From the Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online. Board meetings are open to residents.

Board of Directors - Earl Vittitoe

Earl Vittitoe 309-360-1601 earlvv@gmail.com

With recent court decisions and pending legislation, it is time to review how we conduct meetings at SCOV. The Board and Administration are firmly committed to obeying all open-meeting laws while robustly protecting the private information of our community members. We update our governing documents as soon as possible when legislation is clarified, but we execute necessary operational updates immediately.

All chartered committees and clubs must follow both the law and our SCOV governing documents, some more closely than others. Clubs and groups that do not make Board recommendations, do not fall under the open meetings law, but must follow Arizona privacy law as well as the Code of Conduct. Under Arizona law and recent binding court decisions, association Boards must make decisions transparently.

This transparency was heavily reinforced by a landmark Arizona Court of Appeals ruling in April 2026 (AZNH v. Sunland Springs), which clarified two massive points for all HOAs:

- No Secret Voting: While boards can still enter a closed executive session to discuss sensitive topics (like legal advice or personal member data), absolutely no voting or formal action can happen behind closed doors. These sessions can legally be used to develop and refine motions—critical when member privacy is a factor—but every final vote must take place in an open session where members can observe and speak first.
- Specific Agendas: Agendas for closed sessions must provide members with enough clear, reasonable detail to know what is being discussed without violating confidentiality. Cryptic statutory citations are no longer enough.

The Board and Management immediately consulted legal counsel to ensure we perfectly meet these rigorous requirements while protecting resident privacy.

To be subject to these open meeting requirements, a gathering must involve a quorum of the Board, or be a standing committee charged with developing formal policy recommendations. This explicitly excludes operational working groups assigned to perform administrative tasks (such as gathering vendor bids, reviewing technical specs, or coordi-

nating daily club activities). Because these groups lack the authority to make final decisions, they do not constitute a statutory meeting.

At SCOV, our commitment is to keep our processes perfectly aligned with these high standards of transparency, ensuring every member's voice is protected and heard.

General Manager - Sandy Seddon

As summer arrives, work at SCOV is certainly not slowing down. We continue to have many important projects moving forward across the community, all aimed at maintaining and improving the amenities and infrastructure that make SCOV such a special place to live.

We are finishing the pool projects, which unfortunately experienced some delays while we worked to find an engineer willing to review and stamp the plans so they could be submitted to Pima County and the Town for approval. While delays are never ideal, we are pleased to be moving forward and nearing completion.

We are also conducting an evaluation of the golf course cart paths to determine current repair needs and develop a comprehensive 10-year plan, including projected costs. This information will help us properly incorporate future repairs and replacements into the Asset Reserve program and ensure long-term planning for the golf facilities.

In addition, we are currently out to bid for work in the Chalk Creek Wash based on the repair recommendations provided by our engineer. This project is an important part of protecting community infrastructure and addressing future drainage concerns proactively.

Celebrating America's 250th Birthday at SCOV

By Mariana Corella

On July 4, 1776, our founding fathers declared independence from Great Britain with the adoption of the Declaration of Independence. The 13 American colonies would no longer have political ties with Great Britain, and the colonies became a self-governing entity. This was only the beginning of the long journey for the 13 colonies to become the United States of America we know today. It has now been 250 years since that fateful day and here at SCOV we are excited to celebrate such a historical moment.

There are a myriad of events happening all around SCOV for this Fourth of July. Residents will be decorating their golf carts and unique vehicles red, white, and blue for the Annual Fourth of July Golf Cart Parade. Residents will also decorate their doors for the holiday for the Fourth of July Door Decorating Contest (sponsored by the Democratic and Republican clubs) in which prizes will be given to the first, second, and third place winners. Finally, the Sun City Singers will be performing their "Celebration of Freedom" concert this Independence Day. All these free events will take place on Saturday, July 4 so don't miss out on the fun. For more information on all these events, go to the "Coming Events" section of the Tipster.

SCOV is proud and excited to celebrate this momentous occasion in this country's history, and we cannot wait to celebrate with you.

The Tee Box Task Force continues to work closely with management and the golf course architect to develop the scope of work for upcoming tee renovations. We anticipate going out to bid on that project during the last quarter of the year.

