From The Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online and in the SCOV Library. Board meetings are open to residents.

The Desert Oasis Project

by Ted Hood

The Desert Oasis Renovation (DOR) Committee started work on a renovation plan for Desert Oasis in October 2016. A plan and recommendation was presented to the SCOV community at a community forum on May 30, 2017. Two days later, a video of the forum was available to residents via SCOV YouTube, resulting in over 500 views on YouTube. Resident feedback was requested, received and incorporated in the final version of the plan. The Board approved the plan and funding at the June Board meeting.

The experience gained in the planning and design of the DOR will be of great value as we begin the planning and design of the much larger Activity Center (AC) renovation project. This project is scheduled to start in January 2018, with an anticipated completion date in the fall of 2019. This project is challenging because it is a large, multi-use facility with a multiplicity of users vying for their share of space.

Using a lessons learned approach from DOR, the AC Committee will try to bring the entire SCOV community into the planning process much earlier. The DOR project had a lot of input from the facility users, but little from the community at large until late in the design stage. Use of architectural and design professionals will be revised to provide more frequent updates to both the Board and residents and more current financial and project completion data. The YouTube presentation seemed to work and may be a way of enhancing resident participation. Hoping to see you at the AC Committee meetings; otherwise, you may see us on YouTube.

Make Your Dues a Priority

When you sit down to pay your bills in July, do you consider your Association annual dues (also referred to as assessments) a low priority? If so, think again.

According to the National Consumer Law Center's (NCLC) *Guide to Surviving Debt*, assessments "should be considered a high priority." In fact, NCLC considers community association assessments in the same category as mortgage payments and real estate taxes, a category ranked second only to feeding your family, according to the *Guide's* "Sixteen Rules about Which Debts to Pay First."

Assessments pay for services like building maintenance, cleaning and utilities as well as insurance on the common area facilities. This provides wonderful amenities to our beautiful community and helps protect everyone. So when all services, utilities and insurance are passed along to you as an annual assessment, you're actually getting a bargain.

So, next time you get out your checkbook, remember to put your assessment near the top of that stack of bills and pay on time. Paying on time helps you avoid having your resident card turned off and the embarrassment of not being able to enter a building because you've become delinquent. You'll be glad you did.

It's More Than Living... It's A Lifestyle!

The Heat Is On!

How full-timers actively survive the summer

by Jim Mitchell

Just because Tucson's average temperature in July is 87 degrees, with the average high of 101, it doesn't mean SCOV permanent residents sit around in air-conditioning all summer. With more than 130 clubs, two pools, a state-of-the-art fitness center and other amenities, it's easy to stay active even though routines may need to change a little.

Lonnie Davis, Fitness Supervisor, advises, "Get out there early and never pass up water. I drink one bottle before water aerobics class, one during and one after. You also need to replace electrolytes by drinking Gatorade or smartwater, which has no calories."

Classes start at 9 AM in the AFC pool, an hour earlier than in winter.

Lonnie explains, "I get a lot of people who come out in summer because they think it's too cold in the winter, even though the winter water temperature is between 82 and 86 degrees."

Mona Connoy is one of those who prefer summer water aerobics. "I've been doing this for a couple of years," she recalls.

"The 9 AM start is convenient, the weather's warmer and there are fewer people. You can work as hard as you want and you feel better afterwards."

Another tip from Lonnie is to go to the pool at nighttime. The AFC pool is open until 8:30 PM daily and the Desert Oasis pool is open until 8 PM Monday through Friday and 7 PM Saturdays. "Nighttime is a great time because very few are there. But it's a beautiful time to swim, walk laps or just sit and look at the palm trees and mountains."

The Fitness Center is also open daily until 9 PM. It's air-conditioned at 68 degrees for comfortable workouts on any of the 43 Life Fitness cardio and weight machines, plus free weights.

