From the Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online. Board meetings are open to residents.

Board of Directors - Eileen Buskirk Director

eileenbscov@gmail.com

Many of us make New Year's Resolutions. A resolution to get more involved in your community becomes very satisfying. Tod Milton's article last month talked about the invaluable contributions made by committees as they assist the Board of Directors (BOD) by identifying issues, proposing solutions and implementing plans. All of these make SCOV such a great place to live. Now is the time to share your talents, knowledge and skills by joining one of the 24 different committees.

To get an understanding of what each committee does, go to the SCOV Web page, in the Members section select "committees." Each committee will have a posted Charter describing the purpose and goals of the committee. On this same page will be a link to the volunteer application. On the application, a list of all the committees, as well as a space for areas of expertise and interest. If you are concerned about making a commitment that may require more time than you feel you can manage, list your experiences and tell us the time frame when you can to help with a special committee or a task force that is organized with a specific goal. This year at the Club Fair we'll have committee members available to talk about the impacts committees have on the lifestyle we all enjoy.

In March, SCOV will elect members to the BOD. In April, the President of the BOD appoints committee chairs to Board Committees with the input and approval of all the BOD Directors. The Committee Chair will select potential members from the volunteer applications. The single most important qualification is the desire for SCOV to be a thriving community filled with active, happy residents.

The ultimate opportunity to volunteer is to be on the Board. Your skills, experiences and insights can be an integral part of helping create an exciting future for your friends, your neighbors and your community.

General Manager - Sandy Seddon

sseddon@suncityorovalley.com 520-917-8080

Time sure does fly when you are having fun. I am so happy to be the General Manager at Sun City Oro Valley and to work for all of you. I am now starting my seventh month and am grateful to be a part of such a beautiful community.

I want to take a moment to express my heartfelt gratitude to all the homeowner volunteers in our community. Your dedication and hard work make a significant difference, contributing to the well-being and vibrancy of your community. Thank you for your time, effort and passion in supporting various projects and events. Whether you are organizing gatherings, maintaining common areas, or serving on committees, your commitment does not go unnoticed. We could not do it without you.

If you are thinking about stepping up to volunteer, I want to encourage you to just do it. Volunteering is a wonderful way to meet your neighbors, share your skills and help foster a sense of community. Every little bit of time and effort counts, and together we can create a more vibrant and welcoming environment for everyone.

As we welcome the New Year, let us embrace hope and happiness within Sun City Oro Valley. May this year bring renewed spirit and unity among neighbors, fostering a supportive community where everyone feels valued and connected.

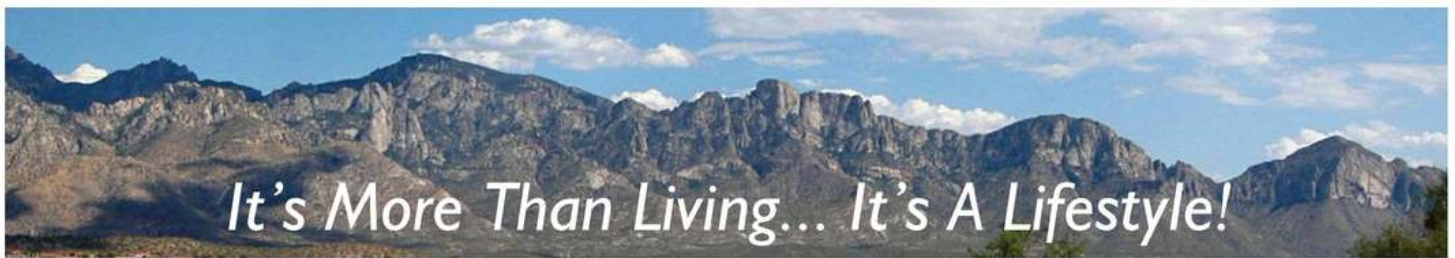

Let us work together to create joyful moments, celebrate milestones and support one another through challenges. Here's to a year filled with friendship, collaboration and the shared vision of making your community a wonderful place to live. Wishing all homeowners a year of peace, prosperity, and positivity. Happy New Year.

