Summer in Sun City

by Ted Hood

I frequently hear "it's too hot to stay here in the summer," mostly from winter residents who are now enjoying the cooler but much more humid climates in northern parts of the country. Those of us that do live here, more or less year round, have learned to take advantage of the many opportunities that summer brings.

"Opportunities?" you say. Let me list a few. Under the category of "many fewer people."

- A lot less traffic on Oracle Road which means you can get to Trader Joe's and all points south and east much quicker.
- Much less waiting in line for essential services, i.e.: restaurants, doctors, etc.
- Merchants offering special deals for us summer denizens.
- The summer forces us senior citizens to use our ingenuity to beat the heat. An active mind is a healthy mind.

In general, summer is a time to relax and enjoy the many indoor amenities, such as our state-of-the-art fitness center available in Sun City, and to explore the best of indoor Tucson. It's almost always between 75 to 80 degrees indoors in the summer.

One opportunity our residents are looking forward to is the re-opening of The Views Restaurant and Lounge. Mark Wade and Aalt Brouwer have been concentrating on providing the quality of service and food that our residents have requested, along with a remodeled kitchen that will be much more efficient than the previous facility.

Going to other restaurant venues during The Views closure has made me realize how fortunate we are to have an amenity like The Views, literally in our back yard, accessible by foot, bike, golf cart and auto.

Life is good in Sun City in the summer.

Addressing Rumors

I thought the SCOV Community would like a little information about what is going on here and clear up a few rumors that have been circulating, so here you go.

The Views Restaurant upgrade project was approved by the Board earlier this year. Since then, the staff has undergone many hours of training. We sincerely hope you like what you see in the way of improved service and food consistency. Please come on out and give The Views Restaurant a try.

Rumors and such:

It is true that the position of Head Golf Pro has been eliminated. This was an administrative decision to improve operations and fiscal management.

It is true that walkers must yield to golfers on the golf course and that all walkers on the golf course do so at their own risk.

It is true that the community will vote on whether to have a single provider for trash removal. The vote will be taken in September with more information coming in the weekly emails, "This Week In SCOV" and the *Tipster*.

It is true, we have had more summertime activities than in years past. The golf Chip and Putt event every Thursday afternoon is just one example.

It is true, you can't let your pet off the leash to run wild when you walk the pet on the golf course.

It is true, the Administration got a new copier after putting over 2 million copies on the last one.

It is true that when driving in SCOV, you must obey all traffic rules.

Smiles are optional at SCOV but seem to be very contagious.

Music, the Unifying Force

By Maureen (Mo) Zabel

The joy of playing and singing together is what makes belonging to the Kactus Krooners, the Recorder Ensemble and the Ukulele Club of SCOV an enjoyable experience. Each of these groups creates music through an instrument and/or voice and, according to Sharon Heaps, the president of the Ukulele Club, a little unexpected mischief during a performance adds to the fun.

A few smiling faces during a ukulele gig

The Ukulele Club was established in 2010 by Jean James and soon the 20-member group was performing with Jean hamming it up in front of ever increasing audiences. The 60 plus members are now under the directorship of Don Bong and accomplishing a greater range of chords. However, Sharon assures any prospective new member that novices are welcome to join. The ability to read music is not necessary as rudimentary theory, rhythm and timing are taught as required. All members need to bring along a ukulele, music stand, two ukulele anthologies, and a willingness to perform. Sharon warns that ukuleles are addictive and many members have a burgeoning collection of the various types.

Under Don's leadership, the Ukulele Club is giving approximately 15-20 performances a year: sing-alongs at Copper Health, spring and winter performances and smaller gigs upon request. Coming together with good friends each Tuesday at Desert Oasis to learn beautiful music is what makes the Ukulele Club exceptional. No matter how complicated the music, every member is eager to "get it right." Yet, in the height of many serious performances, the Ukulele Club can usually pull a prank or two whether it's tossing in fake snowballs, an unexpected Tahitian War Dancer, sassy banjo players or involving the audience in sing-alongs.

If you like to sing in harmony, Mike Moyer suggests dropping in on one of the Kactus Krooners' practices at the Desert Oasis. Giving credence to the quote, "The human voice is the most perfect instrument of all," the Krooners are a Barbershop group in which the human voice is the only instrument. Although the group has 20 members, Mike insists there is always room for more voices. Again there is no experience necessary, just a desire to "have fun, learn, and enjoy singing together."

The Kactus Krooners surprised patrons of the Views Restaurant on Valentine's Day this year by giving a flash mob performance of "Let Me Call You Sweetheart" and "Only

Kactus Krooners members

You." The enthusiastic reception was all the encouragement needed for Mike to now plan future performances. Like Sharon, Mike suggests that the greatest reward for all members of the group is their ability to learn new, as well as familiar, 4-part harmony songs in order to make memorable music together.