For more outdoor activities, golf clubs, men's and women's 9- and 18-hole, and the Vistoso Cyclists, Bocce, Hiking, Horseshoes, Pickleball, Racquetball, Tennis and Water Volleyball clubs stay active throughout the summer.

Dave Fraser of the Hiking Club invites anyone to join him for an orientation hike. The club has hikes every day of the week, meeting up with a hike leader in the parking lot behind the Welcome Center.

"We assemble for carpooling a little earlier in the summer and hike at higher elevations," Dave says. "It's very

common for us to meet at 6 AM so we can get back by 11 or 12. Popular summer hikes include the trails up and around Mt. Lemmon, which is at 9,500 feet elevation, and at Madera Canyon, which begins at 5,200 feet.

If you hike in the summer, the recommendation is to take a liter of water for each hour of the hike. When the water is half gone, turn around. Carry electrolyte drinks, salty

snacks and a charged cellphone. Hike with others. Let someone know where you're going and when you expect to return. Wear sun protection, lighter clothing and a brimmed hat.

For those who prefer to survive the summer by staying in as much air-conditioning as possible, most all of the indoor SCOV clubs remain active through the year.

The Institute of Learning in Retirement (ILR) offers free classes in the summer. You must register by emailing Randy Myerson at rcmyerson@gmail.com or mail forms to him at 14118 N. Buckingham Drive. If you're not an ILR member, there is a lifetime membership fee of \$25. Forms are on suncityilr.com or in the

lobby outside the SCOV Library.

Upcoming classes include "Civilisation, the West and the Rest" taught by Jim Williams. It focuses on how the West came to rule the world after 1500, and why its influence may decline. Six sessions run on Tuesdays from 9-11 AM, July 11 to August 15. "Early Music Backstories, Music in Context" by Garry Buck is about music, pre-1750. It includes five sessions on Wednesdays, 2-3:30 PM, July 12 to August 9. All classes are in the Activity Center/Hopi Room.

Many residents escape the heat by getting out of town for a while. Like John Tiedje, who enjoys heading to the White Mountains where the elevation is almost 4,000 feet higher than Oro Valley and summer temperatures run 15-20-degrees lower.

"There's lots to do up there," John affirms. "Pine Top Country Club is a fun executive golf course open to the public. There's good fishing in Rainbow Lake at Show Low or farther up in the Little Colorado River at Greer. There are great hiking trails around lakes and through the woods and a couple of stables for horseback trail riding."

All in all, it's easy to survive the summer in SCOV because there are so many options for escaping the heat.

Lonnie Davis, fitness supervisor, leads an energetic class in water aerobics. "Lonnie really motivates us," participant Mona Connoy explains with a short laugh. Photo by Jim Mitchell.

Website Features

One of most used features of our website is the Member Services section. This is the section of our website to find just about anything you're looking for such as the vendor list, community directory, how to rent your home and other items. Try it out for yourself, and see how convenient it is to use.

Member Services – By going to Members/Member Services, you can have access to lots of information and resources provided to you by our Association and committees. You can find information for your home, guests, safety, health, catering and more. Take a look at this page. You will find it very useful.

Directory – On the Member Services page is the community directory. One of the new features to this is that if you are accessing the community directory from your smart phone, it will dial from the numbers listed in the directory. Also, you can search this system for a name or a street, etc.

Vendor List – This fabulous service, provided by the Consumer Referral Committee, provides those valuable vendors for air conditioning, plumbing, etc. This list can be searched by vendor type or name, etc.

The items above are provided by our various committees and staff. However, the business of the committee such as minutes, agenda, reports, etc. can be found under Members/Committees. The services our committees provide can be found by going to Members/Member Services (you must first be logged in as a member).

The site is updated multiple times a day. It is intended to be a valuable tool for you here in SCOV. Enjoy and use this new amenity.

Programs/Facilities Director - Pam Sarpalius

psarpalius@suncityorovalley.com 520-917-8077

More improvements are taking place in SCOV. I wish I could give you a time line for the Desert Oasis but that is not available at this time. We will try to keep the pool open.

