Activity Center Renovation Committee (ACRC)

by Ted Hood

Be a squeaky wheel and help the ACRC design the renovation of the Activity Center to be the best amenity that it can be.

We have all heard the phrase "the squeaky wheel gets the grease." This is especially true when it comes to seeking resident input on Board of Directors' policy and planning decisions. A relatively small group of residents can have a disproportionate say on the decision-making process.

The Activity Center renovation project will be the most complex and likely the most expensive project to date for SCOV. Complex because the Activity Center is a multi-purpose building serving a diverse group of residents, expensive because of its size at over 15,600 square feet. We are currently in the very early stages of this project and realistic cost estimates are not available. However, this will be a major expenditure, and we are committed to doing it right and making sure all funds are well-spent. It is almost a certainty that the total cost will be sufficiently large that, in accordance with our bylaws, a community vote of approval will be necessary.

The Charter for the ACRC emphasizes the requirement for maximizing resident input as well as professional planning. Over the next six to nine months the ACRC will be seeking resident input in various forms including attendance of residents at the ACRC meetings, public forums, use of the *Tipster* and SCOV website. In addition, ACRC will be relying on input from existing Board committees such as Property, Finance-Budget, Long Range Planning and Marketing.

The quality (and quantity) of resident input will, to a large extent, contribute to the success of this project.

Residents unite! Become squeaky wheels.

How the Budget is Prepared

We are now starting to work on the budget. A lot of work goes into preparing the budget. It's a complex activity that has to start early so the budget can be finalized and approved prior to the beginning of the new fiscal year. Here's how we do it:

- The Board appoints a Finance-Budget Committee to help with some or all of the following tasks.
- The General Manager (GM) and Controller work together to gather all financial information we'll need to project expenses for the coming year. This could be a reserve analysis, bids for contracts, projections for utility or service increases, comparisons of past years' budget trends and many other details.
- The GM and Controller also examine all sources of income: annual dues, interest on investments, proceeds from restaurant and golf club operations and other types of miscellaneous income.
- The GM and Controller meet with all Department Managers to review their needs and their proposed expenses for the coming year.
- The GM and Controller create a working draft by adjusting the expenses and income until they balance. This may be accomplished by foregoing certain expenses to avoid raising the annual dues. Or it may be necessary to raise annual dues to cover increased expenses such as utilities or legislated minimum wage increases that Management cannot control.
- When the GM and Controller have developed the best possible draft budget, they present it to the Finance-Budget Committee for review and comment. One of the reasons we start the process early is to allow them time to study the budget, ask questions and offer comments and recommendations.
- Based on Finance-Budget Committee members' comments, the GM and Controller revise the draft budget as needed.
- After a series of meetings, the Finance-Budget Committee, with the endorsement of the GM and Controller, recommend approval of the budget to the Board of Directors. The Board can either approve the budget as presented, or they can modify it before they approve it.

The Sundowners RV Club: On the road again...

By John Smith

Remember the days when camping meant getting out that old mildewed canvas tent, loading the kids into the station wagon and spending a long weekend in the country? Remember dealing with kids wearing marshmallows in their hair because another kid got over-enthusiastic making s'mores? Or, drying out sleeping bags that your offspring invariably crumpled up on the tent floor with their clothes? Of course there were puddles there because they didn't believe you when you said, "Don't touch the tent with your finger or it will leak."

Well, thankfully, we Sundowners don't do that kind of camping anymore.

With roughly 85 rigs of all types, club members venture far and wide from Mexico to Canada with trips that include everything from dry camping in the boondocks, to some pretty nice resorts. While on these adventures, members cross-pollinate each other with their special talents: astronomy, photography, birding, hiking, geocaching, off-beat games and cooking. Oh yes, food is an important part of the Sundowners' camping style. We almost always share happy hour and have one or two community meals. And, there is that famous last meal of the trip that we share called "the must goes." That means everyone empties their refrigerator of all those leftovers that must go, resulting in some rather interesting combinations. Yum!

In the past few years the Sundowners have visited the Olympic Peninsula; Death Valley; San Diego; Rocky Point, MX; Moab, UT and Silver City, NM. Closer to home, we have explored the ghost towns of Cochise County, the Arizona White Mountains and gone birding around Portal, Ariz. At times the caravans consist of 20-30 rigs; at other times just a handful hit the road. It all depends on the destination and the time of year. Camping as a group offers quite a few benefits. For one, the wagon-masters generally plan a number of fun-filled events. Also, there are always folks to help if there is a breakdown, malfunction or if you just need to borrow a colander because you left yours back home and you really crave spaghetti.

