From The Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

Your Responsibility to the SCOV Community

by Tim Kelley

The first of February will begin the campaign and election process in SCOV. The ballots will be available on February 18, and voting will end at Noon on March 23. Results will be announced the morning of March 24.

As a member in good standing of the SCOV community, you are entitled to cast one vote per household in the election. As a member you have a right and responsibility to vote on the candidates and issues. Your responsibility means that you should become informed on the candidates and issues.

The Election Committee will be providing you with opportunities to learn about the candidates running for the Board of Directors (Board). This year you will be electing two new Board members who will serve a three-year term. (The terms of John Wilson and Tim Kelley are ending on April 30.)

You can learn about the candidates in several ways: 1) *Tipster* articles; 2) Candidate inserts in the *Tipster*; 3) Interview videos posted to the website; and 4) Candidate forums held in the Auditorium. All of these are hosted and organized by the Election Committee. The fifth opportunity will be neighborhood "candidate coffees" hosted by individual residents. Please take advantage and become informed.

Board members approve the SCOV budgets, make many decisions amending and establishing policies that affect SCOV and, given the number and magnitude of potential renovation and capital projects on the list of the Long-Range Planning Committee, Board members will be making significant decisions about the future of SCOV.

Forums for this year's ballot issues are scheduled for Tuesday, February 11, 9 AM and 6 PM, Thursday, February 13, 6 PM and Friday, February 14, 1 PM, all of which are in the Auditorium. These forums are your opportunity to be informed such that you can cast a reasoned ballot.

Members have a responsibility to vote for the candidates and issues that are the best for our SCOV community.

General Manager - Mark Wade

Moving Forward

I hope everyone had a safe and happy holiday season. It is said, if you're not moving forward, you're going backward. Here at SCOV we are definitely moving forward. Here are some of the things that are being worked on.

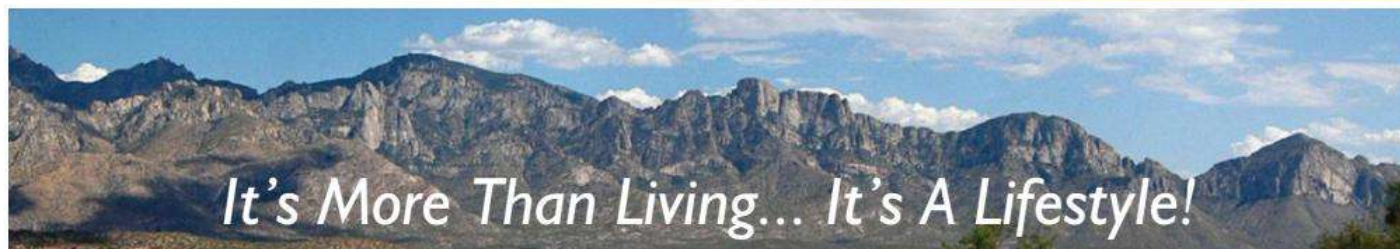

- At a special Board meeting in October, a report was given by the Long Range Planning Committee that included a proposed land use plan for the community and the Board looked at the possible purchase of the Mountain View Plaza.
- Requests for Proposal were sent to five contractors for the Golf Course Greens project.
- The Golf Course purchased 20 new golf carts to keep up with the amount of golfers; also, a device designed to reduce the water bill at the golf course could save as much as \$25,000 per year.
- I worked with a company to negotiate a profitable preferred provider agreement with Comcast. This would require a vote of the community to approve letting the Association contract for 10 years allowing Comcast to be called our Preferred Provider. This would not change residents' ability to contract with whatever company they want for their internet, cable and TV services and would come at no charge to SCOV.
- Comcast would not be able to raise rates specifically to SCOV residents based on SCOV entering into this agreement.
- SCOV would not be able to promote other providers or enter into a bulk agreement with another provider (a bulk agreement would require all SCOV owners to use a particular service).
- 25% of the new revenue would go to the company that helped negotiate the agreement.
- Compensation to the community would come in two forms: Up front over \$400,000 and revenue share based on market saturation, currently valued at over \$100,000 per year for the length of the 10 year contract.
- More information will follow as well as community forums

I've shared a few ideas that have progressed to action or possible action. We are definitely not standing still, nor are we moving backward. We are pressing forward and doing our best to make this community better, if that is even possible. When you drive your car, most of your time is looking forward and a very little is spent looking in the rear view mirror. As we drive the Sun City Oro Valley limousine, we call an Association, we are looking forward as well. We are always trying to anticipate what will be around the next corner and we are filled with anticipation and excitement.

