From the Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online. Board meetings are open to residents.

Board of Directors - Earl Vittitoe Secretary

Change is a word that elicits different emotions. The adventurous embrace it, those comfortable with their world see it as disruptive. Regardless of your perspective, change can be executed in a positive way. That is the intent of the team focused on the implementation of Northstar. We began involving our homeowners, with a usability study, which had over 300 participants. We are currently working on the first phase of Northstar to improve how we manage our community.

Northstar allows us to bring most operations into a single system, reducing the need to log into multiple systems. This first phase is foundational; additional modules of the system will be introduced over the next year or so.

Phase one will rolled-out in two parts, back office in November, and the member application (app) and website in January. Most important for homeowners is how this will impact us and when. Most will see little or no change in November, since the back-office is used by our administrative staff. The website and member app roll-out in January will impact everyone that uses the SCOV website and will offer new functionality through the app.

The team is working to improve usability of the website prior to roll-out, including user acceptance testing, by community volunteers. Following that will be a public overview of the system followed by training sessions.

You will be hearing more about Northstar as we prepare for the January roll-out. Homeowners are encouraged to ask questions at board meetings, board chats and the training sessions.

General Manager - Sandy Seddon

sseddon@suncityorovalley.com 520-917-8080

Fall has arrived, bringing cooler weather to Sun City Oro Valley. For those of you just returning to Sun City we say hello and if I have not met you, I look forward to doing so.

We are working on several projects; your safety is our top priority. We regret any temporary closures, but please know that we carefully consider the timing to minimize the impact on homeowners. Stay tuned to our weekly e-blasts for updates on work and its potential impact on you.

We are currently awaiting the final draft of the Asset Reserve Study, which evaluates our physical assets, helping us plan and budget for their repair, replacement, and maintenance. This study will assess the current condition and remaining useful life of our assets, as well as provide a financial analysis to determine necessary reserve funds for future expenses. This will enable us to make informed decisions and ensure adequate funds for long-term maintenance and improvement projects. We will soon schedule a community meeting with the Reserve Specialist to discuss the study. Be on the lookout for the announcement.

Lastly, we would like to wish all homeowners a Happy Thanksgiving. Autumn always comes with the opportunity to reflect on the earlier parts of the year and give thanks for all the wonderful things and great people in our lives. We hope you have a wonderful time celebrating with your family and friends.

Showcasing Residents' Talent at the Sun City Oro Valley and Crafts Festival

by Maxine Yunker

Art by Tom Yunker

The annual Sun City Oro Valley Arts (SCOV) and Crafts Festival, which is held on the second Saturday in November, is truly a one-of-a-kind artisan event. All the approximately 70 vendors in the show are residents of our community, and the variety and quality of art are truly astounding. Many of the items available for purchase are created in our Artisan Center facilities, and many of the vendors are consignors in the SCOV Gift Shop. Customers visiting the show can speak directly

to the artist who created the pieces and learn their creative process. This event highlights the diverse talent of SCOV residents.

Event co-chairs, Melanie Stinson and Maxine Yunker, are excited to see the number of resident artists signing up for the festival each year as the festival grows and the latest items are created and brought in. There are astonishing gift ideas for the upcoming holidays; jewelry, functional pottery, wood art, decorative pottery,

cards, glass art, wall hangings, photography, fabrics, purses, pillows, outdoor art, walking sticks, hatbands, sculptures, lamps and more to admire. The festival takes many months of planning and the hard work of our wonderful volunteers is an integral part of the festival. They are always available to assist attendees.

An exciting large raffle takes place during the festival. Each of the more than 70 raffle items is donated by the festival vendors. Tickets are sold for \$1 each or 6/\$5. Customers se-

lect an item they are interested in winning and place their ticket in the corresponding bag. Winners are notified the Sunday after the show and can pick up their treasures the Monday after the show in front of the Gift Shop when it opens.

The Festival and the Gift Shop help support two local charities. Seniors

for Kids and Casa Amigas have vendor tables with bears, quilts and other fabric creations all made in the Sewing Room of the Artisan Center. These two charities directly help local children.

Seniors for Kids will have a hotdog, chips, cookies and soda lunch available for purchase in the beautiful Courtyard with tables and seating for all to enjoy their meal and visit with friends. Money raised from this will also directly benefit their charity giving and help local children.

