What is Your Vision for the Future of SCOV?

by Joy Huxtable

Recently, our community was presented with a vision of how SCOV could look in the future. As the Land Use Consultant's report stated, the proposed solutions "address immediate recreation challenges, while positioning SCOV to compete with emerging active adult communities for years to come." Current and future Boards of Directors will have the daunting task of taking this vision and working to make some or all of it a reality. This will involve: prioritizing and sequencing projects, exploring creative funding options, holding community forums to discuss ideas, balancing conflicting wants/needs and seeking talented residents to serve on committees to support a variety of planning and implementation projects. At times there will be difference of opinions. Some residents may be critical of some of the decisions, while others will support them. When misinformation is circulated, a lot of time and energy will be spent to get the facts out.

We all understand that change is difficult and can be a long process. At times we will need an abundance of patience. When you take on a big change, it can be a slow, step-by-step process, like "eating an elephant one bite at a time."

In the past few years, SCOV has implemented a variety of major changes that have enhanced our community. Think about our current fitness center vs. the old gym. Compare our old café with today's The Views Restaurant and Lounge that now provides great service and delicious food, plus entertainment several nights per week. Recall how we've added and then expanded pickleball courts to meet the demands of this increasingly popular sport.

The future vitality of our community depends on us continuing to move forward, embracing change and thinking outside the box about what could be. We need to adapt to changing lifestyles and interests. A wise person once said, "My interest is in the future, because I am going to spend the rest of my life there."

As you ponder your vision of SCOV's future, enjoy the festive lights on display around some of our facilities. Thank you to all

the volunteers and staff who contributed their time, creativity and/or money to make our community look so attractive and cheerful this month. Best wishes for a happy holiday season.

General Manager - Mark Wade

Merry & Safe December

I remember when my in-laws first moved to an active adult community. To celebrate, their children bought them a new golf cart. This was a 48-volt system (it went faster than the 36-volt system). My father-in-law was excited and got in the driver's seat with my mother-in-law in the passenger's seat, he took off. He turned around in the driveway to go out on the street. He went so fast, my mother-in-law was thrown from the golf cart. She wasn't hurt badly, but she never rode with him again, and I'm pretty sure he slept on the couch that night. Now, with 70 years of life experience behind him, you might have thought he should know better, and you would be right.

This holiday season many of you will have guests coming to visit. Some of you will be tempted to let your grandchildren drive your golf cart. Odds are pretty good that those grandchildren will not have 50+ years of driving experience. If allowed to drive, they may be tempted to go fast or make sharp turns. Serious injury can occur. Please use good common sense when allowing others to drive your golf cart. Obey the governing documents which state, "Carts may only be driven by licensed drivers (grandkids need to have a driver's license)... Owners and operators are responsible for all damages and/or injuries caused due to their cart operation."

Here's wishing you a very happy and safe holiday season.

Vistoso Photo Club

by Gerda Timm

Since 1992, aspiring and accomplished Sun City photographers have had a wonderful resource available in the Vistoso Photo Club. Rudi Punzmann, a member since 1993, remembers, "When Del Webb built the Catalina Vista Recreation Center, space was planned for a darkroom. They furnished it and provided enlargers for two workstations in what became a black-and-white darkroom. With the advent of digital photography, during my presidency in 2000-2001, we tore everything out and converted it to a digital darkroom, which is today's Photo Lab."

Long-time club member, Rudi Punzmann

course, no one is forced to enter the competitions. We have many members who just like to watch. It is a learning experience just to watch a competition and hear the comments of the judge (a professional photographer from outside the community).

Sometimes, especially in the autumn, due to holidays, we may have a competition at the first meeting of the month. Be sure to check our club calendar, <https://vistosophotoclub.weebly.com>, to learn if we are having a program or competition meeting on a particular date. Either one guar-

antees an interesting evening.

The club's Photo Lab is located at the end of the hallway in Catalina Vista. It is stocked with PCs, a Mac, and two color printers. Today, it is used by our members for club orientation, competition preparation and board meetings. Instructional labs are held by member volunteers to help new members edit and print photos and to size and cut mats for display.

The club meets twice a month. A program meeting is held on the second Wednesday of the month. Our program speakers include a wide range of local, knowledgeable talent, usually professional photographers. They talk about wildlife, rodeo, law enforcement and fire department photography, as well as numerous subjects on photography improvement and organization.

The second meeting of the month is held on the fourth Wednesday and is a competition meeting. Members who enter the competitions are classified into one of three levels. Levels are based on various criteria, i.e., number of prints submitted, number of wins, etc. Winners' images are displayed each month on the Winners Wall at Catalina Vista. Of

The Photo Club is proud of our collaboration with other clubs in SCOV. We are part of the Art League, which permits

our members to display their photos in the Activity Center's hallway every few months. Some members have even sold some of their prints this way.

At one time, we were involved with the Poet's Club. It was called Poetography. The poets selected our images and wrote poems about them. We had a joint meeting, and the poets recited their poems. The Computer Club has also been a boon to our club. They have donated used computers to our club. We have used the Computer Club's room to hold classes, such as

These are just some of the activities of the Vistoso Photo Club. Interested? All SCOV residents and their guests are welcome to attend any of our meetings. If you're not ready to join, you can attend as many meetings as you like. You can also enjoy all the beautiful images hanging in the hallway at Catalina Vista right outside the Photo Lab.

