Change is Inevitable — Our Evolving Community

by Joy Huxtable

The Long Range Planning Committee (LRPC) has been diligently working on evaluating issues that will affect our community in the years to come. They have analyzed the 2018 Long Range Planning Resident Survey data, visited similar communities in the Southwest, and had many discussions with stakeholders about what SCOV might look like in the future. Currently they are partnering with a consultant who specializes in land use planning to study our facilities and geographic footprint. At the April Board Study Session, the LRPC identified high priority issues and recommended options to address them. In the near future they will present the results of the land use planning study.

Some may ask, "Why change? We like our community just the way it is." Well, all we have to do is look back and reflect on all the changes our community has seen in the past 30 years.

While the geographic size and number of homes in our community has not changed, the interests and activities of our residents have certainly changed since the late 1980s. In the early years, there were very few clubs. Today, there are over 140 clubs, something for every interest. Golf, tennis, swimming and hiking were the primary physical activities. Today we have many additional options such as pickleball, POP tennis, a state-of-the art fitness center and numerous exercise classes and dance clubs. When landscaping their homes, early residents were required to have two trees in their front yard. Today some of these mature trees are now blocking views, and many are being removed.

Advances in technology have brought about major changes in how we communicate and access information. Early SCOV residents did not have cell phones, or access to the Internet as a source of information and communication. There was no SCOV website. Most of our community news was shared via neighbors chatting over their walls. When residents voted on an initiative, it was by paper ballot. To-

day we are able to vote electronically. The rapid changes in technology in the past 30 years can be overwhelming. Today just keeping up with emails can feel like a major accomplishment. However, if you don't have a smart phone and are not on Facebook, Next Door, Instagram or Twitter, you may feel out of the loop on the latest news.

Change is inevitable and constant. SCOV will continue to evolve by adapting to new technology and responding to the changing interests of future generations of homeowners.

Our community is fortunate to have a dedicated and hard-working Long Range Planning Committee. Their ongoing research and discussions will help us assess and prioritize changes facing our community in the near future. The challenge will be dealing with competing wants and needs and allocating resources. However, change is coming.

General Manager - Mark Wade

Working for the Good of the Whole

Our *de facto* national motto calls upon all of us to work for "the good of the whole". That motto is *E pluribus unum*, meaning "out of many, one."

Recently we had an election for Board of Director seats that will be vacated because terms are expiring. Three seats attracted six faithful residents to go through the election process. Forums were held and candidates expressed their opinions on various topics. Interviews were recorded and put on our website that questioned candidates on issues of the day. At the end of it all, the residents voted, or at least 64% did. Three were elected, and we should all be grateful for the stalwart citizens of our community who are willing to dedicate three years of their lives to "the good of the whole" by serving on our Board of Directors.

The Board serves our community with a focus and fiduciary duty to leave their personal agendas behind and make all decisions based on what is best for "the good of the whole" community.

The satisfaction of the residents observed in our surveys is a testament to the success of the development of policies by our Board of Directors, both current and past, for "the good of the whole" community.

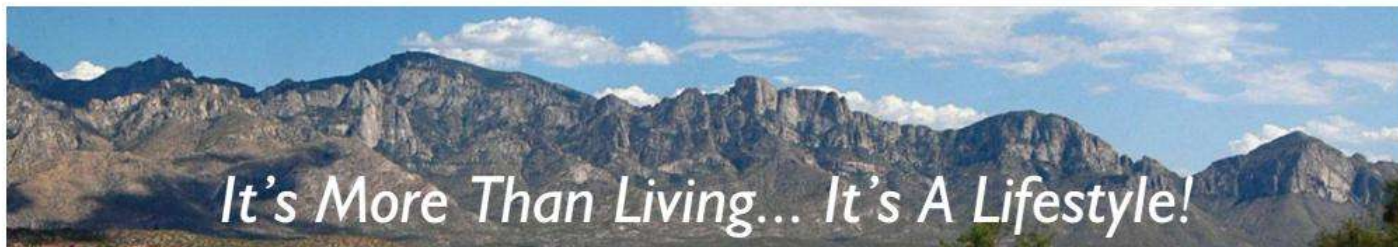

It is my pleasure, as General Manager, to implement the policies the Board of Directors develop and approve. Our staff works very hard to see the vision of our Board and guide this large organization in the direction and on the course the Board has set for us.

