From the Board of Directors

Our mission as the SCOV Board is to lead in maintaining and enhancing the quality of life in Sun City Oro Valley as an active adult community.

All Board minutes, agendas and reports are available online. Board meetings are open to residents.

Board of Directors- Eileen Buskirk

Volunteer Call: Help us plan our community's 40th anniversary celebration: "Forty and Fabulous" in the fall of 2026.

Be part of planning the month-long legacy of laughter: memories and togetherness.

Our beloved community is turning 40. To mark this extraordinary milestone, we're planning a month-long celebration, filled with special events, joyful gatherings and lasting memories. We need passionate volunteers to help bring our vision to life.

Why volunteer?

Shape the festivities: Add your unique spark and creativity to the anniversary program.

Meet new friends, connect with neighbors, forge new bonds and strengthen our community spirit.

Gain experience: Develop skills in event planning, teamwork and leadership while having fun.

Celebrate together: Play a meaningful role in commemorating four decades of our shared journey.

Who Can volunteer?

Everyone is welcome. Whether you're a long-time resident or new to the neighborhood, your ideas and energy are valuable. All ages, backgrounds and skill sets are encouraged to join. If you aren't able to volunteer but have some fabulous ideas, tell us and we will reach out during the planning process.

Ways to Get Involved

- Event planning and coordination
- Decorating and creative design
- Publicity and outreach
- Entertainment and activities
- Set-up and logistics
- Photography and memories
- Sporting events and competitions
- And much more.

How to Sign Up

If you're excited to help plan this once-in-a-generation celebration, simply complete the volunteer form on the website. Please let us know your interests and availability, and we'll

be in touch with the next steps.

Let's Make History Together.

Your enthusiasm can help make our 40th anniversary a month to remember. Join us as we honor our past, celebrate our present, and look forward to the future, one joyful moment at a time.

We can't wait to create something amazing with you.

General Manager - Sandy Seddon

As we move into fall, I would like to share a quick overview of the major projects that continue to shape and enhance our community.

We are thrilled to report that the solar project is complete, with only the final Tucson Electrical Power connection remaining. We expect the system to go live by September 1, marking a major milestone in our sustainability efforts.

The restaurant leak took longer than expected to resolve, but the issue is now behind us. We are now focused on an exciting menu update; pizza is coming soon. Final electrical and plumbing work is in progress to bring this to life.

At the Copper Center, we are working through the Town of Oro Valley's ten required inspections to secure the occupancy permit. This remains a top priority for the Facilities team.

We are also pleased to announce the successful completion of the Greenside Bunker Project in August. Thank you to the Bunker Task Force for your input and dedication throughout the process.

The long-anticipated paving project is currently out to bid, with work tentatively scheduled for late September or October. Our engineering consultant will guide this critical infrastructure upgrade to ensure professional results.

Planning has begun on the pool project, with the help of a consultant to develop a comprehensive Request For Proposal. We know residents are eager to see improvements, especially systems like Clear Comfort a water treatment that minimizes the need for toxic chemicals. We are taking a full-scope approach to assess both pools thoroughly.

We know that projects of this scale can be disruptive, and we thank you for your understanding. Weather and contractor availability often influence timing, but please know we are committed to maintaining and enhancing the assets that make this community a wonderful place to live.

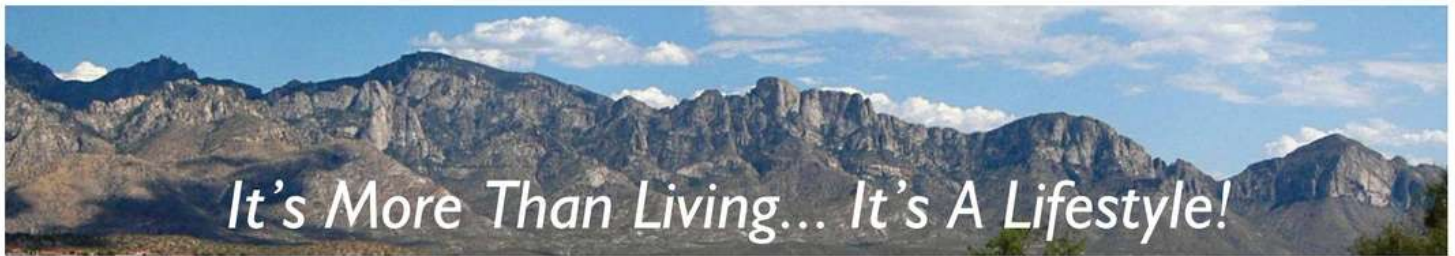

Thank you for your ongoing support. Looking forward to some cooler temperatures ahead.

It's More Than Living... It's A Lifestyle!

Sun City's Showcase of Lifelong Learning **By Mary Lee Fitzgerald**

Are you interested in not only powering up your body but your mind as well? Then perhaps you need to consider exercising your brain to improve your cognitive functions. As we age, we all recognize that our brains do not function as they once did; therefore, it's important to continue to keep our cognitive functions in tip top shape. We need to look for ways to increase our memory and learning, our attention and focus, our cognitive flexibility (the ability to switch between different task and adapt to new situations) and reduce age-related cognitive decline.

Sun City Oro Valley's commitment to providing facilities for recreation and fitness is well-known. Golf, tennis and swimming were the original anchors in Del Webb communities but SCOV has made extraordinary strides to enlarge the available opportunities. Staying in shape populates the fitness center, pickleball courts, the hiking and biking clubs, the exercise and dance classes, men and women's golf, water sports and tennis courts.

Less recognized is the growing attention to brain health. To build muscle strength, you have to continuously train. And so it is with the brain. Keeping mentally active strengthens your brain's networks and builds precious cognitive reserve. Just like working out in the gym, you have to work the brain.

