Architectural Review Committee

by Lou Gard

As residents and guests drive around SCOV, they see homes and common areas that are neat and pristine. A good reason for that is the work done by the Architectural Review Committee (ARC) and the Neighborhood Pride Committee.

The SCOV Association's Master Declaration (MD), Section 5.1, requires that the ARC shall perform the functions set forth in this MD. Presently there are 23 committees supporting activities within SCOV. Like all of the committees, the ARC is staffed with SCOV volunteers, without whom SCOV could not run as efficiently as it does. The importance of our volunteers to SCOV cannot be overstated.

The ARC is charged with seeing that any addition or major changes to the exterior of a home or yard are kept within the framework and guidelines of your Development Standards (DS). These DS were set up to ensure that a homeowner making any changes will not adversely affect the architectural character or community values of SCOV. Many of you have had some kind of improvement on the exterior of your home, so you are familiar with the ARC's value to the community.

Presently, there are 11 members on the ARC; due to term limits and resignations, the ARC needs to replace seven to nine members. There are only four members returning from this year's roster. There are no requirements or restrictions on any resident wishing to join and become a member of the ARC. In most months, the ARC meets twice, on the second and fourth Tuesday, at 2 PM.

I was on the ARC for seven years; it was a very rewarding experience. I am encouraging residents to consider joining the ARC and contributing to the betterment of our community. We have set up three times that residents can meet with present members of the ARC and discuss with them what the committee actually does and what their role might be on the committee.

These times and locations are:

- March 12 at 2 PM in Welcome Center 1
- March 16 at 2 PM in Welcome Center 1
- March 18 at 10 AM in Welcome Center 1

We hope to see you at one of these meetings. If these times are not convenient, please contact me at lougard789@gmail.com or 520-825-4773 to make other arrangements.

Governing Documents, What Are They?

We're always talking about the association's governing documents, but what are they?

State Law: Almost every state has statutes governing condominiums and homeowner associations. In addition most associations are subject to the state corporations' code.

Declaration, Master Deed, or Proprietary Lease and Their Covenants and Restrictions: Planned communities are created by declarations (also known as master deeds). Cooperatives are created with proprietary leases (also called occupancy agreements). These contain the restrictions that regulate residents' behavior, define owner's rights and obligations, and establish the association's responsibilities.

Articles of Incorporation: Most associations, and all cooperatives, incorporate and have articles of incorporation that define their purposes and powers. They may specify such things as the number of directors and their terms of office.

Bylaws: Bylaws address association operations, such as procedures for meetings and elections and specifying the general duties of the board.

Resolutions—Rules and Regulations: Board members adopt rules and regulations, and sometimes members have to approve them. Rules and regulations are recorded as board resolutions. Resolutions must be consistent with the declaration or proprietary lease, the bylaws and state law.

Association governing documents are almost always trumped by state law. But, when association documents conflict among themselves, the declaration or proprietary lease carries the greatest weight, followed by the bylaws and then the rules and regulations.

What is an "Active Adult Community"?

by Pete Coy

When looking for a retirement destination, seniors may come across the term "Active Adult Community" but what does that really mean? The term "Active Adult Community" means different things to different people. Wikipedia defines active adult housing as age-restricted for people 55 and over. Homes are normally single family, single level homes of 1,500-2,000 square feet with 2-3 bedrooms and 2 baths. There are, however, several key components of the "active" part of the active adult lifestyle. They usually include facilities and activities that promote physical and social behavior resulting in a healthier lifestyle.

The Surgeon General's report states that some of the benefits of physical activity for seniors are:

- Helps maintain the ability to live independently and reduces the risk of falling.
- Reduces the risk of dying from coronary heart disease and developing high blood pressure, colon cancer and diabetes. Exercise can even help reduce blood pressure in some people with hypertension.
- Helps people with chronic, disabling conditions improve stamina and muscle strength.
- Reduces symptoms of anxiety and depression and fosters improvements in mood and feelings of well-being.
- Helps maintain healthy bones, muscles and joints.
- Helps control joint swelling and pain associated with arthritis.

Amenities which contribute to the active adult lifestyle may include a clubhouse, swimming pool, golf course, gym, hobby spaces and opportunities to attend educational classes, lecture series or entertainment events. As SCOV residents Georgia and Dave Ronningen put it, "The biggest drawing point of moving to Sun City for us was that everything we enjoyed doing was all right there. It is like an endless vacation."

Many local communities offer age-restricted living but without many of the amenities and opportunities offered in SCOV. They lack the activities that help keep residents active and healthy. In those communities, you need to go elsewhere to take part in the physical and social activities offered within an active adult community. With almost 150 special interest clubs, two pools, a full 18-hole golf course, artisan studios and spacious gym, SCOV is in a special league. It is

no surprise that SCOV has received many local and national awards for active adult living. SCOV has more facilities and amenities than any other small active adult community in Arizona.