Drones

At the October Board meeting, the following guidelines were approved for "the use of drones within a residential setting, especially those equipped with cameras or other sensors, and have a high potential of creating noise nuisances, unwanted trespasses and invasions of privacy. The use of any drone must comply with applicable local, state and federal laws. A drone's operator must maintain direct control of the device and assumes liability for any damage their drone causes.

The use of drones within this tract shall be restricted to the owner's property and shall not:

- create an unreasonable sound nuisance.
- be operated within 25 feet of a vehicle.
- be operated before sunrise or after sunset.
- enter or fly above the property of other residents without their expressed permission.
- be used to view or record other residents or their property.
- result in the collection of private data or images for publication or posting, without the permission of the people or property owners affected.
- be used on or above common spaces or easements.
- lose visual contact

The airspace above a private residence and below altitudes governed by the Federal Aviation Administration or other governmental agencies, is considered the private property of that owner. Owners and occupants have a reasonable expectation of privacy which must not be violated. Persons under age 16 operating drones shall be actively supervised by parents or adult guardians during their use to ensure compliance with these rules and FAA requirements. The drone must be registered in the Administration office with a copy of the operator's license and insurance on file."

Holidays are a magical time of the year. Some of you will be leaving to be with family, or family members might be visiting you to enjoy our sunshine. Please remember that you need to sign your guests in at all facilities.

You cannot give them your membership card to use. Many things are planned to start off the new year. Be sure to take in the fun.

I want to take the time to wish all of you a wonderful holiday season and may 2020 bring you good health and happiness.

Community Services - Katy Mosier

Office Hours Mon.-Fri., 9-11 AM, Welcome Center
kmosier@suncityorovalley.com 520-917-8058

Just a Few Reminders...

If you are going to repaint the exterior of your home, please turn in a Paint Submittal Form at the Welcome Center. It takes just a few minutes, and the information helps others in the community when they are studying colors. It will also be a record for you if you touch up paint or sell your home.

Please remember that RVs may be parked 72 hours in front of your home in any given month. This is for the purpose of loading and unloading only. RVs owned by residents require a registration sticker available at the Welcome Center. With prior arrangements made by residents at the Welcome Center, guests may park their RVs in an assigned area for 72

hours. Guests may not park RVs for more than six hours on SCOV streets or stay in the RVs.

If you plan to replace your roof with pre-approved tiles or lift and relay existing tiles, please fill out an In-House Submittal Form at the Welcome Center. A member of the ARC will verify that replacement tiles will closely match older that have broken. This will provide a record that you replaced your roof.

Take a look at your landscape rock. If it is thin, it may be time to add new rock and rake to cover any bare soil areas. It is amazing how fresh rock improves the overall landscape appearance. No submittal form is needed to replenish your landscape rock.

This time of year our book drop gets a lot more use. On Monday mornings the cart on the other side of the chute is completely full, and books, videos and magazines spill onto the floor. If your items will not fit with the chute completely closed, please return them when the library is open. There are no fines for late materials. We especially ask that you not place large puzzle boxes in the book drop, as they frequently jam the chute, leaving items exposed to bad weather. Thank you for your help keeping our library materials in good condition.

Easy Tips on How to Survive the Holiday Food Frenzy

Focus on talking more to party guests and eating less. Avoid hanging around the buffet table at social gatherings. Stick to high protein foods, fruit and veggies. Go for the turkey, the sliced meats, the fresh fruit and raw veggies without the dip.

Avoid high fat hors d'oeuvres such as cheese, nuts, saucey tidbits and fried anything. Instead, nibble on the veggies or chew gum and talk a lot. Make yourself the designated driver at least half of the time. This will help you avoid calorie-laden alcoholic beverages.

Continue your workout schedule, but ease off a bit to allow for the extra time holiday commitments take. You don't want to stress yourself out or quit exercising completely.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, December 10, the AFC pool and spa will be closed for cleaning and shock treatment. They will reopen the following morning at the regular time.

Wednesday, December 11, the Desert Oasis pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Chair Rita Menet 920-659-1428 rita.menet@gmail.com

Nov.-May, Third Tue., 1:30 PM

Tue., Dec. 17, 1:30 PM, WC1

We have two interesting presentations for you to attend this month. On Friday, December 13, 1 PM, Auditorium, the Active Health Committee (AHC) is hosting "Stem Cells and PRP: Understanding the Latest Advances in Non-Surgical Treatments for Orthopedic Care," presented by Dr. Tad DeWald from Tucson Orthopedic Institute. Stem cell therapy is promising, but there are also false promises. Dr. DeWald will address what stem cell therapy is and what it is not. In addition, Monday, December 9, 2 PM, Activity Center/Navajo Room, AHC is sponsoring a presentation on "Grandparenting a Child with Autism Spectrum Disorder" by SCOV resident, Jill Varley. This is a timely topic as many of us will be visiting with grandkids during the holidays. Please join us for these special presentations.

If you want to become a vital member of our team, please feel free to join us at our next meeting on Tuesday, December 17.

Activity Center Renovation

Chair Ed Zwierling ACRC@suncityorovalley.com

First and Third Tue., 9 AM, AC/Hohokam Room

The Activity Center Renovation Committee (ACRC) has resumed regularly scheduled meetings. Please see the SCOV calendar for time and place. We have narrowed our focus and are working with the designers to create conceptual drawings and budgetary estimates. We have listened to residents, clubs and staff and are in the process of consolidating and filtering all of the information. We are working towards creating an affordable facility that both our long-term and future residents can be proud of. We will continue to keep the process open and transparent, and there will be time for additional comments prior to finalizing the drawings.