The Recorder Ensemble is an instrumental group in which most of the members have played a musical instrument at one time in their lives. Joyce Minks is the current convener. The group meets weekly at Catalina Vista. Prospective new members need to buy a music stand and a recorder: soprano, alto, tenor or bass. Yes, there is more to a recorder than the student-issue ones we played in our youth. The ability to read music is also a necessity.

The recorder can be a touchy instrument to play and there are days when Joyce says the group performs better than others. But, when the group plays all their pieces well together, it is exciting.

Recorder ensemble rehearses

Joyce's love for the instrument is contagious. Everyone in the Recorder Ensemble is encouraging and friendly; it contains a wonderful camaraderie. Joyce always finds it stimulating to play, even when there are only a couple of players in residence during the summer months to play duets together.

Judging by the enthusiasm Sharon, Mike and Joyce have for their groups, it is truly apparent that music is the unifying force of joy whether it is amongst 60 Ukulele Club players, 20 Kactus Krooners or two staunch summer residents of the Recorder Ensemble.

We Want To Help

Providing excellent service to you, our customer, is something that is discussed often with our staff. Process improvement meetings are standard for each event that's held or each new system that's rolled out. Here's a great example of how we enjoy taking care of you, our customer.

A visually impaired resident contacted Communications Coordinator, Marsha Dean, for assistance in having the on-line version of the *Tipster* read out loud. Marsha researched the online service's website with little result. She contacted them and they liked the idea of providing an audible feature and would submit to their development department, but they didn't offer a solution for this resident.

Marsha then contacted Zoomtext for a solution as her website research didn't turn up an answer. They called her to let her know that downloading the *Tipster* in PDF format then opening it up in Adobe Reader should work.

Marsha shared this information with our resident with instructions on how to download the *Tipster* PDF from our website. The resident sent this email to her: "Hi Marsha, I want to let you know that I tried your suggestion and downloaded the *Tipster*. I then opened it in Adobe, and my Zoomtext was indeed able to read it. Thanks again."

Marsha worked several angles, not giving up, to provide an answer to our resident customer. First, thanks Marsha. Secondly, I truly believe this type of scenario happens many times a day through interaction between residents and SCOV staff. I hope it does. It is our goal to provide you, our customer, with excellent service so that you love living in SCOV.

Controller - Randy Trenary

The fiscal year for the Association ended June 30, 2018. As in the past, the financial statement for June is not included in the August *Tipster* due to time constraints for completion of year-end procedures. Financial statements can be found on our website www.scovaz.com and in our SCOV Library.

An audit will be conducted in September, and the complete audited financials will be available on the website and in the SCOV Library before October 31 as mandated by the Bylaws. A copy will also be available in the Administration offices.

Money Matters will return with the September issue of the *Tipster*. Questions? Email rtrenary@suncityorovalley.com or call 520-917-8060.

Programs/Facilities Director - Pam Sarpalius

psarpalius@suncityorovalley.com 520-917-8077

August starts to bring an end to summer. During the month we have several events planned at no charge. Our indoor movies continue to be enjoyed by many. Tohono Chul will be here to give you information about this hidden gem near SCOV. An important program by the Golder Ranch Fire District will be presented on "When to Call 911." This is important to all. There will be a great performance by "The Desert Melodies" as they bring you great songs from Broadway, \$10 pp. Always check the "Coming Events" section of the *Tipster* for more details of August events and what to look for in the coming months.

Just a Few Reminders...

1) If you are thinking of listing your home for sale, please remember to contact the Community Services Office 520-917-8058 to arrange an HOA Listing Inspection.

2) Architectural Review Committee (ARC) submittals that involve permanent structures such as patio covers and room additions will involve the additional process of notifying neighbors within 100 feet of your property line. Please remember this process adds an additional time period before being reviewed by the ARC.

3) If you are spending the summer outside Sun City, please arrange for a gardener to keep up with the fallen plant/tree debris and the weeds.

4) Remember to attack the spurge weed a little differently than normal weeds. Please spray the spurge with a killer, let it die and then remove it. It loves to spread, and if just pulled, it will multiply.

5) If you are submitting a project to the ARC, remember to bring sketches or drawings with all dimensions, colors and samples of the materials that will be used. The submittal is not complete without these items.

6) If you currently have a contractor working at your home, remind them that debris must be disposed of daily or shall be kept in a tarped container on the driveway. All building materials must be stored in the garage or backyard. Trucks and other vehicles should be parked on the blacktop. Aprons and sidewalks are not designed to support heavy vehicles, and you remain responsible for sidewalk repairs.

