Who? Me? A Board Member? No Way!

by John E. Wilson

A few months ago, I was invited to attend a meeting of several SCOV residents who were considering becoming candidates for a Board position. I was asked to provide them with a few comments about my personal experience as a candidate, and now a Board member. With the hope that some of you might be interested in running for the Board, I will briefly summarize the comments I made to that audience.

First, until someone suggested my name to the Nomination Committee and that committee sent me a letter asking that I consider becoming a candidate, I had never thought about doing that. I had no burning political ambitions but having been asked to consider it, I did, and decided it might be a good way to be involved in our community. I did not become a candidate because I had a special issue to push or an axe to grind.

Second, considering that there are only seven Board members, elected from a community of 4,000 or so residents, I figured that you must be pretty special to be on the Board. Seven from over 4,000? Wow! That was a very humbling thought. I soon found from talking with several Board members, past and present, that they were special, but not in any elitist way. They were special in that they were willing to give up their time, and quite a bit of it, because they wanted to help guide the operations of our SCOV community. Just good solid, straight-thinking folks who would do their best to make sound decisions for the benefit of their fellow residents.

Third, I learned that no Board member is in this alone. We help each other, educate each other, support each other. Although we don't always agree, I don't believe any Board member thinks that another member is acting on the basis of anything other than what they sincerely believe to be in the best interests of our community. And, I must add, the staff of the SCOV Administration is a wonderful help in providing information and support to Board members. Being on the Board is a challenging but very rewarding experience. I thank the SCOV community for giving me the opportunity to serve and hope to justify your trust.

General Manager - Mark Wade

The Role of the Neighborhood Pride Committee

The staff or volunteers you see occasionally walking around the community with clipboards or tablets, are the Neighborhood Pride Committee (NPC); they are the Association's covenants enforcement officers. They're inspecting the property to ensure that everything is working properly, that conditions are safe and that nothing is reducing property values or your quality of life in our community.

In short, they're making sure policies and rules are being followed, from parking and unkempt yards to improper exterior modifications and more. They field complaints from fellow homeowners and, if necessary, remind you (or your neighbor) when a rule has been overlooked.

The NPC report their findings to the Association with photos and detailed notes. Most violations are easily resolved without Board action. If not, after a letter from the Association invites compliance, the next step is a hearing before the General Manager or the Board. We want to hear your side of the story. Those who continue to ignore rules may be fined, or worse. The most serious cases may end up in court, though we try very hard never to get to that point.

The Association's Neighborhood Pride Committee performs a vital function; please treat them with courtesy and respect. If you have any questions about the rules, the officers should be able to explain most of them. The General Manager and Board members also are happy to listen and respond to your concerns.

When you purchased your home in our common-interest community, you became contractually bound to abide by the covenants that protect the Association. Please review them and ensure you are in compliance. You can find them on our website. Also remember that the NPC doesn't take the summer off and your homes still need to be cared for even if you're not in residence. We appreciate you assuring the weeds are cared for during the summer months.

It's More Than Living... It's A Lifestyle!

New Homeowners Dive Into SCOV Lifestyle

By Jim Mitchell

If you think "It's More Than Living... It's a Lifestyle!" is just a tagline, read on to discover how it plays out in the lives of new homeowners here.

MaryAnne London, Bloomington, Minn., says she had no intentions of buying, but signed up for an Ambassador tour. Two women at the AFC pool asked her, "Are you going to join us in paradise?" She bought a home here and is now retiring at the end of May.

"Work interfered with my pickleball," she muses. She's belonged to two other pickleball clubs, but explains, "I don't think they realize what a great club this is. Members are willing to give instruction, and they're just the nicest people."

Steve and Rosa Morrison rented a home for a month last October and loved it so much that they bought in December. Flower Pot District neighbors welcomed the Anchorage, Alaska natives with flowers, scones and wine. Rosa notes, "People are so friendly here. You see smiley faces everywhere."

Steve enjoys golf at The Views a few times a week and plans to join the Men's 9-Hole Golf Club. He's also joined the Modelers and Astronomy clubs and has taken the introductory woodworking class. Rosa's interests include dances, Institute of Learning in Retirement (ILR) classes and water aerobics. "(Our instructor) Lonnie just cracks me up," she jokes.

Bob and Mary-Page Jones, Fort Collins, Colo., had looked at seven different active adult communities before choosing SCOV. They appreciate that our Sun City is built out.

Bob enjoys astronomy, painting and genealogy. Mary-Page recalls, "When I saw the silversmithing shop, my long-time love, I said, 'Oh, wow!' I took the three-day orientation and the half-day in the lapidary shop. The mentors were so great in answering questions. They have extraordinary talent here, amazing equipment and the people are so fun. Sometimes I have to leave the studio to come home and fix dinner."