We want you to know that we appreciate the opportunity to serve you. If you, for any reason, feel that we can serve you better, please communicate those reasons to me. We want to be the best staff we can be and embrace all suggestions that will help us to improve.

Safe and happy summer to all of you.

SCOV Posse – A Partnership in Prevention

By Paul Mercer

You may wonder, “Why is my phone ringing? It’s 9:10 at night.” You answer and find that the Sun City Posse is calling to advise that your garage door is open. You groan, remembering you left it open to put your broom away after a last minute clean-up, and you forgot to close the door. The phone call is one of the niceties of living here in SCOV, showing why it is one of the safest communities

prevented an unmeasurable amount of crime. I am proud to serve as your Police Chief and as my career comes to a close, I assure you that this partnership will withstand the test of time. Thank you for serving this great community and making us one of the safest towns in Arizona. We could not do it without you.”

In this case, you mean you. Especially if you can help out, particularly during the summer months. Please come to our monthly meeting on the second Tuesday of the month, 3 PM, Catalina Vista. You will meet others in the group and engage in lively conversation about things that matter in our community. As always, one of the benefits of doing volunteer work is you help yourself while helping others. You will add to your store of knowledge about auto safety, auto insurance, home insurance and home maintenance from training material and fellow posse members as you patrol. And you’ll help others, especially by educating residents new to the neighborhood on how to keep a herd of javelinas from ransacking their garage.

Oro Valley Police Department attends the annual SCOV Posse meeting, a reflection of the long-term partnership

around. Open garage doors are an invitation to bad guys to come into your garage and help themselves to your stuff. Hungry animals and snakes looking for warmth also will view the open door as an invitation to enter. Please help us to help you by double checking and locking your property as darkness falls.

Oro Valley Police Chief Danny Sharp will be retiring soon, and he is proud of the partnership that has developed over the last twenty-five years. He says, “The motto of ‘Partnership in Prevention’ describes the Sun City Posse and Oro Valley Police Department’s relationship well. The long nights, vigilant patrols and constant communication with OVPD has

New Ambassador Tour Vehicle Operational

"This View is for You!" You're going to begin seeing this statement touring around our campus as potential residents are introduced by Ambassadors to the amazing life they could live if they make SCOV their home. Ambassadors will be training on the new vehicle with great branding and one of their favorite features, power steering. Also new on this vehicle is a public announcement system so those seated in rows two and three can hear the Ambassadors tell the story that is Sun City Oro Valley. The touring program has been a wild success here in SCOV. Last fiscal year 384 tours with potential residents in the new tour vehicle were provided. Through the Ambassador tours we share information about SCOV and that "It's More Than Living, It's a Lifestyle!"

Winter to Spring

I would first like to thank Barb Satterly for selling the tables for the Courtyard Sale and setting up. Her help is always greatly appreciated.

I would like to talk about pool rules. Rules for both pools are posted at both the Aquatic and Fitness Center and the Desert Oasis. The rules apply to all residents and to all guests and renters. Rules are in place for safety and in agreement with the residents who pay yearly dues to enjoy the amenities of SCOV. We ask you to follow all rules, and if a monitor brings something to your attention, please cooperate with them. SCOV is a great place to live and enjoy, but as in life, there are always rules. Thank you.

Online catalog: <https://evolveopac.infvisionsoftware.com/suncityorovalley/kcusumano@suncityorovalley.com> 520-917-8083

Our collection includes almost 600 audiobooks in both CD and MP3 formats. The MP3 format, usually consisting of only one disk, is easier to load on your smartphone, iPod or iPad if you want your "book" to be more mobile. Average circulation is 125 per month. This number swells to over 160 per month in April and May when winter residents make the long car trip back to summer homes and year-round residents go on vacation. We provide mailing labels to make it easy to return the audiobooks by mail.

