Association News

From The Board of Directors

Our MISSION as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Looking Back, Looking Forward

by Steve Knapp

Janus, symbol of beginnings and passages, seems a fitting symbol to reflect on the annual changes that take place in the composition of your Association Board. Election results are announced at its March meeting. In May, two new Directors will be seated while two completing their three-year terms will have departed.

As a departing Director and one privileged and thankful to have served as your Board President, some reflections and thoughts.

Compelling. Community. Communications.

Peggy and I arrived as newbies in 2010. Serving on the Marketing Committee led to exploring other committees, clubs and activities. New acquaintances and friendships followed. Our community confidence grew and we became full-timers in 2012.

Caring. Considering. Committing.

Having served in other volunteer leadership positions, I was encouraged to stand for Board election by a former Director who has contributed considerably to our community's fiscally responsible, yet progressive, path. I hoped to help extend and enhance our shared community enterprise, including home and amenities values.

Conviction. Collegiality. Collaboration.

SCOV is a remarkable community with immense personal appeal: its many interesting, supportive, bright and just plain wonderful people. Our residents are a treasure trove of talents, a blend of experience and volunteer spirit. Extending personal support and interest in other residents, serving on committees, participating in clubs and activities, these are the backbone of our continuing community vitality.

Competence. Continuity. Confidence.

With professional associations as former business clients, I have particular respect for our Association's management leadership and key staff members. Strengths include: depth of community management experience, rigorous attention to homeowner interests and communications, diligent financial control and working effectively with a volunteer Board.

Consider. Care. Contribute.

Do become involved with committees, clubs or special service opportunities. Consider exploring Board service. Attend Board meetings; talk with former/current directors, key staff members and community leaders.

General Manager - Bob Mariani

Town's Purchase of El Conquistador Country Club

Over the past few years, I have developed an excellent relationship with the key Town staff, especially Greg Caton, the Town Manager and the Town Council. I have a great deal of respect for these individuals on a professional and personal level and support nearly every decision the Council has made in recent years.

With the above noted, I hope that the majority of the Council and Town Manager can agree to disagree with me and the vast majority of SCOV residents in regard to the purchase of ECCC (El Conquistador Country Club). I fully support a community center and am willing to pay for that facility if implemented correctly. However, even after the many Town press releases attempting to answer questions and sell the purchase decision, I cannot identify any sound justification for the purchase of the ECCC clubhouse and can't support the Town's purchase of any golf course.

I won't list all the reasons for my position, most of which you have probably heard or read from other sources, but here are just a few. Again, I support a community center but am confident that construction of a new facility is the correct choice. The Town has indicated that new construction will cost \$20 million, plus financing costs. However, this is an apples to oranges comparison as the Town is referring to construction of a facility that is more than twice the size of the usable space in the ECCC clubhouse. You do the math. At most the cost of new construction would be \$250 a square foot times 21,000 square feet, which is the approximate usable area for a community center in the ECCC clubhouse, and totals just over five million dollars.

My second issue concerns every aspect of the golf course purchase. I can understand a public swimming pool so all Oro Valley residents have access to a pool facility but not a golf course when we all have access to numerous courses in the area. Additionally, we all know about the poor state of the golf industry which will likely result in the ECCC courses losing much more money than projected. That's our money. Of course, the big issue to SCOV residents and the Association is that in total we'll pay nearly \$200,000 per year in additional sales tax to support our competition.

It's More Than Living... It's A Lifestyle...

On the Road Again...

Members of the SCOV Sundowners RV Club keep their wheels rolling.

By Joy Huxtable

You might be surprised to learn that RVing is a lifestyle shared by many residents in Sun City. Did you ever wonder what it would be like to travel around the country in an RV? Well, numerous SCOV homeowners found their way to our community during a road trip in their motorhome, fifth wheel, trailer or van. SCOV RVers often take to the open roads during the summer months. They visit their families, national and state parks or maybe only travel as far as the Arizona White Mountains. When they are not traveling, they enjoy the camaraderie of fellow RVers who live in our community.

SCOV's Sundowners RV Club recently celebrated its 20th Anniversary with a party where former and current members came together to share RV stories and reminisce. Currently, the club has 127 members and holds monthly meetings from October through May. The meetings provide a time to connect with fellow RVers and learn about the latest in RV accessories; how to handle RV maintenance, repair and safety issues and to discuss plans for the next club trip.