There will be construction workers and I am sure dust in the pool area. You will be able to use your membership card/fob on the outside gate to enter the pool area. More showers are just part of the demands being met for residents.

Don't miss our afternoon movie Wednesday, July 28. See Coming Events on page 10 for details. Tickets are free, but you must have a ticket to attend so that we know how many chairs to set up.

A recent grant from the Vistoso Foundation will add interest to our large print collection by providing eight books a month by popular authors such as Stuart Woods, Lisa See, John Sandford, Lisa Scottoline, Clive Cussler and Nora Roberts, with additional funding for new titles in audiobooks and the children's collection. We are very appreciative of their support.

For your summer reading in July you will be able to check out the latest books by Brad Thor and Jillian Cantor, a local author who spoke a year ago in SCOV. Nonfiction bestseller *Astrophysics for People in a Hurry* by Neil DeGrasse Tyson will help round out your summer reads. I personally can't wait to see *The Zookeeper's Wife*, available on video beginning July 5. We add over 100 new items each month. To keep abreast of the latest arrivals, go to our website and change "All Time Periods" to "New items within 7 Days" and click "Search."

Why should I get the LF Connect App?

LF Connect lets you control your own workout experience. For example, if you want to do a workout that is not programmed on the machines, simply create, share and personalize your own, manipulating time, speed and intervals. You can use LF Connect to create your workout at home or even on the way to the gym. When you arrive, your workout is ready to go. The LF Connect App also allows you to log your strength session as well as record any exercises you do outside the gym. Use the app to record your run or bike ride. Each resistance machine will have a QR barcode to scan, then simply record your sets, reps and weight, keeping your workout logs all in one place.

Special Note From the AFC:

Orientation on how to use the gym equipment will be held every Thursday at 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, July 11, the AFC pool and spa will be closed for cleaning and shock treatment. It will reopen the following morning at the regular time.

Wednesday, July 12, the Desert Oasis pool will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

This will be a safe place to discuss the commonality of people who are having biopsies, waiting for test results and fearing the unknown; undergoing the process of radiation, chemo, etc.; needing caregivers and support and bemoaning the frustrating doctor's office response level and interference with schedules. In this group, members can discuss how these issues affect them personally and their lives in general. Be Proactive

With the advent of six foot shrubs obstructing sight lines, look around your property and, if a shrub looks as though it may block visibility for a neighbor, ask that neighbor if they would like you to trim it to six feet. Very few residents want to file a complaint letter, but if they are asked their opinion, it seems logical that they would be honest in their answer. It would be a good step in keeping neighborly relations.

The list of updated items that came with the annual mailing was a great way to know the latest changes. Not much in life stays status quo. The plant list is ever-evolving as ARC receives requests from landscape professionals who recommend new trees and plants. After research into the species and its growth pattern, they are quite often added to the list. The trees they have been suggesting are cleaner, not quite as tall and water efficient. Being informed is the secret to avoiding future hassle.

Please note: The cost of each ARC submittal is increased to \$25 effective July 1, 2017, as approved in the 2017-2018 budget.

Oct.-Jun., First Fri.

With the success of being awarded the Best Restaurant/Lounge in Oro Valley by the Northwest *Explorer*, came issues which a large number of customers brought to light. The wait staff continues to receive five out of five ratings, according to comment cards, but we need to bring meals out of the kitchen more in line with customer expectations.

The root cause is the inadequacy of our kitchen. We are serving an average of 750 meals during the high season, out of the original 500-meal café kitchen. Phase 1 of an improvement plan was approved for implementation this summer by the Board. This includes adding fryers, more cooking burners, expanded refrigeration, a new dishwasher, space rearrangements and changes to the grease trap, which needs to be extended toward the street. All costs are covered by existing asset reserves and the capital fund.

As we continue to make The Views an amenity we all can be proud of, please support your restaurant during the summer months.

