From the Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online. Board meetings are open to residents.

Board of Directors - Tod Milton

Theodore Milton 520-256-0962 theodore.r.milton@gmail.com

No single person, no particular group, runs or drives Sun City. We are a community of experienced, capable, intelligent and able, working together with our committees, our staff and our General Manager and Board.

If you have questions or concerns about the way in which SCOV develops and arises at the sum of the dues for the next year, come to the Finance and Budget committee and see and follow that process. This committee is made up of a group of very experienced financial analysts and budget professionals. They know what they are doing, have the background to prove it and balance all the needs and wants of SCOV to address the financial challenges of our community. They know what they are doing.

If you have questions about the infrastructure and well-being of the community, go to the Properties Committee. This committee collaborates with the SCOV operations facility group to assess the condition of buildings and grounds, establishing both short- and long-term objectives to ensure that SCOV is properly maintained both now and in the future. They know what they are doing.

If you can think back to when you first moved here or if you are a recent arrival, one of the things that struck you was the consistent orderly and frankly beautiful appearance of the community. SCOV is maintained that way through the never-ending hard work of the Architectural Review Committee. SCOV has standards and, while sometimes those standards get in the way of some seemingly wonderful idea or concept, they keep us on track and keep the community looking wonderful. The members of this committee are trained and knowledgeable. They know what they are doing.

Although many of us are older, we bring decades of expertise, sharp intellect and a strong determination to demonstrate our abilities. We do that through our committees. They are the staff that do the demanding work before recommendations, improvements and potential efforts are brought before the Board of Directors for a decision.

There are several more important and impactful committees and Task Forces working every day to make SCOV great. Committees, made up of bright and capable individuals are how we get things done.

Board of Directors - Earl Vittitoe

Earl Vittitoe 309-360-1601 earlvv@gmail.com

Welcome to another year in moving SCOV forward. We begin this term welcoming our two new members, Lesley Chace and Dave Olson. We look forward to the fresh perspectives and experiences they bring to the table.

As we begin working for our community, we readily accept the challenge inherent to every Board, building upon the accomplishments of those that served before us. Under the leadership of the previous president, this standard was set high. Last year was a period of discovery and improvements. Much-needed repairs have been made, our financial health continued to get stronger and open communications continue to build trust throughout the community.

Our agenda for this term is to build on these past successes, but the Board cannot do this alone. Every past achievement shares a common thread, talented members of the community stepping forward to volunteer.

Currently, one of our biggest challenges is to replenish the talent pool of our committees and task forces. While our clubs and amenities provide wonderful social outlets, our committees offer those same social connections while allowing us to make lasting improvements to the community. Our commitment to open meetings afford you the opportunity to "shop" for the right fit. I encourage you to attend any meeting to see where your unique talents might best contribute before making a personal commitment. I suggest Architectural Review, Architectural Inspection and Neighborhood Pride due to their critical role in keeping our community attractive.

Finally, I would like to extend my sincere gratitude to our two departing Board members, President Jane Fairchild and Director Eileen Buskirk for their dedication, service and invaluable contributions. Their leadership, insight and commitment played a significant role in the past accomplishments and setting the stage for continued improvements. We wish them many years of enjoying the benefits of the community they worked so hard to improve.

It's More Than Living... It's A Lifestyle!

Wildlife in SCOV

By Mariana Corella & Laura Hackenbrock

As dwellers of the Sonoran Desert, we are all familiar with the unique and beautiful wildlife we get to share our homes with. We live amongst javelinas, coyotes, hummingbirds, deer, rabbits, hawks, and dozens of other special animals. It is important to remember to be kind and respectful of these creatures. Some animal lovers in the community are working to make sure we all maintain a healthy relationship with them.

As some of you may know, great horned owls have made a nest close to the Gift Shop, and we have an update brought to you by SCOV resident and AZ Raptor Center's Laura Hackenbrock, "By now, you've probably heard the heartwarming news, this spring, our SCOV Great Horned Owl nest welcomed an unexpected addition. An orphaned chick, rescued and in need of a family, was placed into the nest through the Arizona Raptor Center's Re-Nest program. Volunteers search for active nests each year, and this season, ours became the chosen refuge.

The little owl arrived just after sunrise on April 10. Though it was clearly younger, one to two weeks behind the resident owlets, the family accepted it almost immediately. Within a day, the newcomer had blended into the nest's daily rhythm as if it had always belonged there.

Mom kept a steady watch from a nearby branch, and on windy days, she climbed into the nest to shield the chicks with her body. Dad hunted through the night, returning with meals that Mom carefully prepared, tearing prey into small pieces for eager beaks. As the owlets grew, they quickly learned to feed themselves from delivered food.

At about five weeks old, the youngsters began 'branching,' venturing out of the nest to test their balance on nearby limbs. One day, an older owlet's first attempt at flight knocked the nest loose, sending all the chicks onto surrounding branches sooner than expected. Still, they adapted quickly, gripping their new perches and watching the world from their elevated vantage points.

By seven weeks, they were taking short, tentative flights, small but thrilling steps toward independence. Yet their time with their parents is far from over. Great Horned Owl families often remain together for up to nine months, with the young continuing to receive food and guidance as they slowly learn to hunt on their own.

Mark your calendar for Tuesday, November 10 when the AZ Raptor Center will be making a special presentation in SCOV. The program will be an exciting experience with raptors and discussion about the Re-Nest program."

General Manager - Sandy Seddon

Sandy Seddon sseddon@suncityorovalley.com 520-917-8080

If you have recently noticed a herd of goats working along a portion of the wash, you are not imagining things. The goats have officially arrived at SCOV as part of a pilot project to evaluate an alternative method for brush and vegetation removal in our common areas.

As expected, the project has generated a variety of opinions and some controversy. Some residents have expressed concerns about the possible impact on local wildlife and the natural habitat within the wash. Others believe utilizing goats is a more environmentally friendly and natural approach compared to traditional mechanical clearing methods.

What we do know, is that the goats are proving to be an efficient tool in reducing dense brush and overgrowth. This method may ultimately save staff time and manpower while potentially providing a more effective way to maintain difficult terrain along the wash and golf course areas.

