What Will Be Our New Normal?

by Lou Gard

This article is written just as we begin the experiment of reopening; I say experiment, because there are so many unknowns. When listening to the experts, often they cannot agree about the correct thing to do during this crisis. Hopefully, by the time you read this, we will have learned more and made adjustments. We listened to residents who wanted to reopen as fast as possible. Others have counseled us to go slow, due the fact that our aging population makes us more vulnerable.

I also want to thank all of you who phoned or emailed the SCOV staff or the Board telling us that you support the actions taken; it is appreciated much more than you can imagine.

We know there are many of you who feel things are going way too slow, and you want to get things opened up now. We hear you, appreciate your concerns and correspondence. As the CDC and other health officials apprise Mark of changes, we will move as fast as is prudent. Thank all of you for your understanding as the Board endeavors to do the right thing for all SCOV residents.

The Board is also happy to see the number of you who took the time to watch, listen, comment and/or send questions to the Board during the two Internet Zoom meetings. There were almost 300 signed in to the first meeting and almost 170 signed in to the second. If you have not signed in and participated, I encourage you to do so.

During our first week of opening, the Library loaned 476 items to 239 residents. The Views Restaurant had about 400 dine-in patrons and a total of 761 meals served, including take-out. The Desert Oasis had 248 walkers and swimmers.

We encourage you to use the facilities to the degree of your comfort and willingness to follow the guidelines. Your respect for other residents and staff concerns is greatly appreciated.

General Manager - Mark Wade

Slowed Down But Not Standing Still

The pandemic time we're living in has caused much of the world to slow down or even stop. It is true that this is a time when we limit our social interactions in an effort to protect ourselves and others. Out of necessity, we've had to adapt to our situation. We've closed facilities, cancelled social events and activities. We meet in front of a computer screen and talk at a distance. We don't travel as often or freely as we once may have. We may have slowed down, but we are definitely not standing still.

For many of us who work here at SCOV, the story is the same. We've slowed down in some areas and picked up speed in others. Many of you know the greens project is moving right along. We've taken this opportunity to refinish the AFC pool, and the tennis courts at the Desert Oasis have received a new surface coat. Staff that are able to work from home have been working from home.

We have started to test certain clubs reopening, and I appreciate everyone's patience as we slowly reopen the facilities.

All decisions are very fluid at this point, and may change as the demand requires. As I write this article in June, I note that yesterday there were 189 new cases in the county and four new deaths. Depending on how the spread of COVID-19 goes, other restrictions may once again be imposed by the county, state or CDC.

I've heard from many who say we're not opening fast enough and many who say please keep the opening very slow. One thing I think we all can agree on is we want to keep everyone safe and out of harm's way.

Yes, we may well be slowed down, but we are definitely not standing still.

Here's hoping you and yours are well and safe.

It's More Than Living... It's A Lifestyle!

SCOV Modelers: Storytellers and Craftsmen

by Michael Fox

If you've looked in the windows or stepped into the Modelers' Club room in the Artisan Center, you've probably marveled at the variety of miniature objects and wondered just what's behind this hobby.

Model makers are artisans who tell stories in miniature. The impulse to tell stories drawn from our lives or imaginations is universal. They are told in words, in pictures, and sometimes in bits of wood, metal and plastic. The model of a 1967 Volkswagen might recall a first date with a future spouse. The detailed miniature of a warplane may be an accurate copy of

Don Holbrook (left) demonstrating airbrush technique to Bob Rubino

one flown by the model maker. And the fantastical spaceship or alien is the product of an imaginative modeler who is hooked on science fiction.

The club's model railroad features vignettes that tell stories of everyday life. The village church is the scene of both a wedding and a funeral.

A tiny figure leaves the bar and heads down an alley.

The viewer peers in windows, wondering what is happening inside.

The railroad itself recalls a mighty transportation system that moved goods and passengers and is still central to our economy.

Modelers enjoy bringing these stories to life in miniature. We master the techniques to work with various media. We are metalworkers, painters and carpenters, working with miniature tools to solder, nail, glue, drill, lay track and build ships. We know how to miniaturize everything from a blade of grass to a tall water tower. When club members visited Tucson's Museum of Miniatures, a lively conversation

ensued as to how best to create an accurate miniature version of clay roof tiles. The docent was fascinated; she had never heard adults discuss the precise techniques used to create the miniature house. Modeling is in the details.

Modelers have many choices. Some enjoy completing an individual model in a week or two—often a boat, automobile or an airplane, built from a kit or from scratch, then personalized with paint and detailing. Another option is a diorama: a miniature scene, perhaps depicting a historical mo-

ment or an imagined event. Others embark on a large-scale project, such as the club's railroad. Ambitious modelers may start on a project with no end in sight.