In addition to the camaraderie that we all share on our

journeys, there are quite a few social events throughout the year. One of the more popular ones is our annual campfire

(or is it a bonfire?) and potluck at Catalina State Park. This comes with campfire entertainment from one of several cowboy singing/story-telling bands that we favor. As Club President Bill Hale says, "In addition to all the fun this article describes, another huge plus is the making of wonderful friendships on the great trips and gatherings we Sundowners share." Nancy Bern, only two years in SCOV, underscores Bill's comment when she says, "We joined the Sundowners because we thought it would be a great way to meet like-minded folks. I think the most important thing we learned as newcomers is to get involved at some level in the club, especially going on the RV trips. It is the best way to really get to know some interesting and wonderful people."

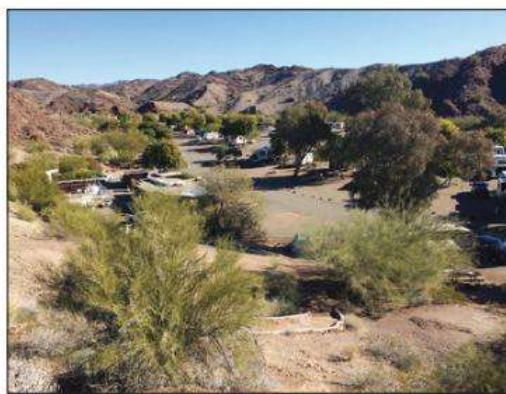

The monthly meetings usually include guest speakers that provide information on any of various topics that sometimes cause RVers some grief or new technology that might make life on the road a bit easier. This is of particular value to those new to this on-the-road lifestyle. These meetings also provide an opportunity to present the prestigious "I Screwed Up" award to some poor soul who might have encountered difficulty after making a bad choice, or letting their mind wander while doing something routine. Come early to these meetings to trade war stories and partake of the coffee and goodies that are ever-present.

Many of the club members take to the road all summer and generally plunk their RVs up north to escape the summer heat. Those that tough out the Oro Valley summers often journey back and forth to the Arizona White Mountains, enjoying shorter outings under the cool Ponderosa Pines.

So whether you have a Class A, B, C, travel trailer or fifth wheel, come and enjoy this aspect of SCOV's lifestyle. And, as Bill Hale says, "If you're an RVer or a wannabe RVer, you are cordially invited to join us at one of our monthly meetings to explore all the fun and benefits our club offers." For more information, visit the Sundowner's new website: sundownersrvclub.wildapricot.org/.

Distinguished Service Award Recipients: Tempe Johnson and Janice Strassburg

By John E. Wilson

Tempe Johnson

Among the many outstanding features of SCOV, surely one of the most obvious is the excellent appearance and maintenance of homes and landscaping. This is enjoyed by residents, frequently noted by visitors and a critical factor in maintaining the ambience of our community as well as, in more practical terms, property values in SCOV. There are two committees which play the primary role in ensuring that properties within SCOV are maintained in accordance with standards established in our governing documents. One is the Neighborhood Pride Committee (NPC). One of our 2018 Distinguished Service Award recipients, Tempe Johnson, is virtually synonymous with the NPC, having served as chair of this committee since its establishment in 2005. She and her committee members spend many hours viewing the 2,488 homes in SCOV each month and work with individual owners to ensure compliance with SCOV governing documents. Tempe and her husband, Dave, have been full-time residents since 1995, and both have been actively involved in many community activities. In addition to her service on the NPC, Tempe has been a member of the Posse Committee since 1996, co-chaired the Aluminum Can Recycling Committee for several years and has co-chaired the *Tipster* collation effort for the past nine years. She has also found time (somehow) to help teach classes for the Computer Club, play some bridge (co-chair of the Marathon Bridge Club for the last four years) and partici-

pate in various other ways in the life of the SCOV community.