Update: SCOV Transiti- ing to Northstar Software

The transition continues as we shift focus to integrating various reservation systems, including lap lanes and courts (currently managed through Court Reserve), fitness classes (Punch Pass), ticketed events (Ticket Spice), room bookings (Skedda), and the communication platform (Constant Contact). Staff are actively learning and testing these systems, a process that involves deconstructing existing platforms and reconstructing them within the Northstar framework. As you might imagine, or may have experienced, this involves encountering challenges, troubleshooting, resolving issues and moving forward in a repeating cycle. It's a process that is at once challenging, frustrating and rewarding.

Meanwhile, the website is undergoing review and updates, with the aim of launching to members by late March. The new member portal will offer a range of features, including property details, profile updates, community directory, visibility management, balance viewing, ticket purchasing and reservation capabilities. These functions will also be accessible through a companion App.

This transition represents both a challenge and an exciting opportunity for improvement. Thank you for your continued patience and support.

Tribute to Marsha Dean, Tipster Editor

We are saddened to share that our colleague and SCOV employee, Marsha Dean, passed away on December 6, 2024. Marsha worked for SCOV from August 26, 2016, until April 2024, when she took extended leave due to illness. While Marsha was private about her health journey, she showed incredible dedication by assisting us in transitioning portions of her responsibilities during her absence. Her position was held in the hope of her return, but unfortunately, it was determined she would not be able to resume her duties.

As the Tipster Editor, Marsha raised the bar for the magazine, bringing stunning covers, exceptional editing, and engaging, thoughtful articles, including the page 4 marketing pieces. Her insightful contributions were deeply valued by coworkers, committees, and residents alike. A dedicated employee, Marsha played an essential role in supporting community programs and initiatives.

During her tenure, Marsha received her 5-year recognition with SCOV. She also served as the liaison for the Community Directory and managed print advertising campaigns, such as the Arizona Star Reader's Choice Award and Best of the Northwest. One of her standout achievements was her integral role in the development of the 'SCOV is Fun' campaign. This included commissioning Susan Libby's whimsical watercolor painting that beautifully depicted SCOV's vibrant activities, as well as designing playful 'Margaritaville'-style signage that encapsulated the joy of living in our community.

Marsha's contributions extended to significant events, such as the grand opening celebration of the Activity Center. Her professionalism, creativity, and dedication exemplified the excellence of SCOV.

Marsha will be fondly remembered for her remarkable impact on our community and will be greatly missed by all who had the privilege of knowing her.

Community Services - Katy Mosier

Architectoral Coordinator Katy Mosier project@suncityorovalley.com 520-917-8058

The New Year is a time for reflection and "starting over." Over the time you have lived here, many of you have made upgrades to your homes. In most cases, these changes were approved by the Architectural Review Committee before construction. However, for one reason or another there have been times when some have failed to go through "the process" either because they did not know it was necessary or did not feel it was necessary. Regardless of the reasons, our governing documents (to which we all agreed when signing at escrow) clearly define what exterior projects need the approval of the ARC in advance of work. Those upgrades such as roof lift and relays, replacement windows, room additions, patio screens and covers, rolling sunscreens, walls, fences, gates, house paint and awnings all need prior approval.

If you have installed a new roof, etc. without the approval, it is important to update your resident file by going through the process. Your resident file will be up to date when it is time to sell your home, and you will avoid the hassle of trying to bring your property into compliance at that time.

New Year, New Exercise

It's a new year, and maybe you've resolved to start an exercise program. If so, good for you. Getting regular physical activity is one of the most important things you can do. And it's one of the most common New Year's resolutions among Americans each year. Just make sure you start off on the right foot with these helpful tips: take it slow, set small goals. After all, you're in this for a lifetime. Talk to your doctor before getting started especially if it's been 8-12 months or longer since you've last exercised, you've had a large weight gain, or you've had a noticeable change in health. Evaluate your personality. Do you like to exercise alone, in a large group, or with a partner? The answer to this question will help you decide what type of exercise will keep you motivated to stick with your new routine. If you're exercising outside make safety a priority. Dress for the weather, wear reflectors and light colors, if you'll be out when it's dark and carry a cell phone with you.

