Grabbing the Bull-Perspective is Everything

by Jim Mitchell

I can't remember who advised me or when I first heard that sometimes you have to take the bull by the tail and face the situation, but it's come to my mind many times over the years in difficult situations. The past few months, it has popped up more frequently than I'd like.

As difficult and ugly as the COVID-19 pandemic has been, your Board and staff have tried to be realistic in facing the ever-changing situation. The one constant has been following guidelines from the CDC, state, county and town. It may not have seemed like a constant because the guidelines change as more data and research becomes available. But that's the way science works. (As opposed to social media where one can find an "expert" to support about any belief that fits one's viewpoint.)

A metaphor normally used to build confidence in leaders doesn't even apply today. You know the saying, "This isn't her/his first rodeo." But the fact of the matter is, this is our first rodeo, for all of us, our first encounter with a fast-spreading virus no one has ever seen. So can we at least agree that, until we have an effective vaccine, we need to take individual responsibility for the good of all of us by wearing masks, social distancing, washing hands frequently and following the science as we learn more about how to stop the spread?

In the meantime, I'm reminded of lyrics from a Van Morrison song: "You'd find something every day to take your breath away. The world is filled with wonder, no matter what they say. Wonders all around us. And life is all we've got. If you wait for mountains, then you're gonna miss a lot."

We in SCOV have a lot to look forward to, not just the ongoing reopening of pre-pandemic facilities, amenities, clubs and events, but also implementation of the long-range plan for new and updated facilities, amenities, clubs and events. Improved Activity Center, Artisan Center, exercise pool, Welcome Center, dog park and golf course anyone? Those are exciting possibilities in our future once we can grab the bull by a more manageable end.

Let's talk PPP

PPP (Payroll Protection Program). What is it? When did we apply for it? Did we get it? How much did we get? Can it be forgiven? What is required for forgiveness?

I've heard these questions and more regarding the PPP loan. There is so much confusion about the PPP. Some of the answers I've heard add to the confusion.

I thought it would be well if we take time and try to clear the air with some facts as they relate to the PPP loan.

What is it? The PPP is the primary stimulus of the CARES Act for small business. These funds are administered through the Small Business Administration (SBA) and are intended to guarantee eight weeks of payroll as well as some other costs to help small businesses stay in business.

Did the Board approve making an application, and when did the Association apply for the PPP loan? The Board was informed that staff were looking into the PPP on March 31 and was kept up to date as we moved through the process. When did we apply for it? Randy Trenary (Controller) first dropped off the application with all supporting documentation on April 1, 2020, to our local bank branch. On April 2, the application was changed by the SBA, so Randy submitted the new application. The SBA then created a website for online submissions which Randy completed on April 5. On April 16, we were told that we were not approved. April 20, we were told by the bank we were in the queue if a second round of funding became available.

Did we get it? We were notified more funds were available on April 27; then on April 30 we received approval notification. That same day, Joy Huxtable (Board President) emailed the Board of Directors seeking authorization to accept the loan and allowing me to sign for it. This action was ratified in the May 21 Board meeting. The loan documents were signed on May 5, 2020.

How much did we get? We received \$615,955 on May 6.

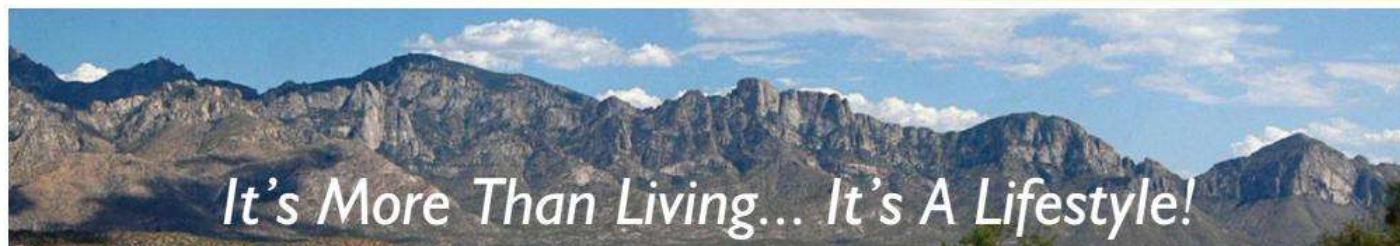

Can the loan be forgiven? Yes.

What is required for forgiveness? Funds must be used for payroll and benefits (employer portion of medical insurances and 401K), state employment taxes, and utilities. Initially, 75% of the funds needed to go to payroll-related expenses and 25% to nonpayroll expenses we disbursed by June 30. That was changed to 60% / 40% when they extended the disbursement deadline to December 31, 2020. All our funds were disbursed by June 26 at a 77% / 23% ratio. We must also get back to similar staffing level pre-COVID-19. Certain Safe Harbors were created in this regard if returning to staffing levels was not possible. Some of these Safe Harbors will apply to us for restaurant, activities and Pro Shop staff.

It's More Than Living... It's A Lifestyle!

Life-Long Learning at SCOV

by Lei Lane Bammel

What do you get when a great idea is put in a receptive environment and then is nurtured by skillful, caring and thoughtful people? For Sun City Oro Valley, the 2003 idea of Gene Bammel blossomed into an extremely successful and popular club, the Institute of Learning in Retirement (a Life-Long Learning Program), better known as the ILR. At the beginning, the first session in the fall of 2003, four courses were offered, and six new ones followed in the winter of 2004. In 2015, the club added a summer session to the fall and winter ones, and, recently the annual number of courses has expanded from six to around 30.