The seemingly overnight explosion of Artificial Intelligence (AI) is a seismic shift in how information is created and shared. How this will affect human reasoning has yet to be determined as well as its influence on the human brain. As the Tech Club has summarized, "Think of AI as a helpful assistant that has read millions of books. It will come up with what it thinks is the best answer to your question based on everything it's learned." Is thinking going to become obsolete?

A review from the National Institute on Aging describes cognitive health as the ability to think, learn and remember clearly. And like physical health, you need a plan to regularly exercise the brain. This may become a greater challenge with AI on the move. When you work out on a machine, it accomplishes little if you do increase the repetitions or weight.

The same principals to the brain. You have to give it something hard to do, something new and challenging if you want results. When we stop learning, we give into age-related degeneration.

Residents in SCOV have an enormous advantage. There are dozens of opportunities right here on site that provide intriguing and challenging situations to keep your brain stimulated. Get creative and have some fun. Meet some new friends; broaden your network.

Remember woodshop in high school? There is a fantastic woodworking shop here eager for new recruits. How about creating silver jewelry? Learning stained glass or how to make a clay pot? Ever wondered if you could ever make a quilt? The photography lab, the enthusiasm of the modelers, Japanese flower arranging, all this and much more is available here at Sun City year-round.

The Institute for Learning in Retirement (ILR) operates like a small college campus here at Sun City with two 8 week terms each year. The Astronomy Club, Spanish Culture, Genealogy, Technology, Natural Health and Wellness, Investment, the Garden and Nature clubs, all have outside speakers and programs.

Have you thought about Line Dancing? What about chess or billiards? Not to mention the many card club groups that meet weekly or monthly and welcome new members. It's never too late to begin again. Think of this school year as Brain Boost 101. Kierkegaard once wrote, "To venture causes anxiety, but not to venture is to lose a part of one's self."

SCOV 40th Anniversary Celebration: "Forty and Fabulous"

The "Forty and Fabulous" SCOV 40th Anniversary Celebration is an initiative developed by the Supplemental Revenue Stream Task Force. This month-long event invites all clubs to participate, with support from the Anniversary Committees, by organizing activities that will raise funds for their respective treasuries.

Examples of potential events include a tournament hosted by the Pickleball Club, collaborative gatherings organized by the Golf Leagues and an art competition. In addition to club-specific programs, there will be fundraising activities dedicated to supporting the Capital Fund.

Fresh Look, Faster Access: Website Updates and the Power of the SCOV App

We've recently tidied up a few of our webpages to make your online experience smoother and more user-friendly. The Board, Staff and Realtor pages have been refreshed with a cleaner layout and more concise content, making it easier to find the information you need at a glance. These updates are part of our ongoing effort to simplify navigation and present important details in a more organized way. Additionally, the Trending webpage now features current projects and community alerts, such as the recent Catalina Vista closure for carpet replacement, so residents can stay informed about temporary changes and ongoing improvements. Be sure to check back regularly for the latest updates and announcements.

If you haven't downloaded the Sun City Oro Valley HOA mobile app, now's a great time to do so. Available in your device's app store, the app offers a convenient way to stay informed and connected with the community, right from your phone or tablet.

With just a few taps, you can view and sign up for Association events, reserve a lap lane or browse the community calendar. Need a quick contact or trusted vendor? The app's searchable directory and vendor list make it simple. You can also access important documents, view your HOA account balance, and catch real-time updates through the Trending section and Feed.

Push notifications ensure you're the first to know about closures, alerts and time-sensitive updates. Often before the information is shared via email. It's a fast, easy way to stay one step ahead and fully connected to everything happening in SCOV.

The fiscal year for the Association started July 1, 2025. As in the past, the financial summary for July is not included in the September Tipster due to time constraints associated with the beginning of the fiscal year procedures. When ready, the full financial report will be available on our website, suncityorovalley.com, by navigating to Members > Financials > Monthly Statements.

Our annual audit will be conducted this month, and the complete audited financials will be available on our website by October 31, as mandated by the Bylaws.

If you have any questions regarding the Association's finances, please contact me.

Exterior Changes to Your Home

As many of you return from the cooler areas of the nation to our sunny community there is an uptick in eagerness to update the exterior of your homes. Courtyards, walls, fences, gates, patios, lighting, roofs, windows, room additions, screens and rolling shades, major/minor landscaping, etc. Just a few of the items that are being updated.

This is a reminder to refer to the Master Declaration and the Development Standards before making any decisions about what you wish to do. Please pay special attention to setback and height restrictions. Both documents can be found on the website under Governing Documents.

Go to the website and sign in. Click on Member Services/ For Your Home/Change Your Home. You will identify your project and we will send you the correct information and form to process your submittal. If you have clear verbiage about what you want to accomplish, good sketches with dimensions, material samples or brochures and colors consistent with the directions of the governing documents, the consideration usually goes very quickly and smoothly.

As a reminder, the ARC meets on the second and fourth Tuesday of every month at 2 pm in the Welcome Center or on Zoom #84290141891. One week prior is the deadline for any submittal.

This month we will be hosting a visit from Venetia Hobson Lewis, a local author who received the Will Rogers Medallion Award for her masterful work on her historical fiction book, *Changing Woman: A novel of the Camp Grant Massacre*. One of our previous visiting authors, Rosemary Simpson, author of the *Gilded Age Mystery* series, wrote this about Venetia's book: "A fascinating and impeccably researched novel of Arizona Territory. Apache, Mexican, and Anglo cultures clash in the harrowing recreation of the Camp Grant Massacre of 1871 and its impact on those who lived through it. Lewis transports the reader to a place and an era not likely to be forgotten. Immensely readable."

