Our Lucky Life in SCOV

by Terry McFadden

It is hard to believe, but yet another whole year has slipped by. It didn't go totally unnoticed, but personally, I am positive there couldn't have been a full 12 months since the last time I sat down to write this *Tipster* article for the December *Tipster*. Still, here we are looking back at another Thanksgiving and forward to December holidays with shopping and parties and more shopping and... well, just everything that is crammed together in what seems like just a week and a half. Before you even have time to catch your breath, you are looking at New Year's Eve. Even worse, every year you seem to lose a little more out of this little wisp of time that starts with a turkey dinner, and in what seems like just an instant, sends you scooting out into a brand new year.

Now, I don't know where you will find time in this mad rush, but this is the month where you are supposed to take stock and reorganize your life to keep it under control so that next year will be better. Along with all of that, we need to find another couple of moments to recognize how good we really have it here in SCOV and the good old USA and to express our thanks. My wife and I have traveled extensively abroad, and we haven't found another country in the world that even begins to compare to the US, in spite of its faults. We are so lucky to live here in SCOV and in this unbeatable weather of Southern Arizona, where we don't have to worry about winter and shoveling snow and slippery streets. This endless summer is really great. So, find the time to recognize your good luck and all of your blessings, say a little thank you to whom-ever you think is responsible, then go out and enjoy the season. Happy holidays and a prosperous and enjoyable New Year to all!

Let's Hear It for the Yea-Sayers

We often hear about "naysayers" and their effect yet don't often hear about "YEA-sayers" and their effect. I'd like to write today about this formidable group of residents that are the yea-sayers. You can recognize them not only by their numerous positive comments but also by their many positive works and kindnesses that improve our community.

Yea-sayers generally like to gather in groups. Here are a few places the yea-sayers can be found: attend any one of the 13 standing, advisory or ad hoc committees or the 10 service and support committees; attend or participate in any of the 201 clubs or get to know other residents by attending or participating in any of the Association or club activities or events.

You will recognize yea-sayers by the subjects they discuss. Examples could include: how to improve the community at SCOV; how to improve our aging facilities; the positive events or activities that have recently taken place or those that have yet to take place; what new or better events and activities SCOV could have and how they can help the Board, staff, committees or other residents.

Whatever the yea-sayers are discussing, you can bet it is positive and in the best interest of the community. They build up, not tear down our community, staff or other residents. They create the sustaining atmosphere that brought most of our residents to this wonderful community. They will talk up the community, facilities, residents and staff. Their actions and talk help the community to not only maintain its positive character but also help sustain the property values of every home. I give a standing ovation to the YEA-sayers in our community!

I wish you all a very happy holiday season.

It's More Than Living... It's A Lifestyle!

A College Campus of Our Own

by Mary Lee Fitzgerald

Right here in Sun City is an array of college-level courses provided in two terms each year. The Institute of Learning in Retirement (ILR) is celebrating its 20th anniversary in 2023 having provided hundreds of courses to enthusiastic residents eager to stay intellectually engaged in learning.

Sun City is a remarkable gold mine of opportunities. If you never had time to improve your golf game, work on your tennis serve, try line dancing or pickleball, become a birder, try making a pot or learn to play chess, all of that and more is right here. Finally, there is time to explore and ponder new possibilities.

For more than 20 years, ILR has created on-site, an enviable array of classes you would find in any community college. ILRs got their start from a group of New Yorkers who had returned from an Elderhostel trip to Europe. "Do we really need to go all that distance," they asked, "when we could do so much learning right here at home?" Soon, several New York City area universities were sponsoring programs, then Harvard, then Yale, and a movement of adult learning was launched. Today, there are more than 400 ILRs across the country, some affiliated with universities and some not.

The University of Arizona initiated a program back in 1987 that caught the attention of several SCOV residents. There were 17 regular participants in SAGE (Seniors' Achievement and Growth through Education) driving down to the UArizona campus every week. But, it was taking longer to find parking spaces and hike across campus to class. Gene

ILR co-founders Lei and Gene Bammel

Bammel's term as co-president of SAGE was ending, and the initial attraction of weekly driving was waning. Gene, his wife Lei, and Ruth and Milt Damlich met to consider creating a satellite program here in SCOV.

ILR was chartered in 2003

with a set of by-laws; Gene Bammel was president, Jane Arndorfer vice-president, Lei was secretary, and Milt, as treasurer, deposited a small check to their new checking account on April 15, 2003. It has been a phenomenal success. Sun City ILR now has over 700 members and is still growing.

Hundreds of volunteer instructors have taught in the fields

of history, philosophy, religion, geology, culture, literature, anthropology and psychology. A continuing draw is the opportunity to learn something new in a setting with neighborhood friends.