If you have questions, suggestions or comments please continue to submit them to ACRC@SunCityOroValley.com.

A Unique Holiday Gift

In preparation for the upcoming holidays, an ideal activity would be to spend some serious time in the Fitness Center or pool. It is a good opportunity to tighten up your tummy, maybe lose a few pounds and feel positive about your self-image when you visit with friends or family.

Drop in the Fitness Center. It is well-prepared for all levels of exercise. The available equipment is extensive, and includes 14 treadmills (walking), 16 sit-down units, 12 deluxe strength machines and two multi-purpose stretch units.

Lonnie Davis is the Fitness Supervisor and a dependable source of exercise advice. If indoor exercise is not appealing, the swimming pool is perfect for lap swimming or walking. The pool is heated and has a wonderful view of the mountains. Locker rooms with showers are part of the AFC. The AFC is open 5 AM-9 PM daily.

Architectural Compliance Team

Chair Don Stewart 618-980-3878 bethsdad81@gmail.com

First Fri., 1 PM, WC1

The Architectural Compliance Team (ACT) inspects residential properties to ensure adherence to the Development Standards. All exterior areas of the property are checked. Some examples are walls, gates, fences, paint and stucco, landscaping, windows and screens, flat work, lighting, shutters and shades. Mandatory inspections are done at time of listing the property for sale. Items not in compliance are listed in the resale demand and compliance report from the title company. Courtesy Inspections are done at the request of property owners thinking about selling or those who are just curious about their compliance. No records are kept by SCOV on deficiencies or actions taken on Courtesy Inspections.

The team is staffed by eight resident volunteers and a staff liaison. Meetings are open to all residents with minutes published on the SCOV website.

Did you know that SCOV pays nothing for the paper phone book? The publisher sells ads in the Business White and Yellow pages and is responsible for the contents of those pages. The publisher decides each spring whether it's profitable to continue. Let the advertisers know that you appreciate their ads and keep your fingers crossed for next year.

Last year, there were over 380 changes to the directory. Even though the paper phone book is updated just once per year, you can update your listing in our online directory at any time. The online version is updated monthly, thus always has the most current information.

Do you need someone's email address or unit number? Those are included only in the online directory, not in the book.

To update your listing, log in to the directory and complete the online form "To change your directory listing" or fill out an orange card at the Welcome Center.

Election

Election 2020

The Election Committee is preparing for another election cycle. There will be two director positions and at least one initiative on the ballot. The vote will be electronic unless you have opted out of all electronic communications from the Association. If you vote by hard copy, the ballot must be mailed to Florida (the Association is no longer accepting ballots in the Administrative office).

The "Meet the Candidates" interview video will provide the opportunity to view and listen to the candidates. Watch for information on a web page listed under Member Services – Vote March 2020.

In February there will be two forums where questions will be asked of the candidates, so you can get a feel for their understanding of and passion for SCOV. Videos of these forums will also be available online. If you would like to submit candidate questions for consideration by the Election Committee, please bring them to the Administration office.

More details on the candidates and initiatives will be provided as we get closer to the election.

Check out the chalk board in the lounge for daily drink specials.

If you haven't tried the newly updated chicken wings with house-made ranch dressing and barbeque or hot sauce, you are missing out on a treat. New and old favorite menu items introduced in November have been well received: French toast, pulled pork tacos/nachos, loaded potato skins, just to name a few. If you don't see an item you like, and we have the ingredients, Chef Paul is happy to make it for you with some extra preparation time. Almost any item can be adapted to gluten free. If you want to see the nutritional values for menu items, the Nutritional Information Sheet is available at the hostess counter.

Happy holidays to all. Do you need a gift or a little something extra to give? Don't forget to shop the library book sale for holiday items and wonderful books for your coffee table or for reading in a comfy chair.

If you're thinking about end of the year donations, don't forget your library. Buy a book or leave a few dollars as a donation; it all comes back to the community in the form of new books, videos and audios.

Looking forward to 2020, there is much in store. In January you can join or renew your Friends of the Library membership. Thursday, January 9, is a Great Reads event for Friends of the Library (FOL) members, covering the Tucson Festival of Books. There are also two author talks. In February, the annual Home Tour is Saturday, February 22, with early ticket sales to FOL members on Thursday, February 6, plus two more author talks. March brings the Tucson Festival of Books and discount bus tickets for members.

Please join or renew your membership and keep the new books, videos and audios filling our shelves. Thank you for your past support.

Gift Shop

Co-Chairs Don Jovag 520-762-6030, Elaine Deeter 520-825-5388
Gift Shop 520-917-8051
Shop hours: Mon.-Fri., 9 AM-4 PM; Sat., 9 AM-12:30 PM
www.suncityorovalley.com/gift-shop/

December brings chilly weather and a warm spot in our Gift Shop to browse for gift items for the holidays. Featured artists this month are Elaine Woods and Elaine Deeter.

Gourd sculptor and card maker, Elaine Woods, Elaine Deeter, left, Elaine Woods, right says, "I sculpt the gourd, then use long pine needles to weave onto it. After carving the gourd, I dye the outside, drill holes around the gourd, then prepare the pine needles, softening them to a certain pliability to be able to work with them."