In our club room, we work on group projects or encourage each other's work on individual models. We are interested in the craftsmanship and the stories behind the models. The construction of a model A-10 Warthog aircraft is more than an exercise in creating a toy or a mantelpiece object. It typically leads to research into the aircraft's history and the bravery of those who flew it. At our monthly meetings, members and guests exhibit their creations and share their stories.

The Modelers enjoy sharing their work with the community. We hold open houses at holiday time and every day visitors on SCOV tours are invited in to see the railroad up close. Kids love to watch the trains in motion or play a switching game we've created for them. Adults reminisce, sharing memories triggered by the miniature small town with the depot, grain elevator and implement dealer. Last year, members built models to be auctioned off for a cancer fundraiser.

Modelers are craftsmen, artists, storytellers: "If the lights are on, stop in, see what we are about."

Hot Topics

Have you seen the Hot Topics button on the website? It's the go-to place for the trending discussions in SCOV. Right now, there's information there about annual mailing, trash, COVID-19, Greens Project, Comcast and Zoom. These are the things the community is asking and talking about and you now have a quick link to those topics. The topics will change as the current news in the community changes. There's also an FAQ page as well as a place to ask a question of the Board. Communication is one of the most important elements of SCOV, and this is another way information is provided to you.

As of Today

Each day, new rules seem to apply to our community. An established rule today may change by the time you read this. We were happy to open the Desert Oasis pool for resident-only use. Soon the AFC pool will open, and once again we ask for your cooperation in following the rules set forth at this time. Staff has worked to keep the safety of residents and employees a priority. Each day brings a new challenge. Your cooperation is appreciated as we navigate these uncharted waters.

Library curbside pickup in SCOV began June 1 and was greeted with joy when 334 books and movies were bagged and wheeled outside on carts for 149 happy residents to pick up. Mornings in front of the Library have become a happy place five days a week as cars, trucks and golf carts roll to a stop to have books or movies placed inside by a gloved and masked staff member. Copies of the *Tipster*, and *BookPage*, our monthly book review, are available curbside as well. During the second week of the service, puzzles were added to our offerings. Puzzles cannot be reserved from home, but you can choose from a selection of puzzles on the cart daily or come back the next day to see a different selection. After the first three weeks of service, 941 items have been checked out and delivered curbside to 364 library patrons, 712 returned items have been checked in, and 30 puzzles were matched up with residents looking for something to occupy their time indoors on a hot day. If you need help putting items on hold online, please call the Library Help Desk at 520-917-8064 Monday through Friday, 9 AM-Noon or 1-4 PM. Or view our how-to videos on the Library website.

Sneak Movement Into Your Routine

Even though we're mostly housebound, you can still find ways to incorporate movement into your day. Try to think of physical activity as a lifestyle choice, rather than a designated event. This may help sustain you in times like these, when your schedule has been upended, or you're not ready to come back to the gym.

Use your chores. Household tasks like scrubbing, sweeping, dusting and vacuuming can all add up when done at a brisk pace. They also work the muscles in your arms and legs.

Exercise during commercial breaks. Many of us are watching more TV. Make the commercials and credits count by adding in some squats, jumping jacks, push-ups or lunges.

Take advantage of pauses during the day when you're waiting for something to finish or start. You can fire off some arm exercises or practice some yoga poses while the dinner is in the oven or during those 15 minutes before a Zoom meeting.

Move around the house more. Walk around while you're making calls. Take an extra lap or two around the house if you have to put something away.

Special Note From the Aquatic and Fitness Center (AFC)

Once we have reopened, orientation on how to use the gym equipment will be held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, July 14, the AFC spa will be closed for cleaning and shock treatment. It will reopen the following morning at the regular time.

Wednesday, July 15, the Desert Oasis pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

The paper directory might go to press soon. Or not. Who can predict? So check both the online directory and the paper directory ASAP to ensure your listing is correct. Read "This Week in SCOV" for updates.

To update your information, complete the online form "To change your directory listing" or fill out an orange card at the Welcome Center.

Is your deceased partner still listed? Many people like to keep their loved one's name in the directory, for safety or for sentiment. Deceased spouses are removed only when the surviving spouse makes that request. Only you can decide if it's time to update your listing.

Are you a new resident, or have you moved within SCOV? New owners are unlisted by default. This includes those who move within SCOV.

The committee charter, agendas and minutes are posted on the SCOV website. Use the drop-down menus: Members > Committees > Finance Budget Committee > More. For Financials, use Members > Financials. Please contact Sharon Miller for additional information.