Bellingham, Wash., natives Don and JoAnn Vesper drove down while vacationing in Phoenix. They took the tour their only day here and decided to rent last September. Within a month, they started to look for a place to buy.

Don says, "What sealed it for us is that it didn't feel like a cloistered community, and the amenities are in great condition."

Don goes to the gym and JoAnn exercises with water aerobics three days a week. They enjoy the live entertainment at

the weekend happy hours. Both have joined the Garden Club, attended ILR classes and have started golfing. They now play in the Chipping & Putting League on Thursday evenings. "It's great fun, and so is the socializing afterwards," Don explains.

JoAnn concludes, "You have to work hard to be bored here."

Al and Judy Williams, Scottsbluff, Neb., moved here full-time in January. They appreciate all the opportunities. Al quips, "If you can't find something to do here, you just aren't trying."

Both have joined the Day Trippers, Garden Club and Prepare and Share Dinner Club, the latter after being invited by a neighbor who was hosting the monthly gathering. They also like swimming in the Desert Oasis pool and working out on the Life Fitness machines and stationary bikes at the AFC.

Porter, Texas, transplants Salvador and Susan Hernandez looked at five different active adult communities around Tucson before concluding that SCOV was the friendliest. Susan remembers residents saying, "Oh, you're going to love it here."

Salvador had never tried his hand in art, but now joins other artists at the Catalina Vista studio developing skills in colored pencil and sculpting. He also plays cribbage, table tennis and golf. Susan enjoys tennis, sewing and the opportunity to delve into a variety of endeavors.

She admits, "We were a little leery about living in a community because we always lived on an acreage. But we just love it."

Jim and Judy Szidik, Holland Mich., had been renting in Hilton Head for years, but the threat of hurricanes kept them from buying. While visiting friends in Tucson, they decided to drive through SCOV, appreciating that we are not gated and they could be on their own. They also liked that they could rent for a month, which they did last December. They're now renovating their new home and appreciate the administrative staff's help in meeting standards.

Jim says, "Strong covenants and enforcement make SCOV look much younger than its actual age, and the strong balance sheet should ensure that it'll remain looking good over time."

New homeowners are attracted to SCOV for a myriad of reasons, but MaryAnne London sums it up concisely, "I don't know a lot about other Sun Cities, but this one is a jewel."

Website Color Refresh

Check the website for its new color scheme. It will be making its appearance in the next few weeks. Beautiful desert colors have been selected to refresh the look and feel. This update is one of three that have occurred this year. The other changes to the website include updating the CONTACT US page to be friendlier and easier to gain information. The third change was reorganizing our calendars at the bottom of the home page to make it easier to find fun things to do, exercise classes and Association events (like Board meetings). There are even analytics on the web site to determine how people are coming to our website, what's the most popular page and pages that need review due to inactivity. The website is a daily evolving communication tool. Changes are made several times a day to provide you with the most current information about what's going on in Sun City Oro Valley.

Article to Come

Spring brought beautiful blooming flowers to the common areas this year. As we turn to warmer months, I want to remind you to please drink water. A few sips every half hour can avoid dehydration and related medical problems.

Enjoy being in our cool Auditorium for our monthly free movies. It's a chance to get out, be with friends and avoid the heat. We have our annual bus trip to the Arizona Diamondbacks baseball, and if you did not know, the stadium is air conditioned. The fun does not stop in SCOV just because it is getting hot.

Town of Oro Valley Code - Excessive Noise Caused by Animals or Birds

The Association gets calls from residents wanting relief from their neighbor's barking dog. We always advise that the best way to start is by having a conversation with your neighbors, letting them know how this affects you and the neighborhood. If this is happening when they are away from home, your neighbor may be unaware that their dog is lone-some, hungry or needs attention. Other times, they just don't think the situation warrants improvement.

Since excessive noise caused by animals is handled by the Oro Valley Police Department, we want to provide you with the definition, process and penalties you should be aware of as a pet owner or as a resident who wants to register a complaint, starting with what the civil infraction means:

Direct from the Code 18-8-1: "It is a civil infraction for anyone to own, possess, harbor and/or control any animal or bird which frequently or for continuous duration howls, barks, meows, squawks or makes other sounds, if they are clearly audible sounds beyond the property line of the property on which they are conducted and they disturb the public peace, quiet or comfort of the neighboring inhabitants." The full code can be viewed at codepublishing.com/AZ/OroValley/.

To register a complaint, call the Town of Oro Valley Police Department 520-229-4900.

Did you know that over 45 library volunteers put in more than 5,000 hours every year? In addition to the cheerful volunteers you see working at the desk, additional volunteers work in the back room cataloging new items, sorting donations, covering and putting labels on books, audios, and videos, calling with overdue reminders and more. This volunteer spirit is one of the things I love best about SCOV, and we wouldn't have our library without them.