7) We are proud of the way our community presents itself because you make the extra efforts. Thank you.

It's time to weed, and not only in our yards. During the quieter summer months I weed our collections, going shelf by shelf to review the circulation history of each book and video. Weeding allows me to check how much use our items are getting and make room for new ones. It's not all about getting rid of unwanted materials though; it familiarizes me with which books, authors, and videos are popular in SCOV. I often discover a gem of an author with a couple of older books on the shelf that are being checked out a lot despite their age. In these cases I head to my desk to do some Amazon shopping for that author's latest books. Circulation can actually rise after a good weeding, as people don't have to sort through the older material and books they've already read. If that doesn't convince you that weeding is a necessary task, consider that we have added over 1,500 new items in the last year, averaging about 50 each month in regular fiction, 22 in nonfiction, 19 in large print and 31 in videos. Without having weeded 1,426 books during that same time-period, we would never have fit them on our shelves. So, stop by the library to see the vibrant collection of materials waiting on our shelves for you.

Recreation and Fitness - Lonnie Davis

How much sunscreen should I use, and how often should I apply it?

Use enough sunscreen to generously coat all skin that will be not be covered by clothing. Ask yourself, "Will my face, ears, arms or hands be covered by clothing?" If not, apply sunscreen. Most people only apply 25-50 percent of the recommended amount of sunscreen. Follow the guideline of "1 ounce, enough to fill a shot glass," which dermatologists consider the amount needed to cover the exposed areas of the body. Adjust the amount of sunscreen applied depending on your body size. Apply sunscreen to dry skin 15 minutes before going outdoors. Skin cancer also can form on the lips. To protect your lips, apply a lip balm or lipstick that contains sunscreen with an SPF of 30 or higher. Re-apply sunscreen approximately every two hours, or after swimming or sweating, according to the directions on the bottle.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, August 14, the AFC pool and spa will be closed for cleaning and shock treatment. They will reopen the following morning at the regular time.

Wednesday, August 15, the Desert Oasis Pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Second and Fourth Tue., 2 PM, WC3

There are many exterior projects that require prior written ARC approval to ensure compliance with the SCOV governing documents. These projects include, but are not limited to, room additions, patio covers, window and door replacements, shade screens, walls, fences, gates, landscaping, lighting, shutters, gutters, downspouts, spas and swimming pools. The Community Services Coordinator (CSC) is the SCOV staff contact for all ARC matters. The CSC office is open from 9-11 AM, Monday through Friday, to accept ARC submittals and to answer homeowner questions on proposed projects. All design, style, color, dimension and material decisions should be made before submitting your project for ARC approval. The deadline for submitting your project is 11 AM on the Tuesday before the next ARC meeting. Projects that include a permanent improvement (such as room additions and patio covers) should allow an additional two weeks due to the neighbor notification procedure.

What's so great about the online directory? The paper phone book is updated just once a year, but the online directory is updated monthly. Email addresses are included online only, not in the book. You can even access the directory on your smart phone, which means you have a community directory in your pocket.

The directory is located in the nonpublic area of our website, so you need to log in to access it, scovaz.com > members > member services > community directory. Scroll down to the actual listings. There you will find the directory's incremental search box, which will display results as you type. Use the horizontal scroll bar at the bottom of the listings to see additional columns, such as hometowns and emails.

To update your information, complete the online form, "To change your directory listing..." or fill out an orange card at the Welcome Center.

Election

Special SCOV Vote

Details: Ballots out—Tuesday, August 14; Cut off—Thursday, September 13, Noon; Results Announced—Monday, September 17.

Proposed Action #1—Single Waste/Recycling Vendor for Residential Lots

A vote for the proposed action item #1 would result in a single vendor as the provider of regular trash removal and recycling services to all residential lots, with costs to be included in the annual homeowner fee. Services outside the scope of the SCOV contract may be contracted for by the homeowner at the homeowner's expense. A vote against the proposed action item #1 would mean no change in how trash collection is currently conducted in SCOV.

Proposed Action #2—Prohibit Garage or Yard Sales in Residential Lots

In March, 2010 there was a vote to rewrite this section as laws concerning work conducted in a home have changed. The garage and yard sale prohibition was in the same sentence and home business allowances. The garage and yard sale prohibition was inadvertently dropped when the new language was written (and approved by the Membership).

A vote for proposed action item #2 would result in adding the rule back in to Master Declaration to prohibit garage and yard sales on residential lots.

A vote against proposed action item #2 would result in the rule existing only in policy, which can be changed by any Board.

Ballots: Tuesday, August 14, ballots will be emailed to all eligible primary email addresses with the link to the electronic voting system. If you have opted out of all electronic mail, a ballot will be USPS mailed to you at that time. All USPS ballots should be mailed in the included envelope rather than being turned in to the Administration Office.

