Solar Power Expansion

by Terry McFadden

As everyone knows, we have sizable solar power systems serving our community. The panels are on structures in the parking lots throughout the Mountain View complex and on the roofs of several of our buildings including Desert Oasis and Catalina Vista. They were originally installed by a company that would install solar systems free in exchange for our agreement to pay them 13.5 cents per kilowatt-hour (KWhr) for the generated power. This saved us considerable amounts each month on our electric bills for the buildings serviced by the project. This was the brain child of one of our residents, Dale Foster, who also has donated countless hours of his own time collecting the data to determine the system's performance and just how much power was generated.

From Dale's analysis, it became apparent that it would be even more advantageous for us to buy the systems from the original installer so that SCOV would reap 100% of the benefit of the solar generation. We made the purchase last November and now save about \$120,000 per year on our electric service, money that we originally had to pay to Tucson Electric Power (TEP). This has a direct effect on our annual dues, keeping them lower than they would be otherwise. Thank you, Dale.

When the original systems were installed, solar service to the Aquatic & Fitness Center was not included, so the Properties Committee is now proposing a new solar project to provide power to that facility, saving a large percentage of its electric bill.

Unlike the first project, the expense for this installation will be ours. In coming months, the Properties Committee will propose this project to the Long Range Planning Committee for a place on the budget where it will compete with other currently proposed projects. Whereas other projects being considered are all expenditures, this solar project is an investment which will immediately start paying us back in lowered electric bills from TEP. The project is still under analysis, but it is expected that the full return on our investment will be realized in 8 to 11 years.

Clarification of Duties

In my visits with many residents of SCOV, I realize that the duties of the Board and those of the General Manager (GM) are often misunderstood or not understood at all. In this article I'd like to address both of these positions at the 10,000 foot level.

The Board of Directors (according to the Master Declaration (MD) and Bylaws

- Conducts all the affairs of the Association, unless a provision of the Governing Documents specifically requires the vote or consent of the Members.
- Duty of enforcement of all provisions of the MD.
- Right and responsibility for the proper management and operation of the Common Areas and improvements thereon.
- Employ or terminate the services of a General Manager (GM) and supervise him/her in the performance of the GM's duties.
- Keep a complete record of acts and affairs (Board minutes).
- Cause procurement of liability and casualty insurance on property owned by the Association, and errors and omissions insurance on behalf of officers and directors.
- Cause facilities to be maintained and improved.
- Direct the budget to be prepared.
- Direct an annual audit report be prepared.

General Manager Duties

- Administer all affairs of the Association in accordance with its governing documents.
- Develop operating policies and procedures for management of the Association.
- Ensure the policies and other acts of the Board are carried out.
- Assist the Board in formulating and evolving goals for the Association.
- Provide resident services, personnel support and services.
- Oversee all Association programs, projects, operations.
- Negotiate all Association contracts subject to Board approval.
- Develop annual operating budget for review by the Finance-Budget Committee and approval by the Board. Manage operations to coincide with the budget. Also 5 to 10 year budget plans.
- Maintain an asset replacement plan.
- Present accurate monthly financial reports to the Finance-Budget Committee and the Board.
- Recommend annual fees and assessments.
- Be well versed on Association governing documents, state statutes, local laws and proposed legislation that affects the Association.

I hope this is helpful. Please let me know if you have any questions or concerns.

It's More Than Living... It's A Lifestyle!

A Hiker's Paradise

by Lisa Schulz

Sun City Oro Valley sits within a vast desert hiking utopia featuring thousands of trails offering remarkable diversity, iconic landmarks, seasonal wildflowers and splendid mountain vistas. State or national park facilities may include a visitor center with exhibits and a gift store. An excellent free resource for familiarizing yourself with the best among the hundreds of designated trails in our area is Alltrails.com, an app as well as a website featuring curated trail maps with sortable criteria for situational awareness. Alltrails ranks, describes and maps the best designated hiking trails, identifying the top 10-30 within each boundary as "great trails." Attribute sorting enables you to select trails that best suit your personal fitness level and expectations. Attributes include trail type (hiking or shared use), surface type (rocky, sandy or loose scabble), level of difficulty, length, elevation gain/loss, degree of sun exposure and more.

I counted 225 popular hiking trails in our vicinity designated as "great trails" by Alltrails, 87 of which are loops. Trail loops are typically easier to navigate than out-and-back trails, but either type can be rated easy, moderate or hard. The bigger the park, the more variability you can expect from the trails within it.

Catalina State Park (CSP)—laced with 23 great trails including 14 loops, and Honeybee Park—with three easy trails including two short loop trails—sit at our front door. CSP great trails vary from less than one mile to 27 miles in length, totaling some 200 miles, while Honeybee trails are less than three miles long. Beyond these neighbors, every compass point offers a plethora of scenic hiking trails.