As we approach this new year, I wish us all the success we so strive for in Sun City Oro Valley and in our personal lives.

It's More Than Living... It's A Lifestyle!

Financial Strength & Fiscal Management —An Important Consideration

by Tim Kelley, Treasurer

Financial strength and fiscal management are important considerations for current and prospective homeowners of Sun City Oro Valley (SCOV). It is important to know that our amenities (defined as something that helps to provide comfort, convenience or enjoyment) are safe, well taken care of, fully operational, and that we are financially secure well into the future.

When you buy a home in SCOV, you do not just buy a home, you become an owner of SCOV. The owners of SCOV have an obligation to operate and maintain all our amenities that serve our clubs and the many individual interests and activities. Through the operations staff headed by Mark Wade, our General Manager, the many volunteers that lead our committees, and the Board of Directors (Board), we are charged with maintaining our amenities and expanding them when resident interests grow and evolve over time.

SCOV has so many amenities, it is almost impossible for anyone to use them all. What all the amenities do is support our individual active adult lifestyles and our home values. Each of us benefits from all the amenities. I support the amenities that you enjoy; please support the ones that I enjoy.

To do all of this takes money. Money to buy, operate, and maintain our amenities, our lifestyle.

The financial strength and fiscal management of SCOV is excellent, and, when compared to our community peers in southern Arizona, we set the standard for others to emulate. Numerous factors contribute to and support our financial strength, and as a result, our home values. Some of the factors are:

- Annual Operating Budget is prepared by the operations staff, reviewed by the Finance-Budget Committee and approved by the Board. For the fiscal year July 1, 2019 through June 30, 2020, the approved budget is \$6.9 million. This budget operates and maintains the amenities that we enjoy.
- Annual dues are among the lowest of resident-controlled homeowner associations. Builders and developers frequently maintain lower dues when a community is being built because it helps to attract buyers for all those new homes. Some HOAs might have lower dues, but they do not have the breadth of amenities that SCOV has.
- SCOV does not have debt.
- The Asset Reserve Schedule is a listing of assets that

had an initial cost of \$1,000 or more and a useful life greater than one year. This schedule forecasts the fiscal requirements of our assets over a 30-year period. At SCOV, there are over 600 items, and classes of items, included on the schedule. The Asset Reserve Fund (\$6.3 million is the October 31, 2019 balance) provides the dollars needed to maintain, refurbish or replace these assets when their useful life ends. This fund protects homeowners against the possibility of special assessments required due to an unexpected or unforecasted asset expense. It is a Board goal to maintain this fund at 70% of the total required expenses for all assets over the 30-year period.

- In addition, SCOV maintains a risk management (insurance) program that covers the unpredictable loss or damage of an asset.
- The strong fiscal management of SCOV, comprehensive forecasting and planning and risk management program have contributed to a fiscal history where special assessments have been a rare occurrence.
- The Capital Fund (October 31, 2019 balance of \$1.1 million) is primarily supported by the Capital Contribution Fee that is collected when a home within the

community is sold. The Capital Fund is employed to pay for the purchase, construction or major renovation of real property within the community.

- Contingency Fund is maintained between 2.5% and 3.5% of the prior year's operational budget. This fund is used for unbudgeted and unexpected expenses within the community as authorized by the Board.
- The Town of Oro Valley owns and maintains our streets and sidewalks. As a result, SCOV does not include these expenses in our operating budget or our asset reserve fund. The taxes we pay provide for street and sidewalk maintenance and repair.

In summary, the financial factors listed above contribute to making SCOV a financially strong community, one where our fiscal strength and management add and contribute to supporting our home values and our active adult lifestyle. In southern Arizona, this is the community where you want to own and maintain your home. SCOV checks all of the financial boxes.

SCOV is a financially strong community

Resident Complaint Procedure

We encourage residents to share concerns that affect them with their neighbors. Often, reluctance to talk with a neighbor can make a small issue rather large, so communication is valuable.

However, if you have reached out to your neighbor to no avail, and you are affected by a lack of adherence to the governing documents, you may fill out a Resident Complaint form, and the Community Services Coordinator will document the problem and start the violation fine process. This form is available only on our website. Those calling in complaints will be asked to complete the web form.