SCOV is not alone in trying this approach. Several HOA communities throughout Southern Arizona have successfully used goats for common area cleanup and fuel reduction projects, with many reporting positive results.

At this point, this remains an experiment and evaluation process for SCOV. Staff and management will monitor the effectiveness, cost, environmental impact, and overall results before determining whether this is something we would continue in the future.

At the very least, we hope residents have enjoyed watching the goats hard at work as they have quickly become one of the more talked-about visitors to the community. We also appreciate everyone continuing to maintain a safe distance from the animals and the fencing while the project is underway.

Copper Center Update

Theda Ellis 302-388-9798 thedaellis@me.com

Things may seem quiet on the surface, but meaningful progress is underway on the Copper Center. The Work Team is meeting weekly with the architect, Kristine DiBone and her associate, Tom Leitner. Recently,

they've been "zooming in" on specific design elements, reviewing and refining changes together in a collaborative and productive process.

Sharon Kennedy, Chair of the Work Team, is finalizing design needs with clubs in advance of these meetings and sharing them with Kristine. This ensures discussions stay focused as the project moves toward final design. Conversations are lively and practical, addressing feasibility, identifying cost savings, simplifying where possible and making sure the space is used effectively. Most importantly, the team is asking, "Does the design meet club needs?"

All clubs will be asked to review, approve and sign off on the final floor layout before the architect proceeds to construction drawings. At the same time, Associate General Manager Robin Coulter and Technology Coordinator Chris Pacheco are meeting with clubs to better understand their technology needs. While the infrastructure is already in place, some clubs such as Technology and Genealogy will rely on it more heavily than others, such as Table Tennis. Robin is working to ensure the system supports everyone effectively.

Lastly, I've been out of state dealing with family medical issues. You may have noticed that Todd Milton wrote my last column and Larry Webster reported to the Board in my ab-

sence. I'm grateful for their support. It's a great reminder of the strength of this community and one of the best things about living in SCOV.

Goatscaping in SCOV

From approximately May to June 21, along the washes, golf course edges, and common areas, an unusual but highly effective landscape maintenance crew has been hard at work. More than 180 goats and sheep from local herders at Natures Surprise Ranch LLC Goat Grazing. Known as "Nature's original weed wackers," these hardworking animals provide an environmentally friendly approach to vegetation management while bringing plenty of personality to the landscape.

The herd is made up of several different breeds, each contributing unique grazing abilities. Boers and Kikos are hardy, muscular goats that tackle dense brush and rough terrain with ease. Nubians and Alpines are excellent all-around grazers that help clear medium-height vegetation, while La Manchas and Oberhasli goats efficiently consume leafy weeds and lower shrubs. Spanish goats are particularly agile on rocky slopes and washes, and smaller Nigerian Dwarfs clean up low-growing vegetation and hard-to-reach areas. Savannas, known for their durability and strong appetites, assist with broad vegetation control across all grazing zones.

Adding to the team are Dorper and Black Belly sheep, breeds known for their ability to graze grasses efficiently. Their inclusion helps create a balanced landscaping approach by addressing vegetation types that goats may bypass. Together, the herd naturally clears overgrowth at multiple levels — low, medium and high — creating a thorough and sustainable maintenance process.

This goatscaping session has even welcomed new arrivals, with several baby goats born while on site, delighting observers and adding to the charm of the project. Protecting and guiding the herd are two dedicated dogs. One is a Kangal and Great Pyrenees mix that remains with the animals overnight as their guardian against nocturnal predators. The second dog, Orian, works alongside the herders during the day, helping move the herd safely and efficiently from one grazing location to the next before returning with the team each evening. While the herders supervise the herd during the day, temporary electric fencing keeps the animals safely contained and is moved every one to three days depending on the desired level of vegetation clearing.

Through this innovative process, Natures Surprise demonstrates how natural grazing can provide effective, cost-conscious and eco-friendly landscape maintenance. In many areas, the herd can clear vegetation in approximately six weeks, work that could otherwise take maintenance crews up to three months to complete using traditional methods. As a pilot program, the project also provides an opportunity to evaluate long-term benefits such as improved vegetation management, reduced fuel usage and a more sustainable approach to maintaining washes, golf course perimeters and common areas.

Did You Know?

In Arizona, it is against the law to hire an unlicensed contractor for any project where the total cost of labor and materials is \$1,000 or more or if the job requires a building permit. Arizona law (A.R.S. § 32-1121) mandates that anyone performing construction work above this threshold must be licensed by the Arizona Registrar of Contractors (AZ ROC). For more detailed information, please see <https://roc.az.gov/rules>.

Key points regarding unlicensed contracting in Arizona:

- **\$1,000 Threshold:** This includes all labor and materials and you cannot split a project into smaller contracts to avoid this rule.

- **Permit Requirement:** Even if the project is under \$1,000, if a building permit is required, a licensed contractor must be used.

- **Handyman Exemption:** Unlicensed individuals can only work on projects where the total value is under \$1,000 and no permit is needed.

- **Risks:** Unlicensed contracting is a Class 1 Misdemeanor in Arizona. Furthermore, hiring unlicensed individuals leaves you without access to the ROC's complaint process if the work is defective and unlicensed contractors have no legal right to sue for unpaid work.

Always verify a contractor's license before hiring them by checking the AZ ROC website or calling 877-692-9762.

Recreation and Fitness- Lonnie Davis

Match Your Movement to How You Feel

Some days the workout you planned just doesn't match where your body is at. Maybe you have planned an afternoon run, but after a day of back-to-back meetings going to the doctor and having little sleep, it feels impossible. But that doesn't mean you skip it. The goal of a routine isn't to do the same workout no matter what, it's to keep showing up. And some days, showing up looks different. Our energy naturally shifts from day to day. So instead of forcing a workout that doesn't fit or skipping movement altogether, adjust it. This is a habit you can come back to each week. Check in with how you feel, then choose your movement.

Special Note from the AFC:

Orientation on how to use the gym equipment is held Thursday, 1 pm so stop in and sign up. Classes are limited. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC. AFC and Desert Oasis: See Hours of Operation on page 2.