Elaine Deeter began creating greeting cards a few years ago for her personal use. Then, "I decided to start making cards to sell in our Gift Shop. It is a wonderful way to contribute to our community and meet new people. I enjoy seeing people appreciate my work and hearing how their friends and family are happy to receive a handmade item."

Loan Room - Community Assistance

Chair Gay Russell
Third Thu., 3 PM, WC1; Loan Room hours: Tue., Thu., 8-9 AM
www.suncityorovalley.com/members/services/loan-room/

December brings extra social activities and visits from family and friends. Many will need equipment from the Loan Room, so, if you haven't already, please make a reservation as soon as possible. We often run out of some items around the holidays. Our website has a list of available items and you may make a reservation there or come into the Loan Room when we are open Tuesdays and Thursdays, 8-9 AM. Anyone borrowing from the Loan Room must sign a Liability Waiver Form, one time only, which will be kept on file in the office. Please bring your SCOV card with you as this information is updated each year. A fob will not work in the Loan Room, and spouses cannot sign for each other. This will take a few extra minutes, so additional time will be needed. Thank you for your patience in this matter. The Loan Room will be closed Thursday, December 26.

Long Range Planning

Chair Martha Cray marthacray77@gmail.com
Second and fourth Wed., 10 AM, Catalina Vista/Mt. Lemmon

Our purpose is to provide a vision for the future of SCOV, create a plan addressing future needs and desires, and engage residents in development of such a plan. The October 2019 Land Use Study developed in partnership with The Planning Center of Tucson has been an important step in this process. As we go forward, we are studying feedback

and ideas generated from the study and exploring possible funding options. The study remains available on the SCOV website on the committee web page. Our meetings are open to all residents, and questions and comments from those in attendance are encouraged.

Marketing

Chair Pete Coy 360-739-4100 petecoy@gmail.com

Neighborhood Pride

Chair Tempe Johnson 520-825-6994
Third Tue., 2 PM, WC3

'Tis the Season

As the end of our calendar year approaches, the Neighborhood Pride Committee wishes you a most happy holiday season. Fifteen years have passed since our committee was formed, and our community looks absolutely beautiful, so take time to look around. As a community, we should indeed feel proud of the way we look, not only to neighbors and ourselves, but also to those individuals who visit with the thought in mind to buy and move here. We sincerely thank you for your cooperation in helping to make SCOV such a wonderful place in which to live.

Enjoy the holidays, your families, your friends and neighbors and especially our beautiful community. 'Tis the season, and the Neighborhood Pride Committee wishes you joyous holidays and a happy New Year.

Nominating Committee

Chair Meade Davis 307-920-3333 mdwy11@gmail.com

The Association is seeking potential candidates for the Board of Directors. The March 2020 vote will be to fill two director positions, serving three-year terms. According to our Bylaws (5.1) there are two ways to become a candidate for the Board of Directors, through nomination or through petition.

Through nomination (prior to December 22): If you would be interested in being considered by the Nominating Committee (or to suggest others) please fill out a Statement of Interest available from the Administration office.

Through petition (prior to January 1): If you would like to be placed on the ballot through the petition process, you must be a member in good standing with a written certification of eligibility from the General Manager, and complete a petition with signatures of 25 Association members in good standing. A copy of the petition is available from the Administration office. Once the petition is received, the General Manager will certify eligibility.

Thank you for your consideration in running for the SCOV Board of Directors or for providing names of individuals you feel would make excellent Board members.

Posse

Chair Linda Simón 520-789-7169 posse@SLP.com
First Tue., 3 PM, Desert Oasis
www.scovaz.com/committees/posse/ (must be logged in first)

Happy holidays to all. It's that time of year when holiday decorations and lights abound. It's a good time to remind SCOV residents of their outside flashing lights over the garage and on the front porch. When our homes were built, the flashing light feature was included. Originally, this was so residents could signal they needed assistance. Things have changed. Most residents do not rely on this option.

Many have had this feature disconnected. For those who haven't, if their flashing light was on when the Posse came by, we called the homeowners to check on them and to remind them to turn off the light. More often than not, the resident was unaware it was on. If no one answered when we called, the Oro Valley Police were called; they would go to the home and often awaken the resident to be sure they were okay. Most of us now have cell phones and no longer rely on this feature but will call 911 if help is needed. As a result, there have been fewer flashing lights over the years and the Posse board, along with input from General Manager Mark Wade and the Police Department, have decided the Posse will no longer respond to flashing lights. If, in the past, you've been awakened by a call regarding your flashing light, please know we will no longer interrupt your sleep. Hopefully, the only flashing lights will be holiday lights. Enjoy the season and consider making a New Year's resolution to join the Posse. You are wanted.

Preserve and Enhance Lifestyle and Property Values

Chair Don Stewart 618-980-3878 bethsdad81@gmail.com
Second and fourth Fri., 2 PM, WC1

PREVAIL Task Force is in the final stages of refining a workable process for evaluating the extent to which a homeowner's proposal to construct a permanent improvement would impact the neighbors' views. We are hopeful that we will be able to field test the process over the coming months. The next step for the Task Force is to consider vegetation and its impact on views in SCOV. The goal is to identify a consistent, workable process for handling differences of opinion in this area. The meetings are open to all.