To access the Resident Complaint form go to [www.suncityorovalley.com/Members/Member Services/For Your Home/Resident Complaints/File a Complaint](http://www.suncityorovalley.com/Members/Member%20Services/For%20Your%20Home/Resident%20Complaints/File%20a%20Complaint). Your name will not be used in the notice sent to the violating neighbor.

Interested in learning more about our beautiful state? Our Southwest collection can help. Here's a Dewey Decimal guide to help find Arizona books on our shelves. Begin in the 557 section for books on Arizona rocks and geology; in the 590s, find books on birds, snakes and other local critters you might find in your yard or on hikes. Visit the 630s to read *Cool Plants for Hot Gardens* by Greg Starr and other books on landscaping in this climate. From there move along to the 917s to pick up hiking guides for park or urban trails and books on day trips from Tucson, traveling the backroads, or get (your) *Kicks on Route 66* by Roger Naylor. Peruse *Weird Arizona* by Wesley Treat, a travel guide to local legends and best-kept secrets. Get busy with *100 Things to Do in Tucson Before You Die*, by Clark Norton. Lastly, spend time in my favorite part of our Southwest collection, history, located in 978 and 979. Here you will find stories about the original inhabitants of Arizona, along with stories of the later settlers including farmers, ranchers and cowboys, outlaws and lawmen, mail-order brides, dance hall girls and outlaws in petticoats. Learn about rock art symbols, shoot-outs, dude ranches and historic towns like Bisbee, Tombstone, Sedona and Jerome. Read *Annie's Guests* by Barbara Marriott for the story of an African American and Cherokee couple who built and ran the Mountain View Hotel in nearby Oracle, a showplace known throughout the West, or *Vanished Arizona* by Martha Summerhayes for a first-hand Army wife's account of life on military posts on the Apache frontier in the late 19th century. Get started now reading Arizona by the numbers.

New Year, New Exercise

It's a new year, and maybe you've resolved to start an exercise program. If so, good for you. Getting regular physical activity is one of the most important things you can do. And it's one of the most common New Year's resolutions among Americans each year. Just make sure you start off on the right foot with these helpful tips:

Take it slow, set small goals – after all, you're in this for a lifetime. Talk to your doctor before getting started, especially if it's been 8-12 months or longer since you've last exercised, you've had a large weight gain or you've had a noticeable change in health.

Evaluate your personality. Do you like to exercise alone, in a large group or with a partner? The answer to this question will help you decide what type of exercise will keep you motivated to stick with your new routine.

Be safe. If you're exercising outside, make safety a priority. Dress for the weather, wear reflectors and light colors if you'll be out when it's dark, and carry a cell phone with you.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, January 14, the AFC pool and spa will be closed for cleaning and shock treatment. They will reopen the following morning at the regular time.

Wednesday, January 15, the Desert Oasis pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Alzheimer's can also be a preventable disease. Join us in viewing the informative docuseries, "Alzheimer's—the Science of Prevention," hosted by Dr. David Perlmutter, followed by a discussion lead by Rick Menet, M.D., internal medicine physician with training in functional medicine, and Rita Menet, functional medicine certified health coach. The series takes place over eight Mondays, January 6-February 24, 3 PM, Activity Center/Navajo Room.

Due to limited capacity of the Navajo Room this discussion is limited to 60 participants. See Workshops and Classes on page 15 for registration information.

New committee members are welcome.

At our December 3 meeting, the committee completed work on a revised list of requirements for the renovation project. This list will be submitted to the architects for an update of the conceptual plan. Due to the time needed for an architectural review, our next scheduled meeting will be Tuesday, January 21, 9 AM, Activity Center/Native American Rooms. After January 21, the ACRC meetings will be on an as-needed basis. Please watch the SCOV calendar for future dates.

The Architectural Compliance Team (ACT) inspects residential properties to ensure adherence to the Development Standards. All exterior areas of the property are checked. Some examples are walls, gates, fences, paint and stucco, landscaping, windows and screens, flat work, lighting, shutters and shades. Mandatory inspections are done at time of listing the property for sale. Areas not in compliance are listed in the resale demand and compliance report from the title company. Courtesy Inspections are done at the request of property owners thinking about selling or those who are just curious about their compliance. No records are kept by SCOV on deficiencies or actions taken on Courtesy Inspections.