Mark your calendar for Friday, September 17, 10 am-Noon, Catalina Vista to see this talented local author and learn about her latest book. Venetia Hobson Lewis is also the author of several award-winning western short stories. Tickets are required and will be available at the SCOV Library starting on Wednesday, September 3.

Gym intimidation

How to overcome gym intimidation. Visiting the gym during off-peak hours allows you to get comfortable with the environment with fewer people. Working out with a friend can make the experience more enjoyable and boost your confidence. Don't compare yourself to others. Focus on your journey, and celebrate your progress to stay positive and motivated.

Special Note from the Aquatic and Fitness Center (AFC): Orientation on how to use the gym equipment is Thursday, 1 pm; stop in and sign-up. Classes are limited.

Contact Lonnie Davis, AFC Coordinator, with questions or problems with the AFC.

Phone: 520-917-8073, email: ldavis@suncityorovalley.com.

Tue., Sept. 9, the AFC pool and spa closed for cleaning and shock treatment; it will reopen the following morning at the regular time.

Tue., Sept. 23, AFC Spa closed for cleaning; it will reopen at 1 pm.

Wed., Sept. 10, the Desert Oasis Pool will be closed for cleaning and shock treatment; it will reopen the following morning at the regular time.

Next Meeting Nov. 11, 3 pm, WC-2

The Active Health Committee is taking a break from monthly presentations, but we want to encourage you to keep active and healthy. There are many opportunities to keep walking when it is hot outside. Walk with friends in the Auditorium from 6:30-7:30 am. If that is too early, walk indoors Mondays and Fridays, 1-2 pm, AFC. Or, if you just like to walk outside, join SCOV Walks Monday through Friday, 7 am from Catalina Vista or Desert Oasis. Maps are available. Make a date and bring a friend so you will always have someone to walk with who will motivate you and make it fun. Ask others to join you and have the movement snowball.

Planning to build an addition or put up a patio cover? Policy ARC006 is there to guide you through the approval process. For specific guidance go to the website Members/Documents/Policies and scroll to pages 27-74. The policy covers two paths:

If you want to build within the Green Lines for your model then follow the Pre-Qualified Concept Application process. An Architectural Review Committee (ARC) review can lead to 100 neighbor letters being issued and the formal committee review once the letter process is complete.

If you want to build outside the Green Lines the Concept Application process is the first step. Complete the application form, your plot plan and a sketch outlining your thoughts. You do not need architects and contractors. The ARC will come out to review your idea, assess visibility risks, lot setbacks, roof lines and drainage. They can also share what others have done in the past.

Leverage the ARC to assist with your planning phase.

How can I get notifications of emergency situations including wildfires and flash floods? First, when the National Weather Service issues certain weather warnings, cell towers will broadcast the alert to all connected cell users. Here are some other applications for your phone: Weatherbug provides additional weather alerts including flash flood and lightning warnings. Watchduty provides alerts for nearby wildfires. You can also set other locations if you want to keep track of the area near a second home or vacation home. CodeRedMobile is used by the Town of Oro Valley to send notices to town residents. If the affected area is smaller than the town, they can geofence the alerts so they send a notice to only the affected area.

Juliet Williams and Cindy Silverlock

Our featured artists this month both share the love of working with glass.

Juliet Williams has worked with glass for over 30 years, starting with stained glass. Since living in Sun City she has learned fused glass, making the most of the classes offered here and learning a new craft. Some of Juliet's creations are sun catchers

and wind chimes, in addition to more practical items such as trivets, dishes and spreaders. Juliet often incorporates local fauna and flora into her creations, especially local birds.

Cindy Silverlock has had a passion for the arts since childhood. Studying art in high school and college, her favorite medium has always been glass. "There is beauty in how glass reflects light and carries vibrant color" says Cindy finding elegance in simplicity that her designs reflect. Cindy enjoys making fused glass hostess plates and pendants that bring art into daily living.

Located next to the Golf Barn, we're open every Tuesday and Thursday from 8-9 am. Come see our inventory.

Summer months are our slowest period, so we encourage SCOV residents and renters to plan ahead by making reservations in person or through our website up to two months in advance. Popular items, such as tables, chairs and beds run out quickly around the holidays.

Bring your SCOV card to pick up items. Borrowing periods vary by item type: medical equipment may be borrowed for up to two months, while other items are available for up to two weeks. We have many items for children, including strollers, car seats and toys.

Please clean all borrowed items before returning them. Our SCOV Community Recycling Program supports our inventory through proceeds from recycled cans, and we welcome both recycling contributions and on-site donations. Visit us, we look forward to serving you.

Compliments to Our Residents

When prospective buyers arrive at our Welcome Center, they often express admiration for the beauty and upkeep of our community, frequently commenting on the impressive age of the homes. However, the arrival of Neighborhood Pride letters can sometimes cause confusion and frustration, especially when they coincide with recent landscaping efforts. If you receive a notice shortly after having your yard tended to, there's no need to worry; the letter kindly advises that if the work has already been completed, you can simply disregard it without contacting the office. However, if you've been away for a while and haven't arranged for maintenance, now is the time to do so, particularly as we face a season where weeds, tree suckers and debris can accumulate. An unkempt yard may give the impression that no one is home, so it's essential to stay on top of these tasks. For further details, please consult the Development Standards/Master Declaration available on our website or visit the Welcome Center for a copy. We extend our gratitude to the caring neighbors who contribute to the beauty of our community.

Are you a new submitter to the Tipster? Or, perhaps you are a seasoned submitter who could use a refresher or update on changes to the guidelines since you started submitting? We hope to help you help us.

The committee is working to update the online Submitters Guide in the next few months with the hope of making it simpler and more user friendly. In the meantime, we encourage you to review the 2025 Submitters Guide in the Tipster section of the website where articles are submitted. It is hoped that this will help avoid common corrections that committee editors must make and thus improve the quality of the publication.