What's new on the shelf? In regular print, *Love and Ruin* by Paula McLain and *The Fallen* by David Baldacci; in audiobook, *The House of Broken Angels* by Luis Alberto Urrea and *The Fallen* by David Baldacci; in large print, *After Anna* by Lisa Scottoline and *Beneath a Scarlett Sky* by Mark Sullivan; and in video, *The Outlander: Season 3* (Caitriona Balfe and Sam Heughan), *The Greatest Showman* (Hugh Jackman) and *The Post* (Meryl Streep and Tom Hanks).

Recreation and Fitness - Lonnie Davis

ldavis@suncityorovalley.com 520-917-8073

What is Dehydration?

Dehydration is when our body loses more fluid than we take in. It can happen quickly, and it can be fatal. Generally, the Institute of Medicine recommends a daily total water intake of 15 cups (or 3.5 liters) for men, and 11 cups (2.5 liters) for women. Other factors such as age, weight, lifestyle and physical condition also play a large part. Healthy hydration is drinking enough water for your personal health and lifestyle profiles. We live in a warm climate, so drink up. Water is portable. Carry small bottles with you wherever you go.

Special Note From the Aquatic and Fitness Center (AFC)

Orientation on how to use the gym equipment is held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, May 8, the AFC pool and spa will be closed for cleaning and shock treatment. They will reopen the following morning at the regular time.

Wednesday, May 9, the Desert Oasis Pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Association Committees

Active Health

Chair Janyce Lundstedt 503-475-0520 janyce.lundstedt@gmail.com
Nov.-Apr., Second Tue., 1:30 PM, WC1
suncityorovalley.com/members-login/committees/active-health

As a follow-up to the March Active Health presentation by Dr. Richard Menet, we have posted his suggested reading list on the SCOV website at Members > Committees > Active Health.

It is time again to prepare for our summer heat. As always, hydrate more than usual and wear sunscreen. Put sunscreen on at least 20-30 minutes before going outside as it needs time to absorb. This also means that putting it on and

jumping in the pool is useless and leaves oil in the pool.

If you are one of those people who would prefer to walk indoors out of the heat, indoor walking is available at the AFC on Mondays and Fridays from 1-2 PM. Three years ago, the Active Health Committee arranged summer indoor walking, and Lonnie Davis graciously extended it to the full year. The advantage of dedicated times is you find others with whom you can walk and talk. In addition, walkers are also welcome in AFC rooms 1 and 2 when there are no classes setting up or taking place. All levels are welcome. Come and walk and bring your neighbor.

Enjoy your summer, especially your travels to get a break from the heat.

Activity Center Renovation Committee

Chair Ed Zwerling

First and third Tue., 10 AM, AC/Hohokam Room

The Activity Center is the building that includes the Auditorium, Kachina Lounge, Dance Studio and Native American Rooms. Structures such as attached patios and storage areas are considered part of the Activity Center. The Bell Tower and Artisan Center are not part of the Activity Center. The areas surrounding the Activity Center such as parking lots, walkways and water features may be considered part of the Activity Center renovation if required by changes to the building.

Aquatic Fitness Center Advisory

Chair Stan Shopa

First Wed., 11:30 AM, WC1

aqc@suncityorovalley.com

The Aquatic & Fitness Center (AFC) wrapped up a successful year in addressing many resident suggestions and concerns. Three of our strongest targets in the past year: reconfiguration of the gym to accommodate more activities, reviewing pool protocol to maximize aquatic usage and diversity and constantly reviewing procedures as suggested by our residents. Special kudos to Ann Fall, Pat Herman and Ruth Coleman as AFC committee members with a total of 10 years of service.

Next meeting: October 3. Have a great summer and thank you for allowing us to serve.

Architectural Review

Janice Strassburg 520-338-2568 janicestrassburg@gmail.com
Second and Fourth Tue., 2 PM, WC3

Just in case you are not aware, you no longer need a tree in your front yard. If you have one of those messy mesquites, palo verdes, oaks or African sumacs, you may have it removed and no permission is needed. Don't plant anything in its place that is not on the approved plant list. We are trying very hard to limit trees that grow taller than rooftop. Our mountain views are very important.

Items that may be approved in-house through the Community Services Office are a whole house paint, roofing replacement, flatwork such as pavers and identical garage door replacement. Larger projects require having someone from the Architectural Review Committee (ARC) visit with the resident to go over what the project entails. Items that may impact painting require an ARC follow up inspection to assure that the paint matches where it meets the existing structure. We appreciate your cooperation so that we continue to look pristine now and into the future.