The team is staffed by eight resident volunteers and a staff liaison. Meetings are open to all residents with minutes published on the SCOV website.

Architectural Review

Marlene Branz 618-670-1063 mzbrazn@mac.com

Second and Fourth Tue., 2 PM, WC3

The Architectural Review Committee (ARC) is designated to maintain the aesthetic harmony of SCOV in keeping with the desert environment and architectural character of the Sonoran Desert Southwest. The ARC collaborates with the Architectural Compliance Team and the Neighborhood Pride Committee on changes to the Development Standards that will maintain and continue to update the appearance of SCOV. We keep in touch with the Town of Oro Valley on changes to local zoning codes. We always welcome input from our residents. The ARC meetings are open to all residents. If you are interested in learning more, or want to volunteer on the committee, attend an upcoming meeting to see how the committee supports the community. Community Directory

Chair Lisa Collins 812-344-4773 scov.community.directory@gmail.com

www.scovaz.com/members/services/directory/

Are you a new resident or have you moved within SCOV? I use the monthly SCOV Resale Report to update the directory database. Those who have sold their homes are removed from the database, and the new owners are added

as unlisted by default. This includes those who move within SCOV.

Does the Posse have your number? I send an updated phone list to the Posse each month. If the Posse notices any issues during their rounds but can't contact you, they call 911. You can choose to be completely unlisted in the directory but still choose to provide your phone number for just the Posse.

The online directory is updated monthly, thus always has the most current information. To be listed in the directory, you must complete the online form "To change your directory listing..." or fill out an orange card at the Welcome Center.

Vendors should email Susanna Moran to inquire about applying to be on the Vendor List.

Finance-Budget

Sharon Miller muggins48@comcast.net
Mon., Jan. 27, 2 PM, WC3

Monday, January 27, is the committee's next scheduled meeting. Committee agendas, minutes and financial reports are posted on the SCOV members-only website.

The 2020-2021 SCOV Association's annual operating and capital acquisition budgeting process begins in January. The process starts with department managers developing forecasts for operations and capital expenditures. Staff budget proposals are then reviewed by the General Manager and Controller to develop the draft budget. The first draft of the budget will be presented at the Finance-Budget Committee meeting, Monday, February 24, 2 PM. Any additions or changes recommended during this meeting are used to develop a second draft, which will be presented and discussed at the committee's special budget meeting, Monday, March 2, 2 PM. If a third draft is needed, it will be reviewed by the committee on Monday, March 23, 2 PM. The committee will then forward its budget recommendations to the Board. The proposed annual budget will be presented to the Board of Directors at its Thursday, April 9, study session. The budget, with any Board changes, will be placed on the Board's agenda for approval during its April 28 meeting.

Please contact Sharon Miller, for information.

We read your comment cards and have prioritized committee research addressing noise abatement and quieter entertainment options. Joe Bourne, Oro Valley icon crooner, is a regular the fourth Monday of each month in the dining room. Saturday date nights in February will feature returning entertainer, Rene Taylor, jazz singer, along with Scott Tecca, an award-winning vocalist from Nashville. A new digital sound system has been approved and is currently being configured. The terrace has permanent heaters and, with the screens, provides a nice atmosphere for listening in colder weather. The patio has more portable heaters and with a temporary adjunct speaker system, entertainment provides a nice background for conversation. You can help control noise: ask your friends to use their inside voices to help everyone enjoy their restaurant experience.

Check out the new menu items: veggie salad, halibut, mussels, flat-iron steak, potato skins and fried oysters are just a few to try.

Second and fourth Wed., 10 AM, Catalina Vista/Mt. Lemmon

Our purpose is to provide a vision for the future of SCOV, create a plan addressing future needs and desires, and engage residents in development of such a plan. The October 2019 Land Use Study developed in partnership with The Planning Center of Tucson has been an important step in this process. As we go forward, we are studying feedback and ideas generated from the study and exploring possible funding options. The study remains available on the SCOV website on the committee web page. Our meetings are open to all residents, and questions and comments from those in attendance are encouraged.

Again?

Yes, again, it's a brand new year, and not too late to make a New Year's resolution, if you have not already done so. Let's try once again to make a resolution and keep it this year; to take pride and care of ourselves, our homes, and our property where we live. Most of us already do that, but just think how wonderful our community would look if we all did.