The SCOV Gift Shop has extended hours during the festival and is decked out for the holidays. The trees are adorned with ornaments made by Gift Shop consignors, and holiday items that will delight your family and friends are available. Additionally, there is a Gift Shop raffle which will directly benefit the Impact Food Bank of Catalina.

We are excited and hopeful that all our residents and the public will come to the festival. The Sun City Oro Valley Arts and Crafts Festival is meant to share with family and friends. It is a fantastic event that highlights our talented and utterly amazing community.

Update: SCOV Transition- ing to Northstar Software

The transition to Northstar (NS) software is progressing steadily. Director Vittitoe's article is the visionary perspective, and this article covers processes. Our staff is currently learning to navigate the administrative modules, which include processing submittals for house modifications. These submittals are also reviewed in NS by the Architectural Review Committee (ARC). Covenant compliance (violations) will soon be managed through NS as well. All relevant sections of our covenants, overseen by staff and the Neighborhood Pride team, have been entered into the system along with corresponding documentation from our governing documents. This will help identify violations and automate the process of sending related emails and letters.

Rental properties are being identified and added to NS, and renters are being entered into the system. Home paint colors and other module types have also been recorded. Additionally, staff are learning how to handle property transfers between sellers and buyers using the software.

One unexpected but beneficial addition to this transition is the integration of the Facilities Maintenance work order system into NS. The software previously used by that department was due for renewal, so we opted to move to NS, which already includes this module, resulting in cost savings. The facilities maintenance team and staff responsible for placing maintenance orders are currently being trained in the new system.

Email communications, such as This Week in SCOV, will soon be sent through NS as well. Staff are learning to use the campaign module to design email templates. NS also offers a new push notification feature that can be used for alerts like unplanned pool closures and other time-sensitive announcements.

The interim website migration was a success, thanks to the expertise of Beccy Kirk and the SCOV IT Work Group. While a few minor issues are still being addressed, the interim site is functioning well and gives us time to prepare for the next phase of NS.

The next phase will focus on resident engagement through the resident portal and the launch of the new website. Our resident SCOV IT team will host introduction and training sessions ahead of the website's go-live date. Resident testing and feedback will be gathered during this period, and further details will be shared via an email blast once the time line is finalized.

In the Member's Portal, you'll be able to view property details, update personal information, check account balances, view violations, access the member contact directory (with customizable visibility settings), purchase event tickets, book rooms, reserve lap lanes, fitness classes, and make tennis and bocce court reservations. There is also an app for these features.

One of the good outcomes of this transition is that each process has to be reviewed and, at times, adapted to the new software's capabilities. It's challenging and exciting. Thank you for your continued support as we navigate this transition.

Community Services - Katy Mosier

Architectural Coordinator Katy Mosier scoroval@ciaramail.com 520-917-8058

As many of you have noted, there is a tremendous amount of remodeling in our community. Whether inside or outside, renovation often brings temporary distress to neighbors who experience such things as the daily traffic of delivery trucks, parking on the sidewalks by contractors, improperly stored building materials, and discarded debris that blows into adjacent yards. The nuisance factor is amplified by lengthy time lines that stretch into months. We want to heighten the awareness of what is expected of residents and their contractors.

The following is a reminder that should be discussed with your contractor before beginning construction:

1. Residents are responsible for the actions of their contractors.

2. A clean work site is important.

Development Standards Section 2.1.e: During construction, debris shall be disposed of daily or stored in a covered container located in the driveway. The container shall not extend into the sidewalk area.

Although it is not part of the governing documents, it would be considerate to have any building materials stored out of sight in the garage or in the backyard of the house.

3. Contractors are encouraged to be respectful of the neighbors. Aprons and adjacent sidewalks are not designed to support heavy vehicles and parking should be on the blacktop. Sidewalk repairs are the responsibility of the Town of Oro Valley. Neighboring driveways should not be blocked. Parking of trucks to prevent safety concerns should be addressed using safety cones, etc.