For Sundowners president, Dennis Kraft, "Participation in the RV Club embodies a wide range of the active adult lifestyle. Club trips have included hiking, birding, visiting historical areas, attending the theater, dining out, off-road excursions and more. We have members who don't even own an RV, but want to take advantage of our club's wide-ranging activities and social events." Contact Dennis at 612-799-4047 to learn more about the club.

Long time member, Jim Wisda, explained, "There are so many advantages to being a member of the fun-loving Sundowners RV Club. We have met many wonderful people with shared interests. Fun club activities have included exciting trips to interesting locations, great sightseeing, campfires, social events and entertainment."

Remember Johnny Cash's song, *I've Been Everywhere Man*? The Sundowners have taken group trips everywhere from the Olympic Peninsula to the San Antonio Fiesta, from the Albuquerque Balloon Festival to Branson, Missouri. The club has also traveled south to Rocky Point, Mata Ortiz and Teacapan, Mexico. You might find the club in California exploring San Diego, Borrego Springs, Pismo Beach or the Monterey area. Off road four-wheel drive trips in the National Parks of Utah, visiting Silver City, New Mexico and participating in the '49ers Encampment event in Death Valley were some of the special club-sponsored trips. Hal Hufford, a past RV club president, stated, "Participation in the RV Club has encouraged Sharon and I to visit places that we would never have

gone on our own. Every day on an RV trip is a new adventure."

Club RV trips are planned and led by members called Wagonmasters. They pick a place to visit and select an RV Park where the group will camp. Wagonmasters plan optional activities in the area and group potluck dinners. According to Dianne Wisda, who has been the Wagonmaster for several fun trips, "It is really easy to plan an outing for people in the

Sundowners RV Club. They are so flexible and roll with the punches. They deal with adversity well but are thrilled when they find an RV park that isn't located next to a railroad track. Members' potluck dishes are often culinary delights!"

Most RVers have funny stories of their misadventures while RVing. A few years ago, the club instituted the I Screwed-Up award. This is such a prestigious award that many members will report on their own mistakes just to be able to proudly display this special award in their RV.

Sundowners hold several fun social events each year. However, their annual April Campout and BBQ at Catalina State Park with live western music around the campfire is the highlight of the year! Marge Allen, a past club president, observed, "I don't think I've ever belonged to a more interesting, fun and caring group in my life. Members look forward to not only the RV trips, but to the social interaction we experience while on these trips. Just traveling to a place isn't necessarily what it's all about; social time before dinner, group potlucks, campfires in the evening, scouting new areas, that's what it's all about."

If you see your neighbors loading up their RV, they are probably humming Willie Nelson's famous song, *On the Road Again*.

HEROES AMONG US AWARD

Annually the Board requests residents to submit nominations as candidates for the Heroes Among Us award. This award is designed to honor residents who make remarkable contributions to our community.

Meet Jan R. Atwood, PhD, RN, FAAN, Professor Emerita, College of Nursing and College of Health, University of Nebraska Medical Center and Adjunct Professor, College of Nursing, University of Arizona.

For more than a decade, Jan's quiet, extensive help has kept many on their feet to serve SCOV another day. She also preserves our special natural environment in important ways.

Did you know she provides Professional RN (Registered Nurse) Advocate help gratis, from prevention to end-of-life? A long-time nurse in the Tucson area, Jan uses her extensive contacts and nurse scientist knowledge to help many in SCOV, Tucson and beyond, with a variety of clinical and health-system problems.

She provides direct care, obtains home-care equipment, identifies and builds a health-care team for health problems (these excellent health-care folks play well together), accompanies patients to difficult office visits (starting cancer care is tough), counsels families, teaches them to assemble their health notebook of vital information and overall teaches people to manage their care in the increasingly difficult health-care system. Jan's great volunteers are invaluable in meeting needs. Residents continue volunteering.

For residents wanting to conserve water, she is teaching people the features of low-water plants, giving starter plants from her demonstration garden and providing consultation, gratis. She may even encourage you to contribute your plants' seeds to the Heritage Seed Bank.