This year, on our 20th anniversary, we are launching several new initiatives. "Learning on the Move," created by Alice Hutchison, provides off-site trips in the Tucson area several times during both the fall and winter terms. Courses called "2+" consist of two in-class presentations with an optional off-campus visit. Debbie Kotlarek is introducing letterboxing. Jerry Freund from Medicine Man Gallery is explaining the Navajos' Spider Woman myth and distinctive Navajo weavings from early 20th century trading posts. Bob Kitch, an international competitor in the atlatl, is introducing us to the growing sport of primitive weaponry.

The weekly Friday Forum will provide challenging, sometimes controversial topics for thoughtful listeners to consider more than one perspective: "Was the Wild West Really Wild?" with guest professor Eduardo Pagan from Arizona State University, "The Complex Legacies of the Spanish Colonizers" with guest professor Michael Brescia from UArizona and "The Mexican Border: What's Really at Stake?" with guest presenter, John Fife from the coalition of No More Deaths.

Thanks to the leadership of Randy Myerson, ILR has created a Tech Committee, chaired by Harold Wood, to provide opportunities for classes to be both videotaped and Zoomed as hybrid offerings.

The regular winter term of courses begins in February. Videotaped previews with the course instructors are on the ILR website www.suncityilr.com. Topics include: "The Roaring Twenties," "American Civil War," "Earth, Wind and Fire," "America in Vietnam," "Fun with the Chinese Language" and "LBJ and Lady Bird: America's Power Couple."

On Thursday, December 15, ILR is hosting a holiday tea for all SCOV residents to introduce the winter courses and an opportunity to meet the instructors. Attendees can register for courses on the spot. Additionally, we will recognize the founders of Sun City ILR and others who have contributed so much to its success. See Coming Events, page 12.

Website Tip Member Services > This & That

There's a lot for you on the Member Services section of our website. Check out the This & That section, which is our version of miscellaneous. Looking for an HVAC company? See the Consumer Referral Vendors list. Need a neighbor's phone number? See the Community Directory. Want to purchase a ticket to an SCOV event? See Tickets. If you need to change your address (leaving for the summer, returning for the winter), there's an easy form to fill out. Need a new nametag? There's a form to print off and bring in with your \$10 or send off to our vendor. This is the place to nominate Board candidates (we're done with that for the year). If you ever have questions about the Town of Oro Valley, this is where the constituent coordinator's email address is located. She can help you find out just about anything you need to know about the Town of Oro Valley. And there's much more. It's worth a moment to check out what's available in the Member Services section of our website.

There are two fun activities for December. The first is a community-wide holiday parade with decorated golf carts, beautiful cars, veterans, the Mayor and more. Join in the parade or watch along the route on Tuesday, December 20. See Coming Events for more details.

The second event is professional impersonator, David Gorgie, who has performed 1000s of shows featuring stand-up comedy, singing and acting. David does 30 different celebrities from Austin Powers to Frank Sinatra, Elvis, Johnny Cash, several Presidents and more. The show is the evening of Tuesday, December 20, and has limited seating. Details are in Coming Events.

Did You Know?

Development Standards 2.18 contains landscaping information such as a Prohibited Plant List and an Approved Tree List. It also includes directives about how these plantings should be maintained. On several corner lots, tree branches are blocking street signs and/or overhanging sidewalks and the street. Because our community is 36-plus years old, there are many trees and shrubs that have grown extra large over the years.

This is a reminder that it may be time to take a good look at some of those larger specimens in your yard and decide if they need to be pruned back or even removed. Root systems of these older trees are lifting foundations, driveways and sidewalks. There have even been reports of damage to sewer systems, which can be quite costly to repair.

Neighboring tree height and the disappearance of views often encourages neighbors to talk with each other and come to a mutual understanding that makes both parties happy. Enjoyment of our mountain views is part of why we live here, but shade is also important. Perhaps seeking a balance between our need for shade and the size of trees in our yards is something to consider when planning for pruning this year.

The Library is offering two author events and a holiday book sale this month.

Author Wynne Brown will present a visual journey through the remarkable life and work of Sara Plummer Lemmon (Mount Lemmon's namesake). Both Sara and her husband traveled throughout the Southwest and documented new plant species. Unfortunately, most of Sara's journals and artistic illustrations were lost in a fire at her home, and those materials housed at the California Academy of Sciences Building were lost in the 1906 earthquake and fires. Wynne Brown has done an exceptional job researching and documenting Sara's lifetime of adventures and exploration in her new book, *The Forgotten Botanist*.