Due east are the Pusch Ridge Wilderness and parts of the Coronado National Forest, featuring 41 and 28 great trails respectively, ranging from two to 19 miles long with elevations topping 9,000 feet in the vicinity of Mt. Lemmon. To the north we have scenic Oracle State Park featuring the historic Kannelly Ranch House (see the May 2022 issue of *Arizona Highways*) with 12 easy-to-moderate trails and eight loops, varying from one to 12 miles. To our northwest lies Tortolita Mountain Park with 12 great trails including 10 loops. Saguaro National Park West featuring 68 greats, including 30 loops, lies to the west, along with Tucson Mountain Park with 43 greats including 29 loop trails. There are even a few designated great trails within Tucson city limits.

Now that you've made your selections, you're ready to enjoy nearby hiking adventures. Don't forget your hat, sunscreen, and hiking poles.

A Cautionary Tale About Desert Hiking

In mid-April, an experienced SCOV Hiking Club member collapsed from heat exhaustion on the challenging 10-mile Box Camp Trail from Mt. Lemmon to Sabino Canyon. Even with water to spare, having lost essential body salts (electrolytes) faster than they were replaced, the hiker became dehydrated, could walk no further, had difficulty swallowing fuel offered by companions and required life-saving rescue operations culmi-

nating with a helicopter evacuation almost three hours later. Heat exhaustion can lead to heat stroke, and even death. Don't let this happen to you.

In the desert, ample water is not enough. Electrolyte replacement, which assures that your body can use that water, is vital, along with a carbohydrate snack in order for electrolyte supplements (such as SaltStick Fastchews, Nuun Sport tablets or Propel powder packets) to be absorbed. Always pack more water, supplements, and snacks (such as Honey Stinger Waffles or energy chews) than you think you

will need and start drinking from the very start of the hike, even before you feel thirsty. Because dehydration can make swallowing difficult, include dry mouth lozenges in your first aid kit. Plan for frequent breaks in patches of shade. These safety principles apply to any time of the year in Arizona's dry climate, not just on hot days.

This hiker was lucky. The hiking party included three other club members, two of whom carried a GPS signaling device with the SOS inReach app. Because cell reception in the Pusch Ridge Wilderness is unreliable, the ability to text information to the rescuers via satellite was critical. Both Southern Arizona Rescue Association (SARA) volunteers and the PIMA County Sheriff's Department Search and Rescue (PCSDSAR) team responded to the distress call. The victim slowly sipped a strong electrolyte mix provided by the other hikers, who each waited exposed in the hot sun for two hours before help arrived. They had already been hiking for about five hours without shade when the collapse occurred at 2 PM in the heat of the day.

Be sure to start your hike early, avoiding the heat of the day, carry plenty of water and supplements as referenced above, hike with a companion and carry a cell phone. A well-prepared hiker will be rewarded by the unique scenic vistas of the Sonoran Desert region.

After-Hours Emergencies

It's 5 PM and water is running from an Association building...what do you do? There are times when the residents may spot something that needs to be brought to management's attention immediately and the Administration Office is closed. What is the process? On page 2 of every *Tipster*, bottom right corner, the procedure is listed. It states, "If you encounter something in the common areas or golf course needing immediate attention (e.g., a broken irrigation head) and the Administration Office is closed, please report the issue to a building monitor. However, if the buildings are closed and no monitor is available, contact the After-Hours Emergency Line at 520-825-1161. A manager with access to vendors to address emergencies is always on duty. Please remember, this is for Association-related emergencies. If your concern is a personal emergency, call 911 or the appropriate vendor (plumber, etc.). If it's not an emergency, please call back during business hours.

ARC Submittals and Designated Representatives

If you are going to file an Architectural Review Committee (ARC) submittal, one of the stipulations involved is that you, or a designated representative, must be available to meet onsite with an Architectural Review Committee member about a week or less before the ARC meeting where your project will be discussed. If you plan on leaving for the summer, or going on a vacation during that time period, please plan on naming a person who can make decisions regarding your project. That person must also be available to meet on site at your home to discuss the project with the ARC member. You must also fill out a Designated Representative form so that the ARC is aware that you are appointing this substitute to act as your spokesperson. In some cases a contractor is designated by a resident, but be sure you and the contractor are in total agreement about the project.

Bottom line, it is best to submit a project when you will be available to meet with the ARC.

When author Chris Enss visited SCOV in March, she spoke briefly about her new book, *The Widowed Ones: Beyond the Battle of the Little Bighorn*. This title will be released June 1, and we are looking forward to adding it to our collection. This new book is about the Seventh Cavalry officers' wives who lost their spouses at the Battle of the Little Bighorn and survived the ordeal because of the friendships they had with one another.