Food and Beverage

Oct.-May, first Fri., 2-3 PM, WC1

The Views Restaurant reopened slowly with 761 guests and almost \$13K in revenue during the first week of June. Tables are socially distanced and most customers are respecting that CDC recommendation. Please wear your mask when approaching entrances and placing your order with waitstaff. Of course, you cannot eat with it on, but after enjoying your meal, show respect to other customers and staff by resuming mask protection. Your immune system may protect you, but not necessarily others, who are more vulnerable.

Regular customers from outside SCOV are anxious to return to the restaurant. We want the revenue and will welcome them back as soon as appropriate. Containing this virus, with mask wearing and continued social distancing, is critical. Act responsibly, respect others, be kind to each other and our dedicated staff.

The Loan Room will reopen on Thursday, July 2, 8-9 AM, and will continue to be open each Tuesday and Thursday morning at the same time. In preparation, the Loan Room has been cleaned and items sanitized. The new protocols in place will be no more than two residents at one time inside the Loan Room. Other persons will wait safely outside. Staff and residents must wear masks; staff will clean and sanitize regularly but are also asking residents to provide extra sanitizing for each piece of equipment returned to the Loan Room. As our virus situation improves, these protocols will relax somewhat, but we will always request equipment be sanitized before being returned. If you need help loading or unloading items, please bring someone to help you as we will have limited staff available. We will continue to respond to actual medical emergencies outside of open hours, but expect that most requests can be met on our open Tuesdays and Thursdays. We will be happy to see you again to meet your short-term loan needs.

It's Monsoon Season

If it hasn't already, the monsoons will arrive much to the delight of desert plants which so badly need the moisture. With the rains come weeds, and it doesn't take much to make them pop their heads above ground. Keep an eye on your yard and remove the weeds while they are still small. Rains also cause bushes and trees to grow, seemingly overnight. Be sure to keep them trimmed back and off pedestrian sidewalks. Tree branches must not hang lower than seven feet so as not to interfere with or cause possible injury to walkers.

As a reminder, it's a good idea to look at roofs in your neighborhood, as strong winds can sometimes lift and move the tiles. Be a good neighbor and let others know if you see any roof damage during the summer. With so many of our residents away, it's helpful to keep an eye out for each other. Be a good neighbor. Take pride not only in your property but those of your neighbors and friends.

What is an artifact?

Statues, depictions, artificial flowers, decorative yard ornaments or other man-made artificial decorations are not allowed in front yards. They may be placed on top of front or street-facing courtyard walls. Refer to Development Standards Section 2.17 xiv.

By now you are aware that SCOV is opening in phases. We are following the State of Arizona and CDC guidelines, which are in place in order to keep us safe. We will be wearing masks, hand sanitizing (and/or wearing gloves), gathering in groups of less than 10 people and practicing social distancing of six feet or more. While Posse volunteers are excited about the opening, it presents a challenge. We certainly can wear masks, hand sanitize and wipe down the interior and exterior of the truck; however, social distancing of six feet is obviously impossible in the Posse vehicle. As a result, the Posse is still unable to serve our community on patrols. Please continue to keep an eye out for your neighbors, and if you see a garage door open at night, call to alert them. The Oro Valley Police Department is still patrolling our area, so if you see an officer, thank them for their continued support. As your Posse Chair, I continue to monitor the issue with our General Manager, Mark Wade, and will let you know when we're back in service. Like all our volunteers, I look forward to serving you. Remember, once we reopen, we can use your help. Six hours a year, two 3-hour patrols, is all the commitment we ask.

Chair Rich Oaks richoaks114@gmail.com

The solar systems installed at various SCOV buildings continue to produce electricity, thereby reducing the Association's utility costs and helping reduce our community's carbon footprint. The eight systems, with a total capacity of 426 kilowatts, are located throughout the common area parking lots and roofs. Solar provides about 60% of the electrical needs at SCOV-owned facilities. The systems were installed without cost to SCOV and provide a net savings to the Association when compared with purchasing power from TEP.

The systems have web-based monitoring that allows nearly real-time viewing of each system's power output, energy generation and carbon dioxide (CO₂) emissions avoided, as well as summary reports of daily and monthly performance. Residents can access the data on the SCOV website at the Members > Member Services > Solar Stats drop-down menus. The Properties Committee works on a variety of tasks like the solar systems. We have not been meeting recently, but will resume our monthly meetings when it is appropriate.

By the middle of this month, we will complete the greens reconstruction project. We want to remind everyone how critical this time of the project is to achieve our goal. Even though most of the construction and contractors are gone, it is essential to keep everyone safe on the golf course. Please stay clear of all newly sodded areas, and do not walk on or disrupt the new putting greens for any reason. As we are finishing up this project, we would like to remind everybody to give the contractors and maintenance staff the right of way and priority as they move equipment and materials to finish their job promptly. Thank you for your patience and understanding in this matter.