A good audiobook truly unleashes the power of the spoken word. While some are read by the author, most are read by talented voice actors, and sometimes multiple actors are used to better portray key characters. Patrons tell me they listen while engaged in housework, hobbies such as sewing or woodworking and even while in the shower. Audiobooks are also used for rehabilitation therapy for those with cochlear implants. Our latest additions are showcased on the first shelf of our audiobook collection. Stop by and check them out.

Sharing Equipment

In a gym, weight equipment is considered communal property, so don't sit on a machine while you rest between sets. Especially don't sit there reading a magazine, talking on your cellphone or rehearsing an opera. Instead, stand up and let a fellow gym member work in; let the member alternate sets with you. The same rule applies if you're using a pair of dumbbells. When you complete a set, place the weights on the floor, so someone else can sneak in a set while you rest.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, May 14, the AFC pool and spa will be closed for cleaning and shock treatment. They will reopen the following morning at the regular time.

Wednesday, May 15, the Desert Oasis pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Second and Fourth Tue., 2 PM, WC3

If you are planning an exterior home improvement project, please be sure to consult the latest version of the Development Standards (October 23, 2018) for any guidelines that may affect your project. There are many exterior projects that require prior written Architectural Review Committee (ARC) approval to ensure compliance with the SCOV governing documents. These projects include, but are not limited to, room additions, patio covers, window and door replacements, shade screens, walls, fences, gates, landscaping (including new/replacement plantings of any trees, shrubs, vines or ground cover plants that are not on the approved plant list), lighting, shutters, gutters, downspouts, spas and swimming pools. All design, style, color, dimension and material decisions should be made before submitting your project for ARC approval.

Food and Beverage

Chair Barb McNeill bjmac68@gmail.com

Oct.-May, First Fri., 2-3 PM, The Views Terrace

Last month was the busiest ever and produced all-time high revenues for The Views Restaurant. We were awarded again by the *Northwest Explorer* as Best Restaurant in Oro Valley. This will result in more customers; however, staff is ready and able to meet customer expectations.

At times, especially on Friday evenings, there is a wait line for a table. We asked tables of two if they would be willing to share their table, and the answer was, "Sure." Feedback from these folks was very positive, "We made new friends." By telling the hostess you will share your table, we can eliminate the waiting time for others. So join in, and make The Views the friendliest restaurant in town. During the slower summer months, we will try a community table, so single diners can meet and enjoy company with their breakfast or lunch.

Watch for announcements of more knife, scissor and lopper sharpening events.

May leans towards summer in our area, and many are heading to cooler climates. The library is always a cool place to be with many choices for books and movies. An editorial was in the newspaper recently about the importance of libraries and the number of people using libraries, saying that 1.39 billion visits were made to public libraries in 2015. We are lucky in SCOV to have our very own library that is supported by community members so that we can have a rich variety of books and movies at our fingertips. Friends of the Library is grateful to all who support this great amenity.

Featured artists for May are Jane Fairchild and Annette Geistfeld.

Jane makes Fiber Flings, which are light-weight yarn and bead necklaces.

Fiber Flings have the fluffiness of a scarf,

without needing any expertise to tie it correctly.

She also makes the popular ceramic scrolls used to describe food items at potlucks or dinner parties. They make lovely hostess gifts as well.

Annette's interest in book and paper arts began over 15 years ago. Much of her inspiration comes from living in the Sonoran Desert. She says, "Combining my interest in experimenting with book structures, designing greeting cards and my love of paper has been the driving force in my creative life."

SCOV residents are invited to participate in the Arts and Crafts Festival 2019, Saturday, November 16. To register, contact Don or Jeanne Jovag at 520-818-1078 or cell 520-762-6030. A six-foot table is only \$25.