Election

Vote results were reported Tuesday, March 27. There were 1,389 total votes cast. The newly elected Directors are Joy Huxtable (839) and Lou Gard (667), both elected for three-year terms. All five initiatives passed:

Bylaws 3.4 Notice of Meetings to allow for more individuals to call the meeting and expand the method through which the notice of the meeting is provided (For 1266, Against 83, Total Votes 1349, Needed to Pass 904).

Bylaws 5.1 Nominations of Directors to update the documents to reflect the current practice as recommended by the Nominating Committee and approved by the Board to send to the community for a vote (For 1289, Against 61, Total Votes 1350, Needed to Pass 905).

Bylaws 9.1 to remove the Food and Beverage Advisory Committee from Standing Committee status. They would be changed to Service and Support Committee status at the recommendation of the Food and Beverage Committee. The rationale for this change is that the committee advises and works closely with staff, which is the function of Service and Support Committees (For 1224, Against 118, Total Votes 1342, Needed to Pass 899).

Bylaws 9.3.a Election Committee to change the number of committee members required to reflect current need (For 1237, Against 107, Total Votes 1344, Needed to Pass 900).

Bylaws 9.4 Nominating Committee to change the number of committee members required to reflect current need and update the documents to reflect the current practice as recommended by the Nominating Committee and approved by the Board to send to the community for a vote (For 1216, Against 127, Total Votes 1343, Needed to Pass 900).

Finance-Budget

Chair Sharon Miller muggins48@comcast.net
Third Mon., 1 PM, WC3

The committee typically does not meet from May through September. Meeting agendas, minutes and financial reports are posted on the SCOV members-only website.

In the coming fiscal year, staff and the Finance-Budget Committee will be reviewing policies, annual contributions and allocation of Association resources as related to SCOV's cash investments, contingency fund, asset reserve fund and capital contribution fund. We will also be exploring the pros and cons of a staff addition for a purchasing and contracts manager. The Committee's goal is to complete its reviews and submit any recommendations to the Board no later than the Board's December 2018 study session. Contact Sharon Miller for more information.

Food and Beverage Advisory

Chair Barb McNeill bjmac68@gmail.com
Oct.-May, First Fri., 2-3 PM, The Views Terrace

By the time you read this, the Blue Ribbon Panel has made their report to the Board of Directors (BOD), and we have a plan of action for revitalizing The Views Restaurant (TVR) including kitchen re-arrangement and staff training to insure service/food consistency.

Some recommendations from the restaurant consultant have already been implemented: the 10% resident discount ended April 17, allowing TVR to start increasing revenues. (Focus group feedback provided support for this action. These groups also re-enforced that residents want TVR to be successful.) More cost savings are in the works.

When the café became a full-service restaurant over a year ago, there was no overall business plan. The BOD has now provided direction for future planning: "The Views Res-

taurant is, first and foremost, an amenity serving the residents of SCOV and their guests. ... For all, the goal is good food and drink from a varied menu, well served, at a reasonable price...."

Seasonal residents are heading north, and Friends of the Library (FOL) activities are slowing down. FOL wants to again thank the members for their help and financial support of the Library. This gem of SCOV thrives because of community support. We are looking forward to next year's activities. In the meantime, sitting by the pool, in the shade, reading a good book is a wonderful way to spend the summer. Enjoy.

Before We Know It

Before we know it, summer will be here. We bid farewell to those who leave our community for the hot months ahead. Remember to have someone look after your home and yard while you are away, even if you are only gone for part of the time. A messy yard is an indication that you are gone and puts your home and belongings in what could be an unsafe situation. During our monsoon season, weeds grow in abundance and need to be removed as quickly as possible. With the upcoming storms, there are times when it's necessary to reach homeowners due to roof tile damage and/or trees down. Don't forget to leave your summer address and phone number with Administration should someone need to contact you.

Have a great summer knowing that your community and home here will look just as nice when you return as when you left.

Get Back to Golf

Our goal is to find creative ways to introduce our residents to The Views Golf Club. Whether it's joining one of the active men's or women's golf clubs, group or private golf lessons or just playing in general at special discounted pricing for residents, there are many ways to participate.

One of our most popular events on Thursday afternoons is the Chipping & Putting league. We have well over 200 residents signed up and have 80 play on a regular basis. It's a fun way to introduce people to play the course without feeling intimidated by playing from the full distance at the standard tee markers. We set up the course from 25 yards and closer to the green with no scorekeeping. We play in groups of six people to meet more people and gather together after golf at the restaurant terrace for drinks, food and raffle prize drawings. Best of all it's only \$5 or \$10 pp to participate.