The Library welcomes back local author Leo W. Banks to talk about his new novel *.45 Caliber Perfume*. This original, darkly funny new crime novel is set in the Arizona desert. Leo Banks is the recipient of the Western Writers of America 2018 Spur Award for Best First Novel and Best Contemporary Western for his book *Double Wide*. See Coming Events on page 11 for details of both December author presentations.

The holiday book sale is scheduled for December 15 through 23. Watch "This Week in SCOV" for a sneak preview of items for sale. Thank you for your continued support of our local community library.

Perfume or No Perfume

The question of whether you should wear perfume to the gym is another one of those topics with conflicting opinions. The air in the gym is sometimes filled with the results of users' efforts, especially during peak times when everyone is trying to grab the last treadmill or heading off to the aerobics class. People are sweating. People are breathing heavily.

Zoom meetings Second and Fourth Tue., 2 PM

Seeing a couple dozen submittals each month, we can safely say that home improvements are still happening. That said, there are challenges in finding some materials, such as white roof tiles. They are no longer being produced, and the available supply is dwindling. Another example is planning to expand an existing paver patio using identical blocks. There have even been comments surrounding the availability of the slump block and scratch block that is used in our community. Luckily, product has been found, and the projects are moving forward.

If you are making plans, be aware of material availability. If it becomes difficult to find an exact match and you located

a suitable alternative, reach out to the Architectural Review Committee. We can have a discussion on the option(s). There may be options that other owners have found which could provide insight for your planning.

By the time you read this, this year's directory may have already been delivered. Thank you to the volunteers who helped with the distribution to SCOV homes.

Consumer Referral - Vendor List

Susanna Moran scovconsumerservices@gmail.com

The Vendor List is on the SCOV website. After logging in, go to Members > Member Services > Consumer Referral Vendor List.

During Activity Center renovation, the Vendor List also may be viewed at the monitor's desk at Catalina Vista during business hours. Please check the Vendor List often, as changes are made frequently.

Vendors should email Susanna Moran to inquire about applying to be on the Vendor List.

Election

Election 2023

The Election Committee is preparing for another election cycle. Ballots will be sent in mid-February. There are two Director positions to be filled. The vote will be electronic unless you have opted out of all electronic communications from the Association. If you vote by hard copy, the ballot must be mailed to the address listed on the return ballot envelope. The Association is no longer accepting ballots in the Administration office.

The "Meet the Candidate" video interviews will provide the opportunity to view and listen to the candidates. There will be a web page listed under Member Services – Vote March 2023 with information.

February plans are to have at least two forums where questions will be asked of the candidates, so you can assess their understanding of and passion for SCOV. These forums will also be available in video format on the SCOV website. If you would like to submit candidate questions for consideration by the Election Committee, please bring them to the Administration office.

More details on the candidates and initiatives will be provided as we get closer to the election.

Finance-Budget

Chair Meade Davis meadedavis11@gmail.com

Quarterly Zoom meetings on Mondays. Check SCOV calendar for dates and times.

The Finance and Budget Committee meetings are typically held quarterly. The meetings may also be attended via Zoom. The SCOV website provides the Zoom link. Additional meeting times are posted on the SCOV website as needed.

Food and Beverage

Chair Bob Landis landisrc@gmail.com

Next meeting Thu., Dec. 1, 3 PM, WC1

The Food and Beverage Committee meets the first Thursday of the month. Did you know that your Association dues don't pay for the wonderful books, videos and audio books you check out of our Library? Your donations and membership to Friends of the Library (FOL) fund these purchases. Not only do we support the Library, but we provide wonderful events for members and the whole community.

Here's a teaser of what's to come this season. The Library will present authors Wynne Brown and Leo Banks in December and Anne Hillerman in January.

Have your gifts beautifully wrapped by FOL

for the little ones December 29 and 31. Our second Great Reads for FOL members will happen on Monday, January 23.

Due to supply chain issues that have impacted SCOV homes undergoing renovation, there won't be a Home Tour in 2023. Look for the return of our biggest fundraiser, a new and improved Home Tour, in 2024. For more information on all these wonderful events closer to the dates, call, check Coming Events and "This Week in SCOV."

Let us do the gift-wrapping. Bring your gifts on December 14, 19 and 20, and we'll wrap them for a donation to FOL. Our monthly Book Bingo is Wednesday, December 21. Having children visit this holiday season? We will have special Storytimes

young, discovering clay work in her 40s. She took wheel throwing lessons; then her job became too busy and she stopped creating. Returning to clay in retirement, the pieces made by hand are her favorites. Her work is both utilitarian and decorative. "I love angels and birds, drawing my own folk art and whimsical designs."