The other committee playing a major role in maintaining the appearance of our community is the Architectural Review Committee (ARC). ARC is charged with reviewing all proposed additions to, or modifications of, existing structures to ensure compliance with our governing documents. You might be surprised, Janice Strassburg as I was, to learn that ARC reviewed 449 proposals during this past year. That's a lot of work. Chairing ARC for the past few years is our second 2018 Distinguished Service Award recipient, Janice Strassburg. Janice and her late husband, Lauren, moved to SCOV in 2001. Both Janice and Lauren have contributed in many ways to our community. In addition to her service on ARC, Janice also serves on the NPC, has served on the Nominating, Election, Posse and Consumer Referral Desk Committees and is actively involved with the Seniors for Kids charity. She is also an avid quilter. Both Tempe and Janice are walking encyclopedias of the SCOV governing documents related to maintenance standards in our community, and all of us owe them a great big "thank you" for their help in keeping SCOV the beautiful community that it is. And they have something else in common. When asked if there was "one thing that you particularly love about SCOV," they both gave the same answer: the people who live here. Congratulations, Tempe and Janice.

Desert Oasis - Final Report

As the Desert Oasis project comes to a close, the following information is an overview of the project. The project's Board-approved budget was \$385,000. This budget included pre-project architectural concepts, construction drawings, designer drawings and the general contractor as well as items SCOV would be purchasing. At the end of February the project came in under budget at \$376,536. The renovation and expansion included complete new flooring, a new monitor station and a new kitchen. The restrooms were gutted and completely remodeled. The furnishings throughout the building were replaced, including poker tables and stacking chairs, and the interior décor was updated. The most significant portions of the project are the two rinse-off showers and two enclosed showers added to the exterior as well as a new exterior restroom. The pool chairs and lounges were replaced. A new entry into the pool gate was created with secured access. The Certificate of Occupancy was issued on Tuesday, March 6, indicating a completion of the project from the Town's perspective. The only remaining item is to add a water fountain to the pool area since there are funds available. There will be tweaks here and there as the building is used, but the building is in full utilization and the project is complete. As with any project there have been lessons learned which will help in the projects to come. Thank you for your patience and support of this remodel and expansion of the Desert Oasis.

Where Did Winter Go?

Spring is here, and remember that facilities will be on summer hours starting April 1.

I am thrilled to bring you the University of Arizona Symphonic Choir, Monday, April 9 (see Coming Events for details). Summer months bring different types of entertainment and events, but each month brings more to do. We will continue our afternoon movies starting in May. June will take us "out to the ballgame," with details in the *May Tipster*. As some of our winter residents start to leave, I wish them safe travels.

Outstanding Job!

In recent months there has been a major decrease in the number of violation notices that have been sent to our residents. We want to thank you for your attention to yard tasks and exterior home maintenance. The recent rains will probably impact the season's growth of vegetation, so continued efforts will be appreciated.

As potential buyers filter through our beautiful community, there are always numerous comments about how well our homes and yards have been kept. We have been called the "hidden gem" of southern Arizona! This is mostly due to your diligence in caring for your property and supporting your HOA. We are a standout in community volunteerism, and this is reflected as buyers review our homes and community amenities for potential purchase. Thank you for making our community shine.

Balance Exercises You Can Do Anywhere, Anytime

The following "anytime, anywhere" exercises will help you improve your balance. You can do them as often as you like, as long as you have something sturdy nearby to hold onto if you become unsteady.

- Walk heel-to-toe. Position your heel just in front of the toes of the opposite foot each time you take a step. Your heel and toes should touch or almost touch.
- Practice standing up and sitting down without using your hands.
- Stand on one foot. You can do this while waiting in line at the grocery store or at the bus stop. Remember to alternate feet.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, April 10, the AFC pool and spa will be closed for cleaning and shock treatment. They will reopen the following morning at the regular time.

At our March meeting, the committee approved a recommendation to Administration for reconfiguring a layout of the exercise area. This recommendation's purpose is to provide two designated stretching areas and to provide more space for individuals to stretch or do floor exercises.

On our treadmill and bicycle machines for the month of February, we recorded 7,000 individual workouts that totaled 14,700 miles. The treadmill and bicycle machines continue to be high-use exercise equipment in the exercise facility.

The Aquatic Fitness Center Committee will have our last meeting in April. We will take a hiatus for the summer and resume our meetings this fall. Our committee wishes everyone a wonderful summer.

Architectural Review

Janice Strassburg 520-338-2568 janicestrassburg@gmail.com
Second and Fourth Tue., 2 PM, WC3

As of the mid-March meeting, Architectural Review Committee has processed over 100 submittals in the current calendar year. Of late, the most requested items are fences. The javelina are playing havoc with so many plants in resident yards, I expect many homeowners wish that Del Webb had installed fences as part of the initial buildout.