4. The Town of Oro Valley Town Code 10-1-4, 6. Noise:

Noise generated by construction, demolition, excavation or grading according to the following restrictions: a. Concrete. The pouring of concrete and all associated work may be conducted from April 15 through October 15 between the hours of 5 am and 7 pm, and from October 16 through April 14 between the hours of 6 am and 6 pm, or as authorized pursuant to an Extended Construction Hours Work Permit (ECHWP) issued under Oro Valley Town Code Section 6-6-2. b. All Other Construction. Within five hundred (500) feet of a residential zone, all other construction may occur between the hours of 6 am. and 6 pm. Construction sites more than five hundred (500) feet from a residential zone may conduct work between the hours of 5 am and 6 pm Construction hours may be extended according to an ECHWP issued under Oro Valley Town Code Section 6-6-2. The distance from a residential zone shall be determined by measuring from all property lines of the construction site.

5. Our Master Declaration 4.5 Nuisance provides the authority for the enforcement of these policies.

Before you hire a contractor, please refer to this site for information on hiring Arizona licensed and non-licensed contractors: www.azroc.gov.

You may also refer to the Consumer Referral Vendor List on our SCOV website under Members/Member Services.

Recreation and Fitness - Lonnie Davis

ldavis@suncityorovalley.com 520-917-8073

Metabolism

Exercise keeps your metabolism high. Metabolism naturally slows as you age, so it's harder to avoid pounds creeping up as the years pass. Luckily, scheduling regular workout sessions helps you increase the total number of calories you burn, helping you maintain a steady, healthy weight. You'll torch more calories if you add in resistance training to your routine at least a few times a week, since working out with free weights or doing body weight exercises helps build muscle mass. The more muscle you have, the higher your calorie burn and it stays higher all day long, even after you've stopped exercising. We have gym orientation every Thursday at 1 pm, so come down and learn how to use the weight machines.

Special Note from the AFC:

Orientation on how to use the gym equipment is held Thursdays, 1 pm so stop in and sign-up since classes are limited. Contact Lonnie Davis, AFC Coordinator, (above) to discuss questions or problems with the AFC. AFC and Desert Oasis: See Hours of Operation on page 2.

Tue., November 12, the AFC pool, and spa will be closed for cleaning and shock treatment. It will reopen the following morning at the regular time.

Tue., November 26, AFC Spa will be closed for cleaning; it will reopen at 1 pm.

Wed., November 13, the Desert Oasis Pool will be closed for cleaning and shock treatment; it reopen the following morning at the regular time.

Association Committees

Active Health

Chair Rita Menet rita.menet@gmail.com

Next meeting Tues., Nov. 12, 3 3 pm WC 2

The Active Health Committee is taking a break from monthly presentations for the summer, but we want to encourage you to keep active and healthy. There are many opportunities to keep walking year round. Walk with friends in the Auditorium from 6:30-7:30 am. If that is too early, walk indoors in the AFC on Mondays and Fridays from 1-2 pm. Or, if you prefer to walk outside, join SCOV Walks! Monday through Friday, 7 am from Catalina Vista or Desert Oasis, maps available. Make a date and bring a friend so you will always have someone to walk with who will motivate you and make it fun. Ask others to join you and have the movement snowball.

Aquatic and Fitness Center Advisory

Muriel DeLaVergne-Brown 541-999-4018 muriel@phaspirations.com

First Wed., 11 am, WC1

The AFC Committee met October 2 to discuss educational ideas for residents this coming year. A reminder that Lonnie provides a weekly orientation for the fitness center and pool. We are looking at a potential open house in January or February 2025 and are in need of volunteers. The new tables will arrive at the pools by the end of November.

Architectural Inspection Group

Conveyance Coordinator Lisa Orach 520-917-8072, scoroval@comcast.net
Meet fourth Wed., 2 pm On Hiatus

There is a list of items that the Architectural Inspection Group (AIG) members look at during an inspection; the more common violations they find are:

- Items added without SCOV approval such as patio covers, awnings, gutters, fountains, fire pits, artificial turf or fences.
- Window screens that are sun-scorched or torn.
- Metal fencing or gates that need repainting.
- Illuminated address boards not functioning or bulbs burnt out.
- House paint in poor condition.
- Damage to stucco, trim or moldings.
- Driveway coatings in need of repair or re-coating.
- Paver or concrete work is uneven, cracked or poses a tripping hazard.
- Plants overhanging property lines, overgrown bushes, hedges over six feet tall and plant debris.
- Bare soil areas and weeds.