Linda's mother-in-law encouraged her to begin making jewelry. Linda said, "I love creating a new piece of jewelry from looking at the colors of clothing, flowers and floral bouquets. I design with trendy or classic themes, fun or romantic moods. I also created a personal design I call Dimensionz. When you see the design, it appears to be somewhat dimensional."

On Thursday, November 3, 40 members of the community attended our second Coffee with a Cop event. The Oro Valley Police Department Command Staff sat with the attendees and had one-on-one conversations over coffee.

Due to the success of the event, the Government Affairs committee will work with the department to establish a repeating schedule for these events. The committee is working on future events including forums with the police chief, the mayor and members of the town council. What events would you like to see? You are welcome to attend our monthly meetings on the second Wednesday of each month. You can also share your thoughts with us at our email address scovga@gmail.com.

Loan Room - Community Assistance

Chair Gay Russell

Third Thu., 3 PM, WC1 (currently not meeting)

Loan Room hours: Tue., Thu., 8-9 AM

www.suncityorovalley.com/members/services/loan-room/

The Loan Room has been busier this fall and, with Christmas here soon, many residents have visitors coming. The Loan Room has extra beds for adults and children (mattresses for both), some children's toys, safety items and tables and chairs. Since this is also a time when residents schedule elective surgery, you may need walkers, canes, crutches and bathroom items. You may make reservations up to two months in advance of a need either at the Loan Room or on the website. Please bring your SCOV card with you when you come in. We cannot use the fob in our system. We are open Tuesdays and Thursdays, 8-9 AM, and are located at the end of the Cart Barn. We hope to see you soon. Please remember, we are not affiliated with the Costume Closet. See For Your Information on page 13 for their hours.

Long Range Planning

Chair Sharon Kennedy kennesk@comcast.net

Second Wed., 10 AM, WC2 and Zoom; and Fourth Wed., 10 AM, Catalina Vista/Mt. Lemmon Room and Zoom

The purpose of our committee is to develop and recommend to the Board a rolling 5- to 10-year plan to maintain and further enhance the quality of life for current residents,

while ensuring SCOV remains competitive in attracting additional active, involved people to our community. Committee documents are on the SCOV website. Our meetings are open to all residents. Please check the SCOV calendar for changes in our meeting dates and location due to the holiday schedule.

Neighborhood Pride

Chair Bill Bable 248-231-2829, wcbcfp33@gmail.com

First Wed., 9 AM, Catalina Vista

www.suncityorovalley.com/members/committees/neighborhood-pride

As the end of 2022 approaches, the Neighborhood Pride Committee wishes you a most happy holiday season. Eighteen years have passed since our committee was formed, and our community looks absolutely beautiful. As a community, we should indeed feel proud of the way we look, not only to neighbors and ourselves, but also to those individuals who visit with the thought in mind to buy and move here. We sincerely thank you for your cooperation in helping to make SCOV such a wonderful place in which to live. Enjoy the holidays, your families, your friends and neighbors, and especially our beautiful community.

Nominating

Chair Lou Gard

Mon., 1 PM, WC2

The slate of candidates for Board of Directors is required to be posted by December 22. The Nominating Committee will have the slate posted accordingly.

Posse

Chair Linda Simón 520-789-7169 posse@SLP.com

First Tue., 3 PM, Desert Oasis

www.scovaz.com/members/committees/posse

Seasonal residents are returning, and we're delighted to see them. As it's getting dark earlier, check your outdoor lights to make sure they're working. Your house lights are very important for emergency personnel. You may have friends and family over for the holidays, and lighting helps them find your house and see their way to your front door.

The Posse board wishes everyone a very safe and happy holiday season. Join our ranks and support our community. For information, contact Linda Simón.

Properties

Chair Rich Oaks richoaks114@gmail.com

Third Thu., 9 AM, WC1 and via Zoom

We hope you've noticed the refreshed signs at SCOV buildings. The large signs with the brown background and white letters were looking tired. The brown steel background panels on the signs weathered, faded and oxidized over the years. Jack Evert, working on behalf of the Properties Committee, coordinated the effort to restore the signs including contractor selection, scope of work and project monitoring. Several solutions were considered, and the decision was made to remove the letters and background panels, refurbish or replace them, and then reassemble them on site. The light shades on some of the signs also oxidized and will be removed, powder coated and replaced. The refurbished signs look considerably better and present a clean, refreshed appearance to our residents, guests and prospective home owners. The Properties Committee works on a variety of tasks like this during the year. Our recent meetings have been in person and via Zoom. Please see the calendar on the SCOV website for scheduled meeting dates, times and meeting format.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

Season's greetings to you and your family. We hope you had a great Thanksgiving and wish you a Merry Christmas and a Happy New year!