Friends of the Library

Have you heard about the librarians on horseback in the 1930's? Go to the website archiveproject.com/the-horseback-librarians-of-eastern-kentucky-10-photos?ref=share and you'll learn how important these librarians were in making sure that the people living in the mountains were able to have books, magazines, newspapers, etc. to read. What would those librarians think to see us driving our golf carts to the library? SCOV is so fortunate to have the Library with its many books and movies. Remember that the Library operates with donations from the community. Don't forget the Library when planning your estate or year-end donations. SCOV Library appreciates all of the support.

Gift Shop 520-917-8051

Shop Hours: Mon.-Sat., 9 AM-12:30 PM

suncityorovalley.com/learn/amenities-facilities/gift-shop

Come in from the heat of summer to enjoy the coolness of the Gift Shop while shopping for special items from our consignors. Featured artists for July are Georgia Froman (above, left) and Heidi Kannengieser (above, right).

Georgia tells us, "When I was very young, my grandmother taught me to knit, crochet, sew and paint. This generated a lifelong interest in crafts. I have enjoyed beading for years, making necklaces, bracelets and earrings." After learning wire wrapping, she added a new dimension to her designs full of beads and gems purchased at the Gem Show.

Heidi combines her silversmith talents with specially-selected stones and beads to fashion her jewelry. Following a long process of cutting slabs from large hunks of stones, she painstakingly smooths stones on progressively finer sanding grits to release the inner beauty of the stone to be set. She then creates a setting unique to each finished stone.

Neighborhood Pride

Third Tue., 2 PM, WC3

Again, It's That Time

If it hasn't already, our monsoon season will soon arrive in full force. Add some much-needed rain to our summer heat, and the growth of our foliage takes off. This is a surprise to residents new to this part of the country and an annual reminder to the rest of us that things really do grow here in the desert. Weeds will pop up in the cracks of concrete and where the sidewalk meets the street. It is the homeowner's responsibility to get rid of those weeds and help keep our community looking nice, even in the middle of summer.

Notice roofs in your neighborhood, as strong winds can sometimes lift and move the tiles. Be a good neighbor and let others know if you see roof damage. With so many of our residents away, it's helpful to keep an eye out for each other. Keep the pride, not only in your property but those of your neighbors and friends as well.

Head Golf Professional - Kim Griggs

kggriggs@theviewsgolfclub.com 520-917-8053

Summer is here and this will mean that our tee times will begin earlier. Please adhere to the walking signs just the same for your own safety and to be courteous to the golfers that are out there. Tee times are starting at 6:30

AM, therefore you will need to have your morning walk completed by 6:30 AM on Friday, Saturday, Sunday, Monday and Tuesday. Remember that everyone must check in to the Pro Shop prior to playing golf. If the shop is closed, please return the next morning and pay your appropriate fees.

Just a friendly reminder that snakes are now out and moving around on a regular basis. Please be very careful and do not provoke them in any way. If you feel that a snake needs to be removed from the golf course or any other area, call us and we will send someone to take care of the situation. Remember to stay hydrated and drink plenty of water as our temperatures will be approaching triple digits.

If you use our Driving Range, be aware that we close the Driving Range at 3 PM on Wednesday only now. This is done so we can clean pick and the maintenance crew can mow. The same dress code applies to the driving range as it does for the golf course. We are continuing to offer Driving Range cards for golfers who use our range quite often. Our fees are on our website, theviewsgolfclub.com, or you can call the Pro Shop at 520-825-3110 or stop by for more information.

If you have not been in our new Pro Shop, this is the time to check it out. We have a nice selection of hats, visors, shirts, shorts etc., with more hats to arrive soon. Stop in and shop our clearance rack with many great bargains, say hello to our friendly staff and get a great deal.