A member once commented, "I can say, unequivocally, that since taking ILR classes the past several years, my mind has been stretched, never to return to its original shape." Another has offered, "The ILR is one of the very best things living in SCOV offers to all of us on a reliable and continuing basis...keeps us young and involved in life." and "We have a real gem available to us. How fortunate we are!"

Classes typically meet once a week for a maximum of two hours, and they range in duration from 2 to 10 weeks. Class size has been limited by the fire marshal's occupancy limit for the rooms. Most courses have a limit of 60, but a few have used two rooms to increase the number to 120. There is a one-time membership initiation fee of \$25. After that, each course costs only \$10, except for the summer courses which have been free. In addition, when in session (8 weeks in the fall and 10 in the winter), there have been free weekly Samplers. These presentations have a different topic and presenter each week, and no advance registration is required. Until now, Samplers have been open to any resident. Going forward, they, like courses, will only be available to ILR members.

ILR's mission is to provide a broad range of educational opportunities for its members and the residents of SCOV, primarily through offering courses and presentations. It has grown from about 100 to around 800 members. There has been an amazing variety of course topics and presentation methods. Some have even had field trips of various kinds (geological, historical and even cuisine/restaurant-based). Subject matter has covered the gamut of art, health, histo-

ry, dance, finance, literature, math, music, religion, science, technology and philosophy. All of the course instructors, called moderators, are volunteers, some of whom have lived outside of SCOV.

Like everything else in this new COVID-19 era, the ILR has had to make dramatic changes in order to continue its mission. For now, and until there is a viable vaccine that is available and taken by our members, there will be no in-person classes or Samplers.

With that decision made, alternatives were considered. Our Curriculum Chair, Randy Myerson, has investigated various possibilities as have several of our moderators. Randy, impressively, has been developing the knowledge and skills necessary for being a Zoom (a popular video teleconferencing app) host and understanding the nuances of how the application can be used by potential moderators.

Three free courses were offered this summer, each with a different approach. Jim Williams used Zoom, Jack Peradotto selected a self-paced PowerPoint approach and Garry Buck is doing a multiple week, computer-based approach with class discussion facilitated by emails. For some members, working with these methods and techniques is going to be educational and mind expanding.

But the possibilities are very exciting and no doubt offer another approach that can be continued as an additional option once things return to something like the previous normal. The advantages, beside zero

exposure, include being able to take a class anywhere there is an Internet connection, having a comfortable chair, not having to get dressed to go out, being able to have a beverage of choice and not having to drive and park and walk to a room, etc. The important thing is that enriching, brain-expanding, educational and fun opportunities continue to be available in a safe environment. While reduced in the number of offerings, the club is planning on having fall 2020 and winter 2021 courses and Samplers for its members. See article on page 16 and the club website www.suncityilr.com for more information.

General Manager, continued from page 3

Our best opportunity for full forgiveness of the loan will be to wait until we are at pre-COVID19 staffing levels. Depending on how this virus plays out, it is likely this won't happen before the end of the year. We anticipate submitting for forgiveness sometime in December.

I want to express my appreciation to our Board of Directors who have taken every opportunity to take advantage of this program which will lessen the financial impact of COVID-19 virus on employees and the Association.

Hot Topics

Have you seen the Hot Topics button on the website? It's the go-to place for the current hot topics in SCOV. Right now, there's information there about COVID-19, trash, Comcast and Zoom. These are the things the community is asking and talking about, and you now have a quick link to those topics. The topics will change as the current news in the community changes. There's also an FAQ page as well as a place to ask a question. Communication is one of the most important elements of SCOV, and this is another way information is provided to you.

Program/Facilities Director - Pam Sarpalius

When, Where, How and Why?

These are questions I am asked daily. Every day brings new challenges not only for the managers but for residents. I know many of you are frustrated that I can't give you an answer to all of your questions. All of our personal lives have changed like we never thought possible. As we open things slowly, I am working to find more social ways to gather safely under rules set by the Governor, county and our Board. As of this writing, SCOV has been lucky that our friends and neighbors seem to be healthy through all of this. Let's all hang in there together. We are lucky to be able to get out, attend some clubs and dine at our restaurant.

Town of Oro Valley Building Permits

When you are preparing the forms for an ARC or In-House submittal, please remember that it is possible your project will need an issued Town of Oro Valley permit(s) as part of the project. Not every project will require a permit, but there are several that do require them.

If there is any question about permits, please contact the Town of Oro Valley 520-229-4800 and ask for Philip O'Conner. He will be able to direct you. If you do not need a permit for a project, please document your conversation with the date, time and town contact within the body of your submittal. If you do need a permit(s), it is imperative that you email a copy of the permit to kmosier@suncityorovalley.com prior to any construction.

Some projects that may need permits are the following: installation of more than two windows, installation of a flagpole anywhere on your property, temporary storage of items such as pavers or roof tiles in the right-of-way, etc.

Hats off to our SCOV volunteer librarians for their service during this extraordinary time. While not all our volunteers have been able to come back yet, those who have, have improved the quality of life for our community. Our Library provides a place to go for residents experiencing loneliness and boredom during the extended lockdown. It has not been easy; volunteers who stepped up to the plate had to learn new procedures. Each shift begins with taking temperatures and sanitizing surfaces. Once or twice a day dozens of items, often over one hundred, are unloaded from the book drop onto a cart and marked for a 72-hour quarantine. Carts that have completed the 72 hours are unloaded onto another cart and wheeled out to the circulation desk to be checked in and shelved. Once a week a volunteer with loads of patience runs the overdue report, generally about six pages long, and searches for every single item not only on our shelves, but on each of the six or so active quarantine carts before calling patrons. One volunteer works the circulation desk, handling all checkouts, check ins, phone calls, questions and much more. Another volunteer stationed in the Library lobby limits the number of patrons who can enter and ensures everyone wears a mask and uses hand sanitizer, so they can safely browse our collections at a safe social distance. The joy on the faces of those going home with new books, movies, magazines and puzzles is a testament to all the volunteers' hard work.