Phone: 917-8073 or email: ldavis@suncityorovalley.com

Tue, June 9, the AFC pool and spa will be closed for cleaning and shock treatment, it will reopen the following morning at the regular time.

Wed, June 10, the Desert Oasis Pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Tue, June 23, AFC Spa will be closed for cleaning, it will reopen at 1 pm.

Next AHC Committee Meeting, November 10, 2026, 3 pm, WC2

The Active Health Committee is pausing monthly presentations for the summer, but we encourage you to stay active. Walk indoors in the Auditorium, Tuesdays and Thursdays, 7-8 am, or at the AFC on Mondays and Fridays, 1-2 pm. For outdoor walks, make a date with a friend to join you for motivation and fun. Spread the word and inspire others to get moving.

Ambassadors

Chair Jane Fairchild janemail11@yahoo.com 520-909-5069

Nestled in the foothills of the Santa Catalina Mountains in Oro Valley, SCOV is an active adult community thoughtfully designed for residents age 55 and better.

Our Ambassador Tour, led by friendly resident volunteers, offers prospective home-buyers an insider's view of life in our community. The guided experience includes visits to our amenities and provides an overview of the financial and operational foundations of our association.

Whether you are drawn to a vibrant social atmosphere, golf and recreation, arts and crafts, serene desert views or a combination of all these opportunities, an Ambassador Tour is the perfect way to experience the engaging and healthy lifestyle enjoyed by our residents.

If you have not yet taken an Ambassador Tour, we encourage you to schedule one and discover all that SCOV has to offer. Tours can be booked online at www.suncityorovalley.com >Contact-us, by calling the Welcome Center at 520-825-3711.

Aquatic and Fitness Center Advisory

Joe Truglio joe@ccmktg.com

First Wed, WC1 October 2025 through June 2026

All SCOV residents are welcome to attend any of our meetings. If you have suggestions on how we can improve our Aquatic and Fitness Centers, please go to the SCOV website and fill out the AFC Agenda Submission Form located on the committee page. Once the form is submitted, it will be included in the next available meeting agenda. We will let you know when your request will be discussed.

Architectural Inspection Group

Lisa Sandrock 520-917-8072 lsandrock@suncityorovalley.com

No meeting in June

While there is a list of items AIG inspectors must look at during an inspection, here are some of the more common violations they find:

- Items added without SCOV approval such as patio covers, awnings, gutters, fountains, firepits, artificial turf or fences.
- Window screens that are sun-scorched or torn.
- Metal fencing or gates that need repainting.
- Illuminated address boards not functioning or bulbs burnt out.
- House paint is in poor condition.
- Damage to stucco, trim or moldings.
- Driveway coatings in need of repair or recoating.
- Paver or concrete work is uneven, cracked or poses a tripping hazard.
- Plants overhanging property lines, overgrown bushes, hedges over 6 feet tall and plant debris.
- Bare soil areas and weeds.

Ongoing maintenance will help prevent surprises when listing or selling. If you have any questions about these or other violations, don't hesitate to get in touch with the Conveyance Coordinator 520-917-8072 or Covenants Coordinator 520-917-8087 for more information.

Meetings Second and Fourth Tue, 2 pm, WC3 and Zoom

The Master Declaration, Tract Declarations and Development Standards 2.18.C.4 provide a clear direction for managing greenery within one's yard. Besides weed control we have a "Duty" to be neighborly and promote safety. By example, within the front yard setback, three feet six inches is the maximum height of any bush or hedge. This keeps visibility between drivers and walkers within a measure of safety. For side and backyards, the maximum height is six feet. This height keeps plants under control and mitigating scenery visibility impairments for one's neighbors. For some, managing neighbor visibility is even more critical. By example in Unit 15 (Cirrus Hill Dr, Tumble Brook, Meteorite Trail and half of Trade Winds Way) has a maximum three feet height for shrubbery that is within 15 feet of the back yard property line.

The 26-27 budget has been approved by the Board and is posted on the SCOV website. We invite you to review it and bring any questions to the next Finance Budget meeting. Part of this year's financial analysis was to calculate how much it costs us per day for the amenities we have here. You will read more about this in the annual dues flyer that will be mailed soon. As a sneak peek, we only pay 88 cents per day for The Views Restaurant, 80 cents per day for golf, and 82 cents per day for the gym and pools.

40& Fabulous Marketing Committee

The Marketing Subcommittee for 40 & Fabulous (pictured here) has the responsibility of promoting the 40 & Fabulous Celebration to the residents of SCOV and the surrounding community.

Plans we are working on include: an opening day parade and free BBQ, games, tournaments, free intro sessions of our clubs, an art walk with wine and cheese, a special *Tipster* edition highlighting our progress over the last 40 years, a fabulous gala reception, auctions and raffles and so much more. Some events with food may have a charge.

Check-out the web page we have created to continually keep you informed of ongoing plans at sites.google.com/view/ScovFab40 or email us with questions at Fab40Mktg@gmail.com.

Sharon Henderson

This month our artist in the spotlight is Sharon Henderson. Sharon has been contributing the results of her talents for quite some time. Photos that her husband has taken of our beautiful surroundings are mounted and a greeting is enclosed in these unique cards that Sharon has assembled. But Sharon didn't stop there. Knitting was something she has enjoyed since she was very young. You will find lovely baby blankets and dishcloths all in various colors and materials available to meet

the need. Always interested in exploring new things, vases have been decorated using a "paint pour" technique. This is a process Sharon enjoyed learning from her daughter. It will always guarantee something different and unique as you will seldom know how they will turn out, which Sharon says is half the fun.

Stop by to see Sharon's work and all of the lovely items the Gift Shop has to offer.

If you missed the sign-up and would like to participate in the SCOV Arts and Crafts Festival 2026, to be held on November 14, we still have a few tables remaining. Contact Maxine Yunker for additional information.

suncityorovalley.com/group/pages/long-range-planning

The Long Range Planning Committee is officially on recess and, wow, what a busy cycle we just wrapped up. This powerhouse team tackled a full and lively agenda: completing the Benchmark Study, reviewing the Music Room request, refreshing timelines in the 10 Year Plan, engaging in Copper Center forums, revisiting hard court status, updating our charter, shaping early questions for the 2028 Resident Survey and launching our brand new New Resident Survey.