Joining or renewing your Annual Golf Membership: There has never been a better time to become a member. The greens reconstruction and practice facility renovation are coming to an end as we start the new fiscal year. Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

July is the traditional beginning of the monsoon season in Southern Arizona. In regards to golf course maintenance, the start of monsoons is bittersweet. The good news is the golf course will start to green up after the harsh dry weather of June, due to the increased humidity combined with hot temperatures. However, the monsoons also bring the chance of heavy rain that has the potential of causing serious damage to holes located near washes.

Several years ago a thunderstorm generated a large amount of water north of SCOV, but no rain actually fell on the community. The golf course was crowded with many golfers who were unaware of the water running down the washes. Several groups were playing the fourth and fifth holes when the wash began to fill. Two golf carts then tried to cross the wash and got stuck. Luckily, nobody was hurt, but it took a couple hours for the water to recede and get the carts off the golf course safely.

Please remember, when these washes are running, they are as powerful as raging rivers. Don't drive around the course and attempt to cross these washes when the cart path is covered with water or sand. At the minimum, the golf cart will be stranded until the staff is able to rescue the cart. Be aware that during the monsoons, the washes can flow whether it is raining nearby or in the distance, since we are at the bottom of the hill.

The greens reconstruction is ahead of schedule and looking great. With any luck, the monsoon season will give us some much-needed rain and a good start for our new greens. We continue to ask for everyone's patience and cooperation while the course is under construction. As our course continues to look great thanks to Mike Kropf, our golf superintendent, each of us still needs to be aware to fill our divots and pick up any trash we may see. We appreciate everyone's help in keeping our course looking super. Just a reminder, with the 10th hole tee box being moved up, the homes to the left of the fairway are now in play more than ever. There is a lot of room to the right.

Well, summer is here, and between COVID-19 and the course renovation work, there weren't any club activities in June. At the time of this writing, The Views Restaurant opened on June 1, and hopefully, June 15 will see the opening of group events. So, check out Golf Genius for updates.

May 26, we held a Men's Club board meeting to make plans for the upcoming season. Plans are underway for another year of events and get-togethers. At that meeting, we elected our new board members for the upcoming year, beginning July 1: Pres., Vince Cardinal; VP, Mike Graber; Treas., Craig Watson; Sec., Jim Ambrosio; Tournaments, Rob Keck; Membership, Darwin Priebe and Event Coordinator, Greg Patijens.

The Views will be changing to a paperless system which means that all information, booking of events and payments will be made through Golf Genius. So, get on board. Happy Fourth.

We all appreciate the great work Mike Kropf and his crew do for the maintenance of our golf course, but did you know they also come to the rescue of hummingbirds? Mike was recently spotted finding a baby hummingbird on the cart path where you turn from the putting green to the first hole. Greetings. As we gradually reopen SCOV, we are so happy to see all of your smiling faces. We truly appreciate your patience and support during these trying times. We are excited to see our restaurant get back to business as usual. Until then, please remember to respect those around you, wear your masks and stay socially distanced. The farther we get into the reopening, it is easy to slip into the old ways of dining. We must stay vigilant and strong. We will continue to do our heat-and-eat menu until further notice. We hope the demand is enough that we can continue doing this even when we are back to full capacity. In addition, we have a new menu planned for release two weeks after we reopen to full capacity. Our vendors have not yet recovered from this pandemic so certain items are still a little harder to acquire. We will keep you updated through "This Week in SCOV" and through our email blasts as things progress. As a safety precaution for our associates and community, we will not be doing live entertainment until the pandemic is over and we can be at full capacity.

Fourth Thu., 1 PM, Desert Oasis www.foundationscov.org

Leave a legacy for others to follow. Your support will impact future needs of the SCOV clubs and area charities. Gifts by bequest or beneficiary designation can be made by adding the following language to your planning documents: "I give \$_____ or _____% to the Sun City Vistoso Community Foundation, Oro Valley, AZ 85755. (Please check with your financial advisor for actual language.)"

Are you over seventy-two and would like to reduce your tax burden even if you don't itemize? Do you own an IRA or other qualified retirement plan and looking for a tax-wise way to support the SCV Community Foundation? Then consider making an IRA Charitable Rollover Gift.

- Satisfies your annual Required Minimum Distribution (RMD) up to the amount of your gift
- Allows you to give from pre-tax assets, and your distribution is excluded from taxable income
- Helps avoid limits on charitable deductions and prevents you from being pushed into a higher tax bracket
- Simplifies the giving process.
- Minimizes the effort your giving has on your cash flow.