As resident Barb Satterly puts it, "Before moving here I didn't have time for activities or social events while raising a family and working. That changed soon after arriving. So many choices and things to do. It was overwhelming. At first, I tried many things but found out I had to be more selective as there were not enough hours in the day to do it all. Not having been physically active except as a kid, that soon changed when we got here. I got involved with

water volleyball, line dancing, tap dancing, stained glass, sculpting and pickleball."

Many of the new developments being built nearby are age-restricted but not active adult communities. New residents to SCOV are choosing a community and a lifestyle. Today's retirement communities go far beyond the old stereotypes of shuffle-

board and knitting. Communities like SCOV promote a resort or vacation lifestyle through their many activities and amenities. Some of the more popular activities include golf, swimming, biking, walking, hiking, bocce ball, dancing, pickleball, tennis and aerobics. In addition, there are clubs for nearly every interest from astronomy to woodworking and numerous arts and crafts activities to fit almost any interest and ability. Once you start to recognize the many opportunities that are available to you, the problem will become finding time to do all of the fun things that are available. Residents should never be bored in SCOV. The largest problem is finding time in the day to do all of the activities that interest you, but this is not like a job, it is prioritizing your fun.

Calling SCOV a resort would not be a misnomer. It is a community that offers a unique and active lifestyle. Residents can choose to be active both physically and socially, or they can choose to be a couch potato. All of the arrows point toward being active as being the best choice for retirees. There is no better place to enjoy the active adult lifestyle. Go out and be active. You will reap the benefits.

I Know You (But I Can't Remember Your Name) 😞

Community. It's a powerful thing. We belong to something bigger than ourselves. We are not alone. Community is something that SCOV does well. We play, learn and care for one another here in SCOV, but sometimes we can't quite place the name with the face. And it's no wonder, our population had changed by 60% since 2012, so there are a lot of new faces around. But don't let that stop you, ask. Or, if you want one of the handy, dandy SCOV name tags, you can order one for yourself (\$8) and you'll always be greeted by your name. Go to www.scovaz.com. Log in first, then >Member Services >This & That >Name Tag Order Form.

Support the Courtyard Sale

Once again, it is time for our Courtyard Sale on Saturday, March 28. This event is held once a year for you to sell those treasures you have been holding onto. Garage and yard sales are not allowed in the community, so this is a great opportunity to convert your unused items into cash. The cost to rent a table is \$25. This price is needed to pay for the table rental and the advertising in local newspapers. In recent years, there have been fewer tables rented. If there is low participation this year, we may have to consider ending the event. The cost of advertising has gone up, and last year's table price did not cover all expenses. Please keep this information in mind if you plan to participate in the sale this year. This "Why did I bring this to Arizona?" sale is also a major fundraiser for Seniors for Kids, from the sale of refreshments. See Coming Events, page 13 for table rental information.

ARC and In-House Submittals

If you drive down the street, you will see many contractor trucks along the way. People are taking great pride in their homes as they make interior and exterior improvements to their houses.

If you are making an improvement that changes the exterior of your home, you are required to submit a request for HOA approval. This may be through the Community Services Office as an In-House Submittal or the Architectural Review Committee with an ARC Submittal. In both instances, you will meet with the Community Services Coordinator at the Welcome Center between 9 and 11 AM any weekday morning. At this time, she will go over your submittal with you. Your final decision about what you are going to do should be made prior to this meeting so that the ARC decision is not tabled.

Besides final decisions, you have some other homework to do prior to this meeting. You must fill out the In-House or ARC Submittal form explaining in detail what you want to do. This information must include all dimensions of the project including elevations, samples of the materials to be used or a brochure which shows the materials and colors, a plot plan, a blueprint (if an architectural change is included) or drawing of the project with the dimensions and anything else

you think is pertinent information. You may get the submittal forms on our website or at the Welcome Center. Plot plans are available at the Welcome Center.

If you think your project could have any impact on your neighbor(s), letter(s) of permission may be needed. Room additions or patio covers which change the footprint of the house will require extra time to process due to the letters which are sent to residents within 100 feet of your property lines.

March brings a focus on movies to the Library. Our video collection includes over 2,100 films, and more than 400 were added in the last year. You can request titles for me to buy using the Video Request List on a clipboard in the Library. While I don't usually buy videos over five years old, I do take older movies as donations. With the Oscars having been announced last month I have been busy ordering copies of the Academy Award winning films as they become available on DVD. While some have not yet been released in DVD format, many are already on hand, with more arriving in the coming weeks. Find out what we have by going to www.suncityorovalley.com/. Click on "Library." Scroll down and click on "Link to Online Catalog/Account." Type the name of the film, an actor's or director's name into the search criteria field. To find the very latest arrivals in video, click on "All Time Periods" and select "New items within 30 days." Then click on "All Forms" and select "DVD." Hit the "Search" button and you will see all our latest videos. You will have the option to reserve items from that screen. Learn more tips on searching our library database and saving lists of books and videos you want to check out by attending the Library training offered in the Welcome Center Computer Learning Center every first and third Thursday of the month. March classes will be on the 5th and 19th.