Using never-before-seen materials from the Elizabeth Custer Library and Museum, including letters to and from politicians, military leaders, fellow soldiers and critics of General George Armstrong Custer to the widows, along with letters between the widows themselves, this book talks about when the women first met, the men they married and their attempts to persevere after the tragedy.

I want to recognize the amazing commitment of time, energy and donations the Library receives from its 42-plus volunteers. Not only do they run the circulation desk and help patrons find great books, but they continuously help me in the background with book processing, new projects and Library improvement ideas. They are an awesome team. Thank you.

Health Benefits of Laughter

One of the benefits of laughter is that it can help you tone your abs. When you are laughing, the muscles in your stomach expand and contract, similar to when you intentionally exercise your abs. Meanwhile, the muscles that you are not using to laugh are getting an opportunity to relax. Add laughter to your ab routine and make getting a toned tummy more enjoyable. Laughter is also a great cardio workout, especially for those who are incapable of doing other physical activities due to injuries or illness. It gets your heart pumping and burns similar amounts of calories per hour as walking at a slow, moderate pace. So, laugh your heart into health.

Special Note From the Aquatic and Fitness Center (AFC)

Contact Lonnie Davis, AFC Coordinator, to discuss questions or concerns with the AFC. Hours of operation for the AFC and Desert Oasis are on page 2.

Tuesday, June 14, the AFC pool and spa will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Wednesday, June 15, the Desert Oasis pool will be closed for cleaning and shock treatment and will reopen the following morning at the regular time.

Tuesday, June 28, the AFC spa will be closed for cleaning until 1 PM.

Zoom meetings Second and Fourth Tue., 2 PM

Since joining SCOV in December 2019, and going through a whole house/yard renovation, it didn't take long to become familiar with the Development Standards. I have learned as a member of the ARC that we are homeowner volunteers tasked to advocate the improvement efforts of our neighbors. These Standards are the community's effort to promote a level of continuity within SCOV.

Over the years, there have been updates reflecting the changing tastes of the community as a whole. The new Southwest door colors are a recent example. For some, there is still a wish for a broader opportunity to express one's artistic nature. Fortunately, we have that opportunity to express ourselves within the interior of our homes. The exterior is set to reflect a broader expression of the community.

That said, community tastes change, and we should stay connected in a positive manner, making sure we adapt our Standards to best fit our community desires for a Southwest desert architecture.

Artisan Center Renovation Task Force

See SCOV calendar for meeting dates, time and location

The Artisan Center Renovation Task Force (ACRTF) meets the first and third Tuesdays of the month as needed. The SCOV website will have current meeting notices. The current ACRTF practice is for committee members and up to 15 guests to attend in person. All others may attend via Zoom.

An updated version of "A Discussion of the Existing and Future Facility Requirements for the Artisan Clubs of SCOV" is available on the SCOV website. Go to Members > Committees > ACRTF to see the Charter and other information for the task force.

Is your directory listing correct? Maybe you replaced your landline with a cell phone. Check both the online directory and the paper directory.

Is your deceased partner still listed? A lot of people like to keep their loved one's name in the directory, for safety or for sentiment, so deceased spouses are removed only when the surviving spouse requests it. If you've decided it's time to update your listing, just let me know.

To update your listing in the directory, the preferred method is to complete the online form "Change your directory listing." Otherwise, you can fill out an orange card at the Welcome Center.

A word of thanks to outgoing chair, Lisa Collins, who has been diligent about keeping the directory up-to-date and ensuring that our print directories are completed each year. Welcome new chair, Blythe Campbell.

Susanna Moran scovconsumerservices@gmail.com

The Vendor List is on the SCOV website. After logging in, go to Members > Member Services > Consumer Referral Vendor List.

The Vendor List also may be viewed at the monitor's desk at Catalina Vista during business hours (during Activity Center renovation). Please check the Vendor List often, as changes are made frequently.

Vendors should email Susanna Moran to inquire about applying to be on the Vendor List.

Finance-Budget

Quarterly Zoom meetings on Mondays. Check SCOV calendar for dates and times.

The Finance-Budget Committee (FBC) meetings are typically held quarterly. The FBC meeting practice is to allow FBC members and up to 15 residents to attend in person. All others may attend via Zoom. The SCOV website provides the Zoom link.

When necessary, the FBC will meet more frequently (e.g., budget preparation, audit results and when information is requested by the Board of Directors). Find meeting dates, times, location and other information on the SCOV website under Members > Committees > Finance-Budget. Current financial information is also available on the website under Members > Financials.

Garry Buck's Great Views in April was an Oscar-winning success. He reviewed 21 foreign and indie films for Friends of the Library (FOL) members. All his reviewed films can be found in your SCOV Library. Thank you Garry. Pick up your FOL application in the Library.