Special Note from the AFC:

Orientation on how to use the gym equipment is held Thursdays, 1 pm so stop in and sign up. Classes are limited.

Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation page 2.

Tuesday, January 14, the AFC pool and spa will close for cleaning and shock treatment; it will reopen the following morning at the regular time.

Tuesday, January 28, AFC Spa closed for cleaning; it will reopen at 1 pm.

The Government Affairs Committee hosted Coffee With a Cop December 3. SCOV residents met with Chief Riley and Command Staff Officers Young, Wright and Thomas.

This is a regular event where residents meet informally with members of the department.

We try to schedule this event twice each year. In addition to taking questions, Chief Riley informed us that *Entrepreneur* magazine rated Oro Valley the wealthiest and safest place to retire in the US.

Nominating Committee

Don Wheeler, Chair

Most Mondays Dec.-Feb. 3, 1 pm, WC2

Would you enjoy giving back to your community by serving on our Board of Directors? As you know, the soundness and quality of our community depends on strong volunteer Board members.

Your Association is seeking candidates for the Board of Directors. The March 2025 vote will fill three director positions, serving three-year terms. According to our Bylaws (5.1), from January 1 until - 6 am of the day before the fourth Tuesday in January, any Member of the Association, in Good Standing, may submit to the Nominating Committee a statement of interest on a form (hard copy or electronic) provided by the Association. The link to submit the statement is found on the Hot Topics, Vote 2025 webpage.

You are invited to attend an informational meeting "What to Expect as a Board Member" Monday, January 13, 1 pm, Kiva. This meeting has been informally structured for one hour to include expectations, time commitment, an overview of the community's financial position, candidate support during campaigns and a question-and-answer segment. All residents are welcome; however, the agenda is geared to those interested in serving the community in a Board capacity either this year or in the future. Attendees are not expected to commit to running at the meeting, and the Nominating Committee will provide additional information, upon request.

Please plan to attend as our community needs people who are dedicated to the idea of preserving and improving our quality of life. Regardless of your background and experiences, everyone has something they can bring to the Board table. It is a fulfilling experience and has many positive rewards.

Thank you for your consideration in running for the SCOV Board of Directors.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

As we embark on another exciting golf season, we extend our warmest wishes for a wonderful holiday season and a joyful new year. We are thrilled to continue serving your golfing needs in the year ahead. The new year marks

the change to winter golf rates through April 20th.

On January 11-12, we host the Oro Valley Senior Championship. The event attracts some of the best amateur golfers in the Southwest. The field is limited to the first 60 male participants, 50 years and older, with a USGA handicap. Eligible participants must have a 9.0 index or lower for either Division to play in the event. The Championship division will play from the black tees, and the Open division will play from the blue tees.

Mark your calendar for Friday, January 31, 10 am-3 pm, when we host our annual Helicopter Ball Drop and Demo Club Fitting Day. This event promises fun, music and great barbecue. Book an appointment to try out the latest equipment from leading golf club manufacturers, including Titleist, Callaway, Taylor Made, Cobra, Srixon, Cleveland and XXIO.

The Helicopter Ball Drop is a 50/50 fundraiser benefiting the Men's and Women's Golf Associations. To participate, you can purchase golf balls at the following rates: \$10 per ball, 3 balls for \$25, 7 balls for \$50, 15 balls for \$100.

The helicopter will drop the golf balls at approximately 1 pm at The Views Golf Club Driving Range. You can buy golf ball(s) until 5 pm Thursday, January 30, at the Pro Shop. The three balls closest to the hole will be declared the winners. After distributing the 50/50 split, the prize fund will be distributed as follows: 1st place receives 50%, 2nd place receives 30%, 3rd place receives 20%. The total number of balls sold will determine the final prize fund distribution. Should you require any assistance with your golfing needs, please don't hesitate to contact us. We appreciate your continued support and look forward to welcoming you back to the Club soon.