Listen to Your Body

One frustration in returning to exercise is facing the loss of strength and endurance. Many of us try to push too hard, wanting to be where we were rather than starting out where we are. But, whatever your mind wants, your body has its own agenda and it's important to act on your body's cues to back off. This is especially true when coming back from an illness. If you had a nasty cold or flu, your body expended a lot of energy in fighting it, and may be weaker than you think. You should follow doctor's orders but, when you get back to your routine, some cues you want to pay attention to include: Heart rate or perceived exertion, energy levels, weakness or fatigue. You may be dehydrated, or you may not be eating as much as normal. On top of lingering symptoms like coughing, runny noses and lack of sleep, you can easily fatigue without warning. Learning to listen to your body is essential for getting back to your routine. If what you're doing doesn't feel right for any reason, give yourself permission to end your workout early...just don't forget a light cool down if needed.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, March 10, the AFC pool and spa will be closed for cleaning and shock treatment. They will reopen the following morning at the regular time.

Wednesday, March 11, the Desert Oasis pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Aquatic Fitness Center Advisory

Chair Michael Takerian afc@suncityorovalley.com
First Wed., 11:30 AM, WC1

The AFC is charged with the care of the two swimming pools and the gymnasium. At this month's meeting the committee approved the following:

1. A recommendation to purchase and install the Clear Comfort water treatment system in the main pool. This system sanitizes the water being released into the pool. This will allow the legally mandated chlorine level to be maintained with less chlorine and without most of the objectionable chlorine smell now present. It will also reduce the amount of chlorine needed to meet the State required chlorine residual and will be more healthful and better for the swimmer's skin.
2. A new equipment arrangement in the gymnasium that will establish a designated stretching area.
3. A recommendation to pay for the moving of gym equipment to accomplish the above move.
4. Recommendation to purchase a new stretching table for the above area.

The committee also considered and defeated a motion to purchase two new digital clocks for the walls above the new stretching area.

If you use either the pools or the gym, you are invited to visit our committee meetings to give feedback on items you feel need to be discussed or equipment that needs to be considered for purchase. The committee meets on the first Wednesday of each month at 11:30 AM. Come join us.

Architectural Compliance Team

Chair Don Stewart 618-980-3878 bethsdad81@gmail.com

First Fri., 1 PM, WC1

The Architectural Compliance Team (ACT) inspects residential properties to ensure adherence to the Development Standards. All exterior areas of the property are checked. Some examples are walls, gates, fences, paint and stucco, landscaping, windows and screens, flat work, lighting, shutters and shades. Mandatory inspections are done at time of listing the property for sale. Areas not in compliance are listed in the resale demand and compliance report from the title company. Courtesy inspections are done at the request of property owners thinking about selling or those who are just curious about their compliance. No records are kept by SCOV on deficiencies or actions taken on courtesy inspections.

The team is staffed by eight resident volunteers and a staff liaison. Meetings are open to all residents with minutes published on the SCOV website.

We hope to see you at one of the upcoming meetings.

Community Directory

Chair Lisa Collins 812-344-4773 scov.community.directory@gmail.com

www.scovaz.com/members/services/directory/

Are you a new resident or have you moved within SCOV? I use the monthly SCOV Resale Report to update the directory database. Those who have sold their homes are removed from the database, and the new owners are added as unlisted by default. This includes those who move within SCOV.

Why? Many people own more than one house here. Some of these multiples are temporary while the owner buys a new house and sells the old one. Others are permanent and used as rentals. And others are bought to rehab and flip. Thus, all new owners are unlisted by default.

To add or update your information, complete the online form "To change your directory listing..." or fill out an orange card at the Welcome Center. You can choose to have certain information unlisted in the paper phone book and/or online.

The Vendor List is on the SCOV website. After logging in, go to www.suncityorovalley.com/members/services/vendor_consumer-referral/. The Vendor List was formerly the Consumer Referral List.

The Vendor List may also be viewed at the monitor's desk in the Activity Center during business hours. Please check the Vendor List, as changes are made frequently.

Vendors should email Susanna Moran to inquire about applying to be on the Vendor List.