Ongoing maintenance will help prevent surprises when listing or selling. If you have any questions about these or other violations, contact the Conveyance Coordinator (above) or Covenants Coordinator, 520-917-8087.

Architectural Review Committee

Dennis Bell 408-476-8291 ARC@suncityorovalley.com
Meetings: second and fourth Tue., 2 pm

Don't get scammed. We've had several recent instances in Sun City (SCOV) of expensive projects that proceeded without approval and that did not meet our Design Standards or Town of Oro Valley code. Anyone can pretend to be a contractor. They may pretend to have a state contractor license when they don't, so be sure to check <https://roc.az.gov/> to verify. They can pretend to know our standards when they don't, so submit your plans on our SCOV website for review by the Architectural Review Committee before the start of any work. They may push you to sign right away or demand large up-front payments, so take the time to check their work reputation with your friends/neighbors and get at least three references. It's best to take your time and do the project right. Call Katy Mosier, Architectural Coordinator, 520-917-8058 with questions.

New homeowners may not be aware, but SCOV has a wonderful library in the Welcome Center. Use of the library is part of your HOA amenities. Our library contains current fiction and non-fiction books, DVDs, audio books, puzzles and magazines. Most of these items are purchased thanks to the generous support of Friends of the Library (FOL). To join FOL and keep our library growing, pick up a form in the library. Membership is \$15/single or \$20/family.

There is still time to try to win a wonderful E bike donated to FOL. You may purchase tickets October 14–November 9 in the Library during regular library hours. Tickets are one \$10 or three \$25. Cash or check only. For more information, stop in the Library.

pearls and beads that had been passed down to her from her mother.

In the spring of 2017, I purchased a bag (literally) of jewelry at an estate sale. Among the treasures in that bag was a beautiful unique necklace that, was indeed, handmade. That particular necklace became the impetus to retrieve my jewelry tools, and revisit a personal joy that I had long ago abandoned.

I now have a new and different purpose and perspective regarding my craft. I love creating a new piece of jewelry

It was my mother in law who encouraged me into the art of jewelry making. She was artistically creative, and self taught. It was also a wonderful way of spending time together. We would spend hours admiring the old and beautifully colored

from looking at the color palette of material from pretty colored dresses, tops etc. My imagination runs rampant, as well, with the color spectrum of beautiful flowers and floral bouquets. The challenge then begins in finding just the right shades of compound to begin creating.

Jane has collected thousands of beads, experimenting with different techniques, graduating from simple stringing to loom weaving. "Today I am enjoying bead weaving, adding each bead individually. I use Japanese or Czech glass beads and Swarovski crystals, finishing with sterling silver or gold-plate findings."

Make a difference in your Town's future. Join a resident working group to help build the community's 10-year action plan known as OV's Path Forward. Working groups will begin meeting in January and will build the details and actions that produce real results in the community.

Neighborhood Pride

Teresa Deuel Covenants Coordinator 520-917-8087 scoroval@ciiramail.com

First Wed., Noon, WC3

Sincere thanks. It's easy to forget to express our gratitude to those around us. As homeowners, we might consider taking a moment to thank our neighbors who share a boundary with our property. If they tidy up their yard and take care of any issues that affect yours, a simple thank you goes a long way.

With Thanksgiving just around the corner, it's the perfect opportunity to show appreciation to the homeowners who maintain their properties in line with community guidelines. We are especially grateful to those who may not be present throughout the year. The dedication and effort of our committee members have truly transformed Sun City Oro Valley into a wonderful place to call home. Whether walking or driving through our neighborhood, it's hard not to feel a sense of pride in our community and the life we share here. Thank you all, and have a wonderful Thanksgiving.

Director of Golf Maintenance - Michael Kropf

[mkropf@suncityorovalley.com](mailto:m kropf@suncityorovalley.com) 520-917-8063

The first part of November is when the golf course has dried up from the water used during overseeding. The ground is firm enough to allow the golf carts off the paths and on to the fairways. This would be a good time to refresh everyone on the rules associated with leaving the cart path with a golf cart.