Government Affairs

Chair Laura Dore 520-338-1016 lucylb53@comcast.net

Second Wed., 1 PM, WC1

The Government Affairs Committee invites politicians or subject-matter experts to provide educational forums for SCOV residents. Topics may include water and land

usage, utilities, taxes, safety or other issues impacting the quality of life in our community. Residents who have topics of interest may submit ideas to Laura Dore.

Beginning in April and continuing periodically, a member of Senator Martha McSally's Tucson staff is coming to SCOV to conduct onsite "office hours." This is an opportunity for you to discuss issues you may be having with a department or agency of the federal government, including Citizenship and Immigration Services, Social Security Administration, Centers for Medicare and Medicaid, Department of Veterans Affairs and Internal Revenue Service. To better assist you, staff recommends you bring copies of any relevant documentation. Watch for specific dates and times as they are scheduled and announced in This Week in SCOV and flyers.

I want to thank the members of the Greens Reconstruction Committee for their commitment and tireless efforts over the past 18 months. They are Debbie Huffman, Pattie Horning, Doug Kimble, Diane Malchow, Barbara Ross and John Rowe. They were supported by staff members Mike Kropf and Rick Price and Board member, Debra Arrett.

The greens reconstruction project is included in the operating budget for the 2019-2020 fiscal year and will be the responsibility of the General Manager, Mark Wade, to implement. We have a contract with golf course architect, Mike Gogel, who will provide project management services with the go-forward activities.

The current estimate of activities is as follows:

October 2019 – Develop construction drawings and review with staff

November 2019 – Contractors pre-bid meetings

January 2020 – SCOV review/selection of contractor

April 2020 – Contractor mobilizes

May to June 2020 – Construction

July to September 2020 – Grass grow-in and maturation

October 2020 – New greens ready

The temporary green layout has been designed and will be developed in advance to allow golfers to continue to use the course during the construction and grass grow-in periods. More information on this and other opportunities for golf will be communicated from the Pro Shop.

Marketing

Chair Pete Coy 360-739-4100 petercoy@gmail.com

First Wed., 2 PM, WC1

With many new marketing ideas being explored in recent months, the committee now goes on its summer hiatus. Our next meeting will be in October, but we are looking for several new members for the committee. Residents who are enthusiastic and creative will find this to be a rewarding experience while contributing to our dynamic community. This is a way to get involved while not having to spend too much time. Contact Pete for more details.

Neighborhood Pride

Chair Tempe Johnson 520-825-6994

Third Tue., 2 PM, WC3

What's Right Around the Corner?

Summer is right around the corner. Before we know it, it will be here, and we bid farewell to those who leave our community for the months ahead. Remember to have someone look after your home and yard while you are away, even if you are only gone for part of the time. A messy yard is an indication that you are gone and puts your home and belongings in what could be an unsafe situation. During our

monsoon season, weeds grow in abundance and need to be removed as quickly as possible. With the upcoming storms, there are times when it's necessary to reach homeowners due to roof tile damage and/or trees down. Don't forget to leave your summer address and phone number with Administration should someone need to contact you.

Have a great summer knowing that your community and home here will look just as nice when you return as when you left.

Posse

Chair Linda Simon 520-789-7169 posse@SLP.com

First Tue., 3 PM, Desert Oasis

www.scovaz.com/committees/posse/ (must be logged in first)

There has been a change of leadership of the Posse. Larry Clark has stepped down as our leader after three years of service, and Linda Simon is the new chairperson. With this change, there are some openings in the Posse leadership for Squad Leader and Secretary. If you would like to serve the Posse, please contact Linda Simon. Also, our seasonal residents are leaving, and the Posse needs volunteers for the summer months to continue the nightly patrols of our neighborhood. Please join the Posse, and help keep our community safe and secure. See page 4 to learn more.