Finance-Budget

Sharon Miller muggins48@comcast.net

Mon., Mar. 23, 2 PM, WC3

The 2020-2021 SCOV Association annual budgeting process continues. The first draft of the budget was presented to the Finance-Budget Committee (FBC) during its February 24 meeting. If any additions/changes were recommended, a second draft is prepared and presented for discussion at a special meeting Monday, March 2, 2 PM. The FBC noted that several of its initial budget assumptions will be subject to change based on the results of the March community elections. Based on the election outcomes, the committee will finalize its 2020-2021 budget recommendations at its March 23 meeting at 2 PM. The budget recommended by the committee will be presented to the Board of Directors at its Thursday, April 9, study session. The budget, with any Board changes, will be placed on the Board's agenda for approval during its Tuesday, April 28, meeting.

Committee charter, agendas and minutes are posted on the SCOV website: click the members tab then click the committees tab, scroll to Finance Budget Committee and click the More tab. Financials are found by clicking the Members tab then the Financials tab. Contact Sharon Miller for more information.

Food and Beverage

Chair Barb McNeill bjmac68@gmail.com

Oct.-May, First Fri., 2-3 PM, WC1

The restaurant niches have new decorator items donated by artists from the Clay Club, which will be seasonally rotated by Food and Beverage (F&B) Committee member, Phyllis Austin. If you are interested in more information on these items, contact Joan Kelley, jkelleykai@gmail.com.

Non-ADA certified dogs are not permitted on restaurant premises, per SCOV bylaws. This includes the grass on the terrace. Per Arizona State licensing, alcoholic beverages not purchased from the restaurant, are not permitted. An outside bar is now staffed for your convenience.

In a recent set of comment cards, it was asked "Do you ever read these cards?" Not only does the F&B Committee review them, General Manager Mark Wade reads each one, discussing issues of concern with the restaurant managers. When we see a trend, the committee follows up with a recommendation to management. One of our committee objectives is to advise how overall communication between restaurant management, staff and residents can be improved. We need your feedback to accomplish this.

As spring approaches, the Gift Shop features Janice Moll and Melanie Stinson, both accomplished potters with experience in 2D arts as well.

Janice Moll (left) and Melanie Stinson (right)

Moving from the Missouri Ozarks in 2011, the light and sky of the desert inspired Janice to capture her new environment in her art. Landscapes, wildlife and flowering plants against the backdrop of southeastern Arizona's sunsets, are some of her subjects. In SCOV, she began throwing pottery on the wheel, mixing hand building with her thrown pots.

Melanie started painting around the age of five years old. It wasn't until she attended college as an art major that she discovered clay, later starting a studio in her home, creating functional ware. After a 20 year hiatus, she moved to SCOV in 2018. The studio members have inspired her to include artistic pieces in addition to functional ware. Pottery is her passion and therapy.

Government Affairs

Chair Don Teiser 520-333-2525 donteiser@gmail.com

Next, water conservation is an important factor in balancing our community's current and future needs. Karn Boyce of the Oro Valley Water Utility will tell us about Oro Valley's programs, and what each of us can do to help conserve this precious resource, Thursday, March 26, 10-11 AM, Activity Center/Navajo and Hohokam Rooms. Long Range Planning

Chair Martha Cray marthacray77@gmail.com

Second and fourth Wed., 10 AM, Catalina Vista/Mt. Lemmon

Our purpose is to provide a vision for the future of SCOV, create a plan addressing future needs and desires and engage residents in development of such a plan. The October 2019 Land Use Study developed in partnership with The Planning Center of Tucson has been an important step in this process. This month, we will be forwarding to the Board our ideas on how the study recommendations might be implemented and a schedule to achieve them. We were not able to complete this last month. Our meetings are open to all residents, and questions and comments from those in attendance are encouraged. Please check the SCOV online calendar for dates and times.

What Always Arrives?

Spring always arrives, and here are spring cleaning reminders concerning personal yards:

- Trees must be trimmed up at least seven feet over sidewalks and not block visibility of stop signs.
- Plants should not extend over sidewalks, and frost damaged parts of shrubs and trees should be cut off and removed.
- Cracks in driveways, sidewalks, and where the cement meets the asphalt in the street are the responsibility of homeowners to keep weed-free.
- Hedges anywhere in the yard are not to be over six feet tall.
- Shrubs near the entrance of a driveway should be cut to less than 42" in height so as not to block visibility of vehicles and walkers.
- Make sure your house number is visible from the street and that all lights in the fixture are lit so it can be seen at night.
- Outside light bulbs are not to exceed 250 lumens per Oro Valley regulations.

Thank you for heeding the above and for continuing to take pride in your property.

Thank you all. A special thank you to Councilwoman Rhonda Piña and the OVPD for their continued support of the Posse. We were delighted to have Chief Daniel Sharp and the new Chief Kara Riley at our Posse Roundup. And finally, a personal thank you to the Posse Squad Leaders who work so hard for us all.