The gift is from your assets, not your checkbook. It's easy to do, just notify your IRA custodian.

The SCV Community Foundation and The Views Restaurant received many wonderful thanks for the to-go box meals delivered to the medical personnel and staff of Oro Valley Hospital. Even in a time of pandemic, the Foundation found a way to support our community.

As health and safety are a top priority, we will be working in a reduced manner meant to keep everyone safe. An acrylic painting on the easel of Carol Gloriosa

Here we are into July and we haven't seen each other in the studio for over eight weeks. Several members have remarked that they aren't as motivated without a show to prepare for and without the company of each other. However, the artist, Carol Gloriosa, is working on this lovely painting in her studio. It's in acrylic and will be finished after she paints

in the rest of the book. Carol Nagel said she's been painting rocks and bringing them over to her friends' yards, which is a cool way to connect.

We may be able to open our summer show in July if the Board permits. Last summer, sales were robust because

there were a great variety of subjects and media and real bargains to own.

If you are working on an a project and would like to share it in the *Tipster*, you are welcome to send an image to Jane Leonard (see above for email).

You can bring your plastic bags (not the colored newspaper bags) to Jane's home, 1750 E. Crown Ridge Way. She has a box on her front porch. You can also call Jane 520-909-5069 to assist with this project. You don't need to know how to crochet. You can help by cutting bags into strips and creating plarn (plastic yarn) for those who crochet the mats. All can be done at home.

SCOV backyards are a great place to build a model railroad, especially if you're recreating railroads in Arizona. Club member Fred Black loves to watch real trains near Cienega Creek, about five miles east of Vail, so he features that location on his G-scale "garden" railroad. There's plenty

of action when a pair of contemporary SD-70 MAC diesels in Southern Pacific Lines red and black speed down the tracks of the former El Paso and Southwestern Railroad and cross the trestle over the original Southern Pacific right-of-way and the creek bed. This article for the *Tipster* is being written on June 8. It will not be read for 23 days. A lot can happen during that period and I'm not going to predict anything, but there is one bit of news that will not change during that time.

The Oro Valley Library finally opened on a limited basis. I have finally made contact with them regarding our photo club show. Basically, we missed our slot because of the virus. They chose to just cancel any art shows that were and are scheduled during their shutdown and leave in place any that were scheduled for after their

return to normalcy. Hence, the earliest we could reschedule would be for the summer of 2021. I will attempt to schedule for a slot in the January-February-March 2022 range, when the club membership is back in town, and the Oro Valley population will be at its peak.

Continuing Education

Astronomy

Pres. Allan Mashburn 435-219-0042 scovastronomy@gmail.com
Oct.-May, Third Thu., 7 PM, Activity Center/Navajo
www.scovastronomy.com

As we noted in last month's *Tipster*, the activities of the Astronomy Club will resume in October. In normal times without a coronavirus, the club would conduct one or more star parties (night sky observing sessions) during the summer months, subject to the monsoon season weather.

In the absence of club activities, we would invite anyone

with binoculars or a telescope to take advantage of a great observing season of the year. Both Jupiter and Saturn will be visible in the southeast, fairly low above the horizon during July. Both will remain in view while moving westward over the rest of the summer. The two great constellations of Sagittarius and Scorpius are visible low in the east/southeast and will also move westward during the summer. The center of the Milky Way galaxy is in Sagittarius, and many spectacular star clusters are clearly seen in binoculars. Just west of Sagittarius is Scorpius (which actually looks like a scorpion) and its large star Antares, a red/orange supergiant.

We hope you will all stay safe and well, and we will look forward to seeing you in the fall. Our fall season will begin on October 15 with the first of many outstanding speakers. Come and join us.

Depending on how we organize our club activities, we'll tentatively plan on meeting October 6 for our first Bible study of the season. The focus of the fall study will be the book of Revelation. This may prove to be a very insightful and timely study, considering all that is going on in the world right now. In the meantime, stay safe, love your family and have a positive attitude.

Oct.-Apr., First and Third Wed., 2 PM, Catalina Vista/Mt. Lemmon

The Great Books Club plans to resume meeting in October, continuing our provocative and lively discussions, triggered by readings of classic essays, poetry and fiction.

If you plan to join us then, get a start on your reading by obtaining copies of Saul Bellow's *Seize the Day* (a short novel) and an anthology, *Great Conversations II*, the latter available from the Great Books Foundation and other booksellers. The SCOV Library also has a copy of *Great Conversations II*.

Questions may be directed to Maryfaith or Barbara.