Oct.-May, First Fri., 2-3 PM, The Views Terrace

The July 4th edition of the *Northwest Explorer* featured "Hitting a Healthy Note: The Benefits of Singing." This Aging Well Splendido article touted not just exercise and diet, but singing with others to improve your mood, brain and immune system. Sound good?

If so, SCOV has the place for you: Karaoke at The Views Lounge, every Sunday, 4-8 PM. This is where singers entertain each other, and the rest of us join in as cheerleaders. Enjoy the new bar menu and your favorite beverage for food, fun and friends.

Speaking of food, check out the new summer menu. You will find old favorites as well as some new things for breakfast, lunch and dinner. The Sunday all-day menu has many favorites. Lunch sandwiches and smaller plates are available at dinner time. Salmon is featured in several new dishes and there are more salads and desserts. Gluten-free and other special dietary needs will be accommodated, upon request.

As I write this, the temperature is well above 100 degrees. It is hard to believe that August is the month that school begins for children and families return from summertime fun. Living in an active adult community, our calendar is a little different from others, with winter as the most active time and August still a summer month. The Library has many books to read as we approach fall, with time yet to explore the shelves in air-conditioning and then maybe sit by the pool with a good book. Friends of the Library will be gearing up for more activities beginning in September, so watch for the first of the Author Talks on Friday, September 21, 1 PM, Auditorium, with mystery writer, Betty Webb. There is no charge, but pick up your ticket, beginning Friday, September 7, in the Library.

In the Gift Shop you can find a cool spot to browse the offerings of our artists, one of whom may live right next door to you. Featured artists for this month are Julie Holtry and Paul Jensen.

Julie makes jewelry and Asian-themed note cards. Her trademark is her pendant dragonfly which dons the necks of many local residents. "I think I have a dragonfly for every outfit I have. They are such fun to wear!" Julie particularly likes to use dichroic glass which takes on a gem-like shimmering quality.

Paul's interest in art has been lifelong. "After retirement, I picked up the brush again and began working with color and fabric, using dyes and fabric paints to create multi-colored shirts and hats. Most recently, I've learned how to do shibori, a style of Japanese silk painting, using dyes and resist to create beautiful silk scarves."

Greens Reconstruction

Chair Howard Schulz schulz2008@outlook.com
See online Board & Committee meetings calendar for dates/times

After months of information collection and review, it is apparent to our committee that The View's greens are at risk in their current condition. The primary reason is the greens do not have a sub-surface soil/gravel drainage system which is necessary for root development and flushing of unwanted contaminants (i.e., salts). It may be surprising, but all other golf course greens in the Oro Valley area have this sub-surface system. The Views does not.

The BOD chartered this project with no assessment to the community. Committee members are working to advance our understanding of the scope and cost of the project in order to inform the community, both golfers and non-golfers alike. These communications will begin later this year and will include facts about our greens and subsequent recommendations.

We recently contracted with a golf course architect, Mike

Gogel, to help. He will look at the greens and surrounding areas to improve maintainability and playability. His primary focus is to look at installing an effective sand/gravel mix with drainage piping below each green. In addition, he will investigate creating more pin placement positions on the greens, equipment access areas and other improvements. This work will occur over the next two to three months after which design and cost information will be available.

The earliest the green improvement project could go forward is mid-2020. Therefore, I would ask you to be patient and listen to the information as it becomes available, because we don't have it all yet. In that way, each of us will have an informed understanding.

Chair Gay Russell 520-825-5763
Meeting Third Thu., 3 PM, WC1; Loan Room hours: Tue., Thu., 8-9 AM
suncityorovalley.com/members/services/loan-room/

Summer in the Loan Room is a quieter time with many of our residents gone to cooler locations. During this time, we take inventory of our items, looking at their condition and number. We try to meet the major needs of all our residents, but with limited space, some items may be passed on to other groups. We try to keep the chaos to a minimum during our open hours. Please come to the Loan Room or visit the website for items you may need (or just to look around).

Neighborhood Pride

Chair Tempe Johnson 520-825-6994
Third Tue., 2 PM, WC3

It Happens Every Summer

Summer rains and winds are here. Help keep a watchful eye out, and report any damage to Administration. Pesky weeds seem to appear overnight with the monsoon season. Please remove them as soon as possible, and try to make every effort to stay ahead of the weed situation in your yard in the next few weeks.

Did wind from storms cause excessive tree debris in your yard? Keep your driveway and the sidewalk swept so that your home doesn't appear vacant and be an invitation to a burglar.