Golfing experience that provides professional and friendly service, mountain views and excellent conditions.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

After a year and a half, the Greens Reconstruction Committee's diligent hard work will be coming to fruition. The schedule for reconstruction of the greens will start on April 27. The golf course will be open during construction and played as a par 68 starting on hole #10 with a maximum distance of approximately 5,500 yards. We are currently preparing the temporary greens to provide the best quality putting service possible.

Our existing TifDwarf greens will be replaced with TifEagle greens. The green complexes will be cored out 18" below the surface. The green surrounds will be sodded, and the green surfaces sprigged.

All new grass areas will NOT be overseeded for the winter. A minimum of a year is required to establish the new sod before winter ryegrass could be seeded into the Bermuda grass, or it will be severely damaged the following season. There is a strong possibility we will not overseed the fairways as well. However, the tees will be overseeded. It would allow us to reopen in mid-September and not to close the golf course for three weeks or have golf cart restrictions in the fall. We will have more information about this operational decision in the future.

The greens project is essential to the long-term success of our community and golf course. During this time of temporary greens, there will be special rates set up for annual pass holders at other local golf courses. We will also be offering special added-value promotions for residents and guests during this time to play The Views Golf Club.

We want to thank you for your continued support during the construction period.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

The greens renovation project is approaching quickly. The official start day for the project is April 27, with the contractor mobilizing their equipment the previous week. The golf course maintenance department has many tasks to complete before the project starts. Several trees need to be removed that will be impacted by the new greens. Sprinkler heads were moved on #9 green to get underlying pipes out of the future construction area. Drainage pipes need to be installed on some holes for the new greens drainage to connect and the water flow directed toward the desert. Also, the desert area east of the water cooler in the chipping area is going to be removed for the new chipping area fairway to be built in a perpendicular direction to the current fairway.

The logistics of the project still need to be determined with the contractor. A pre-project meeting will be conducted to determine where they are going to stage parts, equipment, sand, etc. Once the logistics are worked out, the Pro Shop will be informed of issues that will impact play. Some days nine holes may be closed, or specific holes will be closed or nothing may be closed.

Temporary greens will be used to allow play to continue during the project. The temporary greens are being placed a distance away from the greens project. This will prevent golfers from coming into contact with the construction workers and their equipment for the safety of both parties. Communication is going to be very important each day of this project.

Golf Advisory

Chair Beth Allen 520-639-8845

Sep.-May, first Wed., 2 PM, WC3

The cooler morning temperatures are behind us. League play will begin earlier. It is important to check that you have the correct start time and arrive at least 20-30 minutes early for check-in at the Pro Shop. If you need to cancel play, it is appreciated that you call the Pro Shop at least two days before your scheduled play, or as soon as you realize you will not be playing. Our course is extremely busy, and there are often members who are on a waitlist to fill your spot.

The leagues begin their Member-Guest tournaments, Club Championships or hosting invitational events this month. Spring is always a fun time for golf at The Views. Remember to keep your carts on the cart paths and not on the grass along the edge of the paths.

Recently the Sun City Vistoso Foundation honored the \$5,000 grant request to Literacy Connects for support of the Reading Seed Kinder project at Nash Elementary School. The following is a note from an SCOV resident who has volunteered in the project:

"Hi Art,
 "I thoroughly enjoyed my two years volunteering with Literacy Connects at Nash Elementary in Amphi School District. Literacy Connects trains and sends volunteers to work one on one with elementary students who have been referred by teachers as being able to benefit from some extra reading attention and help. Volunteers see the same two-to-three students once a week during the school year.

"In addition a couple schools decided they wanted to see if giving every kindergartener

Carol Olson

a reading coach, twice a week, creating a culture of reading from the beginning without kids being singled out, would make a difference. Nash was one of those schools and it was exciting to be a part of that kinder project.

"One day one of my students, after our usual session of playing reading games, reading together, and receiving his free book to take home, exclaimed, 'I'm the luckiest boy in the world!' It does make a difference."

— Carol Olson, SCOV resident

The grant and the many others approved this year by the Foundation would not be possible without the generous giving of the Sun City community. Thank you.

Susan Meissner, bestselling author of historical fiction, will speak and sign copies of her books in the Auditorium. Her most recent novel, *The Last Year of the War*, is the story of two families, one of Japanese descent and one of German descent, who were sent to an internment camp in Texas during World War II. A tale with great resonance for our own times that challenges the very notion of who we are when who we've always been is called into question. There is no charge; however, to help us plan for attendance you will need to obtain a ticket, available beginning Friday, April 17, in the Library.