I have to commend our residents and how they work with Katy Mosier to fill out their applications. The more information we have, the easier it is to understand what the homeowner wishes to accomplish. It was delightful to be a docent on the home tour to see the interior of some of the projects we approved. Keep up the good work, all you beautiful people of SCOV. It is a pleasure to work with you.

Community Directory

Chair Lisa Collins 812-344-4773 scov.community.directory@gmail.com
scovaz.com/members/services/directory/

Did you know SCOV pays nothing for the paper directory?

The publisher finances it with ad revenue. But as more people use the Internet, fewer businesses buy ads in directories. At some point, the publisher will quit. We will then need to decide if we want to pay for a paper directory ourselves.

Did you know our directory is on the SCOV website? Find your neighbors' names, or all the people from your hometown, or whatever you seek. The incremental search box will display results as you type.

Are you included in the directory? New homeowners are unlisted by default. To add or update your information, complete the online form "To change your directory listing...." or fill out an orange card at the Welcome Center. You can choose to have certain information unlisted in the paper directory and/or online.

Vendors should email Susanna Moran to inquire about applying to be on our Vendor List.

Food and Beverage Advisory

Chair Barb McNeill bjmac68@gmail.com
Oct.-May, First Fri., 2-3 PM, The Views Terrace

Thank you for your patience and understanding while the restaurant has experienced some staff shortages due to non-work-related injuries during this busy time of year. All of our staff, including restaurant managers Aalt and Errick, and even General Manager Mark Wade, have worked to keep things running as smoothly as possible by helping out wherever the need was greatest. SCOV resident volunteers, Pattie, Mick, Mona, Phyllis and Cathy, have also helped out. We welcome new staff members who, along with our existing staff, are providing friendly, caring service.

What can be done to get checks and pay the bill faster? Try this: have your credit card or cash ready for your server when they bring the bill, so they don't have to make an extra trip to pick up your payment. If you pay with cash, offer to let them "keep the change." For example, if your bill is \$16.50 and you provide \$20 cash with no change needed, that is a \$3.50 tip or 21 percent.

Friends of the Library

Lynne Davis lynnadavis100@gmail.com
Pat Brown patbrown630@gmail.com

April brings spring and the departure of many of our SCOV friends whom we will miss. Friends of the Library appreciates all the community support of our activities of this winter: the Home Tour, the Tucson Festival of Books bus, and the 20th Anniversary Author Talk. Many thanks to those who have become members, who have hosted a home on the tour and who joined us on the bus. The volunteers who work the desk and shelve the books at the Library are indispensable helpers to Kate, our librarian. Our annual pizza party for library volunteers will be held Monday, April 9, 5 PM, Activity Center/Navajo Room. We look forward to giving all a big "thank you."

Loan Room - Community Assistance

Chair Gay Russell 520-825-5763
Meeting Third Thu., 3 PM, WC1; Loan Room hours: Tue., Thu., 8-9 AM
suncityorovalley.com/members/services/loan-room/

This is the busiest time of the year for the Loan Room with many reservations made in advance, which can be up to two months before they are needed. Due to spring breaks and the many activities in the city of Tucson, we are low on items such as rollaway beds and cots for children. If you can't reserve in advance, please come in and we will try to accommodate your needs. As always, we have many medical items and seldom run out of anything in that line. Please be sure to bring your SCOV card with you when you make a reservation or pick up your items. We look forward to seeing you at the Loan Room at the end of the Cart Barn. Please recycle your aluminum cans.

Marketing

Chair Joy Huxtable 520-548-2653 joyeh1115@gmail.com
Fourth Mon., 3 PM, WC1

At our April meeting, we will finalize the 2018-2019 Strategic Marketing Plan and discuss marketing events for the next season. Marketing and communication strategies for helping to promote The Views Restaurant will be a major focus.

The committee continues to evaluate ways to enhance name awareness for our premier active adult community. We will be discussing the possibility of producing a video to promote our beautiful community and its state-of-the-art amenities, including many recreational and social activities

where the focus is on fun. We will also be researching and evaluating companies that can provide residents the opportunity to purchase apparel with the SCOV logo via the internet. Our next meeting is Monday, April 23, 3 PM.