Preserve and Enhance Lifestyle and Property Values

Chair Don Stewart 618-980-3878 bethsdad81@gmail.com

During the recent Association election, an important new authority was overwhelmingly adopted with 86% SCOV voter approval. It enables prevention of significant view impairment from adjacent "permanent modifications" such as room additions.

The approved clauses now are part of SCOV's Master Declaration; they define a view and give the Architectural Review Committee (ARC) authority to deny a project if it unduly impairs any neighbor's views.

The next step in implementing this new authority is to develop detailed criteria against which a potential impairment situation may be evaluated. Although some subjective judgment will inevitably be involved, the criteria must be highly objective and repeatable so that all involved understand them.

The task force will be working closely with the ARC to develop these standards, test them to insure that they are fair and workable and, finally, recommend them to the Board for formal inclusion into the Development Standards. We expect this to be complete in late 2019.

Properties

Chair Rich Oaks richoaks114@gmail.com

Third Thu., 9 AM, WC1

The Properties Committee recently completed a series of semi-annual inspections. The committee was pleased with the improvement observed during the facilities inspection especially with regard to safety-related items. This improvement is the result of a conscientious effort on the part of Association staff, and the committee is gratified by their good work. The Properties Committee works on a variety of tasks like this during the year. Our next meeting will be on Thursday, May 16.

The Views Golf Club has partnered with a golf marketing company who specializes in growing the game. We are embarking on an exciting new membership program that will substantially enhance our ability to provide you with an even greater value than ever before. The Membership Campaign will be executed in conjunction with the 32nd anniversary of our facility.

It is important to note that this new program offers a membership opportunity far different from anything we have provided in the past, and, as such, is not directly comparable to the membership plans to which you are accustomed. This new membership is specifically designed for the casual and non-golfers in our community. There are dramatic differences between our annual and seasonal memberships and this introductory membership.

The Anniversary Membership will first be made available to residents, along with those guests who have visited our course with the understanding that we will only be able to sell a limited number of these memberships. This offer is for a limited time only and a one-time-only offering. The Anniversary Membership will cost \$49 per year with a \$10 per year administrative fee, based on a three-year commitment bringing the total to \$177 + tax, paid in full at the time of sign-up.

Golf will be available seven days a week in the afternoon on a space-available basis. This membership will not entitle these members to play in league play, member events, club tournaments, club outings or Association events without paying the additional associated green, cart and tournament fees. The daily golf fee rate year-round is \$12 plus tax for 9 holes and \$18 plus tax for 18 holes. Starting time reservations will be limited to three days in advance and may not be a part of any group reservations.

This membership was designed as an introductory offer to raise interest in the game. We hope you are excited about the opportunity to share this remarkable offer with your friends and family. We will continue our commitment in providing a professional, friendly staff and a memorable golf experience at The Views Golf Club.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

One of the toughest challenges on maintaining a golf course is accomplishing many tasks with only a small number of employees. The maintenance crew is not only responsible for maintaining the grass, but also traps, sprinkler systems, pump station, ponds, desert and numerous other items. Most golfers are unaware of the amount of work that goes into golf course maintenance, but members of the golf clubs have been volunteering their services to the maintenance department for many years.

These people wanted to help on the golf course, so volunteers started to fill divots on tees and fairways. Over time, a system was created where these volunteers adopted their own hole. They not only repair divots but also fix ball marks on greens, and some even rake traps when necessary. The

work they accomplish throughout the week has freed up at least two maintenance employees to concentrate on other aspects of the golf course.

Hugh Madson first organized these volunteers. He created the system of people adopting their own holes or areas. He always made sure holes were covered in the summer months when seasonal residents left. He also got contributions from all the clubs to provide a breakfast to show appreciation for all the time SCOV volunteers put into the golf course. Hugh recently moved away from Sun City, so I wanted to take the time to show my appreciation for all he did for me and the golf course over many years. Thank you Hugh. You will be missed.