Many golfers seem to prefer driving down the entire length of a hole on the grass. For those golfers who insist on driving the length of the hole there are gates where carts must pass through to leave and return to the cart path. Once the cart leaves the path through the gate it must drive straight to the fairway. The cart must remain in the fairway until it reaches the other end of the fairway where it must leave through the exit gate. The goal of the gate system is to prevent carts from creating a worn path parallel to the fairway.

However, the preferred option is always the 90-degree

rule. If a drive ends up in the middle of the fairway, then stay on the cart path and enter the fairway at a 90-degree angle toward the ball. If the approach shot is near the green, then exit the fairway at 90 degrees back to the cart path and proceed to the green using the cart path.

Golf Advisory Committee

Chair Mel McIntyre

golfadvisoryscov@gmail.com

First Wed., Nov-May 2 pm WC3 and Zoom

The Golf Advisory Committee (GAC) meets Wednesday, November 6, 2 pm, WC3 and on Zoom. GAC will meet the first Wednesday of each month. This committee works with the four leagues, Rick P. and Mike K. to ensure the best golf experience for all resident and non-resident golfers. The Golf Course Advisory email is active again. It's the best way to ask any golf related questions whether you're a resident golfer or a non-golfing SCOV resident. It's also the best way to fact check all those "facts" heard on the driving range and putting green.

This summer, the Bunker Renovation Task Force met and evaluated each greenside bunker on the course. Their decisions for changes, based on improved maintenance access and playability, were presented to the architect who will submit the project to contractors for bids. Updates will be provided to the community as they become available.

It's November, and a lot of our mates have returned. September and October were just a bit too warm. It was nothing like the picture of Jerry Moss teeing up in four inches of early March snow. As of this writing our Hole-in-One pot has not been won. So, that means it rolls over into this year's pot. Double down. Welcome back to all. Welcome back friends, we have missed you. We've had a lot of exciting things happen at The Views. Besides the new furniture, misters on the terrace and some new faces in the restaurant, I am pleased to announce our new menus. This started October 1 and have far been very successful. Many new items, favorite items and a few from previous menus were brought back by popular demand. This also includes a new cocktail/bar menu, a happy hour menu with a happy hour from 2-5 pm Monday through Thursday, Fridays and Saturdays 6-8 pm and all day Sundays with a very special Sunday-only happy hour offering. If you haven't already heard the exciting news, we have the NFL Sunday ticket which means that you will be able to see your favorite teams play. Many early games start at 10 am, and Sunday night football extends after 8 pm. The bar will remain open to accommodate those for the later Sunday game; however, the kitchen will close at 8 pm.

Karaoke will now be in the dining room to ensure the bar area televisions are utilized for NFL Sunday ticket. This is a new television in the dining room available for karaoke. Ricardo and I look forward to meeting those of you we haven't met and reintroducing ourselves to those we met briefly at the end of last season. Catering has been a successful venture. We are available for all your holiday parties, any type of barbecue get-togethers, family events in your home or any of the shared spaces in SCOV. Please contact regarding Catering.

Meet the SCOV Librarian, Bonnie Holmes. Bonnie came to Tucson 35 years ago after growing up on the East Coast. She became the librarian this past spring. Bonnie and her husband have two children, one in high school and one in college. According to Bonnie, "I truly enjoy being the librarian, especially working with the volunteers and interacting with Sun City residents."

The Sun City Vistoso Community Foundation recently awarded a \$4,000 grant for the Large Print Editors Choice Subscription program which will make it possible to add over 120 new books in 2025-26 for use by SCOV residents. The large print program provides the Library with works by many of the popular authors and current best sellers.

Because of Bonnie and the over 50 volunteers that give of their time, there are more reasons that "Sun City Is More Than Living...It's A Lifestyle."

SFK is a 501(c)(3) tax-exempt organization

This article will cover all the groups we support in the greater Tucson area. These organizations are AVIVA, Tu Nidito, Banner Diamond Center, Ronald McDonald House, Emerge, More than a Bed and Make Way for Books.

AVIVA is a support group for foster children and their parents and works to bring families back together. We have given them holiday toys (soft and wooden), quilts and bags.

Tu Nidito is a 100% volunteer support group for children who are grieving the loss of or illness of a parent, grandparent or sibling. We donate money to support the peer-to-peer volunteer program for supplies as needed.