Once the new guidelines are completed we plan to have an in-person training about them in the fall when the seasonal residents return and activities are in full swing. Stay tuned.

Overseeding and Pro Shop schedule

September marks an essential maintenance period for our golf course when winter ryegrass is overseeded in preparation for the upcoming season. Here is a comprehensive guide to the changes and events that golfers and residents should be aware of.

Golf Course Closure Dates: The golf course will undergo overseeding from Monday, September 15, through Sunday, October 5. It will reopen for play on Monday, October 6. During this period, residents are kindly asked not to drive golf carts or walk on the course to allow the new grass seed to be properly planted and watered. However, during this time there are no time restrictions in using of the cart paths.

Driving Range and Putting Green Accessibility: During the overseeding process, the golf course will be closed, and the driving range tee will have restricted access. Players will be able to hit balls off the artificial turf tee line. The putting green will remain open for practice.

Pro Shop Hours:

- Regular hours, 6 am-5 pm through Sunday, September 14.
- The shop and driving range will be closed on September 15-16.
- The shop will be open from 8 am-Noon the September

17- October 5.

Golf Cart Guidelines: After the reopening Monday, October 6, all golf carts must remain on the cart path for a couple of weeks. The anticipated date for golf carts to resume driving on the grass is Monday, October 20.

Special Events and Reminders: Keep an eye out for special events planned during the overseeding period, including a reminder of our annual 5k run/walk scheduled for Saturday, October 4th.

Your cooperation during this essential maintenance period ensures a top-quality golfing experience throughout the upcoming season. Thank you for your understanding and support.

One of the biggest issues with Ultra Dwarf Bermuda grass greens is accumulation of organic matter. Organic matter is commonly referred to as thatch, but it incorporates all organic material in the soil environment. A certain percentage of organic material is desirable because it softens the greens as it matures and makes the green surface more playable for golf shots. The goal is to keep the percentage to less than 1%. However, high organic matter leads to lots of problems including localized dry spots, higher disease pressure, higher insect pressure and very poor playing conditions.

The Ultra Dwarf grasses accumulate this organic matter very quickly. The reclaimed water used to irrigate the greens is full of nutrients which causes the grass to grow quicker. Unfortunately, not all of the nutrients are beneficial so a fertilizer program is necessary to maintain proper health. The grass also grows very well in Arizona's high heat and especially well during the monsoon season with higher humidity.

An aggressive maintenance program is required to maintain organic matter at less than 1%. There are many parts of the overall program, but the mechanical methods are the most effective. These are aerification, vertical cutting and topdressing sand. Since these negatively impact playing conditions, and since the grass grows the most in the summer, that is when they are performed. This leads to three aerifications in the summer because they aren't done again from the first of August until the end of May due to the golfing season.

The Views 18-Hole Men's Golf Club has been busy this summer preparing for the new season this fall. One of the changes taking place will be the starting date of the new season. The 2026 season will now start on the first Wednesday of November and run through the end of October. Membership dues will now be due by the first of November.

Another change for this year will be some games on Wednesday. We are working with the Pro Shop to make sure these games are fair and fun for all everyone, and easily

scored using Golf Genius.

Stay tuned for a brand new end of the year give-away program. The Golf Handicap Information Network (GHIN Cup) will be based primarily on participation points earned for Club events, entering all round scores on your GHIN account or holding a board or advisory position. See you on the course.

Welcome to the Views 18-hole Women's Golf Club. This is a personal invitation from Pattie Shock, President, Joan Mayer, V.P., Membership Chair and the entire Women's 18-hole league to join us this fall through summer season 2025-2026. The winter season is November through April and summer runs May through October. We're ramping up for another fun and exciting season with registration beginning in October for current and new members.

The course has been under construction. The bunkers have new drainage systems underneath and new sand on top: a great addition to the course. Esthetically, the course looks beautiful, and the bunkers are easier to play. Some bunkers have been eliminated completely while new sculpting around the greens has been achieved with grass. Many of the holes look new, giving the course a new feel.

Contact Joan Mayer or Pattie Shock if you're considering joining.

Happy (Almost) End of Summer

As summer winds down and we ease into fall, we have some exciting updates to share; we couldn't be more grateful for all the support and feedback you've given us along the way.

A huge thank you to everyone who has stopped by The Views to enjoy a meal and taken the extra moment to fill out a comment card. Your input helps us im-

prove, innovate and create a better experience for all. It may seem like a small thing, but each card makes a big impact, and we appreciate your sharing your thoughts with us.

We're thrilled to announce that a new menu is on the horizon. Thanks to your suggestions and feedback, we're putting the finishing touches on an updated lineup featuring fresh flavors, returning favorites and a few surprises we think you'll love. Your voices helped guide this process, and we can't wait to serve it soon.

Another fun event we're planning is a Hawaiian Luau, tentatively scheduled for October 11. This festive celebration will feature themed food, drinks and tropical flair that's a perfect way to wrap up the season in style. More details will be shared soon, so keep an eye on This Week in SCOV for updates.

We're also excited to announce that DoorDash is now in place, making it easier than ever to enjoy The Views from the comfort of your home. Whether it's a rainy day, a lazy afternoon or you're just not in the mood to go out, we've got you covered. Visit our website, head to the restaurant page and click the delivery icon. Your favorite meals will be freshly prepared at The Views and delivered straight to your door by DoorDash. Easy peasy.

Finally we have launched our Loyalty Program. It's our way of saying thank you for dining with us. Special feature: Tuesdays are double points day. Read This Week in SCOV for all the details on how you can earn rewards just by enjoying the food and atmosphere you already love.

Thank you for being part of what makes this community so special. We appreciate you, and we can't wait to start fall together, well-fed, well-celebrated and full of aloha spirit.