Is there standing water in your yard? With the rain that we have had, it's important to drain ponds and/or fountains in yards to eliminate standing water where mosquitoes can breed. Check other items outside your home which may collect rain, such as buckets, empty flower pots, and other containers, to be sure they are not holding standing water.

Thanks for your help in our extremely hot summer months.

Preserve and Enhance Lifestyle and Property Values

Chair Don Stewart, 618-980-3878 bethsdad81@gmail.com

SCOV has a history of widespread interest and concern connected to managing the remarkable vistas and maintaining the value of our community. This interest has been reflected in the 1996 Vegetation Policy Task Force Report, the 2017 Views Committee Survey and the 2017 Future Housing Task Force Survey. SCOV's Board of Directors has taken steps to address these issues by establishing a task force charged with proposing an equitable way to balance the rights of the community with the rights of individual property owners.

The Task Force to Preserve and Enhance Lifestyle and Property Values was created in 2018 to look into the ways communities such as ours have addressed the issues of maintaining views, implemented reasonable processes for neighbors and neighborhoods to work together in deciding what poses a significant impact on their property and defined terms that were helpful in bringing a common understanding of best practices for their communities. The expectation is that the task force will identify promising practices that will result in reasonable decisions related to permanent additions and vegetation.

The timeline for the work ahead is: monthly *Tipster* articles to share information, ballot development and submittal to the BOD in January, resident forums in February and March and SCOV owners' vote on the proposed recommendations during the March voting period.

The Task Force will resume meeting on Monday, September 10, 2 PM, WC 1. Meetings are open to all residents.

Properties

Chair Rich Oaks richoaks114@gmail.com

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

The Views Golf Club will be hosting the American Legion Oro Valley Post 132 Annual Charity golf tournament Saturday, August 25. The shotgun begins at 7:30 AM and will include approximately 124 golfers. The golf course will

be closed in the morning to support this event and open for play in the afternoon.

You can help us help them by supporting this worthy cause. Military and veterans service organizations have honored Post 132 for its programs that benefit service members and veterans in need. If you are interested in playing in the event, the entry fee is \$80 per golfer. Also, "We Care" individual hole sponsorships and tee box signs are available for a donation of \$450 and \$100, respectively. Donations to Post 132 are tax-deductible, and contributions of any amount are gratefully accepted. One hundred percent of the proceeds are to provide care and assistance to local homeless and at-risk veterans and the families of deployed Arizona National Guard and Reserve members (our citizen soldiers).

For further information and to obtain registration and donation forms, please contact Steve Didio 520-219-9997 ovpost132@gmail.com. Forms also available at OVAmericanLegion132.com

We also have a fun "Play with Pros Summer Series" event going on through the summer with the qualifying teams' final event held Monday, September 10. Please check with the Pro Shop for details of how you can sign up to play. We will be hosting a "Season Series" event in November through April as well if you are unable to play this summer.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

August is a happy time for golf course maintenance because the brutal hot, dry temperatures of May and June are over. August is generally miserable for people because the monsoons bring a dramatic increase in humidity which people find uncomfortable. However, this increase in humidity is fantastic for growing Bermuda grass. All of the work performed between May and June to aerify and top-dress the fairways, greens and tees prepares the grass to recover very quickly. The golf course will be back to being in great shape all the way until the end of September when overseed begins.

This year the transition was even more improved over previous years. The changes to overseeding seed rates, rotating non-overseed holes each year, increasing the frequency of aerification throughout the entire year, and increasing levels of hand watering dry areas during late spring have all contributed to the fight against salts and dying Bermuda grass. Even areas that were weak this year had more underlying Bermuda grass than previous years so the amount of sprigging and sodding was dramatically reduced.

The goal is to improve the conditions every May and June and reduce the amount of regrassing required before the humidity of August. By having more Bermuda grass recover

each transition the following transition is that much better. The greens will continue to be needle tined every 14 days starting in January and the fairways will continue to be deep tined during the spring to continue encouraging Bermuda grass recovery in April and May.

Golf Advisory

Chair Doug Kimble, 520-825-3172

First Wed., 2 PM, WC3

Thanks to Mike Kropf and his golf crew, our golf course is in the best condition of the year. The seasonal residents don't know what they are missing. It has been necessary to deep plug the greens on a monthly schedule during the summer months in order to move the salts through the soil and encourage stronger root growth. This is necessary partly due to the fact we have push-up greens that do not allow the salts to drain and filter through the soil.

Remember to take pride in The Views Golf Course by obeying the 90 degree cart rule, repairing ball marks and fixing divots.

The next Golf Advisory meeting will be Wednesday, September 5.