Our new CPA firm will also be onsite for two weeks in August to perform field work for the 2025/2026 audit. This transition is a key step as we continue to strengthen our financial oversight and planning processes.

We are additionally evaluating patio repairs for the back patio at Catalina Vista to ensure that facility remains safe, functional and enjoyable for residents and guests.

If you attended the May Board meeting, you had the opportunity to hear about many of the other initiatives and projects currently underway throughout SCOV. Simply put, things are moving.

Finally, as our nation approaches America's 250th birthday, I hope everyone takes time to reflect on the history, freedoms and opportunities we all share. More importantly, I hope you find ways to celebrate with family, friends and neighbors throughout the coming year. Milestones like this remind us how important community and connection truly are. Let us keep the momentum going and continue building a community we are all proud to call home.

SCOV Mobile App - Directors

The SCOV mobile app continues to grow with new features designed to make finding resident information easier than ever. The latest update expands directory search capabilities to more closely match those available on the SCOV website. Residents can now take advantage of Advanced Search options within the directory. Searches can be performed by street name, state, or phone number. Entering a house number can help identify homes with the same number on different streets, which may be useful when tracking down a misdelivered package. Searching by street name allows you to see residents living on your street, while phone number searches can locate residents by either home or mobile phone. You can also search by state. The website also includes an occupation search field. Not many of you have entered your occupation (or former occupation), but if you enter that information, you might find some like-minded folks to share a cup of coffee with. This information can be updated in your profile. If you have not already done so, download the SCOV app from the Apple App Store or Google Play Store and explore these enhanced directory features.

Project Approval Permits

Effective July 1, 2026 the Architectural Review Committee (ARC) is implementing a new process to alert residents to projects that have Association approval. With all the projects going on in our community, we receive multiple phone calls and emails asking if there was ARC approval for specific projects.

In order to communicate the approval to all, the ARC is issuing permits which must be hung in the street-facing window of a house that has an in-house or ARC written approval associated with the work being done. Once a resident has received approval for their submission, they will pick up the permit at the Welcome Center and post it in the window when the work begins until it is completed. Owners whose projects were approved prior to July 1 should request a permit by contacting Katy Mosier, kmosier@suncityorovalley.com.

Cleaning Gym Equipment Before and After Your Workout

In the modern age, people have become a little more conscious when it comes to cleaning gym equipment and disinfecting it after use. Whether you're going to a fitness class in person or using the equipment, the equipment needs to be cleaned after each workout.

If you are in a gym with other people, it is common courtesy to clean the equipment for a variety of reasons. Nobody wants to share sweat. Even if you are the only one who is going to use the equipment, you should definitely wipe it down. Using the wipes that are provided, try to get all the awkward areas such as nooks and crannies as well as the seams around the seat. Also focus on any area of high contact. Please do not use the towel you used to wipe your face with to wipe the machine down.

Special Note from the AFC:

Orientation on how to use the gym equipment is held Thursday, 1 pm so stop in and sign up. Classes are limited. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC. AFC and Desert Oasis: See Hours of Operation on page 2.

Phone: 917-8073 or email: ldavis@suncityorovalley.com

Tuesday, July 14, the AFC pool and spa will be closed for cleaning and shock treatment. It will reopen the following morning at the regular time.

Tuesday, July 28, the AFC spa will be closed in the morning for cleaning. It will reopen at 1 pm that day.

Wednesday, July 15, the Desert Oasis pool will be closed for cleaning and shock treatment. It will reopen the following morning at the regular time.

Meetings Second and Fourth Tue, 2 pm

The SCOV Development Standards are intended to preserve the desert environment and the architectural character of our community. As a reminder, artifacts (ornamental objects showing human workmanship) should not be placed in front yards or street-facing side yards. Instead, artifacts can be placed under a covered porch or along the front or street-facing courtyard walls at a spacing of one per every four linear feet.

Residents are also permitted five ceramic, concrete, clay, or decorative resin pots with live plants in front of their home, providing they are placed at least 10 feet from sidewalks. A plant stand for a single pot containing live plants can be included providing the overall height does not exceed six feet. Please see the SCOV Development Standards, Article 1, Section 2.15 (C) and Section 2.18 (C-16) for additional details and exact wording. Thank you for doing your part to help keep our community looking great.