A huge, heartfelt thanks to our outstanding committee members: Brent Beamer for his signature magic reports; Nancy Vander Ark for excellent minutes; Rob Campbell for leading the New Resident Survey; Tom Silverio for keeping us timely and focused on results; Pam Curren for championing Generation X; Mike LaBarbera for his wealth of SCOV experience; Theda Ellis for grounding us in what's best for SCOV; and Sandy Seddon for her steady, practical leadership.

Our residents' dedication keeps SCOV's future bright.

As summer approaches, whether you're at home or away, it's important to keep in mind your responsibilities as a homeowner. Weeds growing in driveways, sidewalks and where cement meets asphalt should be removed promptly. Ensure that any cacti or bushes in your yard do not overhang the sidewalk, posing a risk to pedestrians. Trees must be trimmed sufficiently high to avoid obstructing walkers or blocking the visibility of stop signs. Additionally, any exposed soil on your property should be covered with rock. If you have a corner lot, take a moment to inspect the street-facing side for weeds or other violations of community guidelines. Remember that front yards should be free of artifacts, including empty pots; these should be filled with live plants, as artificial ones are prohibited. Lastly, for safety, make sure that any vegetation does not obscure your house numbers, which should be well-lit and visible from the street at all times. Thank you for your attention to these reminders and enjoy a wonderful summer.

The *Tipster* Editorial Committee still needs a few more editors to help review submitted articles, so that the *Tipster* continues to be an award-winning publication. In addition to the draft review by individual editors on-line with Google Docs, the final review is on a paper *Tipster* copy. The committee also meets as a group once a month just prior to staff final review, to discuss/review any issues prior to going to press.

We are currently reviewing the submitter guidelines to provide an on-line updated reference guide, which will be available on the SCOV website. A printed copy can be obtained from staff.

As we enter the month of June and transition into our summer rate season, we are also approaching the close of our fiscal year on June 30. Annual 9-hole and 18-hole membership renewals for the 2026-27 season will begin on July 1. For those purchasing an annual membership for the first time, we are offering a special opportunity, purchase your membership by June 1 and receive 13 months of golf for the price of 12. It's our way of giving you an extra month to enjoy the game and the many benefits of membership.

Our Annual 9-hole and 18-hole memberships continue to provide outstanding value and convenience. Benefits include:

- 18-hole memberships receive 9-day advance tee times starting at 6 am.
- 9-hole memberships receive 9-day advance tee times starting at Noon.
- Unlimited driving range privileges
- 20% off Pro Shop apparel and 10% off accessories, equipment, shoes, hats, and golf balls (excluding sale items and online Pro Shop purchases).
- Discounted golf rates for members' and residents' guests.
- Loyalty Rewards Program offering an additional 10% loyalty credit on purchases including guest fees, clothing, and food and beverage purchases in the Pro Shop (excluding memberships, gift cards, and entry fees).
- A complimentary guest pass for one guest round of golf added to each membership account.
- Flexible payment option allowing annual memberships to pay half on July 1 and the remaining balance by October 31.
- An additional 3% savings on membership pricing when paying by check or cash.

We also continue to offer our "Loyalty Rewards Program" exclusively for all Sun City Oro Valley residents. Residents receive a 10% loyalty credit on daily golf fees, resident guest fees, clothing, and food and beverage purchases in the Pro Shop. This program is specifically designed to reward residents directly for supporting the golf operation while providing meaningful savings throughout the year.

If you are purchasing an annual membership for the first time or renewing your current membership, please visit or contact the Pro Shop at 520-825-3110. We sincerely appreciate and value all our members, residents, and guests who support golf at The Views. Thank you for another wonderful season, and we look forward to serving you throughout the 2026-27 season.

Director of Golf Maintenance - Michael Kropf

mkropf@suncityorovalley.com 520-917-8063

June is a very slow time for many of the activities around the community. However, the summer months start the busy season for golf course maintenance. During the winter months there aren't many opportunities to aerify greens, aerify and verticut fairways or do any major projects without interrupting tournaments or impact play during the peak golfing season.

Even though the heat of summer is miserable for golfers, the bermudagrass thrives with these higher temperatures. The higher soil temperatures provide the best time to aerify greens, tees and fairways because they are able to recover quickly without disturbing as much golf. Aerification is necessary to provide oxygen, water and nutrients to the roots, remove thatch and relieve compaction developed over a season of heavy golf and cart traffic. This process provides a healthier and more playable turf in the long run.

Ever since it was announced the greens will be overseeded this fall there has been some confusion on what type of grass the greens will be overseeded with. The goal is to provide a good putting surface while also being less harmful to the underlying bermudagrass so a combination of Poa Trivialis and creeping bent grass will be used. Poa Trivialis or rough bluegrass, is not the same as Poa Annua or Annual Bluegrass. Poa Annua is the small, patchy weed with lots of seed heads that can be found on the greens and fairways. Poa Trivialis provides a smooth putting surface, doesn't have seed heads and has a darker green color.

The final Men's 18 hole Member/Guest tournament and bash was held in mid April. President Bob Gannon called the meeting to order with the financial report. Congratulations to Mark Schmitzbauer for his USA Weightlifting Championship and Rich Geasey's hole in one. The account balance is around \$8,000 before expenses for the tourney and bash. The Men's group donated \$1,500 toward the new tee markers.

The tournament featured two different nine hole games format with three separate flights. We had a great turnout with over 60 players. The winners of the flights were:

First Flight- Dean Silverlock and Tom Grawe
Second Flight- Jim Ambrosio and Eric Vidinha
Third Flight- Darrell Martin and Gary Rowley

Congratulations to all winners and participants in this year's games. As a board, we have been attempting to make all games as fair and fun as possible.

The official league calendar is complete for the 2025-2026 season, but we continue to play until the course closes in September. A few years back the league instituted a summer game of Skins which has become a favorite. Over the summer the league plays one official league game the first Thursday of the month with the remaining Thursdays devoted to a Skins Game. The nice part of Skins is that even if a player is having a bad day there is still a chance to win a Skin. So, if you are new to SCOV now is a great time to join, meet new folks and have some fun. League plays Thursday mornings with an 8:30 am shotgun tee time. "Half the time, Twice the fun."