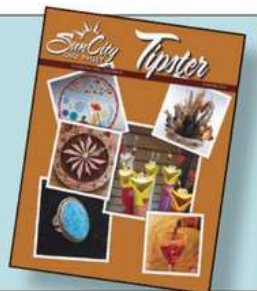

All remaining organizations receive handmade toys and stuffed animal donations from our toy disbursements during the holiday season.

Thank you again to our entire SCOV community for supporting our causes and being so generous.

We are anxiously awaiting the arrival of our many friends and neighbors who have been gone for the summer. Activities are certainly picking up and there are so many opportunities for you to be a part of our efforts. We provide several Southern Arizona charities involved with children in crisis with much needed and appreciated donations. There are minimal requirements: you must be current on SCO resident or renter status; current on Thimblelenas dues \$5; on record as having received room and machine orientation, and monitor training. See above for the name and phone number of the individuals to contact. We look forward to seeing you soon.

Cheer Bears

Wed., 1-3 pm, Artisan Center/Sewing

We are still embroidering faces, sewing bodies and stuffing our bears with love as we fill the shelves for the next set of bears to march out to new families. We are looking forward with excitement to the joy.

Cheer Bears is a happy group that spends much time working and sharing with members.. We enjoy each other's company and share recipes and restaurant recommendations. Sometimes we even take a day off and go to lunch. Come and join with us as we create our little bears.

If you are interested in learning to run the new embroidery machine, Cheer Bears is a good place to practice your skills after being trained by Karen Frolich.

If you have polyester fiberfill that you do not want, we can use it. Flannel is our cloth of choice. Donations are always accepted.

Sue Lane, Karen Neuvendorf and Donna Peterson hold two of the colorful, children panel quilts.

For the past month, Casa Amigas has been sewing quilts for a special group, Make Way For Books, an organization that encourages parents to read to their children on a regular basis. They provide reading time for parents and children and use quilts for children to sit on, make forts and promote imagination using the colors and designs of each quilt. By the end of October, Casa

Amigas sewed 35 panel quilts. It's been a fun project and Make Way For Books is thankful for our generosity. In addition, Cheer Bears donated 35 bears to the project.

We still need donations of blankets, bedspreads and duvet covers for residents of Sells, AZ and the Tohono O'odham Nation.

If you are interested in our group, stop by the Sewing Room. The group provides materials and instruction for those interested in learning hooking.

Many traditional rug hooking artists believed that hooking should be done with woolen material and were opposed to using cotton, silk or yarn. Today, wool materials are expensive to purchase and there are limited choices of colors and texture. Our group is fortunate to have a large collection of donated wool materials that our members can use for their projects. However, there is a large variety of beautiful and durable yarns with unlimited choices of colors and textures. Using yarn in hooking projects can provide interest and texture. Some of our members have used both wool material and yarn in the same project with beautiful and interesting results.

Are you interested in learning how to make beautiful glass to display in your home? Or maybe you are thinking about gifts for others. The glass club creates some beautiful pieces. If you are wondering what it is all about, stop by our display window in the Artisan's Center and take a look. There are descriptions of the two different types of glass we use. While you are there, sign up for a beginners class in either Fused or Stained glass. The sign-up sheets are now posted on the outside of the club door. In September, Southwest

Art Glass in Phoenix offered a free glass cutting class and was educational and served as a shopping trip. Everyone enjoyed the trip. Pictured are members at the class.

Long time club member Elise Asch, is sure of one thing- she won't be eating turkey this Thanksgiving. This dedicated vegetarian expresses her perspective in this witty Shakespearean sonnet:

A SHAKESPEARE THANKSGIVING

When first I gazed into her mournful eyes
heart swiftly conquered my lustful appetite
A turkey in distress, I did apprise
this sad lady's life I would not smite
I pondered long, was this yet heaven's way
for me to stand beneath its gracious light
be merciful, remove her from my sight
thence swiftly did I toss my sword aside
my weapon will not cause her quick demise
I fled the brush and left the bird to hide
Thanksgiving dinner now served with veggie pie

Pray heed my tale of love, do not destroy
thus destiny bequeath you far more joy.

Poets Corner is actively seeking new members to join our zoom group, so brush up your Shakespeare or just let us know.