Some of the comments we have heard are, "Thank you, we have lived here for 18 years and have never played the course. We had a great time and will be back." "My husband hasn't played in over eight years, and I'm so excited to get him back out on the golf course."

Please join us for Chipping & Putting or any and all of the fun activities we provide at the golf course.

Contact us at the Pro Shop if you have any questions at 520-825-3110.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

May is the time of the year when the golf course maintenance department really starts to get busy. The transition from winter Rye-grass to the summer Bermuda grass is in full effect. The Ryegrass has been chemically treated and is being slowly removed from the fairways and tees as the Bermuda grass is starting to come out of dormancy. However, a lot more is going to be happening on the golf course this summer.

The pond project of dredging out debris is going to start in early June. The pond on the right of #10 cart path was dredged a few years ago to remove the large amounts of silt running through the pumps and the irrigation system. However, this debris was moved to the pond on the left of the cart path so it still needs to have this material removed.

Another project will be repairing more traps that don't drain well. Last summer we repaired three greenside traps on hole 18 and the right side one on hole 1. That repair work has been successful and those traps now drain well leading to much better playing conditions. This summer the other trap on hole 1 will be fixed, as well as the greenside traps on hole 5.

The chipping area has developed a large mound at the start of the fairway where divots have been filled over the years. We are going to smooth that mound into a small tee box to both eliminate the mound and add a new feature to the practice area.

As our golf season comes to a close, I would like to thank the league reps and alternates who served this year: 18-Hole Men's, Gary Lokkesmoe and John Rowe; 18-Hole Women's, Debbie Huffman and Uyvonne Mangini; 9-Hole Men's, Bob Henderson and Gary Gibson; 9-Hole Women's, Beth Allen and Joanne Breslin. Play Wed.

April brought a close to the tournament schedule for the season with the completion of the Member/Guest Tournament. Kevin Devaney and his volunteer staff chalked up a huge success. With 51 teams competing, it was the largest turnout in many years. Thanks to all who participated and the sponsors and volunteers who supported the event.

The business sponsors and raffle prize donors who con-

tributed to the Tournament were Breadsmith, D&V Landscaping Services, Home Projects LLC, Mister Car Wash, Oro Valley Country Club, John Raymond & Sons Construction Co., Quail Creek Golf Club, Strongbuilt Enterprise LLC, Southwest Kitchen & Bath, The Keg, Vistoso Automotive and Wendy Wise State Farm. Your support of these businesses would be appreciated.

Golf for the next few months will be of a more casual nature as the number of participants shrink and the weather dictates participation levels. As always, keep that jug of cool water handy.

We play 9 holes Thu. morning

Welcome to all the new golfers who have joined over the winter. We look forward to lots of golf with our new friends. If you're interested in joining us, call our membership chairman, David Chatterton, for information. This is a fun group of fellows.

Our last regular scheduled game of the season was April 26, but we do continue with Thursday morning play all summer long. We throw a couple of dollars in the pot, and some lucky winner takes home a small pot.

The 9-hole tournament finished on April 5, and as expected, there were a few lucky winners and a lot of miserable losers. Why do we get addicted to this wacky game? Oh well, perhaps today I'll get a hole-in-one like five other fellows in our club this year.

Pattie Horning won her fifth match over runner-up Peg Bushong to win the Presidents Cup match play event. Congratulations, Pattie.

The Member/Guest fielded 24 teams of fun-loving ladies enjoying a better ball event with on-course challenges and a golf trivia contest followed by a lovely catered lunch. Prizes were awarded to three flights. Thanks to Ruth Bonfiglio and her committee for a wonderful event.

Claudia Svarstad won the three-day stroke play Club Championship. She was able to shoot three consistent rounds to capture the crown.

New officers elected at the April meeting were: Pres., Darlene Lamb; VP, Marty Blakely; Treas., Yvette Schulz and Sec., Leslie Chase.

Official league play will resume in November, but organized play will continue through the summer.

Special thanks to our outgoing President Nancy Klucking. You rock!

Play Thu. morning

Our club's winter season is winding down, and it was a fabulous year for ladies' golf. Our invitational, Birdies and Bees, included 98 players from several 9-hole ladies' leagues in the vicinity. We wish to thank Jolane Parker and Terrie Juba and their committees for planning a wonderful day of breakfast, golf, lunch and prizes.

We celebrated our season-ending round on April 26 with a

great luncheon for all of our members and presented awards in several categories.

We continue to casually play every Thursday morning throughout the summer until our winter season begins in November. Please join us by contacting our president, Pattie Horning, or one of our membership committee members.

We wish safe travels to all our winter residents and residents who get away in the summer months. We hope for a temperate summer of golf here in Oro Valley for all residents.