A full palette of art and photography classes are offered at the Arizona-Sonora Desert Museum. The instructors at the Museum's Art Institute are all accomplished artists with a critical eye, yet they are encouraging to beginning students. Many SCOV artists find the scenic drive to the museum inspiring, and the classes have helped them develop new skills. The Art Institute offers a "Nature Art Certificate" program. In order to complete the program, students must take 13 required classes in four different mediums, 100 hours of elective classes, followed by a portfolio review. Several SCOV residents are working towards this now. Jan Thomas and Vanessa Edwards recently completed all of the requirements. The current opening reception for the next student exhibition is slated for Saturday, March 14, 2-4 PM. Jan Thomas will have six art pieces in this exhibition.

Many of you recognize Rowena Hardinger who has wintered in Sun City for 25 years. She has been very active in ILR in getting speakers about Western subjects, playing bridge, painting with the Tuesday watercolor club and arranging for teachers for them. She has been a gourmet club and Wednesday art studio member.

Her interest in watercolor derives from the challenge of working with color and adapting it to

forms that either represent travel memories or experiences here in the Sonoran Desert. While learning to paint with watercolor she studied with many different teachers and became a Signature member of the Southern Arizona Water-

color Guild and the Iowa Watercolor Guild.

Rowena has many friends. We hope you stop in the studio to wish her well in her move back to Iowa. She will be deeply missed and departs feeling very fortunate to have been able to experience all that SCOV and the environment offer.

Japanese Flower Arranging

Donald Marier 520-825-4878 dolmar21@gmail.com

Nov.-May, Second and Fourth Mon., 2-4 PM, Catalina Vista/Pusch Ridge

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials. Learn from certified instructors at your own pace and make creative arrangements for your home.

Knit and Crochet

Sigrid Flatness 425-213-6689 sigridkf@gmail.com

Tue., 2:30-4:30 PM, Catalina Vista/Pusch Ridge

Join us if you want to help recycle those plastic grocery bags. Jane Fairchild started a program for those interested in crocheting plastic yarn (or "plarn") into sleeping mats for the homeless. You don't have to crochet to assist with this project. Help is needed to cut the bags into strips and tie them into yarn.

Regular knitters and crocheters continue to meet at this time. It's been fun to share the space with the plastic bag people. The more the merrier.

If you have plastic grocery bags to donate (not the colored newspaper ones), drop them off on Tuesday from 2:30-4:30 PM, Catalina Vista/Pusch Ridge, or Jane Fairchild has a box on her front porch, 1750 E. Crown Ridge Way. You can also call Jane for further information about the plastic sleeping mat program.

We need your aluminum cans!

Put your empty aluminum cans to work for SCOV. Deposit only empty, rinsed aluminum cans in the box outside the Activity Center kitchen door. The Community Assistance Committee uses the funds from recycling to purchase items for the Loan Room.

HMS Victory was Lord Nelson's flagship at the battle of Trafalgar in 1805. Ron Sanford built this model that shows a highly detailed cross section of the ship from the masts, through the gun decks, and down to the rocks at the bottom of the hull that served as ballast. How do you get all that rigging so straight and taut, Ron? See this model and others in the display window at the Modelers Club room at the Artisan Center and stop in if the lights are on. Or join us at Catalina Vista for our monthly meeting with coffee and doughnuts at 8 AM on the second Friday. Presentations on topics related to our modeling interests and members' show and tell are the heart of our get-togethers.

Club Fair display

The Tapestry Rug Hooking group meets on Tuesday mornings in the Sewing Room. We welcome new members. If you are interested in hooking, our club provides instruction and practice materials for trying our art. Learn more about our group by visiting our website.

Recently our club had the opportunity to use one of the display cases outside of the Sewing Room to show our projects, and we displayed our work at the SCOV Club Fair in February. On Tuesday morning we often get visitors stopping in the Sewing Room including those on an Ambassador Tour. The viewing or touching our art form often evokes memories of parents, grandparents and other relatives that have hooked rugs for their family's use. Many share their memories or stories, and we love hearing them. We encourage others to try our art and create precious memories for their families.

REV·E·LA·TION /,revə'lāSH(ə)n/ noun

1. a surprising and previously unknown fact, especially one that is made known in a dramatic way.

2. the divine or supernatural disclosure to humans of something relating to human existence or the world.

Join us in our current study of the Book of Revelation. What it "reveals" is a matter of eternal importance to Christians. Of lesser note; we work up such a hunger during our discussions that a trip to The Views Restaurant afterward often offers more revelations over pancakes.

The Great Books Club provides an opportunity to engage in thoughtful and lively discussions on a wide range of topics, using the anthologies published by the Great Books Foundation. We are wrapping up our readings from *Great Conversations 1* by discussing two selections that are not in the anthology itself.