In spite of weather and the early hour, approximately 30 golfers have been showing up each Wednesday morning this summer, paying their \$5 entry fee and an optional \$2 for skins, to compete on a track at times of challenging playability. The financial rewards are slim but the trash talk is priceless. You can join this hardy group by contacting our membership chairman as noted above.

Here are the games for August: August 1, 2-Man Chapman; August 8, Low Net; August 15, 2-Man Better Ball, August 22, 2-Man Shamble and August 29, Stableford.

Food & Beverage Director - Aalt Brouwer

abrouwer@suncityorovalley.com 520-917-8074

Over the past two months, we have planned, trained, hired six new staff, trained some more and created a new menu based on your suggestions. We analyzed your responses to our questionnaires and developed a menu we feel you will truly enjoy. We have new items on our cocktail, happy hour, breakfast, lunch and dinner, and bar menus. We changed our hours of operation to stay open until 8 PM every evening and, on slower days (Monday-Thursday), the lounge and terrace areas open at 10 AM. This is an effort to manage labor costs while providing the great service taught in the 25 training classes we recently completed.

During times the lounge/terrace is closed, you can still order your favorite alcoholic beverages in the dining room or patio. Since we need more servers working to cover the entire restaurant area, we feel that limiting the hours of the Lounge and Terrace during slower times will enable us to manage our staffing coverage more efficiently. I hope this helps explain why the management team made these changes. Come to The Views Restaurant soon and enjoy a delicious selection from our new menu.

New hours are effective when we reopen:

Dining Room and Patio: Daily, 7 AM-8 PM

Lounge and Terrace: Monday-Thursday, 10 AM-8 PM;

Friday-Sunday, 7 AM-8 PM

Meal periods will be:

Monday-Saturday: Breakfast 7-11 AM

Monday-Saturday: Lunch and dinner 11 AM-8 PM

Sunday: Limited all-day menu for breakfast, lunch and dinner

Happy hour: All dining areas, daily 3-6 PM.

Even though there are fewer of us around to sew and serge this summer, we're still finishing up children's summer clothing and continuing to sew bags for Aviva. Soon we'll start cutting out warm flannel and fleece for winter clothing. You might think there isn't any need for that type of clothing, however, it's cold in the mornings when children head to school. Also, we send some clothing to areas with higher elevations. There's always something to sew.

Silversmith and Lapidary

Pres. Tom Moore 503-510-2251 651mor@gmail.com
Shop Summer Hours: Mon.-Fri., 9 AM-Noon
Next meeting Oct. 1, 3:30 PM, Artisan Center/Silversmith Studio

A by-product of silversmithing is small bits of silver. Through lost-wax casting, we repurpose those scraps into new pieces of jewelry. In this method, wax molds, such as ring forms, are attached with melted wax onto thin lengths of wax, creating a "tree." The tree is secured in a rubber bottom attached to a steel flask. Casting plaster is mixed with water and poured into the flask. The flask is set aside for several days to cure. The rubber bottom is removed and the flask is placed in a kiln where it is heated for about 7 hours, vaporizing the wax and creating the mold. The hot flask

Melting silver scrap in the casting crucible

is placed in a centrifuge cradle; scrap silver is placed into the centrifuge crucible and melted with a welding torch. The centrifuge arm is tripped and the silver is forced into the mold, filling the voids and forming the jewelry pieces.

My name is Jim Austin. My wife and I relocated to Sun City in 2015. One of the many incentives to our moving was the woodshop, second only to the golf course. I've always enjoyed working with wood, building patio covers, an entertainment center for our home and furniture for the grandkids. It's been a whole new ball game working beside woodmasters like Don Jovag, Bill Norton and Larry Miller. I equally enjoy fostering friendships and acquiring knowledge every hour I spend in the SCOV Wood Shop.

The second registration for fall 2018 courses is open August 1-15. Now members can register and pay on the ILR webpage. The website also offers a printable form for those wishing to continue sending in a mailed form. Be sure to check the courses to see if the ones you are interested in taking are still available. Not an ILR member yet? It's easy to join. If you are a current resident with paid association fees, complete the Membership Application/Registration Form (found on the website) and send this along with a one-time Initiation Fee of \$25 pp. You may also register and pay online. scovaz.com/clubs/ukulele

All our members are essential to the success, but three gentlemen stand out. Don Bong is our music director. Don selects the majority of our concert music and is a master at creating musical introductions that give us the tempo of any given piece. Bob Ressue plays an electric bass ukulele. If Don gives us the tempo, then Bob gives us the rhythm,

which immeasurably helps keeps the piece tight. Wayne Reinhardt is a relatively new asset, and his mastery of his digital accordion adds a great deal of flair and accent to many of our pieces. There are other key individuals who offer their talents to our performances. I will make mention of them in September.