We are grateful for you and are thinking of you during the holiday season. We would like to tell you how much we appreciate your support and look forward to the new year.

Before the year is over, we do not want you to miss the annual Pro Shop sale. Our special holiday sale will be Friday, December 9. You can pick up that perfect gift or a gift card for the holidays.

Also, our Annual Christmas Toy Drive is from Friday, December 2 through Sunday, December 11. We are collecting toys for local kids and families in need. If you bring a guest during this week with a toy(s) valued over \$40, your guest plays for free. Any toy(s) and food donations are welcome, whether playing golf or not. We appreciate your kind and generous contributions and support over the years.

As a reminder, the Pro Shop closes at 2 PM on Saturday, December 24, and will be closed Sunday, December 25, to allow our team to spend time with their families.

However, if you have a private cart and would like to play golf on Christmas Day, you are more than welcome. There will be no scheduled starting times. Also, the driving range is available to hit practice balls if you have a prepaid range card. On New Year's Eve, the Pro Shop will close at 2 PM and will be open normal hours on New Year's Day.

We again wish you a wonderful holiday season and a happy New Year!

Director of Golf Maintenance - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

December is historically the time of year when the temperatures get cold enough to start having frost. Here is a reminder on what frost does to the grass and procedures to follow when a delay occurs.

Walking or driving on frosted grass causes damage to green leaf tissue, which eventually leads to the grass dying. When the non-overseeded areas go dormant and turn brown, they are no longer susceptible to frost damage, but the overseeded fairways and tees may be

damaged. If the temperature is cold, but the frost is not that bad, we might not have a delay, but instead the golf carts could be restricted to the cart path for a determined amount of time. If the frost is more severe, the delay will reflect the earliest time the golf course can be prepared for golf and ready for play to start. It depends on whether greens need to be mowed or pins need setup.

Additional reminders: The driving range tee and chipping area have overseeded grasses, so they will also be impacted during a frost delay. Please don't walk or drive on these areas while waiting for the frost delay to end. The Pro Shop will be notified when the practice facilities are ready for use.

This year the Association phone system was changed, which resulted in losing the dedicated frost line. Currently, the Pro Shop will be informed of any delays or cart path restrictions, and they will send an email alerting golfers of the delay.

Happy holidays, fellow linksters. It's December, and although there's snow on the mountains, there's lush green grass and outstanding conditions at The Views Golf Course. The Views 18-Hole Men's Golf Club is in full swing (no pun intended), but it's never too late to come and join in the fun and friendly competition. We're always looking for new members to join us for our weekly play. Every week offers a different event ranging from individual play to four-man teams. If you are interested in joining, please contact our membership chair, Dean Silverlock, to sign up. This month's helpful tip: "Playing a shot from an impossible lie is never a good idea. Play Thu. morning

Merry Christmas from the Men's Nine-Hole Club. For those of you who attended the meeting and Burger Bash on November 10, we hope you enjoyed yourself and won a raffle prize.

If you have been sitting on the fence about whether to join, give us a try. There are some nice benefits for belonging to the Nine-Hole Club. You are guaranteed a game on Thursday mornings, and playing nine holes only takes a couple of hours. The club has a full spectrum of player skills with no one person having a low handicap. We have a good time, and the team pairings for the Thursday games allow for prize money to be awarded to several teams. The ante to play is only \$4, but the camaraderie and the beauty of the course are awards all by themselves. Come join us.

The Catalina Cup is a gross and net match play competition between 11 local golf clubs. Matches take place between October and May. Six team members are divided into three flights by handicap and sent from each of the participating clubs to play one another at a different host course. The hosting club does not play. One point is awarded on each hole for low gross and one point for low net. Ties earn one-half point. Points accumulate over the season to determine the overall Catalina Cup winner, as well as the low gross and low net winning teams.

The Views Golf Club will host the Catalina Cup Monday, December 5. Captains Darlene Lamb and Tana Wyrick are looking for volunteers to help with registration and spotting on certain holes. If you can help, notify Darlene dslamb48@gmail.com or Tana tana_wyrick@hotmail.com.

December is a time when friends and families come together to celebrate the warmth, joy, magic and miracles of the holiday season. It is a time to recall memories and make new ones. Let us take this time to give from our heart, whether it be in the form of our actions or our words. Let us keep in mind those who may be less fortunate and extend our kindness to them.

You are most appreciated for your patronage and support and all you do to encourage and inspire us to become the best versions of ourselves. We feel truly blessed to be able to serve you. On behalf of The Views staff and myself, we wish you joy, peace and love this holiday season. May all your wishes and desires come true.