The Views Women's 18-Hole League celebrated the end of the season on April 21 with a catered luncheon in the Activity Center. Golfers were recognized for their achievements in the various competitions held during the season. Prize money was awarded to Tana Wyrick for winning our three day Club Championship competition along with those who won or placed in their flights. Winners of the flights were: 1st flight Yvette Schulz, 2nd flight Barbara Hall, 3rd flight Peg Bushong and 4th flight Mary Ellen Tovatt. The overall net winner of the Club Championship

was Eileen Buskirk.

The 2026 Presidents Cup Champion was Yvette Schulz with Barbara Hall second, Judy Oliver third, and Cathy Morrow fourth.

State Medallion winners were Tana Wyrick, gross, and Eileen Buskirk and Peg Bushong tied for net. The most improved golfer was Becky Harkey.

Congratulations to everyone on a great season.

June marks the beginning of summer and new beginnings. Here at The Views Restaurant, we are continuing to work hard to provide consistent service, good food and great experiences for all of our guests and residents.

We have several exciting things planned throughout the month. On the second and fourth Saturdays, Chef Patrick will be featuring a special trout dish, so be sure to keep an eye out for that. We will also have live music every weekend and Karaoke every Sunday night for everyone to enjoy.

On another note, please continue filling out the comment cards on the tables. Your feedback truly helps us improve and continue finding ways to better serve our residents and guests.

I would also like to recognize a couple of our outstanding staff members. In the back of the house, Ryan Manley has become what you would call a "jack of all trades." Ryan started as a dishwasher and has steadily worked his way up. From prep cook to expo, he does it all and continues to be a huge asset to our family here at The Views.

In the front of the house, Alyssa Boogard continues to shine as an excellent server, teammate and leader. She has recently enrolled at NAU to pursue Hospitality, and we are very proud of her accomplishments and future goals.

If you have not visited us lately, please stop by and check out the changes we are making. We look forward to seeing everyone this summer at The Views.

A cancer diagnosis is a life-altering event. Beyond the medical charts lies a journey that affects your spirit, your relationships and your daily joy. Whether you are navigating a new diagnosis, celebrating survivorship or caring for a loved one, community is stronger than cancer. Find your community in a confidential space where every voice matters and every story offers a new possibility for healing. While every diagnosis is different, the need for support is universal. You are never alone. Connect with those who truly understand.

Castle in Clay

We are always impressed with the creativity of our Clay Club members. Margaret Bellamy is a club member who has been doing clay work for six years. Two years ago, she was impressed with the fairy houses a friend of hers created. Margaret, intrigued with the general concept, took her own path and began to design castles. Her

imaginative creations include not only castle exteriors but interiors, as well. Margaret has returned to British Columbia for the summer, but we look forward to more of her whimsical work when she returns.

The club meets twice a month on the 2nd and 4th Mondays at Catalina Vista, September through May, from 12:30-1:45 pm. At the first monthly meeting, Nicole teaches a skills lesson based on this month's theme and arrangement style.

The skills book we reference is *Inspired Ikebana: Modern Design Meets the Ancient Art of Japanese Flower Arranging*. Contact Nicole for a list of materials, vases, containers and tools to get you started.

At the first monthly meeting, Nicole will teach a skill and arrangement style. The second monthly meeting on the 4th Monday of the month is for you to practice favorite arrangements. Bring your own flowers and have fun with freestyle creations.

Knit and Crochet

Jane Fairchild 520-909-5069 janemail11@yahoo.com

Mon, 2:30-4:30 pm, AC/Hohokam

Donna Peterson coaches Gail Stevenson on finishing her mat.

Whether you have a knitting or crochet project in progress, need a little help or just want some friendly company while you work, come join us.

One of our ongoing service projects is creating crocheted sleeping mats from recycled plastic shopping bags. These mats are donated to the Sister José Women's Center for women in Tucson experiencing homelessness.

There are several ways you can help at the weekly meetings or at home:

- Cut plastic bags into strips
- String the strips into plarn (plastic yarn)

- Crochet the plarn into 3x6 foot sleeping mats

We are always in need of clean, flattened grocery bags from stores such as Fry's, Safeway, Walgreens, Bashas', Walmart, Dollar Tree and others. To donate bags, please bring them to a meeting or leave them anytime in the porch basket at Jane Fairchild's home, 1750 E. Crown Ridge Way.

The Sculpture Club meets on Mondays in CV/Art Studio. Anyone interested in becoming a member or learning more about our club, stop by on Monday mornings or contact Dale Foster. Our sculpture pieces can be viewed in the window and showcase in Catalina Vista and the Library.

The Sculpture Club article in April was about Steve Restemayer's use of the Chat GPT app to help refine choices on the featured sculpture project. Christine Takerian has been using AI for some time in formulating sculpture ideas. Her recent project was inspired by her cat, Charlie, pictured here. She asked AI to create an image of Charlie as a Steampunk Fighter Pilot. The picture in the middle was what AI created. Christine used the image to inform her Bas Relief Sculpture, pictured on the right. This was the first project that Christine used watercolor pencils to add color to the project.

Pres. Carol Myers 715-754-2824

We would like to thank the SCOV Board of Directors for approving the purchase of a longarm quilting machine for our club. This piece of equipment will be a huge asset to all the groups that use it and help reduce the physical effort involved in the process of creating quilts. As our group members age, such improvements are instrumental in allowing us to create the beautiful quilts we will contribute to the community.

A reminder that the printer in the Sewing Room is not intended for personal use. We have had several instances of personal items being copied or printed on the printer. As we try to keep costs down for our membership, such behavior is selfish. Paper and especially printer ink costs are absorbed by the membership.

As we say, "see you in the fall," to our snowbirds, we wish you safe travels and look forward to your return.

Our bargain hunting buyers stocked up on cotton fabrics to help keep us busy sewing this summer.

In case you are curious about our productivity so far this year, here is the June 2026 update from Casa Amigas. The list shows the number of items donated to the listed partner organizations.