Please remember that curbside pickup is still available. Call 520-917-8064 for details.

Mask Tips

When wearing your face covering or mask, be sure that it covers both your mouth and nose and fits snugly. So, if wearing a mask or face covering has benefits that outweigh any potential or even imagined downside, are there ways to make extended use easier? Turns out there are some simple tips that can make prolonged mask use more bearable. Steps to help with prolonged mask use that experts recommend often include:

Take Five Breaths: By taking five breaths before putting

Due to the timing of our annual audit, the financial statement for July is not included in the September *Tipster*. Financial statements can be found on our website www.scovaz.com and in our SCOV Library.

The complete audited financials will be available on the website and in the SCOV Library before October 31 as mandated by the Bylaws. A copy will also be available in the Administration offices.

Money MATTERS

Money Matters will return with the October issue of the *Tipster*.

The Finance & Budget Committee meets on Monday, October 26, 1:30 PM, WC3.

If you have any questions, please feel free to call me at 917-8060, or email me at rtrenary@suncityorovalley.com.

Randy Trenary, Controller

on your mask, right after you put your mask on, and after removal of your mask can stop your nervous system from developing an incorrect breathing pattern. This entails inhaling through your nose for four seconds and exhaling through your mouth for six seconds. Take a two-second break and repeat five times.

Breathe Deep: As some people wear their masks, they actually change the way they breathe. In order to avoid this, make a concerted effort to breathe slower and longer when wearing your face covering.

Take a Break: When possible, try to take a break from wearing your mask or face covering. It is these little respites that can make prolonged mask use bearable. Again, take five deep breaths during these breaks and be sure that during a break you are mindful of social distancing.

Unfortunately, mask or face covering use is the new normal (at least in the short term).

Special Note From the Aquatic and Fitness Center (AFC)

Once we reopen, orientation on how to use the gym equipment will be held every Thursday, 1 PM, so stop in and sign up. Contact Lonnie Davis, AFC Coordinator, to discuss questions or problems with the AFC.

AFC and Desert Oasis: See Hours of Operation on page 2.

Tuesday, September 8, the AFC pool and spa will be closed for cleaning and shock treatment. It will reopen the following morning at the regular time.

Wednesday, September 9, the Desert Oasis pool will be closed for cleaning and shock treatment and reopen the following morning at the regular time.

Oct.-May, first Fri., 2-3 PM, WC1

Is your hangout gone? Do you miss The Views Restaurant atmosphere with its great food, entertainment, wine nights, karaoke or beers after golf? I bet we all do. So, here we are, faced with a hopefully temporary new normal which most of us feel we can't do anything about. That's one way of looking at it. The other way would be to think of it as a new start with new rules, but with the same goal of making The Views Restaurant one of the best venues in SCOV and Oro Valley.

So, that leads to my introduction. My name is Leo Belardinelli, and I have agreed to try to fill the shoes of Barb McNeill, who has been the chairperson of the Food and Beverage Committee for the last three years. It was Barb and her committee who helped our Food and Beverage Director, Aalt Bouwer, and his staff forge a new restaurant and create a major revenue producing venue in SCOV. You can help also. If you have an idea to throw in the hat, or you would like to be on the committee, email me. You could be the bearer of the next great idea.

will reopen. We are remaining mindful of the safety of our consignors and customers and consider ourselves a non-essential service. But, our consignors remain busy with their art and craft projects, and we expect a new display of artistic inspiration to burst onto the scene when we return to some kind of normal business activity. We appreciate our customers and look forward to seeing you again when it is closer to the new normal we expect ahead. Thank you for your patience.

The Loan Room is open and will continue to be open on Tuesdays and Thursdays, 8-9 AM, as long as we can meet your needs within state and SCOV protocols. Currently, that means that no more than two residents can be in the Loan Room at one time with others waiting safely outside for their turn. All residents must wear masks, bring someone to help with loading and unloading, and sanitize all equipment before returning it to the Loan Room. You may make reservations on the website or at the Loan Room up to two months in advance of your needs, but walk-in loans are also welcome. We will continue to respond to actual medical emergencies outside of open hours, but expect that most requests can be met on our open Tuesdays and Thursdays. We will be glad to see you again and meet your short-term loan needs.

Yes, the Rains Came

Our monsoon rains did arrive and so did many weeds. Keep an eye out for desert broom and spurge, and remove them early. Please make every effort to stay ahead of the weed situation in your yard. With the summer rains, new growth on trees occurred. Note that trees must be kept trimmed up more than seven feet above sidewalks so as not to encroach upon walkers and for visibility of stop signs at corners. Most bean pods are down now and should be removed from the ground in your yard.

Is your house number blocked by vegetation? Should a possible emergency arise, your home address needs to be found quickly. For safety reasons, please trim any vegetation blocking numbers on your home, so that they are visible from the street.

Our committee wants to issue a special thanks to all the residents who work diligently in keeping their yards in good shape throughout the year, especially in our hot summer months. Keep up the good work.

It will come as no surprise to most of you that the Posse has suspended patrols until January 2021, at the earliest. I recently spoke to our General Manager, Mark Wade, and confirmed with the Posse board that it is just too uncertain to have members in the Posse vehicle where they could not social distance. While we do have a number of husband and wife and domestic partner teams, we do not have enough to routinely fill our schedule. Trying to determine on a monthly basis what to do has been hard on our volunteers as they don't know what to expect. We decided the decision to suspend patrols was best for all. While COVID-19 has been a challenge for all of us, it certainly has influenced the Posse and our mission. We hope you will consider joining once things are safe for us to resume our duties. We need you. This is a way to help your community while assisting the Oro Valley Police Department in covering our area. Six hours a year, two 3-hour patrols, is all the commitment we ask. Join us.