Mentoring Holly Gibson 303-548-1299 ghgibson@live.com

General meetings Oct.-May, Second Tue., 1 PM, Activity Center/Navajo

www.scvgs.org

Whether you are spending the summer in Oro Valley or somewhere further afield, you can expand your family tree and your knowledge by joining a national or regional genealogical society. The National Genealogical Society (NGS) membership includes a six-lesson Family History Skills Course, which covers concepts such as terminology, relationships, the Genealogical Proof Standard (GPS), plus more. The New England Historic Genealogical Society offers help with organization, software programs, as well as tips on writing and publishing your family history. If your family has roots in Wisconsin, consider the Wisconsin Historical Society; Coloradoans should check out History Colorado. Virtually every state and/or region of the U.S. has some form of historical or genealogical society, and most offer opportunities to do research remotely.

Watch for information about the reopening of the genealogy library and plans for new programs for next fall. Keep in touch through the club website.

Beginning on Wednesday, July 8, Jim Williams will present a five-week class on Famous Arizonans via Zoom. This class will be used to test how well Zoom works, and depending on the outcome, this platform might be used for future courses. As of this writing, a limited number of courses is planned for the fall, so please stay tuned and look for club email announcements. If you aren't receiving club emails, send your address to the president. In the meantime, stay well, and be sure to follow us on Facebook, SCOV ILR.

The club will continue with Zoom meetings until SCOV buildings reopen and members deem it safe to resume getting together in person. Meanwhile, poetry flows on a multiplicity of topics, expressing a wide range of emotions from sweet nostalgia to biting anger and even a touch of comic relief. "Moon Dress" by Deborah Harris is an elegant expression of admiration with a touch of the humble:

"I told the moon / she need not dress up for me tonight but she did anyway / her favorite jasmine gown / pearls of stars / a wrap of clouds to catch the wind / her radiance beguiles the way she tilts her head/when she gazes back at me

I pretend she glows for me alone / though surely I know better for she has many lovers"

Online meetings are running from 10:30 AM to 12:30 PM. Invitations will be sent via email for newcomers wishing to attend.

Democratic Club

Maureen Salz 520-240-0049 mosalz@outlook.com

Second Sat., 1 PM, Activity Center/Navajo

We will not be holding any meetings in the foreseeable future. The pandemic has certainly changed politics for everyone.

Early voting ballots will be mailed on July 8 for the upcoming primary election which is Tuesday, August 4. Seven Democratic Primary races will appear on the ballot. Candidates in all races were sent three questions that pertain to their particular race. Their answers were then forwarded to those who have an email listed with the SCOV Democratic Club. If you would like to be added to our club email list, send an email to mosalz@outlook.com with "Club Email" on the subject line.

Please stay safe, hydrated and hopeful.

VP Sandra Fisher 208-860-3431 sandrafisher2703@gmail.com
www.scovprepareandshare.weebly.com

This club is for people who like to cook and socialize over a meal prepared by their fellow club members. Every month brings a new theme and a different group of diners, each of whom prepares a dish for the meal. Last year, our themes varied from ones that implied specific culinary traditions (e.g., Mardi Gras) to some that were wide-open to interpretation by the dining group (e.g., colors). By fall, we expect to be holding our usual kickoff dinner (catered) and fun dinners in members' homes. In the meantime, take a look at our website for details and photos. New members are always welcome.

Summer Membership Sec. Carol Tombre 208-961-1133
Pres. Chic Garner 520-528-9528

Meetings: Jan., Mar., Nov., third Thu., 1 PM, Activity Center/Hopi Room

The dog park will continue to be open to members this summer as long as COVID-19 safety precautions are followed. These are posted at the park and have been emailed to members. We follow Pima County, Oro Valley, SCOV and

Arizona State guidelines. They are subject to change depending upon risk to our community.

The photo is of one of the newest dogs to our club. Now how did that hair get so muddy? To find out more, come on down to the dog park to find out.

Meetings second Tue., 12:30 PM, Auditorium

Prickly pear cactus fruit begins to turn from tourmaline pink to ripe ruby red in the month of July. The mesquites and acacias droop like weeping willow, because their limbs are weighted down with drying, ripe bean pods. Acorns drop from the Emory oak. The rains are coming and that will be exciting for those of us who are still shut-in. Your board is planning for the coming season with things that will interest you, but right now we are waiting for advice from SCOV on how and when we will reopen. In the meantime, follow the rules and stay healthy. Kiss a flower – it helps.

Havurah

Pres. Barbara Hamm 520-989-0062
www.havurahscov.org

Hi, everyone. Havurah continues to send you wishes of good health, both of mind and body. SCOV is slowly and wisely opening up, keeping in mind the welfare of its residents. This month, our Havurah board will be discussing the various ways we can once again hold events for our membership within the parameters of SCOV guidelines. We will take into account our club's love of friendship (and food) as we explore our options. Please continue to check our website for our club's latest news and updates.