Finance-Budget

Pati Olson, 206-890-4441, PatiOlson@yahoo.com

The 2026-2027 budget process began in the Finance and Budget Committee in March, involving reviewing monthly and year-to-date figures for fiscal year 2025-2026, and forecasts for this new fiscal year, resulting in three drafts. Several board members regularly attend our two-hour monthly meetings to get a better picture of the numerous financial reports and the discussions within the committee. SCOV is experiencing many of the same increases in costs that we face; insurance, wages, fuel, food and maintenance/construction. Each line item for every department is reviewed in detail, to see where costs can be cut, without reducing the quality of services and activities we enjoy in our community. Income and expenditures for the reserve funds (mainly operating, capital, contingency and reserve) are reviewed and projected. The small increase in our HOA dues meets the needs of the new fiscal year and the future needs of the reserve fund. For \$7.85/day, we have a wealth of amenities, and most importantly a great community.

Fused Glass

The Gift Shop is providing an exciting new feature this summer focusing on fused glass in July and painting techniques in August. Stop by the shop to see our beautiful window display and the many glass items available.

Fused glass begins with carefully selected pieces of compatible glass that are cut, arranged, and layered into a design. The glass is then heated in a kiln until the layers bond together, creating smooth surfaces, rich dimension and brilliant color. After cooling slowly for strength and durability, the finished piece reveals the unique beauty that makes fused glass both an art form and a craft.

Our artists create fused glass pieces that are luminous celebrations of color, craftsmanship and design. Each piece is a handmade seamless work of art with radiant depth, exquisite texture and one-of-a-kind elegance, perfect for adding a distinctive touch of luxury to any space or gift for a friend.

On June 9, by invitation from Government Affairs (GA), our SCOV attendees were treated to a forum showcasing the five candidates running for Oro Valley Town Council. It was a great opportunity to listen to the candidates and their ideas for Oro Valley. Remember ballots will be sent out June 24th, 2026 and the election is July 21st, 2026. Of the five candidates, three will be chosen for the Oro Valley Council. The Government Affairs Committee will be off July and August, returning to our regular meetings Wednesday, September 9. During the Fall, we plan to bring the supervisor for our area from Pima County and Coffee with a Cop. Thank you for participating in our events and look for information on future activities.

Loan Room - Community Assistance

Chair Gay Russell, Loan Room Carolyn Carson

Loan Room hours Tue, Thu, 8-9 am

www.suncityorovalley.com/members/services/loan-room

Our community has a special resource called The Loan Room, located next to the Golf Shop/Barn. We are open Tuesdays and Thursdays, 8-9 am. While July is a quieter month, we encourage all SCOV residents and renters to plan ahead, especially when the snowbirds return. Browse our inventory in the online catalog on the SCOV website. Medical equipment may be borrowed for up to two months; all other items for up to two weeks. Popular items go quickly around holidays, so reserve early, up to two months in advance.

Bring your SCOV card when picking up items, and clean all borrowed items before returning them.

Proceeds from the SCOV Community Aluminum Cans Recycling Program help support our inventory and services. On-site donations are always welcome. Drop your cans in

the blue Recycling Containers located in front of the Activity Center and at other locations throughout SCOV.

We look forward to seeing you.

Neighborhood Pride

Teresa Deuel Covenants Coordinator 520-917-8087 tdeuel@suncityorovalley.com

First Wed, 12:30, WC3

As the monsoon season approaches, we can expect a much-needed respite from the summer heat, bringing with it a burst of growth in our desert landscape. This transformation often catches new residents off guard, while serving as a familiar reminder for long-time locals that our environment is indeed capable of flourishing. Homeowners should be vigilant about the weeds that sprout in the cracks of sidewalks and driveways, as maintaining a tidy appearance is essential for our community, even during the sweltering summer months.

Additionally, keep an eye on the roofs in your neighborhood, as strong winds can displace tiles and cause damage. It's important to look out for one another, especially with many residents away. By taking pride in both your property and those of your neighbors, we can foster a sense of community and ensure that our surroundings remain beautiful and well-kept.