It's hard to believe it's August already. Rumor has it there just aren't as many places around to do boot stomps and two steps these days. The Kactus Kickers want to change that. We're looking at providing a couple of dance opportunities to wind down the summer and welcome in the fall. Members will be notified by email as we have details. Nonmembers are encouraged to come out and toe tap, too. If you haven't joined yet, and would like to be kept in the loop or have questions about the club, please send us an email. Make sure to put a topic in the subject line so we can get your questions or comments passed along to the right people.

Aquatone is a toning water workout that incorporates a variety of rhythmic body movements performed in the water. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

We meet Tuesday, Thursday and Saturday, 9 AM in the winter, 8 AM in the summer at the AFC pool. There is no fee to join the club or the class. The teachers are club member volunteers. Being able to do a basic swim stroke is very helpful. Items used in the class are buoys, board, noodle, ball and fitness band. Most are available at the pool. A band can be purchased from Marcia for \$5. We assign an experienced member to a newcomer to help with learning the various movements. You will get a good workout in a fun class.

Formal workouts suspended during summer months

The Fitness Swim Club provides a vehicle for swimmers to participate in a group swim workout. We generally go 2,400 to 3,000 yards, mostly freestyle per workout. Some do more, few do less.

Formal workouts are suspended until next November at which time we welcome new members. Workouts are suitable for master swimmers, triathletes and those that would just like to participate in swim workouts. Please ensure you have medical clearance to participate in vigorous physical activity prior to joining.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Summer is a great time to commit to a core strengthening exercise routine. Why not try Pilates? Small summer classes offer a great opportunity to learn. 40 years after his death, the Joseph Pilates exercise system is in high demand. Fortunately, SCOV offers these Pilates mat classes twice per week on Mondays and Thursdays. The benefits that come from performing specific strengthening and stretching exercises strengthen the body's core muscles (those of the abdomen and back). The exercises increase spine mobility and build flexibility. More benefits include better balance and muscle tone plus increased stamina. Because the classes are designed for seniors, all exercises can be modified and are taught by two experienced instructors. The cost is only \$8/class with annual club dues of \$20 pp. Please join us or just come by and watch. Call Mary.

Some Tai Chi Club members meet to practice once or twice each week over the summer. If you have already participated in a class session, you may want to join in the practices. Please contact one of the club officers for details.

VP Membership Dave Burnham dburnhampton@gmail.com

scovpickleballclub.wildapricot.org

Summer is hot, but that doesn't stop our members. Now 385 strong and still growing, we play early (6:30 AM) every day of the week and after the sun goes down on Sundays, Tuesdays, and Thursdays. Some of the ladies meet on Monday and Wednesday nights to play as well. Are there any other clubs that meet seven days a week? We don't think so. It must be fun and easy, or they wouldn't be playing every day, right? Our summer social was held on July 26 and enjoyed by all. We plan a Mixed Doubles Club Tournament for August, date to be determined. Free lessons are offered all year round. Practice paddles and balls are supplied. What are you waiting for? Contact Dave Burnham for your free orientation and lesson one.

Having fun!

As many of you are aware, our club is off to a strong start and much progress has been made. We now have painted POP Tennis boundary lines on the Desert Oasis courts. Our thanks go out to our SCOV Association for the funding to accomplish this feat and to General Acrylics for cleaning the courts and doing a superb job of painting the lines. Many hours and much effort from POP Tennis board members and club supporters went into making this happen, so stop in for some POP Tennis and enjoy the fruits of labor.

POP Tennis is helping currently active people maintain and improve their health and fitness, because it's incredibly fun to play. It will keep people on the courts and playing tennis throughout their lives. Are you a former tennis player who can no longer keep up the pace? Come and try POP Tennis. It's on a softer, gentler level, but still keeps you in the game.

Town of Oro Valley

At the August 28, 2018 Primary Election, Oro Valley voters will decide on Prop. 462, the Local Alternative Expenditure Limitation Option, also known as Home Rule. Home Rule is not an increase or decrease in tax rates. Funding estimates are based on existing income sources.

A yes vote would allow Oro Valley to continue to set its own budget spending limits locally via the budget adoption process.

A no vote would limit the Town expenditures to the State-imposed formula limit, resulting in a 70% reduction in services.

Learn more at orovalleyaz.gov. For voter information, visit recorder.pima.gov or call 520-724-4330.

Vistoso Helpful Hands

Barb McNeill 520-825-0677 bjmac68@gmail.com

Many of our seasonal residents are gone, but some folks here still need assistance. VHH needs more dispatchers, someone to carry the cell phone for a few days every month, so that we can respond to residents who need short-term help. You select the days and take the cell with you, wherever you go. We don't get a lot of calls, but if you can volunteer, contact Barb. Training is provided. You might be the one in the future needing help.