Superintendent - Michael Kropf

sucvgolf@suncityorovalley.com 520-917-8063

July is the traditional beginning of the monsoon season in southern Arizona. In regards to Golf Course Maintenance, the start of monsoons is bitter sweet. The good news is the golf course will start to green up after the

harsh dry weather of June because of the increased humidity combined with hot temperatures. However, the monsoons also bring the chance of heavy rain that has the potential of causing serious damage to holes located near washes.

Several years ago a thunderstorm generated a large amount of water north of SCOV, but no rain actually fell on the community. The golf course was crowded with many golfers who were unaware of the water running down the washes. Several groups were playing holes number 4 and 5 when the wash began to fill. Two golf carts then tried to cross the wash and got stuck. Luckily nobody was hurt, but it took a couple hours for the water to recede and get the carts off the golf course safely.

Please remember, when these washes are running, they are as powerful as raging rivers. Don't drive around the course and attempt to cross these washes when the cart path is either covered with water or sand. At the minimum the golf cart will be stranded until the staff is able to rescue it. Be aware that during the monsoons, the washes can flow

whether it is raining nearby or in the distance since we are at the bottom of the hill.

Greetings from the Views Restaurant. With the slower season upon us, we are excited to offer some great promotions and fun entertainment for our loyal residents. As some of you may have noticed, we are now offering Milled's breakfast from 7-9 AM for \$5 Monday through Friday. It is a great value for you and your family and friends. In addition to that, starting in July we will be having a Classic Dinner and Movie night where we will be playing a classic movie and pairing it with a wonderful special. See details of the movie and special in our Views calendar.

While we are slowing down, our efforts have been on creating procedures to increase consistency in food and service. I have created a schedule for training monthly with vendors and am working closely with Restaurant Manager, Erick Owens, to create training during our remodel closure when we get there. In addition, as we learn more about our residents, we develop insight on patrons' desires. We will be revamping our menu to prepare for the coming busy season.

I would like to thank all of you who have filled out comment cards to give insight on what you are looking for in your community restaurant. We do utilize these comments when changing our offerings. Thank you again for being loyal to The Views, and we look forward to an exciting month.

Funds donated to the Foundation are used to support organizations that provide health, cultural, educational, recreational, and charitable services in SCOV and surrounding areas. Donations may be made throughout the year in the form of cash, stocks, or gifts-in-kind to SCV Foundation at 1565 E. Rancho Vistoso Blvd., Oro Valley, AZ 85755.

A recent gift of a golf cart to the Foundation provided a tax write-off for the donor and a refurbished cart for the purchaser. This was a three-way win for the donor, the purchaser and the Foundation. A fourth win is for the organizations that receive these funds from the Foundation. Many are Sun City clubs that make and collect items to distribute to organizations helping the needy throughout the area. Our thanks go out to all that contribute to the Foundation.

Thank You Corner

This section allows residents to express thanks to the community. Articles should not exceed 50 words and should not contain thanks to specific persons.

My name is Susan Lafontaine. On March 21, 2017 my husband, Joe Lafontaine, passed away after a brief illness. We do not live in the Sun City Community but we do have an outside membership to the golf course, The Views.

The outpour of love and support Sun City has shown our family has been amazing. It has come from the Men's League, Ladies League, Pro Shop and Restaurant.

We have had so many cards from people that live in Sun City that are not golfers. We have been blessed to be involved in your Community.

Thank you all,
Sue Lafontaine and Family

Many thanks to the Foundation for their recent generous grant to the Library. The funds will be used to update and expand our large print, audiobook, and children's collections. Community support like this helps make the library one of the gems of SCOV. We are very grateful for their support.

Clay and glass collaboration.

As summer begins in earnest, the Clay Studio quiets to visits by members remaining in the community seeking a cool place to work and see their muddy friends. Although most regular activities are on hiatus,

cleaning and visiting and sharing a glass remain on the informal agenda of these hot months. Orientations will only be held when the instructors are available on an as needed basis when a full class has accumulated. They will resume in September with the rest of the usual activities of the season. We miss our wandering friends and look forward to their return in the fall.