Posse

David Ilse Chair 952-451-3220 dvdilse@gmail.com

Monthly meetings first Tue except May-Oct

www.suncityorovalley.com/committees/posse

Your Posse has recently added a few new volunteers; however, some of our long-time volunteers are retiring from service, so we still need more help. Our "neighborhood watch" duty is an opportunity to connect/spend time with friends we never get to see while doing great community service. To volunteer, go to the SCOV website: member services, scroll down past

the schedule, select committees, click on Posse, then application.

One of our longest term volunteers is Linda Simon, as seen in the photo. Linda joined the Posse in 2012 and served as Squad A Leader and Posse Chair for four years. She also served 32 times on tour duty in 2025, shattering the prior record of most tours in a year. While still doing some administrative Posse duties, when needed, she is still willing to go out on duty to fill out any Squad schedule.

The committee continues to move forward with Chalk Creek Wash repairs. The committee reviewed the final April properties inspection and discussed with staff the items that need to be done as soon as possible. Pavers will be installed at Catalina Vista, replacing the back patio concrete. A new topic was the replacement of some windows or what can be done to reduce the heat load in some areas. Next meeting will be Thursday, July 16, 9 am, WC1, available on Zoom.

Tipster Editorial

Chair Kim O'Donnell 520-739-6553

The *Tipster* Editorial Committee is working on the special edition to help with SCOV's 40 and Fabulous celebration.

We have completed the revised 2026 Guide to Submitting *Tipster* Articles. The hard copy is available at the Welcome Center and will soon be available on the SCOV website. For a printed copy see Mariana Corella.

We continue to need a few more editors to help with the monthly review of submitted articles. No special experience required, although familiarity with Google Docs is helpful, while new editors get familiar with SCOV *Tipster* standards. If you have questions, contact Kim O'Donnell: 520-739-6553

As a reminder, this time of the year, hydration is extremely important during the summer heat. Let's be prepared for thunderstorms, possible flash floods and lightning. It's official "Monsoon Season" in Southern Arizona, so we must be careful.

Follow the following suggestions to keep yourself safe while heading out on the course during the monsoon season. Check the forecast and check it often. Download a reliable radar app and seek shelter immediately if you cannot get off the golf course quickly. Don't worry if you can't finish your round; we will give you a rain check "credit" to complete your round another time. The important thing is to be safe and use your best judgment when the weather is questionable.

Golf Clinics continue every Tuesday from 8-9 am. \$20/session. Sign up in the pro shop to reserve your spot.

We appreciate our members, residents, and guests playing golf and thank you for your support.

Director of Golf Maintenance - Michael Kropf

mkropf@suncityorovalley.com 520-917-8063

Last summer the green side bunkers were renovated. The green side bunkers were the priority of the renovation since most of these bunkers on the golf course are near the green where most balls end up. The new bunkers turned out very nice with sand conditions that are much more playable and consistent. However, this really emphasizes that the fairway bunkers still need to be renovated so they can match the good conditions of the new bunkers.

This July the fairway bunkers on the front nine will be renovated with our maintenance staff. There are only fairway bunkers on holes #2 and #5. Following the master plan of the golf course, the first two bunkers on the left side of #2 will be filled in and drainage installed to prevent wet areas in the bottoms. The two bunkers further up the fairway will have the old sand removed and reshaped slightly. Drainage will be installed to remove excess water and then the same liner that was used on the green bunkers will be installed to prevent future contamination of rocks and dirt. Then the same new sand will be installed so they are consistent with the green bunkers. The same process will also occur with the bunker on the left side of #5 tee fairway.

The back nine fairway bunkers will be renovated the following summer. There is a possibility of the tees being renovated that summer so we will have access to better equipment which will make the project a little easier for staff.

Golf loyalty is a strange thing. I stay devoted to this game the way a golden retriever stays devoted to a tennis ball, no matter how many times it bounces off a tree and smacks me in the shin. Respect is part of the deal too. I respect the course, even when it swallows my ball like it's collecting souvenirs. I respect my buddies, especially the ones who politely pretend they didn't see me blade a wedge into the waiting desert. But mostly, I respect the ridiculous loyalty we all share. We keep believing the next round will be "the one," even though history suggests otherwise. We talk to our clubs like they're old friends, apologize to the putter we abandoned last week and swear we'll never fall for a new driver again...until Saturday.

Golf may break my heart regularly, but I keep coming back. That's loyalty, or madness, it's hard to tell.