For VHH assistance, call 520-447-0077. If we do not answer, leave your name and number for a call back.

Wheels for Kids

Dick Swain 920-217-2610 or Tom Terfehr 520-789-7243 azwfk.org

Wheels for Kids is a 501(c)(3) charity dedicated to providing rehabbed bicycles for kids in need in the Tucson area. To date, we've provided over 2,200 bikes to various other 501(c)(3) charities who then distribute the bikes to their clients. Some of our partner organizations are Youth on Their Own, El Grupo, Refugee Focus and Tucson Boys and Girls Club. Wheels for Kids is a total volunteer effort, and we need mechanics. If you are interested, we'll train you. Visit our website for more information and how to donate bikes or financial support. Help kids experience the same joy you had when you got your first bike.

YOTO/Northwest Auxiliary

Kris Cohen 520-818-2582 krisandearl@msn.com

Won't you join us in positively impacting Tucson's future? Your gift to Youth On Their Own will support over 1,700 homeless and at-risk youth who are struggling to stay in school. It is not too late to donate school supplies, personal care items or checks made out to YOTO for the Back to School campaign to help the students YOTO serves get ready for the fall term.

Bring all donations to the collection site in the Activity Center on Mondays, August 6 or August 13, between 9-11 AM or drop off gifts in The Gaslight Music Hall lobby through October 1, 10 AM-8 PM.

Volunteer Opportunity

Would you enjoy tutoring a child? Painted Sky Elementary School, Rancho Vistoso's neighborhood public school, is looking for volunteers (including math) to work one-to-one with students. One hour a week of your time will make the difference in a child's education. Please contact Amy Watson awatson@amphi.com or 520-696-3820.

Aluminum Can Collection Update

On June 28, we completed the fiscal year with a load of 440 pounds of aluminum cans and received a check for \$189.20. For the fiscal year, 4,220 pounds of aluminum cans were delivered in eight trips. For the fiscal year, we received \$1,767.20 to add to Community Assistance Committee's (CAC) fund, primarily used to fund Loan Room purchases.

Since July 2005, we have made 150 trips, delivered 70,612 pounds of aluminum cans, and received \$41,082.78 for the CAC fund. This money has not only been used for the Loan Room, but has assisted other clubs with financial needs as well.

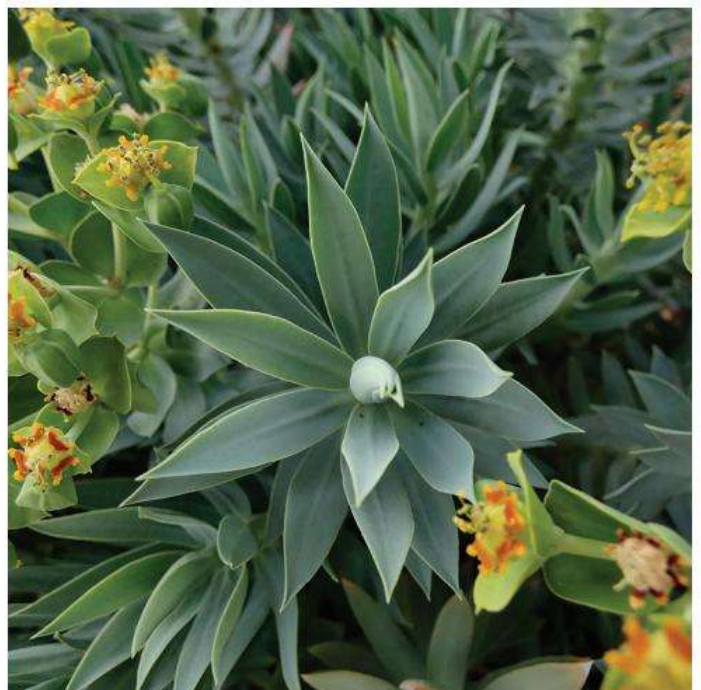

Thanks to our June volunteers: Jim Wisda, our driver; and unloading helpers, Dave Flatness, Nate Norris and Dave Johnson. The volunteer help we have had over the last 13 years has greatly contributed to the success of this program. All of you should be proud of our achievement. This includes all of the daily sorters, those who have picked up the cans at the outlying collection areas in SCOV, as well as those that make the trips to the scrap yard. We thank all of you that have been involved in our success over the years.

Steve Holmes observed that a Broad-tailed Hummingbird built its nest high on the fence at Tennis Court #1 (circled at left), a surprising location due to the concussion from tennis ball strikes and the high temperatures reflected from the court surface. Center photo shows the mother feeding one of the two babies. At right, the babies are about ready to fledge.