Food & Beverage Director - Aalt Brouwer

abrouwer@suncityorovalley.com 520-917-8074

Greetings from The Views. Summer is almost upon us. Some might argue that it's been here for a month. With the hotter weather here, we're looking forward to creating a new menu with seasonal entrees, more sandwich options at night and a new cocktail list. More information to come.

As some of you may have noticed, we have switched our napkins to a quality 3-ply product at an 8th fold. This replaced the highest quality napkin you can order which was a linen disposable napkin. This was a cost-saving decision. Last year we spent a little over \$10,500 on napkins. This was the fourth highest cost item for the year, behind brisket, chicken and ribeye. Through this decision, our annual cost savings will be estimated at 73% or \$7,600. This is a significant difference.

As changes are made at the restaurant, I will continue to be transparent and am always happy to explain the reasoning behind the changes that are made. Should you have any question, please don't hesitate to reach out to me.

Our perennial pros at work

When you look into our studio on Wednesday mornings, one comes to an immediate conclusion that these artists are seriously at work. There are periods when you could hear a pin drop because of the passion-filled artistic fervor. Later in the period, during our 11 AM critiques, things tend to get a bit more

boisterous. With our well-intended recommendations, complementary suggestions often need to be smoothed out, but the intent is always to improve the art piece. The submitting artist can take the suggestions or not, their choice.

Our "Distortions" theme show in the Activity Center offered many types of torqued and skewed images, and each piece had to be evaluated on its own brand and flavor of distortion. May finds our seasonal residents flying north, and we wish them a safe journey. Our studio is in full operation during the summer, so if you have any interest in artistic creation, please come over to Catalina Vista on Wednesday mornings and join us.

Japanese flower arranging (*Ikebana*) is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials.

At a recent club meeting, Larry Clark was the featured speaker. Larry has a life-long involvement with helicopters and fixed wing aircraft as a pilot and owner. He began his lively informative presentation with a history of the Bell HU-1A or Huey helicopter. He traced the development of the various models of the craft as it evolved into a multi-

role helicopter serving functions such as medical evacuations, VIP transport, troop carrier and gunship in the military where it was the "pick-up truck of the battlefield" as well as numerous roles as a commercial aircraft. It remains in civilian service as well as serving the Marine Corps. Larry then described his experience as a pilot in Viet Nam. He concluded by answering questions from the large number of visitors who had come to hear his presentation.

All SCOV residents are welcome at our monthly meetings and the use of the Modelers Room. On any day, if the lights are on and someone is in the Modelers Room, stop in. At our meetings, you will see what we are about and you may enjoy a cup of coffee and a sweet roll. From time to time we schedule field trips of interest to modelers.

Our beginning sculpture class, with Dave Dame instructing, is proceeding well, and the students are in the painting/patina phase of the process. There are some fine-looking pieces

being created by the class, and hopes are high that these are just the first of many more. Aleda Haug has been working with the more advanced members (previous head/torso classes) and refining their detailed sculptures. This is the month that the winter residents wrap things up for the season and migrate north. New pieces make their way into our studio showcase to be displayed through the summer. Our studio is in full operation during the summer, so anyone who has interest in clay sculpting is welcome to visit us on Monday mornings.

Let's start out this news flash with a great big "thank you" to the tennis club for the donation of \$790 they made to our group. It will go a long way in purchasing the supplies we need to keep the happy little cheer bear faces moving through the world.

Remember, you can join our friendly group on Wednesday afternoons from 1 to 3 PM. All help can be used, as we do cutting, embroidering, sewing, clipping, stuffing and hand sewing. Everyone can find a place and share friendship with happy people.

We will be slowing down now as the winter residents are returning to their homes in the other parts of the world. Starting in October we will be gathering in full force again and hope to see everyone together. Safe journeys and bless you all for the work that you do.

As our members scatter across the country for the annual summer migration, it is time to reflect on the accomplishments of the 2017-2018 winter session. We had three student orientation classes, graduating 18 people. Most of them joined the club, and many of them are very active in the daily activities of the shop, making lots of nice jewelry, providing additional opportunities for socializing and inspiring better attendance. Another positive dimension is the new ideas that they share, helping others to think about new materials, techniques, and designs. We have spent quite a lot of time on rehabilitating the lapidary table by repairing or replacing broken or worn parts, adding new types of polishing wheels, and organizing the wheels in a more logical sequence. Our new table saw has arrived and we are reorganizing the saw room for more efficient operation. Safe travels, and see you this fall.

We have had a busy start to the year. With one-third of the year already past, we have kept three kilns running and full. I am sure there are some nice gifts for family members.

On March 30 we said goodbye to long-time resident, teacher, mentor and friend, Wye Mace, as she moves on to independent living. We had a very successful ice cream social for her, and so many friends dropped by to see her and wish her well.