Employee Spotlight

This month, we would like to introduce and recognize a few members of our team. In the front of the house, please help us welcome Mikayla Nabor, who will be taking over as hostess as Tatyana prepares to move back to Prescott. Mikayla recently graduated from high school and is excited to begin this new chapter with us. Be sure to say hello when you see her at the host stand.

In the kitchen, we would like to highlight our Sous Chef, Max Owens. As a proud father of two, Max brings dedication, creativity, and a genuine passion for food to The Views every day. He is the driving force behind many of the soups our guests enjoy and is often the person responsible for the comforting and flavorful dishes that come out of our kitchen. We are grateful to have his talent, leadership, and commitment as part of our culinary team.

Whether you're joining us for lunch, dinner, drinks or entertainment, our team is committed to providing exceptional service and memorable experiences. We appreciate your continued support and look forward to seeing you at The Views this month.

Sgraffito Tile

Clay Club artists use a great variety of design techniques in their work. One technique is sgraffito as shown in the pictured tile. Sgraffito comes from the Italian word "sgraffiare" which means "to scratch." When using this technique, the artist applies layers of underglaze or colored slip to leather-hard clay. They then scratch through the layers to reveal the natural clay beneath. With this technique

the artist can carve images, patterns and textures, resulting in high-contrast designs. Sgraffito can be used beautifully for both simple and complex clay designs. As always, you are invited to visit the Clay Club windows to see completed work by our artists.

Two of our sculpture members finished outdoor projects which they are enjoying in their yards. The picture on the left is a sculpture completed by Gayle Franklin. Gayle describes her sculpture as a very content woman who is protected by her friend "the raven." The picture on the right is an outdoor sculpture completed by Trace Getz. Trace's eagle is perched on a stone in his sculpture garden. One interesting feature is that Trace molded the foundation, which the eagle stands on, so that it encapsulates to the top of the rock. Just one of many of his sculptures in his yard.

Cheer Bears

Wed, 1-3 pm, ART/Sewing

Life in the sewing room is cool and quiet during the heat of the summer. Cheer Bears members really enjoy sharing stories and laughs as we work on the happy smiling faces. The bears are trying to bust out of their closet, but they always make room for one more and workers always have room for one more SCOV resident to join us at the table to cut, stuff or sew.

Our times together make for ripples to spread to children literally all around the world. This year we sent bears to the northwest, the midwest and even to Africa and Mexico. The ripples from our small group put smiles on many, many children's faces. Come by and sit with us a while, creating bears and you will smile too.

Thank you to the support that Seniors for Kids has given to Cheer Bears for so many years.

Can you snip fabric into little pieces with scissors? If so, we can use your help in creating soft comfy pet bed pillows from cotton fabric scraps and polyester fiberfill for our furry little friends at the Humane Society of Southern Arizona in Tucson. They all need an extra touch of kindness while patiently waiting for adoption. If you have large pieces of washable cotton fabric that we could use for the pillowcases, we encourage you to donate it to us. We invite you to join us for a fun, laid-back afternoon. Hope to see you there. Call Jan with any questions.

The Tapestry Hooking and Fiber Arts group meets on Tuesday mornings in the Sewing Room. If you are interested in our group, stop by the Sewing Room on Tuesday mornings between 9-11 am.

If you are interested in learning rug hooking, we provide materials and instructions to those interested in learning the art of hooking.

Generally, our club posts pictures of rug hooking projects. However, there are other fiber art projects that are also completed by our members. The dishwash cloth on the left was knitted by Anita Gayheart. The potholder on the right was crocheted by Coni Arseneau. Both projects were made with 100% cotton thread. These projects are much quicker to complete than a rug hooking project. Also, these projects are good to give as gifts or very useful around your own home. If you are interested, come see what we do.

Hello Crafters. If one of your 2026 resolutions was to finish making that craft that has been in the closet too long, bring it to Show & Share. It is still 2026 and we have all summer to stay cool indoors. You will be amazed how the opportunity to put aside three hours each week can get that project finished. Our group will inspire, encourage and help you to accomplish your goal.

Show and Share has a spin-off group for Junk Journals. Stop by the AC/Hopi Room the 2nd and 4th Wednesday each month, 1-4 pm, to see what this fun paper craft is all about. If you create junk journals, bring them along to show us your creations.