We are sad to say FOL president Lynne Davis will be stepping down from a position she has held off and on since joining in 2016. Her wonderful leadership, gentle humor and caring about our Library has brought membership to a record total of almost 800 members. A huge thank you to Lynne.

FOL has such a devoted membership of readers that we are inviting all avid readers to write reviews of their favorite books published between November 2021 and September 2022. The November Great Reads will be filled with suggestions from you and presented by FOL board members. Call Andrea Houston 520-825-6919 or Sherry Small 412-915-1667 for review parameters and details.

Featured artists for June are Elise Collin and Jen Garvin. Elise has enjoyed art all her life. In college she learned to use the potter's wheel and mix glazes and graduated with a degree in interior design.

Jen Garvin (left) and Elise Collin

Today she enjoys making functional pottery such as platters, bowls, kitchen tools, etc. She is most inspired by Japanese designs and shapes.

Jen has loved gardening her entire adult life. She creates living vignettes using potted plants, sculpture and secret surprises in the garden. Although she does create functional pottery, she has the most fun creating garden totems, planters, sculpture, bird houses and garden art.

Make sure to visit the Gift Shop to see the work of these artists and enjoy the coolness of the shop on a hot summer day.

Director of Golf Maintenance - Michael Kropf

scvgolf@suncityorovalley.com 520-917-8063

June is a very slow time for many of the activities around the community with the very hot temperatures. However, the summer months mark the busy season for golf course maintenance. During the winter months there aren't many opportunities to aerate greens, aerate

and verticut fairways, or do any major projects without interrupting tournaments or impacting play during the peak golfing season.

The heat of the summer has a negative impact on people, but the Bermuda grass thrives in the high heat. The heat increases soil temperatures which then provides the best time to aerate greens, tees and fairways, because they are able to recover quickly without disturbing as many rounds of golf. Aeration is necessary to provide oxygen, water and nutrients to the roots, remove thatch, and relieve compaction developed over a season of heavy golf and cart traffic. This process provides a healthier and more playable turf in the long run.

This summer, the major priority is continuing to establish a good Bermuda grass base. The process started by not overseeding the previous winter and will continue until we overseed again in September. The fairways will continue improving without going through a transition that normally occurs in June.

The aeration and topdressing are going to be repeated on greens, tees and fairways at least twice before the next overseeding. With the increased ability to prevent weeds in the fairways and perform all the necessary cultural practices this year, without dealing with the whole transition, we will realize vastly improved playing conditions throughout the summer.

Our 2021-2022 golf season has wrapped up, but we don't stop playing golf together. During the summer months, we play in the 7 AM shotgun Tuesday mornings. Todd and Golf Genius create our foursomes, but there is only one organized game a month. The other Tuesdays, each foursome decides what game they want to play. This is a great time to practice match play, where some rules and strategies differ from stroke play. In the summer, many of our golfers enjoy traveling together to other courses. These get-aways refresh the spirit and create new friendships. Wherever you play your summer golf, stay hydrated, wear your sunscreen and enjoy the game with friends, old and new.

Food & Beverage Management Team

Janet Blackwell, Restaurant Manager jblackwell@suncityorovalley.com 520-825-3277

Welcome (Back) Janet Blackwell

SCOV and The Views Restaurant welcome Janet Blackwell as the new Restaurant Manager. Janet has worked at The Views Restaurant in the past along with her husband, Chef Paul Blackwell, who passed away in 2020. She taught courses in the Culinary Arts Program at Pima Community College such as Principles of Restaurant Operations, ServeSafe Sanitation and Safety, Catering and Nutrition. Ask her anything about vitamins; she has had extensive training from her work at Sprouts in the vitamin department. Janet and Paul owned and operated restaurants for 27 years. You may remember Café Tremolo, which was located at the Foothills Mall. They also ran the tearoom at Tohono Chul for 12 years, and don't we all love prickly pear lemonade? Janet brings experience; she also brings enthusiasm and a drive to develop patron relationships and make the dining experience memorable. You'll see it in the little details, a neat mini dish of sour cream with your quesadilla or in how the team operates. She pays attention to the bottom line, to the quality of food and the level of service provided to you, our patrons. Please welcome Janet to The Views Restaurant.

Thank you, thank you, thank you!
Your extraordinary generosity is showing in an exceptional and record year of donations to your Foundation.

You should all feel so proud of yourselves for realizing how your caring is making SCOV and the surrounding community a better place for all of us. Donations to the Foundation help to fund the special items that clubs and organizations need.

An example of an unmet need was the Foundation grant awarded to the Sun City Strummers Ukulele Club, which provided a sound system for the club's practices and concerts. This is the purpose of your Foundation.

With the increase in donations, your Foundation has resources available. If your club or organization has some unmet needs, please consider applying for a grant. The application can be found at: www.foundationscov.org.