On March 4, we will discuss the autobiography, *The Narrative of the Life of Frederick Douglass*, and, on March 18, Saul Bellow's novel, *Seize the Day*. Each of these classic books is relatively short and inexpensive and may be available online or at public libraries. Newcomers are always welcome, call Barbara or Maryfaith for more information.

Our book for March is *The Music Shop* by Rachel Joyce. Frank's shop is crammed with records and he has the knack for matching just the right record to lift the spirits of lonely people who find his shop in a dingy part of 1980s London. His shop sells only vinyl records and is out of step with the digital age that is just taking off. The healing power of great songs combined with romance in a place where everyone knows your name is showcased in this book.

We are still collecting annual dues of \$5, so if you haven't paid, please bring \$5 cash in an envelope. On the outside include your name, email, phone number and whether you're a full or part-time resident.

Join the Genealogy Club at our monthly meeting on Tuesday, March 10, 1 PM, Activity Center/Native American Rooms, to learn about courthouse research in your quest to find information about your ancestors. Summer Walters, our March speaker, is a retired Ohio state court judge and has been researching his family for over 50 years. His expertise in public records will assist you in finding your family in county courthouses throughout the United States. Records found in county courthouses might include vital records, probate records, land records and much more.

If you have trained as a monitor, sign-up on the club calendar at www.scvgs.org to reserve a three-hour or two-hour monitor slot and help the club by keeping the library open. Check out the club website for days and hours that the library is open. Help is available for beginners and experienced researchers.

Mon., 9:30-11:30 AM, WC1

Poets Corner is pleased to welcome newcomer Steve Lloyd whose poetry has exhibited a close affinity with nature and even an enhancing touch of the supernatural, evident in the following excerpt from "Snowy Owl":

"I carried material / for my mask / beyond the forest edge / into the moonlight. / My harvest shone with dew. / Ferns and branches / leaves and stems / gathered / in the waning light / before the frost. / Around me the field / stretched toward the mountain / glimmering; / the wall of trees / was dark. / I fashioned a twig frame, / layers of fern and leaf, / birch bark and lichen / atop the moss, / berries at each brow. / When I donned the mask / though it was night / I saw the roots beneath the forest / the tunnels beneath the meadow / the lodestone under the mountain. / My clothing / became bark / the blood sap / flowed. / My toes dug deep. / The snowy owl / not yet winter-white / alit on my / outstretched / branch..."

This club provides an enjoyable social evening monthly, getting to know some of your SCOV neighbors who enjoy cooking (and eating) interesting food. Our dinners in members' homes provide relaxing fun as we explore various cuisines (e.g., Moroccan, Thai, South American) or get creative with more ambiguous themes, such as "colors." January's theme was Indian—yummy curries, creative rice dishes and desserts such as a carrot-based "cake" that inspired third helpings. Since everyone brings part of the meal like this, it's not a huge effort for the hosts. Visit our website to see more photos and details. Our Saturday, March 28, catered dinner is open to potential new members; the Roaring 20's theme will be celebrated in decorations and a special photo kiosk. Members will be receiving more details via email; non-members wishing to attend please contact club officers.

Fri., 10 AM-Noon, AFC/Studio 2

Folk dancing is more fun than a treadmill and is healthful exercise for balance, muscle, mind and mood. For most dances we hold hands in a circle to perform non-gymnastic steps to the enchantingly fascinating music and rhythms of diverse cultures (including our own). Neither partner nor prior experience needed. Typical dance sessions consist of 15 folk dances with instructions. Sitting out dances to rest is always acceptable. Drop by and come in to watch and see if this internationally popular dance form is right for you. To see us in action online, do a Google search on FDCSCOV YouTube.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Joseph Pilates once wrote, "Physical fitness is the first requisite of happiness." To get the full benefits of Pilates, a person should understand the basic principles. This takes a little time and patience as the exercises can be different from other forms of exercise, but they are fun, interesting and challenging. Pilates can even become addictive. It teaches proper balance, breathing, focus on core (abdomen and back muscles) and movement control. The constant movement from one exercise to another results in developing more strength and stamina. Even posture is improved. The spine lengthens and joint flexibility and mobility increase. SCOV has two experienced instructors who teach the mat Pilates classes and they will modify many of the moves for us, if necessary. The cost is \$8/class and annual club dues are \$20 pp. Please stop by and watch a class. Call Mary.

Vistoso Cyclists boasts membership of nearly 200 riders. We ride year-round to preplanned destinations in Tucson and surrounding areas, using both city streets and dedicated bike paths. Occasional away rides start from a distant location. Weekly mountain bike options take a few of us to the beautiful Tortolita rangelands, containing some of the highest-rated single track bike trails in the nation. Our group ride options are from 25-50 miles, and we always make time for a coffee stop midway. Those who ride with the Women on Wheels group have their own agenda providing routes of 12-30 miles.