Rose Stapfer working in the Silversmith Studio.

The Fourth of July is the nation's 250th birthday. During all this time, we have enjoyed the freedoms of life, liberty and the pursuit of happiness. May your life be filled with bracelets of copper and sterling silver, pendants, rings and an array of earrings handcrafted by the members of the Silversmith and Lapidary Club.

If you wish to explore your creative self, consider learning a new hobby. The club's silversmiths are available to assist SCOV residents in the art of metalsmithing as well as stone cutting

and polishing in the lapidary. Training is conducted during the summer on an individual basis. Beginner kits are available and include all the necessary materials to create your first sterling silver pendant. Studio tools are available for your use. Your journey learning a new and fascinating advocacy awaits. Register at the studio in the Artisan Center for the next available class.

Hummingbird Class

Is it getting too hot? Cool off in our air conditioned studio to learn how easy it is to create fused glass or stained glass pieces. We're still offering classes in the summer. Visit our club website for details. Stained Glass art is the term given to art created by cutting out pieces from stained glass sheets and soldering them together using either lead came or copper foil. Stained glass art can be many sizes and designs, from the smallest suncatchers to large windows.

Fused Glass art refers to pieces of glass that are melted or "fused" together in a glass kiln. Glass fusing can create Christmas ornaments, jewelry, dishes and bowls, vases and glass paintings. Visit our studio located in the Artisan Center, the Gift shop or the Activity Center to view some of the wonderful stained and fused glass creations made by our talented members.

Open carving Tue, 1 pm-4 pm; Thu, 9 am-Noon, Sat, 9 am-Noon

In this month's issue of the woodcarving club news, I would like to discuss the difference between the "tools of the trade." For myself, when I purchase a carving tool, new or used, I prefer to purchase (knives, gouges, veiners) which have been manufactured by German, Swiss, or Austrian craftsmen. The reason for this decision is very simple, these tools will have a longer resharpening length, as well as being made of high quality steel which will hold an edge better.

Feel free to drop in and visit the carvers during one of the times listed above to discuss tools, etc.

Wooden Desk Clock

July is here, our wonderful country is celebrating its 250th birthday and we are officially in the monsoon season. I personally enjoy the monsoon season and Mother Nature's displays of her power. For the summer, I will continue to remind everyone that, in the slower months, monitors are needed to keep the shop open. We ask that all

monitors check the sign-up list and volunteer for the open slots.

For July, we will highlight a wooden clock that was created by former pilot Ken Rosburg. This desk clock uses three different woods, all fashioned using a table saw. This is followed by glueing, sanding, the application of a finish, and the installation of the clockworks. The clockworks are purchased from a retail seller, and many suppliers can be found on the internet. Clock faces can be made up to 16 inches in diameter.

- The Astronomy Picture of the Day is the pre-eminent website for Astronomy (per some of our members): <https://apod.nasa.gov/apod/astropix.html>.
- The Planetary Society has an excellent site on skywatching, especially for beginners: <https://www.planetary.org/night-sky> <https://astro.arizona.edu/> lists upcoming events, info on observing, lecture series, plus more.

- NASA lists its current projects, missions, and programs across several official websites, depending on the type of project. To explore a comprehensive directory of all agency-wide missions, use <https://www.nasa.gov/a-to-z-of-nasa-missions/> or for Jet Propulsion Lab missions (often involving UA), try <https://www.jpl.nasa.gov/missions/>.

Poets Corner member Stephen Lloyd deftly addresses problems of the heart in this self-revealing poem arousing compassion for his suffering and for ours.

Beating Hearts

My heart is not like yours.
It has been persistently erratic,
Ba bum'.....ba.....Babum 'babin....
coaxed back to sinus rhythm
by Flecanide and Metoprolol,
shocked back by cardioversion,
scarred into regularity by ablations.

But it is resilient, too, and today
and for a year, has beaten smoothly
Ba bum'....ba bum'....ba bum'
I hope it can keep it up like this
in spite of everything,
for my heart is troubled,
as I suppose your heart is, too.

We are all just wanting a tomorrow,
a morning sun, some freedom,
a regular rhythm of being here
allowed to wake again
and breathe and speak

loud enough to be heard
above the sirens and the bombs,
above the sound
of gunfire down the street.