Neighborhood Pride

Chair Tempe Johnson 520-825-6994
Third Tue., 2 PM, WC3

Spring is Here

Spring did get here, and it's time to make sure those empty pots in front yards are filled with living plants, cactus, or flowers. With the rain we had earlier this year, weeds are popping up everywhere. Watch for them while they are small and easy to remove. Wildflowers are allowed in our community until after they finish blooming, at which time they need to be removed. Please trim any trees or shrubs which overhang the sidewalk or street, as they, too, grew during our winter rains. Remember, no artifacts of any kind are allowed on the ground in front yards, no matter how cute they may be.

Winter residents should have someone maintain their yards during the summer months, so the home looks cared for while you are away. Be sure to notify Administration of your summer address and phone number in case they need to reach you. Please continue to take pride in your property even when you are not on site, so that it will look just as nice upon your return as when you left.

The Properties Committee is in the process of conducting our regular semiannual inspections. In late March, the Chalk Creek Wash was inspected by the Properties Committee together with experienced experts and Homeowners Association (HOA) grounds staff. In early April, the committee and HOA maintenance staff will conduct an inspection of Association facilities. The Properties Committee works on a variety of tasks like this during the year. Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

Pace of Play

Every day we are challenged with providing an outstanding golf experience. How long it takes to play golf is a critical component of that experience and is always a hot topic of conversation. There is no magic formula for solving this potential dilemma of slow play.

What is considered slow play? And secondly, how can we consistently improve the pace? The first thing you may think of is the overall time it takes to play, or maybe it's how long you're waiting between shots. It's possible that waiting on every shot is more of a problem enjoying your round than the overall time to play. As an example, you have two groups that play in three hours and 50 minutes, but the group behind them wait on almost every shot. Although both play in the same amount of time and under the recommended four-hour pace, the second group is frustrated and complains about the pace of play saying what a horrible experience they had.

Then you have groups that can play slowly. However, they are spread out on the course, thus not causing any shot delays. At other times the groups may be playing quickly but are so close together any change of pace results in shot delays.

It all starts with the behavior of the golfers and educating them to have a better pace-of-play attitude. The real challenge is that all golfers have different reasons for playing and different capabilities and expectations for playing a round of golf. So, let's always keep in mind that we are all here for the enjoyment of the game. If all golfers do their part in playing in an acceptable amount of time, the game will be more enjoyable for all.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

April is the time of year the golf course begins the transition from the overseeded winter Ryegrass to the underlying Bermuda grass. The goal is to minimize the impact of the Ryegrass on the Bermuda grass and improve golf course conditions in May and early summer.

The process of transitioning from the winter Ryegrass to summer Bermuda grass involves many steps that start with overseeding in September and last until the Bermuda grass is healed in July. Seed rates have been greatly reduced over the years to provide less competition between grasses. Some fairways are not overseeded to allow extra time to recover. Seed bed prep is reduced to prevent injury to Bermuda grass before seeding.

Irrigation is monitored very closely to prevent damage to the Bermuda grass in late spring as the temperatures rise. If the Ryegrass is watered too heavily, the underlying Bermuda grass gets weaker and suffers. If the Ryegrass is not watered enough the salts build up and weaken the Bermuda grass.

A mix of chemicals is used starting in March to weaken the Ryegrass. This reduces competition and allows the Bermuda grass to come out of dormancy easier. A different chemical is used in May to completely remove the Ryegrass and

poa to allow the Bermuda grass a chance for full recovery.

Overall, the golf course should continue to have better playing conditions during the early part of summer. Any areas that still need to be repaired will be done in June during the reverse overseed when nine holes are closed each week.

Golf Advisory

Chair Yvette Schulz 520-825-0797

Sep.-May, First Wed., 2 PM, WC3

Our golf season is coming to an end. The leagues are crowning their league champions and enjoying their Member/Guest tournaments.

If you are not in one of the leagues, there are still many ways to enjoy our beautiful course. Casual Golf meets one Monday a month. The new Chipping & Putting League is set for Thursdays, 4:15 PM. Would you like to learn a little more about the game of golf? Sign up for one of the clinics offered by the Pro Shop. This month, the second "Yappy Hour" will be held on Wednesday, April 11, 4-5:30 PM.

A big thank you goes out to all who have served on the Golf Advisory Committee this year. We are an important communication link with the golfers, nongolfers, Pro Shop, maintenance crew and administrative staff. Hope the summer brings you all great adventures.

Course etiquette hint of the month: If you are going to assist with a partner's search for a lost ball, play your shot first, then go help.

Play Wed.