Active Health

Chair Janyce Lundstedt 503-475-0520 janyce.lundstedt@gmail.com

As your SCOV Active Health Committee, we are pleased to present information that promotes healthy lifestyles. As we age, falling becomes a bigger concern due to the potential for injury. On Friday, April 17, 1 PM, Auditorium, Ruth Taylor-Piliae, PhD, RN, FAHA, will do a presentation on *Fall Prevention*. The content will include *Creating a Safe Environment and An Interactive Session to Improve Balance* by learning a few simple Tai Chi movements. Dr. Taylor-Piliae is an Associate Professor in the College of Nursing at the University of Arizona; her research focus is to increase physical activity for people with cardiovascular disease, including stroke, by using innovative physical activities. She is also an athlete who is running in the marathon in the Arizona Distance Classic. The presentation is free, but you need to obtain a ticket at the Welcome Center to attend starting on March 23. Beverages will be provided. If you are interested in joining this committee, or have suggestions for topics and/or presenters, email the chair.

AFC Advisory Committee

Chair Sharon Hertle 818-2558
 First Wednesday, WCI, 11:30 AM
www.afc@suncityorovalley.com

Most of us have our favorite pieces of exercise equipment that we feel comfortable with and have been using for years at other facilities. As a result, the AFC Committee receives many requests to purchase additional machines and equipment for our facility. When a new piece of equipment is requested by a resident(s), the AFC Committee members conduct in-depth research to determine if the machine has been deemed safe and beneficial for the majority of users in our active adult community. We also look at potential duplication of equipment and pricing. During our research, we have found that the benefits from some requested machines are minimal at best, and there are often better exercise or equipment options already in our Fitness Center. If we do not have the specific piece of equipment that you are looking for, the AFC Committee suggests that you ask your fitness professional or one of our fitness professionals how to achieve the same results utilizing your own body weight and/or other equipment that is currently provided. You might be surprised what can be achieved using our existing equipment like the TRX, FreeMotion, stretch cage, bands, balls and more.

Escrow inspections are not just for those who have sold their home. The purpose of the inspection is to ensure that our homes and any modifications that may have been made to the home are in compliance with the Development Standards. If you are thinking about selling and would like to know the outcome of this inspection, possibly allowing more time to correct any deficiencies that may have been found, please contact our Community Services Coordinator, Katie Moiser, 917-8058. She will contact an ARC member who will schedule a time with you to complete that outside inspection. The whole process will take about 15-20 minutes. We hope you find this service helpful in advance of selling your home.

Spring is here, and the Gift Shop is blooming with new items for gifting and beautifying your homes. Stop in and see what is new for the season. Featured artists for April are Joan Kelley and Don Jovag.

Don is becoming well-known for his food-safe wooden bowls and platters that feature intricate designs he creates with different colors and varieties of wood. When you actually feel one of these bowls, you get an appreciation for the quality of his work and his meticulous attention to finish and detail. Recently, Don started making beautiful and durable segmented wooden bracelets.

Photographer and potter, Joan Kelley, makes decorative and functional clay items as well as photographic greeting and note cards. Although photography has been second nature her whole life, a love of pottery has taken over for the past 15 years, balancing mud play with clean digital imaging.

The Loan Room is operated by the CAC (Community Assistance Committee) and is a free service to SCOV residents. The Loan Room provides rollaways beds, cots for children, tables and chairs, car seats and some children's toys. We also loan medical equipment such as walkers, wheelchairs, toilet risers, shower seats, etc. Note: You must be able to transport your borrowed items from the Loan Room to your vehicle. If you need additional help, you should make arrangements for that help. We are funded by recycling of aluminum cans throughout our community and the annual pancake breakfast held in January.

Aluminum can donations: deposit empty, rinsed aluminum cans in the box outside the Activity Center kitchen. For safety reasons, do not deposit unrinsed cans which can attract bees.

On February 24 we delivered 560 pounds of cans to the recycling center; we received \$330, which brings our year-to-date total to \$1,746 for the CAC.

Second and Fourth Monday, 2 PM, WC3

The Long Range Planning Committee has spent the last 10 months working on two ad hoc tasks assigned by the Board of Directors: a proposal for a new Pro Shop and creation of a lounge in the space currently occupied by the Pro Shop.

We completed our Pro Shop proposal in November; it has been approved by the Board and is being managed by an Implementation Team.