Amphitheater School District: 323 pieces donated

Make Way for Books: 8 quilts

More Than a Bed: 236 pieces

Sells Tohono O'odham: 122 items

What are the items you ask? Capri sets, flannel pj sets, skirts, fleece hats or headbands, crib or twin sheets, du-

ffle bags, totes, blankets and walker bags. Casa members enjoy creating and sharing our work. You can see sample items in our display window at the Artisan Center.

Please know your generous donations of fabric, notions and funds keep our volunteers busy and happy. Thank you and stay cool this summer.

The Tapestry Hooking and Fiber Arts group meets on Tuesday mornings in the Sewing Room. If you are interested in our group, stop by the Sewing Room, 9-11 am.

If you are interested in learning rug hooking, we provide materials and instructions.

John Shaw designed and completed this beautiful wall hanging shown in the picture. The picture doesn't give the project justice because you would need to see John's work to appreciate the intricacy of his work. The height of his loops is consistent and the back of his work is just as beautiful as the front. John uses the smallest cut (number 3) of wool strips to hook. This project took a couple of years to complete because John only worked on the project during our group's meeting times.

Is it getting too hot? Cool off in our air conditioned studio to learn how easy it is to create fused glass or stained glass pieces. We're still offering classes in the summer. Visit our club website for details. Stained Glass art is the term given to art created by cutting out pieces from stained glass sheets and soldering them together using either lead came or copper foil.

Stained glass art can be many sizes and designs, from the smallest suncatchers to large windows. Fused Glass art refers to pieces of glass that are melted or "fused" together in a glass kiln. Glass fusing can create Xmas ornaments, jewelry, dishes and bowls, vases and glass paintings. Visit our studio located in the Artisan Center, the Gift shop or the Activity Center to view some of the wonderful stained and fused glass creations made by our talented members.

Bandsaw Box

June is upon us and many of our seasonal residents have packed up and returned to their summer homes. We would like to remind everyone that in the slower months monitors are needed to keep the shop open. We ask that all monitors check the sign-up list and volunteer for the open slots.

For June, we will highlight a bandsaw box that was created by gluing five one-inch thick boards together and cut out using only a bandsaw. The photo shows the finished product with drawers open and felt liner showing. This is a popular project for beginners since it is easy in concept and a great way to learn the intricacies of the bandsaw and makes a nice product while learning and honing woodworking skills.

We will resume monthly meetings on September 17. See our website for an upcoming schedule. Meanwhile, watch the sky. June 9: Venus-Jupiter conjunction. No telescopes required. The two brightest planets in the sky will appear within about 1 degree of each other in the sky

or about the width of a thumb held at arm's length.

Another important day for astronomy is June 30, Asteroid Day. It is the United Nations sanctioned day of public awareness for the need of planetary defense from the risks that asteroids pose to Earth, due to being the anniversary of the Tunguska Event. In 1908 an approximately 30-meter diameter asteroid exploded above ground in Tunguska, Russia, knocking down approximately 80 million trees over an 830 square mile area. It's been estimated at 1,000 times more powerful than the Hiroshima atomic bomb. Luckily, it happened in a remote area of Siberia and nobody is thought to have been killed.

Second Sun, 2:30-4 pm, DO/Ocotillo

This month, we continue to share about books of all genres that members found worthy of talking about. This book club doesn't read a book in common, but rather cherishes our desire to read whatever we are craving at the moment. This is the group for those who love to learn about different authors and genres and who are willing to share their thoughts on their current reading. Have questions? Email Tammy Barnett. We meet the second Sunday of the month, 2:30-4 pm, Desert Oasis.

Mon, 10 am-Noon, Zoom

Writing poetry is a wonderful outlet for expressing emotions of all sorts, including frustration and concern about the state of our country and the world at large. This month's selection from Sharyn Rafieyan reflects none of those topics but will, hopefully, be both relatable and enjoyable.

Life Lines

My face is creased with tell-tale lines
clear evidence of passing time.
New glasses rest on nose and ears,
more evidence of passing years,
while cheeks that always seemed to blush
require tinting with a brush.

My mind may stumble over names
and make it hard to win at games
but just his smile or loving touch,
erases all that other stuff.

Newcomers are welcome to join us every other Monday via Zoom throughout the summer. June meetings will be 6/1, 6/15 and 6/29.

Conscious Aging

Pres. Phyllis Burks 520-245-2785
SCOVConsciousAging@gmail.com
Wed, 9-10:30 am, AC/Navajo

Conscious aging is about the inner work of reorienting ourselves as we turn from our roles we assumed while managing careers and tending families, to turning inward and cultivating a deeper awareness of who we are now. Our goal is to discover how to face the known and unknown challenges of aging. With the help of our community, we are pondering the questions: Who am I? What are my values? What do I believe? What matters most to me?

This inner work is supported by mindful movement such as qigong, guided meditation and book study that draws from psychology, sociology, metaphysics, philosophy and meditation. Conscious aging is about accepting who we are now. Our meetings consist of a short period of easy mindful movement, followed by guided meditation and discussion. Please contact Phyllis for information or email the club.

Pres. Meg Taylor scovff@gmail.com
Membership Jen Bleth jableth@yahoo.com
Club email scovff@gmail.com
www.scovff.weebly.com

Fido's Friends Dog Club is a fun and social place for dogs and their owners. As seasonal residents head home for the season, the K9 Korral Dog Park along Del Webb Blvd returns to a quieter, more relaxed pace, a great time to let your pup enjoy some off-leash play. The park is open 24 hours a day and many

members meet there daily to unwind while their dogs romp and socialize. Some small dog owners have proposed meeting in the upper park around 7 am.

Members meet without their dogs three times a year, on the third Thursdays of November, January and March.

Membership includes access to the K9 Korral. To join, email scovff@gmail.com. When visiting, please be thoughtful about introducing new dogs to the existing packs. Our regulars are welcoming and their humans are happy to help.