John Balaco created his special guacamole appetizer for members of the Culinary Discussion Plus Club and guests to sample at the Mexican Fiesta April club meeting. Six different Mexican food/beverage creations were shared. This newly formed club has 60+ members who enjoy the idea of expanding their knowledge and appreciation of different cuisines and cooking techniques. The club meets monthly, including summer, and features sharing recipes; food demonstrations by members and professional chefs; outside speakers and tours. The club is planning events and experiences that engage the senses, challenge the palate and create lasting memories. New members are welcome.

The Sun City Community Foundation provided funds for the Culinary Discussion Plus Club to purchase cooktops and other supplies to support this new club.

While we were enjoying our summer, either here in Sun City or at our summer getaway, eight knowledgeable and kind Clay Club members created a useful resource. They fired plates of our various glazes and

glazed each plate with one of our glazes, to help us plan our glaze work. You can see this resource, which is available in the Glaze Studio, in the picture. Many thanks to: Sandy Behrends, Gary Brown, Pam Curren, John Grandner, Debi Hensley, Kathy Klug, Melanie Stinson, Mimi Warner, and Pam Wear.

Happily, members' spouses provide their time and talent, as well. John Petersen, husband of Barbara Petersen 2, used his woodworking skills for us. He installed full extension, heavy-duty pull-out shelves in the clay studio for better visibility and access to our materials.

Note - beginners' orientation classes will be held throughout fall. Both orientation classes are required for Clay Club membership.

Three Points appreciation for scholarship funds

A big shoutout to all the residents of Sun City who so generously filled the boxes with socks and active wear to fill our back to school needs. It is amazing what kindness does to help put smiles on the faces of children in need. Seniors for Kids also supplied backpacks, school supplies and craft materials to the children in Three Points, Arizona. Sells, Arizona received hand made clothing and quilts to help at their Sunrise House.

It has been a dry and hot summer, but we have been very busy sewing and storing away our holiday surprises. We look forward to

seeing the returning faces of our winter residents to add more hands to create.

Keep having kind thoughts and smiling as you go. Keep "putting smiles on faces of children in need."

This summer we benefitted from SCOV residents' sewing donations. An example of what was received and how it will be used: cotton fabric for making quilts, walker bags, and dolls; fabric to be made into pet beds for shelters; batting for quilt making; many notions which all clubs will utilize; fashion fabric to be made into children's clothing; regular sheets which will turn into crib sheets; used sewing machines that will be donated to Sells, Three Points, or Mammoth; wool fabric and yarn for toy making. Thank you from all of us at Thimblelenas for continuing to support all of our efforts. We are honored you think of us as you move to your next home.

Looking forward to our winter friends returning. We're thankful that more people joined us this summer to help keep the lines flowing. Hope everyone had an enjoyable summer and is ready to join in the festivities of fall.

As always, Cheer Bears welcome donations of flannel and polyfil to keep the production of our cuddly cuties marching out to new families. Thank you to all who donate from their stashes and their time to keep these bears making children beary happy.

A creation of John Shaw's

The Tapestry Hooking and Fiber Arts group meet on Tuesday 9-11 am, sewing room. If interested, stop in and introduce yourself. Our group provides materials and instruction for those interested in learning how to hook. Currently, there are members that

will teach you how to knit, crochet, needlepoint and rug hook. We also plan to teach weaving after the transition to Copper Center. Most of the members in the Thimblelenas create items that are donated to organizations in Arizona communities. Unfortunately, donating is not practical for our group due to the amount of time it takes for us to complete a project. We were, however, able to donate a few small pieces to Seniors for Kids for one of their auction baskets earlier this year.

Pet Beds

Jan Bohe 520-825-9725
Tue., 1-3 pm, ART/Sewing

A group of dedicated women come together on Tuesdays, 1-3 pm in the sewing room to make pet beds. We have a lot of fun working together and invite you to join us. Small pieces of fabric and polyester fiberfill are sewn with a double seam to form a sturdy pillow-like case for a completed bed. The fabric is wash and dry. Some fabrics are wild, but we say the dogs won't mind the difference. We feel good that this fabric is not going to end up being discarded.

Desert Glory by Janet Pexton

Our regular meetings start Tuesday, September 9, 1 pm, AC/Kiva Room. Linda Hamson will introduce our Quilt Banner project. We will supply members with a focus fabric to be used in making blocks for a club banner that can be displayed at various club activities and events. As always, bring your quilts for Show and Tell. If you have sampler quilts or quilts using a variety of blocks, please bring them, too.

On Thursday, September 18, we meet in the Swing Room to work on the club's Quilt Banner. Bring

your completed blocks.

For our Tuesday, September 23 program, Janet Pugh will host an Iron Quilter challenge. Come for some real fun. Don't forget our Seasons quilt challenge. Challenge yourselves to design and make a quilt of any size that portrays something about the seasons. They will be displayed and voted on at our November 11th luncheon meeting

Show 'n Share

Leader Deb Wehrung 267-377-6760 debwehrung@gmail.com
Every Fri., 9 am-Noon, Catalina Vista

Do you have a craft project tucked away unfinished? Bring it to Show n' Share. You bring your supplies; we provide encouragement. You will be amazed how the opportunity to put aside three hours each week can get that project finished. Our group will inspire, encourage and help you to accomplish your goal.

Silversmith and Lapidary

Pres. Ric Raynor 520-528-1060 Raynorrr@gmail.com
Summer shop hours: Mon.-Fri., 9 am-Noon

Sterling silver and turquoise pendant.

September is a special month at the studio. With the weather breaking for cooler days, Silver-smith and Lapidary Club members continue to add stock for sale in their individual showcases. SCOV members are encouraged to window-shop for that special gift. A club member is always on duty to assist interested purchasers, so come on down to the Artisan Center and enter our world of hand-made sterling silver and copper products.