The Clay Club has added many new members this spring and technique classes are much in demand. On April 25, Mary Murck presented a "Basic Platter" class to 10 beginning hand-builders. Mary said, "Making a platter with a mold is a simple thing. We learned to roll a slab and shape the dish with the right tools. The students worked hard and the Education Team helpers (Marti Friday, Barb Peterson and Maria Welch) were excellent in guiding students to successfully complete their projects."

In addition to offering classes on hand-building, helpful information on glazing combinations and techniques is available in the Glaze Studio windows. Japanese flower arranging, *Ikebana*, is the art of arranging flowers, branch materials, grasses and leaves. At its core is the beauty resulting from a combination of color, shapes and graceful lines. More than simple floral decoration, it is a form of sculpture with plant materials. Learn from certified instructors at your own pace and make creative arrangements for your home.

Knit and Crochet

Jane Fairchild 520-909-5069 janemail11@yahoo.com
Tue., 2:30-4:30 PM, Catalina Vista/Pusch Ridge

If you have a knit or crochet project, or would like to learn, come and join us. An ongoing group project is making crocheted mats out of plastic shopping bags. You can participate in this project by cutting the bags into strips, stringing the strips into plastic yarn (plarn) and/or crocheting them into mats.

If you wish to donate bags, please flatten clean Fry's, Safeway, or Walmart bags and stack them by color. You can then fold all the stacks over into one, no need to fasten them together. This effort on your part greatly streamlines the cutting and crochet process. Please do not drop off newspaper bags as they do not work for this project.

Bags can be dropped into a basket on Jane Fairchild's front porch any time at 1750 E. Crown Ridge Way. Thank you for helping us do good.

Do you have a *Thank You Corner* or *In Memoriam* Submission for the *Tipster*?

These can be submitted online using the *Tipster* Article Form at www.suncityorovalley.com/news-info/the-tipster/submit-article/

For *In Memoriam*, information should only be submitted by a family member or with the permission of the individual's family. The requested information is name, date of

passing and if the individual was a current or former SCOV resident. If needed, family members may call or email the *Tipster* editor with their information.

If you submit a *Thank You*, the submission should not exceed 50 words and be general in nature without singling out any individuals.

Modelers often are inspired to recreate objects, places and scenes depicting the life events of family members. Larry Trumble built this diorama featuring a very convincing rendition of a landing craft mechanized (LCM), aka a Higgins LCM-3, heading toward the beach on Iwo Jima. His father served on that beach, helping to direct these boats as they landed their load of Marines and equipment, and then turning them back to sea to return yet again. The Sculpture Club meets Mondays at Catalina Vista/Art Studio. If you are interested in becoming a member of our club or learning more about what we do, stop in on Monday mornings or contact Laurie Lichaa, president. If you would like to see some of our work, we have sculptures in the display cases in Catalina Vista and the SCOV Library.

The sculpture of a man on a trapeze was created by John Johnston. This sculpture is an illustration of blending various materials to create a sculpture. Currently, there are several club members experimenting with using alternative materials. Aleda Haug has been experimenting with Paverpol, which is a fabric hardener. Using this technique, one can either apply the treated material to a flat base to create a relief sculpture, or it can be applied to an armature to create a three-dimensional sculpture.

Casa Amigas

Sigrid Flatness 425-213-6689

Mon. and Thu., 9 AM-Noon, Artisan Center/Sewing

The Sewing Room is quieter these days after the departure of seasonal residents. It's a time to slow things down, even though we continue to work on our projects. Currently, we are sewing capri pants for girls, which include a colorful tank top. There are a few quilters working on child and baby quilts. It's also time to clean out closets and cupboards and take stock of what's on hand. Even though we are small in number, we're mighty in spirit. Now would be a good time to join Thimblelenas and get oriented to the Sewing Room. Or, stop in any Monday or Thursday morning to discover what Casa Amigas is all about.

Cheer Bears

Pat Norton 480-993-8762 panpan9803@yahoo.com

Wed., 1-3 PM, Artisan Center/Sewing

Cheer Bears have been busy this winter and we have filled our shelves. We really enjoy spending time together and are now distributing bears to their new homes. We will continue to meet every Wednesday from 1 - 3 PM in the Sewing Room. We look forward to seeing your smiling faces.

We have put some of our Cheer Bears in the Gift Shop to be sold, with all proceeds going to replenish our supplies and keeping the little bears marching. Stop by the Gift Shop, browse and maybe purchase a smiling face for that grandchild you want to thrill.

Third Tue., 1:30 PM, Desert Oasis/Ocotillo. No meetings May-Sep.

Even though the Machine Embroidery Club is taking a hiatus during the summer months, it doesn't mean the machines aren't humming. Summer is the best time to get a head start on those Christmas gifts you are planning to make.