Ron Sanford is the builder of the model of the Swedish warship, Vasa, that is displayed in the case in the Activity Center.

During the summer all SCOV residents are welcome at our monthly meetings and the use of the Modelers Room. On any day, if the lights are on and someone is in the room, stop in. At our meetings, you will see what we are about, and you may enjoy a cup of coffee and a sweet roll. From time to time, we schedule field trips of interest to modelers.

When cleaning out your closets, please keep in mind that we do not accept non-washable fabrics, zippers, embroidery hoops, large knitting needles, crochet hooks or patterns. Can you help us by sorting out these items before donating? In turn we can only throw them away ourselves. Maybe you will be one of those who can't resist being involved in several groups. When you join Thimblelenas you can be active in as many of the seven groups as you wish: Machine Embroidery, Tapestry Rug Hooking, Cheer Bears, Pet Beds, Seniors for Kids, Casa Amigas and Sun City Vistoso Quilters. During the summer, we do not have a regular training schedule.

As with the general population of SCOV, many of our members have headed toward cooler temperatures for the summer. Safe travels to all, and we look forward to seeing you back in the shop again this fall.

Long time member, Kent Lombard, and his wife, Peg, have moved to Colorado to be closer to family. Kent was one of our silversmithing instructors, and the students greatly benefited from his knowledgeable and patient guidance. We will miss them, and we wish them all the best in their new adventures.

Hot, hot, hot. There is no other way to put it. This is a good time of the year for those that want to cool off in the glass studio. With our seasonal residents gone, we have plenty of shelf space for those projects and also kiln space is available and we are seeing projects have a fast turn around time.

We have a lovely new display window thanks to Mary Sherwood and her talents. Too pretty not to use.

Please take a look when you visit the Artisan Center area. We have a lot of new residents who seem to be getting familiar with all we have to offer and taking beginners' classes. Welcome all newcomers.

I want to thank all our members who volunteer to do kilns, wash towels, help our new members get used to this hobby and especially to those who work to keep tools in working order and keeping a clean and safe work space for all.

Interested in getting started in astronomy? No worries, that makes you like almost all of us in the Astronomy Club. We have several members that can get you going and are always available to help.

Pictured is Nelson Tilden discussing binocular basics. Binoculars are useful for seeing large craters on the Moon, the moons of Jupiter, the occasional comets and grouping of stars (constellations). Nelson also explains and lectures on the "do's and don'ts" on using and buying a telescope. Nelson organizes and hosts the very popular "Star Parties."

Tucson has clear, dark desert skies and first-rate observatories. It is often referred to as the astronomy capital of the world. Our club features prominent guest speakers from local astronomy organizations (like the U of A). We will be getting started again Thursday, October 19. Consider learning about our Tucson skies.

Men's Bible Study

Jerry Anderson 520-638-6586, Rick Thomas 520-591-0475
Oct.-May, Tue., 7:30 AM, Catalina Vista/Mt. Kimball

We are in our summer schedule and will not be conducting the Bible study sessions until the first Tuesday in October. However, many of us continue to meet for a casual breakfast at The Views Restaurant each Tuesday at 8 AM. Please join us.

Precept Women's Bible Study

Linda Miller, 425-890-9967
Corinne Diven, 520-971-9430
Oct.-Apr., Wed., 9 AM, WC3

We always welcome new members, even if you cannot attend the entire session. Our fall session begins Wednesday, October 18, with the last half of the book of *Jeremiah*. Our facilitator for this study is Dorothy Smith who will lead us through a review of our weekly homework. We then view a DVD lesson by David Arthur. Our study of God's Word to His people (through the prophets) helps us to observe the Scriptures; we will learn about God's message to a rebellious Judah as Babylonian exile loomed. Join us for a blessed experience with stimulating discussions.

Co-Pres. Cynthia Kartman 414-732-3063
Glenda Tonkin 520-207-4802 gt99673@gmail.com
First Mon., 1:30 PM, Catalina Vista/Pusch Ridge

Note: The July meeting will be at Joyce Franke's home. Directions will be sent in advance of the meeting.