Properties

Chair Rich Oaks richoaks114@gmail.com
Third Thu., 9 AM, WC1

The Properties Committee initiated and coordinated a lighting improvement project in the Artisan Center and AFC. The project was completed in July and replaced older fluorescent tube lighting with highly efficient LED (Light Emitting Diode) lamps. This was done in all of the Artisan Center Rooms, Gift Shop, all display cases, AFC gym and yoga studio. A total of 582 lamps were upgraded in 291 fixtures. The project will save 32,600 kilowatt-hours (kWh) per year equating to \$4,075 annual utility costs plus additional maintenance staff savings. Total cost to SCOV is \$8,889 including TEP utility rebate of \$3,178 resulting in simple economic payback of 2.2 years. Cost savings aside, the new LED lights provide higher and more consistent light levels, better color render-

ing, and improved working conditions for artisans and users of the facilities. The Properties Committee works on a variety of tasks like this during the year. We have not been meeting recently, but will resume our monthly meetings when it is appropriate.

Director of Golf - Rick Price

rprice@theviewsgolfclub.com 520-917-8086

The month of September is the time of the year that we overseed the winter ryegrass on the golf course for the upcoming season. Just as a reminder, there will be no overseeding on all the newly sodded areas around the greens, approach areas, and driving range tee.

We are excited to open the new greens for play once we come out of overseeding on October 12. We were hoping to play on the greens before overseeding; however, we have decided not to rush the process and open too early.

The good news is the new driving range tee is now open. And during the time we have the course closed for overseeding, the driving range tee will be accessible off the new grass teeing area.

The golf course will be closed during overseeding starting Monday, September 21, through Sunday, October 11, and will open for play on Monday, October 12. We would ask the help of all residents to make sure not to drive golf carts or walk on the golf course while the new grass seed is being planted and watered. Please stay on the cart path.

The Pro Shop will be open regular hours, 6 AM-5 PM, through Sunday, September 20. We will be closed September 21 and 22 and reopen for limited hours 9 AM-Noon, September 23-October 11.

When we open for play on Monday, October 12, we will have a special grand opening for members and residents only. All golf carts must remain on the cart path only for a couple of weeks. The projected date for golf carts to start driving on the grass will be Monday, October 26.

Superintendent - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

This year the overseed is going to be different from previous years. It has been announced and documented in multiple formats over the past year that the areas around the greens that were impacted by the Greens Renovation Project will NOT be overseeded this winter. However, the tees and fairways outside the construction area will be overseeded to provide green playing surfaces during the winter months.

The par 3 approaches, as well as approaches on the 1st, 15th and 18th holes will not be overseeded in conjunction with the construction areas being skipped this year. The size of these approaches that are outside of the construction area is very small and does not make sense to overseed. This will also allow us to control the Poa Annua that has really infested these approaches over the years. They were the first holes that were not overseeded many years ago, so they are due for a break to get cleaned up.

The driving range tee will not be overseeded this winter as well. It needs a full year to establish before it can be overseeded to prevent damage to the new sod. That means the tee will go dormant when the weather gets cold in December through February. Golfers will have to hit off the synthetic turf during those months, since the tee will not be able to heal from divots. When the weather warms in the spring and the tee starts to green up, then play can resume on the tee again.

It was a hot summer, but we are almost through it. Hooray. The golf course renovation is in its final phases with the greens all sprigged out and starting to show green. The course is really looking good. It is shaping up nicely to be a great fall. The restaurant is open on a limited basis, so you can get a cool drink and something to eat after your round.

The men's club held its first event July 28, a fun day, and we started playing events August 5. We are happy to announce there is a full schedule planned for the rest of the year. The first will be a Heartless Scramble September 2, followed by a four-player scramble September 9, and the last event before overseeding, a low net on September 16. Overseeding will begin Monday, September 21, and run through Sunday, October 11. Check out the calendar on Golf Genius for all events. Remember that you have to register on Golf Genius to play.

Attention all SCOV clubs and members: Does your club have needs for equipment or annual supplies? Then look no further than your SCV Community Foundation.

Now is a perfect time to donate to the SCV Foundation where your funds will impact your local community. This spring and summer we took meals to our local health care heroes at Oro Valley Hospital, assisted our recently formed Veterans Club with the purchase of U.S. flags for SCOV buildings and provided funds for the purchase of cloth and supplies needed by sewers in the Casa Amigas Club.

The Foundation hopes you and yours had a wonderful summer and that you will continue to stay safe and distanced.

April: "Like Frida Kahlo I paint from my heart. The subjects I honor in portraits are my heroes and my friends. My style is expressionistic."

Al: "Painting has always given me a sense of beauty and creativity."

Candis: "I love playing with colors and making swishes of paint across the canvas. I paint because I have to and many times I like the results. My style tends to the abstract."

Carol G: "My emotions and passions get my imagination going generating an idea for a painting which in turn creates a link between myself and the viewer."

Jane: "I paint for the pure pleasure of it."

Rowena: "I enjoy dipping the brush into paint and expressing a scene or feeling I want to remember. I delight in viewer reactions to my work and often find we share values."

Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. - Participants are limited to 10 for now (brief drop-ins don't count).
- Participants must wear masks.
- Tables are six feet apart for social distancing.