Many of our members have machines at home, but we also have a wonderful 6-needle embroidery machine in the Sewing Room. If you are a Thimblelenas member, you can get lessons on how to use it. Just give Karin Frohlich a call. Be sure to check out our Facebook page to see the projects our members have been making.

Enjoy the summer, and see you all in the fall. In the meantime, keep on sewing and embroidering.

Pet Beds

Jan Bohe 520-825-9725

Tue., 1-3 PM, Artisan Center/Sewing

Conversation flows easily, as we snip washable fabric for stuffing pillows. Then we add polyester fiberfill. After a few machine stitches, the pet beds are ready for the Humane Society. Comfort is the name of the game for these cats and

dogs waiting for adoption. For a "feel-good" afternoon, come and join us. Looking forward to seeing you there.

Quilters

Carol Guibert 520-404-1462

Second and Fourth Tue., 1 PM, Desert Oasis/Ocotillo

During the months of June, July and August, Carol Guibert has reserved Desert Oasis/Ocotillo Room the second and fourth Tuesdays, from 1-3 PM, for club members. There will be no planned agenda, but you may bring projects to work on and enjoy getting together with friends.

Tapestry Hooking and Fiber Arts

Coni Arseneau 217-398-1416 coniararseneau@gmail.com

Carrie Wiley 360-734-5952 ecwiley@gmail.com

Tue., 9-11 AM, Artisan Center/Sewing

www.scovhookers.weebly.com

The Tapestry Hooking and Fiber Arts group meets Tuesday mornings in the Sewing Room. If you are interested in our group, stop by on Tuesday mornings between 9-11 AM. The group provides materials and instruction for those interested in learning hooking. People involved in other arts using fiber are invited to join our group.

In April, Carrie Wiley hosted a hands-on workshop at her home to demonstrate and teach other group members techniques for dyeing wool to be used for rug hooking projects. The picture shows the various pieces of wool that members created during the dyeing demonstration.

Carrie focused on three techniques: basic, spot and dip-dyeing. Each participant had the chance to experiment with each of the techniques. Carrie uses acid dyes from Cushings. The group members thank Carrie for sharing her home, supplies and knowledge. This gave others the chance to get comfortable with the dyeing process, so they can create their own array of colors to use in their projects.

Show 'n Share

Leader Deb Wehrung 267-377-6760 debwehrung@gmail.com

Every Fri., 9 AM-Noon, Catalina Vista

Susan Joyce moved to SCOV three-and-a-half years ago and joined Show 'n Share about six months later. For three years, Susan has amazed us with her talent for creating very intricate bead weaving. Looking for something new,

she read about the Tapestry Hooking and Fiber Arts Club in the *Tipster*. Another creative art discovered, Susan's attention to detail is as evident in rug hooking as it is in her bead work.

Susan and her husband, John, are members of the Sun-downers RV Club and can be seen walking their dog Aspen around the community.

Silversmith and Lapidary

Pres. Rich Rozehnal 520-638-6368 rozehnal@comcast.net

Shop hours: Mon.-Fri., 9 AM-Noon, 1-4 PM, when monitors available

It does not take long for a silversmith to accumulate a lot of scrap sterling silver. Many of our members find a use for these expensive scraps using the lost wax casting technique. It begins with making or buying a wax pattern of a ring, a bracelet charm, an object from nature such as a prickly pear matrix, investing it in a flask with plaster, heating it in an oven to melt out the wax and replacing it with molten sterling silver (your scraps) in our centrifical casting machine. Come by and see our many pieces of jewelry in our display windows, some made with the lost wax technique. SCOV residents interested in joining are encouraged to visit the shop and speak to the monitor about scheduling training.

Stained/Fused Glass

Daniel Stasi 815-762-3636 scovglassclub@gmail.com

Studio Manager Ellen Jordano 763-807-0184 elleninplymouth@gmail.com

Open to members 8 AM-9 PM

www.scovglassclub.weebly.com

In 2012, Anne became a member of our glass club. What happened after that was astounding! She attended the required beginner's class, and shortly after, she and her husband, Jerry, decided to begin making a stained glass window. We call that bravery. They navigated through modifying a Sonoran Desert design, and went to work. In seven months, a gorgeous 2x5-foot window was created. Anne remains fascinated by the fact that you can take a flat piece of glass and turn it into a masterpiece. She has, indeed, created many masterpieces throughout the years, but by far, Anne is well known in studio as our iris aficionado, creating glass flowers that stay fresh all year. She has taught our iris class to many experienced members. Anne is also a studio monitor. We sincerely thank all of our volunteer monitors and teachers. Please come visit our studio. We promote ingenuity. Pertinent information above.