Our committee members have certainly enjoyed seeing the beautiful holiday decorations throughout the community over the past few weeks. As a friendly reminder though, seasonal decorations should be removed by January 15. We appreciate all residents who continually take pride in the appearance of their property, and we are most pleased with how beautiful our community is looking to usher in the New Year. We wish each and every one of you a happy, healthy, and prosperous 2020.

This fall, I was pleased to attend the most recent Oro Valley Police Department Citizen Academy. It was once a week for three hours and packed with information. I was struck by many things. Many of the officers have been on the job for years. They come from a variety of other law enforcement agencies/ backgrounds and a few started with OVPD. There is a wealth of cross training within the department. It's obvious that officers and staff take pride in their jobs and are part of what makes Oro Valley the safest city in Arizona. Chief Danny Sharp and his department are committed to their "Partnership in Prevention."

Chief Sharp dedicated himself to the SCOV Posse. He will retire February 21 (See Coming Events, January 23, page 14.) He should take immense pride in his accomplishments. The officers and staff he leaves behind have his same dedication to community policing. Thank you, Chief Sharp, for your 20 years of support to the Posse.

PREVAIL Task Force is in the final stages of refining a workable process for evaluating the extent to which a homeowner's proposal to construct a permanent improvement would impact the neighbors' views. We are hopeful that we will be able to field test the process over the coming months. The next step for the Task Force is to consider vegetation and its impact on views in SCOV. The goal is to identify a consistent, workable process for handling differences of opinion in this area. The meetings are open to all.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

We hope you had a wonderful holiday season. It's going to be another exciting season at The Views Golf Club.

This month, we host the Oro Valley Senior Championship, January 11-12. The event will draw some of the finest players around the southwest, as well as higher handicap golfers who enjoy competitive play. There are three divisions to the tournament, championship, playing gross only, the other two paying gross and net.

Saturday, January 18, 11 AM-3 PM, is our annual Helicopter Ball Drop, along with Demo Day. We provide a great barbecue at the driving range with music and fun. The following golf club companies will attend: Cobra, Srixon, Cleveland, XXIO, Ping, TaylorMade and Henry Griffiths.

The Helicopter Ball Drop is a 50/50 fundraiser for the men's and women's golf clubs. To participate, purchase at least one golf ball for \$10, three for \$50 or 15 balls for \$100. They will be dropped at approximately 1 PM onto the driving range.

You can purchase golf balls anytime up until Friday, January 17, 5 PM in the Pro Shop or through the men's and women's golf clubs. The three balls closest to the pin are winners. After distribution of the 50/50 split, first place receives 50 percent of the prize fund; second place, 30 percent; third place 20 percent. The total number of balls sold will determine the prize fund distribution.

Thank you for participating in all our activities and we look forward to seeing you. If we can assist you with anything, do not hesitate to ask.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

Happy New Year. January is the time of year when the normal activities in the golf course maintenance department really slow down. The cooler temperatures decrease the growth rate of the grass so the amount of turf maintenance is greatly reduced. Less fertilizer and water are required for maintaining good turf health. This allows our department to catch up on other areas of the golf course that we don't get to spend a lot of time on during the rest of the year.

Some of the projects that are going to be addressed during this time will be: Thinning the desert around the driving range floor so the Pro Shop can recover lost range balls, thinning vegetation in front of tees to open views and hitting areas and root pruning around tee boxes that continually have turf issues due to tree root competition.

More drainage projects will be completed this year to improve playing conditions, and to provide tie-ins for the upcoming greens reconstruction project. Chronic wet areas around the greens will have drains run into washes and desert areas. One example is the left side of hole #1 green between the apron and the three trees in the rough. It is always a problem spot, so a drain will be run from the wet spot into the wash. When the contractor runs the new drains for hole #1 green, they will connect to our drain which will save time and money on the overall project.

Golf Advisory

Chair Beth Allen 520-639-8845

No meeting Wed., Jan. 8

Wishing you a Happy New Year. As your new year's resolutions may have included getting out more to practice at the driving range, our golf superintendent will be replacing the tee boxes with grass mats from time to time. This is needed to help preserve the grass and give it a chance to grow back. This may not be ideal, but please be patient.