We are all just wanting a chance
for our fragile, troubled hearts
to beat and beat and beat.

Conscious Aging

Pres. Phyllis Burks 520-245-2785
SCOVConsciousAging@gmail.com
Wed, 9-10:30 am, AC/Navajo

Conscious aging is about the inner work of reorienting ourselves as we turn from our roles we assumed while managing careers and tending families, to turning inward and cultivating a deeper awareness of who we are now. Our goal is to discover how to face the known and unknown challenges of aging. With the help of our community, we are pondering the questions: Who am I? What are my values? What do I believe? What matters most to me?

This inner work is supported by mindful movement such as qigong, guided meditation and book study that draws from psychology, sociology, metaphysics, philosophy and meditation. Conscious aging is about accepting who we are now. Our meetings consist of a short period of easy mindful movement, followed by guided meditation and discussion. Please contact Phyllis for information or email the club.

Pres. Meg Taylor scovff@gmail.com
Membership Jen Bleth jableth@yahoo.com
Club email scovff@gmail.com
www.scovff.weebly.com

Fireworks are deeply stressful for many dogs. Their sensitive hearing makes the sounds far more intense than what humans experience. Signs of distress include trembling, panting, hiding and attempts to escape, which is why July 4 sees a spike in lost pets. Preparation is key: secure

your yard, update ID tags and exercise your dog earlier in the day. During the event, keep dogs indoors with music or white noise playing. For severe cases, talk to your vet about medication in advance. With patience and planning, both of you can get through it.

Membership in the Fido's Friends dog club gives you access to the K9 Korral Dog Park on Del Webb Blvd. It's open 24 hours a day, and many members meet there daily to relax and let their dogs play off-leash. To join and get your membership materials, send an email to scovff@gmail.com.

Mindfulness Meditation - it's not what you think. Everyone is welcome, regardless of experience with mindfulness or meditation. Meditation every Tuesday, 3-4 pm, begins with shared readings and reflections, followed by 25 minutes of silent sitting meditation. This is a wonderful opportunity to experience awareness, calmness and insights that can arise during mindful meditation in a supportive environment.

We also gather weekly for mindful discussion of a topic that matters to us. We begin with a brief introduction, which is followed by group discussion. Topics are announced at least one week in advance, and no preparation is needed for these thought-provoking discussions. You are welcome to attend either the meditation group or discussion sessions, or both. Contact Nancy for information or any questions about either of these groups.

At our May meeting we learned that Gratitude is Good Medicine, according to the American Heart Association and American Psychological Association.

Many health professionals advocate keeping a Gratitude Journal because the act of writing things down serves to solidify ideas better in our memory. Others find that the expression of gratitude may be particularly effective when done directly to another person by phone, letter or face-to-face. Others may instead choose a fixed time to simply contemplate each of your objects of gratitude and perhaps also to reflect on why you are grateful and how your life has been enriched.

If you missed our May program on this topic, you can see a summary of our discussion questions and the introductory information shared on our website: <https://scovstayingincharge.org/past-programs/>

We will be taking a summer break during July and August. We look forward to gathering again in September.

Arthritis Water

Pres. Norma Waters normawaters1@hotmail.com
VP. Andrea Houston ahoust2@lsu.edu
Summer Meeting Time: Mon., Wed., Fri., 10 am AFC/Pool

Come beat the heat while getting healthy exercise. Our meeting time is 10 am. Join us Mondays, Wednesdays and Fridays. The Arthritis Foundation recommends meeting when the air temperature is 77 degrees or warmer.

Our club performs gentle exercises which target all muscles. They are used by several health organizations to increase strength and balance, mobility and flexibility.

Exercise is helpful in managing arthritis, fibromyalgia, replaced joints, etc. Some new members have expressed surprise at how quickly the first sessions had already increased their abilities to move. Others comment on improved stamina.

New members are always welcome. Our members are fun, accepting and welcoming. We frequently hear "I came for the exercises and love all the friends I have made."

Your first class is free. Yearly dues are \$5. There is no fee per class. Hope to see you there.

Energetic Exercise is the perfect class to get some aerobics, strength workout, let your inner dancer come out and move to the fun music Sally plays.