Golf Advisory

Chair Doug Kimble 520-825-3172

First Wed., 2 PM, WC3

We wish safe travels to our winter resident golfers and will look forward to your return in the fall months. Mike Kropf and his crew will be working hard this summer to improve the golf course. The best playing conditions of the year will be in August and September thanks to our superintendent's knowledge of desert golf courses.

The golf clubs will have different starting times, so be sure you keep up-to-date on those time changes. There will still be many activities going on with the golf clubs, and our Pro Shop will be providing other golfing events throughout the summer months.

Thanks to the league reps, member-at-large, vice president and all who made up our Golf Advisory Committee this past golfing year.

April saw an end to inclement weather and the 18-Hole Men's major tournaments, culminating in the Member/Guest held April 4, 5 and 6. Forty teams participated in golf, pizza, raffles, Charlie's burgers and a Congratulations to the Winners dinner of chicken or prime rib and a generous assortment of adult beverages. Additionally, Srixon Golf Manufacturing held an afternoon sale in the Activity Center with clubs, bags and golf sportswear to name a few of the items that should improve our amateur standings.

The final day of the tournament left five flight winners standing to compete in a four-hole elimination contest called a Horse Race or Shootout. The winners were Bob Johnson and Roger Ocel who won one chance each for a hole-in-one to win \$500,000. They missed.

Other flight winners were Bob Ranson and Dan Snook, Tom Potter and Tom Wright, Kurt Klucking and Jerry Shearer, Jack Charbonneau and Lee Krumm.

Orientation as needed

During the busy winter months, our tireless Clay Club officers, kiln team and glaze team members have brain-stormed to find new ways to improve our club's facilities. The pottery studio storage room

Clay friends, l-r, Janet Ramble, Darlene Kloc and Janie Hulett

has been outfitted with sturdy new shelving, which provides generous space for members' tools and clay stash. The enlarging of the drying racks has resulted in more room for drying greenware before being fired. The glaze room dipping glaze reorganization allows members a more educated selection. Newly trained kiln team members add to the lightening-fast efficiency of kiln-time turnaround.

As the summer months approach, the studio is quieter, yet still friendly and productive. Now is a great season to stop by the clay studio to sign up for orientation. Whether you are interested in handbuilding or throwing on the wheel, our members will guide and inspire you to meet your goal.

Cathy Harvey moved to SCOV 12 years ago from New Jersey where she returns in the summer. After intense leadership conferences motivated her colleagues to find a left-brain activity, they began meeting in a friend's kitchen to learn watercolors together. Cathy's interest in saturated color led her to move on to pastels. She feels the desert environment lends itself to landscape subjects and finds our critiques helpful if she needs a suggestion. The broad opportunities of SCOV also keep her coming back. You will enjoy meeting Cathy and watching her work.

Ann Gethen hails from Yorkshire, England, coming to the United States in the 60s. La Veta, Colorado, is where she returns in the summer. She's been coming to the studio for two years with her oils and palette or painting knives. She creates landscape paintings of places that still resonate and botanicals of the flowers at her feet when she's working *en plein air*. If you travel through La Veta, stop in the Spanish Peaks Arts Council center, and you will see her work there.

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials.

Over the past several weeks, the knitters and crocheters have enjoyed sitting outside on the patio at Catalina Vista on Tuesday afternoons. It's amazing what a difference it makes to enjoy our crafts while being outside in the beautiful weather with incredible views of the mountains. Not sure how long we will be able to continue outside as the temperatures increase, but in the meantime we'll continue as long as we can.

In March we were surprised to find a sleeping rattlesnake curled up around the center leg of a table out on the patio. Needless to say, the monitor was summoned, and the snake was removed by the fire personnel. But that didn't stop us from being out there the following week.

Sculpture

Pres. Laurie Lichaa 520-812-0198
Mon., 9 AM-5 PM, Catalina Vista/Art Studio

The clay sculpture group meets on Monday in the Art Studio in Catalina Vista. Come see the projects in process and completed projects in the display case.