On Saturday, April 25, 2 PM, Auditorium we will present our proposal for the new Lounge to residents. The presentation will explain the decision process, present architectural renderings and give residents a chance to ask questions. Please plan to attend. Advance questions may be directed to Leslie Platt at bplatt38@comcast.net.

Fourth Thursday, 3 PM, WC1

The Marketing Committee worked with staff to complete the strategic marketing plan for 2015-2016. We completed the design phase of the new SCOV website and began work on the implementation phase. Members worked with staff and Duane Eddy on a survey of golfers to help determine ways to increase rounds, revenues and enjoyment at The Views Golf Club. We met with the Borders Group to give them input for their study of golf operations. Members also met with the Food and Beverage Committee to coordinate efforts to market The Café.

April Showers?

We did get rain showers early this year, but we do not normally get them in April. Because of those showers and warm temperatures, spring came early and weeds are popping up everywhere. When weeds are small, they are easy to remove. It is time to make sure those empty pots in front yards are filled with living plants, cactus or flowers. Wildflowers are allowed in our community until after they bloom, at which time they need to be removed. Please trim any trees or shrubs which overhang the sidewalk or street. Remember, no artifacts of any kind are allowed in front yards, no matter how cute they may be.

Winter residents need their yards maintained during the summer months so the home looks cared for while it's empty. Be sure to notify Administration of your summer mailing and current email address, in case they need to reach you while you are away. Please continue to take pride in your property even when you are not on site, so that it will look just as nice upon your return as when you left.

Assistant Manager - Robin Coulter

Your Association has developed a detailed plan to tell others about SCOV, and it's called the Marketing Plan. This plan is a fluid document developed by the Marketing Committee, including three subcommittees, and staff to define our most important promise to our customers. The Association has three different areas of focus, and they are the HOA, the golf course and the restaurant and the most important promise has been established for each of these areas. The HOA's most important promise is four-fold.

First, it's all about location and that we are located conveniently near retail, restaurants, healthcare and the arts. Secondly, we are the ideal size, active-adult community known for its exceptional friendliness. Our third promise is that we have breath-taking mountain and high desert views and our fourth promise is that of promoting a healthy lifestyle.

The most important promise for the golf course is a golfing experience that provides beauty, challenge and excellent conditions.

The most important promise of The Café is great value in fresh and healthy food.

The plan then has goals established that support each most important promise. The goals have measurable, attainable tactics for achieving them. A goal for the HOA next year is to increase name awareness of and interest in SCOV. There are several tactics identified to accomplish this goal. For The Views Golf Club, a goal is to improve the enjoyment of the golf course through training. This goal will be accomplished by offering beginner, intermediate and advanced golf schools. One of the Café's goals is to develop a team effort between the Food and Beverage Director, Food and Beverage Committee and Marketing Committee so that we can successfully deliver what our customers want.

After the plan has been established and goals set, the costs for the tactics are collected and used to develop a budget. The budget is developed by the Marketing chair, some of the membership and staff. This is the amount presented to the Finance-Budget and ultimately the Board for implementing the Marketing Plan.

Monthly reviews are made on the progress of the plan. The tactics are tracked on a monthly basis by staff and reported to the General Manager and Marketing Committee. All of this is done to provide to you, our customer, our most important promise.

Programs/Facilities Director - Pam Sarpalius

Signs, Signs and More Signs

Just about every week we get a request for us to put up a sign about something in the community. Many times these requests are already on a sign. We want to keep the community looking nice and not littered with signs everywhere. We have proper signs made noting rules of a facility or if something needs to be additionally posted. If we hung a sign every week at a resident's request, the facilities would be a cluttered mess. Plus there is an old saying: "You can lead a horse to water, but you can't make it drink." Rules are posted everywhere. We hope that you are reading them and following the rules.

diobooks and newly released videos.

A record number of SCOV residents have joined the Friends of the Library. While our membership drive is in January, you can join anytime and your membership is good for one year. Volunteers at the library desks have membership forms. Thank you for using, as well as supporting, our library.

Recreation and Fitness - Lonnie Davis

Wearing Old Sneakers

The first thing that goes with old (but comfy) shoes is shock absorption which helps protect your feet and joints as you exercise, says Stephen Pribut, DPM, chairman of the American Academy of Podiatric Sports Medicine's shoe evaluation committee. This can put extra pressure on bones, leading to soreness and possibly a stress fracture.