Make your golf cart invisible. Your goal when driving a cart should be to leave no trace you were there. It's easy to damage the turf and not realize it. Avoid wet areas and spots that are getting beaten up from traffic. Take different routes so cart traffic is spread out.

We encourage all golfers to attend our meetings for questions and concerns regarding play and course management. However, there will be no meeting this January. Meetings will resume the first Wednesday in February, 2 PM, WC3.

Happy New Year from The Views Restaurant. With the new year upon us, things are rolling right along with gross sales over \$30K weekly. We have newly installed gas heaters on the terrace, which, with the second wind screen makes that area usable and more comfortable during the colder months. The portable heaters are now on the patio. Two new outdoor server stations are also on the terrace and patio, allowing wait staff to provide you with more timely service.

You asked us for new offerings on the happy hour menu. Due to space constraints, some popular items needed to be retired to make room for newer ones. This does not mean they are gone forever. It was a tough decision to remove popular items, but we hope you will try the new ones and give us feedback.

This month's staff introduction is Jeremy Lee. Many of you know him as the cheery bartender who works Sunday through Wednesday. There is a lot more to him than that. Jeremy has worked in hospitality for 23 years. He has done everything from serving and bartending to being the banquet director for the Hassayampa Inn in Prescott, AZ. Although Jeremy has lived all over the country, he grew up in Prescott. His passion in life is his Harley Davidson and riding it when weather permits. His unseen talent is that he can do calculus in his head. His dream in life is to never have to work again.

In considering your New Year's resolution, think about your charitable giving. It is estimated that due to tax code changes, charitable giving will be reduced by a signifi-

cant amount. According to the Tax Policy Center (of the Brookings Institution and the Urban Institute think tanks) the tax code changes would cut the number of households itemizing deductions from 37 million in 2017 to 16 million in 2018, a 50 percent reduction.

Now is the time to talk to your financial advisor to discuss what opportunities are open for you to donate to your favorite charities in the coming years. Consider using the SCV Foundation to consolidate your giving. Instead of writing many checks to different organizations, write one check to the Foundation for many organizations like Cure for Cancer, Emerge, YOTO, Wheels for Kids, etc. Giving is easy using your credit card. Just go online to our web page, www.foundationSCOV.org and click on Donate and then click Pay Pal Donate Now.

Have a wonderful new year.

Our featured artist this month is our new president, Charlotte Landis, who came here in 2016 from Arlington, Virginia. Her background is medical technology with an emphasis in chemistry. Her interest in chemical elements and their reactions led her to watercolors, and her interest from childhood in gardening inspired her to become a master gardener.

Painting since 2006, Charlotte always sees the blank watercolor paper as a source of excitement and hopes the work uplifts the viewer's spirit and gives a sense of peace. She strives to invite the viewer to take a closer look by choosing to paint small things.

Charlotte is a member of the Potomac Valley Watercolorists in Virginia, the Southern Arizona Art Guild and the Southern Arizona Watercolor Guild. She is an award winning artist who has shown in many exhibitions.

Watch for her work in the exhibits in SCOV, and come visit with Charlotte and the other artists.

Nov.-May, Second and Fourth Mon., 2-4 PM, Catalina Vista/Pusch Ridge

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials.

Learn from certified instructors at your own pace and make creative arrangements for your home.

Knit and Crochet

Tue., 2:30-4:30 PM, Catalina Vista/Pusch Ridge

Please join us if you want to help recycle those plastic grocery bags. Jane Fairchild started a program for those interested in crocheting plastic yarn (or "plarn") into sleeping mats for the homeless. You don't have to crochet to assist with this project. Help is needed to cut the bags into strips and tie them into yarn.

Regular knitters and crocheters continue to meet at this time. It's been fun to share the space with the plastic bag people. The more the merrier.

If you have plastic grocery bags to donate (not the colored

newspaper ones), please drop them off on Tuesday from 2:30-4:30 PM, Catalina Vista/Pusch Ridge, or Jane Fairchild has a box on her front porch, 1750 E. Crown Ridge Way. You can also call Jane for further information about the plastic sleeping mat program.

It certainly is hard to believe that we are starting a new year already, but such a busy year it has been, so let's review a few of the happenings.

One of his major research interests is the formation and evolution of planets and planetary systems. He specializes in using a wide range of instruments at the Large Binocular Telescope located on Mt. Graham in Safford, AZ. This is the largest binocular telescope in the world and a place where our club has taken field trips.