Conscious Aging

Pres. Phyllis Burks 520-245-2785
SCOVConsciousAging@gmail.com
Wed., 9-10:30 am, AC/Navajo

Conscious aging is about the inner work of reorienting ourselves as we turn from our roles we assumed while managing careers and tending families, to turning inward and cultivating a deeper awareness of who we are now. Our goal is to discover how to face the known and unknown challenges of aging. With the help of our community, we are pondering the questions: Who am I? What are my values? What do I believe? What matters most to me? This inner work is supported by mindful movement

such as qigong, guided meditation and book study, which draws from psychology, sociology, metaphysics, philosophy and meditation. Conscious aging is about accepting who we are now. Our meetings consist of a short period of easy mindful movement, followed by guided meditation and discussion. Please contact Phyllis for information, or email the club.

Our trees are full of fruit. They are ripening as we speak. Most will start being ripe in January through April or May. You know they need to be picked when they start falling off the trees (but if they pull off easily that's good). It could be sooner but the longer they are on the trees the sweeter they are. Last year we gave over 3000 lbs of fruit to the food pantries, and distributed more to our Sun City buildings (Library, Activity Center, Desert Oasis and Catalina Vista. If you would like to sign up to help pick fruit, or have trees that need picking: go to SCOVgleaners.org and sign up. Thanks. We usually pick on Saturdays, but we are flexible.

A warm welcome to part-time residents and new members. Members of the club enjoy getting to know some of their SCOV neighbors and friends who enjoy cooking and eating interesting food. Themed dinners take place December through March in members' homes. Everyone brings part of the meal, so there is not a huge effort for the host. The fall kickoff event is held Saturday, November 2 with a "Caribbean Vibes" theme. Check the Prepare and Share website for more details about this and other upcoming events. Folks in the NJ/PA Club do, along with many more iconic locales. Do you like Taylor pork roll sandwiches on hard poppy-seed rolls? How about Philadelphia cheesesteak sandwiches? Do you like your subs Mike's way (oil and vinegar)?

Does the above resonate with you? Even if it doesn't, come and join us if you have connections with either state. Our club has no dues and no regular meetings; we just have a few fun social events a year (read happy hours), including an upcoming potluck dinner. No commitments, and you don't need to like Scrapple.

www.scovbirding.wix.com/birdersgroup

The Cooper's Hawk is the most common hawk seen in SCOV, although both the Red-tailed and Harris's Hawks are also common. Coopers are fast and with their long tails are very maneuverable. They often hang around bird feeders where they prey on other birds and small mammals. Birds of prey like hawks are also known as raptors.

Who knows what you'll discover on a hike! Photo by Karen Alexander

November is the month for thankfulness. Aren't we all thankful for this beautiful area? It is also one of the very best hiking months. The heat has gone and it's perfect weather for getting outdoors. November has a hike for every skill and experience level. Some hikes are close to home; others take you to areas that you've never seen before. Not a member yet? Sign up for an orientation hike on our site. You will receive information

and take an introductory hike to familiarize you with the club. After that, and joining the club, you may sign up for all of the hikes that interest you. Hikes are posted on the website with brief descriptions. All hike leaders and members are welcoming and love meeting new members. Come check us out.

Our fall picnic is Wednesday, November 6, 11:30 am, Gila picnic area, Catalina State Park. New and prospective members are welcome.

Interim Pres. L. Nelson Brown lnelsonb@gmail.com
First VP/Orientation and Training A.J. Leone ajleone@gmail.com

New Board members will be announced by club email and at our Welcome Back Pizza Party Saturday, November 16, 4:30 pm, Auditorium. The cost is \$5 pp. If your last name begins with A-J, please bring a dessert. If

your last name begins with K-Z, please bring a salad. Pizza and drinks will be provided.

Our fall skills clinics will continue Tuesdays, November 5, 12, and 19, 1-2 pm and 2-3 pm. Initial sign-up was October 22 so openings may be few. More clinics will be scheduled in January.

"I have bought and sold many properties over the years, and Brenda is by far the most knowledgeable person, in every aspect of real estate I have worked with. I look back at service I received from successful real estate agents in the past and they don't compare. With Brenda, I knew the transaction from start to finish would have her full attention and she was always on top of everything. She had my best interest in mind when it came time for handling any issues or negotiations. She is the best in Tucson!"