Sally makes sure that we are lifting our weights correctly to

not have any injuries or soreness after the workout. Using lighter weights correctly with more reps really works on our senior bodies. We all want to feel good about our bodies and stay as healthy and strong for as long as possible. Come join us, no preregistration required. Show up in the Auditorium, Monday, Wednesday, Friday, 8 am. \$2/year, \$30 for a 12 class punch card. All cash please.

Summer is here and both the Monday and Thursday Pilates classes are smaller and more personal. It's a great time to try out Pilates. First, we do stretching exercises to warm up our muscles and then perform the Pilates mat routine, modifying some of the moves for those with limitations. People ask if the benefits of Pilates, which come from strengthening and stretching exercises, really develop the body's core (your abdomen and back muscles), make you stronger overall, increase spine mobility and build flexibility? The answer is a firm yes. Additional benefits include improved balance, muscle tone, stamina and a feeling of well-being. The cost is \$8/class and annual club dues are \$20 pp. Please join us or just stop by and watch. Call Mary.

Now in our summer hiatus, we look back at a very good season of birding. We have had about 30 field trips since October with two being multi-day. Several new members have volunteered to be leaders and so that led to more beginner trips, and a few aimed at those with mobility issues. Our membership continues to expand, now about 180, and our annual potluck dinner attendance is bursting at the seams. Also, we were surprised by the appearance of five species of birds that our members haven't seen in SCOV before. We strive for a good mix of local trips along with longer specialty trips looking for species not likely to be found in the local areas. The trip coordinators have done a great job of "herding" participants and arranging carpools. It's been fun. Questions? Contact Peggy above.

"This is a revolution, damn it! We're going to have to offend somebody!" John Adams (1776 movie)

In the words of John Quincy Adams, "Wherever the standard of freedom and independence has been or shall be unfurled, there will her heart, her benedictions, and her prayers be." Burned, trampled, and reviled by a few, but beloved by the vast majority, our American Flag has been this country's symbol of freedom since its inception. Recognized and respected worldwide, it continues to wave due only to those brave Americans who have defended it both here and abroad, giving their lives in the process if necessary. This July 4, 250 years after the signing of the Declaration of Independence, is a time to remember sacrifices and successes, to celebrate our good fortune of being born in America, and to thank those who created this historic document. Unfurling our Flag on this day should be your top priority as an American, followed closely by a salute to those who have fought so valiantly to keep it aloft.

Tue: Ladies Play: 1:30-2:30 pm, Club Play: 2:30-3:30 pm

Thu, Sat: Club Play: 9-10:30 am & 3 pm-5 pm

Sun: Club Play is at the Copper Center

We are often asked, "What is the difference between ping-pong and table tennis?" The short answer is, "very little." The difference is mainly in the scoring and more formal rules regarding the serve. Table tennis is usually played to 11 points (win by two) with each player having two serves (not two tries, like in tennis). That change is very easy to handle, but some folks may struggle with the serve that requires the ball to be hit from behind the table end line and being tossed into the air at least six inches by the palm of the hand before contact. If you are a beginner you are forgiven, but you should strive to follow the serve rules as you progress. Paddles have changed over the years too, but there are nice foam-backed paddles available for your use in the room. Come and join us. Questions? Contact Peggy or John above.

For a schedule of club play, events and membership go to www.scovtennis.com

The 2025/2026 tennis season was a great success, marked by rousing competition in the men's, ladies' and mixed tournaments as well as several fun weekend beer and pizza socials. Now that many of our seasonal residents have gone home for the summer, tennis remains active at early and late times to counter the midday heat. Improved LED lighting on courts 5 & 6 makes after dinner play a popular option for the summer members. If you're just looking to work on your game, check out our new Playmate Ball Machine. Check out the club website (www.scovtennis.com) for playing dates and times or anything related to our tennis club.

"Brenda helped my father sell his home in Sun City, Oro Valley. She is a true professional. She knows the market well and is an absolute professional. She priced the home much higher than we expected and sold it before it hit the MLS. She went above & beyond to make the transaction run smoothly & did way more to help my father get to closing than anyone would expect from an agent. We were effectively an out-of-state seller. I would hire her any day of the week to perform either side of a transaction."