To prevent injury, stick to this shoe-replacement schedule: buy new running shoes every 350 to 500 miles (don't forget to add the mileage you put on shoes if you wear them to do things such as walking the dog); purchase new walking shoes every six to nine months if you walk up to four miles a day; replace aerobic shoes every six to nine months if you do three hours of aerobics each week.

Association-Sponsored Fitness Classes

Purchase a fitness punch card at the Welcome Center/Administration Office, \$20/10 classes or purchase an Annual Fitness Class Pass on sale now for \$300. You may use these cards for all SCOV-sponsored fitness classes. The punch cards can also be used for your guests. There is a \$3 drop-in charge if you do not have a punch card or annual card.

Uneven Sidewalks Residents' Responsibility

Over the past few months several walkers have fallen on uneven sidewalks in our community. No serious injuries have put our people in the hospital, but it is just

a matter of time if we are not more diligent about the condition of our pedestrian walkways. In most cases the roots of our maturing trees are causing the cement to rise or fall, creating a potential tripping hazard. We each own the sidewalk adjacent to our home, so it is the responsibility of the homeowner to have it repaired.

Golf

Head Golf Professional - Kim Griggs

www.theviewsgolfdub.com

Just a reminder that the Pro Shop will close at 3 PM on Sunday, April 5 for Easter.

I have been noticing a lot of cigarette butts out on the course and in the parking lot areas.

Please be courteous and deposit your cigarettes into your own ashtrays or the receptacles provided for you. We would like to keep the golf course and community as clean and beautiful as possible.

If you haven't already, please stop by our fully-stocked golf shop and check out our wide variety of merchandise. We have golf clubs (new and used), golf balls, men's and women's clothing, animal head club covers, sunglasses, wide-brimmed hats to keep the sun off your ears, golf shoes, etc. Annual pass holders receive 30% off and residents receive 15% off (excludes sale items, equipment and golf balls).

Since the weather is getting nicer and the days are longer, please remember that if you are a walker or a person driving your golf car on the golf course (enjoying the views) there will be golfers still out on the golf course. Please yield to the golfers and then proceed after they have hit their shots. We have walking hours posted and we ask that you abide by those specific hours. This is not only for your safety, but for the golfers to enjoy their paid round of golf. Thank you for your cooperation.

Lessons are available from Rick Sample and me. The cost is \$45 for a half hour and \$55 for 45 minutes. We are both Professional Golf Association professionals with a lot of teaching experience.

The Views Golf Club receives the 2015 Gem Award from the Arizona Women's Golf Association.

Superintendent - Michael Kropf

April is a good time to start warning golfers about the big changes that occur to the golf course every summer. Right now, the course is still in great shape with the overseeded fairways, tees and greens looking really green.

The temperatures are starting to get hotter, so the change from winter grass to summer grass is not far away. It's always a real shock to the players when the chemicals used to remove the winter grass start to take effect and the fairways turn from a dark green to light brown.

The winter grass needs to be chemically removed to eliminate the competition for sunlight, food and water from the

underlying Bermuda grass. Last year a new chemical was used to make this transition. It slowly removed the rye grass from the Bermuda and wasn't as shocking a change from green to brown. This transition was very successful and left the golf course with better playing conditions going into June. That chemical is going to be used again this year, but the rates are going to be tweaked a little and the timing changed to coordinate when the Bermuda grass is actively growing.

Similar to last year, the areas in the fairways that are bare will be repaired in May and June. Once these areas recover, the course will be in great condition for the rest of the summer months. Last summer the course was outstanding from the middle of July until overseeding at the end of September.

Golf Advisory

Chair Janet Kimble 825-3172

First Wednesday, 2 PM, WC3

Mike Kropf, Golf Course Superintendent, said because of the wonderful winter rains this past season the Bermuda grass was coming up a little early, so golf course aeration was started the beginning of March this year. A new tree replacement program for the golf course was considered because of so much mistletoe in the trees. Further research on what kind of trees to plant is needed at this time. Golf Advisory has formed a Pace of Play Ad Hoc Committee. This committee will report back with information on Pace of Play ideas at the next Golf Advisory meeting. A restricted golf course map for handicap golfers is in the process of being drawn up to help them identify all restricted areas while playing the course. All rest room signs on the golf course have been updated. Remember to fix all your divots on the greens.