Are you interested in silversmithing and lapidary techniques? Trainers are available 9 am-Noon, Monday - Friday. A club member will assist SCOV members with a schedule to fit your calendar. Beginner kits are available and include all the necessary materials to create your very first sterling silver pendant. Don't procrastinate. Register today at the Silversmith and Lapidary Studio and begin your journey learning a new hobby.

The studio is always open for window purchases during summer operating hours.

Stained/Fused Glass

Pres. Jo Anne Bowman 520-441-9229 scovglassclub@gmail.com

Open to members 8 am-9 pm
www.scovglassclub.weebly.com

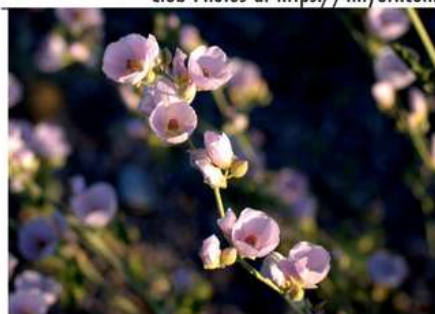

Is it still too hot? Cool off in our air-conditioned studio and learn how easy it is to create fused glass or stained glass pieces. We're still offering classes in the summer. Visit our club website for details. Stained glass art is the term given to art created by cutting out pieces from stained glass sheets, and soldering them together using either lead came or cop-

per foil. Stained glass art can be fashioned in many sizes and designs, ranging from the smallest suncatchers to large windows. Fused glass art refers to pieces of glass that are melted, or fused together in a glass kiln. Glass fusing can create jewelry, ornaments, dishes, bowls and glass paintings. Visit our studio located in the SCOV Artisan Center, or visit the Gift Shop or the Activity Center to view some of the wonderful stained and fused glass creations made by our talented members.

Every great photographer has a signature style, but it doesn't appear overnight. Developing your style starts with shooting often and paying attention to what excites you. Are you drawn to bold colors, quiet moments, dramatic lighting or candid

street scenes? Over time, you'll see patterns emerge. Don't be afraid to experiment. Try different subjects, techniques, and editing styles. Look at your favorite images and ask yourself why you love them. That's your voice taking shape. Style isn't about following trends. It's about expressing how you see the world. Keep refining, keep shooting and eventually, your work will start to feel unmistakably you. You'll be amazed by the diversity of styles to be seen at Photo Club meetings. Anyone can attend, but you must be a club member to show your work. It's a great opportunity to share, meet new people and learn from others.

Wood Carving

Dick Minch 262-844-7444 Minch11864@msn.com
Sat., 9 am-Noon, ART/Lapidary

In my first presentation article related to woodcarving, I've chosen to highlight writing with fire. The dictionary defines pyrography as the art or technique of decorating wood, leather or gourds by burning a design on the surface with a heated metallic point. Our club has a dozen burners waiting to be used. If you are interested in attending a seminar on this topic, I would be glad to set one up for you in January or February. Feel free to text me, and include your name, texting phone number and best day of the week to attend.

Tree Ring Circus

Our new lathe is up and running, and the newly rearranged shop layout is making machine access more convenient. Please feel free to come by and check out the shop. In September, we will highlight the combination of woodworking and sculpture. This month's offering is from woodworking member, Dale Foster, who is also the president of the sculpture club. Pictured is Dale's creation called "Tree Ring Circus." The wooden circles are made from rings sliced from the trunk (or large limb) of a mesquite tree, then finished and assembled to look like a tree. The figures on the tree were all hand-sculpted by

Dale from a clay and metallic medium and attached to the tree. This is only one of several woodworking/sculpturing creations from Dale. Thank you for sharing, Dale.

Astronomy Club

Pres. Helen Salvay 520-990-8989 scovastronomy@gmail.com
Third Thu., Sep.-May, 7 pm, AC/Navajo
www.scovastronomy.weebly.com

Our club will resume monthly meetings September 18, and Dr. Erika Hamden will present, "The Universe Glows in the Ultraviolet." Learn about this important, but understudied, wavelength. While on Earth, UV light gives you a sunburn; in space, it reveals galaxies' inner workings, traces signatures of star birth and death and provides insight into magnetic fields and atmospheric compositions of extra-solar planets.

Dr. Hamden is a professor of astrophysics at the University of Arizona, Director of the University of Arizona Space Institute, hosts a TV show on AZPM and has won numerous awards from NASA for her work in UV astronomy. She will talk about her research in this wavelength range, especially her work building new telescopes to observe the universe from space.

Astronomy Club members should mark their calendars for the Pizza and Stars Party, Monday, October 20, 6 pm, The Views Golf Course parking lot. RSVP: Steve Nash at snashmd1@yahoo.com.

Not So Silent Book Club

Tammy Barnett 530-228-0214 tammybarnett@sbcglobal.net
Second Sun., 2:30-4 pm, DO/Ocotillo

Members of our club just can't stay silent about the books we are reading. Sometimes a book gets panned, but most often they get pretty positive reviews. Everyone is reading a book of their choice and has the opportunity to share about it each month. We are a friendly group and always love to have new members join us. We meet the second Sunday of each month, 2:30 pm, Desert Oasis.

If you have questions, feel free to email Tammy.

SCOV Technology Club

Pres. Paul Sherwood 520-329-7661 www.scovcomputer.com

The Sun City Technology Club provides a supportive opportunity for SCOV residents to learn new technologies and practical tips for the digital world. Each day we are surrounded by new information about artificial intelligence and cybersecurity, and we will be focusing on aspects of these exciting developments. Also, we will continue providing education on digital devices. In October, we resume monthly meeting presentations that are free to all residents. We will be highlighting digital payment options that can make your life easier and safer.