We have lots of classes and new members. If you are one of our members and are going to do some traveling this summer, keep glass and ideas in mind, take pictures, learn something new and bring it back. We are always looking for new ideas.

Thanks to all the volunteers that help with housekeeping, organization, kilns, and everything it takes to keep a club up and running. Carolyn Darby, you and your friends did spectacular planning for the ice cream social. Thank you.

Special thanks goes to John Njaa for his constant care of all the equipment and Don Jovag for taking on the daunting task of heading up the training staff.

The courtyard sale was very successful for the woodshop supply fund, thanks to all the generous donations of tools and equipment from our SCOV residents. We also received a donation of a much-needed additional workbench for the shop.

To all our winter guests leaving for the summer months, have safe journeys, and we look forward to your return to the woodshop. Thanks for all your hard work during the winter months.

Our speaker on Friday, May 18, is Dr. Kathryn Volk from the Lunar and Planetary Lab at the University of Arizona. Dr. Volk has written numerous papers and has done extensive research on the Kuiper Belt. She said, "I will review our ever improving (but still far from complete!) observational inventory of the Kuiper Belt in the outer solar system. I'll describe the challenges in studying the Kuiper Belt and the exciting science we expect to see as a result of the next generation surveys. Recent studies hint at the possibility that our outer solar system is hiding one or more unseen large planets." This is the last of our speaker series until next fall.

The Kuiper Belt is a huge circumstellar disc in the outer Solar System. It consists of small bodies of ice, rocks, dust and planets (like Pluto and Neptune). Other larger planets in the "belt" like Eris caused Pluto to be reclassified as a dwarf planet. It is thought to be the remnants of our planet formation.

In "Outed by Google" Poets Corner member Esther Berlot barely hints at the possible perils of being out there on the internet in a witty and not-too-serious tone:

Without consent/ my masks/ have been shredded/ Van-ity secrets/ have been outed/ I'm not sure/ my husband knows my age/ but Google does/ Like a wanted criminal/ my long list/ of hyphenated names and aliases/ are being questioned/ Who is the real Esther/ A once forgotten sin/ I registered Republican/ sits on my Google page/ There is no hiding/ behind the Cloud God/ Will I be called out for white lies/ for compulsive revising/ of old poems/ that I send out/ over and over again/ as new/ My poetry had languished/ in my computer for—forever/ No longer anonymous/ I've been outed by Google.

Anyone using Facebook to communicate with family and friends has good reason to be wary of who trolls there.

Please send in the questionnaire before June 30.

We're looking forward to our Harvest Ball in October. Enjoy your summer.

Folk Dance Club of SCOV

Fri., 10-11:30 AM, AFC/Studio 2

Folk dancing is more fun than a treadmill, and it's an excellent exercise for balance, mindfulness, muscle and mood. For most dances, we hold hands in a circle performing non-gymnastic steps to the sometimes strange but fascinating music and rhythms of diverse cultures, including our own. Neither partner nor prior experience needed. Typical dance session consists of 12-15 mostly easy folk dances preceded by instructions. Drop by to see if this internationally popular dance form is right for you, and see us in action by doing a Google search on Folk Dance Sampler YouTube.

This month also marks the beginning of our less-crowded dances, which means members may reserve a table for eight to ten people, members and nonmembers. We will also have more room on the dance floor and will move beverages and desserts into the Auditorium. The dance will be BYOB and snacks if you wish. Soft drinks, drink setups, water and coffee will be provided and desserts will be catered. See you on the dance floor. Rock on.

All members attending the April dance felt well and truly appreciated. The board and officers for 2018-2019 were elected and thanked by all for volunteering to keep this great club moving forward. A change in the way tickets will be sold moving forward was explained. Briefly: tickets will be purchased for a particular table. An entire table may be purchased to accommodate those who wish to sit together, and those purchasing fewer tickets will be guaranteed seats without having to line up an hour early and then wander through the auditorium looking for a place to sit.

The final regular dance of the year will be Thursday, May 10, music provided by A Wild Ride. This event will be catered, with beverages/mixers provided and BYOB. There will be a bonus dance on Friday, May 25 with Clear Country performing. This dance will be \$10 at the door, soft drinks and mixers provided but bring your own snacks and adult beverages.