The Sculpture Club uses sculpey clay. As you can see in the picture, there are two different kinds of sculpey available for members to purchase from the club. The white sculpey is the original form of material and is preferred by some members. According to the sculpey company, the pink sculpey called super sculpey living doll is best used for creating lifelike figurines with fine features. John Johnston completed the pink sculpey sculpture. To finish these projects, both materials are baked at 275 degrees. After baking they both can be sanded, drilled, carved and painted. The cost of the white is a little cheaper than the pink. It is just a matter of personal preference as to which materials a person uses.

Mon. and Thu., 9 AM-Noon, Artisan Center/Sewing

This month we say goodbye to our sewing friends who head off to cooler climates and homes all over the United States. We'll miss all of them and look forward to their return in the fall. However, this doesn't mean that we stop sewing. Those of us who stick around will continue to sew and enjoy the cool temps of the Sewing Room. We have many ongoing projects to keep us busy. In addition, several of the sewers take projects with them to work on during the summer months. Now that's dedication and a love of doing something worthwhile for children at risk.

Cheer Bears

Pat Norton 480-993-8762 panpan9803@yahoo.com

Wed., 1-3 PM, Artisan Center/Sewing

Cheer Bears will be suspending meetings from May until October. That doesn't mean that all work will cease, but we will not be consistently making bears.

The Cheer Bear group would like to thank the Ladies Tennis Club for the donation from its final tournament in April and the individual donations that were also received. The money will be well spent in the fall to purchase supplies for next year's Cheer Bear assembly. It is inspiring to receive the support we find in this community. What a wonderful place to live.

If anyone would like to join us again in October, mark your calendars for Wednesdays from 1-3 PM in the Sewing Room at the Artisan Center. We can always use more hands to bring the love from our donated materials.

The Tapestry Rug Hooking group meets Tuesday mornings in the Sewing Room. We welcome new members and any interested people to come by and see our art. You can learn more about our group by

visiting our website or coming to see us on Tuesday mornings.

When you think of tapestry rug hooking, you might envision projects that are either wall hangings or rugs. However, we create other projects such as pillows, coasters, table runners, etc. In the above picture, John Shaw used his hooking project to upholster two footstools. He also has used his hooking to upholster a rocking chair. So, the projects we create are much more than one might think. If you have ideas of other projects where hooking might be used, stop by and share your idea, and we will teach you our art.

Hi. I'm Karen Curry and moved to SCOV in March, 2015. I came here as a quilter, yet I found the woodshop a wonderful attraction and have become addicted to woodworking. I continue to enjoy turning on the lathe, working with our scroll saw, routers, bandsaws, jointer, planer, sanders, just to name a few. Many woodworkers have taught me so much. I continue to make items for friends and family and Seniors for Kids. I'm very thankful I moved to SCOV where I can continue to learn and grow in many new areas.

Our May book is *Last Bus to Wisdom* by Ivan Doig. A third generation Montanan and the author of many critically acclaimed books, Doig died in 2015. *Last Bus to Wisdom*, his final novel, is a touching and raucous coming-of-age tale set in the 1950's based loosely on his own youth.

If you've been lucky enough to see, or at least hear the soundtrack, of the hit musical *Hamilton*, you may have noticed that Lin-Manuel Miranda gives the last word of the play to Eliza Hamilton, Alexander's wife. Our June book selection, *Eliza Hamilton: The Extraordinary Life and Times of the Wife of Alexander Hamilton*, by Tilar J. Mazzeo, turns the spotlight on the life of this fascinating woman, who continued a quiet, dignified career of guarding her husband's legacy and launching numerous philanthropic ventures for over 50 years after Alexander's death.