One project that members are doing is crocheting sleeping mats for Tucson people experiencing homelessness. If you are interested in participating, you can 1) donate plastic grocery bags, 2) cut the donated bags into strips, 3) string the strips into plastic yarn (plarn), and/or 4) crochet the plarn into sleeping mats. Many do this at home, dropping in at meetings to pick up supplies. This project and other knitting and crocheting activities are what we do at our meetings, socializing at the same time.

To donate bags: Drop clean and flattened plastic grocery

bags on the porch anytime at Jane Fairchild's home at 1750 E. Crown Ridge Way. Please keep in mind that we cannot use newspaper bags or thin plastic produce bags for this project.

At the end of WWII, the majority of American homes were still heated with coal. In every town, there were dealers like the Bartholow Coal Company, modeled here as it might have appeared in the 1950s. Master modeler Bill Nagel spent three months building this reproduction from a "craftsman kit," so-called because of the skill and patience needed to assemble and paint the many small and highly detailed parts that create this evocative diorama. The Modelers Club is back operating under the SCOV guidelines. We hope you will visit us again when the protocols allow. When we resume meeting, the Tapestry Rug Hooking group will meet on Tuesday mornings in the Sewing Room. We welcome new members; if interested in learning our art, please contact Coni Arseneau or Carrie Wiley. Our club provides instruction and practice materials. Learn more about our group by visiting our website listed above. The group will post on the Sewing Room's sign-up calendar when it is ready to start meeting again. To access the calendar, you need to be a member of the Thimblelenas.

The picture at right is a project completed by John Shaw. If anyone has participated in a club with John, you have then shared John's "punny" comments/jokes. This project is an illustration of John's humor. The "Come In" rug when turned around says "Go Away." By John's placement of his rug, visitors will readily know whether they are in or out.

- Everyone in the shop must wear a mask.
- All members will be required to provide their own eye protection.
- Handwashing protocol is implemented.
- Social distancing is expected and appreciated.

All SCOV woodworkers thank you for your commitment to maintaining a safe environment.

Astronomy

Pres. Allan Mashburn 435-219-0042 scovastronomy@gmail.com
Oct.-May, Third Thu., 7 PM, Activity Center/Navajo
www.scovastronomy.com

The Astronomy Club is known for conducting monthly lectures by world-class astronomers and other scientists. In normal years the monthly meetings begin in October and continue through the following May. This year we will be guided by COVID-19 data and guidance from SCOV administration. We are working on methods of providing taped lectures which can be accessed safely in your home. More information will be forthcoming.

This month we would like to call your attention to the southern sky where each clear evening you will see a very bright object—the largest planet in the solar system, Jupiter. Just to the left of Jupiter you will see a somewhat less bright planet, Saturn. Saturn, with its beautiful rings, is often called the most spectacular object in the night sky. Jupiter can easily be seen with binoculars, while Saturn requires a telescope.

You may have seen in the news that NASA launched a spacecraft on July 30 which contains a Mars Rover called Perseverance. That Rover will land on Mars on February 18, 2021, after a seven-month voyage. In future *Tipsters* we will provide more information about this mission. Persever-

ance will deploy the first helicopter ever to fly in the Martian skies. Called Ingenuity, the helicopter will operate in an atmosphere 99% less dense than ours on earth, and at temperatures down to minus 130 degrees Fahrenheit. Quite an engineering challenge. Stay tuned.

Depending on how we organize our club activities, we'll tentatively plan on meeting October 6 for our first Bible study of the season. The focus of the fall study will be the Book of Revelation. This may prove to be a very insightful and timely study, considering all that is going on in the world right now. In the meantime, stay safe, love your family and have a positive attitude.

General meetings Oct.-May, Second Tue., 1 PM, Activity Center/Navajo
www.scvgs.org

As with most clubs and organizations, the opening of the Sun City Vistoso Genealogical Library remains up in the air. Our President, Lee Sopwith, would like to let members know that "we are proceeding to have a late summer early fall lab opening, and our meeting in November, based on health department and SCOV recommendations, will be either online or live." Continue to check the SCOV website and club website www.scvgs.org for opening dates and upcoming meetings.

If you are looking for a project to fill your extra time, consider indexing. FamilySearch, Daughters of the American Revolution, the National Archives and Records Administration, the Federation of Genealogical Societies and Ancestry.com all offer opportunities to volunteer virtually to help make genealogy records more easily accessible. You never know, you may run into just the family record you have been searching for by being a volunteer indexer.

Poetry is a great outlet for these viral times and being able to continue our Monday meetings via Zoom, 10:30 AM-12:30 PM, definitely helps keep us going. Newcomers are always welcome. Email Sharyn to receive an invitation.

Club member Harvey Gardner takes a fresh look at the ups and downs of love in a poem that artfully describes both aspects:

The Buts of Love

Love's high-flying feeling / can't stay aloft forever. / Inflicted pain can force / a sudden bumpy landing.

But, although it's hard / to handle hurt, set aside / tempting vengeful plans, / withdrawal into quietude / can allow healing feelings / to launch loving thoughts / looping, / I forgive you... I forgive you... I forgive you...

But, love that's grounded / and mothballed begs abiding / this basic self-love law—Suffering ad infinitum is optional.

Democratic Club

Second Sat., 1 PM, Activity Center/Navajo

The primaries are over, our convention has concluded, and now we are all focused on the November 3 election. Here are some dates to take note of:

September 29 – Presidential Debate

October 5 – Voter Registration cut off for the General Election

October 7 – Early Ballots Mailed

October 7 – Vice Presidential Debate

October 15 – Presidential Debate

October 22 – Presidential Debate

October 23 – Last day to request an early ballot

October 26-30 – Curbside ballot drop off available at Oro Valley Library. Times and other locations can be found at www.recorder.pima.gov/EarlyVotingSites

With COVID numbers not flattening, meeting in person is a precarious situation at best. However, we are keeping those on our email list updated on local and national issues and "noncontact" volunteer opportunities for candidates. Send your request to mosalz@outlook.com to be added to the list. Please everyone, stay healthy, stay hopeful.