Properties

Chair Rich Oaks richoaks114@gmail.com
Third Thu., 9 AM, WC1

One of the objectives in the Properties Committee Charter is to monitor and make recommendations regarding energy efficiency for common area and Association facilities. Over the past several years, the committee has conducted studies and made a number of recommendations that have reduced the Association's use of electricity. Examples include the recent installation of LED lighting in the Wood Shop at the Artisan Center and the previous installation of LED lighting in parking lots, at the pickleball courts, the racquetball court in the AFC and the Auditorium in the Activity Center. LED lighting uses less electricity and has longer useful life compared to conventional lighting. In addition to using less electricity, these lighting retrofits provide added cost savings due to decreased maintenance requirements and reduced cooling loads for the indoor projects. The Properties Committee works on a variety of tasks like this during the year. Our next meeting is Thursday, December 19.

Tipster Editorial

Chair Vicki Ettleman 520-519-9781 vettelman4@gmail.com

Our committee, comprised of volunteer SCOV residents, has developed a set of standards, The *Tipster* Article Standards, that control the appearance of the *Tipster* and how articles are submitted. It sets standards for format, article size, acronyms, abbreviations, common words and phrases, etc. The purpose is to ensure that information presented to readers is interesting, useful and accurate and that it is presented in a fashion that is attractive, easy-to-read and makes a good impression about our community. Part of the process of preparing the *Tipster* for publication is for committee members to review submitted articles to ensure *Tipster*

Article Standards are met. Sometimes, committee members will edit articles as necessary to bring them into compliance with the Standards. Committee members may also consult with submitters if more than minor edits are required to ensure the message intended by the submitter is preserved during the edits.

Articles for the January *Tipster* must be submitted by Sunday, December 8. The next meeting is Monday, December 16, 9 AM, WC3.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

We are thinking of you over this holiday season, and I would like to say thank you. Our success is due to your support of the community and the Golf Club.

We look forward to serving your golfing needs this coming year and providing a positive, memorable golf experience along with professional, friendly service.

You won't want to miss the sales in the Pro Shop for the month of December. Don't forget to pick up that perfect gift or a gift card for the holidays.

We want to remind you of the Christmas Toy Drive from Saturday, December 7, through Friday, December 13. We are collecting toys for local kids and families in need. If you bring a guest during this week with a toy valued over \$25, your guest plays for free. Also, any toy and food donations are welcome, whether you play golf or not. We appreciate your kind and generous support.

The Pro Shop will be closed Monday, December 25, for Christmas, to allow our team to spend time with our families. However, if you have a private cart and would like to play golf on Christmas Day, you are more than welcome. Also, the driving range is available to hit balls if you have a range card.

I wish you and your family and friends a wonderful holiday season.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

December is historically the time of year when the temperatures get cold enough to start having frost. Just a reminder on what frost does to the grass and procedures to follow when a delay occurs.

Walking or driving on frosted grass causes damage to green leaf tissue which eventually leads to the grass dying. When the non-overseeded areas go dormant and turn brown they are no longer susceptible to frost damage, but the overseeded fairways, tees and greens can be damaged. Every cold morning that frost is possible, a message will be left before 6 AM on the frost delay phone line stating what the conditions are on the course and how those conditions will impact the day's golf. If the temperature is cold, but the frost is not that bad we might not have a delay, but instead the golf carts could be restricted to the cart path for a determined amount of time. If the frost is more severe the delay will reflect the earliest time the golf course can be prepared for golf and ready for play to start. Sometimes the greens

need to be mowed, and each day the pins need to be moved before golfers can begin play.

The putting green, driving range tee and chipping area all have overseeded grasses, so they will also be closed until the Pro Shop is notified of their opening. Remember to check with the Pro Shop for specific tee times because they try to catch up the times throughout the day.

Golf Advisory

Chair Beth Allen 520-639-8845

Sep.-May, first Wed., 2 PM, WC3

Our leagues are in full swing with all of our members back in town, and slow play can be an issue. Slow play can be the kiss of death for golfers who like to hit their shots quickly and move along. Bye-bye momentum. Time to hurry up and wait. What can you do? Stay loose and work on your tempo. Don't let those muscles tighten up. Take the club you will use on your next shot to make slow easy swings. That will help keep your body loose and swing in rhythm.

It's important to check in 30 minutes before your tee time. For early morning play, remember you might want to check The Views frost delay line, 520-825-0322.

Make sure to visit the Pro Shop for that special holiday gift for yourself or your loved one. The Pro Shop has great stuff. Enjoy the holidays.

Heading into the busy winter season, we have a lot of new and exciting things happening. A new menu was just released; new entertainment will be playing throughout the season; and some new staff members joined our amazing family. Most of all, over the summer months we started a community table in the restaurant. This is for those of you who may not feel comfortable dining at a table alone, or perhaps are looking to meet people within SCOV. Our community is focused on social gathering places. As the restaurant is already one of these places, we wanted to take it one step further and have a table at the restaurant for those who are looking for a community gathering spot. We hope this brings new visitors to our lovely restaurant and creates new friendships within the community.

Our spotlight employee of the month is Alyssa Madrid. You all know her as the one-armed superstar waitress. A first-year postgraduate with a bachelor's degree in public health, she is applying to pharmacy school this year. Alyssa enjoys doing puzzles and playing with her 14-year old dog, and her dream is to pay off her school debt before she retires.

Fri., 9 AM-Noon, Catalina Vista/Art Studio

Are you fascinated with changes in colors and patterns? Do you like details? Colored Pencil may be just the club for you. It is an easy, forgiving medium but does require patience. Basic drawing skills are helpful, especially if you want to venture into scratchboard, which some in our group enjoy. We have many resources to help you get started and helpful advice for beginners. Come join us.