Tue, 3-4 pm, Mindfulness Meditation, CV
Wed, 3-4 pm, Discussion - Topics That Matter, CV

Mindfulness Meditation. It's not what you think. Everyone is welcome, regardless of experience with mindfulness or meditation. Meditation every Tuesday, 3-4 pm, begins with shared readings and reflections, followed by 25 minutes of silent sitting meditation. This is a wonderful opportunity to experience awareness, calmness and insights that can arise during mindful meditation in a supportive environment.

We also gather every Wednesday, 3-4 pm, for mindful discussion. Each week, we explore a different topic that matters to us. We begin with a brief introduction which is followed by group discussion. Topics are announced at least one week in advance. No preparation is needed. Join us and be a part of thought-provoking discussions. Residents are welcome to attend either the meditation group or discussion sessions, or both.

Our mission is to educate and empower ourselves by discussing issues impacting our lives as we grow older. We are a discussion group seeking to educate ourselves and share our experiences about issues we have or will have as we grow older. We do not recommend any specific solution to the issues we discuss or any specific businesses that provide relevant services. We are taking the summer off and expect to resume in the fall. Watch for information in This week in SCOV should events that seem appropriate happen this summer. Missed a meeting this year? You can review past presentations at the website.

Club Picnic at Catalina Vista

We recently celebrated a highly successful year with our first annual club picnic held April 24. Members enjoyed a BBQ and potluck dinner on the Catalina Vista Patio. This season, club members enjoyed several drive and dine events to local Cars and Coffee gatherings and the Tucson Auto Museum. In addition,

members attended several local car shows, bringing home a variety of trophies. Monthly meetings featured guest speakers on topics of interest in the automotive industry and our monthly informal gatherings for breakfast at The Views Restaurant, furthered discussion surrounding the car hobby. We look forward to next season beginning in October with a car show here in Sun City. We are planning several driving experiences and will be attending a host of local car shows. If you are looking for an active social club, where the cars are the stars, consider joining Unique Wheels.

A summer dance for the Kactus Kickers is in the works. Currently, plans are underway to hold this country western dance June 12, 6-8 pm, Auditorium, with one of our favorite bands, Wild Ride, on the stage. Get out of the heat and scoot around our large and roomy dance floor while enjoying the upbeat sound of lively country music. Bring your snacks and drinks and make it an entertaining social event along with neighbors and friends. The cost is just \$10 pp, pay at the door, with doors opening at 5:30 pm. There will be open seating at the tables. Note, no dance will be held in July.

First and third Saturdays, 11:30 am, AFC/Studio 1 and 2

Spreading joy, laughter and togetherness through dance, the members of the SCOV Witch Dance Club delight in bringing our neighbors of all abilities into the magic, where fun and friendship are always at the heart of our gatherings. We are an inclusive group and

all are welcome.

We don't stop dancing when Halloween is over. We're preparing new routines and having fun with every step. Join us Saturday, June 13 and 27, 11:30, AFC/Dance Studio, to learn the dance and see how much fun this group can be. Bring a broom/walking stick, a water bottle and a friend.

Exercise

Aquatone

Irmel Wheeler 520-334-0957 irmel5596@gmail.com
Tue, Thu, Sat, 9 am, AFC/pool

Aquatone is a water workout that incorporates a variety of rhythmic body movements. This aquatic exercise class enhances cardiovascular fitness and muscle endurance. It includes warm-up, cool down, various swim strokes and strength exercises. We use buoys, boards, noodles, balls and a fitness band. Most of these items are available at the pool. Participants need to be able to do a basic swim stroke. The class is taught by club member volunteers. There is no fee for Aquatone. Please call Irmel for more detailed information before your first visit.

Arthritis Water

Pres. Norma Waters normawaters1@hotmail.com
VP. Andrea Houston ahoust2@lsu.edu
Summer Meeting Time: Mon., Wed., Fri., 10 am AFC/Pool

Come beat the heat while getting healthy exercise. Our meeting time is 10 am. Join us Mondays, Wednesdays and Fridays. The Arthritis Foundation recommends meeting when the air temperature is 77 degrees or warmer.

Our club performs gentle exercises which target all muscles. They are used by several health organizations to increase strength and balance, mobility and flexibility.

Exercise is helpful in managing arthritis, fibromyalgia, replaced joints, etc.. Some new members have expressed surprise at how quickly the first sessions had already increased their abilities to move. Others comment on improved stamina.

New members are always welcome. Our members are fun, accepting and welcoming. We frequently hear, "I came for the exercises and love all the friends I have made."

Your first class is free. Yearly dues are \$5. There is no fee per class. Hope to see you there.

Energetic Exercise

Pres. Peggy Smith 520-400-8659 pdsaz@aol.com
Mon, Wed, Fri, 8-9 am, Auditorium

Sherri Rutman, Daughter Leah,
with Instructor Sally Martinez

Sherri Rutman, pictured with her daughter Leah, shared with the class that her mother, the late Marion Rosenbaum, was one of Sally's early Energetic Exercise participants. How wonderful that three generations of women in their family have benefited from Sally's expertise.

There is truly no age limit on working out. No matter when you begin, exercise offers real benefits. Today, there are people in their eighties powerlifting and even setting jump rope records. That may not be your goal, but there's nothing quite like the lift you feel after a full body workout to set a positive tone for the day.

Summer classes tend to be smaller, so it's a great time to join us. We meet Monday, Wednesday and Friday, 8-9 am, Auditorium. No registration required.

Class dues are \$3/year. A class punch card is 12 sessions for \$30. Please bring the exact amount in cash and place it in an envelope with your name on it.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
Mon, 3 pm, Thu, 1:30 pm, AFC 1/2

Summer is here and both the Monday and Thursday Pilates classes are smaller and more personal. It's a great time to try out Pilates. First, we do stretching exercises to warm up our muscles and then perform the Pilates mat routine, modifying some of the moves for those with limitations. People ask "can the benefits of Pilates, which come from strengthening and stretching exercises, really develop the body's core (your abdomen and back muscles), make you stronger overall, increase spine mobility and build flexibility?" The answer is a firm yes. Additional benefits include improved balance, muscle tone, stamina and a feeling of well-being. The cost is \$8/class and annual club dues are \$20 pp. Please join us or just stop by and watch. Call Mary 638-7916.