Monday, Wednesday, Friday, Mountain View Plaza
www.scovaz.com/dubs/cyclists/

While we meet year-round starting in the Mountain View Plaza parking lot (Rancho Vistoso Blvd. and Sun City Blvd.), the coming months are prime time. Cyclists come here from all over the world to experience an unparalleled combination of near perfect weather, amazing desert vistas and excellent infrastructure of bike lanes and dedicated paths. Yet all we Vistoso Cyclists have to do is roll down our driveways. New riders are always welcome to join us in our cycling camaraderie.

A monthly schedule of our 20-60 mile rides is available on our website. Our well-tested loop routes support a wide variety of abilities and usually include a mid-ride coffee stop. We also offer a Mountain Bike option on Wednesdays, which most often heads out into the Tortolita rangelands. Tuesday morning our WOW (Women on Wheels), group take somewhat shorter rides nearer to SCOV. In addition, we hold a number of social events each season.

Vistoso Cyclists partner Wheels for Kids: donate your seldom-used, tax-deductible bicycle to Wheels for Kids. We refurbish such bikes and distribute them to kids and teens, thus giving youth in need the freedom, fun, and fitness that results from cycling. See www.azwfk.org to arrange for a drop-off or pickup. Your cash donations are also tax-deductible.

SCOV Book Club

Jane Fairchild 520-909-5069 janemail1@yahoo.com

First Monday, 1:30 PM, Catalina Vista/Pusch Ridge

In April we will discuss *My Name Is Resolute* by Nancy Turner. It's 1729, and Resolute and her siblings are captured off Jamaica and brought to the New World. Resolute and her sister are sold into slavery in New England and taught spinning and weaving. Alone in Lexington, Massachusetts, she struggles to make her way. Her talent at the loom places her in a web of secrecy that helps drive The American Revolution.

In May we will discuss *George Washington's Secret Six* by Brian Kilmeade. When General George Washington retreated from New York in 1776, many thought the Revolution might soon be over. Washington rallied, thanks in part to a top-secret group called the Culper Spy Ring. He realized he couldn't beat the British with military might, so he recruited the secretive intelligence network to infiltrate New York.

Clay

Pres. Joan Kelley 734-255-9644

First Thursday, 1 PM, Artisan Center/Pottery

Orientations are continuing as we welcome new members to the Clay Club. Potters busily made items to fire with glass at the end of March, so look for those results in the center display window at the club. A small group traveled to the Amerind Museum near Dagoon to learn techniques from Jicarilla Apache potter, Sheldon Nunez-Velarde. The outdoor wood firings were exciting and rewarding with lovely results from the natural micaceous clay. The annual visit with SaddleBrooke's clay group takes place at their facility April 2, 10:30 AM, which delays the monthly meeting to April 9. Standards of practices are completed and the club has a clear idea of direction for future growth and education of the group as a whole. Safe and happy potting to all.

Vistoso Native American Flute Circle

Patty Whitley 971-0860

October-May, First Sunday, 2-3:30 PM, Catalina Vista/Mt. Lemmon

Playing a musical instrument is one way to keep your mind alert. Our club offers the opportunity to learn and play the Native American Flute. There are five basic notes and you do not need to know how to read music. A recent presentation by Keith Stanford and Ed Pendrys was a perfect blend of Native American story-telling accompanied by drum and flute.

"If you want to make beautiful music, you must play the black and white notes together." Richard M. Nixon.

Did Anything Unusual Happen Today? Our speaker this month will be Homer Thiel who will describe the Coroner's Inquest process of Pima County. He'll tell a few of the stories of some inquests during the Territorial Period.

Our recently completed survey indicated many of our newer members could use additional help tackling their individual genealogical problems. The club responded by establishing a new position, Mentoring Coordinator. Holly Gibson is our first individual to serve in this role which is to take requests for and match them with appropriate mentors to help them get by their individual obstacles. If you would like to provide mentoring assistance, contact Holly.

Our Volunteer of the Year for 2014-2015 was announced at our last meeting. His contributions, past and present are notable, serving as President, VP, Treasurer, Webmaster and Librarian. Receiving this honor is Michael Carroll (at right). For all that you have given to us, "Thank you."

Back by popular demand, Paige Valdiserri, an internationally recognized Traumatic Stress and Intuitive Healing Coach will give insight into the adrenals, adrenal fatigue and what it does to the body.