Fine Arts Studio

April Hoffman 520-329-8443 lazybird4@gmail.com
Jane Leonard 616-847-1527
Wed., 9 AM-2 PM, Catalina Vista/Art Studio

We are gradually welcoming back seasonal residents. We welcomed a new artist from Oregon. Our group has people from all over the country, which makes conversation interesting and subject matter is often reflective of the area from which they came.

There are many different materials used and ways of going about handling them. One of our members introduced us to a technique called wabi-sabi. It incorporates cold wax rather than hot which is called encaustic. She hopes to take a private lesson next summer in Montana with the artist who teaches the process. In the meantime she continues to experiment.

During our critiques, it is not a requirement to show your work and you are free to take the advice or not of others. It is interesting to listen to the suggestions of those who have made art for decades. These same artists have studied with experts from all over the country and some have gone abroad to study, including Mexico and Europe. Several have degrees in art. If you join us, you will benefit in many different ways. You are welcome to watch over our shoulders. Join if you wish.

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials.

Learn from certified instructors at your own pace and make creative arrangements for your home.

Knit and Crochet

Sigrid Flatness 425-213-6689 sigridkf@gmail.com
Tue., 2:30-4:30 PM, Catalina Vista/Pusch Ridge

If you are interested in crocheting sleeping mats made out of plastic grocery bags for the homeless, please join us. Jane Fairchild has started a group who are doing just that. They have joined the Knit and Crochet group on Tuesday afternoons. Needed are plastic grocery bags, not the newspaper bags, for this project. If you would like to find out about helping, please join us to see if it might be something in which you would like to participate. Besides crocheters, people are needed to cut the bags into strips and tie the strips into yarn, so one doesn't have to know how to crochet. This is definitely a worthwhile project to reduce plastic waste. For more information call Jane Fairchild, 520-909-5069.

You will see what we are about, and you may enjoy a cup of coffee and a sweet roll. From time to time, we schedule field trips of interest to modelers. There will only be one meeting in December due to the holiday. We will resume with two monthly meetings in January.

Visit our website and read the welcome message to learn about our club and view images taken by our members. We welcome SCOV residents to our meetings to watch our competitions or presentations. More information about our club is on page 4 of this *Tipster*.

Sculpture

Pres. Laurie Lichaa 520-606-8829
Mon., 9 AM-5 PM, Catalina Vista/Art Studio

The sculpture group meets on Mondays in the Catalina Vista/Art Studio. You can view some of our sculptures in the display case outside of the Art Studio and the SCOV Library. If you are interested in becoming a member, we would be happy to show you the process used to create our art. Stop by and see us on Mondays.

The photos at right show three stages of a project that Gene Eckebrecht is creating. Gene started by brazing wire to create an armature. The first picture shows the next step in the process which is bulking up the armature with foil. It is important that the foil is condensed as tight as possible to provide a stable structure to attach the clay. The second and third pictures show the clay being applied. Gene will finish the project adding detail, then bake and add a finish.

Casa Amigas

Mon. and Thu., 9 AM-Noon, Artisan Center/Sewing

Most of our seasonal members are back, and we're in full swing in the Sewing Room. Over the past several weeks we've been working on sewing fleece vests for school children on the Tohono O'odham Indian Reservation in Sells, AZ. This past year we began to support the children with these vests that they wear to school in their school colors, burgundy and grey. This fall they've requested navy and light blue vests also. So we got to work and have been sewing more than 40 that will be delivered soon. Then we'll concentrate on sleep sacks for babies and flannel sleep pants for school children.

We've also been converting used sheets into much needed crib sheets for an organization called More Than A Bed. A big thanks to all of you who donated your used sheets. So far this year we've cut, sewn and put new elastic into 150 crib sheets.

Cheer Bears

Pat Norton 480-993-8762 panpan9803@yahoo.com
Wed., 1-3 PM, Artisan Center/Sewing

Cheer Bears donated 30 baby bears to the Kuddles for Kids event and gave the bin the start it needed. This month there will be bears distributed to Emerge!, Seniors for Kids and the Sunrise Group of the Tohono O'odham Indian Reservation. After these distributions we start all over again. Two new members are being trained to use the embroidery machine. This is a good place to learn new things and meet cheery people.

Every Wednesday at 1 PM we meet in the Sewing Room to make marching Cheer Bears. We hope to see you there. If you can trace, cut, embroider, sew, stuff or pack lots of love in a small package, your help is welcomed and needed. Looking forward to many faces around the table.

No meetings May-Sep.

Thank you all who donated stuffed animals and soft toys to the "Kuddles for Kids" event sponsored by Seniors for Kids last month. We know that the donations will comfort and support children who find themselves in difficult situations. Just being able to hug is a comfort when feeling alone leaves one empty.

Seniors for Kids would like to invite all SCOV residents to view the toys, quilts, pillowcases, hats, scarves and so many things that have been created and collected to distribute to the children we serve on Thursday, December 5, 9 AM, WC3. At 10 AM, all the items will be boxed and the sleighs will start on their journeys to AVIVA, Tri-Community Food Bank, Three Points Clinic and Family First.

If helping children in need would get your creative juices flowing, stop by the Artisan Rooms and see where your skills might help Seniors for Kids provide cheer to children who are in need.