Play alternating Wednesday 3:30 pm and Thursday 6 pm
CV/Lemmon Room

We're playing SCOV Hand & Foot cards every week at Catalina Vista. What is Hand & Foot, you might ask. It's a terrific card game with elements of canasta, using multiple decks of cards, building sets with and without wild cards. Games are typically four rounds with high scores reaching 10,000 points or more. We most often play in teams of two, but also can play individually when an odd number of players are present. Tournament play is also scheduled periodically, with cash entry fees and prizes. Please text or email to receive the SCOV club rules and latest schedule. Annual dues \$7 pp.

This month we're playing Wednesday, June 3, June 17, July 1. We're also playing Thursday, June 11, June 25, July 9. Please watch This Week in SCOV for possible changes to the game time or location.

Our 2025-2026 birding season has wound down, except maybe a couple of ad hoc trips to view a rarity or two. We will get going again in late September when the weather cools. This year we had two multi-day trips, one to Sierra Vista, three to five days, and one to Portal, three to four days, with friends from the hiking club. Due to the persistence of a few of our members, we probably broke a record of species found on the Sierra Vista trip at 107 and six cars managed to drive up Huachuca Canyon or at least one and a half miles of it, without getting a flat tire. That was good because if we did, no one would ever find us. Birding is not for the faint of heart. Come join us in the fall. Contact Peggy if you have any questions.

Firearms stand next in importance only to the Constitution itself.
George Washington

Patrick Henry was a major figure of the American Revolution and the creator of the historic statement, "I know not what course others may take, but as for me, give me liberty or give me death." Henry believed strongly in the doctrine of natural rights, a political theory that man is born with certain inalienable rights. This belief was included in the Declaration of Independence as the right to "Life, Liberty and the Pursuit of Happiness." As we celebrate the 250 year anniversary of the signing of this life, nation and world altering document, we must remember those who made the formation of the United States of America possible. In countless cases they sacrificed their lives, in order that we might enjoy ours. Gun Club meetings resume in October.

These golf course hikers say "There's nothing like watching the sun rise over the Catalinas with good friends!"

Ever wonder what Hiking Club members do in the summer? Isn't it too hot to hike? One of the advantages of living in Oro Valley is that one can hike nearly every day of the year. You just have to adjust your start time a bit.

Golf course hikes are one way the Hiking Club provides summer hiking opportunities. We start early one to two times per week to avoid the heat and enjoy a brisk walking pace and lots of camaraderie. We are respectful of golf course starting times and are off the course by the time requested. Come join us. Check out our hike schedules on scovhiking.org.

Hard at Play

Pickleball is now firmly woven into our culture as the fastest growing sport in our country. It is no wonder we are the largest sports club at SCOV. Please join your friends and neighbors and enjoy all we have to offer. We are here to serve you in your pickleball journey, regardless of your skill level. This is a

highly social club with parties, clinics, tournaments and fellowship around every corner. We would love to have you join in. Contact us on the website. New friends are just a court away.

POP Tennis

Sharon Kennedy Pres. 206-786-4211
Kevin Harney VP. 717-404-4936
Mike Labarbera Sec.

Casual play on Mon and Wed, See Skedda for times. Competitive play on Fri 8-10 am. Mixed play on Tue, Thu and Sat, 8-10 am. All play at Desert Oasis.

Pop Tennis continues to meet for recreational and competitive play as the courts heat up this summer. All play is at Desert Oasis, 7-9 am. Monday, Wednesday, and Friday is for competitive play, while Tuesday, Thursday, and Saturday is for recreational play, depending on numbers of players available. All are welcome. We have paddles for beginners to try out the sport. Good times await.

Racquetball

Pres. Al Lichaa 520-606-8829

VP. Larry Saeger 715-891-3087

Sec/Treas. Hartmut Wagner 520-780-6148

Mon, Wed, Fri 7-9:30 am AFC/Racquetball Court

As you can see in the picture, racquetball can be tough on the equipment. Although not common, racquets break periodically when the racquet hits the wall instead of the ball. In this case, Jerry will need a new racquet which can cost anywhere between \$25 to over \$200. So we try not to hit the wall.

Well, summer has arrived and seasonal residents have taken flight. But there are still full time residents around to play in the air conditioned comfort of the Fitness Center. So if you're looking for a great way to get or stay in shape while playing an indoor racquet sport, come on out. The schedule may not be quite as regular during the summer months but play will still continue on most Monday, Wednesday and Fridays, 7:30-9 am. Have a great and safe summer.

Mon, Wed, Fri: Open Play: 9 am-8 pm

Tue: Ladies Play: 1:30-2:30 pm, Club Play: 2:30-3:30 pm

Thu, Sat: Club Play: 9-10:30 am & 3 pm-5 pm

Sun: Club Play is at the Copper Center

Nicely settled into our new digs in the Copper Center, we have been slowly modifying the club schedule and mode of play. We added Thursday morning, 9 am, to our schedule and that has become quite popular along with a similar schedule that has long been on Saturday morning. While we usually play two games with everyone in the room no matter the skill level, we have started playing more doubles just for the laughs. If you are not a club member you can still play during non-club time; just bring someone to play with. However, membership is only \$5/year so surely you can spring for that. There are paddles and balls available and if you want a bit of coaching, contact John or Peggy.

Tennis

President - Randy Harvey cagtaxman@gmail.com

For a schedule of club play, events and membership go to www.scovtennis.com

The 2025/2026 tennis season was a great success, marked by rousing competition in the men's, ladies' and mixed tournaments as well as several fun weekend beer and pizza socials. Now that many of our seasonal residents have gone home for the summer, tennis remains active at early and late times to counter the midday heat. Improved LED lighting on courts 5 & 6 makes after dinner play a popular option for the summer members. If you're just looking to work on your game, check out our new Playmate Ball Machine. Check out the club website (www.scovtennis.com) for playing dates and times or anything related to our tennis club.

"From our initial meeting with Brenda to the final services she provided, my husband and I knew we'd made the right decision when we decided to work with this excellent real estate expert. Brenda was personable, efficient, and professional in every way.

She made the process of selling our home as comfortable and easy as possible. Many thanks to her for all she did to take the stress out of this big event in our lives."