Director of Golf Maintenance - Michael Kropf

mkropf@suncityorovalley.com 520-917-8063

Happy New Year. January is the time of year when the normal activities in the golf course maintenance department really slow down. The cooler temperatures decrease the growth rate of the grass, so the amount of turf maintenance is reduced. Less fertilizer, water and mowing are required to maintain good turf health. This allows our department to catch up on other areas of the golf course that we don't spend a lot of time on during the rest of the year.

Several years ago, we started root pruning around tee complexes with our trencher. The turf on some of the tees struggles with transition in the early summer due to heavy golfer traffic, limited sun from trees and tree roots growing under the turf, which compete with the grass roots for water and nutrients. The branches are continually trimmed over, but the roots aren't removed very often. The trencher cuts the tree roots outside the turf edge and all the roots under the tee are no longer able to compete with the grass. This winter we will again be going around tees that are impacted by nearby tree roots.

Installing drainage in chronically wet areas around the greens is an ongoing project. This winter the right side of #5's approach and the left side of #8's approach in the grass trap will have drainage installed. The drain on #5 will be tied into the existing greens drain, and the pipe on #8 will be run out into the wash.

Golf Advisory Committee

Chair Mel McIntyre

golfadvisoryscov@gmail.com

First Wed., Nov-May 2 pm WC3 and Zoom

Golf Advisory has its monthly meeting the first Wednesday of every month at 2 pm in WC 3, residents are welcome to attend. Superintendent Michael Kropf continued to stress the importance of proper golf cart etiquette. With over 60,000 rounds of golf each year, it is essential we keep carts out of staked off areas. Michael also expressed his preference to use the 90 degree rule. Another reminder is to park with all four wheels on the cart path.

Rick Price led discussion on equitable ways for residents to make tee times. The Pro Shop has an almost impossible task with the amount of demand for tee times during the winter months. Rick also pointed out that virtually all the rounds played in the winter months are by residents. No outside events are scheduled from November through April except those sponsored by SCOV.

Hole in One Team

We are 85 strong and growing in numbers every month. You can easily join online. If you do join, be sure to pay the \$10 Hole-in-One insurance. The pot is pretty big, and you just never know.

And remember, "Half the time, Twice the fun".

The holidays are over and as of this writing, we still do not have a Hole-in-One. We have great hopes that one of the guys will manage to sink one in January.

The next meeting and bash will be Thursday, February 6, and we will try The Views Restaurant catering for that meeting. By doing that, we will reduce the cost we have been incurring and therefore enable us to return some of the money to the members in the form of lottery gift cards.

We play on Thursday mornings.

Last year, in the January *Tipster*, we reported the big news that our member Christine McCreedy, made a hole-in-one November 19, 2023, on hole number three. The big news, this January, is that she received \$620 for that hole-in-one. She is pictured with our treasurer, Yvette Schultz, receiving the check at our November meeting. Because no one had received a hole-in-one in the prior season her cash winnings were essentially doubled. Congratulations Christine.

We were delighted to have two additional members in December. They are Cyndi Brooks and Connie Nielsen. We now have 60 members. It is not too late to join our league. The heart of our season is about to unfold with our President's Club, State Medallions, our Club Championships, the ever popular Solheim Cup and more. Community Foundation

Pres. Chuck Rommell 520-850-8910 FoundationSCOV@gmail.com
Fourth Thu., 1 pm, Catalina Vista www.foundationscov.org

Why donate to charity? First, it feels good to help others. Studies show that charitable giving has a positive impact on our level of happiness. We tend to feel better about ourselves.

Second, it strengthens the community. When we give back to our community, it helps us feel more connected to each other, the place we live and the quality of life we enjoy. Donating helps us improve our community and positively impact the lives of others. Every dollar given to the Sun City Vistoso Foundation goes to support Sun City clubs and activities, as well as adults and children in the greater Oro Valley area. Examples of prior donations include charities supporting cancer research, local food banks, veterans, and clothing and gifts for children to name a few.

No one said it better than Helen Keller. "Alone we can do so little. Together, we can do so much."

Patti Ullmann, Gin Chambers and Debi Hensley

Recently, after visiting a local craft fair at Tohono Chul, Patti Ullmann became inspired by a local artist's work. She noticed a paper bag made out of clay and thought it was a cute idea. Patti created a pattern and shared her ideas with others. She said, "It was fun trying to figure out how to put the bottom on and then to structurally form the side and top of the bag."