Poets Corner

Sharyn Rafieyan 520-825-6762 srafieyan@comcast.net
Mon., 9:30-11:30 AM, WC3

Effective political poetry has the power to change society—even if it's only the thinking of a small sector. Widening the audience may depend on the poet's ability to evoke empathy and arouse passion. John Murillo accomplishes exactly that in a series of sonnet-length poems collectively entitled "A Refusal to Mourn the Deaths, by Gunfire, of Three Men in Brooklyn." A quote from Terrance Hayes, "This country is as much mine as an orphan's house is his," introduces the poem from which this excerpt is taken:

"...Again this week, they killed / another child who looked like me. A child / we'll march about, who'll grace our placards, say, / then be forgotten like a trampled pamphlet. What / I want, I'm not supposed to. Payback. Woe / and plenty trouble for the gunman's clan. / I'm not supposed to. But I want a brick, / a window. One good match, to watch it bloom."

Fri., 10 AM-Noon, AFC/Studio 2

Folk dancing is more fun than a treadmill and healthful exercise for balance, muscle, mind and mood. For most dances we hold hands in a circle to perform non-gymnastic steps to the enchantingly fascinating music and rhythms

Idam Ne Idam (Macedonia, Bulgaria) of diverse cultures (including our own). Neither partner nor prior experience needed. Typical dance sessions consist of 15 folk dances with instructions. Sitting out dances to rest is always acceptable. Drop by and come in to watch and see if this internationally-popular dance form is right for you. To see us in action online, do a Google search on FDCSCOV YouTube.

Hi, Jazz and Hula gals. As many of us are going back to our "little grass shacks" here in SCOV and elsewhere across the country for the summer, we'll take a little break and resume sometime in June with more fun hulas to learn. Please email or text me if you'd like to continue with hula for six more classes from mid-June to the end of July, so I can get an idea of how many of you would be able to join me.

Have a wonderful, safe and healthy summer.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Joseph Pilates once wrote, "Physical fitness is the first requisite of happiness." To get the full benefits of Pilates, a person should understand the application of the basic principles. This takes a little time and patience since the movements can be different from other forms of exercise. These movements are fun, interesting and challenging. Pilates can even become addictive. It teaches proper balance, breathing, focus on your core (abdomen and back muscles) and movement control. There is constant movement from one exercise to the next which results in your developing more strength and stamina. Your posture is improved, the spine lengthens and joint flexibility and mobility are increased. SCOV has two terrific instructors who teach the mat Pilates system and will modify many of the moves for individuals, as needed. The cost is only \$8/class and annual club dues are \$20 pp. Please stop by and watch a class. Call Mary.

Vistoso Cyclists boasts membership of nearly 200 riders. We ride year round to preplanned destinations in Tucson and surrounding areas, using both city streets and dedicated bike paths. Occasionally away rides start from a distant location. Weekly mountain bike options take a few of us to the beautiful Tortolita rangelands, containing some of the highest-rated single track bike trails in the nation. Our group ride options are from 25-50 miles, and we always make time

for a coffee stop midway. Those who ride with the Women on Wheels group have their own agenda providing routes of 12-30 miles.

We sponsor social events, participate in Wheels for Kids charity and are involved with fundraising for the Interfaith Community Food Bank, raising over \$43,000 last year.

If you are a SCOV resident and love to ride a bike, check out our website above.

Summer is here, so scheduled club play is early morning and late afternoon and evenings to beat the heat. Check the schedule on our website or court-side. Pickleball is easy to play and lots of fun. You can play with your kids and grandkids when they visit. Come out and find out why pickleball is the fastest growing sport in America. We give lessons as needed throughout the summer. Finalists from women's doubles tournament with their cheer bears

Through the women's doubles tournament, the participants and club donated a total of \$690 to the SCOV Cheer Bears group (see picture of women with cheer bears). Over 20 people participated in the third tennis lesson conducted in April. The club's spring meeting and potluck social on April 6 was a rousing success. Members enjoyed sharing stories, dining on scrumptious appetizers and desserts, and congratulating winners of the three winter tournaments.

Two important happenings in May are:

- Open tennis times for men and women begin at 7 AM on May 1.
- The last tennis lesson will be on Wednesday, May 8, 1 PM (call Jim Benshoof 612-799-5918 if not already registered).