A member of our group, Carrie Wiley, is also a member of the Old Pueblo Rug Hookers of Tucson. This group is a member of ATHA, an international rug hooking organization with over 3,000 members spanning the globe. Recently, Carrie was challenged to make mug rugs out of plaid

wool. The picture is of her creation to meet the challenge. As you can see in the photo, the backing is a piece of the wool she used to make the strips which she hooked into the rug warp. This would be a quick project for a beginner and a wonderful gift.

Sec. Colin Kaltenbach, Treas. Nancy Njao

The club has 195 members ranging from master craftsmen to beginners. We have a fantastic shop with great woodworking tools. But the best thing about the shop are the members. If you are a beginner or highly skilled you can always find a member willing to share techniques or give advice. If you are just starting out as a woodworker you might try your hand at making simple toys for the Seniors for Kids. If you are an old hand you might consider mentoring newcomers. To find out how to join, go to www.scovwoodworkingclub.com. When I first joined the club, I was a little intimidated by the master craftsmen I observed. One of my first days in the shop I was struggling and noticed one of the shop's best (Larry Miller) watching me. I just shrugged. He stopped what he was doing and happily showed me a better way. This is typical, not the exception.

There is so much to learn in Romans, such a treasure-filled Book of God.

The lessons will begin promptly at 9 AM. You are welcome to join us at 8:45-8:50 AM to meet the ladies, grab a cup of hot coffee or tea and find a seat before we begin. The class runs for about 2½ hours with worship music and songs, 60 minutes of teaching from the lesson facilitator, a 10-15 minute break for homemade goodies, visiting, and restroom break, then a 50-minute Kay Arthur video teaching. Such a rich and instructive time for our Wednesday mornings.

We look forward to having you join us in the study of God's Word.

The Great Books Club provides an opportunity to engage in thoughtful and lively discussions on a wide range of topics. The anthologies published by the Great Books Foundation contain short selections from classic and contemporary works of literature. Our current book, *Great Conversations 1*, is available from the Foundation or other online sources.

Our December meetings will focus on a short story by Joseph Conrad and excerpts from Thorstein Veblen's *The Theory of the Leisure Class*. We find these classic readings give us a fresh perspective on contemporary issues.

Newcomers are always welcome. Open a book, open your mind.

The general membership meeting and presentation for the Genealogy Club will be Tuesday, December 10, 1 PM, Activity Center/Navajo/Papago Room. A round table presented by members of the club focusing on lineage societies, such as Daughters of the American Revolution, Sons of the American Revolution and the General Society of Mayflower Descendants. Lineage societies are a fun way to use your genealogical research to prove you are descended from prestigious, prominent or famous people, patriots to Salem witches. Lineage groups have genealogical libraries and may help you to start a new network of relatives.

If you have trained as a monitor, signup on the club calendar at www.scvgs.org to reserve a three-hour or two-hour monitor slot and help the club by keeping the library open. Check out the club website for days and hours that the library is available. Help is available for all.

Poets Corner

Mon., 9:30-11:30 AM, WC1

Poets Corner member Janis Symmers eloquently expresses her concern about the disastrous effects of climate change in these excerpts from "She-Bear":

"White against ancestral landscape, / too thin for this time of year, / she makes her way hungry / toward open water. / Tiny satellites around their mother, / three cubs in freedom from their den / cavort in innocent delight / on their journey to the sea. / But the ice is wrong for stalking seal, / glaciers melt, the cold seas warm, / fish and other prey are few. / I know what the mother senses...I see the she-bear tense! / Too late! Too late to hide! / ...

No decoy play will foil this starving bear. / The only choice is fight, / fight the fight she cannot win.

I cannot watch. I turn my head. / I know if I look back I'll see:

The red life's blood of this white land / Seeping back into the sea."

This club provides an enjoyable social evening monthly, getting to know some of your SCOV neighbors who enjoy cooking (and eating) interesting food. Our dinners in members' homes provide relaxing fun as we explore various cuisines (e.g. Moroccan, Thai, South American) or get creative with more ambiguous themes (food from movies, soups). Since everyone brings part of the meal, it's not a huge effort for the hosts. Please visit our website to see photos and details, www.scovprepareandshare.weebly.com. For those who would like to join mid-year (any time from now on), we have a waiting list, as opportunities do arise for you to join a scheduled dinner during the season. And there are two

more catered/restaurant events this year that are open to nonmembers. Please feel free to contact a club officer for more details.

We are a social group of military veterans who want to serve those who have served. All veterans, male and female, private to general, one military assignment or retired, are welcome.

Repressed, uncomfortable or mixed emotions about your military service, contact Mike or come to a Veterans Club meeting. No pressure, just friendly advice, camaraderie and understanding from fellow veterans.

We reach out to local, like-minded groups or individuals to make a difference in our community with monthly outreach visits to veterans in rehab, recruiting stations or VA facilities. We inform and educate club members of entitlements and review relevant issues at monthly meetings. Monthly social happy hour "Meet & Greet" at 3:30 PM, the first Friday after regular monthly meetings at The Views Restaurant.

Check out our website or attend a club meeting to see what we have to offer. Please call, email or text Mike LaBarbera for more information. For those who have fought for it, freedom has a flavor the protected will never know.

Folk Dance

Fri., 10 AM-Noon, AFC/Studio 2

Folk dancing is more fun than a treadmill and healthful exercise for balance, muscle, mind and mood. For most dances we hold hands in a circle to perform non-gymnastic steps to the enchantingly fascinating music and rhythms of diverse cultures (including our own). Neither partner nor prior experience needed. Typical dance sessions consist of 15 folk dances with instructions. Sitting out dances to rest is always acceptable. Drop by and come in to watch and see if this internationally popular dance form is right for you. To see us in action online, do a Google search on FDCSCOV YouTube.