The outside of the bag will remain unglazed, while the inside will be glazed with one of the clay studio's dipping glazes. Patti noted, "People might consider visiting art fairs for inspiration for their next project."

Our next general meeting is Thursday, January 2, 1 pm, DO/Saguaro. Our 2025 Board will be introduced at this meeting, and much helpful information will be discussed.

Thanksgiving Open House

Pictured is the Modeler's room open house at Thanksgiving where we had 172 visitors. We gave away several aircraft model kits to young visitors. Visitors enjoyed the train set up and watched the trains move around in several

environments. We sponsor these open houses twice a year, at Thanksgiving and Christmas. Look for those dates in *Tipster* and newsletter.

Come join us at our two meetings every month. The first meeting is the second Friday of the month, Catalina Vista and the second is the fourth Friday, Modeler's room. Both meetings are at 9 am with donuts and coffee available at 8:30 am. Come and discuss your models, or listen to members and guests discuss their models and history about the objects represented. Visitors are welcome and we hope to see you one day.

If you are interested in becoming a member or learning more about our club, stop in or contact Dale Foster. Our sculpture pieces are in the glass case and art room window inside Catalina Vista, a showcase outside of the library and inside the library.

The picture shows projects that Bill Stovall has completed in the Wood Carving Club and in Sculpture. The four Christmas scenes on the bottom of the picture are carved out of wood and the replicated scenes on the top are made with polymer clay. There are many differences between carving with wood and sculpting with polymer clay. With polymer clay it is easy to repair mistakes such as filling cracks or gouges. If needed, adding additional clay after the initial bake, and re-baking, or if material needs to be removed clay can be carved or sanded.

Wed., 1-3 pm, ART/Sewing

As the Holidays land on our plate, we need to look back over our year and realize how thankful we are for the help we can provide for the community. In doing so, we are giving joy to the children and hospice patients who receive the Cheer Bears. Living Is Giving and Giving Is Living.

We are sending our bears to their new homes this month with the toy distributions in full swing. Many children need extra comfort in these trying times. We need to add new bears to be sent out in the year to come. Please come and join our cheery group.

If in sorting and cleaning out, you find some polyester fiberfill, we are in need of it to plump up the tummies of the bears. Donations are always accepted.

Once again Casa Amigas sewed and delivered several hundred Christmas stockings to More Than a Bed for foster children. In addition we made quilted place mats, eyeglass cases and gift card holders for Impact of Southern AZ to gift to seniors. We delivered sleep pant sets to Amphi School District Clothing Bank to provide needy children with new pajamas for Christmas. The needs of so many community organizations are great and our group tries to fulfill some of these needs each holiday season.

If you would like to be part of Casa Amigas, please stop by the sewing room on Monday and Thursday mornings to learn how you can help. We're more than happy to get you up to speed with long lost sewing skills and maybe teach you some new ones. It's amazing what we can produce with our sewing machines, sergers, embroidery machine and quilting machine. We're a team and together we are able to provide an unbelievable number of items each year for the organizations we support.

The picture is a rug that Carrie Wiley completed during a class that she and her husband Eric took at the

Wild West Weaving shop in Silver City, NM. The shop specializes in Chimayo and Rio Grande weaving and the owner, Hosana Eilert, spins, dyes and weaves. Chimayo weaving has been in the SW since the Spanish settlers came in 1540. The Spanish brought Churro sheep which were raised specially for their wool and used in blankets for trading. Chimayo designs are distinctive with two colorful stripes and a center design. Most wool used in Carrie's rug was hand spun and the natural color of the sheep.

Active brains, so it has been said, extend our lifespan. Writing poetry must surely fit that bill. Members of our group are great examples. Harvey Gardner, now in his 90's, has retained his way with words, as showcased in the following "Choir Man":

This third row oldster's tilted chin
juttied out beyond his nose,
his hair, see-through.

His regal jacket's pocket patch read,
"Morrison Orpheus Choir" who traveled
from Swansea, Wales to perform for us.