Our new membership fee is \$5 pp with many benefits offered. Check our website for classes, support options and help sessions.

Lab and Library in Welcome Center with access year round

We are currently working on programs for the year. Our first is October 14, Ed Storey presents "Pre-1850 Records." November's speaker is from McGee Family History Center. December will be a catered event.

Other programs include: Surprises in Vital Statistics, Brain Storming Bonanza, a round table discussion on brick walls, with returning speakers Amy Urman, David Fryxell and Suzanne Brayer.

Computer lab upgrades are complete and all new computers are functional. Our monitor is helping those in AZ with their sparse ancestry trees. So continue to use the lab this summer.

Stay cool. Keep finding more facts about your ancestors so we can hear about them this fall.

Poets Corner

Sharyn Rafieyan, 520-825-6762, srafieyan@comcast.net, 1281 E. Clearwind Pl., Monday, 10 am - 12 noon, zoom, no website

This beautifully visual and lyrical poem is one of many composed by Poets Corner member Christa Lubatkin. Based on an artist's rendering of a dove, the poet takes us on a journey that is physical, metaphorical and magical.

Dove

Winged arms
gather me away
from isolation
from voiceless trees
that held me captive
a wanderer, hidden
a seeker of self.

Was it fear
that drove me
into the stillness
of oaks
the calm
of hushed waters?

You've come
to bring me back
to the fold
to live in the open
fly high and bold.

Newcomers are always welcome to join our group that is currently meeting every other Monday via Zoom. Call for an invitation.

Conscious Aging

Pres. Phyllis Burks 520-245-2785
SCOVConsciousAging@gmail.com
Wed., 9-10:30 am, AC/Navajo

Conscious aging is about the inner work of reorienting ourselves as we turn from our roles we assumed while managing careers and tending families, to turning inward and cultivating a deeper awareness of who we are now. Our goal is to discover how to face the known and unknown challenges of aging. With the help of our community, we are pondering the questions: Who am I? What are my values? What do I believe? What matters most to me?

This inner work is supported by mindful movement such as qigong, guided meditation and book study that draws from psychology, sociology, metaphysics, philosophy and meditation. Conscious aging is about accepting who we are now. Our meetings consist of a short period of easy mindful movement, followed by guided meditation and discussion. Please contact Phyllis for information or email the club.

Mark your calendars now for Friday, September 12, 6-8:30 pm, Auditorium, when Kactus Kickers will host its next country western dance featuring the band Whiskey and Bad Decisions. This is a pay-at-the-door event and all are welcome: dancers, non-dancers, non-members, music lovers and even the curious. Cost is \$10 pp. BYO drinks, snacks, neighbors and friends. It will be open seating.

Coming this fall, a short series of introductory lessons will be offered covering basic country western partner style dancing, two-stepping and country waltz. These are easy to learn and will get you boot scootin' across the dance floor immediately, as dances are held monthly right here at SCOV. A refresher class for previous attendees will also be offered to review the dance steps. These classes are being planned for October-November with details yet to come. If interested, visit kkskov@gmail.com to be put on the contact list.

Exercise

Aqua Tone

Irmel Wheeler 520-334-0957 irmel5596@gmail.com
Tue., Thu., Sat., 9 am, AFC/pool

Aqua Tone is a toning water workout that incorporates a variety of rhythmic body movements. This aquatic exercise class enhances cardiovascular fitness and muscular endurance.

There is no fee to join this club or the class. The teachers are club member volunteers. Participants should be able to do a basic swim stroke. Items used in the class are buoys, boards, noodles and a fitness band. Most of these items are available at the pool. We assign an experienced member to a newcomer to help learn the various movements. We enjoy a great workout in a fun class.

Arthritis Water

Pres. Norma Waters normawaters1@hotmail.com

Vice Pres. Andrea Houston ahouston2@lsu.edu

Mon., Wed., Fri., 10 am AFC/Pool

Beat the heat while getting healthy exercise. Join us Mondays, Wednesdays and Fridays 10 am AFC/pool. The Arthritis Foundation recommends meeting when the air temperature is 77 degrees or warmer.

Our club performs gentle exercises which target all muscles. They are used by several health organizations to increase strength and balance, mobility and flexibility. Exercise is helpful in managing arthritis, fibromyalgia, replaced joints, etc. Some new members have expressed surprise at how quickly the first sessions had already increased their abilities to move. Others comment on improved stamina.

New members are always welcome. Our members are fun, accepting and welcoming. We frequently hear "I came for the exercises and love all the friends I have made."

Your first class is free. Yearly dues are \$5 pp. There is no fee per class. Hope to see you there.

Energetic Exercise

Pres. Peggy Smith 520-400-8659 pdsaz@aol.com

Mon., Wed., Fri., 8-9 am, Auditorium

New classes begin in September come join the fun.

Sally plans to keep things fresh and enjoyable by adding several new classes to the lineup this September. Her goal is always to help us move, stay healthy, and have fun while doing it.

Each class blends balance work, aerobics and strength training; all designed to build strong bones and muscles, which are key to aging well and staying safe. And the music? Always upbeat, helping us focus and let go of the day's worries as we move through each step.

No matter your age or fitness level, regular exercise offers incredible benefits. Everyone in class works at their own pace, and no two sessions are ever quite the same.

Interested in joining?

- Annual membership: \$3 (cash in an envelope with your name)
- Punch card: 12 classes for \$30

Come see how movement, music and friendly faces can make fitness something to look forward to.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com

Mon., 3 pm, Thu., 1:30 pm, AFC 1/2

It's still summer and a great time to commit to a core strengthening exercise routine. Why not try Pilates? Classes are still small, making it a good time to learn. SCOV offers Joseph Pilates mat classes twice per week, Mondays and Thursdays. The benefits that come from the specific strengthening and stretching exercises tighten the body's core muscles (your abdomen and back). These exercises increase spine mobility and build flexibility. More benefits include better balance and muscle tone plus increased stamina. Our instructors will modify exercises for you as necessary. The cost is \$8 per class and annual club dues are \$20 pp. Please join us or just come by and watch. Call Mary 520-638-7916.

