level. We play both singles and doubles and laughter is the common denominator. Just ask any of the monitors at Catalina Vista if the players are having a good time. Dues are only \$5 a year and you need not pay until you feel you are ready to join. Contact either John or Peggy above for more information.

Tennis

Pres. Mark Lankes mjlanke@yahoo.com

For a schedule of club play and membership, go to www.scovtennis.com

As we say goodbye to our seasonal friends, tennis keeps on going. Look for earlier starting times as heat rises. We

had a great season with some new additions such as our website, www.SCOVTennis.com, and Wednesday Nite Lites. We had new tournament winners and made new friends. Our women's and men's teams were competitive and fun to watch. We had a great outing at the University of Arizona to watch the U of A men's tennis match and dinner afterward. Before you know it, we will be starting up again in the fall. So keep an eye on the scheduled activities, look for pictures in the gallery, and read the weekly news at www.SCOVTennis.com.

Wallyball

Pres. Jill Rowen, 615-417-8557 jk11615@gmail.com

VP Gene Ostrowski 571-246-2171 gene.ostrowski74@gmail.com

Treas. Deb Ostrowski 571-246-2117 mizdj11@aol.com

Competitive play Tue. and Fri, 12:45-3 pm, AFC/Racquetball Court

Wallyball is volleyball played on a racquetball court, with three to five players on each side. It is fast, fun and a great workout that tones muscles and improves coordination. Players use the walls to create angles on shots but cannot use the ceiling or back wall of the opposing team. We

welcome new members, both men and women. Come see if the game is for you.