Without a doubt, we all miss seeing each other in a social setting and enjoying the camaraderie that getting together brings to us. Hopefully we will be able to do that once again in the near future.

Republican Club

Merritt McGlothlin 520-572-7853 merrittm@nationwide.net
Third Tue., 3 PM, Activity Center

The Republican Club is unable to determine if there will be an open meeting that would normally be scheduled on Tuesday, July 21, 3 PM. SCOV is abiding by the guidelines promulgated by the State of Arizona and also locally by Pima County and Oro Valley. If SCOV facilities are open, what will be the requirement for social distancing, outside attendees, etc.? How comfortable would the membership be attending a meeting?

If we are unable to hold a meeting in July, we will use other means to forward and process information regarding the upcoming elections. The first scheduled election is the primary election on August 4. That August date is also the election date for the Town of Oro Valley.

Please continue to monitor the *Tipster*, and for even more current information, check the Thursday weekly email, "This Week in SCOV," for further Republican Club information. The club will also notify all those on the email list.

Once we return to holding meetings, everyone is always welcome to attend the third Tuesday of each month.

www.vbscov.weebly.com

All veterans, male/female, private to general, one military assignment or retired, active duty or reservist, combat or non-combat. Everyone is welcome.

Although we have not held a meeting since March, club items for homeless veterans members still served those veterans in need. In March, we assisted in sorting and folding donated clothing for veterans in need. In April, we delivered clothing donated by SCOV residents to homeless veterans. In May, we delivered electronic equipment donated by SCOV residents to the Veterans Home in Tucson. In June, we delivered personal hygiene and baby items to help homeless veterans. We provide hot pizza to homeless veterans once a month.

We inform club members of VA entitlements and review relevant issues by email and during monthly meetings.

We are proud veterans, helping veterans. Attend a meeting to see what we have to offer.

For those who have fought for it, freedom has a flavor the protected will never know.

Dance

Ballroom - SC Starlight

Jim Kasierski 520-954-4041 scstarlight.pres2020@gmail.com
www.scstarlightdanceclub.wixsite.com/scstarlightdance

SC Starlight provides a fun and social club to practice, learn and enjoy ballroom dancing, whatever your level of ability.

While the COVID-19 restrictions have paused weekly Wednesday practices, we have been busy preparing and editing plans to be ready to return to dance when SCOV leaders determine it is prudent for active groups like ours to reopen. Guidelines by CDC, state and local government may require some restrictions or modifications as we restart, but safely returning to dance is the goal.

A big thank you to Bill Bable, retiring VP, for his contributions in filling the vacant position earlier this year.

As we move through summer, we will be exploring what events and lessons our members would enjoy. Please respond to surveys or reach out to your board with any ideas you have to make your club stronger and even more enjoyable when at last we say, "Let's Dance!"

Folk Dance

Harvey Gardner 520-308-5616 savear@gmail.com

Fri., 9:45-11:45 AM, AFC/Studios 1 & 2

Folk dancing is more fun than a treadmill and healthful exercise for balance, muscle, mind and mood. For most dances, we hold hands in a circle to perform non-gymnastic steps to the enchanting music and rhythms of diverse cultures (including our own). Neither prior experience nor a partner is needed. Typical dance sessions consist of 15 folk dances, most with instructions. Folks may always sit out a dance to rest. Drop in to see if this internationally popular dance form is your cup of tea. Also, search FDCSCOV on www.YouTube.com to see us in action online.

Hula On With Pizzazz!

Artistic Dir. Glory Lamb 805-698-3887 dancingextra@gmail.com

We've added pizzazz to our dance outreach program for the SCOV community. That means our dance repertoire will be varietal and aimed at providing entertainment and pizzazz to the fun functions for SCOV clubs.

To participate, join us by submitting your name for our on-call list, and see how great it feels to have pizzazz.

First, Sunliners wants to say thank you to General Manager, Mark Wade, the staff and the SCOV Board of Directors for their hard work and leadership during this COVID-19 crisis.

The Sunliners board has been meeting and communicating with Administration about how we might safely resume our club activities. We provide updates to our membership by email and on our website. However, if you are a Sunliners member who does not have ready access to electronic communication, please call one of the officers listed above, so you can be fully informed.

We are eager to start dancing together again, and want to make sure our members have a safe and comfortable experience. Oh, yes, and fun.