Wood Carving

Bob Ash 520-282-3688 SCOVcarvers@gmail.com

Sat., 9-Noon, Artisan Center/Lapidary

Come by the Artisan Center/Lapidary Room on Saturday morning, meet some wood carvers and see what projects they are working on. If you think you might be interested in wood carving, we can help you get started with some bass-wood, tools, a project and basic instruction. If you are already a wood carver, bring your tools and a project and join the conversation.

Woodworking

Pres. Gary Casner 303-880-4120 gcasner1@comcast.net

VP Karen Curry 708-822-3057 kindheart77@att.net

Next meeting Thu., Aug. 4, time and place TBA

www.scovwoodworkingclub.com

Summertime is definitely the slow season at the Wood Shop. Many of our Woodworking Club members have left for cooler summer climes, so the hum of activity becomes muted. The Wood Shop will remain open throughout the summer but may be closed occasionally as demand slackens and monitors are not available.

This month's featured woodworker is Ken Rosburg. A retired USAF fighter pilot and commercial airline pilot, Ken is an active four-year SCOV resident. The Wood Shop has become his haven for creating beautiful pieces of functional art. Ken says the Wood Shop is like walking into a candy store and has become one of our senior monitors.

A new member orientation is held the first Wednesday of each month at 4 PM. Call Bill Norton at 480-980-5493 for further instructions. For questions or more information, please visit the website or call an officer.

The Institute for Learning in Retirement (ILR) is returning to mostly in-person courses in the fall, and Samplers will be back on Thursday afternoons in Catalina Vista. Samplers

are open to everyone in SCOV; no ILR membership is required. But courses in both fall and winter terms require a one-time life-long initiation fee of \$25. Randy Myerson, ILR's curriculum chair for five years, is retiring on December 31 but will oversee the eight-week fall schedule. A Transition Curriculum Committee is being formed. If you feel inspired to help create the 2023 winter term of courses, please contact Mary Lee Fitzgerald. Much of the planning can be done online. Filling the position of curriculum chair is an obvious priority; we welcome both questions and suggestions.

Poets Corner

Sharyn Rafieyan 520-331-1092 srafieyan@comcast.net
Mon., 10 AM-Noon, WC1, Zoom meetings first Mon. of the month

Poetry has always been a vehicle for expressing an entire spectrum of feelings, from love to hate, despair to elation, discord to harmony and everything in between. Even before the present invasion of Ukraine, the daily photos of death and destruction, occasional glimpses of valor and fortunate escapes, we all are witnessing the price we pay for divisiveness, the ailing of democracy that once was proud and hale. Poets Corner member James Pavlakis has packed a serious message into this seemingly simple poem about a flower that also contains a great big dose of hope:

A Flower is Born

It takes a while for seed and soil to get along.	To bond, each getting what it needs to make from two a new one	and lift it up to meet the sun.
To warm up have some drinks get comfortable.		

All resident poets are welcome to join our weekly meetings on Zoom.

Social meetups at the K-9 Korral in mornings and evenings

This year Fido's Friends membership grew a lot. A good season was enjoyed with many more people attending Fido's Friends meetings, connecting on social media, enjoying Yappy Hour and having their dogs use the park. Some improvements were really appreciated by many members, including taking advantage of the new option of having two separate areas for the dogs. Club members are working on maximizing the parking area to make it simpler and safer to park. Once all parts of the dog park improvement project are complete, we'll have a good, safe area for the dogs to socialize, run, romp and play. One of the final pieces the club is tackling is obtaining shade structures.

Fewer dogs are here in the summer and it's quieter in the heat, but some of the dogs still enjoy the socializing and being out and about, and so do their people. Have a great summer everyone.

Join us at 10 AM May through September; when the air temperature is 77 degrees or higher, our club performs gentle water exercises based on a course designed by the Arthritis Foundation to help with range of motion. These are great for those with arthritis, fibromyalgia, replaced joints, etc.

If you are a paid member and unable to join us, you may contact the officers for modified copies of our exercises to be done safely at home.

Annual dues are \$5 pp, and may be paid after your first class. Please consider joining us; your body will thank you. And, we are a fun and caring group of people.

Pilates

Mary Ayers 520-638-7916 scov.pilates@gmail.com

Mon., 3 PM, Thu., 1:30 PM, AFC/Studio

Summer is here and both the Monday and Thursday classes are smaller and more personal, making it a great time to try out Pilates. First, we do stretching exercises to warm up and then perform the Pilates mat routine, modifying some of the moves for those with limitations. People ask, "Can the benefits of Pilates, which come from strengthening and stretching exercises, really develop the body's core (your abdomen and back muscles), make you stronger overall, increase spine mobility and build flexibility?" The answer is a firm yes. Additional benefits include improved balance, muscle tone, stamina and a feeling of well-being. The cost is \$8/class and annual club dues are \$20 pp. Please join us or just stop by and watch. Call Mary.