The Club Championship contested during the first two weeks of March brought out a field of 56 contestants. This is a major tournament and received its due; starting times, players names announced prior to teeing off and the professional staff handing out score cards in shirt and tie.

There were 14 players in the Championship flight who had hopes of taking the first place spot, although there may have been some eyeing a net position while the lower handicappers battled it out for the trophy. In the end, capturing the title of Club Champion was Preston Sheriff. Congratulations.

This month we look forward to a Two-Man Stableford on April 4 followed by the Member/Guest running April 5, 6 and 7. April 11 will be a Two-Man Scramble, April 18 is Oh Crap Scramble with a BASH to follow. Buy your tickets beforehand. The month ends with a Better Ball on April 25. We'll see you on the links.

We play 9 holes Thu. morning

Always happy to see new golfers. If you like relaxed golf in a beautiful setting with great fellows, contact David Chatterton. Currently, we are planning for a new Two-Man tournament to be played near the end of October, a new concept under development.

This year we have had a feast of hole-in-one golfers, five people or more and still counting. Join in and sign up for hole-in-one insurance, so you can buy us all a round of drinks when you hit one.

Dues for the year are \$45, and you need at least five rounds of golf to establish a handicap. Hope to see you on the course.

Even though it is the last month of league golf, there are plenty of golf and fun days left in April. April 6 is our last general meeting and election time for your new president, vice president and treasurer. Please try to make the meeting and luncheon. April 30 is the closing awards luncheon.

We will have a bowling outing on April 18 at 10 AM. Please sign up in the big book, under the computer. Ruth puts much into these outings and they are great fun.

The Top Golf was a huge success with 32 members enjoying the target golf games and a good lunch. Again, Ruth, thank you.

This will be the last article I will be writing, as our new president will take over this duty.

For those of us who spend the summer here, there are opportunities for golfing other courses with reduced rates. Please join us when we have an outing.

We are very proud of our 9-hole club and happy to report that in February we raised approximately \$15,000 to donate to the University of Arizona Foundation/Arizona Cancer Center. In March we entertained several members of other 9-hole clubs in the area with our "Birdies and Bee's" Invitational. This month we look forward to announcing our club champion and state medallion winners at the conclusion of our season. Before the seasonal residents scatter, we wish

them safe travels and look forward to another great season starting in November. In the meantime, our permanent residents continue to play all summer. If you are interested in becoming a member of our league, please contact Mimi Hutton.

Greetings from The Views Restaurant. With the busy season coming to an end we are excited to announce we will be doing a Farewell Wine Dinner on Monday, April 30. It will be a five-course unique dinner with exciting pairings to accompany each course. Details to come.

I would like to take this opportunity to thank all the residents who have helped this restaurant continue to improve. The Food and Beverage Advisory Committee has been a great asset in analyzing current operations and making great recommendations on how to move forward. The Blue-Ribbon Panel appointed by the Board of Directors has had a great start in creating a business plan for the coming years, and I look forward to the outcome of such high efforts. We appreciate daily feedback on positive improvements we have made and ways we can improve in the future. Keep filling out those comment cards. We do look at them all. Just keep in mind, whether we implement your idea or not, they are always read and discussed.

Thank you again for your support.

 Glaze mentoring Third Thu., 1-3 PM; Studio cleaning last Wed., 1 PM

The year is flying by and the roster is blooming with new members. We continue to hold orientations, no previous experience necessary. Be patient as you wait for your turn to dive into clay. We can only accommodate small numbers each month. If you are not active at this point, but still a member, we ask that you take your tools and bucket home to store until you are ready to go again. Space is at a premium.

Our contributions to the local Empty Bowls project supporting Tucson food banks again topped 100 bowls, and the event was reported to be a great success. Thanks to all who participated by donating your beautiful pieces.

We had a great time at the March social. We host SaddleBrooke potters on April 9. Remember to clean up your work space every time and be considerate of the next person coming in to play.

We've added several new members to our group, most of whom have a painting background and fit in well in our studio. They bring fresh ideas and techniques which are warmly welcome. The entire Art League has contributed paintings/photos to the "distortion" theme show, currently hanging in the Ac-

tivities Center. Our 11 AM business meeting and painting critique is an integral and essential function of our studio. In it, we review local art shows and other happenings. Our artists frequently submit painting entries to local art shows to gain recognition in our field, to stay current and to present worthy pieces for the public to enjoy and appreciate.