Rock 'N Roll

Pres. Renee Steinmetz scovrandclub@gmail.com
 Membership Chair Jon Russell scovrandclub@gmail.com

Things are slowly getting back to a new normal and the Rock and Roll club board is discussing how to bring dances back into our lives. The July dance doesn't look possible with the current social distancing, crowd size and mask restrictions, so unfortunately, it is canceled. There is no dance scheduled for August, but we're hopeful for September. Stay tuned. Membership renewals are due by July 31. If we don't receive your renewal by then, your membership will be deactivated and offered to someone on the waiting list. Don't forget to fill out the member survey emailed June 1. The survey provides valuable input to the board as they make decisions for the 2020-2021 season. Rock on.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com
Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

As soon as the AFC reopens, Pilates mat classes will resume on Mondays and Thursdays with the same instructors as before. If you haven't already tried Pilates, summer is a great time to start, as our classes are very small and more personal. First, the stretching exercises are done to warm up and then the Pilates mat routine is performed with modified moves for those with limitations. People ask if the benefits of Pilates, which come from strengthening and stretching exercises, really develop the body's core (your abdomen and back muscles), increase spine mobility and build flexibility. The answer is a firm yes. More benefits include improved balance, muscle tone, stamina and a feeling of well-being. The cost is \$8/class and annual club dues are \$20 pp. Please join us or just stop by and watch. Call Mary with any questions.

Verdins are little birds that reside in SCOV year-round. They like nectar and small insects and often will visit hummingbird feeders. Other than southern Nevada, these desert birds are only found in states along the Mexican border. Look

closely and you will see a red patch on its shoulder. The red is more noticeable on the male and its sweet song is easily recognizable. Verdins build surprisingly large nests with openings at the bottom. Want to learn more?

We are an activity-oriented group, and all SCOV residents are invited to join us to learn more about the birds in Arizona. We generally list our weekly bird trips, but because of the coronavirus, all official birding trips have been canceled until the fall. The planning meeting listed above will probably take place over the Internet. If you have any questions about our club or about birds in general, feel free to contact Peggy (above).

Men's and women's tennis play have continued through the COVID-19 limitations that have affected other SCOV activities. Safety precautions during play, including social distancing and hand washing, continue to be highly important.

With the excessive heat experienced in late May and June, male players have begun play at 7 AM. Many club members are delighted that our swimming pools have reopened to provide opportunities to cool off.

All SCOV residents and their guests are welcome to use our wonderful tennis courts, subject to COVID-19 reopening protocol. Anyone interested in joining the Tennis Club should send an email to Ron Martin.

Casual play Sun., Thu., 1-3 PM; Advanced play Mon., 1-3 PM, Desert Oasis

Remember that song that goes, "You don't know what you got till it's gone"? Now we know and what an understatement. Our hope is that we will soon be back enjoying our water volleyball games in the Desert Oasis pool. Whatever it takes is what we must do to get back in the water. Whenever that happens, our new team guidelines should allow club members to participate safely. The summer temps are climbing, and we need this outlet. There will be a better appreciation for the opportunity to participate in group activities. Let us all look forward to resuming normalcy. Are we there yet?

Pari Foster 520-248-3658 parifoster@gmail.com

Tuesdays, 1-2 PM, Catalina Vista, Art Room

The grief group plans to start again on Tuesday, August 4. We will be practicing social distancing, as our room is quite large, and also, to keep safe, masks will be mandatory. We will continue to focus on loss in a safe, loving and caring environment. Due to the COVID-19, many of us may be experiencing a new kind of loss in addition to losses from things before COVID. There may be loss of friends or family, grief from loneliness due to sheltering at home, and other grief issues associated with the pandemic. None of these things should be taken lightly. The grief journey can take time, but is vital to healing, and by sharing with others, the burden is lightened. Because of many uncertainties, please call ahead a few days before first meeting.

YOTO/Northwest Auxiliary

Kris Cohen 520-818-2582 krisandearl@msn.com

With businesses reducing their hours or ceasing operations altogether, it's safe to say many are feeling the effects of COVID-19. Youth On Their Own (YOTO) students are no exception. In addition to the challenges they faced with school closures, YOTO kids found themselves out of work and in need of additional economic support.

Addressing these needs, Youth On Their Own established the YOTO COVID Emergency Fund providing urgent financial and basic needs assistance to YOTO youth. Despite what is going on around us, YOTO's goal remains the same: to ensure youth experiencing homelessness have the resources they need to stay in school and graduate.

On June 5, a lightning strike started a forest fire in the nearby Catalina Mountains. While SCOV was not threatened by the fire, it was close enough to be observed from the community.

Carol Benin observed the fire at dusk on June 6

Sheryl Hester photographed a tanker plane on June 6

While SCOV was not threatened by the fire, this photo of a tanker plane spraying fire retardant in the foothills east of Oracle Road certainly looks close. Photo by Garry Buck