Anyone can hula at any age. It's gentle, lyrical, fluid motion, an easy way to strengthen muscles, work on isolation, posture and to develop an elegant way of moving, even when you're not dancing.

Give it a try for a \$2 per class fee and give your feet, body and brain a pleasant awakening.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Two excellent instructors are here at the SCOV AFC twice a week teaching Joseph Pilates group mat classes. Each class participant, regardless of their exercise level, is striving to increase their core strength. Core muscles are deep abdominal and back muscles that help stabilize our pelvis and spine. The Pilates exercises are simple. Each class begins with low-impact warm-up exercises, stretching and deep breathing. The instructors oversee us at all times. They modify the most strenuous exercises for anyone with limitations. These classes result in benefits that can't be beaten: better balance (fewer falls), more flexibility (joints move again), increased muscle tone (you're stronger) and more energy. Please join us or come by and watch a class. The cost is \$8/class and annual club dues are \$20 pp. Call Mary with any questions.

Upcoming Trips

The next general membership meeting is Monday, January 13. There will not be a December general meeting, instead, a Christmas party.

We now have an Informal Trips tab on the website, where members can post where they are headed and welcome other members to join them. Larry has listed one for Rocky Point, Mexico.

Sundowners enjoy an evening campfire at Lake Patagonia

We've got some great trips coming up. Palm Springs, December 9-13; Patagonia Lake and the Tubac Arts Festival, February 3-7; Route 66, March 23-27 and Canyon de Chelly, April.

And we've got some great social events coming up here

at SCOV: Holiday party, December 15; Valentine's luncheon, February 10. Sign up on SundownersRVclub.org.

Volunteers needed: We need two more members for the Social Events Committee. New members welcome, please call Larry or John and we will get you on-board. Check out our website for club trips.

Facilitator: Bill Bable 520-639-8845 Wbcbp33@gmail.com

First Mon., 3:30 PM, Catalina Vista/Mt. Lemmon

Our group formed in February of this year. We have had anywhere from 5 to 25 attending the monthly meeting. We discuss all things diabetic. There are Type 1, Type 2 and pre-diabetics. There are about an equal number of men and women. Some members have lived with diabetes for 60+ years whereas others are recently diagnosed.

This month we will have fellow SCOV resident, Karl Leiderman, who is very knowledgeable about keto and low-carb diets, joining us. He will talk about these diets and answer questions.

If you have been at all curious about our group, please join us for this meeting.

Grief Recovery and Support

Pari Foster 520-248-3658 parifoster@gmail.com

Tuesdays, 1-2 PM, Catalina Vista, Art Room

This is not a counseling group but a loving, caring, and most importantly a safe environment to share your grief from any loss. It is important to note that grief from any loss comes in many forms: loss of loved one or friend, a pet, home or job, loss of independence, etc. It is not to be taken lightly and is a journey that takes time and is vital to healing and growth. By sharing our grief with others on the same journey the burden is, therefore, lightened.

Vistoso Helpful Hands

Barb McNeill 520-825-0677 bjmac68@gmail.com

Check out the Chair Balance class Fridays, 10:30-11:30 AM, Activity Center/Dance Room, with Laura. It's an excellent way to strengthen unused muscles after accidental falls or surgery.

Vistoso Helpful Hands (VHH) is an all-volunteer organization helping SCOV residents who find themselves temporarily in a crisis or needy situation. We provide caregiver relief, transportation, animal care, handyman services, light housekeeping and yard care, paperwork organization, run errands and can pick up a take-out meal from The Views Restaurant. We also have referrals for longer-term paid assistance.

Wheels for Kids

Dick Swain 920-217-2610 or Tom Terfehr 520-789-7243 www.azwfk.org

Wheels for Kids is a 501(c)(3) charity dedicated to providing rehabbed bicycles for kids in need in the Tucson area. To date, we've provided over 2,200 bikes to various other 501(c)(3) charities who then distribute the bikes to their clients. Some of our partner organizations are Youth On Their Own, El Grupo, Refugee Focus and Tucson Boys and Girls Club. Wheels for Kids is a total volunteer effort. We need mechanics. If you are interested, we'll train you. Visit our website for more information and how to donate bikes or financial support. Help kids experience the same joy you had when you got your first bike.

YOTO/Northwest Auxiliary

Kris Cohen 520-818-2582 krisandearl@msn.com

You can help Tucson nonprofit Youth On Their Own (YOTO) strive to eliminate barriers to education and empower local homeless youth (homeless through no fault of their own) to stay in school.

How? Bring \$25 gift cards or new twin-size blankets to the Activity Center lobby Friday, December 6 or Monday, December 9, 9-11 AM. Cash and checks made out to YOTO will be accepted.

For 30+ years, YOTO has supported the high school graduation of this unique demographic by providing financial assistance, basic human needs, and one-on-one guidance. Through community support, over 16,000 homeless youth have remained in school and pursued opportunities for self-sufficiency.

Our Christmas comedy, *Dashing Through the Snow*, will deck the halls with holiday hilarity. This Jones/Hope/Wooten play is family-friendly and just might be more fun than a ride in a one-horse open sleigh. Make sure to keep an eye out for one of your own SCOV residents during the show.