At our July meeting we will discuss *The Tumbling Turner Sisters* by Fay Juliette. Set in the turbulent times following the end of World War I, this historical novel tells the story of four sisters and their irrepressible mother hitting the road to make a living in Vaudeville after their father is left injured and unable to work. Life on the road is a heady mix of excitement, shady characters, hard work, seedy theaters and hotels as they struggle to learn the ropes of making a living as performers.

August 2017: *The Quartet* by Joseph Ellis. Pulitzer Prize-winning historian Joseph Ellis takes up the story of what happened after the end of the American Revolution by following the roles played by George Washington, John Adams, Alexander Hamilton and James Madison in the political events of 1783 to 1789.

Want to research in the Genealogy Room? Not sure when it is opened by a monitor? Just check our website listed above and click on the calendar in the right-hand upper corner.

Are you just a name and date collector for your families? Education is your best bet for accurate research. Our library in the Genealogy Room has so many helpful books to give you answers about the areas, the laws and the customs that make each unique. Read them in the Genealogy Room or check out a few for home study. New books are added frequently.

If you read or see something that may be of interest to other club members and want to suggest it for posting to our blog, you may forward it to Michael Carroll, our webmaster, mcarroll@pox.com.

ILR - Institute of Learning in Retirement

Two free summer courses start this month: "Civilisation" and "Early Music Backstories, Music in Context." While the courses are free, you do need to register. Summer is rapidly melting away. How are you coming with your research for a new (or refurbished) ILR course? Maybe it is still just an idea? There is still time to work it into a full-fledged outline for the winter course offerings. Talk it over with Randy. He can help you pull it together and get it on the calendar.

Poets Corner

James Pavlakis 520-612-7328 pavlakisj@yahoo.com.mx
Mon., 10 AM-Noon, Desert Oasis/Saguaro

Poet Sandra Simonds expresses her concern about climate change in "A new obsession. How to get out" that begins with her dream of "...my car ending up in a body of water." Certainly in Tucson, we have all heard that even six inches of water can sweep your car away. But the poem goes on to say: "I don't like water...It scares me. I know all life was born of water...I know that water is beautiful and mysterious. But why does it sweep people away? I want to push down the rising seas. I look at a map of cities that will be underwater by 2100, 2200—Jacksonville, New Orleans, Amsterdam. I want to push them down with my bare hands."

Protest poems are often an emotional plea for help in resolving a problem that the poet believes is important. Poems that reveal deep feelings are always welcome at the Poets Corner, as well as the poets who write them.

Fido's Friends is the club responsible for our dog park in SCOV. The park is a roomy, safe environment for dogs to enjoy off-leash activities with their owners. The big dogs love to chase balls and frisbees around the park, and the little dogs like to chase each other and interact with their canine pals. Dogs really look forward to their time at the park and often remind their owners when it is time to go to the park. If you have a dog who could benefit from some free-running fun, join Fido's Friends and give your best friend a place to romp and play.

Neither partner nor prior experience needed. Typical dance session consists of 12-15 mostly easy folk dances always preceded by instructions. Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Summer is a great time to commit to a core strengthening exercise routine. Why not try Pilates? Small summer classes offer you a great opportunity to learn. Even 40 years after his death, the Joseph Pilates exercise system is in high demand. Fortunately, Sun City offers these classes twice per week on Mondays and Thursdays. People ask, "Can the benefits, which come from the strengthening and stretching exercises we do, really develop the body's core (abdomen and back muscles), increase spine mobility and build flexibility?" The answer is a firm, "Yes." Additional benefits you will notice when taking the group mat classes, are better balance, more muscle tone and increased stamina. Classes are specifically designed for seniors and are taught by two experienced instructors. The cost is only \$8/class with annual club dues of \$20 pp. Please join us or just come by and watch. Call Mary.