Men's Bible Study

Jerry Anderson 520-638-6586, Rick Thomas 520-591-0475
Oct.-May, Tue., 7:15 AM, Catalina Vista/Mt. Kimball

Note: New starting time is 7:15 AM. Our study this year begins with the book of Genesis, followed by a study of the book of Revelations. Often called the bookends of the Bible, they deserve to be studied together. Their comparison shows the power and consistency of God's Word. Study guides are available. If you like, please join many of us for breakfast afterward at The Views Restaurant. What a great way to start your day.

Precept Women's Bible Study

Pres., Sheila Witler 720-775-7623
Sec. Faith Heitmann 208-750-5886
Oct.-Apr., Wed., 9 AM, WC3

Women's Precept Bible Study began the study of Kay Arthur's Romans Part 3: Chapters 9-11 in December, but please do not feel that you have missed too much to join in. We are constantly doing review of Chapters 1-8 because review is the way we all learn. This study of Romans has been,

and continues to be, so beneficial to our understanding of coming to Christ and how we can share our faith in Jesus Christ with others.

The lessons begin promptly at 9 AM. You are welcome to join us at 8:45-8:50 to meet the ladies, grab a cup of coffee, and find a seat before we begin. The class runs for about 2½ hours with worship music and songs, 60 minutes of teaching from the study facilitator, a 10 minute break, then a 50 minute Kay Arthur video teaching. Such a rich and instructive time for our Wednesday mornings.

We look forward to having you join us in this new year, 2020, to study God's Word.

The anthologies published by the Great Books Foundation contain short selections from classic and contemporary works of literature. Our current book, *Great Conversations 1*, is available from the Foundation or other online sources.

Our January meetings (note variation in schedule due to the holiday) will be Wednesdays, January 8 and 22. We will discuss Carl Jung's *The Stages and Life* and Tillie Olsen's story, "Tell Me a Riddle." We enjoy the challenge of exploring such varied topics and genres.

Newcomers are always welcome to join the discussion.

SCOV Book Club

Club Communications: Lynn Kallgren lynn.kallgren@gmail.com
First Mon., 1:30 PM, Catalina Vista/Mt. Kimball

Our book for January is *Island of the Sea Women* by Lisa See. This historical novel follows the lives of women divers in a matrifocal society on the island of Jeju, Korea. The story begins before WWII and continues throughout the tumultuous, but little known period of Korean history following the defeat of Japan and the Korean War. It's a novel of friendship, betrayal, love and family.

At our January meeting, we will start collecting dues for 2020. Please bring \$5 (preferably in cash) in an envelope. On the outside of the envelope please write your name, email address and telephone number. We look forward to seeing you all in January. The SCOV Book Club List for 2020 is in the library and is also available via email. If you need a copy please email Glenda or Lynn.

Meetings Third Wed., Nov.-Apr., 3-4:30 PM, Catalina Vista

Wednesday, January 15, meeting: Learn about a low cost, innovative, effective cancer treatment with virtually no negative side effects. It is pioneered by two UArizona cancer researchers, including speaker Linda Meade-Tollin, Ph.D., biochemistry. She is also a Research Assistant Professor Emerita, UArizona College of Medicine and was a member of the Arizona Cancer Center.

The treatment is based upon Otto Warburg's work; he discovered that cancer cells use far more sugar (glucose) than normal cells. The Warburg Way™ has been used in China for 12 years with over 13,000 treatments safely given...now available at a clinic in Nogales, Mexico. If you know anyone with cancer, join us to learn more.

Bring \$3 annual dues (in an envelope with your name, phone, address and email) if you plan to attend any of our club functions including vegan dinner and meditation.

Poets Corner

Sharyn Rafieyan 520-825-6762 srafieyan@comcast.net
Mon., 9:30-11:30 AM, WC1

Poets Corner member, Christa Lubatkin, takes ordinary subjects like a man, a woman and a dog, places them in the kitchen and out comes magic. A wonderful story-poem with a message about relationships called "Chatter":

"I talk to my dog / on a litany of subjects / I offer him choices for breakfast / bacon and eggs (kibble) / blintzes (same kibble) / he looks up expectantly / leaves the choice to me / laps it up as if he were an aficionado

my man too has few words / I fill the anticipating air / with jabber that quivers and clatters / like kibble / hitting the metal bowl my man drinks it up / with a chaser of laughter

I hear it said that god / is felt in the still / space between us but dog and man / my dear companions / have grown devout

& chubby / on my gushing stream of chatter"

All resident poets are welcome to join us, any and every Monday.