Adrenal fatigue can come on suddenly or gradually, depending upon the circumstances. Your energy can be flowing, you can be eating well, sleeping enough, but if your adrenals fail, it is hard to keep up, leaving you with being tired/fatigued, irritable and moody. It can be precipitated by a single, easily identifiable event such as serious car accident, head injury, infection, toxic exposure, emotional shock, a life crisis and/or a cumulative set of events such as a childhood of on-going trauma.

Pilates

Mary Ayers, 638-7916, scov.pilates@gmail.com

Monday, 3 PM, Thursday, 1:30 PM, AFC/Studio 2

The Joseph Pilates system of exercises has never been in such high demand. His exercises have been around now for 40 years. Fortunately, SCOV offers the Joseph Pilates classes here twice per week. People ask "Can the benefits of this Pilates method, which come from the strengthening and stretching exercises we do, really develop the body's core (abdomen and back muscles), increase spine mobility and build flexibility?" The answer is a definite "Yes." Additional benefits you'll see from taking our group mat classes will include better balance, more muscle tone and increased stamina. We have two instructors who are both very experienced in the Joseph Pilates system. The cost is only \$8/class and the annual club dues are \$20 pp. Please feel free to stop by and watch one of our classes. Call Mary Ayers for more information.

Poets Corner

Sharyn Rafieyan 825-6762

Monday, 9:30-11:30 AM, Welcome Center/WCI

Former Poet Laureate Billy Collins takes an ordinary task, adds a surprising assistant, a sense of humor, metaphors and a bit of philosophy to create an extraordinary poem. "In the usual iconography of the temple or the local Wok/you would never see him doing such a thing..." This is how *Shoveling Snow With Buddha* begins. His "serene expression" is described as "that smile so wide it wraps itself around the waist of the universe". "This is so much better than a sermon in church," the poet says, "but Buddha...has thrown himself into shoveling snow as if it were the purpose of existence, as if the sign of a perfect life were a clear driveway". The Buddha finally speaks: "...can we go inside and play cards?" While the poem creates no longing for a foot or two of snow, it does evoke the feeling that a job can be more than work. All poets and perspectives are welcome.

Gail Barr gailbarr@gmail.com

Thursday, 10-11:30 AM, AFC/Studio I

Improve your balance, flexibility, and strength with Tai Chi. Most of us think of Tai Chi as a way to prevent falls, improve breathing, and reduce stress, but it is so much more. A Harvard Medical School Health publication stated that Tai Chi is medication in motion, and research by Tufts University School of Medicine credits Tai Chi with decreased pain, improved sleep and mood, and better quality of life.

Our instructors, Jose Hernandez-Rivera and Donna Drzenovich, stress the use of Tai Chi in daily life.

A new class session begins April 2.

Newcomers, please contact one of our club co-chairs listed above for a class registration form.

The Writers Club offers you an outlet to express your thoughts about a variety of subjects in writing, then read them to a room full of your peers. Sounds daunting, doesn't it?

It is actually a lot of fun because your peers are just like you: intelligent and kind.

So don't let the fear of a scathing retort hold you back from attending. The critiques usually lead to the most interesting conversations. Plan to attend and participate. There are no dues. Reservations are not needed; just show up. Oh, you might want to bring a pen and paper to jot down some ideas you may come up with during the meeting.

Leslie's Movie Review: "Black and White"

Kevin Costner has aged. I don't know why, but I was expecting the Kevin Costner of "NO WAY OUT" and I will admit surprise when he was playing the role of the Grandfather. The film opens as Kevin Costner leaves the hospital to go home to his granddaughter after his wife has just died in an accident. He drinks himself to sleep and takes his granddaughter to school the next day without even telling her that her grandmother is dead. Kevin Costner's daughter married a black man and died in childbirth without her parents ever knowing she was giving birth. She died from a heart condition that was not known to her husband. The wife's parents got custody of the child after the death of their daughter, as the father wanted little to do with the child. However, the extended family of the father stayed in touch with the child and she knew her other Grandmother and aunts and cousins. With the death of the Grandmother, the father's family wants to ensure the child is OK and that Mr. Costner is able to raise her on his own. The film tries to make this an issue of race, but it is more an issue of dysfunctional families on all sides. This was a fluff film and I would wait till on video or skip it altogether.