We offer several hundred scheduled rides year-round, among four different ride subgroups, from 20 to 60+ miles, to cafe destinations within Tucson and nearby towns, utilizing both pathways and roadways. Occasional away rides are offered as well. Our cafe stops offer coffee and conversation, greatly enjoyed by our members.

The club has e-bike, mountain biking, and Women on Wheels subgroups. There's also our monthly club newsletter email.

All schedules can be found within the excellent member area of our website. We also host social events and support both the Interfaith Community Services Food Bank and Wheels for Kids. For more information or to join, visit our website.

Birders Group

Peggy Smith 520-344-0991 pdsaz@aol.com
www.scovbirding.wix.com/birdersgroup

The delicate Say's Phoebe is often found on rooftops here in SCOV, where it can easily spy insects in the air and on the ground. Its plaintive call is usually a single note in a minor key that slurs downward. It is easily identified by its rufous flank and its habit of leaving a perch to grab an insect and returning to the same perch. All flycatchers do that, and there are more than fifteen species of flycatchers in Arizona alone. Several of them can be found here in SCOV.

Steve Holmes photo

Our 90-plus member Birding Group has now entered the summer hiatus, with only ad hoc trips likely throughout the summer. Scheduled trips will resume in September, but if you wish to know about our spontaneous summer trips, be sure to get on our mailing list by contacting Peggy Smith.

not as frequently as in the cooler months of the year. Check the club website to see what hikes are scheduled. Hikes will start earlier to escape some of the heat. Remember to bring more water or electrolyte drinks than you think you will need, salty carbohydrate snacks and maybe a cooling neck towel. Don't forget to apply plenty of sunscreen and wear a wide-brimmed hat. If you stay in SCOV for the summer, or if you are away, stay safe and enjoy getting out on the trail.

www.scovminigolfclub.com

For June through October, we are moving our start time to 6:30 PM. We will set up a social picnic table at 6 PM for people to visit or picnic prior to the game.

Competition is fun for some, so we have prizes each Tuesday for holes-in-one and a quarterly prize for the person who gets the most. If you get a hole-in-one during the game, there is a prize bucket, and you can take one prize per day.

If you want to keep track of your holes-in-one for the quarterly prize, send your details to Janet Ambros janeta2552@gmail.com.

To join the club, bring an envelope with \$5 cash pp to the next mini-golf game. On the outside of the envelope put your name, SCOV member number (it is on the front of your SCOV card), email address and phone.

Attendance has increased for table tennis while room availability has decreased. Many other clubs are now using rooms that were originally designated for table tennis. As a result, our schedule for play fluctuates considerably, and it is recommended that players call Catalina Vista at 520-825-8613 for room availability the day they want to play.

Please note that Tuesdays, 1:30-3:30 PM, are reserved for women only.

Warm weather is upon us, and we don't want to miss out on the great fun and exercise of tennis. Note that our summer hours above (in the header) have been ad-

justed to accommodate the warm weather and to get us up and going earlier in the morning, when the sun starts shining. We've also added a club-organized mixed tennis group on Monday, Wednesday and Friday, so there are even more options for everyone.

We miss our seasonal tennis friends, but the courts are still in action with several hours of fun. Players have taken advantage of the tennis lessons provided this past winter and are applying what they've learned. Keep alert for SCOV tennis events in the *Tipster* and newsletters during the upcoming year. If you are interested in the great sport of tennis, grab your racket and head to the courts. Or, if you want to join one or more of the many Tennis Club organized playing groups, please contact Jim Benshoof. All are welcome at any skill level.

Wallyball is volleyball played on a racquetball court with three to five players on a side. Players use the side walls to create angles, but the ball cannot hit the ceiling or the back wall of the opposing team. It is a terrific aerobic activity that tones muscles and improves coordination and balance.

Come join to see if this game is for you. Both men and women are welcome, and tryouts are encouraged. We play on Tuesdays and Fridays from 1-3 PM. It's great fun and we look forward to seeing you there.

 Recreational play Sun., Thu., 1-3 PM,
 Advanced play Mon. 1-3 PM, Tue., 10 AM-Noon, Desert Oasis pool

Recreational play is for anyone, regardless of their ability. Some advanced players play on recreational days, but the pace is more casual, so anyone can participate. Competitive play is for the more advanced players. The most important component for playing is laughter, laughing at each other or even ourselves, when we miss an easy shot. If you are curious, stop by, but bring your suit, because you may be compelled to join the fun.

LET OUR FAMILY HELP YOURS | WWW.BRENDAOBRIENTEAM.COM

Our experience working with Brenda O'Brien and her team was outstanding! She was extremely knowledgeable, efficient, professional and those on her team extremely helpful. She outlined her plan for listing our home, how the process would unfold and, from start to finish (4 weeks), all went as predicted without a hitch! We are so happy we chose her to sell our home!