Tickets for the May 10 dance on sale, Thu. and Fri., May 3 and 4, 9-11 AM, Activity Center, members \$5, nonmembers \$20

Aquatone is a toning water workout that incorporates a variety of rhythmic body movements performed in the water. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

We meet Tuesday, Thursday and Saturday, 9 AM in the winter, 8 AM in the summer at the AFC pool. There is no fee to join the club or the class. The teachers are club member volunteers. Being able to do a basic swim stroke is very helpful. Items used in the class are buoys, board, noodle, ball and fitness band. Most are available at the pool. A band can be purchased from Marcia for \$5. We assign an experienced member to a newcomer to help with learning the various movements. You will get a good workout in a fun class.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Joseph Pilates wrote that "physical fitness is the first requisite of happiness." To enjoy and get the full benefits of Pilates, a person needs to understand and apply the basic principles, which takes a little time and patience. Although different from other forms of exercise, Pilates is always enjoyable, interesting, challenging and can even be addictive. Our classes teach balance, breathing, focusing on your core (abdomen and back muscles) while controlling your movements. There is constant motion from one exercise to the next. As a result, strength and stamina are developed. Your spine is lengthened and flexibility and mobility of the joints and posture will improve. We have two experienced instructors who teach the Joseph Pilates system to seniors. The cost is only \$8/class and the annual club dues are \$20 pp. Please feel free to stop by and watch a class. For more information call Mary.

A monthly schedule of our 20-60 mile rides is available on our website. Our well-tested loop routes support a wide variety of abilities and usually include a mid-ride coffee stop. We also offer a mountain bike option on Wednesdays, which most often heads out into the Tortolita rangelands.

The new replacement pool table should be installed by the end of May. Additionally, the remaining three tables are scheduled for cloth replacement later this summer.

The Billiards Club internal championship play should be wrapped up soon, but not in time to meet the May *Tipster* publication date. Results will appear in the June *Tipster*.

The Billiards Club encourages anyone interested in playing (no experience required) to drop by the Billiards room in the afternoon. Lessons are available on request.

VP Membership Dave Burnham 360-798-9917

dburnhampton@gmail.com

scovpickleballclub.wildapricot.org

Summer is coming, and temperatures are climbing, just like our membership. Our new summer schedule will feature early morning and evening play. Lighting on our courts has been improved with baffles on the yellow under awning lights. See the new schedule on our website. With 369 members and still growing, we hope to add more courts for future growth. Pickleball is an ageless game that you can play with your family and grandkids when they visit. You will have so much fun and save money too because equipment is inexpensive compared to other games. Club members get to use free balls and club equipment all for only \$10 pp each year. Socials, mini-clinics, round-robin play, free wind and sunshine too. Get off your couch and contact us for free lessons. More information: contact Dave Burnham dburnhampton@gmail.com or Nelson Brown Nelsonb@gmail.com.

The SCOV POP Tennis Club is currently signing up charter members. The Desert Oasis courts have been busy with many new members enjoying this fun and active sport. POP Tennis is similar to tennis, but considered lower impact

as it is played on shorter, narrower tennis courts with shorter solid or perforated paddles, lower compression tennis balls and the same scoring and rules as tennis except for one underhand serve. Club dues are only \$5 pp, and the equipment is available for checkout from the Desert Oasis reception desk.

Racquetball

Mon., Wed., Fri. 8-11 AM, Racquetball Court, AFC

Our club spring social with members and family was a hit with everyone bringing appetizers, side dishes and desserts. Mike Pidone did a fantastic job grilling hamburgers. We have been experiencing a good turnout for racquetball play. With several players leaving town for the summer, this is the time to come

join us. If you desire to learn or just desire to have a nice workout in our air-conditioned court, please just show up or contact us. Happy 80th birthday to one of our veteran players, Mike Pidone. We also wish Dick Brammell a speedy recovery from an injury.

Table Tennis

Co-Chairs, Ruth Mayer 520-818-0066
Francie Galbraith 520-447-5834

We have play at all levels of ability and welcome new players. If you have not played for a few years, we will help you get back your game with some instruction. It is a great way to keep fit and flexible. Tables are at Catalina Vista and paddles and balls are available.

RV Club - Sundowners

Bill Hale 503-222-7000 whale77219@aol.com
sundownersrvclub.wildapricot.org

As you read this, many of our seasonal members have begun departing SCOV while others are getting ready for the slower pace of our Arizona summer. Camaraderie and fun continue year-round with the Sundowners RV Club.

The March trip to Page/Lake Powell was enjoyed by seven couples. The relaxed venue and plenty of free time allowed for group and individual tours and activities at several regional points of interest. This four-day outing is just one example of the low-key friendly atmosphere you always find at Sundowners RV Club events. If you own any type of recreational vehicle or perhaps have been contemplating buying one you are encouraged to join our club. Our combined years of experience and the resources available to members are simply second to none.

Check out the public view portion of our great website at the above URL and call for an invitation to our upcoming May 7 general meeting.

This quote is from a YOTO student expressing his thanks: "If I could meet with the donors of Youth On Their Own, I would give them a huge hug. I want them to know how much their efforts have changed my life, and the lives of all YOTO students, for the better."