VP Sandra Fisher 208-860-3431 sandrafisher2703@gmail.com

It is hard to predict what the situation will be later this year, but if it is safe to get together we will have a Roaring 20s Kickoff Dinner Saturday, November 14. If the pandemic still prohibits large gatherings in November, we will need to either get creative on how to safely have some smaller get-

togethers or simply suspend club activities until the situation improves. The club board is considering what would be possible, and we have a number of ideas. We will be communicating with members in the fall to suggest how we might continue to enjoy preparing and sharing food with each other. Stay tuned.

Dog Club - Fido's Friends

Summer Membership Sec. Carol Tombre 208-961-1133
Pres. Chic Garner 520-528-9528

Meetings: Jan., Mar., Nov., third Thu., 1 PM, Activity Center/Hopi Room

It's been a very unusual summer with the COVID restrictions and extra hot and dry weather. We've had to adapt our daily routines. Our canine companions need socializing, exercise and mental stimulation just like we do. Some things we can do with our dogs include: watching animal programs on TV, playing hide and seek "go find it" with treats or toys, revisiting training practice, teaching new tricks. There are many free YouTube videos on training. Give it a try. Don't forget pet summer safety. Always have a full bowl of fresh water available. Take walks in early morning or later evening, avoid hot sidewalks and roads that can burn their paws, never leave your dog unattended outside or in the car, and be aware of javelinas, coyotes, snakes and toads.

www.facebook.com/SCOVGardenClub

Meetings second Tue., 12:30 PM, Auditorium (no Aug. meeting)

The Garden Club is one of the largest clubs in SCOV. Due to the uncertainty of the COVID-19 outcome, we will be following the Governor's and SCOV guidelines. Due to these unusual times, the Garden Club will be on hiatus until further notice. Please watch the *Tipster* and "This Week in SCOV" for any updates or changes. September is a transitional month. There are things you can do this month to beautify and enhance your garden. Plant cool weather annuals toward the end of the month such as dianthus, angelonia and cosmos. Don't plant pansies until cooler weather is here to stay, October 15 or later. Don't depend on rains this month to give plants enough water. Encourage new flowers on your Mexican Bird of Paradise by removing seed pods. Do a light pruning of roses by month's end. Add more mulch over roots.

Havurah

Pres. Barbara Hamm 520-989-0062
www.havurahscov.org

L'shana tova, and Happy New Year to all of our readers as we welcome in the Jewish calendar year of 5781. Best wishes for a sweet year filled with love, peace, safety and good health. We are disappointed that we will not be able to have our annual Rosh Hashanah dinner and Break the Fast. Hoping that we will be able to gather together to see each other in the near future.

We held a second Zoom get-together in August that was well attended. It was wonderful visiting and sharing, and we are grateful to have this opportunity to stay in touch.

Our Havurah Book Group will be resuming on Tuesday,

October 13, when we will hold a Zoom meeting to discuss *The Girl From the Garden*, by Parnaz Foroutan.

Be sure to check out our website for up-to-date news.

Republican Club

Merritt McGlothlin 520-572-7853 mercarmc51@gmail.com
Third Tue., 3 PM, Activity Center

Same song second, third or fourth verse. The Republican Club was unable to hold their August meeting due to COVID-19. The club is, therefore, unable at this time to determine if there will be an open meeting that would normally be scheduled on Tuesday, September 15, 3 PM. Even if the the SCOV facilities are then open, what will be the requirement for social distancing, outside attendees, number of attendees, etc? How comfortable would the membership be attending a meeting?

If we are still unable to hold a meeting in September we will resort to other means to forward and process information regarding the upcoming general election campaign.

Please continue to monitor the *Tipster* and for even more current information check the Thursday weekly email, "This Week in SCOV," for further Republican Club information. The club will also notify all those on their email list.

Once we return to holding meetings, and everything is back to normal, everyone is always welcome to attend the meetings held the third Tuesday of each month.

www.scstarlightdanceclub.wixsite.com/scstarlightdance

As we move toward fall, we will all be glad to welcome back our traveling friends.

Hopefully, new COVID-19 cases will continue to drop and the SCOV leaders will be able to give our club the go-ahead on our plans to resume Wednesday dance practices. Your board continues to monitor changing circumstances and to develop plans and options to be ready when we can begin lessons and dances as well. Stay tuned to your email for upcoming survey questions to keep involved in your club.

Until then, stay healthy, keep practicing dance steps and stay positive until we can say "Let's Dance."

Folk Dance

Harvey Gardner 520-308-5616 savear@gmail.com
Fri., 9:45-11:45 AM, AFC/Studios 1 & 2 (suspended until further notice)

Folk dancing is more fun than a treadmill and healthful exercise for balance, muscle, mind and mood. For most dances, we hold hands in a circle to perform non-gymnastic steps to the enchanting music and rhythms of diverse cultures (including our own). Neither prior experience nor a partner is needed. Typical dance sessions consist of 15 folk dances, most with instructions. Folks may always sit out a dance to rest. Drop in to see if this internationally popular dance form is your cup of tea. Also, search FDCSCOV on www.YouTube.com to see us in action online.

Hula On With Pizzazz!

Artistic Dir. Glory Lamb 805-698-3887 dancingextra@gmail.com
Thu., 2-3 PM, Activity Center/Dance Studio

We're temporarily on hiatus, but hopefully, back in the swing of things by September.