Cherry Sand, a 10-year Clay Club member, has been a potter for 55 years. Prior to arriving in SCOV, her concentration was production work on the wheel. Cherry said, "When I joined the Clay Club, I focused on using the slab roller to create tiles and small plates with the idea of using colorful underglazes to decorate them. I like doing watercolor sketches, so my progression is to use those inspirations and translate them to my bisqued pieces. I paint designs using underglazes and with a clear glaze over to enhance the colors. I am using clay as my canvas to create images that bring me joy."

If you have a knit or crochet project, or would like to learn, come join us. An ongoing group project is making cro-

cheted mats out of plastic shopping bags. You can participate in this project by cutting the bags into strips, stringing the strips into plastic yarn (plarn) and/or crocheting them into mats.

If you wish to donate bags, flatten clean Fry's, Safeway or Walmart bags and stack them by color. You can then fold all the stacks over into one, no need to fasten them together. This effort on your part greatly streamlines the cutting and crochet process. Do not include newspaper bags as they do not work for this project.

Bags can be dropped into a basket on Jane Fairchild's front porch any time at 1750 E. Crown Ridge Way.

The second and third of the club's four annual open houses will take place Saturdays, December 24 and 31, 10 AM-2 PM, Artisan Center/Modelers Room. Featured will be models of many aircraft including the Antonov An-225, formerly the world's largest airplane. Built in 1985 as a joint Russian/Ukrainian undertaking, it was destroyed by the Russians in the Ukraine this past February. As always, the club's two model railroads will be in full operation.

The Sculpture Club meets Mondays, Catalina Vista/Art Studio. If you are interested in becoming a member or learning more about what we do, stop in Monday mornings or contact Laurie Lichaa. You can view some of our work in the glass case and window in Catalina Vista or in the SCOV Library.

Pictured is a sculpture by Trace Getz. Once he applies a finish, this relief piece will live in his backyard on a brick wall. Trace has challenged club members to think of sculpture other than for the showcase and create art for the outside/garden. He has completed several pieces that he displays and enjoys in their backyard. He will be teaching a class on creating outdoor sculpture.

Thank you all who donated stuffed animals and soft toys to the Kuddles for Kids, sponsored by Seniors for Kids (SFK) last month. We know that the donations will comfort and support children who find themselves in difficult situations. Just being able to hug is a comfort when you feel alone.

SFK invites all of SCOV to view the toys, quilts, pillowcases, hats, scarves and the many things created and collected to distribute to the children we serve at 9 AM, Thursday, December 1, WC3. At 10 AM all the items will be boxed, and the sleighs will start on their journeys to Banner Children's Hospital, AVIVA Children's Services, Tri-Community Food Bank, Three Points Clinic and Family First.

If helping children in need would get your creative juices

flowing, stop by the Artisan Rooms to see where your skills might help SFK provide cheer to children who are in need.

We are still embroidering faces, sewing bodies, stuffing them with love and filling the shelves for the next set to march out to new families. Nothing has really stopped us this year. Life is good and spirits are up.

We are sending our bears to their new homes this month with toy distributions in full swing. Many children need extra comfort in these trying times, so we must add new bears to be sent out in the year to come. Join our cheery group. Merry Christmas and happy New Year to you all.

If you have some polyester fiberfill, we are in need of it to plump up the tummies of the bears. Donations are always accepted.

Everything has a beginning, and so it was for our glass club. Two women, Wye Mace and Doris Ray, put their heads together, took glass making classes and formed the Fused Glass Club in 2006. The ladies began teaching classes, purchased a kiln in 2008 and fired items every night. Now that was true dedication. Wye previously worked with stained glass for 15 years in Michigan. She was also an active participant in a basket weaving guild, something she is looking forward to doing when time allows. Wye likes working with our new kilns and appreciates that they are able to hold larger projects. There are not enough ways to say thank you to this very talented lady. Thanks for your help, inspiration and motivation.

Please visit us. We promote imagination.

Our club provides an opportunity for discussions of challenging ideas. We read selections of essays, short stories, poetry or excerpts from longer works, from the anthologies published by the Great Books Foundation. The topics vary, but the conversation is always thoughtful and stimulating.

We meet twice a month. This year, we are reading the selections in Great Conversations 3. In December, we will explore works by Tolstoy and Kipling.

Newcomers are welcome. Contact Barbara or Maryfaith for more information.