We sponsor social events, participate in Wheels for Kids charity and are involved with fundraising for the Interfaith Community Food Bank, raising over \$43,000 last year.

If you are a resident and love to ride a bike, check out our website.

Pyrrhuloxias (pronounced pier-a-lox'-ias) are desert birds related to the Northern Cardinal. Native to Mexico and the southern tiers of Arizona, New Mexico and Texas, SCOV is about as far north as it can be found. As with cardinals, the male (this photo) is more colorful than the female. Want to learn more?

We are an activity oriented group, and all SCOV residents are invited to join us and learn more about the birds here in Arizona. Below is a tentative list of upcoming bird outings. If you are interested in going on any of these field trips, be

Hiking

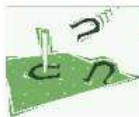

Pres. Byron Woffing 520-284-7889
www.scovhiking.org to see all scheduled hikes, including orientation hikes

The weather is beautiful and the hiking trails are calling us to come and explore. It was wonderful to see and talk to many new faces at the club fair in February, and we hope some of you will decide to join the Hiking Club. Whether it's into the surrounding mountains or across the open desert, the club offers hikes for all levels of ability. If you are interested in seeing some beautiful pictures and checking out the many hikes offered for the month, please go to the website. If you are new, be sure to look for the Orientation Hikes in the schedule, pick one that works for you and contact the guide listed there. An orientation hike is required for everybody before you join the Hiking Club. Hiking in the desert is different from hiking elsewhere, and you will learn much of importance on that orientation hike.

For all of us, new and experienced hikers, remember that water is of primary importance, along with quick energy

snacks and electrolytes. Dressing in layers will continue to be important as long as the temperature still varies so much from the beginning of a hike to the end.

Good exercise, fresh air, camaraderie, adventure and spiritual renewal all can be found on the trail.

 VP Membership Dave Burnham dburnhampton@gmail.com
 Sun.-Sat., 8 AM-9 PM www.scovpb.org

Pickleball continues to grow at SCOV. Our winter schedule has been busy the past few months. New classes continue to be held to teach our game and mentors have been available during Novice/Beginner time slots each week.

Our club recently hosted an introductory session of pickleball with the Oro Valley Youth Council (YAC). We introduced the game, practiced some basic skills and played a few games with six high-school-age participants from the YAC. The students were enthusiastic and did a great job learning the game.

Our club is also exploring future possible inter-community league play which would include Oro Valley and other local pickleball clubs.

Give us one hour and we will teach you an easy, fun game to improve your life. You can even play with your family whenever they visit. Please visit our website or contact Dave Burnham for more information.

Casual play Sun., Thu., 1-3 PM; Advanced play Mon., 1-3 PM, Desert Oasis

Photo by Wayne Widener

Our members know how to have a good time while taking advantage of the year round option to be outdoors. Casual play has two teams of nine players on each side. If more than 18 players show up we rotate people in so every-

one gets a chance to participate. By moving the boundary lines we can play with as little as four or five on a side making it more challenging. We are encouraging, both as winners and/or losers, to all no matter what side of the court we are on. As we change sides after each game high fives and good game is always heard among our players as well as good hit good serve during play. Advanced play has six members on each side and can play with as few as four to a side while rotating in any additional players. We all like to win but keeping it encouraging makes for a far better atmosphere for all.

The remains of the Harshaw Mining Town

on the trail: Wagoneers on February's Patagonia and Tubac Arts Festival trip had a great time. Jim Wisda took us on a back country tour of the once thriving mining town of Harshaw, AZ. Some 2,000 people worked silver mines there in the late 1800s, now it is a ghost town of some graves and a crumbling adobe home. Thank you to Wagon Masters Vern and Mary Barr, and Sidekicks Matt and Carol Tombre for organizing this adventure.

Grief Recovery and Support

Pari Foster 520-248-3658 parifoster@gmail.com

Tuesdays, 1-2 PM, Catalina Vista, Art Room

This is not a counseling group but a loving, caring and most importantly a safe environment to share your grief from any loss. It is important to note that grief from any loss comes in many forms: loss of loved one or friend, a pet, home or job, loss of independence, etc. It is not to be taken lightly and is a journey that takes time and is vital to healing and growth. By sharing our grief with others on the same journey the burden is, therefore, lightened.

Suddenly, it dawned on Mary that retirement was totally awesome.

Yep, Mary just moved into Fairwinds – Desert Point. Here's a short reenactment of Mary: "No fixing the house? No doing the dishes? No cooking? No cleaning? And I can just have fun doing my hobbies and being with friends? Whoa! That is awesome!"

Come see what we mean at your complimentary lunch and tour. Call (520) 314-5141 now to schedule.

It's More Than Retirement. It's Five-Star Fun.