With eyes closed above an angelic,
thin-lipped smile, no mundane
thoughts could transport him so,

Rising high above all others, his soulful voice
in unself-conscious bliss, wove this song of love
to someone, most likely, neither here nor there.

Newcomers are always welcome to zoom with us. Prolong your lives while enriching ours.

Conscious Aging

Pres. Phyllis Burks 520-245-2785
SCOVConsciousAging@gmail.com
Wed., 9-10:30 am, AC/Navajo

Conscious aging is about the inner work of reorienting ourselves as we turn from our roles we assumed while managing careers and tending families, to turning inward and cultivating a deeper awareness of who we are now. Our goal is to discover how to face the known and unknown challenges of aging. With the help of our community, we are pondering the questions: Who am I? What are my values? What do I believe? What matters most to me? This inner work is supported by mindful movement such as qigong, guided meditation and book study, which draws from psychology, sociology, metaphysics, philosophy and meditation. Conscious aging is about accepting who we are now. Our meetings consist of a short period of easy mindful movement, followed by guided meditation and discussion. Please contact Phyllis for information, or email the club.

Compared to other regions of the country, those of us here in SCOV from New Jersey and Pennsylvania are in the minority, but we bring with us many good memories. While we are very happy to have retired here, it is always good to share memories from the Jersey shore, the Poconos and the many other great places we considered haunts back in our younger days. Our club now has 50 members and is growing, so if you have a connection with either of these states, come and join us. We will have our next potluck Friday, January 17, and are looking forward to happy hours in the spring when the weather warms.

We meet when the air temperature is 77 degrees or warmer, as recommended by the Arthritis Foundation. Our club performs gentle water exercises that target all muscles and are used by several health organizations to increase strength, balance and to increase mobility and flexibility. Water exercise is especially helpful in managing arthritis, fibromyalgia, replacement joints, etc. Some new members have expressed surprise at how quickly the first couple of sessions already increased their abilities to move. Others comment on improved stamina.

New members are always welcome. Our members are fun, accepting and welcoming. We frequently hear "I came for the exercises and love all the friends I have made." The yearly dues are \$5, and your first class is free. There is no fee per class.

The core muscles are deep abdominal and back muscles that help you stabilize your pelvis and spine. Each class begins with warm-up exercises. The actual Pilates exercises result in benefits that can't be beat: better balance (fewer falls), more flexibility (joints move again), increased muscle tone (you're stronger) and more energy and well being. The instructors always oversee us and suggest modifications for the most strenuous exercises for anyone with limitations. The cost is \$8 cash per class and annual club dues each January are \$20 pp. Call Mary with questions.

Hiking

Pres. Jacob O'Neill jakemponeill@gmail.com
Scheduled hikes are posted on the website
www.scovhiking.org

Hikers enjoy fall beauty of Aravaipa Canyon.

The Club is busy during the winter with many hiking choices for everyone's fitness level, from full moon walks on the golf course to climbing hills in the Tortolitas. There are overnight trips which usually include two days of hiking. All hikes are led by an experienced leader. You can see January's hikes including distance and elevation gain, at www.scovhiking.org. If you are not a member, sign up for an orientation hike. A hiking guide will take you on a short hike in Catalina State Park and give information about the club. After your orientation hike, you may join the club for \$10 and then choose from scheduled hikes. If you have specific questions about a hike, contact the hike's leader who will help you determine if the hike is right for you. Some hikes may be limited so it is best to sign up right away.

do not have timers.

Elections for our Board of Directors were completed, and Phil Rose is our newest member. Many thanks go to AJ Leane and Michael Voellinger for their time on the Board.

Our general membership meeting is January 11, 4 pm, Activity Center. All members look for an email to RVSP.

brings. We all hope that Dick will be able to participate for years to come, but in the meantime, watch out for his serve.

"Brenda and her team were fabulous. They provided constant feedback on showings of the house, provided samples and information on marketing materials. The marketing both online and print was very professional and inviting to a buyer. The escrow process was smooth and problem free. I highly recommend Long Realty, Brenda and her team for any Tucson/Oro Valley area Real Estate purchase or Sale! Thank You!"