ILR - Institute of Learning in Retirement

Pres. Mary Lee Fitzgerald fitzgerald.marylee@gmail.com
www.suncityilr.com

The fall ILR term ends in December with a huge thanks to both instructors and participants. We had registration numbers not seen for several years. All courses have returned to in person. The SCOV ILR, unlike other adult learning programs in the Tucson area, does not pay its instructors. All volunteer their time and immense experience to provide first-rate courses for a minimum fee, right here in SCOV. Many of our instructors are retired college professors, some with published books and articles. Patrick Hearnden, who is teaching "America in Vietnam" in February, taught diplomatic history at Purdue for 30 years; his book, *The Tragedy of Vietnam*, is in its fifth edition and in use at West Point.

All winter term courses are posted on the ILR website and registration is open until Saturday, December 31. Join us Thursday, December 15, Catalina Vista, for the winter preview of courses. Come and meet the instructors and register in person on-site. Learn more about our club on page 4.

Poets Corner

Sharyn Rafieyan 520-331-1092 srafieyan@comcast.net
Mon., 10 AM-Noon, WC1

Elegies are frequent themes in poetry. Club member Harvey Gardner dedicated this passionate lament to his father, Charles D. Goldberg, Bugler 1st Class, U.S. Army, WWII:

Reveille

"His eau de cigar still haunting/its mouthpiece, Dad's bugle sits mute, more a tarnished antique candlestick/than a fearsome battle horn.

Its looping, brassy u-turns will/never light a flame, stir a heart, sound a cry, lead a charge, as/would one stiff-lipped, red-faced blast, no matter how mangled or flat.

So wake up you old brass/bugle, howl and shriek...and bring my daddy back."

This poem is particularly poignant, focusing on the son's loss and even anger at the missing parent. Sometimes sadness can be lessened by expressing it. But December should be a time for gladness and happy family gatherings.

Members of the Poets Corner have happily resumed meeting in person. Join us.

Technology Club help desk 520-989-9314 scovtech@gmail.com
www.scovcomputer.com

The first thing that many December returning residents often do is grab the *Tipster* to see all the activities taking place. However, historically, the Technology Club has not offered much during December because of previous commitments.

The AARP has once again requested the use of the Technology Lab for their two, week-long, annual AARP tax preparation training. In the spirit of cooperating with other clubs and organizations, we have granted this request in years past, and our board will continue to do so if requested. Because the doors to the Technology Lab will be locked during this period, all calls to the Help Desk will be scheduled at a different location. Don't hesitate to call, just be aware of the situational change.

Visit our website for all of our interesting January classes (both old and new). Examples of classes are Networking, Android Devices, iPhone WiFi, Streaming TV and Beginning Genealogy Class.

Members of the Democratic Club continue to work for a more perfect government of the people, by the people and for the people.

This month we are seeking new officers for 2023. Importantly, the club can not continue without a

chair. This is according to the rules of our SCOV community, and it is a good and necessary rule: "no chair, no club."

Our members are also seeking volunteers to serve as vice chair, secretary and treasurer. Members of the board at-large are also important. Two of our current board members will continue next year.

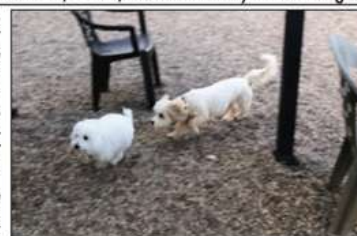

You may speak with any of us on this year's board to find out more about how you might be interested in serving our club. You'll find congenial partners in the important work to be done.

Based upon the preference of club members, we will have a "Down Home Country Dance" Friday, December 16, Catalina Vista. There won't be a band, we will play our music CD's, so we can decide what songs to play. Club members, watch your email for updates.

January 5. Registration is 10-11:30 AM, Catalina Vista.

Ticket sales are Thursday, January 5, for the Friday, January 13, dance. The band will be Wild Ride.

One of our favorite bands, Clear Country, plays every Tuesday night at the Outlaw Saloon, 6-10 PM. It's a good chance to practice your two-step dancing. Also, they are booking Country Western bands at Whiskey Roads on Sundays, 5-8:30 PM, another chance to get out and dance.

Tue., Thu., Sat., 10 AM, AFC/Pool

Aqua Tone is a toning water workout that incorporates a variety of rhythmic body movements. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

We meet at the AFC pool. There is no fee to join the club or the class. The teachers are club member volunteers. Participants should be able to do a basic swim stroke. Items used in the class are buoys, boards, noodles, balls and a fitness band. Most items are available at the pool. We assign an experienced member to a newcomer to help learn the various movements. We enjoy a great workout in a fun class.

Arthritis Water

Pres. Jane Krabbeler jkrabbeler@gmail.com

VP Norma Waters normawaters1@hotmail.com

Mon., Wed., Fri., 1 PM, AFC/Pool

Our group meets every Monday, Wednesday and Friday at the AFC pool, 1 PM, when the air temperature is 77 degrees or higher. Our club performs gentle water exercises approved by the Arthritis Foundation to help with range of motion. It's great for those with arthritis, fibromyalgia, replaced joints, etc. Our bodies need to keep moving, and this is a safe, fun way to stay fit.