Monday and Friday we incorporate weights into the program and Wednesdays we add a balance program. We have all levels of participants. This is your exercise program. There is no charge for the class or to join the club. Come and give us a try.

Tai Chi

Gail Barr 303-995-7485 SCOVTaiChi@gmail.com

Thu., 10-11:30 am, AFC Studio 1

The Fall Tai Chi session begins October 2. This is a 10-week course that meets weekly Thursday mornings. It is led by Sensei Donna Drzenovich, second degree black belt in karate, and Assistant Instructor Kyt-Tee Kohout. Each 90-minute class begins with 30 minutes of Qigong followed by 60 minutes of Tai Chi instruction. Instruction for beginners is given separately from more experienced students.

You may observe the first class before committing to the full course.

Tai Chi is an internal martial art. After you learn the basic Yang Tai Chi form, you may want to learn Tai Chi Fan or Tai Chi Saber. The Tai Chi Fan form appears to be a graceful dance; actually, it is one of the most beautiful self defense forms.

Practice sessions are offered year-round to support our club members. For more information, email SCOVTaiChi@gmail.com or contact Gail at 303-995-7485

Anna's Hummingbird photo
by Steve Holmes

Hummingbirds are always favorites of birdwatchers, and Arizona has the largest variety of any state. The folks back east have only one regular species, but Arizona boasts of at least 14 varieties, although not all at the same time. Most will have migrated back to Mexico and Central America by September but there are two species that stay here all year; the Costa's and Anna's. Several other species show up in SCOV during the summer and during migration. The 150-member Birding Group makes a couple of trips in warm-

er weather to see most of the others. We do limit the number of birders on each trip and rarely let it exceed eighteen. Come and join us in October when we restart our field trips and learn more about the birds in Arizona.

Hikers on the Linda Vista Trail in Oro Valley. Photo by Karen Alexander.

Happy September to all you current or wannabe hikers. This is a great month to start getting back into hiking mode, as the daytime temperatures start dropping a little. Most hikes this month will begin earlier in the morning to avoid being outside during the hot part of

the day. For those of you new to SCOV or interested in finding out more about our club, New Hiker Orientation is a great way to get started and is a requirement in order to join. Your Orientation leader will be an experienced guide who will provide an excellent introduction to the club and will lead you on a short hike. After that, you may join the club by paying the \$10 pp annual dues. Orientation and hiking schedules, and more information about our club, can be found at www.scovhiking.org. We can't wait to see you on the trail.

 Sun., All play 1-3 pm. Play is at Catalina Vista

Five tables and two rooms are rare on a Saturday, but we got lucky twice in July.

While table tennis is beneficial for all ages, it is particularly helpful for the seniors. It keeps reflexes sharp, improves hand-eye coordination, and is a gentle way to stay active without stressing the body. It is also said to be especially helpful to those with early stages of Parkinson's because it improves the above as

well as mental alertness and concentration.

As most in our club play it, it is not so much about competition, but more a social event where we all get to know each other and spend a lot of time laughing and enjoying friendly conversation. That is underscored by our annual potluck which will be coming up soon. Come and join us in a comfortable air-conditioned environment. Contact Peggy Smith or John Smith above if you want more information.

Tennis

Pres. Mark Lankes mjlanke@yahoo.com
 For a schedule of club play and membership, go to www.scovtennis.com

Temperatures have been persistently hot with little rain. Promises of monsoons are coming, but when? Let's hope soon. Players from the first Sit and Swing Patio Party welcomed a cool breeze and enjoyed refreshments after a hot morning on the courts.

Women's fall inter-club season is underway as the ladies take to the courts for another competitive season led

by team captain Sally Schuneman. In September, practices will be held every Wednesday and Friday with a start time to be announced later. In October, practices will remain on Wednesdays and Fridays with times to be posted at a later date. The match schedule is yet to be announced. Keep an eye on www.scovtennis.com.

Vistoso Helpful Hands

For assistance call 520-447-0077
Chair Barb McNeill bjmac68@gmail.com

Vistoso Helpful Hands is an all-volunteer organization providing short term assistance (three weeks or 12 visits in a calendar year) to SCOV residents. We help with: transportation, caregiver relief/shut-in visits, animal care, handyman, housekeeping/yard care, paperwork organization, errands, computer/bill pay and meal pick up from The Views Restaurant. If you would like to volunteer, applications are available at the Welcome Center. You will be contacted and trained.

For help call 520-447-0077. If we are unavailable, leave a message with your name/phone number. We will call you back.

Wheels for Kids

Tom Terfehr 520-789-7243 www.azwfk.org

Do you remember your first bike? Wheels for Kids is a 501(c)(3) nonprofit organization dedicated to providing re-habbed bicycles to children and families in need in the Tucson area. To date, we have donated 5,200 bikes to local nonprofits who then distribute the bikes to their clients. Some of our partner organizations include Refugee Focus, Boys and Girls Club of Tucson, Children's Advocacy Center, Casa de los Niños, Ronald McDonald House and Youth On Their Own. Wheels for Kids is an all-volunteer effort, and we are always happy to welcome new people to our team. If you are interested in learning more, please visit our website. Help kids experience the same joy you had when you got your first bike.

"I'd like to say Brenda O'Brien is a wonderful real estate agent! We have sold 2 homes and used Brenda for both! Anything we do in the future will be through her. She's so professional, knows the market and how best to utilize resources to accomplish our goals! Thank you Brenda and your team! You are the best."