How I miss dancin' with y'all. Hope you're someplace cool and pleasant, keeping fit.

I've found some really good dance workout YouTube sites to share with you. Let me know if you have some too. My fave: Island Girl Hula workouts (there are several targeted choices). Also, try the sites featuring Merengue, Salsa,

Zumba and standing or sitting Pilates. They all offer different levels, and I always feel better working out with them for just 20-30 minutes, twice a day. "Blue Hawaii" is also on YouTube to bring back the hula vibe (the women dressed in blue version).

Check them out, stay fit and well, because I know we'll be dancing together again soon. Now that we're a variety show-style performing group, along with hula, there'll be a lot of "Ain't We Got Fun" happening.

I would love to hear from you: email, text or phone, you know I'm home.

Like other organizations, our bylaws never anticipated a global pandemic and the changes that would be required to continue conducting business for our club. We revised our bylaws to accommodate distance meetings and voting, and members were given the opportunity in a Zoom meeting to discuss and ask questions about the proposed changes. Following the Zoom session, an electronic ballot was sent to vote on the changes.

Thanks to all our members for adapting to our changing circumstances. If you are a Sunliners member and you did not receive the information about the bylaws changes by email, please contact one of our officers listed above.

We are glad to be making some progress toward conducting club business in a more inclusive way, but our most important objective is to be together once again and dance.

Rock 'N Roll

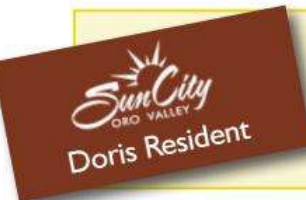

Pres. Renee Steinmetz scovrandrclub@gmail.com
Membership Chair Jon Russell scovrandrclub@gmail.com

Hope you're staying cool, Rock and Rollers. Your board has submitted a plan to the SCOV Board in hopes of resuming our dance schedule in September by holding our dances in the great outdoors. Stay tuned for more information as they evaluate our proposal. Watch for an email in early September for more details on the possibility of a Saturday, September 26 dance. The board welcomes new Secretary, Donna Cirincione, and thanks Peg Rocklin and Pat Whipple for their service to the board for the last two years. The club still needs to fill the position of Volunteer Coordinator, which can be shared by two people. If you are interested, please contact us at scovrandrclub@gmail.com. Rock on.

Irmel Wheeler 520-334-0957 irmel5596@gmail.com
Tue., Thu., Sat., 8 AM, AFC/Pool

Aqua Tone is a toning water workout that incorporates a variety of rhythmic body movements performed in the water. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

We meet Tuesday, Thursday and Saturday, 9 AM in the winter, 8 AM in the summer, at the AFC pool. There is no fee to join the club or the class. The teachers are club member volunteers. Being able to do a basic swim stroke is very helpful. Items used in the class are buoys, boards, noodles, balls and a fitness band—you'll need to bring your own. A band can be purchased from Marcia for \$5. We assign an experienced member to a newcomer to help with learning the various movements. You will get a good workout in a fun class.

These exercises are great for arthritis, fibromyalgia, replaced joints, etc. Annual membership is \$4 pp. Please note: The outside air temperature must be 77 degrees or higher for the class to be held. We meet at 10 AM until further notice.

When SCOV reopens and safety guidelines are in place for large groups, join us at the Activity Center for classes that will prepare your muscles and joints to help you do all those activities you enjoy, with greater strength, balance and flexibility.

Professional instructor, Sally Martinez, has been our teacher for 25 years and is expert at working with seniors. She's both inspiring and encouraging. You'll be amazed at how good you'll feel.

New members are always welcome—men and women. Your get-acquainted class is free. Annual dues are \$3. Class tickets are a bargain: Only \$30 for 12 classes.

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

It's still summer here and a great time to commit to a core strengthening exercise routine. Why not try Pilates? Classes are still small making it a good time to learn. SCOV offers Joseph Pilates mat classes twice per week on Mondays and Thursdays. The benefits that come from performing specific strengthening and stretching exercises strengthen the body's core muscles (your abdomen and back). The exercises increase spine mobility and build flexibility. More benefits include better balance and muscle tone and increased stamina. Because the classes are designed for seniors, all exercises can be modified and are taught by two experienced instructors. The cost is \$8/class with annual club dues are \$20 pp. Please join us or just come by and watch when we resume meeting. Call Mary.

songs, some quite humorous. Known to be territorial, it has been seen pecking at the back of cats that get too close to their nests. Want to learn more?

We are an activity-oriented group, and all SCOV residents are invited to join us and learn more about the birds in Arizona. We will be restarting our field trips in early October, with the requirement that we no longer carpool until the pandemic subsides. Of course we will also social distance and wear masks should we find ourselves getting too close to each other. Look for October field trips in next month's *Tipster*.

Pickleball

VP Membership Dave Burnham dburnhampton@gmail.com
Sun.-Sat., 8 AM-9 PM www.scovpb.org

During the past several years a group of enthusiastic women have played pickleball every Monday and Wednesday night. We love playing under the lights when the temperature is cooling down, and the sunsets are spectacular. In the winter, we are known to have hot-toddy-for-the-body nights, as well as margarita nights in the summer. Members have come and gone over the years, but we know there will always be pickleball on Mondays and Wednesday nights for those that want to play. Not even Covid-19 can keep us from playing. We wear gloves and bleach the balls between games and keep our distance whenever we aren't playing.

If you're interested in learning how to play pickleball, we offer a beginner class and safety orientation. For more information, visit our website or contact Dave Burnham.