If you are a paid member and unable to join us, you may contact the club officers for modified copies of our exercises you may perform safely at home. Our members are fun, accepting, and will welcome you. We hear, "I came for the exercise and love all the friends I've found."

We are in desperate need of instructors. We are all volunteers, and happy to train anyone in this fun and easy position.

Consider joining us; our annual dues are \$5. Your first class is free. Believe us when we say your body will thank you. You will be glad you did.

The core muscles are deep abdominal and back muscles that help you stabilize your pelvis and spine. Each class begins with warm-up exercises. The actual Pilates exercises result in benefits that can't be beat: better balance (fewer falls), more flexibility (joints move again), increased muscle tone (you're stronger), more energy and well-being. The instructors have modifications for the most strenuous exercises for anyone with limitations. The cost is \$8 cash per class and annual club dues will be \$20 pp in January. Vistoso Cyclists membership is only \$15/year, which is hard to believe, given we are one of the best cycling clubs for seniors in the nation. Aside from the rides, our members enjoy our very useful website, including a searchable member directory, club classifieds, online ride schedule, cycling resources and more.

We offer several hundred scheduled rides year-round, among four different ride subgroups, from 20 to 60-plus miles, to cafe destinations within Tucson and nearby towns, utilizing both pathways and roadways. Occasional away rides are offered as well. Our cafe stops offer coffee and conversation, which are greatly enjoyed by our members.

The club has e-bike, mountain biking and Women on Wheels subgroups. There's also our monthly club newsletter email.

All schedules can be found within the excellent member area of our website. We also host social events and support both the Interfaith Community Services Food Bank and Wheels for Kids. For more information or to join, visit our website.

While the Gila Woodpecker is by far the most common woodpecker in SCOV, the Red-shafted Flicker (the western form of the Northern Flicker) shows up quite often, too. It is usually seen foraging on the ground, because its main diet consists of ants. With reddish underwings in flight, it may be found throughout western North America, year-round in Arizona, but only in the summer in the cooler climes.

We are a 100-plus member, activity-oriented group, and all SCOV residents are invited to join us on our field trips (we carpool) to learn more about the birds here in Arizona. Below is a list of upcoming field trips. If you are interested in going on any of these, be sure to contact the trip coordinator for details at least three days in advance and ask Peggy (above) to be added to our mailing list.

Bocce Halloween

We had a fun Halloween playing bocce with lots of clever costumes and great food. Patti Krumm won the Golden Orb with her Freudian Slip costume.

Bocce is a fun, easy-to-learn activity that people of all ages and abilities enjoy. No experience is required, and anyone who can pick up and roll a ball can play. Annual dues are just \$5, and a membership form is on the club website under Club Info. Please arrive at least 15 minutes before the starting time and pick up a wooden stick from the starter. Space limits each session to the first 32 players, with members given priority.

We welcomed back the seasonal residents and talked the night away. There were 102 who attended the party, and we are looking forward to next year. Interested players ranging from totally unskilled to highly skilled are welcome. Possible groupings for women, men, beginners and all-play are being worked out. But anyone who shows up can give it a try. You might want to email to confirm that play is on schedule or to ask about which dates and times might suit you best. We hope you'll join us.

Welcome to the many new Tennis Club members this year. There are several new tennis opportunities in 2023, beyond club play every day of the week in the morning hours. First, there is a new Tennis Ladder Group playing on Friday afternoons at 1 PM. Ladder play is a system where you play matches against other members in your group, in order to improve your ranking. It's fun, competitive tennis. For questions or to sign up for the ladder group, email scovmpl@gmail.com. Another new opportunity is Competitive Tennis Play on Wednesday afternoons at 2 PM. Two courts will be reserved each week for up to eight players. Matches are intended to provide an opportunity for highly competitive, rigorous play with good sportsmanship. For questions, call Mark Lankes at 315-450-1676.

If you are interested in joining the growing Tennis Club, contact Jim Benshoof.

We welcome new members, both men and women. Come see if the game is for you.

Advanced play Mon., Wed., 1-3 PM, Desert Oasis pool

This is the time of year when the seasonal residents return, and we have many folks show up for rousing games with loads of laughter. We welcome new members and those who are just checking us out. Come by and watch, but bring your suit, because you may be compelled to join in the fun. When the group is large, we expand the playing court so more folks can play at once. Even if the outside temperature is a little chilly, the pool is warm and inviting, and after you start playing, you will probably forget about the cooler air.