This club provides an enjoyable social evening, getting to know SCOV neighbors who enjoy cooking (and eating) interesting food. Every month, December through March, small groups of members gather to share food they've prepared according to a theme. Since everyone brings part of the meal, it's not a huge effort for the hosts. December's theme was "Let's Get Stuffed," featuring stuffed dishes; January's is Indian cuisine. For those who would like to join mid-year, we have a waiting list, as opportunities do arise for you to attend a scheduled dinner. We also have two upcoming events open to nonmembers. The first is a luncheon Monday, February 6, at SaddleBrooke's Mountain View Restaurant (\$20-\$25 pp). Members will receive an email with details in January. Nonmembers who wish to attend need to inform Pat Heine (pjheine@stcloudstate.edu). Please visit our website to see photos and details about the club.

Any SCOV residents who would like to join our dog club are encouraged to do so. Contact Marj or Carol for membership information and forms. The annual dues are \$10 with a one-time \$10 key fee.

Folk Dance

Harvey Gardner 520-308-5616 savear@gmail.com
Fri., 10 AM-Noon, AFC/Studio 2

Folk dancing is more fun than a treadmill and healthful exercise for balance, muscle, mind and mood. For most dances we hold hands in a circle to perform non-gymnastic steps to the enchantingly fascinating music and rhythms of diverse cultures (including our own). Neither partner nor prior experience needed. Typical dance sessions consist of 15 folk dances with instructions. Sitting out dances to rest is always acceptable. Drop by and come in to watch and see if this internationally popular dance form is right for you. To see us in action online, do a Google search on FDCSCOV YouTube.

Happy New Year. It's a brand new year and time to commit to a new exercise routine. Why not try Pilates? Forty years after his death, the system of exercises developed by Joseph Pilates has never been in such high demand. SCOV offers classes twice a week. The exercises strengthen your core muscles (abdomen and back muscles). You will also notice that you have better balance, more muscle tone and increased stamina. People ask, "Can the benefits from the strengthening and stretching exercises we do really develop the body's core, increase spine mobility and build flexibility?" The answer is, yes. We have two experienced instructors, and the cost is only \$8/class, with annual club dues of \$20 pp. Please join us or stop by and watch. Call Mary.

Vistoso Cyclists boasts membership of nearly 200 riders. We ride year-round to preplanned destinations in Tucson and surrounding areas, using both city streets and dedicated bike paths. Occasional away rides start from a distant location. Weekly mountain bike options take a few of us to the beautiful Tortolita rangelands, containing some of the highest-rated single track bike trails in the nation. Our group ride options are from 25-50 miles, and we always make time for a coffee stop midway. Those who ride with the Women on Wheels group have their own agenda providing routes of 12-30 miles.

We sponsor social events, participate in Wheels for Kids charity and are involved with fundraising for the Interfaith Community Food Bank, raising over \$43,000 last year.

If you are a resident and love to ride a bike, check out our website.

Happy New Year. We hope your holidays were happy and healthy. However, you may have indulged too much; not exercised as much as you could have. Hiking is a good answer to all of that. Besides great exercise, hiking is a wonderful way to explore the wonders of the desert and mountains that surround us in SCOV. We are welcoming new hikers to our club and invite you to check us out. We have hikes for every level of experience and ability. Sign up for an orientation hike to help you and the club assess where you might be comfortable while you learn about the Hiking Club. The website also offers a wealth of information and great pictures.

On a sad note, we are all grieving the sudden loss of Roe Erlandson, our Chief Guide, one of the strongest hikers in the club and a wonderful man. He will be greatly missed.

Grief Recovery and Support

Pari Foster 520-248-3658 parifoster@gmail.com

This is not a counseling group but a loving, caring and most importantly a safe environment to share your grief from any loss. It is important to note that grief from any loss comes in many forms: loss of loved one or friend, a pet, home or job, loss of independence, etc. It is not to be taken lightly and is a journey that takes time and is vital to healing and growth. By sharing our grief with others on the same journey the burden is, therefore, lightened.