 Nov.-May, Second and Fourth Mon., 2-4 PM, Catalina Vista/Pusch Ridge

Japanese flower arranging (*Ikebana*) is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials.

Learn from certified instructors at your own pace, and make creative arrangements for your home.

At a recent meeting, club member Warren Hachmeister was the featured speaker. He described his 33 years working with the Chicago Northwestern, Union Pacific Railroad and Metra, the Chicago commuter system. Warren comes from a family of railroaders. Starting as a brakeman working 12-hour shifts and with 24/7 availability, he worked his way up to be first a freight, and then, a passenger conductor. He described how he went through brakeman's school, conductor school,

"charm school," and then passenger conductor training. We learned about the jobs a conductor performs, the various types of paperwork involved, and what life was like working in a caboose.

All SCOV residents are welcome at our monthly meetings and to the use of the Modelers Room. On any day, if the lights are on and someone is in the Modelers Room, stop in. At our meetings, you will see what we are about and you may enjoy a cup of coffee and a sweet roll. From time to time we schedule field trips of interest to modelers.

Laura Hackenbrock has been an active member of our club for 13 years. She has held almost every position including president, vice president, treasurer, competition chair, lab director, equipment chair and webmaster. She is currently a board member at large, keeper of club data, and is the Art League liaison. Last month she held a session on Photoshop Elements for club members. Her favorite type of photo shooting is macro, but she tries to stay as diverse as possible. This is evidenced by the numerous exquisite photos that Laura enters into our contests. She acknowledges that she couldn't do it all without partner Bill's help. Laura is a dedicated member of the club and one of the reasons it runs so smoothly.

Mon. and Thu., 9 AM-Noon, Artisan Center/Sewing

If you have ever donated fabric to Casa Amigas do you wonder what happens to that fabric? Very little of it goes to waste.

First, it's sorted according to fabric type and size. Any fabric that is 100% cotton and large enough for a quilt backing will be given to the quilters. Flannel, fleece, cotton, and synthetic fabrics are sorted and a decision made if useable for children's or babies' clothing.

Once we cut the fabric out for the clothing, leftover fabric large enough for squares is given to the quilters. Smaller pieces of fabric are given to Pet Beds.

If Casa Amigas, Pet Beds or Quilters can't use the fabric, it's donated to the Golden Goose or Tri Community Food and Clothing Bank.

Your fabric donations are greatly appreciated and used in many ways.

How much is that jewelry in the window? Let's look at a typical piece and find out. The bracelet above was priced at \$80. What are the facts behind that price? The sterling silver cost the maker \$27.51. The turquoise cabochon was \$26.32. The state tax (8.6%) and the SCOV fee (10%) were \$10.02, adding up to \$63.85 in total production cost, leaving \$16.15 as profit. Dividing the profit by the number of hours (27) it took to make the bracelet shows that the person made the equivalent of \$0.60 per hour. Obviously, most of our silversmiths aren't looking to make a real profit; they do the work because it is interesting and fun.

Spring Fling with Wye Mace front and center.

The winds of change never stopped blowing in the month of March. Classes and workshops galore. We now have a whopping 108 members thanks to all the new folks in the neighborhood. Spring Fling on March 5 was a great success with members accepting the amendments to bylaws and meeting new board members.

Thank you to Dennis Porter, Tony Masterjohn, Resa Lankes and Shirley Sherriff for the help with beginners stained glass class. We thank Ed Caine and Juliet Williams as monitors and Nancy Eckhoff for help with Morton Board workshop. We as a club are only as good as our volunteers who make it a success.

Al enjoys crafting intricate designs in his work.

Al Zigalla was a mechanical engineer by profession. When he retired, machining in metal wasn't accessible, so he shifted his focus to wood. Over the past 25 years, Al has enjoyed making large items such as Navajo weaving looms and all of the related tools, as well as medium-sized items such as intricately segmented bowls and custom breadboards. Most recently, he crafted smaller items including wood pens, soft-drink can openers, toothpick pots and now wooden key chains. For ten years, he also taught a woodworking class for ladies in his community.

The Woodshop had another successful series of beginning equipment classes taught by Don Jovag. These classes are held during the month of February and are free to attend. Our appreciation is extended to Don and those who assisted him for their time and experience.

"Your Poem" by new member John Padgett, delivers an entertaining lesson in how and why a reader may need to work at appreciating a new poem.