Pretty in pink. We couldn't help but take a picture when we all showed up wearing pink on this evening. Don't worry—we all held our breath as we lined up for this photo. We don't get this close to each other normally

Table Tennis is back with revised hours (posted below). All players will need to follow these safety measures set by management:

- Play singles only—no doubles.
- Use sanitizing solution provided at entryway upon entering and leaving building.
- Maintain at least 6 ft. distance from other players.
- Wear masks while in the building, including during play time.
- Play is limited to club members and residents at this time.
- Four people to a room at any given time.

Players need to contact a partner and make reservations by emailing Peggy Smith, peggy@buteos.net, at least 24 hours prior to play, but no more than seven days in advance.

Tue.: 1:30-3:30 PM, women club play; 3:30-5:30 PM, men/women club play

Thu.: 3:30-5:30 PM, men/women club play

Fri.: 2-5 PM, open play men/women

Sat.: 9 AM-Noon, club play men/women

There should be two rooms available with two tables in each room, four people to a room. Each pair of singles can play for about an hour. Monitors will need some time in between to sanitize tables and equipment before the next group comes in.

This is a temporary arrangement. We look forward to resuming our normal mode of operation.

Year-round club members are clapping for joy, now that the daytime temperatures are starting to moderate. They no longer need to rise before dawn to play tennis before the heat becomes unbearable. Men's and women's play continues on the days cited above, with participants being careful to observe social distancing and other safety guidance during this unprecedented COVID pandemic.

On recent occasions, tennis play has been interrupted by uninvited guests, including a roadrunner and a tarantula.

All SCOV residents and their guests are welcome to use our wonderful tennis courts. If you have questions about our tennis club or would like to join, send an email to Ron Martin.

As we all wait patiently, think about joining us on the court, hopefully in the near future.

We hope this will change in the near future, adding at least one more play day. We are anxious to get back to our full three-day a week schedule. Water volleyball is a stimulating game and gives us a good aerobic workout with all the stretching reaching and jumping while attempting to return the ball. We have some great volleys which makes for a lot of good-natured comments and a lot of laughs. We look forward to

In normal times this club has a general membership meeting at 9 AM on the second Monday of the month from October through May. But times are not normal and, for now, we can't hold meetings or social events. But the heart and soul of an RV club is going on trips, and we still have that. We have four confirmed trips that are going to happen and 10 proposed trips that are in desperate need of wagon masters to make happen. Contact Carrie Wiley 360-510-1641 if you can possibly help coordinate these trips.

Watch the website and your emails for announcements about future trips, meetings, and our club business.

A Sundowner camps under the stars in the Bears Ears National Monument. There is a 17-mile loop road that takes you on a wonderland trip through some amazing formations. There are some tight turns and washes you should not take your RV on, but passenger cars are OK. So park your RV within the first five miles of the loop, there are a number of pullouts that make for good camp sites

Grief Recovery and Support

Pari Foster 520-248-3658 parifoster@gmail.com
Tuesdays, 1-2 PM, Catalina Vista, Art Room (suspended until further notice)

When the grief group resumes meetings, we will be practicing social distancing, as our room is quite large, and also, to keep safe, masks will be mandatory. We will continue to focus on loss in a safe, loving and caring environment. Due to the COVID-19, many of us may be experiencing a new kind of loss in addition to losses from things before COVID-19. There may be loss of friends or family, grief from loneliness due to sheltering at home, and other grief issues associated with the pandemic. None of these things should be taken lightly. The grief journey can take time, but is vital to healing, and by sharing with others, the burden is lightened. Contact Pari or check the SCOV website to learn when meetings will begin again.

Third Wed., Sep.-May, 10:30 AM-Noon, Desert Springs, 30 W. Lambert Lane

Caregivers and/or people with Parkinson's are welcome to attend. We have speakers at most meetings with topics of interest.

"I have Parkinson's, but Parkinson's doesn't have me."

Survivors of a Loved One Who Died By Suicide

Contact Ester Leutenberg 520-818-0016 ester36@gmail.com

Survivors of a loved one who died by suicide have unique grief issues and struggles. It is helpful to talk with others who understand.

Vistoso Helpful Hands

Barb McNeill 520-825-0677 bjmac68@gmail.com

If you can provide help to others, contact Barb McNeill to volunteer. Training is provided.

Wheels for Kids

Tom Terfehr 520-789-7243 www.azwfk.org

Do you remember your first bike? Wheels for Kids is a 501(c)(3) nonprofit organization dedicated to providing re-habbed bicycles to children and families in need in the Tucson area. To date we have donated 3,000 bikes to local nonprofits who distribute the bikes to their clients. Some of our partner organizations include Refugee Focus, Boys and Girls Club of Tucson, Children's Advocacy Center, Casa de los Niños, Ronald McDonald House and Youth On Their Own. Wheels for Kids is an all-volunteer effort, and we are always happy to welcome new people to our team. If you are interested in learning more, please visit our website or call Tom Terfehr. Help kids experience the same joy you had when you got your first bike.

YOTO/Northwest Auxiliary

Kris Cohen 520-818-2582 krisandearl@msn.com

Due to COVID-19 constraints, we won't have a back to school collection. Please consider donating the value of what you would have purchased in school supplies, hygiene items or food directly to Youth On Their Own (YOTO) by visiting yoto.org or sending a check directly to YOTO.

Here are a few other ways to help:

Sign up with Amazon Smile and shop at smile.amazon.com. For each purchase, Amazon donates 0.5% of your eligible Amazon Smile purchases to YOTO.

Shop at Fry's. Sign up with your V.I.P. Card on the Fry's website and select YOTO's code 27567; earn rewards for YOTO every time you shop.