"I hear your poem / the words have no sound / I read your poem / the words lay lifeless on the page / I speak your poem / the words are tasteless in my mouth / and so / I hear your poem again / I read your poem again / I speak your poem again / and again / with each repetition / when I hear your poem / the words begin to sing / when I read your poem / the words dance on the page / when I speak your poem / the words are spicy and filling / a poem is not / a grilled cheese sandwich / consumed in one sitting / digested in an hour / its task completed in a day / a poem is infinitely consumable / tasting better with each nosh / giving endless nourishment / a new poem is / a stranger in my neighborhood / more familiar with each encounter / until it is my valued friend / a comfortable companion"

Fri., 10-11:30 AM, AFC/Studio 2

Folk dancing is more fun than a treadmill, and it's an excellent exercise for balance, mindfulness, muscle and mood. For most dances, we hold hands in a circle performing non-gymnastic steps to the sometimes strange but fascinating music and rhythms of diverse cultures, including our own. Neither partner nor prior experience needed. Typical dance session consists of 12-15 mostly easy folk dances preceded by instructions. Drop by to see if this internationally popular dance form is right for you, and see us in action by doing a Google search on Folk Dance Sampler YouTube.

We love to welcome new dancers, from beginners to wannabes. Barre work, cool moves and a great workout set to show tunes and jazz. It's wonderful brain training.

If you are leaving for the summer: be sure to cover or leave running any water feature in your yard to avoid stagnation and mosquitoes.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Joseph Pilates wrote that "physical fitness is the first requisite of happiness." To enjoy and get the full benefits of Pilates, a person needs to understand and apply the basic principles, which takes a little time and patience. Although different from other forms of exercise, Pilates is always enjoyable, interesting, challenging and can even be addictive! Our classes teach balance, breathing, focusing on your core (abdomen and back muscles) while controlling your movements. There is constant motion from one exercise to the next. As a result, strength and stamina are developed. Your spine is lengthened, and flexibility and mobility of the joints and posture will improve. We have two experienced instructors who teach the Joseph Pilates system to seniors. The cost is only \$8/class and the annual club dues are \$20 pp. Please feel free to stop by and watch a class. For more information call Mary.

VP Membership Dave Burnham 360-798-9917
dburnhampton@gmail.com
scovpickleballclub.wildapricot.org

Why is pickleball so much more fun compared to other games? Is it the small badminton-size court? Is it because you can play indoors or outdoors? Is it the inexpensive paddles and balls? Is it the fun had with couples playing together? Is it because it is easy to learn and you can play from elementary school into your 90's? Why do other games try to imitate pickleball? All these are reasons for the fastest growing sport in America. Our club provides free lessons and loaner paddles whether you join our club or not, but for \$10 pp each year you get free balls as well as additional training, equipment and social events. Come join us and see what fun you have been missing. Play with your kids and grandkids. More information, contact Dave Burnham.

RV Club - Sundowners

Bill Hale 503-222-7000 whale77219@aol.com
<http://sundownersrvclub.wildapricot.org>

Spring is the perfect time of year to travel the southwest and enjoy its history and beauty. In March a contingent of Sundowners visited Lake Powell and Antelope Canyon, while closer to home we celebrated St. Patrick's Day with an old fashioned Irish spread at the Activity Center.

At the March club meeting election of officers was held. These active members contribute to the ongoing success of the club that we all appreciate. The program was a presentation by local SCOV resident Larry Castriotta, who briefed us about the worthwhile benefits of membership in the FMCA (Family Motor Coach Association). Membership is now open to trailer units as well as single chassis coaches.

In April there are two trips planned. Usery State Park, near Mesa, is the destination for one group of explorers, while birdwatchers will head to Portal, AZ, and the nearby beautiful Chiricahua Mountains.

If you have a recreational vehicle of any kind and are not yet members of the Sundowner's club, we encourage you to join so you can enjoy the fun activities like those described above.

Share Report.

We were pleased to announce to family and friends that our Tucson home **SOLD!** Our agent, Michael Lynch, was tenacious and made this deal happen. He has a great personality -- a true professional, thorough, responsive, and a total problem solver. If we had not had Michael, as OUR agent, this deal might have fallen apart. He found solutions and gave us sound advice on how to get to escrow. It has been six-weeks since we closed, we are still unpacking in the White Mountains. Ten weeks ago, we felt like we hit a brick wall, but Michael NEVER gave up and coached us the final level and made it happen. We will "forever" be thankful for having the O'Brien Team on our side with Michael Lynch as the leader.
